LB 976 would amend Nebraska Revised Statutes Section 13-519, which deals with voter approval of an increase in the allowable growth rate percentage of restricted budget funds.

The bill would amend subsection (4) dealing with a vote to exceed the allowable growth percentage taken at a meeting of the residents of a governmental unit, to provide that the amount approved by the voters becomes part of the budgeted restricted funds for ensuing fiscal years.

LB 976 has no fiscal impact to state revenues or expenditures.

**IMPACT TO POLITICAL SUBDIVISIONS:**

Appears to have no fiscal impact.
