

Kansas

Registers both Fire alarm sprinkler installers and Fire alarm/sprinkler companies. Fees are based on the amount of work performed and the areas where it is performed including many local fees.

Colorado

Has a separate licensing requirement in local jurisdictions for the design and maintenance of the systems. Has a separate licensing procedure for premanufactured system fire suppression special inspector certification. Does have a statewide licensing requirement for just the Sprinkler Fitters, who require annual licenses with a cost of \$75.00 for each annual renewal.

South Dakota

Not regulated at the State level. Left to individual cities to determine own requirements and processes, including fee amounts.

Iowa

Recently reorganized into a new departmental structure. Fees and various licenses are still being assigned to new areas and determined.
