The Honorable Ben Hansen
Health and Human Services Committee
Nebraska Legislature
P.O. Box 94604
Lincoln, NE 68509

Dear Chairman Hansen:

This letter is to address the question of how Provisional Environmental Health Specialist licenses are regulated in other states.

The Department is not aware of a universal website that tracks all state licensing requirements, but it would appear that North Carolina has a license for an Environmental Health Specialist Intern which has similar qualifications to the provisional license. North Carolina's statute can be found at:
