Vote on Constitutional Amendments, September 1920

At a special election on Sept. 21, 1920, Nebraska voters considered the 41 proposals submitted by the constitutional convention of 1919-20. Separate ballot boxes were provided for female voters because there was a legal question about whether women were entitled at that time to vote on constitutional amendments. The men rejected Proposal No. 6, permitting the Legislature to increase the membership of the Senate. Women voters gave a majority of 4,458 votes for the measure. Their votes were allowed, and the proposal was approved. On the other propositions, the men's and women's votes resulted in a favorable majority.

The following tabulation gives men's and women's votes separately and the combined vote.

Vote on Constitutional Amendments, 1882-2018

Following is an explanation of the percentages of votes needed for adoption of constitutional amendments.

Amendments proposed by the Legislature. From 1875 to 1920, an amendment proposed by the Legislature could be adopted only if a majority of the people voting in the election approved the amendment. This explains why many early amendment proposals were rejected, even when a majority of those voting on the question voted in favor of it. The constitution was changed in 1920, allowing an amendment to be approved by a majority of those voting on the question, provided the affirmative vote was no less than 35 percent of the total votes cast at the election. This requirement has continued to the present.

Amendments proposed by initiative petition. An amendment proposed by initiative petition and placed on the ballot is adopted if a majority of those voting on the amendment vote in favor of it, provided the affirmative vote is no less than 35 percent of the total votes cast at the election. This has been the requirement since 1912, when initiative provisions were added to the constitution.

Amendments proposed by a constitutional convention. An amendment proposed by a constitutional convention need only be approved by a majority of those voting on the amendment. This has been the requirement since 1875, when the constitution was first written. This explains why all 41 amendments submitted by the constitutional convention of 1919-20 were approved, even though none of the amendments received more than 72,000 votes in an election with 390,833 total voters.

Vote on Initiated and Referred Measures, 1914-2018

A proposal submitted to Nebraska voters by an initiative or referendum petition is adopted if a majority of those voting on the question vote in favor of it, provided that the affirmative votes are at least 35 percent of the total votes cast at that election. Provisions for initiative and referendum petitions were added to the Nebraska Constitution in 1912.

STATE GOVERNMENT APPROPRIATIONS*

State appropriations for the 2017-18 fiscal year totaled \$10,673,073,234 for the operation of state government, including capital construction and aid to individuals, local governments and other entities. This amount includes supplemental appropriations (deficits) provided by the 2018 Legislature.

Of the total 2017-18 appropriation, \$4,390,295,290 was appropriated from the state general fund, which is financed by sales and use taxes, corporate and individual income taxes, and several other taxes, including liquor, cigarette and pari-mutuel taxes. Other appropriation amounts were: \$2,380,208,298 from cash funds, which include receipts from motor fuel taxes, hunting and fishing licenses, tuition at the University of Nebraska and state colleges, commodity checkoff collections and other fees and charges; \$2,961,044,128 from federal funds; and \$941,525,518 from revolving funds, which account for financial transactions between state agencies.

Fiscal year 2017-18 appropriations totaled \$10,784,824,933, consisting of \$4,456,283,615 from the state general fund, \$2,378,111,544 from cash funds, \$2,983,878,459 from federal funds and \$966,551,315 from revolving funds. Under biennial budgeting, these appropriations originally were made by the 2017 Legislature, with adjustments during the 2018 legislative session. These appropriation figures for 2018-19 do not, however, include supplemental appropriations that may be provided by the 2019 Legislature.

Editor's Note: The charts on the following five pages show appropriation figures for the biennium beginning July 1, 2017, and ending June 30, 2019. The General Fund column lists each agency's budget for agency operations. For those agencies responsible for distributing aid to individuals, local governments and/or other entities, the agency's budget for state aid also is listed. In the All Funds column, the figures for fiscal year 2017-18 include supplemental appropriations (deficits) provided by the 2018 Legislature. However, the figures for fiscal year 2018-19 do not include supplemental appropriations that may be provided by the 2019 Legislature.
