LB 854 amends the Nebraska Liquor Control Act, Nebraska Revised Statutes Sections 53-131.01and 53-135, dealing with new license applications and license renewal requirements.

The bill would require that a new application for a license include certification from the applicant that he or she is current on all federal, state, and local tax obligations and contributions required by the Nebraska Workers' Compensation Act and the Employment Security Law.

The bill would also provide when renewing a retail license issued by the Liquor Control Commission that the applicant provide the same certification of obligations regarding taxes and contributions described above.

LB 854 appears to have no fiscal impact to state revenue or expenditures.
