

# **State Planning Committee**

## **Goals**

### **Economy**

Goal: Lead the nation in the preservation and enhancement of our economy.

### **Agriculture**

Goal: Insure the growth and long-term vitality of agriculture in Nebraska.

### **Education**

Goal: To ensure a well-educated citizenry qualified for successful employment, lifelong learning and effective participation in a democratic society.

### **Health and Human Services**

Goal: Design individual health and human service programs that allow Nebraskans to thrive.

### **Natural Resources**

Goal: Preserve and manage the natural resources in our state for future generations.

### **Public Safety**

Goal: Foster an environment of safety and security throughout Nebraska.

### **State and local Government**

Goal: Promote efficient and effective governmental operations, develop shared priorities and focus on the future of Nebraskans through a disciplined planning process.

### **Transportation and Telecommunications**

Goal: Ensure Nebraska's effective connectivity via transportation and telecommunications locally, statewide, nationally and internationally.
