46-122 Right to water delivery; duty of directors.

(1) It is hereby expressly provided that all water distributed for irrigation purposes shall attach to and follow the tract of land to which it is applied unless a change of location has been approved by the board of directors pursuant to sections 46-2,127 to 46-2,129 or by the Department of Natural Resources pursuant to section 46-294 or sections 46-2,122 to 46-2,126.

(2) The board of directors may by the adoption of appropriate bylaws provide for the suspension of water delivery to any land in such district upon which the
irrigation taxes levied and assessed thereon shall remain due and unpaid for two years. It shall be the duty of the directors to make all necessary arrangements for right-of-way for laterals from the main canal to each tract of land subject to assessment, and when necessary the board shall exercise its right of eminent domain to procure right-of-way for the laterals and shall make such rules in regard to the payment for such right-of-way as may be just and equitable.

(3) In times of reduced water supply, when the volume of water is not adequate to be beneficially used when equitably apportioned to all landowners in the district, the board may, after providing notice to landowners in a portion of the district and upon receiving no objections from the majority of such landowners, elect not to deliver water to that portion of the district. Such election shall not subject the district to liability under section 46-160 and shall not affect the rights of landowners in that portion of the district to water deliveries in the future. Any election to not deliver water to a portion of the district shall be made on a year-to-year basis, not to exceed ten years, and such election shall not subject any landowner to adjudication of his or her water right under section 46-229. Upon the day specified in the notice required by section 46-132 for the meeting of the board of directors which is hereby constituted a board of equalization for that purpose, it shall meet and continue in session from day to day, as long as may be necessary, not to exceed six days, exclusive of Sundays,
to hear and determine such objections to the valuation and assessment as may come before it; and the board may change the valuation as may be just, but shall not raise the valuation of any land as assessed by the assessor without giving the owner of such land due notice to appear and show cause why such valuation should not be raised. The secretary of the board shall be present during its session and note the changes made in the valuation of property, and in the names of the persons whose property is assessed; and within ten days after the close of the session he or she shall have the total values, as finally equalized by the board, extended into columns and added. ### 46-134 Bond and United States contract fund; assessment; schedule of increased assessments.

The board shall then levy an assessment sufficient to raise the annual interest on the outstanding bonds, and all payments due or to become due the ensuing year to the United States under any contract between the district and the United States, accompanying which bonds of the district have not been deposited with the United States as in section 46-126 provided, which when collected, shall be called the bond and United States contract fund of Irrigation District. At the expiration of ten years after the issuing of the bonds the board must increase such assessment for the ensuing years in a percentage of the whole amount of bonds outstanding, as follows: For the eleventh year, five percent; for the twelfth year, six percent; for the thirteenth year, seven percent; for the fourteenth year, eight percent; for the fifteenth year, nine percent; for the sixteenth year, ten percent; for the seventeenth year, eleven percent; for the eighteenth year, thirteen percent; for the nineteenth year, fifteen percent; and for the twentieth year, a percentage sufficient to pay off such bonds.

Directors are authorized to levy taxes upon all real estate within the district for the purpose of creating a fund to pay for upkeep of ditch and incidental expense of the district. Wyman v. Searle, 88 Neb. 26, 128 N.W. 801 (1910).

### 46-135 General fund; assessment; records and tax lists.

If the board deems it necessary, it may at the same time levy an assessment for the care and maintenance of irrigation works already constructed and for the payment of salaries of officers and general expenses, which assessment shall be called the general fund of Irrigation District. The secretary of the board must compute and enter in separate columns of the assessment books the respective sums of dollars and cents in each fund to be paid on the property therein enumerated, and shall certify to the county clerk of the
county in which such land is located the amount of taxes in each fund levied upon each tract of land by the board. The county clerk shall enter the amount of each fund in separate columns of the tax list of his county. All tax lists when delivered to the county treasurer shall contain all taxes in each fund levied on each tract of land by the board of such irrigation district.

§ 46-136 District taxes; collection; payment; medium; fee.

The general fund tax mentioned in section 46-135, shall be collected by the county treasurer at the same time, and in the same manner as all other taxes are collected in this state; Provided, however, such county treasurer shall receive in payment of the general fund tax, above mentioned, for the year in which such tax is levied, warrants drawn against such general fund, the same as so much lawful money of the United States, if such warrants do not exceed the amount of general fund tax which the person tendering the same owes; and he shall accept payment of the district bond fund tax and issue receipt therefor whenever the same may be tendered, and shall receive in payment of the district bond fund tax, for the year in which such taxes were levied, interest coupons past due issued by such irrigation district the same as so much lawful money of the United States, if such interest coupons do not exceed the amount of the district bond fund which the person tendering the same owes. The county treasurer shall be entitled to a collection fee of one-half of one percent on all money collected, to be deducted from the bond interest fund of the district.

§ 46-137 District taxes; disposition.

All such taxes collected or received for the district bond and general funds, either in money, interest coupons or warrants on the general fund, by the treasurer of any county other than the one in which the district was originally organized shall be remitted by him to the treasurer of the county in which the district was originally organized; such remittance to be made on the fifth day of every month. All such taxes collected or received for the general fund of a district by the treasurer of the county in which the district was originally organized shall be paid to the treasurer of such irrigation district, upon an order signed by the president and secretary of such district, and all warrants
received in payment of general fund taxes may be turned over, as so much money, to the district treasurer on such orders.

### 46-138 Failure of district board to levy taxes; county board to act.

In case of the neglect or refusal of a board of directors of any irrigation district to cause an assessment and levy to be made as provided in sections 46-134 and 46-135, for the payment of principal and interest of outstanding bonds, and for all payments due or to become due the ensuing year to the United States, under any contract between the district and the United States, accompanying which the bonds of the district have not been deposited with the United States as in section 46-126 provided, and for expenses incurred in organizing such district, then the assessment of property made for county purposes, after the same shall have been adjusted by the county equalization board, shall be adopted and shall be the basis and assessment for the district, and the county board of the county in which the district was originally organized shall cause an assessment roll of such district to be prepared, and shall make the levy for the payment of the principal and interest on bonds and to meet all payments due or to become due the ensuing year to the United States under any contract between the district and the United States, accompanying which bonds of the district have been deposited with the United States as in section 46-126 provided, and expenses for organizing such district in the same manner and with like effect as if the same had been made by the board of directors; and the expense incident thereto shall be borne by such district. All such taxes collected and paid to the county treasurer shall be received by such treasurer in his official capacity, and he shall be responsible for the safekeeping, disbursement and payment thereof, the same as for other money collected by him as such treasurer. When requested in writing to do so by the secretary of any irrigation district, the county treasurer shall make weekly reports of all such irrigation district taxes collected by him for the district from which the request came, giving the amount collected for each fund, the interest collected and the legal description of the land on which such taxes were collected.

This section does not give the county board of equalization authority to levy taxes for the payment of a judgment obtained against an irrigation district. Loup County v. Rumbaugh, 151 Neb. 563, 38 N.W.2d 745 (1949).

### 46-139 Warrants; issuance by district; limit; past-due obligations; special levy; unused balances; disposition.

No irrigation district shall in any year issue warrants in excess of ninety percent of the levy for such year, except that in case of due and outstanding...
obligations against the district contracted prior to the year in which any levy is made, the district board shall have the power to make an additional levy not to exceed one and four-tenths cents on each one hundred dollars upon the taxable value of all the taxable property in such district to create a special fund for the payment of past-due obligations. If the claims or obligations against any fund for any year are fully paid, the board shall have the power to transfer any unused balance to any fund for any preceding or succeeding year.

Warrants issued by officers of irrigation district prior to levy, when no funds exist, are void. Elliott v. Calamus Irr. Dist., 120 Neb. 714, 235 N.W. 95 (1931).

46-140 Assessments; land belonging to state; when due; lien; preference; enforcement.

All assessments on real property and assessments on leasehold estates on land belonging to the state shall be due and payable on January 1 next following the date of assessment thereof, and commencing on January 1 the same shall be a lien against the property assessed and shall draw interest at the rate of nine percent per annum from May 1 of the year following such assessment; and such lien is not removed until the assessments are paid or the property sold for the payment thereof. It shall be the duty of the county and township treasurers to collect such assessment in the same manner as other taxes against real estate are collected, and the revenue laws of the state for the collection and sale of land for such taxes are hereby made applicable to the collection of assessments under sections 46-131, 46-134, and 46-135, and taxes so collected shall constitute a sinking fund to be used for the payment of the bonds and the interest thereon. The leasehold estate of any lessee of lands belonging to the state may be sold for taxes assessed as herein provided against such leasehold estate in the same manner and form as provided by the revenue laws of this state for the collection and sale of lands for taxes; Provided, the lien for the bonds of any series shall be a preferred lien to that of any subsequent series, and the lien for the payments due to the United States under any contract between the district and the United States, accompanying which bonds have not been deposited with the United States, shall be a preferred lien to that of any issue of bonds or any series of any issue subsequent to the date of such contract.

Special annual assessments regularly levied for the payment of irrigation bonds become a lien against real estate in said district on and after October 1 in the year in which they are made. County of Garden v. Schaaf, 145 Neb. 676, 17 N.W.2d 874 (1945).

Irrigation district’s lien by virtue of tax sale certificates, issued in its favor by county treasurer but not delivered or paid for, is not destroyed by failure to enforce within statutory period, and is entitled to priority over earlier mortgage. Flansburg v. Shumway, 117 Neb. 125, 219 N.W. 956 (1928).

Where irrigation district assessments were given priority over mortgage in foreclosure suit, parties stipulating district’s organization was legal and assessment duly made could not afterwards challenge district’s right to levy assessments. Flansburg v. Shumway, 117 Neb. 125, 219 N.W. 956 (1928).
46-141 Assessment; payment under protest; refund.

When any person against whose property such assessments have been made shall pay such assessment under protest as provided by the general revenue law of this state, the board of directors of any irrigation district organized under the provisions of sections 46-101 to 46-128 may pass upon and make orders disposing of money paid under protest to the county treasurer in the county or counties in which such lands are situated in the same form and manner as provided by law, and such proceedings shall be had as in such revenue law provided insofar as the same applies; Provided, however, no taxes or assessments shall be ordered refunded unless the person complaining shall file in the office of the secretary of such district a copy of his tax receipt, showing the same paid under protest, together with a sworn affidavit in writing showing one of the following reasons why such tax or assessments should be refunded: (1) That the land upon which such tax or assessment was levied is not within the boundaries of the district for which the lands were taxed, or assessed; (2) that the title to the lands is in the State of Nebraska; (3) that the lands could not be benefited by irrigation either by reason of subirrigation or by reason of being city and town lots and occupied and used exclusively for other than agricultural or grazing purposes, or that the lands are nonsusceptible of irrigation from the canal of the district; Provided, that where unentered and unpatented lands, the title to which is in the United States, are included in any irrigation district pursuant to the provisions of the Act of Congress, entitled An Act to promote the reclamation of arid lands, approved August 11, 1916, and acts amendatory thereto, shall not be subject to the provisions of this section, but shall be subject to taxation as provided by such Acts of Congress.

46-142 District bonds; payment by county treasurer; redemption; investment of funds.

Upon the presentation of the coupons and bonds due at the office of the treasurer of the county in which the district was originally organized, it shall be his or her duty to pay the same from the bond funds. Whenever, after ten years from the issuance of the bonds, the sinking fund shall amount to the sum of ten thousand dollars, the board of directors may direct the county treasurer in which the district was originally organized to pay such an amount of the bonds not due as the money of the fund will redeem, at the lowest value at which they may be offered for liquidation, after advertising for at least three weeks in some daily newspaper in each of the cities hereinbefore named, and in any newspaper which the board may deem advisable, for sealed proposals for the redemption of the bonds. Such proposals shall be opened by the board in open meeting, at the time named in the notice, and the lowest bid for the bonds must be accepted. No bond shall be redeemed at a rate above par. In case the bids are equal, the lowest numbered bond shall have the preference. In case none of the holders of the bonds shall desire to have the same redeemed, as herein
provided, the money shall be invested by the treasurer of the county in which the district was originally organized, under the direction of the board of directors of the district, in United States bonds, or the bonds or warrants of the state, which shall be kept in the bond fund, and may be used to redeem the district bonds whenever the holders thereof may desire.

**46-143 District bonds; payment by district treasurer; additional bonds required.**

The board of directors may at any time elect to have the bonds and coupons of the district paid by the district treasurer instead of the county treasurer, and in that case, they shall, after passing a resolution to that effect, furnish the county treasurer with a copy of the resolution, duly certified by the district secretary. Upon receiving the resolution, it shall be the duty of the county treasurer to pay to the district treasurer from time to time, upon order of the board of directors of the district, any money in his hands belonging to the bond fund of the district, whether collected from principal or interest of such bonds, and upon such payment, the county treasurer shall be relieved from any further liability in regard to funds so paid over. The district treasurer, in such cases, shall give additional bond in double the amount of money which the board of directors estimate will come into his possession under sections 46-142 and 46-143 in any semiannual period. Upon the giving of such bond, it shall be the duty of the district treasurer to pay the bonds and coupons when due, and he shall have all the duties and rights given to the county treasurer by said sections in regard to payment of bonds and coupons, and investment funds.

**46-144 Special assessment; warrants; election; notice; rate of assessment; disposition of proceeds.**

The board of directors may at any time, when in its judgment it may be advisable, call a special election and submit to the qualified electors of the district the question whether or not a special assessment shall be levied for the purpose of raising money to be applied for any of the purposes provided for in sections 46-101 to 46-1,111, including the purpose of creating a construction fund to be financed by the issuance of warrants, the principal of which warrants shall be payable, in not to exceed twenty years, with interest paid annually thereon not to exceed ten percent per annum. Such warrants may not be issued in the aggregate to exceed ninety percent of the fund anticipated to be raised over the years by special assessment authorized in this section. Such election shall be called upon the notice prescribed and shall be held and the result thereof determined and declared in all respects in conformity with such sections. The notice of such election shall specify the aggregate amount of money proposed to be raised, the purpose for which it is intended to be raised, the number of years in which such special assessment will be made, and
whether or not warrants as authorized in this section will be to finance the construction fund so that contracts may be let and the project completed before collection of the tax. The ballots shall contain the words Assessment ............. Yes, or Assessment ............. No. If a majority of the votes are Assessment ............. Yes, the board shall at the time of the annual levy thereunder levy an assessment sufficient to raise the amount paid. The rate of assessment shall be ascertained by deducting fifteen percent for anticipated delinquencies from the aggregate taxable value of the property in the district as it appears on the assessment roll for the current year and then dividing the sum by the remainder of such aggregate taxable value. The assessment so levied and computed shall be entered on the assessment roll and upon the tax list by the county clerk and collected at the same time and in the same manner as other assessments, and all revenue laws of this state for the collection and sale of land for taxes are hereby made applicable to the assessment provided for in this section. When collected such assessment shall be paid over by the county treasurer to the district treasurer for the purpose specified in the notice in such special election.

**46-145 Construction of works; notice; bond of contractor; bids; letting.**

After adopting a plan of such canal or canals, storage reservoirs, and works, the board of directors shall give notice, by publication thereof not less than twenty days in one newspaper published in each of the counties composing the district, provided a newspaper is published therein, and in such other newspapers as it may deem advisable, calling for bids for the construction of the work or any portion thereof, and if less than the whole work is advertised, then the portion so advertised must be particularly described in such notice. The notice shall set forth that plans and specifications can be seen at the office of the board, and that the board will receive sealed proposals therefor, and that the contract will be let to the lowest responsible bidder, stating the time and place for opening the proposals, which at the time and place shall be opened in public. As soon as convenient thereafter the board shall let such work, either in part or as a whole, to the lowest responsible bidder, or it may reject any or all bids and readvertise for proposals, or may proceed to construct the work under its own superintendence with the labor of the residents of the district. Contracts for the purchase of material shall be awarded to the lowest responsible bidder. The person or persons to whom a contract may be awarded shall enter into a bond with good and sufficient sureties, to be approved by the board payable to such district for its use, to an amount equal to twenty-five percent of the contract price, for the faithful performance of the contract; Provided, however, in case twenty-five percent of the contract price shall exceed the sum of fifty thousand dollars, then such bond shall be in the sum of fifty thousand dollars. 46-146 Claims against district; warrants; interest; payment; procedure.

No claim shall be paid by the district treasurer until the same shall have been allowed by the board of directors and only upon warrants signed by the president and countersigned by the secretary. If the district treasurer does not have sufficient money on hand to pay such warrant when presented for payment, he or she shall endorse thereon not paid for want of funds and the date when presented over his or her signature. From the time of such presentation until paid such warrants shall draw interest payable when redeemed or annually at the discretion of the board of directors. Whenever there is no cash on hand in the district treasury for the payment of general fund warrants when presented, the board of directors may issue from time to time general fund warrants in denominations not greater than ten thousand dollars to the aggregate amount required. Such warrants shall be drawn on the general fund levy for the current year and be payable to the irrigation district. § 46-151  Cost of construction; when payable in bonds; issuance of additional bonds; additional levy.

The cost and expense of purchasing and acquiring property and constructing the works and improvements provided for in the Irrigation District Act shall be wholly paid out of the construction fund, or in the bonds of the irrigation district at their par value, after having first advertised the same for sale as provided in section 46-1,100, and having received no bids therefor of ninety-five percent or upwards of their face value. In case such bonds or the money raised by their sale is insufficient for the purposes for which the bonds were issued, additional bonds may be issued, after submission of the question at a general or special election to the electors of the district. In case of the issuance of additional bonds, the lien for taxes for the payment of the interest and principal of such issue shall be a subsequent lien to any prior bond issue. However, the provisions of this section shall not apply where the cost and expense of purchasing and acquiring property and constructing the works and improvements provided for in the Irrigation District Act are covered by contract between the district and the United States. In lieu of the issuance of additional bonds, the board of directors may provide for the completion of the irrigation system of the district by the levy of an assessment therefor in the same manner in which levy of an assessment is made for the other purposes provided in the Irrigation District Act.

of directors of any irrigation district, signed by a majority of the landowners
who are electors therein, requesting that rules and regulations be adopted by
the board permitting and providing for any of the following specific orders or

The failure of any person interested in the district to show cause in writing why the tract or tracts of land mentioned in the petition should not be excluded from such district shall be deemed and taken as an assent by him to the exclusion of such tract or tracts of land, or any part thereof, from the district; and the filing of such petition with such board, as aforesaid, shall be deemed and taken as an assent by each and all of such petitioners to the exclusion from such district of the lands mentioned in the petition, or any part thereof; Provided, in no case shall any land be held by any district or taxed for irrigation purposes which cannot from any natural cause be irrigated thereby.

§ 46-177 Exclusion of lands; action of board.

The board of directors, if it deems it not for the best interest of the district that the lands mentioned in the petition, or some portion thereof, should be excluded from the district, shall order that the petition be denied; but if it deems it for the best interest of the district that the lands mentioned in the petition, or some portion thereof, be excluded from the district, and if no person interested in the district shows cause in writing why the lands or some portion thereof should not be excluded from the district, or if having shown cause withdraws the same, and also, if there are no outstanding bonds of the district and no contract between the district and the United States, then the board may order that the lands mentioned in the petition or some defined portion thereof, be excluded from the district.

The resolution shall describe such lands so that the boundaries thereof can be

readily traced. The holders of such outstanding bonds may give their assent in writing to the effect that they severally consent that the board may make an order by which the lands mentioned in the resolution may be excluded from the district and in case a contract has been made with the United States, as aforesaid, the Secretary of the Interior may assent to such change. The assent may be acknowledged by the several holders of such bonds in the same manner and form as are required in case of a conveyance of land, and the acknowledgment shall have the same force and effect as evidence as an acknowledgment of such conveyance, except the assent of the Secretary of the Interior need not be acknowledged. The assent must be filed with the board and must be recorded in the minutes of the board; and such minutes, or a certified copy thereof, shall be admissible in evidence with the same effect as the assent; but if such assent of the bondholders and, in case of contract with the United States such assent of the Secretary of the Interior, is not filed, the board shall deny and dismiss the petition.

46-179 Exclusion of lands; objection made; action of board; election required; notice; procedure.

If the assent of the holders of the bonds is filed and entered of record as provided in section 46-178, and if there are objections presented by any person showing cause which have not been withdrawn, then the board of directors may order an election to be held in the irrigation district to determine whether an order shall be made excluding such lands from the district as mentioned in the resolution. (k) DISCONTINUANCE OF DISTRICT

46-185 Discontinuance of district; petition; special election; notice; procedure.

Whenever a majority of the assessment payers, representing a majority of the number of acres of irrigable land within any irrigation district, petition the board of directors to call a special election for the purpose of submitting to the electors of such irrigation district a proposition to vote on the discontinuance of such irrigation district and a settlement of its bonded and other indebtedness, the board of directors shall call an election, setting forth the object of the same, and cause a notice of such election to be published in some newspaper of general circulation in each of the counties in which the district is located, for a period of thirty days prior to such election, setting forth the time and place for holding such election in each of the voting precincts in the district, and shall also cause a written or printed notice of such election to be posted in some conspicuous place in each of the voting precincts. The board of directors shall provide ballots to be used at such election on which shall be written or printed the words For discontinuance .... Yes, and For discontinuance .... No. The election shall otherwise be conducted in accordance with sections 46-115 to 46-118.

46-186 Discontinuance of district; result of election; resubmission; sale of property; appointment of appraisers; notice of sale.

If a majority of the votes shall be For discontinuance .... No, there shall not be another election upon the question of a discontinuance of the district during the year in which such election was held. If a majority of the votes are For discontinuance .... Yes, then the board shall immediately notify all persons having claims against the district of the result of such election, and may proceed to adjust, settle and compromise any and all such claims, in whatever form the indebtedness of such district may be. For the purpose of raising money to pay any and all indebtedness of the district, such board may sell and dispose of the canal franchises and other property belonging to the district at not less than a valuation to be fixed by a board of three appraisers, one member of which shall be appointed by the board of directors of such
district, and one shall be appointed by the county board of the county in which the district was originally organized, which two appraisers shall elect a third. The board of appraisers shall be sworn by the county clerk of the county, to appraise the canal franchises and other property of the district at their cash value; and as soon thereafter as practicable, the appraisers shall make an appraisement, and report in writing their appraisement of all the property owned by the district to the board of directors. The board shall advertise the property for sale at least four weeks in such a manner as in the judgment of the board shall be to the best interest of the district; and shall state in such advertisement a description of the property, and the time and place when bids in writing for the same shall be opened and considered, and bids orally received and considered.

### 46-187 Discontinuance of district; sale of property; opening of bids; sale by private negotiation.

At the time designated in such notice, or as soon thereafter as such board can meet, it shall open and consider all bids received for the purchase of the property and it shall have the power to reject any and all bids for such property which are not in the judgment of the board a fair and just consideration for the property. After bids are thus rejected by the board, it may by private negotiations with any person, persons or corporation, sell and convey, by deed executed by such board, all of the property, for part cash and part in deferred payments, bearing the same interest as the bonded indebtedness of such district; and in case the district has no bonded indebtedness, the interest upon such deferred payments shall be such as may be agreed upon by the board and the purchaser, not exceeding the rate allowed by law.

### 46-188 Discontinuance of district; sale of property; deferred payments lien on property sold; additional security.

Such deferred payments shall be a lien upon all of the property thus sold by the board which shall have the same force and effect as a mortgage against such property and may, when due, be foreclosed in the same manner provided by law for the foreclosure of mortgages. In addition to such lien, the board of directors may require the purchaser of the property to furnish the district with such additional security upon all deferred payments as in its judgment shall make such payments secure. All notes, bonds, mortgages and other securities shall be made out to and in the name of the irrigation district, and shall be, together with the money received by such sale, deposited with the county treasurer of the county in which the district was originally organized.

46-190 Discontinuance of district; assets of district used to pay debts; procedure; unused funds; distribution.

After a sale of the property and franchises of the district, the board of directors shall, with the amount realized from such sale, together with such other funds as such district may have, make settlement, payment, and redemption, if possible, of all outstanding bonded and other indebtedness of the district, but shall in no case pay more than the market value of such outstanding bonds with interest up to the time of payment. In cases when bonds not yet due cannot be redeemed by reason of the refusal of the owner thereof to surrender them before due, the board may invest the surplus money of the district, after paying all debts that can be paid, in state, county, or other safe bonds, bearing the same or greater rate of interest, if possible, than the district bonds thus outstanding, for the purpose of paying such outstanding bonds of the district when due. In case the amount realized from the sale of such district property, together with other money of the district, is insufficient for the payment of all the indebtedness of the district, assessments shall continue to be made against the lands included in the district in the manner provided by law for assessments to pay bonds and other indebtedness of irrigation districts until a sufficient amount is raised to fully pay all obligations of such district.

Any balance of funds remaining after the sale or disposition of all property belonging to the district and after all obligations and indebtedness of the district have been paid or discharged shall be distributed by the county treasurer to all assessment payers of the district of record as of the date of the filing in the office of the Department of Natural Resources of the report referred to in section 46-192. Such distribution shall be made pro rata in accordance with the number of acres of irrigable land owned within the district as of the date of the last assessment against such land for the district prior to the date of the filing of such report.

Such petition shall include a plan for the merger, which plan shall contain:

1. A description of the proposed boundaries of the merged district and a list of lands;
2. A summary of the reasons for the proposed merger;
3. A summary of the terms on which the merger is to be made between the merged districts and such terms shall include a provision for three divisions as nearly equal in size as may be practicable, which shall be numbered first, second, and third, and two directors shall be elected from each division;

The assents shall be filed with the boards of directors of the districts proposed to be merged and shall be recorded in the minutes of each board and such minutes, or a certified copy

Not less than thirty days nor more than sixty days after the designation of the plan as the final approved plan, the proposition of the adoption or rejection of such proposed plan of merger shall be submitted by the boards of directors at a special election to all the electors of the irrigation districts which will be affected by the merger plan. Notice of such election shall be given by posting a notice in three public places in each election precinct in each district affected by the merger for at least twenty days, and also by publication of such notice in a newspaper of general circulation in the county where the office of the board of directors of each district affected by the merger is required to be kept once a week for three successive weeks.

the merger is approved, within three days after the election or within three days after the deadline to submit ballots by mail, as the case may be, which board shall, on or before the third day after the election, canvass such returns and declare the result of such election, which result shall be at once recorded by the secretary of the board of directors in the records of the district boards and certified to the county clerk. Such board of directors shall determine a method of setting the terms of office, so that two directors’ terms on the new board shall be for one year, two for two years and three for three years. Each year thereafter two directors shall be elected for a term of three years.

46-1,162 Merger of districts; election; effect.

If at such election a majority of all votes cast at the election in each district are not in favor of such merger, the merger plan shall be defeated and shall not be placed in effect. If at such election a majority of all votes cast at the election in each district shall be in favor of such merger, the merger shall be effective immediately and the merged district shall assume all rights, assets and liabilities of the merged districts.

46-1,163 Merger of districts; indebtedness; responsibility; succession to property.

Whenever two or more districts are involved in a merger plan, such districts shall continue to be responsible for any indebtedness incurred before the merger takes place unless a different arrangement is included in the plan voted upon by the electors; Provided, that when the voters approve such merger, the merged district shall succeed to all the property, contracts and obligations of all the districts so merged into it and shall assume all of their valid contracts and obligations.

(r) REPUBLICAN RIVER BASIN WATER SUSTAINABILITY TASK FORCE

(a) PUBLIC RIGHTS

46-201 Water for irrigation; declared natural want.

Water for the purposes of irrigation in the State of Nebraska is hereby declared to be a natural want.

The right of appropriation for irrigation purposes is limited to the waters of natural streams of the state, and does not extend to waters in artificial drainage ditches. Drainage Dist. No. 1 v. Suburban Irr. Dist., 139 Neb. 460, 298 N.W. 131 (1941).

State, in exercise of police power, may supervise and control the appropriation, diversion, and distribution of public waters of state, and impose that duty on administrative officers. State ex rel. Cary v. Cochran, 138 Neb. 163, 292 N.W. 239 (1940).

Under irrigation act of 1889, a water right for purposes of irrigation need not have been attached to any particular tract of land. Vonbog v. Farmers Irr. Dist., 132 Neb. 12, 270 N.W. 835 (1937).

Under this and other sections, legislative intent is shown to limit the location and construction of irrigation canals and ditches, as well as the land irrigated by same, to the basin containing the source of the water used, and requiring that all unused waters shall be returned to the stream from which diverted. Osterman v. Central Nebraska Public Power & Irr. Dist., 131 Neb. 356, 268 N.W. 334 (1936).

46-202 Natural streams; unappropriated water; dedication to public use; appropriated water; further appropriation.

1. The water of every natural stream not heretofore appropriated within the State of Nebraska, including the Missouri River, is hereby declared to be the property of the public and is dedicated to the use of the people of the state, subject to appropriation.

2. The water of every natural stream within the State of Nebraska, including the Missouri River, appropriated for storage in a surface reservoir or for underground water storage, is hereby declared to be subject to further appropriation for recovery and beneficial use.

46-204 Natural streams; priority of appropriations; first in time, first in right; preference from nature of use.

The right to divert unappropriated waters of every natural stream for beneficial use shall never be denied except when such denial is demanded by the public interest. Priority of appropriation shall give the better right as between those using the water for the same purposes, but when the waters of any natural stream are not sufficient for the use of all those desiring the use of the same, those using the water for domestic purposes shall have the preference over those claiming it for any other purpose, and those using the water for agricultural purposes shall have the preference over those using the same for manufacturing purposes.

§ 46-204  IRIGATION AND REGULATION OF WATER

1. Rights of riparian owners
Parties who have appropriated water for irrigation purposes, and continued such use for seven years, cannot be enjoined by lower riparian owner whose mill privilege may be injured thereby. He must sue for damages. Cline v. Stock, 71 Neb. 70, 98 N.W. 454 (1904), 102 N.W. 265 (1905).

Riparian owner, damaged by appropriation, may recover actual damages sustained. McCook Irr. & Water Power Co. v. Crews, 70 Neb. 109, 96 N.W. 996 (1903).

Common-law rule, in force except as modified by statute, only gives riparian owner right to water so far as consistent with like right of all other riparian owners. Civil law is not applicable. Crawford Co. v. Hathaway, 67 Neb. 325, 93 N.W. 781 (1903).

Riparian owners are entitled, in absence of grant, license, or prescription, to natural flow of water. Plattsmouth Water Co. v. Smith, 57 Neb. 579, 78 N.W. 275 (1899).

2. Vested rights
An appropriator of water for power purposes under act of 1877 acquired a vested right which was not affected by enactment of this section in 1895, giving preference for agricultural purposes. Kearney Water & Electric Powers Co. v. Alfalfa Irr. Dist., 97 Neb. 779, 151 N.W. 319 (1915), 97 Neb. 139, 149 N.W. 363 (1914).

Completed appropriation of water for power under law of 1877 is vested right, and priority, if unchallenged, is not lost by failure to demand adjudication under law of 1895. Gearhart & Benson v. Frenchman Valley Irr. Dist., 97 Neb. 764, 151 N.W. 323 (1915).

Where appropriator of water has acquired a vested right to use of water, he may enjoin upper riparian owner on stream from diverting and using the water for purposes not theretofore exercised. McCook Irr. & Power Water Co. v. Crews, 70 Neb. 109, 96 N.W. 996 (1903).

Riparian’s right to flow of stream is a vested right, and part and parcel of the land, which legislation cannot abolish. Crawford Co. v. Hathaway, 67 Neb. 325, 93 N.W. 781 (1903).

3. Limitations on appropriation
An appropriation of water, made prior to 1895, is not limited as to quantity except that it must be for some useful and beneficial purpose and within the limits of the capacity of the diversion works. Enterprise Irr. Dist. v. Willis, 135 Neb. 827, 284 N.W. 326 (1939).

This and other sections limit the location and construction of irrigation canals and ditches, as well as the land irrigated by same, to the basin containing the source of the water used, and require that all unused waters shall be returned to the stream from which diverted. Osterman v. Central Nebraska Public Power & Irr. Dist., 131 Neb. 356, 268 N.W. 334 (1936).

4. Miscellaneous
Under former law, the right to appropriate water for irrigation purposes was limited to waters of natural streams. Rogers v. Petsch, 174 Neb. 313, 117 N.W.2d 771 (1962).

Under former law, Department of Roads and Irrigation was neither a necessary nor a proper party to a proceeding on appeal from an order or decision made by it. Cozad Ditch Co. v. Central Nebraska Public Power & Irr. Dist., 132 Neb. 547, 272 N.W. 560 (1937).

It is the duty of the state to see that the waters of its streams, used for irrigation purposes, will not be wasted and that prior appropriators shall be protected as against subsequent appropriators. State ex rel. Sorensen v. Mitchell Irr. Dist., 129 Neb. 586, 262 N.W. 543 (1935).

Overflow waters of streams, which run in well-defined course and again unite with stream at lower point, are part of stream and not surface water. Brinegar v. Copass, 77 Neb. 241, 109 N.W. 173 (1906).

One seeking to acquire easement for ditch over another’s land must maintain it continuously without material change of location for full statutory period. Dunn v. Thomas, 69 Neb. 683, 96 N.W. 142 (1903).

Reasonable use of water is largely question of fact, depending upon circumstances, but entire diversion, waste, or needless diminution is clearly unreasonable. Meng v. Coffee, 67 Neb. 500, 93 N.W. 713 (1903); Crawford Co. v. Hathaway, 67 Neb. 325, 93 N.W. 781 (1903).

Domestic purposes, as here used, has reference to use of water for domestic purposes permitted to riparian owner by common law, and does not contemplate diversion of large quantities of water in canals or pipe lines. Crawford Co. v. Hathaway, 67 Neb. 325, 93 N.W. 781 (1903).

46-205 First appropriators; date of priority.
The priority of an appropriation shall date from the filing of the application in the office of the Department of Natural Resources.

46-206 Appropriation; water to be returned to stream.
The water appropriated from a river or stream shall not be turned or permitted to run into the waters or channel of any other river or stream than from which it is taken or appropriated, unless such stream exceeds in width one hundred feet, in which event not more than seventy-five percent of
the regular flow shall be taken and any such taking shall be subject to the provisions of section 46-289.

Diversion of water from one watershed to another is permissible under sections 46-206 and 46-265, R.R.S.1943, so long as the stream from which it is diverted is more than one hundred feet wide and the diversion is not contrary to the public interest. Little Blue N.R.D. v. Lower Platte North N.R.D., 206 Neb. 535, 294 N.W.2d 598 (1980).

This section deals primarily with the limitation of the amount of water that may be taken from a stream more than one hundred feet in width. Ainsworth Irr. Dist. v. Bejot, 170 Neb. 257, 102 N.W.2d 416 (1960).

This and other sections limit the location and construction of irrigation canals and ditches, as well as the land irrigated by same, to the basin containing the source of the water used, and require that all unused waters shall be returned to the stream from which diverted. Osterman v. Central Nebraska Public Power & Irr. Dist., 131 Neb. 356, 268 N.W. 334 (1936).

**46-207 Appropriation; no land to be crossed by more than one ditch.**

No tract of land shall be crossed by more than one ditch, canal or lateral without the written consent and agreement of the owners thereof, if the first ditch, canal or lateral can be made to answer the purpose for which the second is desired or intended.

(e) ADJUDICATION OF WATER RIGHTS

46-226 Determination of priority and amount of appropriation; duty of department; certain court orders; department; powers.

(1) The department shall make proper arrangements for the determination of priorities of right to use the public waters of the state and determine the same. The method of determining the priority and amount of appropriation shall be fixed by the department.

(2) (a) The department is authorized to administer any riparian water right that has been validated and recognized in a court order from a court of lawful jurisdiction in the state.

(b) The only surface water appropriations that may be closed for a riparian water right are appropriations held by persons who were parties to the lawsuit validating the riparian water right or appropriations with a priority date subsequent to the date of the court order.

The Department of Natural Resources regulates the appropriation of surface water and has statutory authority to determine the priority and amount of surface water appropriated. Koch v. Aupperle, 274 Neb. 52, 737 N.W.2d 869 (2007).

The Department of Natural Resources has no common-law or statutory duty to regulate the use of ground water in order to protect a party’s surface water appropriations. In the absence of independent authority to regulate the use of ground water, the department has no legal duty to resolve conflicts between surface water appropriators and ground water users. Spear T Ranch v. Nebraska Dept. of Nat. Resources, 270 Neb. 130, 699 N.W.2d 379 (2005).

The Department of Natural Resources has no independent authority to regulate ground water users or administer ground water rights for the benefit of surface water appropriators. In re Complaint of Central Neb. Pub. Power, 270 Neb. 108, 699 N.W.2d 372 (2005).

Department has authority to determine whether or not appropriation has been lost by nonuser. State v. Nielsen, 163 Neb. 372, 79 N.W.2d 721 (1956).

Under former law, the Department of Roads and Irrigation could grant such appropriation for use of water of natural running stream as did not impair prior appropriations and rights to use water and could issue permits for improvements of streams, but could not determine damages or property rights involved. City of Fairbury v. Fairbury Mill & Elevator Co., 123 Neb. 588, 243 N.W. 774 (1932).

Powers of former State Board of Irrigation were quasi-judicial, and adjudications were final, unless appealed from. Enterprise Irr. Dist. v. Tri-State Land Co., 92 Neb. 121, 138 N.W. 171 (1912); Farmers Canal Co. v. Frank, 72 Neb. 136, 100 N.W. 286 (1904).

46-226.01 Application for recognition of incidental underground water storage; procedure.

Any person having an approved perfected appropriation may file with the department an application for recognition of incidental underground water storage associated with such appropriation on a form prescribed and furnished by the department without cost. Upon receipt of an application, the department
shall proceed in accordance with rules and regulations adopted and promulgated by the department.

46-226.02 Application; director; approval; conditions.

(1) The director may approve an application filed pursuant to section 46-226.01 or 46-297 subject to the following conditions:

(a) The rate, quantity, or time of surface water diversion shall not be increased from that approved for the appropriation at the time the application is filed;

(b) If the water stored or to be stored underground will be used for irrigation purposes, the director may approve the service of additional amounts of land or different lands not identified to be served with facilities included under the original appropriation, if the director determines that the change is in the public interest, and that any interference with the rights of senior appropriators as a result of such change is unavoidable and not material;

(c) The priority date shall remain the same as that of the original appropriation; and

(d) When the application is for recognition of incidental underground water storage, such stored water is being withdrawn or is otherwise being used for beneficial purposes.

(2) For an application filed pursuant to section 46-226.01, the burden shall be on the applicant to prove that underground water storage has occurred.

(3) The director may grant the application in a modified or reduced form, if required by the public interest, and may impose such other reasonable conditions as deemed appropriate to protect the public interest.

(4) The director’s order of approval shall specify:

(a) The source of the water stored or to be stored underground;

(b) The underground water storage method; and

(c) A description of the area served or to be served by the water stored underground.

46-226.03 Terms, defined.

For purposes of sections 46-226 to 46-243:

(1) Department means the Department of Natural Resources;

(2) Director means the Director of Natural Resources;

(3) Incidental underground water storage has the same meaning as in section 46-296;

(4) Induced ground water recharge means the process by which ground water withdrawn from wells near a natural stream is replaced by surface water flowing in the stream;

(5) Intentional underground water storage has the same meaning as in section 46-296;
(6) Public water supplier means a city, village, municipal corporation, metropolitan utilities district, rural water district, natural resources district, irrigation district, reclamation district, or sanitary and improvement district which supplies or intends to supply water to inhabitants of cities, villages, or rural areas for domestic or municipal purposes;

(7) Underground water storage has the same meaning as in section 46-296; and

(8) Well means a well, subsurface collector, or other artificial opening or excavation in the ground from which ground water flows under natural pressure or is artificially withdrawn.

46-227 Water in streams; measurement; duty of department.

The department shall measure or cause to be measured the quantity of water flowing in the several streams of the state, shall make a record thereof in the office of the department, and shall from time to time make such additional measurements as may be necessary, in considering applications for water appropriations and such controversies as may arise regarding the distribution of water.

46-228 Flowing water; standards of measurement.

The standard of measurement for flowing water, both for determining the flow of water in natural streams and for the purpose of distributing it therefrom when appropriations have been made for direct flow, shall be one cubic foot per second of time. The standard of measurement of the volume of water shall be one acre-foot, equivalent to forty-three thousand five hundred sixty cubic feet, and when water is stored in any natural or artificial reservoir, this standard shall be used for determining the capacity of storage reservoirs, the amount stored, and the amount used therefrom, except that for public water supplier appropriations, the standard of measurement may be in terms of gallons.

46-229 Appropriations; beneficial or useful purpose required; termination; procedure.

All appropriations for water must be for a beneficial or useful purpose and, except as provided in sections 46-290 to 46-294 and 46-2,122 to 46-2,125, when the owner of an appropriation or his or her successor in interest ceases to use it for such purpose for more than five consecutive years, the right may be terminated only by the director pursuant to sections 46-229.02 to 46-229.05.

GENERAL PROVISIONS § 46-229.02

1. Beneficial use
   The diversion of some amount of water into the ditch a few days before suit is filed to cancel the water appropriation does not constitute a beneficial use within the meaning of this section. Hostetler v. State, 203 Neb. 776, 280 N.W.2d 75 (1979).
   To constitute a beneficial use within the meaning of the appropriation statute the use must be one described in the appropriation. Hostetler v. State, 203 Neb. 776, 280 N.W.2d 75 (1979).
   Under this section all appropriations for water must be for some beneficial or useful purpose, and when the appropriator or his successor in interest ceases to use it for such purpose the right ceases. Hostetler v. State, 203 Neb. 776, 280 N.W.2d 75 (1979).

2. Loss of appropriation
   A completed appropriation of water for power purposes remains a valid appropriation to the full extent of its granted right unless restricted by a finding of abandonment or nonuser. Hickman v. Loup River P. P. Dist., 176 Neb. 416, 126 N.W.2d 404 (1964).
   Appropriation may be lost either by abandonment or nonuser. State v. Nielsen, 163 Neb. 372, 79 N.W.2d 721 (1956).

3. Miscellaneous
   This section has become the fixed policy of the state. State v. Birdwood Irr. Dist., 154 Neb. 52, 46 N.W.2d 884 (1951).
   Under former law, provision empowering Department of Roads and Irrigation to cancel water appropriation, where water was not put to beneficial use, was not unconstitutional as violative of due process, or as giving department judicial powers. Dawson County Irr. Co. v. McMullen, 120 Neb. 245, 231 N.W. 840 (1930).
   Under former law, appeal from decree refusing to cancel water rights may be taken to district court instead of directly to Supreme Court. State v. Oliver Bros., 119 Neb. 302, 228 N.W. 864 (1930).

46-229.01 Department; examine condition of ditches.
   The department shall, as often as necessary, examine into the condition of all ditches constructed or partially constructed within the state and shall compile information concerning the condition of every water appropriation and all ditches and canals and other works constructed or partially constructed thereunder.

46-229.02 Appropriations; preliminary determination of nonuse; notice; order of cancellation; procedure.
   (1) If, based upon the results of a field investigation or upon information, however obtained, the department makes preliminary determinations (a) that an appropriation has not been used, in whole or in part, for a beneficial or useful purpose or having been so used at one time has ceased to be used, in whole or in part, for such purpose for more than five consecutive years and (b) that the department knows of no reason that constitutes sufficient cause, as provided in section 46-229.04, for such nonuse or that such nonuse has continued beyond the additional time permitted because of the existence of any applicable sufficient cause, the department shall serve notice of such preliminary determinations upon the owner or owners of such appropriation and upon any other person who is an owner of the land under such appropriation. Such notice shall contain the information required by section 46-229.03, shall be
provided in the manner required by such section, and shall be posted on the department’s website. Each owner of the appropriation and any owner of the land under such appropriation shall have thirty days after the mailing or last publication, as applicable, of such notice to notify the department, on a form provided by the department, that he or she contests the department’s preliminary determination of nonuse or the department’s preliminary determination of the absence of sufficient cause for such nonuse. Such notification shall indicate the reason or reasons the owner is contesting the department’s preliminary determination and include any information the owner believes is relevant to the issues of nonuse or sufficient cause for such nonuse.

(2) If no owner of the appropriation or of the land under the appropriation provides notification to the department in accordance with subsection (1) of this section, the director may issue an order canceling the appropriation in whole or in part. The extent of such cancellation shall not exceed the extent described in the department’s notice to the owner or owners in accordance with subsection (1) of this section. A copy of the order canceling the appropriation, or part thereof, shall be posted on the department’s website and shall be provided to the owner or owners of the appropriation and to any other owner of the land under the appropriation in the same manner that notices are to be given in accordance with subsection (2), (3), or (4) of section 46-229.03, as applicable. No cancellation under this subsection shall prohibit an irrigation district, a reclamation district, a public power and irrigation district, or a mutual irrigation company or canal company from asserting the rights provided by subsections (5) and (6) of section 46-229.04.

(3) If an owner of the appropriation provides notification to the department in accordance with subsection (1) of this section, the department shall review the owner’s stated reasons for contesting the department’s preliminary determination and any other information provided with the owner’s notice. If the department determines that the owner has provided sufficient information for the department to conclude that the appropriation should not be canceled, in whole or in part, it shall inform the owners of the appropriation, and any other owners of the land under the appropriation, of such determination.

(4) If the department determines that an owner has provided sufficient information to support the conclusion that the appropriation should be canceled only in part and if (a) the owner or owners filing the notice of contest agree in writing to such cancellation in part and (b) such owner or owners are the only known owners of the appropriation and of the land under the appropriation, the director may issue an order canceling the appropriation to the extent agreed to by the owner or owners and shall provide a copy of such order to such owner or owners.

(5) If the department determines that subsections (2), (3), and (4) of this section do not apply, it shall schedule and conduct a hearing on the cancellation of the appropriation in whole or in part. Notice of the hearing shall be provided to the owner or owners who filed notices with the department pursuant to subsection (1) of this section, to any other owner of the appropriation known to the department, and to any other owner of the land under the appropriation. The notice shall be posted on the department’s website and shall be served or published, as applicable, in the manner provided in subsection (2), (3), or (4) of section 46-229.03, as applicable.
(6) Following a hearing conducted in accordance with subsection (5) of this section and subsection (1) of section 46-229.04, the director shall render a decision by order. A copy of the order shall be provided to the owner or owners of the appropriation and to any other person who is an owner of the land under the appropriation. The copy of the order shall be posted on the department’s website and shall be served or published, as applicable, in the same manner that notices are to be given in accordance with subsection (2), (3), or (4) of section 46-229.03, as applicable, except that if publication is required, it shall be sufficient for the department to publish notice that an order has been issued. Any such published notice shall identify the land or lands involved and shall provide the address and telephone number that may be used to obtain a copy of the order.

(7) A water appropriation that has not been perfected pursuant to the terms of the permit may be canceled by the department without complying with sections 46-229.01 to 46-229.04 if the owner of such appropriation fails to comply with any of the conditions of approval in the permit, except that this subsection does not apply to appropriations to which subsection (2) of section 46-237 applies.

Under former law, a notice of hearing on the adjudication of a water right that states the place and time of the hearing, names and describes the appropriation that is the subject of the hearing, states that the Department of Natural Resources’ records indicate that the land approved for irrigation under the appropriation has not been irrigated for more than 3 consecutive years, states that the hearing will be held pursuant to sections 46-229 to 46-229.05, as amended, states that all interested persons shall appear at the hearing and show cause why the appropriation or part of the appropriation should not be canceled or annulled, states that the appropriation may be canceled if no one appears at the hearing, includes the address, post office box number, telephone number, and fax number of the Department of Natural Resources, and attaches copies of sections 46-229 to 46-229.05 provides adequate notice of the issues to be taken up at the hearing and contains the information required under this section. In re Water Appropriation A-4924, 267 Neb. 430, 674 N.W.2d 788 (2004).

Under former law, Department of Roads and Irrigation could forfeit water right for nonuser for more than three years. State v. Birdwood Irr. Dist., 154 Neb. 52, 46 N.W.2d 884 (1951).

46-229.03 Appropriations; preliminary determination of nonuse; notice; contents; service.

(1) The notice provided by the department in accordance with subsection (1) or (5) of section 46-229.02 shall contain: (a) A description of the appropriation; (b) the number assigned to the appropriation by the department; (c) the date of priority; (d) the point of diversion; (e) if the notice is published, the section or sections of land which contain the lands located under such appropriation; (f) if the notice is served by personal service or by registered or certified mail, a description of the lands which are located under such appropriation, a description of the information used by the department to reach the preliminary determinations of nonuse, and a copy of section 46-229.04; (g) a description of the owner’s options in response to the notice; (h) a department telephone number which any person may call during normal business hours for more information regarding the owner’s rights and options, including what consti-
IRRIGATION AND REGULATION OF WATER

§ 46-229.03

The decision of the department is final and conclusive, and is subject to no appeal or review. The party appearing of record to be the owner shall be served by personal service or by registered mail or certified mail with a copy of the verified field investigation report. The party appearing of record to be the owner shall have thirty days after service of the verified field investigation report to contest the same by filing a formal written contest with the department. If no person appears at the hearing, the water appropriation shall be declared canceled and annulled unless the department finds that (a) there has been sufficient cause for such nonuse as the department shall decide.

(2) The department shall have thirty days from the date of the hearing in which to make its decision. The department shall have sixty days from the date of the hearing in which to make its decision. The department shall have sixty days from the date of the hearing in which to make its decision. The department shall have sixty days from the date of the hearing in which to make its decision.

(3) Landowners whose property under such appropriation is located within the corporate limits of a city or village shall be served by the publication of such notice in a legal newspaper published or of general circulation in the county in which the city or village is located. The notice shall be published once each week for three consecutive weeks.

(4) Landowners whose property under such appropriation is located within the corporate limits of a city or village shall be served by the publication of such notice in a legal newspaper published or of general circulation in the county in which the city or village is located. The notice shall be published once each week for three consecutive weeks.

Notice of hearing on cancellation of water rights must be given to the party appearing of record to be the owner. State v. Nielsen, 163 Neb. 372, 79 N.W.2d 721 (1956).

This section does not fix the time in which an appropriator must put water to a beneficial use. North Loop River P. P. & I. Dist. v. Loup River P. P. Dist., 162 Neb. 22, 74 N.W.2d 863 (1956).

46-229.04 Appropriations; hearing; decision; nonuse; considerations; consolidation of proceedings; when.

(1) At a hearing held pursuant to section 46-229.03, the verified field investigation report of an employee of the department, or such other report or information that is relied upon by the department to reach the preliminary determination of nonuse, shall be prima facie evidence for the forfeiture and annulment of such water appropriation. If no person appears at the hearing, such water appropriation or unused part thereof shall be declared forfeited and annulled. If an interested person appears and contests the same, the department shall hear evidence, and if it appears that such water has not been put to a beneficial use or has ceased to be used for such purpose for more than five consecutive years, the same shall be declared canceled and annulled unless the department finds that (a) there has been sufficient cause for such nonuse as
provided for in subsection (2), (3), or (4) of this section or (b) subsection (5) or (6) of this section applies.

(2) Sufficient cause for nonuse shall be deemed to exist for up to thirty consecutive years if:

(a) Such nonuse was caused by the unavailability of water for that use. For a river basin, subbasin, or reach that has been designated as overappropriated pursuant to section 46-713 or determined by the department to be fully appropriated pursuant to section 46-714, the period of time within which sufficient cause for nonuse because of the unavailability of water may be deemed to exist may be extended beyond thirty years by the department upon petition therefor by the owner of the appropriation if the department determines that an integrated management plan being implemented in the river basin, subbasin, or reach involved is likely to result in restoration of a usable water supply for the appropriation; or

(b) The land subject to the appropriation is under an acreage reserve program or production quota or is otherwise withdrawn from use as required for participation in any federal, state, or natural resources district program, or such land was previously under such a program but currently is not under such a program and there have been not more than five consecutive years of nonuse on such land subsequent to when that land was last under such program.

(3) Sufficient cause for nonuse shall be deemed to exist indefinitely if such nonuse was the result of one or more of the following:

(a) For any tract of land under separate ownership, the available supply was used but on only part of the land under the appropriation because of an inadequate water supply;

(b) The appropriation is a storage appropriation and there was an inadequate water supply to provide the water for the storage appropriation or less than the full amount of the storage appropriation was needed to keep the reservoir full; or

(c) The appropriation is a storage-use appropriation and there was an inadequate water supply to provide the water for the appropriation or use of the storage water was unnecessary because of climatic conditions.

(4) Sufficient cause for nonuse shall be deemed to exist for up to fifteen consecutive years if such nonuse was a result of one or more of the following:

(a) Federal, state, or local laws, rules, or regulations temporarily prevented or restricted such use;

(b) Use of the water was unnecessary because of climatic conditions;

(c) Circumstances were such that a prudent person, following the principles of good husbandry, would not have been expected to use the water;

(d) The works, diversions, or other facilities essential to use the water were destroyed by a cause not within the control of the owner of the appropriation and good faith efforts to repair or replace the works, diversions, or facilities have been and are being made;

(e) The owner of the appropriation was in active involuntary service in the armed forces of the United States or was in active voluntary service during a time of crisis; or

(f) Legal proceedings prevented or restricted use of the water.
The department may specify by rule and regulation other circumstances that shall be deemed to constitute sufficient cause for nonuse for up to fifteen years.

(5) When an appropriation is held in the name of an irrigation district, a reclamation district, a public power and irrigation district, a mutual irrigation company or canal company, or the United States Bureau of Reclamation and the director determines that water under that appropriation has not been used on a specific parcel of land for more than five years and that no sufficient cause for such nonuse exists, the right to use water under that appropriation on that parcel shall be terminated and notice of the termination shall be posted on the department’s website and shall be given in the manner provided in subsection (2), (3), or (4) of section 46-229.03. The district or company holding such right shall have five years after the determination, or five years after an order of cancellation issued by the department following the filing of a voluntary relinquishment of the water appropriation that has been signed by the landowner and the appropriator of record, to assign the right to use that portion of the appropriation to other land within the district or the area served by the company, to file an application for a transfer in accordance with section 46-290, or to transfer the right in accordance with sections 46-2,127 to 46-2,129. The department shall issue an order of cancellation within sixty days after receipt of the voluntary relinquishment unless the relinquishment is conditioned by the landowner upon an action of a governmental agency. If the relinquishment contains such a provision, the department shall issue its order of cancellation within sixty days after receipt of notification that such action has been completed. The department shall be notified of any such assignment within thirty days after such assignment. If the district or company does not assign the right to use that portion of the appropriation to other land within the district or the area served by the company, does not file an application for a transfer within the five-year period, or does not notify the department within thirty days after any such assignment, that portion of the appropriation shall be canceled without further proceedings by the department and the district or company involved shall be so notified by the department. During the time within which assignment of a portion of an appropriation is pending, the allowable diversion rate for the appropriation involved shall be reduced, as necessary, to avoid inconsistency with the rate allowed by section 46-231 or with any greater rate previously approved for such appropriation by the director in accordance with section 46-229.06.

(6) When it is determined by the director that an appropriation, for which the location of use has been temporarily transferred in accordance with sections 46-290 to 46-294, has not been used at the new location for more than five years and that no sufficient cause for such nonuse exists, the right to use that appropriation at the temporary location of use shall be terminated. Notice of that termination shall be posted on the department’s website and shall be given in the manner provided in subsection (2), (3), or (4) of section 46-229.03. The right to reinitiate use of that appropriation at the location of use prior to the temporary transfer shall continue to exist for five years after the director’s determination, but if such use is not reinitiated at that location within such five-year period, the appropriation shall be subject to cancellation in accordance with sections 46-229 to 46-229.04.

(7) If at the time of a hearing conducted in accordance with subsection (1) of this section there is an application for incidental or intentional underground
water storage pending before the department and filed by the owner of the appropriation, the proceedings shall be consolidated.

In a determination of whether an appropriation should be canceled for nonuse, once it is established that the appropriation has not been used for more than 5 consecutive years, it is the burden of the interested party to present evidence that there was sufficient cause for nonuse. In re Appropriation A-4924, 267 Neb. 430, 674 N.W.2d 788 (2004).

Under former law, at a hearing pursuant to subsection (1) of this section, the presentation of prima facie evidence for the forfeiture and annulment of a water appropriation in the form of the verified field investigation report of an employee of the Department of Natural Resources shifts the burden to an interested party to present evidence that the water appropriation has been put to a beneficial use during the prior 3 consecutive years. In re Water Appropriation A-4924, 267 Neb. 430, 674 N.W.2d 788 (2004).

Under former law, evidence of beneficial use of a water appropriation more than 3 years prior to the hearing on the adjudication of the water right does not establish sufficient cause for nonuse pursuant to subsection (3)(c) of this section. In re Water Appropriation A-4924, 267 Neb. 430, 674 N.W.2d 788 (2004).

The statutory procedure set forth is not the only procedure for canceling water rights. When an application is made to transfer water rights which no longer exist because of nonuse, the director may cancel the rights in the transfer proceeding if the evidence shows that the rights have expired through nonuse. In re Applications T-61 and T-62, 232 Neb. 316, 440 N.W.2d 466 (1989).

Reports of department engineers are prima facie evidence on issue of abandonment. State v. Birdwood Irr. Dist., 154 Neb. 52, 46 N.W.2d 884 (1951).

46-229.05 Adjudication of water rights; appeal.

An appeal may be taken from the decision of the department upon such hearing as provided by section 61-207.

46-229.06 Appropriations; partial cancellation; rate of diversion; determination.

When a departmental proceeding that is conducted pursuant to sections 46-229 to 46-229.04 concerns the partial cancellation of an appropriation, the department may receive evidence on the question of whether, following such partial cancellation, a reduction in the rate of diversion to the maximum rate prescribed in section 46-231 would result in an authorized diversion rate less than the rate necessary, in the interests of good husbandry, for the production of crops on the lands that remain subject to the appropriation. If the director determines, based on a preponderance of the evidence, that such rate would be less than the rate necessary, in the interests of good husbandry, for the production of crops, he or she may approve a diversion rate for the remaining portion of the appropriation greater than the maximum rate authorized by
section 46-231. Such increased rate can be no greater than the rate authorized for the appropriation prior to the partial cancellation and no greater than the rate determined by the director to be necessary, in the interests of good husbandry, for the production of crops on the lands that remain subject to the appropriation.

46-230 Adjudication of water rights; record; duty of appropriation owner to furnish information; notice.

(1) As the adjudication of a stream progresses and as each claim is finally adjudicated, the director shall make and cause to be entered of record in his or her office an order determining and establishing the priorities of right to use the water of such stream, the amount of the appropriation of the persons claiming water from such stream and the character of use for which each appropriation is found to have been made, and the address of the owner of each water appropriation.

(2) Whenever requested by the department, the owner of any appropriation not held by an irrigation district, reclamation district, public power and irrigation district, or mutual irrigation or canal company shall provide the department with the name, address, and telephone number of each then-current owner of the appropriation and with the name, address, and telephone number of any tenant or other person who is authorized by the owner to receive opening and closing notices and other departmental communications relating to the appropriation. Each appropriation owner shall also notify the department any time there is a change in any of such names, addresses, or telephone numbers. Notice of ownership changes may be provided to the department in the manner provided in section 76-2,124 or in any other manner authorized by the department. If notice of an ownership change is provided other than in accordance with such section, the notice shall include such evidence of ownership as the director may require. Notice of all other changes may be provided in any manner authorized by the department. Upon receipt of any new information, the department shall update its records. The department shall not collect a fee for the filing of any such information or for updating its records.

46-231 Amount and priority of appropriation; determination; limitation of amount; storage water.

Each appropriation shall be determined in its priority and amount by the time at which it is made and the amount of water which the works are constructed to carry. An appropriator shall at no time be entitled to the use of more than he or she can beneficially use for the purposes for which the appropriation has been made, and the amount of any appropriation made by means of enlargement of the distributing works shall be determined in like manner.
GENERAL PROVISIONS § 46-233

An allotment from the natural flow of streams for irrigation shall not exceed one cubic foot per second of time for each seventy acres of land and shall not exceed three acre-feet in the aggregate during one calendar year for each acre of land for which such appropriation has been made, and an allotment shall not exceed the least amount of water that experience may indicate is necessary, in the exercise of good husbandry, for the production of crops. Such limitations do not apply to storage waters or to water appropriations transferred pursuant to sections 46-2,122 to 46-2,125 and 46-2,127 to 46-2,129.

When storage water is being used in addition to the natural flow, the person in charge of the ditch or canal shall, upon his or her request and within twenty-four hours thereof, be notified in writing by the user of such storage waters of the time of withdrawal from natural streams to be distributed according to law.

When an appropriation is for irrigation purposes and the amount is so small that a proper distribution and application is impractical, as much water as the applicant can use without waste may be allotted for a limited time so fixed by the department as to give each appropriator his or her just share without violating other rights, so long as (1) the volume of water used in a twenty-four-hour period does not exceed the amount of water that would otherwise have been allowed at the approved fixed continuous rate for a twenty-four-hour period or (2) the volume of water used in a seven-day, Monday-through-Sunday period does not exceed the amount of water that would otherwise have been allowed at the approved fixed continuous rate for a seven-day period. The department shall determine schedules among appropriators to assure that other rights are not violated.

Property rights in water for irrigation consist not alone in the amount of, but also in the priority of, the appropriation. Vonburg v. Farmers Irr. Dist., 132 Neb. 12, 270 N.W. 835 (1937).

Appropriator takes subject to rights of all prior appropriators, and cannot infringe upon their privileges. Farmers Canal Co. v. Frank, 72 Neb. 136, 100 N.W. 286 (1904); Crawford Co. v. Hathaway, 67 Neb. 325, 93 N.W. 781 (1903).

(f) APPLICATION FOR WATER

46-233 Application to appropriate water; time of making; contents; procedure; priority date; notice; hearing; temporary permit; emergency use.

(1) The United States and every person intending to appropriate any of the public waters of the State of Nebraska shall, before (a) commencing the construction, enlargement, or extension of any works for such purpose, (b) performing any work in connection with such construction, enlargement, or extension, or (c) taking any water from any constructed works, make an application to the department for a permit to make such appropriation. A permit may be obtained to appropriate public waters for intentional underground water storage and recovery of such water. A public water supplier may make application to appropriate public waters for induced ground water recharge.
(2) The application shall be upon a form prescribed and furnished by the department without cost to an applicant. Such application shall set forth (a) the name and post office address of the applicant, (b) the source from which such appropriation shall be made, (c) the amount of the appropriation desired, as nearly as it may be estimated, (d) the location of any proposed work in connection with the appropriation, (e) the estimated time required for its completion, which estimated time shall include the period required for the construction of ditches, pumps, and other features or devices, (f) the time estimated at which the application of the water for the beneficial purposes shall be made, which time shall be limited to a reasonable time following the estimated time of completion of the work when prosecuted with diligence, (g) the purpose for which water is to be applied and (i) if for induced ground water recharge by a public water supplier, a statement of the times of the year when and location along a stream where flows for induced ground water recharge are proposed and (ii) if for irrigation, a description of the land to be irrigated by the water and the amount, and (h) such facts and supporting documentation as are required by the department which shall include, but not be limited to, the depth of all wells, the extent of the underlying aquifer, the expected rate of recharge, the minimum flow or flows necessary to sustain the well field throughout the reach identified, and the period of time that a well field would continue to meet minimal essential needs of the public water supplier when there is no flow as those factors relate to and are part of an evaluation of pertinent hydrologic relationships.

A public water supplier making application for induced ground water recharge may submit with its application a statement of the amount of induced ground water recharge water which the public water supplier presently uses as well as the amount of induced ground water recharge water it anticipates using in the next twenty-five-year period. Such statement shall also quantify the total amount of water the public water supplier presently uses from the well field as well as the total amount of water it anticipates using from the well field in the next twenty-five-year period.

(3) Upon receipt of an application containing the information set forth in this section, the department shall (a) make a record of the receipt of the application, (b) cause the application to be recorded in its office, and (c) make a careful examination of the application to ascertain whether it sets forth all the facts necessary to enable the department to determine the nature and amount of the proposed appropriation. If such an examination shows the application in any way defective, it shall be returned to the applicant for correction, with a statement of the correction required, within ninety days after its receipt. Ninety days shall be allowed for the refiling of the application, and in default of such refiling, the application shall stand dismissed. Except as provided in subsection (4) of this section, if so filed and corrected as required within such time, the application shall, upon being accepted and allowed, take priority as of the date of the original filing, subject to compliance with the future provisions of the law and the rules and regulations thereunder. During the pendency of any application or upon its approval, the department, upon proper authorization and request of the applicant, may assign the application a later priority date.

(4) For public water supplier wells in existence on September 9, 1993, the priority date assigned to an application for induced ground water recharge made by a public water supplier shall be:
(a) June 27, 1963, for water supply wells and facilities constructed and placed in service on or before June 27, 1963;

(b) January 1, 1970, for water supply wells and facilities constructed and placed in service on or after June 28, 1963, and on or before December 31, 1969;

(c) January 1, 1980, for water supply wells and facilities constructed and placed in service on or after January 1, 1970, and on or before December 31, 1979;

(d) January 1, 1990, for water supply wells and facilities constructed and placed in service on or after January 1, 1980, and on or before December 31, 1989; and

(e) January 1, 1993, for water supply wells and facilities constructed and placed in service on or after January 1, 1990, and on or before September 9, 1993.

(5) Prior to taking action on an application for induced ground water recharge, the director shall publish notice of such application at the applicant’s expense at least once each week for three consecutive weeks in a newspaper of general circulation in the area of the stream segment and also in a newspaper of statewide circulation. The notice shall state that any person having an interest may, in writing, object to the application. Any such objection shall be filed with the department within two weeks after the final publication of the notice.

(6) After the director has accepted the application made under subsection (2) of this section as a completed application and published notice as required under subsection (5) of this section, the director shall, if he or she determines that a hearing is necessary, set a time and place for a public hearing on the application. The hearing shall be held within reasonable proximity to the area in which the wells are or would be located. At the hearing the applicant shall present all hydrological data and other evidence supporting its application. All interested parties shall be allowed to testify and present evidence relative to the application.

(7) An unapproved application pending on August 26, 1983, may be amended to include appropriation for intentional underground water storage and recovery of such water.

(8) Application may be made to the department for a temporary permit to appropriate water. The same standards for granting a permanent appropriation shall apply for granting such temporary permit except when the temporary permit is for road construction or other public use construction and the amount of water requested is less than ten acre-feet in total volume. For temporary permits for public-use construction, the applicant shall include on the application the location of the diversion, the location of use, a description of the project, the amount of water requested, and the person to contact. Temporary permits for public-use construction and for less than ten acre-feet in total volume may be granted without any determination of unappropriated water and shall be considered to be in the public interest. The requirement of filing a map or plans with the application for a temporary permit may be waived at the discretion of the director. In granting a temporary permit, the director shall specify a date on which the right to appropriate water under the permit shall expire. Under no circumstances shall such date be longer than one calendar year after the date the temporary permit was granted. Temporary permits shall
be administered during times of shortage based on priority. The right to appropriate water shall automatically terminate on the date specified by the director on the temporary permit without further action by the department.

(9) Water may be diverted from any stream, reservoir, or canal by any fire department or emergency response services for the purpose of extinguishing a fire in progress in an emergency without obtaining a permit from the department. The installation of a dry well for this purpose is allowed without the prior permission of the department, but the department shall be informed of any such installation, its location, and the party responsible for its installation and maintenance within thirty days after the installation.

This section does not supplant the common-law standard of standing. Metropolitan Utilities Dist. v. Twin Platte NRD, 250 Neb. 442, 550 N.W.2d 907 (1996).

An application to divert water is only a request for permission to appropriate public waters of the state. In re Applications A-16027 et al., 242 Neb. 315, 495 N.W.2d 23 (1993).

An application for a water permit under this section is not required until actual construction work at the site is commenced. Winter v. Lower Elkhorn Nat. Resources Dist., 206 Neb. 70, 291 N.W.2d 245 (1980).

Requirements for appropriation of water for power purposes are met when appropriator has constructed power facilities and is ready and willing to deliver hydroelectric energy to users upon demand. Hickman v. Loup River P. P. Dist., 176 Neb. 416, 126 N.W.2d 404 (1964).

The federal government has a right to appropriate flood and unused waters in connection with any irrigation project constructed by the United States. Frenchman Valley Irr. Dist. v. Smith, 167 Neb. 78, 91 N.W.2d 415 (1958).

Appropriated waters should be measured at the point of diversion. Loup River Public Power District v. North Loup River Public Power & Irr. Dist., 142 Neb. 141, 5 N.W.2d 240 (1942).

Property rights for irrigation purposes consist not alone in the amount of, but also in the priority of, the appropriation. Vonburg v. Farmers Irr. Dist., 132 Neb. 12, 270 N.W. 835 (1937).

Under former law, Department of Roads and Irrigation was given discretionary power in acting upon applications to so limit the grant that it would not be detrimental to public welfare. Kirk v. State Board of Irrigation, 90 Neb. 627, 134 N.W. 167 (1912).

Under former law, judgment of Department of Roads and Irrigation on matters within its jurisdiction could not be collaterally attacked, and earlier section was not applicable to case where land was under ditch already constructed of sufficient capacity to water same. State v. Several Parcels of Land, 80 Neb. 424, 114 N.W. 283 (1907).

Application which does not contain description of land nor describe location of canal is not good. Farmers Canal Co. v. Frank, 72 Neb. 136, 100 N.W. 286 (1904).

46-233.01 Permit to appropriate water for use in another state; application; considerations; determination.

(1) Application may be made to the department for a permit to appropriate any of the public surface waters of the State of Nebraska to be diverted or stored in Nebraska for use in any other state.

(2) In determining whether to grant such application, the director shall consider the following factors:

(a) Whether unappropriated water exists in the source of supply named in the application;

(b) Whether such application and appropriation when perfected are not otherwise detrimental to the public welfare;

(c) Whether denial of the application is demanded by the public interest; and

(d) Whether the proposed use is a beneficial use of water.

(3) When determining whether denial of such application is demanded by the public interest, the director shall consider the following factors:

(a) The economic, environmental, and other benefits of the proposed use;
(b) Any adverse economic, environmental, and other impacts of the proposed use;

(c) Any current beneficial uses being made of the unappropriated water;

(d) The economic, environmental, and other benefits of not allowing the appropriation and preserving the water supply for beneficial uses within the state;

(e) Alternative sources of water supply available to the applicant; and

(f) Any other factors consistent with the purposes of this section that the director deems relevant to protecting the interests of the state and its citizens.

The application shall be deemed in the public interest if the overall benefits to Nebraska are greater than the adverse impacts to Nebraska. The director’s order granting or denying an application shall specify the reasons for such action, including a discussion of the required factors for consideration, and shall document such decision by reference to the hearing record, if any, and to any other sources used by the director in making the decision.

46-233.02 Appropriation of water for use in another state; laws governing; rights of appropriators.

Such applications and all rights thereunder shall be governed by the provisions of the Constitution and statutes of Nebraska as now existing or hereafter amended. Appropriators under the provisions of sections 46-233.01 and 46-233.02 shall have no greater rights than those under appropriations for use within the State of Nebraska.

46-234 Application for water; refusal; grounds; effect; necessity for consent; perfection of appropriation; time allowed.

If there is no unappropriated water in the source of supply or if a prior appropriation has been perfected to water the same land to be watered by the applicant, the department may refuse such application. An application may also be refused (1) if existing facilities other than those owned or operated by the applicant are to be utilized and the applicant fails to show, by documentary evidence, agreements with the owner and operator of the facilities to allow the applicant to use such facilities or (2) when denial is demanded by the public interest. The party making such application shall not prosecute such work so long as such refusal continues in force. An application for appropriation shall not be exclusive of any of the lands included therein until the owner or owners of such land give consent to the same in proper form duly acknowledged. No application made or canal constructed, prior to the application of the water and the perfection of an appropriation therefor or the filing of the consent, shall prevent other applications from being allowed and other canals from being constructed to irrigate the same lands or any of them. In case of an application for an appropriation of water for the development of water power, the department shall promptly act upon such application and limit the time within which
§ 46-234  IRRIGATION AND REGULATION OF WATER

such appropriation shall be perfected to the period within which the proposed power project can be completed by uninterrupted and expeditious construction.

46-235 Application for water; approval; date of priority; conditional or partial approval; hearing; director; powers and duties.

(1) For applications other than those to appropriate public waters for induced ground water recharge, if there is unappropriated water in the source of supply named in the application, if such application and appropriation when perfected are not otherwise detrimental to the public welfare, and if denial of the application is not demanded by the public interest, the department shall approve the application and shall make a record in its office and return the application to the applicant, who shall on receipt thereof be authorized to proceed with the work and to take such measures as may be necessary to perfect such application into an appropriation. The priority of such application and appropriation when perfected shall date from the filing of the application in the office of the department, and the date of filing shall be regarded as the priority number thereof. The department may, upon examination of such application, approve it for a shorter period of time for perfecting the proposed appropriation or for a smaller amount of water or of land than applied for. The department may also impose such other reasonable conditions as it deems appropriate to protect the public interest. An applicant aggrieved by the action of the department shall, upon proper showing, be granted a hearing before the department, which hearing shall be conducted in accordance with the rules of procedure adopted by the department, and a full and complete record shall be kept of all such proceedings. When a complete record of the case has been made up, the department shall render an opinion of facts and of law based upon the evidence before it.

(2)(a) An application for an induced ground water recharge appropriation for public water supplier wells constructed and placed in service before September 9, 1993, shall be approved by the director if he or she finds that:

(i) The appropriation is necessary to maintain the well or wells for the use or uses for which the appropriation has been requested;

(ii) The rate and timing of the flow is the amount reasonably necessary to maintain the well or wells for the uses for which the appropriation has been requested; and

(iii) The application is in the public interest and is not detrimental to the public welfare. There shall be a rebuttable presumption that wells which are the subject of an application pursuant to subdivision (2)(a) of this section are in the public interest and are not detrimental to the public welfare.

(b) The director may approve the application for a well or wells constructed before September 9, 1993, but may specifically deny the applicant the right to request regulation of junior appropriators if the director, at the time of approval, finds that the well or wells, at the time of their construction, were not located, designed, or constructed so as to take reasonable advantage of aquifer conditions in the area to minimize the frequency and amount of the demand for flows for induced ground water recharge. Thereafter a public water supplier
holding an approved application which has been denied the right to request regulation of junior appropriators may petition the director for a hearing to present evidence showing the director that the well or wells have been modified, relocated, or reconstructed to take reasonable advantage of the aquifer conditions in the area. If the director determines that the well or wells have been so modified, relocated, or reconstructed, the director shall cause to be modified the approval of the application to allow for the regulation of junior appropriators, subject to the restrictions or conditions applicable to public water suppliers.

(c) An application for an induced ground water recharge appropriation for public water supplier wells constructed and placed in service before September 9, 1993, shall not be subject to the requirements of sections 46-288 and 46-289.

(3) An application for an induced ground water recharge appropriation for public water supplier wells constructed or to be constructed on or after September 9, 1993, shall be approved by the director if he or she makes the findings required by subdivision (2)(a) of this section and further finds that:

(a) There is unappropriated water available for the appropriation; and

(b) The well or wells involved have been or will be located and constructed to take reasonable advantage of aquifer conditions in the area to minimize the frequency and amount of the demand for flows for induced ground water recharge.

(4)(a) The director may approve the application filed under subsection (2) or (3) of this section for a smaller amount of water than requested by the applicant. The director may also impose reasonable conditions on the manner and timing of the appropriation which the director deems necessary to protect the public interest. The director may grant an appropriation for specific months of the year if so demanded by the public interest. If the director approves the application, he or she shall issue a written order, which written order shall include the findings required by this section, the amount of the appropriation, and any conditions or limitations imposed under this section.

(b) In determining whether an application for an appropriation for induced ground water recharge is in the public interest, the director’s considerations shall include, but not be limited to, the possible adverse effects on existing surface water or ground water users and the economic, social, and environmental value of such uses, including, but not limited to, irrigation, recreation, fish and wildlife, public water supply, induced ground water recharge for public water supply systems, and water quality maintenance.

(c) The stream segment and the determination of a reasonable and necessary amount of water required for induced ground water recharge purposes throughout the reach shall be defined specifically by the director in the order issued under this section.

Because the word “may” in a statute will be given its ordinary, permissive, and discretionary meaning unless it can be shown that the intent of the drafters would be defeated by the application of such a meaning, the Department of Water Resources may decline to approve an appropriation of water which is significantly less than the application requests and may also impose such other reasonable conditions as it deems appropriate to protect the public interest. In re Application A-15738, 226 Neb. 146, 410 N.W.2d 101 (1987).

Order approving application for appropriation may be made subject to limitations and conditions. Ainsworth Irr. Dist. v. Bejot, 170 Neb. 257, 102 N.W.2d 416 (1960).

Approval of application for an appropriation is an exercise of quasi-judicial power by the department. North Loup River P. P. & I. Dist. v. Loup River P. P. Dist., 162 Neb. 22, 74 N.W.2d 863 (1956).

An appropriation of public waters may be allowed in an amount less than that applied for, and if the applicant is dissatisfied, he must appeal. Loup River Public Power District v. North Loup River Public Power & Irr. Dist., 142 Neb. 141, 5 N.W.2d 240 (1942).

The irrigation act of 1889 prescribed no method of making a claim of appropriation of water, except the construction of works in which to divert the water and diverting it into such works. The extent of the appropriation was measured by the appropriation claimed, but within the limits of the capacity of the diversion works. Vonburg v. Farmers Irr. Dist., 132 Neb. 12, 270 N.W. 835 (1937).

§ 46-235.01 Public water supplier; appropriation for induced ground water recharge; hearing; evidence of beneficial use; priority date; vesting.

A public water supplier which has received an appropriation for induced ground water recharge pursuant to section 46-235 may, from time to time and within twenty-five years after the priority assigned pursuant to section 46-233, petition the department for a hearing to present evidence showing that all or part of the original projection for additional water needs specified pursuant to subsection (2) of section 46-233 corresponds with the actual use. To the extent the public water supplier is making beneficial use of all or a portion of the water projected in the original application, the right to use such additional water shall vest and the priority date of such anticipated water use shall date back to the priority date assigned pursuant to section 46-233. A public water supplier may not request such a hearing at intervals of less than five years for each approved application.

§ 46-235.02 Public water supplier; payment of compensation; when.

(1) Just compensation shall be required if a public water supplier exercises a preference to the injury of a senior appropriator.

(2) Just compensation shall be provided by a public water supplier to any injured junior appropriator whose appropriation was perfected prior to September 9, 1993, if and to the extent such injury resulted from regulation of junior appropriators requested by the public water supplier to provide water for any purpose other than domestic. Such compensation shall not be required to a junior appropriator if the regulation requested is to provide water for domestic purposes only. At the time any junior appropriator whose appropriation was perfected prior to September 9, 1993, is regulated at the request of a public water supplier, the department shall determine for each such appropriator the extent to which the regulation is for domestic purposes and the extent to which it is for other purposes.

(3) A cause of action for just compensation shall accrue at the time a junior appropriator is regulated by the department.

§ 46-235.03 Public water suppliers; natural resources districts; powers.

Natural resources districts shall have the authority to impose restrictions or controls on public water suppliers as specified in the Nebraska Ground Water Management and Protection Act. Such restrictions or controls may limit the

Reissue 2021 100
withdrawal of ground water to a greater degree or extent than is otherwise permitted or allowed by a permit issued by the department.

### 46-235.04 Induced ground water recharge appropriations; administration; transfer of priority dates; procedure.

(1) Induced ground water recharge appropriations shall be administered in the same manner as prescribed by Chapter 46, article 2, for other appropriations. Appropriations for induced ground water recharge may be canceled and annulled as provided in sections 46-229.02 to 46-229.05.

(2) The department may approve the transfer of priority dates among water wells, including replacement water wells, located within a single well field that are subject to an induced recharge appropriation, or are part of an application for such an appropriation, to improve the well field’s efficiency of operation with respect to river flow. The transfers shall be approved if the department finds that (a) the transfers would not increase the quantity of induced ground water recharge under the original priority date or application, (b) the amount of water withdrawn from water wells under the original priority date or application would not increase, (c) the quantity of streamflow needed to sustain well field operation under the original priority date would decrease, (d) the transfer would not impair the rights of other appropriators, and (e) the transfer is in the public interest in the same manner as provided in section 46-235. The department may assign multiple priority dates to a single water well that replaces two or more water wells which are abandoned. Replacement water wells installed pursuant to this subsection must be installed within the same well field as the abandoned water well. Notice shall be furnished and any hearing held as provided in sections 46-291 and 46-292. For purposes of this subsection, single well field means those contiguous tracts of land owned or leased by the applicant containing two or more water wells subject to induced recharge.

### 46-236 Application for water power; lease from state required; fee; renewal; cancellation; grounds.

An application for appropriation of water for water power shall meet the requirements of section 46-234 and subsection (1) of section 46-235 to be approved. Within six months after the approval of an application for water power and before placing water to any beneficial use, the applicant shall enter into a contract with the State of Nebraska, through the department, for leasing the use of all water so appropriated. Such lease shall be upon forms prepared by the department, and the time of such lease shall not run for a greater period than fifty years; and for the use of water for power purposes the applicant shall pay into the state treasury on or before January 1 each year fifteen dollars for each one hundred horsepower for all water so appropriated. Upon application of the lessee or its assigns, the department shall renew the lease so as to continue it and the water appropriation in full force and effect for an additional period of fifty years.
§ 46-236  IRRIGATION AND REGULATION OF WATER

Upon the failure of the applicant to comply with any of the provisions of such lease and the failure to pay any of such fees, the department shall notify the lessee that the required fees have not been paid to the department or that the lessee is not otherwise in compliance with the provisions of the lease. If the lessee has not come into compliance with all provisions of the lease or has not paid to the department all required fees within fifteen calendar days after the date of such notice, the department shall issue an order denying the applicant the right to divert or otherwise use the water appropriation for power production. The department shall rescind the order denying use of the water appropriation at such time as the lessee has come into compliance with all provisions of the lease and has paid all required fees to the department. If after forty-five calendar days from the date of issuance of the order the lessee is not in compliance with all provisions of the lease or required fees have not been paid to the department, such lease and water appropriation shall be canceled by the department.

46-237 Map or plat; requirements; failure to furnish; effect.

(1) Within six months after approval and allowance of an application other than an application to appropriate public waters for induced ground water recharge, the applicant shall file in the office of the department a map or plat which shall conform to the rules and regulations of the department as to material, size, coloring, and scale. Such map or plat shall show the source from which the proposed appropriation is to be taken and all proposed dams, dikes, reservoirs, canals, powerhouses, and other structures for the purpose of storing, conveying, or using water for any purpose whatsoever and their true courses or positions in connection with the boundary lines and corners of lands which they occupy. The lands to be irrigated shall be identified in the manner prescribed by the department. No rights shall be deemed to have been acquired until the provisions of this section have been complied with. Except as provided in subsection (2) of this section, failure to so comply shall work a forfeiture of the appropriation and all rights thereunder.

(2) For any appropriation with a priority date earlier than 1958 but for which either the appropriator has failed to comply with the requirements of subsection (1) of this section or a map or plat required by such subsection has been lost or destroyed through no fault of the appropriator, the lack of such compliance or of such map or plat shall not be the basis for a departmental adjudication or cancellation of the appropriation and the appropriation shall not be subject to legal challenge by any party on that basis.

(3) The department may notify any appropriator subject to subsection (2) of this section of the need to file a map or plat of lands under such appropriation. Unless the department grants an extension for good cause shown, the appropriator shall file the required map within three years after that notification and such map shall conform to the rules and regulations of the department as to material, size, coloring, and scale. If the appropriator fails to comply, the
department may deny the appropriator the right to divert or withdraw water subject to the appropriation until compliance has been achieved.

Under former law, where application for appropriation was approved by Department of Roads and Irrigation, and filing of map, etc., was made within six months thereafter pursuant to earlier section, department had discretion to extend time to complete work, owing to abnormal conditions. In re Application of Babson, 105 Neb. 317, 180 N.W. 562 (1920).

46-238 Construction of project; time restrictions; failure to comply; forfeiture; extension of time for completion of work; appeal.

(1) Within twelve months after the approval of any application for water for irrigation, power, or other useful purpose by the department, the person making such application shall commence the excavation or construction of the works in which it is intended to divert the water and the actual construction of any water power plant and reservoir or reservoirs for storage in connection therewith and shall vigorously, diligently, and uninterruptedly prosecute such work to completion unless temporarily interrupted by some unavoidable and natural cause. A failure to comply with this section shall work a forfeiture of the appropriation and all rights under the appropriation. The cost of promotion and engineering work shall not be considered a part of the cost of construction, and the progress of the construction work shall be such that one-tenth of the total work shall be completed within one year from the date of approval of the application. The construction of all work required in connection with the proposed project shall be prosecuted in the manner described in this section and with such a force as shall assure the average rate of constructional progress necessary to complete such work or works within the time stipulated in the approval of such application, notwithstanding the ordinary delays and casualties that must be expected and provided against. A failure to carry on the construction of either an irrigation project or a water power project as outlined in this section shall work a forfeiture of the appropriation and all rights under the appropriation, and the department shall cancel such appropriation. The department shall have free access to all records, books, and papers of any irrigation or water power company, shall have the right to go upon the right-of-way and land of any such company, shall inspect the work to see that it is being done according to plans and specifications approved by the department, and shall also keep a record of the cost of construction work when deemed advisable for physical valuation purposes.

(2) The department may extend, for reasonable lengths of time, the time for commencing excavation or construction, completion of works, the application of water to a beneficial use, or any of the other requirements for completing or perfecting an application for flow or storage rights as fixed in the approval of an application or otherwise for the appropriation of water. Such extension may be granted upon a petition to the department and the showing of reasonable cause. The department shall cause a notice of each petition received to be published at the petitioner’s expense in at least one newspaper of general circulation in the county or counties of the appropriation once a week for three consecutive weeks. The department shall hold a hearing on the issue of extension on its own motion or if requested by any interested person. If a hearing is held, notice shall be given by certified mail to the applicant, to any
person who requested a hearing, and to any person who requests notification of the hearing. The department may grant the extension in the absence of a hearing if no requests for a hearing are received. Any interested person may be made a party to such action. Any party affected by the decision on the petition may appeal directly to the Court of Appeals. Subsequent extensions may be made in the same manner.

Extension of completion date for construction of irrigation works was authorized when such extension was made necessary by some unavoidable and natural cause. Hickman v. Loup River P. P. Dist., 176 Neb. 416, 126 N.W.2d 404 (1964).

Where one appropriator was not barred by one-year time limitation and brought action, subsequent appropriators could appear and contest by petition in intervention. Hickman v. Loup River P. P. Dist., 173 Neb. 428, 113 N.W.2d 617 (1962).

46-240 Additional appropriation; conditions; application procedure.

Whenever any person shall desire to divert any of the unappropriated waters of any natural lake or reservoir, or any person shall desire to recover any unappropriated water intentionally stored underground, for irrigation or any other beneficial purpose, for which water has already been appropriated, but for which in times of scarcity no water can be obtained from the appropriation already made therefor, such person may make application therefor and proceed as in cases of original application for appropriation.

An application for recovery of water intentionally stored underground may be made only by an appropriator of record who shows, by documentary evidence, sufficient interest in the underground water storage facility to entitle the applicant to the water requested.

46-240.01 Supplemental additional appropriations; agricultural appropriators; application.

All appropriators of water for agricultural purposes of less than the statutory limit of direct flow from the public waters of this state within the drainage basin of the stream from which such waters originate shall be entitled to such additional appropriation or appropriations from the direct flow of such stream, within the statutory limits provided by law, as may be necessary and required for the production of crops in the practice of good husbandry. Applications for such supplemental additional appropriations from the direct flow, upon the
approval or granting thereof, shall have priority within the drainage basin as of the date such applications are filed in the office of the department.

46-241 Application for water; storage reservoirs; facility for underground water storage; eminent domain; procedure; duties and liabilities of owner.

(1) Every person intending to construct and operate a storage reservoir for irrigation or any other beneficial purpose or intending to construct and operate a facility for intentional underground water storage and recovery shall, except as provided in subsections (2) and (3) of this section and section 46-243, make an application to the department upon the prescribed form and provide such plans, drawings, and specifications as are necessary to comply with the Safety of Dams and Reservoirs Act. Such application shall be filed and proceedings had thereunder in the same manner and under the same rules and regulations as other applications. Upon the approval of such application under this section and any approval required by the act, the applicant shall have the right to construct and impound in such reservoir, or store in and recover from such underground water storage facility, all water not otherwise appropriated and any appropriated water not needed for immediate use, to construct and operate necessary ditches for the purpose of conducting water to such storage reservoir or facility, and to condemn land for such reservoir, ditches, or other facility. The procedure to condemn property shall be exercised in the manner set forth in sections 76-704 to 76-724.

(2) Any person intending to construct an on-channel reservoir with a water storage impounding capacity of less than fifteen acre-feet measured below the crest of the lowest open outlet or overflow shall be exempt from subsection (1) of this section as long as there will be (a) no diversion or withdrawal of water from the reservoir for any purpose other than for watering range livestock and (b) no release from the reservoir to provide water for a downstream diversion or withdrawal for any purpose other than for watering range livestock. This subsection does not exempt any person from the requirements of the Safety of Dams and Reservoirs Act or section 54-2425.

(3) Any person intending to construct a reservoir, holding pond, or lagoon for the sole purpose of holding, managing, or disposing of animal or human waste shall be exempt from subsection (1) of this section. This subsection does not exempt any person from any requirements of the Safety of Dams and Reservoirs Act or section 46-233 or 54-2425.

(4) Every person intending to modify or rehabilitate an existing storage reservoir so that its impounding capacity is to be increased shall comply with subsection (1) of this section.

(5) The owner of a storage reservoir or facility shall be liable for all damages arising from leakage or overflow of the water therefrom or from the breaking of the embankment of such reservoir. The owner or possessor of a reservoir or intentional underground water storage facility does not have the right to store water in such reservoir or facility during the time that such water is required downstream in ditches for direct irrigation or for any reservoir or facility holding a senior right. Every person who owns, controls, or operates a reservoir or intentional underground water storage facility, except political subdivisions of this state, shall be required to pass through the outlets of such reservoir.
or facility, whether presently existing or hereafter constructed, a portion of the measured inflows to furnish water for livestock in such amounts and at such times as directed by the department, except that a reservoir or facility owner shall not be required to release water for this purpose which has been legally stored. Any dam shall be constructed in accordance with the Safety of Dams and Reservoirs Act, and the outlet works shall be installed so that water may be released in compliance with this section. The requirement for outlet works may be waived by the department upon a showing of good cause. Whenever any person diverts water from a public stream and returns it into the same stream, he or she may take out the same amount of water, less a reasonable deduction for losses in transit, to be determined by the department, if no prior appropriator for beneficial use is prejudiced by such diversion.

(6) An application for storage and recovery of water intentionally stored underground may be made only by an appropriator of record who shows, by documentary evidence, sufficient interest in the underground water storage facility to entitle the applicant to the water requested.

46-242 Use of stored water; permit; application; conditions; limitations; procedure.

(1) After the completion to the satisfaction of the department of a storage reservoir for which a permit has been obtained pursuant to section 46-241, any person proposing to apply to beneficial use the water stored shall file with the department an application for a permit particularly describing the use to which the water is to be applied and, if for irrigation, describing the land to be irrigated.

(2) Application may be made for a permit to appropriate water for the irrigation of land lying both upstream and downstream from a storage reservoir.
or intentional underground water storage facility. Under an approved application for a permit to appropriate water stored in a reservoir or facility for use on land upstream from such reservoir or facility, water may be diverted from the stream by the applicant and a compensating amount of water shall be released from the reservoir or facility for the use of downstream appropriators, but the rights of prior appropriators shall not be adversely affected by such exchange of water.

(3) The owner of a storage reservoir shall have a preferred right to make such application for a period of six months from the time limited for the completion of such reservoir. The date of the expiration of such period shall be endorsed upon the application when allowed. If an application is made by a person other than the owner of a reservoir at any time, the application shall not be approved by the department until the applicant shows, by documentary evidence, sufficient interest in such storage reservoir to entitle the applicant to enough water for the purpose set forth in the application.

(4) Application may be made for a permit to appropriate water from a storage reservoir, subject to subsection (3) of this section, or an intentional underground water storage facility, subject to subsection (6) of section 46-241, for instream use of water for recreation or fish and wildlife if the appropriation will not prejudice the rights of any prior appropriator for a beneficial use.

(5) An unapproved application for a permit pursuant to this section which is pending on August 26, 1983, may be amended to include use of stored water for intentional underground water storage.

GENERAL PROVISIONS § 46-252

46-252 Conducting of water into or along natural channels; withdrawal; permit, when required; liability.

(1) Any person may conduct, either from outside the state or from sources located in the state, quantities of water over and above those already present into or along any of the natural streams or channels of this state, for purposes of instream beneficial uses or withdrawal of some or all of such water for out-of-stream beneficial uses, at any point without regard to any prior appropriation of water from such stream, due allowance being made for losses in transit to be determined by the Department of Natural Resources. The department shall monitor movement of the water by measurements or other means and shall be responsible for assuring that such quantities are not subsequently diverted or withdrawn by others unless they are authorized to do so by the person conducting the water.

(2) Except as provided in subsections (3) and (4) of this section, before any person may conduct water into or along any of the natural streams or channels of the state, he or she shall first obtain a permit from the department. Application for the permit shall be made on forms provided by the department. Applications shall include plans and specifications detailing the intended times, amounts, and streamreach locations and such other information as required by the department. The water subject to such a permit shall be deemed appropriated for the use specified in the permit. Permitholders shall be liable for any damages resulting from the overflow of such stream or channel when water so conducted contributed to such overflow.

(3) Any person actually engaged in the construction or operation of any water power plant may, without filing with the department and upon payment of all damages, use any such stream or channel for a tailrace or canal and may, whenever necessary, widen, deepen, or straighten the bed of any such stream. All damages resulting therefrom shall be determined in the manner set forth in sections 76-704 to 76-724.

(4) Any person holding a storage use permit pursuant to section 46-242 shall not be required to obtain the permit required by this section.

(5) Nothing in this section shall be construed to exempt a person from obtaining any other permits required by law.

§ 46-252

Diversion of waters across lands of another without compliance with statute was enjoined, though permission was granted by board of public works. Harris v. Steele, 110 Neb. 213, 193 N.W. 268 (1923).

In interest of good husbandry, flow of surface waters along natural depressions or drainways through farm lands may be accelerated and incidentally increased by artificial means. Steinert v. Steiner, 97 Neb. 449, 150 N.W. 205 (1914).

§ 46-253 Ditches; changing line; flow maintained; liability.

No owner of any ditch or canal shall change the line of the ditch or canal so as to interfere with the use of water by anyone, who, prior to the proposed change, had used water for irrigation purposes from such ditch or canal, and the owner of such ditch or canal shall keep the same in good repair so as to permit the water to flow in a quantity sufficient to furnish the statutory amount to the lands entitled thereto at all reasonable times. The majority of the water users under any ditch may designate such reasonable time for the use of water as such majority may determine upon, upon a written notice signed by such majority to the persons in control of such ditch or canal. The owners, or those in control, may limit the flow of water in the canal in accordance with such notice, between April 1 and May 1, and October 1 and November 15. No ditch shall be closed between May 1 and October 1. For a failure to cause the water to flow as aforesaid, the owners, or those in control, of any such ditch or canal shall be liable to anyone for any damage resulting from such failure, unavoidable accidents and shortage in the source of supply excepted.

Action to enjoin district from using waters of stream, brought after close of irrigation season, in county other than that where principal place of business of district is located, making parties defendant certain public officers whose terms expire before beginning of next irrigation season in order to confer jurisdiction in court, will be dismissed for want of jurisdiction. Platte Valley Irr. Dist. v. Bryan, 130 Neb. 657, 266 N.W. 73 (1936).

§ 46-254 Interfering with waterworks; taking water without authority; penalty.

Any person owning or in control of any ditch, reservoir, or other device for appropriating or using water who willfully opens, closes, changes, or interferes with any headgate or controlling gate, or by any method or means takes any water from any natural stream, reservoir, or other source, through any ditch or canal to any land or lands, or allows the same to be done, or uses or allows to be used any water upon any land or lands, or for any other purpose whatsoever, without authority from the Department of Natural Resources, or who stores water in or releases water from a reservoir other than in compliance with orders of the Director of Natural Resources or his or her representative, shall be guilty of a Class II misdemeanor. Each day that the water is allowed to run without authority from the department shall constitute a separate offense.

46-255 Ditches; construction through private property; bridges and gates.

Any person, constructing a ditch or canal through the lands of another, having no interest in such ditch or canal, shall build such ditch or canal in a substantial manner so as to prevent damage to such land. In all cases where necessary for the free and convenient use of lands on both sides of the ditch or canal by the owner or owners of such lands, the owner or those in control of such ditch shall erect substantial and convenient bridges across such canal or ditch, and they shall erect and keep in order suitable gates at the point of entrance and exit of such ditch through any enclosed field.

Section applies whether owner owned property at time ditch or canal was built or subsequently acquired same by purchase. State ex rel. O’Shea v. Farmers Irr. Dist., 98 Neb. 239, 152 N.W. 372 (1915), affirmed by Farmers Irr. Dist. v. O’Shea, 244 U.S. 325 (1917).

Injunction is proper remedy for preventing one, without authority, from crossing canal with lateral for purpose of carrying water from another canal to his land. Castle Rock Irr. Canal & Water Power Co. v. Jurisch, 67 Neb. 377, 93 N.W. 690 (1903); Park v. Ackerman, 60 Neb. 405, 83 N.W. 173 (1900).

46-256 Persons controlling canals or reservoirs; headgates and measuring devices; failure to construct; construction by Department of Natural Resources.

Persons owning or controlling any ditch, canal, or reservoir for the purpose of storing or using water for any purpose shall, upon thirty days’ notice by the Department of Natural Resources, construct and maintain at the point of diversion a substantial headgate, of a design approved by the department, so built that it may be closed, or partially closed and fastened at any stage with lock or seal. They shall also construct a device for measuring and apportioning the water appropriated, which device shall be of a design approved by the department and built at the most practical point to be selected and fixed by it. If they neglect or refuse, for a period of ten days, to construct such headgate and measuring device, the department shall refuse to allow any water to be delivered to or used by or through any such ditch, canal, or reservoir or any other contrivance or device for appropriating, using, or storing water, and the department may construct bars, dams, or other obstructions to prevent such delivery or use.

Installation of measuring device was properly required as a condition to allowance of appropriation of water. Ainsworth Irr. Dist. v. Bejot, 170 Neb. 257, 102 N.W.2d 416 (1960).

Appropriated waters should be measured at the point of diversion. Loup River Public Power Dist. v. North Loup River Public Power & Irr. Dist., 142 Neb. 141, 5 N.W.2d 240 (1942).

46-258 Ditches; maintenance; outlets; headgates; duties of owner.

Any owner or person in control of any ditch for irrigation purposes shall have the ditch in order to receive water from the source of supply on or before April 15 of each year, shall construct necessary outlets in the banks for the delivery of
§ 46-258  IRIGATION AND REGULATION OF WATER

water to all persons who are entitled to the same, and shall maintain a substantial headgate and measuring box or weir at the head of each lateral, which shall be constructed in accordance with plans and specifications approved by the Department of Natural Resources. A multiplicity of outlets shall be avoided. The outlet shall be at the most convenient and practicable point consistent with the protection and safety of the ditch and the efficient distribution of water among the various claimants thereof.

This section does not affect the duty of irrigation district to furnish water, but only prescribes upon whom duty to construct outlets rests. State ex rel. Clarke v. Gering Irr. Dist., 109 Neb. 642, 192 N.W. 212 (1923).

46-259 Running water in rivers and ravines; right to use.

The right to the use of running water flowing in any river or stream or down any canyon or ravine may be acquired by appropriation by any person.

The right to appropriate water for irrigation purposes is limited to waters of natural streams. Rogers v. Petsch, 174 Neb. 313, 117 N.W.2d 771 (1962).

Under the irrigation act of 1889, a water right for purposes of irrigation need not have been attached to any particular tract of land. Vonburg v. Farmers Irr. Dist., 132 Neb. 12, 270 N.W. 835 (1937).

46-261 Lands to be irrigated; appropriations transferred; information filed with Department of Natural Resources; recording gauges; failure to install; effect.

(1) The Department of Natural Resources may require an appropriator or his or her agent to furnish the department, by April 1 in any year, a list or map of all lands to be irrigated, the acreage of each tract, and the names of the owners, controllers, or officers for every ditch, reservoir, or other device for appropriating, diverting, carrying, or distributing water to be used as a basis for the distribution of water until April 1 of the following year, and if so ordered such a list or map shall be furnished by the appropriator or his or her agent to the department.

(2) By April 1, any district or company which has transferred an appropriation pursuant to sections 46-2,127 to 46-2,129 in the previous calendar year shall provide the department:

(a) A legal description and list or map of the tracts of land receiving and transferring an appropriation of water, or portion thereof, within the district or company;

(b) The water appropriation permit number under sections 46-233 to 46-235 and the priority date of the water appropriation;

(c) A statement on whether objections were filed, whether a hearing was held, and how consent was given;

(d) The effective date of the transfer of the appropriation; and

(e) A statement summarizing the water use on the receiving and transferring tracts of land.
The department may require the owner or controller of any canal or ditch to install an approved recording gauge at one or more specific locations to record the amount of water used.

For any appropriation not held by an irrigation district, a reclamation district, a public power and irrigation district, or a mutual irrigation or canal company, the department may require the owner of an appropriation for irrigation purposes to provide the department with any or all of the following information relative to the use of water under the appropriation during the previous irrigation season: (a) A list or map of all lands irrigated; (b) the acreage of each tract irrigated; (c) the rate at which water was diverted; (d) the amount diverted; (e) for any lands under the appropriation that were not irrigated, any sufficient cause, as described in section 46-229.04, which the appropriator claims was the reason for such nonuse; and (f) any other information needed by the department to properly monitor and administer use of water under the appropriation. If the appropriator claims sufficient cause for nonuse, he or she shall also provide the department with any evidence the department requires as a condition for accepting such claimed cause as sufficient cause to excuse nonuse.

The department may deny an appropriator the right to any water to be delivered to or used by or through any ditch, reservoir, or other contrivance for the appropriation, use, or storage of water if the appropriator is not in compliance with this section, with subsection (2) of section 46-230, or with any conditions of any permit, notice, or order of the department concerning the appropriation. The department may construct bars or dams or may install such other devices as are necessary to prevent such delivery or use.

46-262 Duties of persons taking water; noncompliance; liability.

No person shall accept more water from any ditch, canal or reservoir than he is justly entitled to. On finding that he is receiving more water either through his headgates or by means of leaks, or by any other means, than he is entitled to receive he shall immediately take steps to prevent the same. If he knowingly permits such excess water to come upon his land, and fails to promptly notify the owner of such ditch, canal or reservoir, he shall be liable in damages to any person who shall be injured thereby.

46-263 Water; neglecting and preventing delivery; penalty.

Any person having charge of a ditch or canal used for irrigation purposes, who shall neglect or refuse to deliver water as herein provided, or any person or persons who shall prevent or interfere with the proper delivery of water to
the person or persons having the right thereto, shall be guilty of a Class III misdemeanor.

This section does not apply to persons who neglect or refuse to deliver water to those who have no right to the water. *Weber v. North Loup River Pub. Power*, 288 Neb. 959, 854 N.W.2d 263 (2014).

### 46-263.01 Water; molesting or damaging measuring device; penalty.

Any person, or persons, who shall molest, tamper with, break into or damage in any way any device used for the measuring and recording of the water flowing in any stream, canal or reservoir in this state shall be guilty of a Class II misdemeanor.

### 46-263.02 Water; molesting or damaging measuring device; apprehension and conviction; reward.

The Department of Natural Resources is hereby authorized and empowered to offer and pay out of the fees collected by the department rewards of not to exceed twenty-five dollars in any case for the apprehension and conviction of any person or persons violating the provisions of section 46-263.01.

### 46-265 Embankments; maintenance; return of unused water; duties of owner.

The owner or owners of any irrigation ditch or canal shall carefully maintain the embankments thereof so as to prevent waste therefrom, and shall return the unused water from such ditch or canal with as little waste thereof as possible to the stream from which such water was taken, or to the Missouri River.

Diversion of water from one watershed to another is permissible under sections 46-206 and 46-265, R.R.S.1943, so long as the stream from which it is diverted is more than one hundred feet wide and the diversion is not contrary to the public interest. *Little Blue N.R.D. v. Lower Platte North N.R.D.*, 206 Neb. 535, 294 N.W.2d 598 (1980).

This section deals with the return to stream of unused water transported in irrigation ditches to prevent waste. *Ainsworth Irr. Dist. v. Bejot*, 170 Neb. 257, 102 N.W.2d 416 (1960).

This and other sections limit the location and construction of irrigation canals and ditches, as well as the land irrigated by same, to the basin containing the source of the water used, and require that all unused waters shall be returned to the stream from which diverted. *Osterman v. Central Nebraska Public Power & Irr. Dist.*, 131 Neb. 356, 268 N.W. 334 (1936).

The right of an appropriator to recapture seepage waters is not impliedly denied by this section. *United States v. Tilley*, 124 F.2d 850 (8th Cir. 1941).

### 46-266 Irrigation water; overflow on roads; duty of owner to prevent; violation; penalty.

No owner of any water power or irrigation ditch, canal or lateral shall so construct, maintain or operate the same as to permit any water to escape therefrom upon any public road or highway. No person in the application of water in the irrigation of lands shall permit the same to escape from such lands...
and to flow upon any public road or highway. Any person violating any of the provisions of this section shall be guilty of a Class V misdemeanor. Each day water is permitted to flow or escape upon any public road or highway in violation of the foregoing prohibitions shall be deemed a separate and distinct offense. The overseer of highways or other officer in charge of road work in the area in which a violation occurs shall make complaint therefor, but no other person shall be precluded from making complaint.

46-268 Contract for use of water; record; rights of grantee unimpaired by foreclosure of liens.

Whenever any person, association or corporation owning any irrigation ditch or canal enters into a contract with a landowner to carry water to any tract of land having a water appropriation, such carriage contract shall be recorded in the county where such land is situated in the same manner and under the same conditions as deeds for real estate. Such contract, from the date of the recording thereof, shall be binding upon the grantor, his, their or its successors or assigns, and all persons claiming any interest in such ditch or canal. No foreclosure or other proceedings to subject the property of the owner of such ditch or canal to the satisfaction of any lien or claim shall in any manner impair the right of such grantee, his heirs, administrators or assigns, to the use of the water from such ditch or canal in the quantity and manner provided in his deed or contract.

46-269 Mutual irrigation companies; recognized; bylaws; when lawful.

Any corporation or association organized under the laws of this state for the purpose of constructing and operating canals, reservoirs, and other works for irrigation purposes, and deriving no revenue from their operation, shall be termed a mutual irrigation company, and any bylaws adopted by such company, not in conflict herewith, shall be deemed lawful and so recognized by the courts of this state; Provided, such bylaws do not impair the rights of one shareholder over another.

Mutual canal company possesses only those powers expressly or impliedly granted. Thirty Mile Canal Co. v. Carskaden, 160 Neb. 496, 70 N.W.2d 432 (1955).

Duty of those in charge to operate so as to obtain profit applies to mutual irrigation company. Robbins v. Winters Creek Canal Co., 109 F.2d 849 (8th Cir. 1940).

46-270 Irrigation projects; how financed.

Any corporation or association organized under the laws of this state for the purpose of constructing and operating canals, reservoirs, and other works for
irrigation and water power purposes shall have power to borrow money, to
issue bonds, and to mortgage its property and franchises in the same manner as
railroad corporations.

46-271 Corporations or associations; construction or operation of canals or
reservoirs; assessments of stock; when authorized; how enforced.

Any corporation or association organized under the laws of this state for the
purpose of constructing or operating canals, reservoirs or other works for
irrigation purposes may, through its board of directors or trustees, assess the
shares, stock, or interest of the stockholders thereof for the purpose of obtaining
funds to defray the necessary running expenses. Any assessments levied
under this section shall become and be a lien upon the stock or interest so
assessed. Such assessments shall, if not paid, become delinquent at the expiration
of sixty days, and the stock or interest may be sold at public sale to satisfy
such lien. Notice of such sale shall be published for three consecutive weeks
prior thereto, in some newspaper published and of general circulation in the
county where the office of the company is located. Upon the date mentioned in
the advertisement, or upon the date to which the sale may have been adjourned,
such stock or interest, or so much thereof as may be necessary to satisfy such lien and costs, shall be sold to the highest bidder for cash.

46-272 Water users’ associations organized under reclamation act of the
United States; stock subscriptions; how recorded; fees.

organized in conformity with the requirements of the United States under
the reclamation act, books containing printed copies of their articles of incorpora-
tion and forms of subscription to stock, and to use such books for recording
the stock subscriptions of such associations. The charges for the recording
thereof shall be made on the basis of the number of words actually written
therein.

46-273 Water; United States may furnish to individuals; conditions and
requirements.

Reissue 2021
The United States of America is hereby authorized, in conformity to the laws of the State of Nebraska, to appropriate, develop, and store any unappropriated flood or unused waters, in connection with any project constructed by the United States pursuant to the provisions of an Act of Congress approved June 17, 1902, being An Act providing for the reclamation of arid lands (32 Stat. L. 388), and all acts amendatory thereof and supplemental thereto. When the officers of the United States Bureau of Reclamation determine that any water so developed or stored is in excess of the needs of the project as then completed or is flood or unused water, the United States may contract to furnish such developed, stored, flood, or unused water, under the terms and conditions imposed by Act of Congress and the rules and regulations of the United States, to any person who may have theretofore been granted a permit to appropriate a portion of the normal flow of any stream, if the water so appropriated shall, during some portion of the year, be found insufficient for the needs of the land to which it is appurtenant. The United States and every person entering into a contract as herein provided shall have the right to conduct such water into and along any of the natural streams of the state, but not so as to raise the waters thereof above the ordinary high water mark, and may take out the same again at any point desired, without regard to the prior rights of others to water from the same stream; but due allowance shall be made for losses in transit, the amount of such allowance to be determined by the Department of Natural Resources. The department shall supervise and enforce the distribution of such water so delivered with like authority and under the same provisions as in the case of general appropriators.

Contract restricting use of storage water by any one landowner to an amount sufficient to irrigate one hundred sixty acres was valid. Frenchman Valley Irr. Dist. v. Smith, 167 Neb. 78, 91 N.W.2d 415 (1958).

The scope of the appropriative rights in connection with a federal reclamation project are the same as those in connection with any irrigation canal, and includes the right to collect seepage waters from any parts of the lands and to reapply them upon any other lands within the project and under the appropriation. United States v. Tilley, 124 F.2d 850 (8th Cir. 1941).

Injury to reclamation service, by taking seepage water which the United States had a contract to sell, may be enjoined. Ramshorn Ditch Co. v. United States, 269 F. 80 (8th Cir. 1920).

(h) HOGS RUNNING IN LATERALS

§ 46-281  IRRIGATION AND REGULATION OF WATER

(i) ARTESIAN WATER

46-281 Artesian water; waste prohibited.

It shall be unlawful for any owner or owners, lessee or lessees, occupier or occupiers, foreman or superintendent of any farm, town lot or other real estate in the State of Nebraska, where artesian water has been found or may be found hereafter, to allow the water from wells or other borings or drillings on any farm, town lot, or other real estate in Nebraska to flow out and run to waste in any manner to exceed what will flow or run through a pipe one-half of one inch in diameter, except where the water is first used for irrigation, or to create power for milling or other mechanical purposes.

Source: Laws 1897, c. 84, § 1, p. 358; R.S.1913, § 3527; C.S.1922, § 2927; C.S.1929, § 46-172; R.S.1943, § 46-281.

46-282 Artesian water; waste; penalty.

Any person or persons who own, occupy or have control of any farm, town lot or other real estate in the State of Nebraska, who fail or refuse to close or shut off any wastage of artesian water to the amount that section 46-281 allows on any farm, town lot or other real estate which they own, occupy or have control of, after being notified in writing by any person having the benefit of such mutual artesian water supply, within forty-eight hours after such notification, shall be subject to arrest, and shall be guilty of a Class V misdemeanor; and if such wastage be not abated within twenty-four hours after such arrest and conviction, it shall be a second offense against the provisions of section 46-281 and be subject to the same fine as for the first offense. Every like offense or neglect of each twenty-four hours thereafter shall be considered an additional offense against the provisions of section 46-281.

(j) WATER REUSE PITS

46-283 Legislative findings.

The Legislature hereby finds and declares that the practice of reusing ground water from irrigation water reuse pits on irrigated land contributes to the efficient use and conservation of the state’s water resources and that such reuse may be more feasible when done from irrigation water reuse pits located within ephemeral natural streams.

46-284 Definitions, sections found.

For purposes of sections 46-283 to 46-287, unless the context otherwise requires, the definitions found in sections 46-285 and 46-286 shall be used.

46-285 Irrigation water reuse pit, defined.

Irrigation water reuse pit shall mean an excavation constructed to capture, for reuse, runoff resulting from ground water irrigation or a structure designed for the purpose of water impoundment which is used for this same purpose so long as the capacity of the facility does not exceed fifteen acre-feet.

Source: Laws 1980, LB 908, § 3.
46-286 Ephemeral natural stream, defined.

An ephemeral natural stream shall mean that portion of a natural stream in which water flows only after a precipitation event or when augmented by surface water runoff caused by the pumping of ground water for irrigation. The portion of a natural stream that is shown as an intermittent stream on the most recent United States Geological Survey topographic quadrangle map published prior to July 18, 2008, shall be considered an ephemeral natural stream unless the Department of Natural Resources has investigated the stream and determined that the stream or a reach of the stream is perennial or intermittent and subject to Chapter 46, article 2. The department’s determination for the purposes of this section shall be adopted and promulgated in rule or regulation.

46-287 Irrigation water reuse pit; reusing ground water; exempt from certain provisions.

Notwithstanding any other provision of law, any person intending to or in the process of reusing ground water from an irrigation water reuse pit located within an ephemeral natural stream shall be exempt from the provisions of Chapter 46, article 2, which would otherwise apply to such pits, and from the provisions of section 46-637.

46-288 Interbasin transfers; terms, defined.

For purposes of this section and section 46-289, unless the context otherwise requires:

1. Basin of origin shall mean the river basin in which the point or proposed point of diversion of water is located;

2. Beneficial use shall include, but not be limited to, reasonable and efficient use of water for domestic, municipal, agricultural, industrial, commercial, power production, subirrigation, fish and wildlife, ground water recharge, interstate compact, water quality maintenance, or recreational purposes. Nothing in this subdivision shall be construed to affect the preferences for use of surface water as provided in section 46-204;

3. Interbasin transfer shall mean the diversion of water in one river basin and the transportation of such water to another river basin for storage or utilization for a beneficial use; and

4. River basin shall mean any of the following natural hydrologic basins of the state as shown on maps located in the Department of Natural Resources: (a) The White River and Hat Creek basin; (b) the Niobrara River basin; (c) the Platte River basin, including the North Platte and South Platte River basins, except that for purposes of transfer between the North and South Platte River basins each shall be considered a separate river basin; (d) the Loup River basin; (e) the Elkhorn River basin; (f) the Republican River basin; (g) the Little Blue River basin; (h) the Big Blue River basin; (i) the Nemaha River basin; and (j) the Missouri tributaries basin.

§ 46-289 IRRIGATION AND REGULATION OF WATER

46-289 Legislative findings; interbasin transfers; application for water; factors considered; order issued.

The Legislature finds, recognizes, and declares that the transfer of water to outside the boundaries of a river basin may have impacts on the water and other resources in the basin and that such impacts differ from those caused by uses of water within the same basin in part because any unused water will not be returned to the stream from which it is taken for further use in that river basin. The Legislature therefore recognizes the need to delineate factors for consideration by the Director of Natural Resources when evaluating an application made pursuant to section 46-233 which involves an interbasin transfer of water in order to determine whether denial of such application is demanded by the public interest. Those considerations shall include, but not be limited to, the following factors:

(1) The economic, environmental, and other benefits of the proposed interbasin transfer and use;

(2) Any adverse impacts of the proposed interbasin transfer and use;

(3) Any current beneficial uses being made of the unappropriated water in the basin of origin;

(4) Any reasonably foreseeable future beneficial uses of the water in the basin of origin;

(5) The economic, environmental, and other benefits of leaving the water in the basin of origin for current or future beneficial uses;

(6) Alternative sources of water supply available to the applicant; and

(7) Alternative sources of water available to the basin of origin for future beneficial uses.

The application shall be deemed in the public interest if the overall benefits to the state and the applicant’s basin are greater than or equal to the adverse impacts to the state and the basin of origin. The director’s order granting or denying an application shall specify the reasons for such action, including a discussion of the required factors for consideration, and shall document such decision by reference to the hearing record, if any, and to any other sources used by the director in making the decision.

The provisions of this section are not applicable to instream flow applications. Central Platte NRD v. State of Wyoming, 245 Neb. 439, 513 N.W.2d 847 (1994).

This statute establishes a procedure to be followed in determining whether an appropriation application must be denied.

(I) INTRABASIN TRANSFERS

46-290 Appropriation; application to transfer or change; contents; approval.

(1)(a) Except as provided in this section and sections 46-2,120 to 46-2,130, any person having a permit to appropriate water for beneficial purposes issued pursuant to sections 46-233 to 46-235, 46-240.01, 46-241, 46-242, or 46-637 and who desires (i) to transfer the use of such appropriation to a location other than the location specified in the permit, (ii) to change that appropriation to a different type of appropriation as provided in subsection (3) of this section, or
(iii) to change the purpose for which the water is to be used under a natural-flow, storage, or storage-use appropriation to a purpose not at that time permitted under the appropriation shall apply for approval of such transfer or change to the Department of Natural Resources.

(b) The application for such approval shall contain (i) the number assigned to such appropriation by the department, (ii) the name and address of the present holder of the appropriation, (iii) if applicable, the name and address of the person or entity to whom the appropriation would be transferred or who will be the user of record after a change in the location of use, type of appropriation, or purpose of use under the appropriation, (iv) the legal description of the land to which the appropriation is now appurtenant, (v) the name and address of each holder of a mortgage, trust deed, or other equivalent consensual security interest against the tract or tracts of land to which the appropriation is now appurtenant, (vi) if applicable, the legal description of the land to which the appropriation is proposed to be transferred, (vii) if a transfer is proposed, whether other sources of water are available at the original location of use and whether any provisions have been made to prevent either use of a new source of water at the original location or increased use of water from any existing source at that location, (viii) if applicable, the legal descriptions of the beginning and end of the stream reach to which the appropriation is proposed to be transferred for the purpose of augmenting the flows in that stream reach, (ix) if a proposed transfer is for the purpose of increasing the quantity of water available for use pursuant to another appropriation, the number assigned to such other appropriation by the department, (x) the purpose of the current use, (xi) if a change in purpose of use is proposed, the proposed purpose of use, (xii) if a change in the type of appropriation is proposed, the type of appropriation to which a change is desired, (xiii) if a proposed transfer or change is to be temporary in nature, the duration of the proposed transfer or change, and (xiv) such other information as the department by rule and regulation requires.

(2) If a proposed transfer or change is to be temporary in nature, a copy of the proposed agreement between the current appropriator and the person who is to be responsible for use of water under the appropriation while the transfer or change is in effect shall be submitted at the same time as the application.

(3) Regardless of whether a transfer or a change in the purpose of use is involved, the following changes in type of appropriation, if found by the Director of Natural Resources to be consistent with section 46-294, may be approved subject to the following:

(a) A natural-flow appropriation for direct out-of-stream use may be changed to a natural-flow appropriation for aboveground reservoir storage or for intentional underground water storage;

(b) A natural-flow appropriation for intentional underground water storage may be changed to a natural-flow appropriation for direct out-of-stream use or for aboveground reservoir storage;

(c) A natural-flow appropriation for direct out-of-stream use, for aboveground reservoir storage, or for intentional underground water storage may be changed to an instream appropriation subject to sections 46-2,107 to 46-2,119 if the director determines that the resulting instream appropriation would be consistent with subdivisions (2), (3), and (4) of section 46-2,115;

(d) A natural-flow appropriation for direct out-of-stream use, for aboveground reservoir storage, or for intentional underground water storage may be
changed to an appropriation for induced ground water recharge if the director
determines that the resulting appropriation for induced ground water recharge
would be consistent with subdivisions (2)(a)(i) and (ii) of section 46-235;

(e) An appropriation for the manufacturing of hydropower at a facility
located on a natural stream channel may be permanently changed in full to an
instream basin-management appropriation to be held jointly by the Game and
Parks Commission and any natural resources district or combination of natural
resources districts. The beneficial use of such change is to maintain the
streamflow for fish, wildlife, and recreation that was available from the manu-
facturing of hydropower prior to the change. Such changed appropriation may
also be utilized by the owners of the appropriation to assist in the implementa-
tion of an approved integrated management plan or plans developed pursuant
to sections 46-714 to 46-718 for each natural resources district within the river
basin. Any such change under this section shall be subject to review under
sections 46-229 to 46-229.06 to ensure that the beneficial uses of the change of
use are still being achieved; and

(f) The incidental underground water storage portion, whether or not previ-
ously quantified, of a natural-flow or storage-use appropriation may be separat-
ed from the direct-use portion of the appropriation and may be changed to a
natural-flow or storage-use appropriation for intentional underground water
storage at the same location if the historic consumptive use of the direct-use
portion of the appropriation is transferred to another location or is terminated,
but such a separation and change may be approved only if, after the separation
and change, (i) the total permissible diversion under the appropriation will not
increase, (ii) the projected consequences of the separation and change are
consistent with the provisions of any integrated management plan adopted in
accordance with section 46-718 or 46-719 for the geographic area involved, and
(iii) if the location of the proposed intentional underground water storage is in
a river basin, subbasin, or reach designated as overappropriated in accordance
with section 46-713, the integrated management plan for that river basin,
subbasin, or reach has gone into effect, and that plan requires that the amount
of the intentionally stored water that is consumed after the change will be no
greater than the amount of the incidentally stored water that was consumed
prior to the change. Approval of a separation and change pursuant to this
subdivision (f) shall not exempt any consumptive use associated with the
incidental recharge right from any reduction in water use required by an
integrated management plan for a river basin, subbasin, or reach designated as
overappropriated in accordance with section 46-713.

Whenever any change in type of appropriation is approved pursuant to this
subsection and as long as that change remains in effect, the appropriation shall
be subject to the statutes, rules, and regulations that apply to the type of
appropriation to which the change has been made.

(4) The Legislature finds that induced ground water recharge appropriations
issued pursuant to sections 46-233 and 46-235 and instream appropriations
issued pursuant to section 46-2,115 are specific to the location identified in the
appropriation. Neither type of appropriation shall be transferred to a different
location, changed to a different type of appropriation, or changed to permit a
different purpose of use.

(5) In addition to any other purposes for which transfers and changes may be
approved, such transfers and changes may be approved if the purpose is (a) to
maintain or augment the flow in a specific stream reach for any instream use that the department has determined, through rules and regulations, to be a beneficial use or (b) to increase the frequency that a diversion rate or rate of flow specified in another valid appropriation is achieved.

For any transfer or change approved pursuant to subdivision (a) of this subsection, the department shall be provided with a report at least every five years while such transfer or change is in effect. The purpose of such report shall be to indicate whether the beneficial instream use for which the flow is maintained or augmented continues to exist. If the report indicates that it does not or if no report is filed within sixty days after the department’s notice to the appropriator that the deadline for filing the report has passed, the department may cancel its approval of the transfer or change and such appropriation shall revert to the same location of use, type of appropriation, and purpose of use as prior to such approval.

(6) A quantified or unquantified appropriation for incidental underground water storage may be transferred to a new location along with the direct-use appropriation with which it is recognized if the director finds such transfer to be consistent with section 46-294 and determines that the geologic and other relevant conditions at the new location are such that incidental underground water storage will occur at the new location. The director may request such information from the applicant as is needed to make such determination and may modify any such quantified appropriation for incidental underground water storage, if necessary, to reflect the geologic and other conditions at the new location.

(7) Unless an incidental underground water storage appropriation is changed as authorized by subdivision (3)(f) of this section or is transferred as authorized by subsection (6) of this section or subsection (1) of section 46-291, such appropriation shall be canceled or modified, as appropriate, by the director to reflect any reduction in water that will be stored underground as the result of a transfer or change of the direct-use appropriation with which the incidental underground water storage was recognized prior to the transfer or change.

(8) Any appropriation for manufacturing of hydropower changed under subdivision (3)(e) of this section shall maintain the priority date and preference category of the original manufacturing appropriation and shall be subject to condemnation and subordination pursuant to sections 70-668 and 70-669. Any person holding a subordination agreement that was established prior to such change of appropriation shall be entitled to enter into a new subordination agreement for terms consistent with the original subordination agreement at no additional cost. Any person having obtained a condemnation award that was established prior to such change of appropriation shall be entitled to the same benefits created by such award, and any obligations created by such award shall become the obligations of the new owner of the appropriation changed under this section.

46-291 Application; review; notice; contents; comments.

(1) Upon receipt of an application filed under section 46-290 for a transfer in the location of use of an appropriation, the Department of Natural Resources...
shall review it for compliance with this subsection. The Director of Natural Resources may approve the application without notice or hearing if he or she determines that: (a) The appropriation is used and will continue to be used exclusively for irrigation purposes; (b) the only lands involved in the proposed transfer are (i) lands within the quarter section of land to which the appropriation is appurtenant, (ii) lands within such quarter section of land and one or more quarter sections of land each of which is contiguous to the quarter section of land to which the appropriation is appurtenant, or (iii) lands within the boundaries or service area of and capable of service by the same irrigation district, reclamation district, public power and irrigation district, or mutual irrigation or canal company; (c) after the transfer, the total number of acres irrigated under the appropriation will be no greater than the number of acres that could legally be irrigated under the appropriation prior to the transfer; (d) all the land involved in the transfer is under the same ownership or is within the same irrigation district, reclamation district, public power and irrigation district, or mutual irrigation or canal company; (e) the transfer will not result in a change in the point of diversion or the point of diversion will be changed but the change meets the following requirements: (i) The new point of diversion is on the same named stream, the same tributary, or the same river or creek as the approved point of diversion; (ii) the proposed point of diversion will not move above or below an existing diversion point owned by another appropriator; and (iii) the proposed point of diversion will not move above or below a tributary stream or a constructed river return or a constructed drain; and (f) the transfer will not diminish the water supply available for or otherwise adversely affect any other surface water appropriator. If transfer of an appropriation with associated incidental underground water storage is approved in accordance with this subsection, the associated incidental underground water storage also may be transferred pursuant to this subsection as long as such transfer would continue to be consistent with the requirements of this subsection. If necessary, the boundaries of the incidental underground water storage area may be modified to reflect any change in the location of that storage consistent with such a transfer. Transfers shall not be approved pursuant to this subsection until the department has adopted and promulgated rules and regulations establishing the criteria it will use to determine whether proposed transfers are consistent with subdivision (1)(f) of this section.

(2) If after reviewing an application filed under section 46-290 the director determines that it cannot be approved pursuant to subsection (1) of this section, he or she shall cause a notice of such application to be posted on the department’s website, to be sent by certified mail to each holder of a mortgage, trust deed, or other equivalent consensual security interest that is identified by the applicant pursuant to subdivision (1)(b)(v) of section 46-290 and to any entity owning facilities currently used or proposed to be used for purposes of diversion or delivery of water under the appropriation, and to be published at the applicant’s expense at least once each week for three consecutive weeks in at least one newspaper of general circulation in each county containing lands to which the appropriation is appurtenant and, if applicable, in at least one newspaper of general circulation in each county containing lands to which the appropriation is proposed to be transferred.

(3) The notice shall contain: (a) A description of the appropriation; (b) the number assigned to such appropriation in the records of the department; (c) the date of priority; (d) if applicable, a description of the land or stream reach to
which such water appropriation is proposed to be transferred; (e) if applicable, the type of appropriation to which the appropriation is proposed to be changed; (f) if applicable, the proposed change in the purpose of use; (g) whether the proposed transfer or change is to be permanent or temporary and, if temporary, the duration of the proposed transfer or change; and (h) any other information the director deems relevant and essential to provide the interested public with adequate notice of the proposed transfer or change.

(4) The notice shall state (a) that any interested person may object to and request a hearing on the application by filing such objections in writing specifically stating the grounds for each objection and (b) that any such objection and request shall be filed in the office of the department within two weeks after the date of final publication of the notice.

(5) Within the time period allowed by this section for the filing of objections and requests for hearings, the county board of any county containing land to which the appropriation is appurtenant and, if applicable, the county board of any county containing land to which the appropriation is proposed to be transferred may provide the department with comments about the potential economic impacts of the proposed transfer or change in such county. The filing of any such comments by a county board shall not make the county a party in the application process, but such comments shall be considered by the director in determining pursuant to section 46-294 whether the proposed transfer or change is in the public interest.

46-292 Application; hearing.

The Department of Natural Resources may hold a hearing on an application filed under section 46-290 on its own motion and shall hold a hearing if a timely request therefor is filed by any interested person in accordance with section 46-291. Any such hearing shall be subject to section 61-206.

46-293 Application; review; Director of Natural Resources; powers.

(1) The Director of Natural Resources shall independently review each application subject to subsection (2) of section 46-291 to determine whether the requirements of section 46-294 will be met if the transfer or change is approved. The requirement of this subsection is not altered when there are objectors who have become parties to the proposed transfer or change, but if a hearing is called by the Department of Natural Resources on its own motion or as the result of a request therefor filed in accordance with subsection (4) of section 46-291, any evidence considered by the director in making such determinations shall be made a part of the record of the hearing as provided in section 84-914.

(2) Either on his or her own motion or in response to objections or comments received pursuant to subsection (4) or (5) of section 46-291, the director may require the applicant to provide additional information before a hearing will be scheduled or, if no hearing is to be held, before the application will receive further consideration. The information requested may include economic, social,
or environmental impact analyses of the proposed transfer or change, information about the amount of water historically consumed under the appropriation, copies of any plans for mitigation of any anticipated adverse impacts that would result from the proposed transfer or change, and such other information as the director deems necessary in order to determine whether the proposed transfer or change is consistent with section 46-294.

46-294 Applications; approval; requirements; conditions; burden of proof.

(1) Except for applications approved in accordance with subsection (1) of section 46-291, the Director of Natural Resources shall approve an application filed pursuant to section 46-290 only if the application and the proposed transfer or change meet the following requirements:

(a) The application is complete and all other information requested pursuant to section 46-293 has been provided;

(b) The proposed use of water after the transfer or change will be a beneficial use of water;

(c)(i) Any requested transfer in the location of use is within the same river basin as defined in section 46-288 or (ii) the river basin from which the appropriation is to be transferred is tributary to the river basin to which the appropriation is to be transferred;

(d) Except as otherwise provided in subsection (4) of this section, the proposed transfer or change, alone or when combined with any new or increased use of any other source of water at the original location or within the same irrigation district, reclamation district, public power and irrigation district, or mutual irrigation or canal company for the original or other purposes, will not diminish the supply of water available for or otherwise adversely affect any other water appropriator and will not significantly adversely affect any riparian water user who files an objection in writing pursuant to section 46-291;

(e) The quantity of water that is transferred for diversion or other use at the new location will not exceed the historic consumptive use under the appropriation or portion thereof being transferred, except that this subdivision does not apply to (i) a transfer in the location of use if both the current use and the proposed use are for irrigation, the number of acres to be irrigated will not increase after the transfer, and the location of the diversion from the stream will not change or (ii) a transfer or change in the purpose of use of a surface water irrigation appropriation as provided for in subsection (3), (5), or (6) of section 46-290 if the transfer or change in purpose will not diminish the supply of water available or otherwise adversely affect any other water appropriator, adversely affect Nebraska’s ability to meet its obligations under a multistate agreement, or result in administration of the prior appropriation system by the Department of Natural Resources, which would not have otherwise occurred;

(f) The appropriation, prior to the transfer or change, is not subject to termination or cancellation pursuant to sections 46-229 to 46-229.04;

(g) If a proposed transfer or change is of an appropriation that has been used for irrigation and is in the name of an irrigation district, reclamation district, public power and irrigation district, or mutual irrigation or canal company or
is dependent upon any such district’s or company’s facilities for water delivery, such district or company has approved the transfer or change;

(h) If the proposed transfer or change is of a storage-use appropriation and if the owner of that appropriation is different from the owner of the associated storage appropriation, the owner of the storage appropriation has approved the transfer or change;

(i) If the proposed transfer or change is to be permanent, either (i) the purpose for which the water is to be used before the transfer or change is in the same preference category established by section 46-204 as the purpose for which the water is to be used after the transfer or change or (ii) the purpose for which the water is to be used before the transfer or change and the purpose for which the water is to be used after the transfer or change are both purposes for which no preferences are established by section 46-204;

(j) If the proposed transfer or change is to be temporary, it will be for a duration of no less than one year and, except as provided in section 46-294.02, no more than thirty years;

(k) The transfer or change will not be inconsistent with any applicable state or federal law and will not jeopardize the state’s compliance with any applicable interstate water compact or decree or cause difficulty in fulfilling the provisions of any other formal state contract or agreement; and

(l) The proposed transfer or change is in the public interest. The director’s considerations relative to the public interest shall include, but not be limited to, (i) the economic, social, and environmental impacts of the proposed transfer or change and (ii) whether and under what conditions other sources of water are available for the uses to be made of the appropriation after the proposed transfer or change. The Department of Natural Resources shall adopt and promulgate rules and regulations to govern the director’s determination of whether a proposed transfer or change is in the public interest.

(2) The applicant has the burden of proving that the proposed transfer or change will comply with subdivisions (1)(a) through (l) of this section, except that (a) the burden is on a riparian user to demonstrate his or her riparian status and to demonstrate a significant adverse effect on his or her use in order to prevent approval of an application and (b) if both the current use and the proposed use after a transfer are for irrigation, the number of acres to be irrigated will not increase after the transfer, and the location of the diversion from the stream will not change, there is a rebuttable presumption that the transfer will be consistent with subdivision (1)(d) of this section.

(3) In approving an application, the director may impose any reasonable conditions deemed necessary to protect the public interest, to ensure consistency with any of the other criteria in subsection (1) of this section, or to provide the department with information needed to properly and efficiently administer the appropriation while the transfer or change remains in effect. If necessary to prevent diminution of supply for any other appropriator, the conditions imposed by the director shall require that historic return flows be maintained or replaced in quantity, timing, and location. After approval of any such transfer or change, the appropriation shall be subject to all water use restrictions and requirements in effect at any new location of use and, if applicable, at any new diversion location. An appropriation for which a transfer or change has been approved shall retain the same priority date as that of the original appropriation. If an approved transfer or change is temporary, the location of use,
purpose of use, or type of appropriation shall revert to the location of use, purpose of use, or type of appropriation prior to the transfer or change.

(4) In approving an application for a transfer, the director may also authorize the overlying of water appropriations on the same lands, except that if any such overlying of appropriations would result in either the authorized diversion rate or the authorized aggregate annual quantity that could be diverted to be greater than is otherwise permitted by section 46-231, the director shall limit the total diversion rate or aggregate annual quantity for the appropriations overlain to the rate or quantity that he or she determines is necessary, in the exercise of good husbandry, for the production of crops on the land involved. The director may also authorize a greater number of acres to be irrigated if the amount and rate of water approved under the original appropriation is not increased by the change of location. An increase in the number of acres to be irrigated shall be approved only if (a) such an increase will not diminish the supply of water available to or otherwise adversely affect another water appropriator or (b) the transfer would not adversely affect the water supply for any river basin, subbasin, or reach that has been designated as overappropriated pursuant to section 46-713 or determined to be fully appropriated pursuant to section 46-714 and (i) the number of acres authorized under the appropriation when originally approved has not been increased previously, (ii) the increase in the number of acres irrigated will not exceed five percent of the number of acres being irrigated under the permit before the proposed transfer or a total of ten acres, whichever acreage is less, and (iii) all the use will be either on the quarter section to which the appropriation was appurtenant before the transfer or on an adjacent quarter section.

46-294.01 Appropriation; temporary transfer; filings required.

Whenever a temporary transfer is approved in accordance with sections 46-290 to 46-294, the applicant shall, within sixty days after the order of approval of the Department of Natural Resources, cause copies of the following to be filed with the county clerk or register of deeds of the county in which the land subject to the appropriation prior to the transfer is located: (1) The permit by which the appropriation was established; (2) the agreement by which the temporary transfer is to be effected; and (3) the order of the Director of Natural Resources approving the temporary transfer. Whenever renewal of a temporary transfer is approved pursuant to section 46-294.02, the applicant shall, within sixty days after such approval, cause a copy of the order of the director approving such renewal to be filed with the county clerk or register of deeds of such county. Such documents shall be indexed to the land subject to the appropriation prior to the transfer. The applicant shall file with the department, within ninety days after the department’s order of approval, proof of filing with the county clerk or register of deeds. Failure to file such proof of filing within such ninety-day time period shall be grounds for the director to negate any prior approval of the transfer or renewal.

46-294.02 Appropriation; temporary transfer or change; renewal or extension.

A temporary transfer or a change in the type or purpose of use of an appropriation may be renewed or otherwise extended by the parties thereto at any time following the midpoint of the transfer or change term, but any such renewal or extension is subject to review and approval pursuant to sections 46-290 to 46-294. No renewal or extension shall cause the term of any such temporary transfer or change to exceed thirty years in duration from the date the renewal or extension is approved by the Director of Natural Resources.

46-294.03 Appropriation; temporary transfer or change; effect on classification and valuation.

For purposes of assessment pursuant to sections 77-1343 to 77-1363, neither the temporary transfer or change of an appropriation nor any resulting land-use changes on the land to which the appropriation was appurtenant prior to the transfer or change shall cause the land to be reclassified to a lower value use or the valuation of the land to be reduced, but the land may be reclassified to a higher value use and its valuation may be increased if a higher value use is made of the land while the temporary transfer or change is in effect. Land from which an appropriation has been permanently transferred shall be classified and valued for tax purposes in accordance with the use of the land after the transfer.

46-294.04 Appropriation; temporary transfer or change; effect on rights of condemnation.

During the time within which a temporary transfer or change in purpose of use of an appropriation is in effect, the appropriation may not be used to invoke any rights of condemnation that are based on preference of use, but such appropriation shall be subject to the exercise of such rights by owners of other appropriations that are for water uses superior to the pretransfer or prechange use of the water under the transferred or changed appropriation.

46-294.05 Rules and regulations.

The Director of Natural Resources may adopt and promulgate rules and regulations to carry out sections 46-290 to 46-294.04.

(m) UNDERGROUND WATER STORAGE

46-295 Legislative findings.

The Legislature recognizes that, as a result of water project operations, surface water in some areas of the state has been, is, and will be in the future intentionally and incidentally stored in and withdrawn from underground strata. The Legislature acknowledges that rights to water intentionally or incidentally stored underground and rights to withdrawal of such water should be formally recognized and quantified and recognizes the propriety of all
beneficiaries proportionately sharing, to the extent of potential benefit from intentional underground water storage, in the financial obligations necessary for construction, operation, and maintenance of water projects which cause intentional underground water storage.

The Legislature finds that uses of water for incidental and intentional underground water storage are beneficial uses of water which contribute to the recharge of Nebraska's aquifers and that comprehensive, conjunctive management of surface water and intentional or incidental underground water storage is essential for the continued economic prosperity and well-being of the state, serves the public interest by providing an element of certainty essential for investment in water resources development, and will improve Nebraska's standing in the event of interstate dispute.

To facilitate optimum beneficial use of water by the people of Nebraska, the Legislature recognizes the need for authorizing the recognition of incidental underground water storage, for authorizing intentional underground water storage, and for authorizing the levying and collection of fees and assessments on persons who withdraw or otherwise use or benefit from intentional underground water storage as provided in sections 46-299 to 46-2,106.

46-296 Terms, defined.

For purposes of sections 33-105, 46-202, and 46-295 to 46-2,106, unless the context otherwise requires:

(1) Department means the Department of Natural Resources;

(2) Director means the Director of Natural Resources;

(3) Person means a natural person, partnership, limited liability company, association, corporation, municipality, or agency or political subdivision of the state or of the federal government;

(4) Underground water storage means the act of storing or recharging water in underground strata. Such water shall be known as water stored underground but does not include ground water as defined in section 46-706 which occurs naturally;

(5) Intentional underground water storage means underground water storage which is an intended purpose or result of a water project or use. Such storage may be accomplished by any lawful means such as injection wells, infiltration basins, canals, reservoirs, and other reasonable methods; and

(6) Incidental underground water storage means underground water storage which occurs as an indirect result, rather than an intended or planned purpose, of a water project or use and includes, but is not limited to, seepage from reservoirs, canals, and laterals, and deep percolation from irrigated lands.

46-297 Permit to appropriate water; modification to include underground water storage; procedure.

Any person who has an approved, unperfected appropriation pursuant to Chapter 46, article 2, may apply to the department for a modification of such permit to include intentional underground water storage associated with the appropriation. The application shall be made on a form prescribed and furnished by the department without cost to the applicant. Upon receipt of such an application, the department shall proceed in accordance with rules and regulations adopted and promulgated by the department, subject to section 46-226.02.

46-299 Permittee; authorized to levy a fee or assessment; limitation.

Any person who has obtained a permit for intentional underground water storage and recovery of such water pursuant to section 46-233, 46-240, 46-241, 46-242, or 46-297 may, subject to section 46-2,101, levy a fee or assessment against any person for the right or probable right to withdraw or otherwise use such stored water. Such fee or assessment may be levied against any land in connection with which such underground water storage has occurred or probably will occur, and may be varied based on the degree to which underground water storage has occurred or will occur. No fee or assessment shall represent more than the fair market value of such recharge, except that a fee or assessment may include a sum sufficient to amortize the operation, maintenance, repair, and capital costs of the project, apportioned on the degree to which recharge has occurred or is likely to occur, and on the degree to which any surface water is delivered.

46-2,100 Fee or assessment; limitation.

No fee or assessment may be levied pursuant to section 46-299 for withdrawals from wells with a capacity of less than one hundred gallons per minute which are solely for domestic purposes as defined in section 46-613.

46-2,101 Fee or assessment; application for approval; contents; fee schedule.

(1) Any person intending to levy fees or assessments in accordance with section 46-299 or to modify such fees or assessments shall, prior to levying such fees, assessments, modified fees, or modified assessments, file with the department an application for approval of authority to levy such fees on a form prescribed and furnished by the department.

(2) Such an application shall include a fee schedule and the following information:

(a) The source of the water stored or to be stored underground;
(b) The underground water storage method;
(c) The relative amounts of water stored or to be stored underground and naturally occurring ground water;
§ 46-2,101  IRRIGATION AND REGULATION OF WATER

(d) The data or reference studies used by the applicant to determine the underground water storage;

(e) A description of the areas served or to be served by the water stored underground;

(f) The amount of surface water, if any, for which the applicant has an appropriation; and

(g) The manner, use, and location of any such surface water appropriation.

The application shall be processed under the applicable rules and regulations of the department adopted and promulgated pursuant to section 61-206.

(3) An application shall be approved if the fees, assessments, modified fees, or modified assessments appear reasonable and comply with the requirements of section 46-299.

(4) The department shall review approved fee schedules every five years after approval to determine whether the fees should be increased, decreased, or eliminated, except that if the adopted schedules have been pledged to repayment of financing for the project, the department shall only review after repayment is completed.

46-2,102 Fee or assessment; lien.

A fee or assessment levied pursuant to section 46-299 shall become a lien on the property benefited, or to be benefited, thirty days after the due date of such fee or assessment. The person levying the fee or assessment may collect such fee or assessment if it remains unpaid after thirty days after the due date by commencing an action in district court against the owner of the land benefited or to be benefited to foreclose the lien or to recover the amount due, except that no lien shall become effective until notice thereof is filed with the register of deeds in the county in which the benefited property is located and such lien shall relate back only to the date of filing.

46-2,103 Injunction; when issued.

Any person who has obtained approval of fees or assessments pursuant to section 46-2,101, may commence an action to enjoin any person from withdrawing or otherwise using the stored water if the person has not entered into an agreement to pay fees or assessments for such stored water, or has failed and refused to pay a fee or assessment for a period of thirty days from and after the due date of the fee or assessment. No injunction may be obtained against withdrawals from wells with a capacity of less than one hundred gallons per minute which are solely for domestic uses as defined in section 46-613.

46-2,104 Director’s order; not subject to collateral attack.

If an action is commenced pursuant to section 46-2,102 or 46-2,103, an order of the director identifying water stored or to be stored underground, or approving fees or assessments, may not be collaterally attacked.

46-2,105 Appeal.

Any person aggrieved by a decision made or an order issued by the director pursuant to section 46-226.02, 46-233, 46-240, 46-241, 46-242, 46-297, or 46-2,101 may appeal as provided in section 61-207.

46-2,106 Use of underground stored water; authorized.

Any person may use water stored incidentally or intentionally underground for which the appropriate permits have not been obtained or for which approval of fees has not been obtained pursuant to section 46-2,101.

(n) INSTREAM APPROPRIATIONS

46-2,107 Legislative findings.

The Legislature finds that the maintenance, conservation, management, storage, and timely release of the waters of the natural streams within the State of Nebraska are in the public interest and are practices essential to the well-being of present and future generations. In furtherance of these practices, the public interest demands the recognition of instream uses for fish, recreation, and wildlife. The Legislature also finds that proposals for future water development should fully consider multiple uses, including instream flows whether from natural flow or from reservoir releases, and recognizes the positive impact of impoundments which can provide significant instream flow benefits.

46-2,108 Appropriation of water for instream flows; terms, defined.

(1) For purposes of sections 46-2,107 to 46-2,119, unless the context otherwise requires:

(a) Department means the Department of Natural Resources;

(b) Director means the Director of Natural Resources; and

(c) Instream appropriation means the undiverted application of the waters of a natural stream within or bordering upon the state for recreation or fish and wildlife purposes.

(2) An instream appropriation may be obtained only by the Game and Parks Commission or a natural resources district and only for that amount of water necessary for recreation or fish and wildlife. The instream use of water for recreation or fish and wildlife shall be considered a beneficial use of water.

46-2,109 Streams with need for instream flows; identification; study.

Each natural resources district and the Game and Parks Commission shall conduct studies to identify specific stream segments which the district or commission considers to have a critical need for instream flows. Such studies shall quantify the instream flow needs in the identified stream segments. Any
district or the Game and Parks Commission may request the assistance of the Conservation and Survey Division of the University of Nebraska, the Game and Parks Commission, the Department of Environment and Energy, the Department of Natural Resources, or any other state agency in order to comply with this section.

### § 46-2,110 Permit to appropriate water for instream flows; application; requirements.

Following notice and a public hearing, any natural resources district or the Game and Parks Commission may file with the director an application for a permit to appropriate water for instream flows in each stream segment identified pursuant to section 46-2,109. The application shall include the locations on the stream at which the need for instream flows begins and ends and the time of year when instream flows are most critical. The application shall also provide a detailed description of the amount of water necessary to provide adequate instream flows.

### § 46-2,111 Permit to appropriate water for instream flows; director; powers and duties.

1. The Legislature finds that instream appropriations for recreation, fish, and wildlife should consider preferences among different uses and that all appropriations should consider the possible legal relationship between surface water and ground water. Thus the Legislature finds that, since such issues have not been fully considered, the director shall not grant any permit to appropriate water, except as specified in subsection (2) of this section, before January 1, 1997, for any application pending on or filed after June 2, 1995.

2. The director may grant applications for (a) appropriations for flood control or sediment control structures which will not make or cause to be made any consumptive use of the impounded water, (b) applications for temporary appropriations for public construction that are five cubic feet per second or less, or (c) applications by public water suppliers for induced ground water recharge appropriations pursuant to sections 46-233 to 46-238.

### § 46-2,112 Permit to appropriate water for instream flows; hearing; when; notice; director; powers.

A permit to appropriate water for instream flows shall be subject to review every fifteen years after it is granted. Notice of a pending review shall be published in a newspaper published or of general circulation in the area involved at least once each week for three consecutive weeks, the last publication to be not later than fourteen years and ten months after the permit was granted or after the date of the director’s action following the last such review, whichever is later, and such notice shall be mailed to the appropriator of record and posted on the department’s website. The notice shall state that any interested person may file comments relating to the review of the instream appropriation or may request a hearing to present evidence relevant to such
review. Any such comments or request for hearing shall be filed in the headquarters office of the department within six weeks after the date of final publication of the notice. The appropriator of record shall, within the six-week period, file written documentation of the continued use of the appropriation. If no requests for hearing are received and if the director is satisfied with the information provided by the appropriator of record that the appropriation continues to be beneficially used and is in the public interest, the director shall issue an order stating such findings. If requested by any interested person, or on his or her own motion based on the comments and information filed, the director shall schedule a hearing. If a hearing is held, the purpose of the hearing shall be to receive evidence regarding whether the water appropriated under the permit still provides the beneficial uses for which the permit was granted and whether the permit is still in the public interest. The hearing shall proceed under the rebuttable presumption that the appropriation continues to provide the beneficial uses for which the permit was granted and that the appropriation is in the public interest. After the hearing, the director may by order modify or cancel, in whole or in part, the instream appropriation.

46-2,113 Director; modify appropriation or application; when.

It is in the state’s and the public interest that the filing of the following classes of applications before the department demand that the director shall appropriately modify any existing or pending instream appropriation or application to not interfere with such application or the granting of such appropriation:

(1) Applications for induced recharge to public water supply wells;
(2) Applications for storage rights necessary for flood and sediment control projects which are dry or will not result in a net consumption of water exceeding two hundred acre-feet on an average annual basis;
(3) Applications for transfer permits associated with natural flow, storage use, power generation, or hydropower;
(4) Applications for de minimis uses; or
(5) Applications for industrial or manufacturing de minimis consumptive uses.

46-2,114 Proposed instream appropriation; additional studies; notice of application.

Prior to taking action on an application for an instream appropriation, the director shall conduct any studies he or she deems necessary to evaluate the application and shall publish notice of such application at the applicant’s expense at least once a week for three consecutive weeks in a newspaper of general circulation in the area of the stream segment and also in a newspaper of statewide circulation. The notice shall state that any person having an interest may in writing object to and request a hearing on the application. Any
§ 46-2,114  IRRIGATION AND REGULATION OF WATER

such objection and request for hearing shall be filed with the department within two weeks of final publication of the notice.

46-2,115 Application for instream appropriation; approval; when.

An application for an instream appropriation which is pending on or filed after January 1, 1997, shall be approved by the director if he or she finds that:

(1) In order to allow for future beneficial uses, there is unappropriated water available to provide the approved instream flow rate at least twenty percent of the time during the period requested;

(2) The appropriation is necessary to maintain the existing recreational uses or needs of existing fish and wildlife species;

(3) The appropriation will not interfere with any senior surface water appropriation;

(4) The rate and timing of the flow is the minimum necessary to maintain the existing recreational uses or needs of existing fish and wildlife species; and

(5) The application is in the public interest.

The application may be granted for a rate of flow that is less than that requested by the applicant or for a shorter period of time than requested by the applicant.

To find that there is sufficient unappropriated water available under subsection (1) of this section, the director is not required to consider future ground water depletion. To find that there is sufficient unappropriated water available under subsection (1) of this section, the director must account for water which may be diverted by pending senior applications and approved-but-unconstructed senior applications. To find that there is sufficient unappropriated water available under subsection (1) of this section, the director must find that there is enough water that is not subject to beneficial use elsewhere. The director is permitted to base this finding on historical flow data. For a water supply to be “available” within the meaning of subsection (1) of this section, the water supply must be fairly dependable and continuous. In the context of an instream flow application to maintain existing wildlife habitats, “fairly dependable and continuous” means the flow regime which the species can bear. A party can show noninterference, under subsection (3) of this section, by showing that the sought-after appropriation will be (1) an undiverted application (2) of the waters of a natural stream within or bordering upon the state (3) for recreation or fish and wildlife purposes. In order to provide a clear basis for an order granting or denying an instream flow application, the Director of Water Resources is required to discuss each of the elements listed in this section. However, the director is not required to include, as part of his public interest analysis, a discussion of forgone uses. Central Platte NRD v. State of Wyoming, 245 Neb. 439, 513 N.W.2d 847 (1994).

Subsection (2) of this section does not require a showing of an imminent threat to the use for which protection is sought, but requires a finding of a sufficient causal link between maintaining the flow and maintaining the use for which the flow is requested. In re Application A-16642, 236 Neb. 671, 463 N.W.2d 591 (1990).

When an instream flow application requests different flow rates at different locations along a single stream segment, the denial of the application as one location is to be viewed as a reduction in the requested rate of flow as authorized by this section. Any reduction in the length of the stream segment occasioned by such denial is but incidental to the flow reduction, and the director may define the stream segment under section 46-2,118(1) in such a way as to reflect the appropriations as granted. In re Application A-16642, 236 Neb. 671, 463 N.W.2d 591 (1990).

46-2,116 Application for instream appropriation; public interest determination; factors.

In determining whether an application for an instream appropriation is in the public interest, the director shall consider the following factors:

(1) The economic, social, and environmental value of the instream use or uses including, but not limited to, recreation, fish and wildlife, induced recharge for municipal water systems, and water quality maintenance; and
(2) The economic, social, and environmental value of reasonably foreseeable alternative out-of-stream uses of water that will be foregone or accorded junior status if the appropriation is granted.

Subsection (1) of this section does not require that all the factors considered be reduced to economic terms. In re Application A-16642, 236 Neb. 671, 463 N.W.2d 591 (1990).

This section does not require the director to document his decision to the hearing record in determining whether an application for an instream appropriation is in the public interest. In re Applications A-17004 et al., 1 Neb. App. 974, 512 N.W.2d 392 (1993).

46-2,116.01 Application for instream appropriation; use of stored water; study.

If the director determines that there is insufficient unappropriated natural flow available for an application for an instream appropriation and if the applicant consents, the department may conduct a study to determine whether the instream flow needs can be met through the use of stored water in new storage facilities. The study shall address the availability of storage sites, the estimated cost of providing any required storage, and such other findings and conclusions as the department deems appropriate.

46-2,116.02 Instream appropriation; use of stored water; funding.

If the department determines that instream flow needs can be met through the use of stored water in new storage facilities after a study conducted under section 46-2,116.01, the applicant may request financial assistance for the construction of necessary storage facilities from the Nebraska Resources Development Fund. The cost of the project may be shared with any other users of the stored water.

46-2,117 Contested case hearing; mediation or nonbinding arbitration required; when; costs.

The director shall not conduct a contested case hearing on an instream appropriation application filed after January 1, 1997, other than a hearing to address procedural matters, until such time as the parties have completed mediation or nonbinding arbitration. Mediation or nonbinding arbitration shall be deemed completed when the person retained to conduct the mediation or nonbinding arbitration has concluded further efforts would probably not result in resolution of major issues. The costs of mediation or nonbinding arbitration shall be shared by the parties.

46-2,118 Instream appropriation; limited to defined stream segment.

(1) All water used to provide instream flows shall be applied only to that segment of the stream for which the appropriation is granted. The stream segment and the determination of a reasonable and necessary amount of water
required for instream flow purposes shall be defined specifically by the director in the permit.

(2) After the water allowed for instream flows has passed through the defined stream segment, all rights to such water shall be deemed relinquished and the water shall be available for appropriation.

When an instream flow application requests different flow rates at different locations along a single stream segment, the denial of the application as to one location is to be viewed as a reduction in the requested rate of flow as authorized by section 46-2,115. Any reduction in the length of the stream segment occasioned by such denial is but incidental to the flow reduction, and the director may define the stream segment under subsection (1) of this section in such a way as to reflect the appropriations as granted. In re Application A-16642, 236 Neb. 671, 463 N.W.2d 591 (1990).

46-2,119 Instream appropriations; manner of administration.

Instream appropriations shall be administered in the same manner as prescribed by Chapter 46, article 2, for other appropriations. Reservoirs shall not be required by the director to release, for the benefit of an instream appropriation, water previously impounded in accordance with section 46-241 or 46-243. Reservoirs with storage rights senior to an instream appropriation shall not be required to pass, for the benefit of that instream appropriation, inflows that could be stored by such reservoir if the instream appropriation were not in effect. Notwithstanding subsection (5) of section 46-241, a reservoir with storage rights senior to an instream appropriation also shall not be required to pass inflows for downstream direct irrigation if the appropriation for direct irrigation is junior to and would be denied water because of that instream appropriation. Instream appropriations may be canceled as provided in sections 46-229.02 to 46-229.05.

(o) TRANSFER OF APPROPRIATIONS

46-2,120 District or company; notice to landowner; when required; terms, defined.

(1) Any irrigation district, reclamation district, public power and irrigation district, rural water district, or mutual irrigation or canal company using the procedure described in sections 46-2,121 to 46-2,129 and which is exempt from the Open Meetings Act shall provide notice by mail to each owner of land in the district or served by the company not less than seven days before any meeting or hearing under sections 46-2,121 to 46-2,129.

(2) For purposes of sections 46-2,120 to 46-2,130:

(a) Department means the Department of Natural Resources; and

(b) Director means the Director of Natural Resources.

Open Meetings Act, see section 84-1407.

46-2,121 District or company; hold appropriation; sections; how construed.

Any irrigation district, reclamation district, public power and irrigation district, rural water district, or mutual irrigation or canal company shall hold
all water appropriations filed in the district’s or company’s name for the benefit of the owners of land to which the water appropriations are attached. Sections 46-2,120 to 46-2,129 shall not be construed to modify the rights of landowners to any water appropriation.

46-2,122 District or company; application for transfer and map; filing requirements; approval; conditions.

(1) Any irrigation district, reclamation district, public power and irrigation district, rural water district, or mutual irrigation or canal company may file an application for transfer and a map with the department identifying all tracts of lands that have received water delivered by the district or company and beneficially applied to the tract in at least one of the preceding ten consecutive years. The application for transfer and map shall be prepared and filed in accordance with the rules and regulations of the department.

(2) Any tract of land within the boundaries of the district or served by the company may receive a water appropriation, or portion thereof, transferred from a tract or tracts of land currently under the appropriation on file with the department. The director shall grant the transfer if:

(a) The owner of the land to which the water appropriation is attached and the owner of the ditch, canal, or other diverting works subject to transfer consent in writing to the department to the transfer of the appropriation from the tract of land;

(b) The water allotment on the receiving tract of land will not exceed the amount that can be beneficially used for the purposes for which the appropriation was made and will not exceed the least amount of water that experience may indicate is necessary, in the exercise of good husbandry, for the production of crops;

(c) The water will be applied on the receiving tract to a use in the same preference category as the use on the transferring tract; and

(d) The aggregate water use within the district or company after transfer will not exceed the aggregate water appropriation held by the district or company for the benefit of the owners of land to which the water appropriations are attached.

46-2,123 Hearing on application and map.

The department may hold a hearing on the application for transfer and map under section 46-2,122 if the department determines that a hearing is necessary to determine whether the application for transfer and map are in compliance with such section. The department shall hold a hearing on the application if requested by any owner of land within the district or served by the company. The hearing shall be conducted in accordance with section 61-206 and the rules and regulations of the department.

46-2,124 District or company; notice prior to meeting; requirements.

Any irrigation district, reclamation district, public power and irrigation district, rural water district, or mutual irrigation or canal company intending to
file an application for transfer and a map with the department under section 46-2,122 shall give notice prior to the meeting at which the application and map will be approved for filing. Notice shall be given in the manner provided in section 46-2,128.

46-2,125 Order granting application and map; contents; appeal.

After an investigation and hearing, if applicable, the director shall issue an order granting or denying the application for transfer and map under section 46-2,122. The director shall deny the application if the conditions in subsection (2) of such section are not met. An order granting or denying an application for transfer and map shall be in writing and shall specify the following:

(1) The tracts of land retaining an appropriation;
(2) The tracts of land receiving an appropriation; and
(3) The tracts of land transferring an appropriation.

An appeal may be taken from the decision of the department on the application for transfer and map as provided in section 61-207.

46-2,126 Priority date.

Any water appropriation transferred to a tract of land under sections 46-2,122 to 46-2,125 shall retain the original priority date for the water appropriation.

46-2,127 District or company; transfer of appropriation for agricultural purposes; when.

After obtaining approval of an application for transfer and map pursuant to sections 46-2,122 to 46-2,126, the board of directors of any irrigation district, reclamation district, public power and irrigation district, rural water district, or mutual irrigation or canal company may transfer an appropriation of water distributed for agricultural purposes from a tract or tracts of land within the district or served by the company to another tract or tracts of land within the boundaries of the district or served by the company if:

(1) The district or company finds that the transferring tract of land has received and had water, delivered by the district or company pursuant to a valid appropriation, beneficially applied in at least one of the preceding five consecutive years or that there has been sufficient cause for nonuse in the same manner as provided in section 46-229.04;

(2) The owner of the land to which the water appropriation is attached consents in writing to the transfer of the appropriation from his or her tract of land;

(3) The water appropriation, or portion thereof, proposed to be transferred has not been transferred by the board of directors of the district or company in the previous four years;

(4) The water allotment on the receiving tract of land will not exceed the amount that can be beneficially used for the purposes for which the appropriation was made and will not exceed the least amount of water that experience
may indicate is necessary, in the exercise of good husbandry, for the production of crops; and

(5) After the transfer, the aggregate water use within the district or company will not exceed the aggregate water appropriation held by the district or company for the benefit of owners of land to which the water appropriations are attached.

46-2,128 District or company; transfer of appropriation for agricultural purposes; published notice; contents.

Commencing at least six weeks but not more than twelve weeks before transferring any water appropriations under section 46-2,127, the district or company shall cause notice of the proposed transfer to be published at least once a week for three consecutive weeks in at least one newspaper of general circulation in each county containing lands on which the water appropriation is or is proposed to be applied. The district or company shall also provide the notice to the department. The notice shall contain:

(1) A description of the water appropriation to be transferred;

(2) The number assigned the water appropriation permit in the records of the department under sections 46-233 to 46-235;

(3) The priority date of the water appropriation;

(4) A description of the land to which the water appropriation is proposed to be applied;

(5) A statement that any owner of land within the district or served by the canal company may object to and request a hearing on the proposed transfer within seven calendar days after final publication; and

(6) Any other relevant information.

46-2,129 District or company; transfer of appropriation for agricultural purposes; hearing; notice; powers and duties; priority date.

(1) The board of directors of the district or company, or the board’s designee, may hold a hearing on a proposed transfer under section 46-2,127 and shall hold a hearing if requested by any owner of land within the district or served by the canal company. Notice of a hearing under this subsection shall be published at least seven calendar days prior to the hearing in at least one newspaper of general circulation in each county containing lands upon which the water appropriation is or is proposed to be applied. If the hearing is held by the board’s designee, the board’s designee shall make a written recommendation to the board within fifteen calendar days after the hearing. The board shall act upon the proposed transfer at the board’s next regular or special meeting following receipt of the designee’s recommendation.

(2) The board of directors may transfer the water appropriation at a regular or special meeting.

(3) Any water appropriation transferred to a tract of land under section 46-2,127 shall retain the original priority date for the water appropriation.
(4) All transfers shall be reported annually to the department pursuant to section 46-261.

46-2,130 Sections; how construed.

Nothing in sections 46-2,120 to 46-2,129 shall be construed to limit or restrict the powers of the department with respect to adjudication of water rights.

(q) STORM WATER MANAGEMENT PLAN PROGRAM

46-2,139 Storm Water Management Plan Program; created; assistance to cities and counties; grants; Department of Environment and Energy; duties.

The Storm Water Management Plan Program is created. The purpose of the program is to facilitate and fund the duties of cities and counties under the federal Clean Water Act, 33 U.S.C. 1251 et seq., as such act existed on January 1, 2006, regarding storm water runoff under the National Pollutant Discharge Elimination System requirements. The Storm Water Management Plan Program shall function as a grant program administered by the Department of Environment and Energy, using funds appropriated for the program. The department shall deduct from funds appropriated amounts sufficient to reimburse itself for its costs of administration of the grant program. Any city or county when applying for a grant under the program shall have a storm water management plan approved by the department which meets the requirements of the National Pollutant Discharge Elimination System. Grant applications shall be made to the department on forms prescribed by the department. Grant funds shall be distributed by the department as follows:

(1) Not less than eighty percent of the funds available for grants under this section shall be provided to cities and counties in urbanized areas, as identified in 77 Federal Register 18652-18669, that apply for grants and meet the requirements of this section. Grants made pursuant to this subdivision shall be distributed proportionately based on the population of applicants within such category, as determined by the most recent federal census update or recount certified by the United States Department of Commerce, Bureau of the Census. For the purpose of distributing grant funds to a county pursuant to this
subdivision, the proportion shall be based on the county population, less the population of city applicants within that county. Any funds available for grants under this subdivision and not awarded by the end of a calendar year shall be available for grants in the following year; and

(2) Not more than twenty percent of the funds available for grants under this section shall be provided to cities and counties outside of urbanized areas, as identified in 77 Federal Register 18652-18669, with populations greater than ten thousand inhabitants as determined by the most recent federal census update or recount certified by the United States Department of Commerce, Bureau of the Census, that apply for grants and meet the requirements of this section. Grants under this subdivision shall be distributed proportionately based on the population of applicants within this category as determined by the most recent federal census update or recount certified by the United States Department of Commerce, Bureau of the Census. For the purpose of distributing grant funds to a county pursuant to this subdivision, the proportion shall be based on the county population, less the population of city applicants within that county. Any funds available for grants pursuant to this subdivision which have not been awarded at the end of each calendar year shall be available for awarding grants pursuant to subdivision (1) of this section.

Any city or county receiving a grant under subdivision (1) or (2) of this section shall contribute matching funds equal to twenty percent of the grant amount.

Any irrigation district now or hereafter organized under the laws of this state is hereby authorized, subject to the provisions of sections 46-301 to 46-315, to acquire, by purchase, lease or otherwise, construct, extend, improve, manage and operate, electric light and power plants, lines and systems, and all machinery, equipment and other property, real or personal, connected therewith or incident thereto; to manufacture, produce, generate and transmit, distribute, purchase or sell electrical energy for lighting, heating and power purposes; to adopt, use and employ in the generation and production of electrical energy, water power, steam power, and any other practicable means or method; to extend any such plant, lines and systems within and without the boundaries of the irrigation district; and to connect, interconnect and operate such electric light and power plants, lines, systems, and service with those of any other irrigation district or districts or with those of any one or more cities, villages, or public electric light and power districts of this state, or with those of the government of the United States.

46-302 Electric light and power system; construction or acquisition by resolution; procedure.

Whenever the board of directors of any irrigation district shall, by resolution, determine that it is to the interest, convenience, and welfare of the district that the district, under sections 46-301 to 46-315, purchase, construct, or otherwise acquire, operate, and maintain any electric light and power plant, lines, or systems, whether as an addition, extension, enlargement, alteration, or reconstruction of any site, irrigation works, or other property owned or controlled by the district, or as a plant, lines, or system independent of works or property already owned or controlled by the district, the board of directors shall thereupon prepare comprehensive written plans, statements, and reports setting out the nature, location, and description of the proposed plant, lines, and system, including method or methods of generation or acquisition, the location of transmission lines, the use of other sites, properties, and works already owned or controlled by the district, estimated costs of acquisition and construction, the method or means of financing the proposed plan and project, the amount of bonds, if any, proposed to be issued in connection therewith, and such other data as the Department of Natural Resources shall prescribe. The

expense thereof may be authorized by any special meeting or at the annual meeting of such district. Such plans, statements, and reports, including a copy of such resolution, shall be duly certified by the board of directors and shall be thereupon submitted to the department for its examination as set forth in section 46-304.

46-303 Electric light and power system; construction or acquisition by petition; procedure.

In lieu of the resolution of the board of directors and the preparation and submission by the board of plans, reports, and statements as provided in section 46-302, a petition containing and setting forth the data and information required in such section concerning the proposed electric light and power plant, lines, and systems may be presented to the Department of Natural Resources, signed by not less than twenty percent of all the qualified electors of the district. Such petition shall declare that, in the opinion of the petitioners, it is to the interest, convenience, and welfare of the district that the district, under sections 46-301 to 46-315, adopt substantially the plan or method set out in the petition for the establishment, acquisition, and operation by the district of electric light and power plant, lines, and systems. The petition shall contain the affidavit of the person or persons who circulated the same, certifying that each name signed thereto is the true signature of the person whose name it purports to be and that the person is a qualified elector of the district.

46-304 Electric light and power system; construction or acquisition; examination and report by Department of Natural Resources.

Upon receipt by the Department of Natural Resources of the plans, reports, and statements provided for in section 46-302 or of the petition provided for in section 46-303, the department shall examine the proposed plan and project, make an estimate of the probable cost thereof, and make such further examination and investigation concerning the same as the department shall deem necessary or advisable. If the department deems the proposed plan and project feasible and practicable, either as originally submitted or as changed and amended by the department, the department shall then file with the board of directors of the irrigation district concerned its report in the matter, which report shall include a complete explanation of the proposed project, the plans and maps showing location of the project, the estimated cost of the project, and the probable receipts from the sale of electric energy, and the certificate of the department that the project has been examined and deemed feasible and practicable by the department.

46-305 Electric light and power system; construction or acquisition; election required; procedure; vote required; effect of affirmative vote.

Upon the filing of the data and certificates with the board of directors of the district, the board of directors and the other proper officers of the district shall
submit the proposed plan and project to the qualified electors of the district for their approval or rejection, at a general election or at a special election called for that purpose, the submission of proposition and all matters pertaining to such election to conform, including notice of election, as nearly as may be, and except as otherwise expressly provided in sections 46-301 to 46-315, to the provisions of law governing elections upon propositions for the issuance of bonds of the district. The report of the Department of Natural Resources and all other data and information on file with the board of directors or the officers of the district shall be subject to inspection at all reasonable business hours by any elector of the district, or other interested persons, for the entire period during which notice of the election shall be published. Such question and proposition shall be thus submitted by ballots upon which shall appear, in a clear, fair, and concise manner, a statement of the nature and description of the proposed project, and, if such proposition includes the issuance of bonds of the district, there shall also appear upon the ballots a general description of such bonds, including principal amount, rate of interest and when payable, date of issuance, and date of maturity. At the bottom of the ballots substantially the following form shall appear:

FOR the adoption of the foregoing plan and project (and issuance of bonds of the district).

AGAINST the adoption of the foregoing plan and project (and the issuance of bonds of the district).

If a majority of the ballots cast on such proposition are in favor thereof, the board of directors shall declare the same adopted, and the board of directors of the district shall proceed forthwith to put such plan and project into effect, including the issuance of bonds of the district if included in the proposition submitted at the election, the levy and collection of taxes and assessments to pay such bonds and interest thereon, and the execution of all contracts proper or incident to the consummation of such plan and project.

GENERATION OF ELECTRIC LIGHT AND POWER § 46-309

Any irrigation district in this state which, pursuant to the authority conferred upon it by sections 46-301 to 46-315, shall own or operate, or hereafter acquire or establish any electric light and power plant, distribution system, or transmission lines, may extend and operate the same beyond its boundaries, and for that purpose is hereby authorized and empowered to construct, purchase, lease or otherwise acquire, and to maintain, improve, extend and operate electric light and power plants, distribution systems, and transmission lines outside the boundaries of such district, for such distance and over such territory within this state as may be deemed expedient. In the exercise of the powers granted by this section any such district by its board of directors may enter into contracts to furnish and sell electrical energy to any person, firm, association, public or private corporation, municipality or public electric light and power district. No such construction, purchase, lease, acquisition, improvement or extension of any such additional plant, distribution system, or transmission lines, however, shall be paid for except out of the net earnings and profits of one or more or all of the electric light and power plants, distribution systems, and transmission lines of such district. The provisions of this section shall be deemed cumulative and the authority herein granted shall not be limited or made inoperative by any other provision of law for the extension and financing of such plants, lines or systems.

46-308 Issuance of debentures pledging earnings; powers of district; judicial confirmation not required.

In lieu of the issuance of bonds or the levy of taxes or assessments as otherwise by law provided, and in lieu of any other lawful methods or means of providing for the payment of indebtedness, any irrigation district within this state shall have the power and authority, by and through its board of directors, to provide for or to secure the payment of the cost or expense of purchasing, constructing or otherwise acquiring, extending and improving any real or personal property necessary or useful in its operation of any electric light and power plant, distribution system, or transmission lines, by pledging, assigning, or otherwise hypothecating the net earnings or profits of such irrigation district derived, or to be derived, from the operation of such electric light and power plant, distribution system, or transmission lines, and to that end, to enter into such contracts and to issue such warrants or debentures as may be proper to carry out the provisions of this section. All earnings, profits, and revenue thus pledged, assigned or hypothecated shall be kept in separate funds to be expended for the specific purposes aforesaid, until such indebtedness shall have been fully paid. Warrants or debentures issued under the provisions of this section shall not be subject to the provisions of law requiring the judicial examination of the issuance and sale of bonds of the district.

46-309 Proposals in conflict with original project; vote of electors a condition precedent to adoption.

No power conferred upon the district under the provisions of sections 46-301 to 46-315 shall be exercised if in express conflict with the original plan or

project submitted to the vote of the electors of the district under the provisions of sections 46-302 to 46-305, unless and until approved by the affirmative vote of a majority of the qualified electors of the district at any general election or at a special election called for the purpose. At such election the notice of the election, conduct of the election and canvass of votes shall so far as practicable conform to the foregoing provisions for elections held for the purpose of the initial establishment or acquisition, by the district, of electric light and power plant, lines or systems.

46-310  Rates and charges for electric current; rules and regulations of system.

Any irrigation district which shall acquire, establish and operate any electric light and power plant, lines or systems under the provisions of sections 46-301 to 46-315 shall have the power to fix and collect reasonable rates, fees, and charges for electric current, service, equipment, and physical connection sold or furnished to consumers, and to make and enforce reasonable rules and regulations for the operation and conduct of the entire electric light and power system of the district.

46-311  Sale, lease, or transfer; law applicable.

All provisions of law pertaining to any sale, lease or transfer of any electric light and power plant, distribution system or transmission lines by cities, villages, and public electric light and power districts to any private person, firm, association or corporation, shall be applicable, as nearly as may be, to irrigation districts which shall acquire, establish or own any such plant, lines or system.

46-312  Extension; pledged net proceeds inadequate; bonds; how issued.

If at any time after the initial acquisition or establishment by any irrigation district of an electric light and power plant, lines, or systems the Department of Natural Resources deems it to be practicable and expedient that additional plants, lines, or systems, or extensions or improvements of the existing electric light and power plant, lines, or systems, should be made by the district, and if the cost of such additions and extensions cannot be made or provided for by the application of unused funds derived from the operation of the existing electric light and power plant, lines, or systems or by the pledge or assignment of future net revenue as in sections 46-301 to 46-315, then the board of directors may, and on the petition of not less than twenty-five percent of the qualified electors of the district shall, submit to the electors of the district at any general election or at any special election called for the purpose, the question and proposition of making such improvements, additions, or extensions and the issuance of bonds of the district to pay the cost thereof. A statement of the department with reference to the expediency and feasibility of such proposed extension and addition shall be made by such department to the irrigation district whenever

requested by the board of directors of such district. Such election shall be held and the result thereof determined and declared in conformity with the provisions of law governing elections upon the proposition of the issuance of bonds of the district. Complete plans and a description of the proposed additions, improvements, changes, or extensions shall be prepared and kept on file in the main office of the district or of the board of the district, subject to inspection by any elector or other interested person, at all reasonable business hours during the period of publication of notice of such election. The ballots at such election shall conform, as nearly as practicable, with the requirements of section 46-305.

46-313 Eminent domain; use of highways; construction and operation; general law applicable.

All general provisions of law applicable to electric light and power corporations and irrigation districts which pertain to the exercise of the power of eminent domain, the use and occupation of public highways, and the manner or method of construction and physical operation of plants, systems, and transmission lines shall be applicable, as nearly as may be, to irrigation districts in their exercise of the powers and functions, and in their performance of the duties conferred or imposed upon them under the provisions of sections 46-301 to 46-315.

46-314 Profits from sale of electricity; how used.

All net profits derived from the sale of electrical energy under the provisions of sections 46-301 to 46-315 shall belong to the irrigation district producing it, and may be used by such district to pay its operation and maintenance expense, its bonded indebtedness, if any, or other debts, or for improvements and additions.

46-315 Use of water for hydroelectric plant; rights of irrigation district.

Every irrigation district in this state shall have the exclusive right to make application to the Department of Natural Resources for the use of all water used for irrigation purposes and all return flow and seepage water from irrigated land in its district for the purpose of operating hydroelectric plants under sections 46-301 to 46-315.

**Nebraska Mid-State Reclamation District v. Hall County, 152 Neb. 410, 41 N.W.2d 397 (1950).**

### 46-516 Petition; signers; contents.

Before any reclamation district is established under the Reclamation Act, a petition shall be filed in the office of the department signed by the owners of not less than thirty percent of the acreage of lands to be included in the district, exclusive of land in cities and villages, and each tract or tracts of land and the total acreage shall be listed opposite the name of the signer. A signing petitioner shall not be permitted after the filing of the petition to withdraw his or her name therefrom. No district shall be formed under the act unless the taxable valuation of land, together with improvements thereon, within the proposed district, exclusive of land and improvements thereon in cities and villages, is five million seven hundred twenty thousand dollars or more. The petition shall set forth:

1. The proposed name of the district;
2. That property within the proposed district will be benefited by the accomplishment of the purposes enumerated in section 46-515;
3. A general description of the purpose of the contemplated improvement and of the territory to be included in the proposed district. The description need not be given by metes and bounds or by legal subdivision, but it shall be sufficient to enable a property owner to ascertain whether the property is within the territory proposed to be organized as a district. The territory need not be contiguous if it is so situated that the organization of a single district of the territory described is calculated to promote one or more of the purposes enumerated in section 46-515;
4. The taxable value of all irrigable land within the boundaries of the proposed district;
5. A general description of the divisions of the district, the number of directors of the district proposed for each subdivision, and the names and addresses of the proposed members of the board of directors of the district.
§ 46-516 IRIGATION AND REGULATION OF WATER

There shall be not less than five nor more than twenty-one directors named therein who shall serve until their successors are elected and qualified. In the petition the directors named shall be divided as nearly as possible into three equal groups, the members of the first group to hold office until their successors have been elected at the first general state election thereafter and have qualified, the members of the second group to hold office until their successors have been elected at the second general state election thereafter and have qualified, and the members of the third group until the members elected at the third general state election thereafter have qualified. After the name of each director, it shall be stated to which of the three groups he or she belongs; and

(6) A prayer for the organization of the district by the name proposed.

No petition with the requisite signatures shall be declared null and void on account of alleged defects, but the department may at any time permit the petition to be amended to conform to the facts, to correct any errors in the description of the territory, or in any other particular. Similar petitions or duplicate copies of the same petition for the organization of the same district may be filed and shall together be regarded as one petition. All such petitions filed prior to the hearing on the first petition filed shall be considered by the department the same as though filed with the first petition placed on file. In determining whether the requisite number of landowners have signed the petition, the department shall be governed by the names as they appear upon the tax roll which shall be prima facie evidence of such ownership.

46-517 Petition; bond; requirements.

At the time of filing the petition or at any time subsequent thereto, and prior to the time of hearing on said petition, a bond shall be filed in the amount of two thousand dollars, with security approved by the department to pay all expenses connected with the proceedings in case the organization of the district be not effected. If at any time during the proceeding the department shall be satisfied that the bond first executed is insufficient in amount, it may require the execution of an additional bond within a time to be fixed at not less than ten days distant. Upon a failure of the petitioner to execute the same, the petition shall be dismissed.

46-518 Petition; notice of hearing.

Immediately after the filing of such petition, the department shall (1) by order fix a place and time, not less than ninety days nor more than one hundred and twenty days after the petition is filed, for hearing thereon, (2) cause notice by publication to be made of the pendency of the petition and of the time and place of hearing thereon, and (3) forthwith cause a copy of said notice to be mailed by either registered or certified mail to the county boards of each of the several counties having territory within the proposed district.

Reissue 2021 158
46-519 Protest petition; contents.

At any time after the filing of a petition for the organization of a reclamation district and not less than thirty days prior to the time fixed by the order of the department for the hearing upon said petition, and not thereafter, a petition may be filed in the office of the department wherein the proceeding for the creation of said district is pending, signed by not fewer than the owners of thirty percent of the acreage of lands in the district, exclusive of land in cities and villages, who have not signed the petition for creating the district, protesting the creation of the district. The protesting petition shall list each tract or tracts of land and the total acreage of each signer opposite his name.

46-520 Protest petition; disqualification of signer.

Any person who signs a petition for creation of a district as the owner of any land shall be disqualified to sign a protest petition.

46-521 Protest petition; when dismissed.

Upon the day set for the hearing upon the original petition, if it shall appear to the department from such evidence as may be adduced by any party in interest, that said protesting petition is not signed by the requisite number of owners of lands, the department shall thereupon dismiss said protesting petition and shall proceed with the original hearing as provided in section 46-525.

46-522 Protest petition; requisite number of signers; dismissal of original petition.

If the department shall find from the evidence that said protesting petition is signed by the requisite number of owners of lands, the department shall forthwith dismiss the original petition praying for the creation of the district. The finding of the department upon said question of the genuineness of the signatures, and all matters of law and fact incident to such determination shall be final and conclusive on all parties in interest whether appearing or not.

46-523 Organization; objections.

Any owner of real property in said proposed district who did not individually sign a petition for the organization of a reclamation district and who desires to object to the organization and incorporation of said district may, on or before the date set for the cause to be heard, file objection to the organization and incorporation of the district.

46-524 Objections; contents; hearing.

Such objection shall be limited to a denial of the statements in the petition. It shall be heard by the department without unnecessary delay.

46-525 Hearing; decree; district established.

Upon the said hearing, if it shall appear that a petition for the organization of a reclamation district has been signed and presented, as provided in section 46-516, in conformity with sections 46-501 to 46-573, and that the allegations of the petition are true, and that no protesting petition has been filed, or if filed has been dismissed as provided in section 46-521, the department shall, by order duly entered of record, adjudicate all questions of jurisdiction, declare the district organized and give it a corporate name, by which it shall thereafter be known in all proceedings. Thereupon the district shall be a political subdivision of the State of Nebraska and a body corporate with all the powers of a public or municipal corporation.

46-526 Decree; contents; office of the district.

In such decree the department shall designate the place, prayed for in the petition, where the office or principal place of business of the district shall be located, which shall be within the corporate limits of the district. It may be changed by order of the department from time to time, upon the application of the board of directors of said district. The regular meetings of the board shall be held at such office or place of business, but for cause may be adjourned to any convenient place. The official records and files of the district shall be kept at the office so established.

46-527 Petition; dismissal; appeal and writ of error denied.

If the department finds that no petition has been signed and presented in conformity with sections 46-501 to 46-573, or that the material facts are not as set forth in the petition filed, it shall dismiss said proceedings and adjudge the costs against the signers of the petition in such proportion as it shall deem just and equitable. No appeal or writ of error shall lie from an order dismissing said proceeding. Nothing herein shall be construed to prevent the filing of a subsequent petition or petitions for similar improvements or for a similar reclamation district, and the right to so renew such proceeding is hereby expressly granted and authorized.

46-528 Decree; district established; appeal.

If an order is entered establishing the district, such order shall be deemed final. Any person, firm, or corporation owning real property within any reclamation district, created or established by virtue of the Reclamation Act, feeling himself or herself aggrieved by the establishment of such district, the determination of its boundaries, or the enclosure therein of any of his or her property may appeal the final order of the department adjudging such district to be duly incorporated. The appeal shall be in accordance with the Administrative Procedure Act, except that the appeal shall be to the district court of the county wherein the principal office of the reclamation district is located. If no appeal is taken within the time prescribed in the Administrative Procedure Act, the entry of such final order by the department shall finally and conclusively establish the regular organization of the district against all persons, except the State of Nebraska in an action in the nature of a writ of quo warranto commenced by the Attorney General within three months after the decree declaring such
district organized as herein provided and not otherwise. The organization of such districts shall not be directly or collaterally questioned in any suit, action, or proceeding, except as herein expressly authorized.

§ 46-541 Directors; general powers and duties; continuance of corporate existence; election; dissolution.

The board shall have power on behalf of the district:

(1) To have perpetual succession, except that all districts organized prior to January 1, 1950, which have not entered into a bona fide construction of their works shall, within fifteen years following January 1, 1961, cause to be submitted to the qualified electors of the district the following question:

Shall the district be continued for an additional fifteen years?

.... Yes
.... No

The election shall be held in the same manner set out in section 46-564 relating to submission to qualified electors for the approval of bonded indebtedness.

In the event a majority of the qualified voters voting in such election vote yes, then such district shall be continued for an additional fifteen years. For all districts organized after January 1, 1950, and not having entered into a bona fide construction of their works before January 1, 1961, the directors shall, within fifteen years following January 1, 1961, cause to be submitted the same question to the qualified electors of the district. All districts organized after November 1, 1953, which have not entered into a bona fide construction of
their works within fifteen years after the first day of July of the year of assessment of the taxable property of the district shall submit to the qualified electors of the district the question of whether the district shall be continued for an additional fifteen years. If a district has pending before the Congress of the United States a bill for the authorization or reauthorization of its project at the expiration of any one of such fifteen-year periods, the district shall be continued until such authorization or reauthorization is granted by the Congress of the United States and appropriations made for the actual construction of its work, which additional period shall not exceed ten years from the expiration of the fifteen-year period.

If at the end of the fifteen-year period, plus the additional ten-year period granted while its project is pending before the Congress of the United States for authorization or reauthorization and an appropriation for the actual construction of its works, no physical construction of any of its works has been started, then the same question shall again be submitted to the qualified electors. In the event a majority of the qualified voters voting in such election vote yes, then such district shall be continued for an additional fifteen years.

In the event of a failure to receive a majority affirmative vote of the voters voting in such election, the district shall be dissolved and the district shall submit to the department a full and complete audit by a public accountant showing the assets possessed by the district. Thereupon the department shall enter an order providing that within sixty days the assets of such district shall be liquidated, all rights granted by the department shall be canceled, and any assets on hand shall be divided as follows:

(a) All bills payable and all expenses of dissolution shall be deducted from the assets and paid; and

(b) The balance remaining shall be divided proportionately among the operating public school districts of the district in the proportion that the number of acres in each school district bears to the total number of acres of all of the school districts within the boundaries of the district. If the district is confined to one county, distribution shall be made by the county treasurer of such county. If the district extends into more than one county, the funds for disbursement to such school districts shall be paid to the county within which the schoolhouses are located for distribution to such school districts;

(2) To take by appropriation, grant, purchase, bequest, devise, or lease, and to hold and enjoy water rights and waterworks, and any and all real and personal property of any kind within or without the district necessary or convenient to the full exercise of its powers; to purchase, sell, lease, encumber, alienate, or otherwise dispose of waterworks and real and personal property; to enter into contracts for furnishing water service for use within the district; to acquire, construct, operate, control, and use any and all works, facilities, and means necessary or convenient to the exercise of its power, both within and without the district, for the purpose of providing for the use of such water within the district; and to do and perform any and all things necessary or convenient to the full exercise of the powers granted in this subdivision;

(3) To have and to exercise the power of eminent domain in addition to any other rights and powers conferred in this section upon any district organized under the Reclamation Act, for the purposes and after the manner provided for in sections 76-704 to 76-724, except that when any reclamation district exercises the power of eminent domain as to water being used for power purposes, it
shall not include any other properties of any irrigation district, public power
district, or public power and irrigation district organized and existing under the
laws of the State of Nebraska;

(4) To construct and maintain works and establish and maintain facilities
across or along any public street or highway and in, upon, or over any vacant
public lands, which public lands are now or may hereafter become the property
of the State of Nebraska, and to construct works and establish and maintain
facilities across any stream of water or watercourse. The district shall promptly
restore any such street or highway to its former state of usefulness as nearly as
may be and shall not use the same in such manner as to completely or
unnecessarily impair the usefulness thereof. In the use of streets, the district
shall be subject to the reasonable rules and regulations of the county, city, or
village where such streets lie concerning excavation and the refilling of excav-
ation, the relaying of pavements, and the protection of the public during periods
of construction. The district shall not be required to pay any license or permit
fees or file any bonds. The district may be required to pay reasonable inspection
fees;

(5) To contract with the government of the United States or any agency
thereof for the construction, preservation, operation, and maintenance of tun-
nels, reservoirs, regulating or reregulating basins, diversion works and canals,
dams, power plants, drains, and all necessary works incident thereto, to acquire
rights to the use of water from such works, and to enter into contracts for the
use of water from such works by persons and corporations, public and private;

(6) To list in separate ownership the lands within the district which are
susceptible of irrigation from the district sources, to enter into contracts to
furnish water service to all such lands, and to levy assessments as hereinafter
provided against the lands within the district in which water service is fur-
nished on the basis of the value per acre-foot of water service furnished to the
lands within the district. The board may divide the district into units and fix a
different value per acre-foot of water in the respective units and in such case
shall assess the lands within each unit upon the same basis of value per acre-
foot of water service furnished to lands within such unit;

(7) To fix rates at which water service, not otherwise provided for in this
section, may be furnished. Rates shall be equitable although not necessarily
equal or uniform for like classes of service throughout the district;

(8) To adopt plans and specifications for the works for which the district was
organized, which plans and specifications may at any time be changed or
modified by the board. The plans shall include maps, profiles, and such other
data and descriptions as may be necessary to set forth the location and
character of the works, and a copy thereof shall be kept in the office of the
district and open to public inspection. The plans and specifications and any
changes shall be approved by the department in accordance with the statutes;

(9) To appropriate and otherwise acquire water rights within or without the
state; to develop, store, and transport water; to provide, contract for, and
furnish water service for municipal and domestic purposes, irrigation, power,
milling, manufacturing, mining, metallurgical use, and any and all other
beneficial uses and to derive revenue and benefits therefrom; to fix the terms
and rates therefor; to make and adopt plans for and to acquire, construct,
operate, and maintain dams, reservoirs, canals, conduits, pipelines, tunnels,
power plants, transmission lines, and any and all works, facilities, improve-
ments, and property necessary or convenient therefor; and in the doing of all of such things to obligate itself and execute and perform such obligations according to the tenor thereof. The contracts for furnishing of water service for irrigation and domestic purposes shall only be made for use within the district. The board may transfer water appropriations within the district pursuant to sections 46-2,127 to 46-2,129;

(10) To invest any surplus money in the district treasury, including such money as may be in any sinking fund established for the purpose of providing for the payment of the principal or interest of any contract, bond, or other indebtedness or for any other purpose, not required for the immediate necessities of the district, in its own bonds or in treasury notes or bonds of the United States. The investment may be made by direct purchase of any issue of such bonds or treasury notes, or part thereof, at the original sale of the same or by the subsequent purchase of such bonds or treasury notes. Any bonds or treasury notes thus purchased and held may, from time to time, be sold and the proceeds reinvested in bonds or treasury notes as provided in this subdivision. Sales of any bonds or treasury notes thus purchased and held shall, from time to time, be made in season so that the proceeds may be applied to the purposes for which the money with which the bonds or treasury notes were originally purchased was placed in the treasury of the district. The functions and duties authorized by this subdivision shall be performed under such rules and regulations as shall be prescribed by the board;

(11) To refund bonded indebtedness incurred by the district under and pursuant to such rules and regulations as shall be prescribed by the board;

(12) To borrow money, incur indebtedness, and issue bonds or other evidence of such indebtedness;

(13) To adopt bylaws not in conflict with the Constitution of Nebraska and laws of the state for carrying on the business, objects, and affairs of the board and of the district; and

(14) To enter into agreements for water service with agencies of the federal government or the Game and Parks Commission through which water will be made available, at rates determined as provided in subdivision (7) of this section, for hunting, fishing, and recreational development. The water service shall not exceed the amount of water which may be appropriated for such purposes by order of the department, and such amounts shall be included in the total appropriative right of the district or districts involved.

46-542 District: levy and collection of taxes; classification of methods.

In addition to the other means of providing revenue for such districts, the board shall have power and authority to levy and collect taxes and special assessments for maintaining and operating such works and paying the obligations and indebtedness of the district by any one or more of the methods or combinations thereof, classified as follows:

Reissue 2021
RECLAMATION DISTRICTS § 46-543

Class A. To levy and collect taxes upon the taxable value of the taxable property within the district;

Class B. To levy and collect assessments for special benefits accruing to lands within municipalities for which water service is furnished;

Class C. To levy and collect assessments for special benefits accruing to lands within irrigation districts for which water service is furnished; and

Class D. To levy and collect assessments for special benefits accruing to lands for which water service is furnished.

This and succeeding seventeen sections provide for fiscal management of a reclamation district, and give the board of directors power to levy and collect taxes and special assessments. Nebraska Mid-State Reclamation District v. Hall County, 152 Neb. 410, 41 N.W.2d 397 (1950).

46-543 Taxes; levy; Class A; submission to qualified voters of district.

To levy and collect taxes under Class A, the board shall, in each year, determine the amount of money necessary to be raised by taxation, taking into consideration other sources of revenue of the district, to supply funds for paying expenses of organization, for surveys and plans, and for paying the cost of constructing, operating, and maintaining the works of the district. The amount shall not exceed three and five-tenths cents on each one hundred dollars prior to the delivery of water from the works and thereafter shall not exceed seven cents on each one hundred dollars of the taxable value of the taxable property within the district, except that in the event of accruing defaults, deficiencies, or defaults and deficiencies, an additional levy may be made as provided in section 46-553.

The board shall, on or before September 30 of each year, certify to the county board of each county within the district or having a portion of its territory within the district the amount so fixed with direction that, at the time and in the manner required by law for levying of taxes for county purposes, such county board shall levy such tax upon the taxable value of the taxable property within the district in addition to such other taxes as may be levied by such county board at the rate required to produce the amount so fixed and determined.

No tax shall be levied and collected under Class A until the proposition of levying taxes has been submitted by a resolution of the board to the qualified electors of the district at an election held for that purpose in the same manner as provided for submission of incurring bonded indebtedness in sections 46-564 to 46-566, and when the proposition has been approved by a majority of the qualified electors of the district voting on the proposition at such election, thereafter the board shall be entitled to certify to the county board the amount of tax to be levied.

Class A are general taxes, uniformly levied upon all tangible property within the district. Nebraska Mid-State Reclamation District v. Hall County, 152 Neb. 410, 41 N.W.2d 397 (1950).

46-544 Special assessments; levy; limitation.

(1) If the board of a reclamation district determines in any year that there are certain lands within the district, not included within Classes B, C, and D, which receive special direct benefits from recharging of the ground water reservoirs by water originating from district works, the board shall in such year fix an amount to be levied upon the taxable value of the taxable property as a special assessment which in the opinion of the board will compensate the district for the special direct benefits accruing to such property by reason of recharged ground water reservoirs under such land by water originating from the district works. Such amount shall in no case exceed, together with all other amounts levied made under Class A on such land, the sum of fourteen cents on each one hundred dollars of the taxable value of the land. Such owner of lands specially assessed for special direct benefits shall have notice, hearing, and the right of appeal and shall be governed by section 46-554.

The board at the time and place mentioned in the notice, or at such time or times to which the hearing of the petition may adjourn, shall proceed to hear the petition and objections thereto presented in writing by any person showing cause as aforesaid why the petition should not be granted. The failure of any person interested to show cause in writing, as aforesaid, shall be deemed and taken as an assent on his part to the granting of the petition. The board may at its discretion accept or reject the petition. If it deems it is for the best interest of the district that the petition be granted, it shall enter an order granting the petition and from and after such order the municipality shall be deemed to have acquired the water service as set forth in the order. If the petition is granted, the board shall determine the amount of money necessary to be raised by taxation from property within such municipality to pay the annual installments and a fair proportionate amount of estimated operating and maintenance charges for each succeeding year, as provided in the order granting the petition, and prepare a statement showing the tax rate to be applied to all property in such municipality, which rate shall be the rate fixed by resolution of the board modified to the extent necessary to produce from each such municipality only the amount of money apportioned thereto in the resolution, less any amount paid or undertaken to be paid by such municipality in cash or as credited thereto by payments from the general funds of such municipality. Upon receipt by the county board of each county, wherein such municipality is located, of a certified copy of such resolution showing the tax rate to be applied to all property in each municipality and showing the municipalities and the property which is exempt therefrom, if any, it shall be the duty of the county officers to levy and collect such tax in addition to such other tax as may be levied by such county board at the rate so fixed and determined.

The secretary of the board shall cause notice of the filing of such petition to
be given and published, which notice shall state the filing of such petition and
give notice to all persons interested to appear at the office of the board at a

in writing by any person showing cause as aforesaid why the petition should
not be granted. The failure of any person interested to show cause, in writing,
as aforesaid, shall be deemed and taken as an assent on his part to the granting

it deems it is for the best interest of the district that the petition shall be
granted, it shall enter an order to that effect granting the petition and from and
after such order the irrigation district or persons therein shall be deemed to
have acquired the water service as set forth in the order. If the petition is
granted, the board shall determine the amount of money necessary to be raised
by special assessment on lands within such irrigation district and shall certify
to the county assessor, or county clerk where he is ex officio county assessor, of
the county in which the lands of such irrigation district are located the amount
of the assessment, plus a fair proportionate amount of the estimated operating
and maintenance charges for each succeeding year on each tract of land and
such county assessor shall extend the amount of such special assessment, plus
the operating and maintenance charges, on the tax roll as a special assessment
against the lands upon which the special assessment is made. Such assessment
shall be paid and collected in equal annual installments over the period of years
such water service is petitioned for as set forth in this section. If subdistrict or
subdistricts are organized as herein provided, assessments of special benefits
shall be made, spread on the tax rolls and collected in the same manner as

provided, the board shall make contracts for water service with petitioning
owners of lands in the district, upon which water can be beneficially used in the
manner as hereinafter provided, and shall fix and determine the rate or rates
per acre-foot and the terms at and upon which water service shall be furnished for use on the lands. In the event that any person or private corporation shall elect to purchase, lease, or otherwise obtain water service from the district for irrigation of lands, such person or corporation shall petition for water service upon terms prescribed by the board, which petition shall contain inter alia, the following: (1) Name of applicant; (2) quantity of water to be furnished; (3) the term of years such service is to be supplied; (4) description of lands upon which the water will be used and attached; (5) price per acre-foot to be paid; (6) whether payment will be made in cash or annual installments; and (7) an agreement that the annual installments and the charges for maintenance and operating shall become a tax lien upon the lands for which such water is furnished and to be bound by the provisions of sections 46-501 to 46-573 and the rules and regulations of the board.

This and two succeeding sections provide as Class D for assessments for special benefits accruing to lands for which water service may be contractually furnished by the reclamation district to petitioning individual owners of lands for irrigation purposes. Nebraska Mid-State Reclamation District v. Hall County, 152 Neb. 410, 41 N.W.2d 397 (1950).

46-551 Water service; petition; order; contents.

The board may, in its discretion, accept or reject the said petition. If it deems it for the best interest of the district that said petition be granted, it shall enter an order granting the said petition and from and after such order, the said petitioner shall be deemed to have agreed to the acquiring of water service under the terms set forth in said petition and order. Such order shall provide for payment on the basis of rate per acre-foot of water service contracted for said lands within the district; Provided, that the board may divide the district into units and fix a different rate per acre-foot of water in the respective units; and provided further, that such rates shall be equitable although not necessarily equal or uniform for like classes of services throughout the district.

46-552 Water service; petition; notice; hearing; order.

The secretary of the board shall cause notice of the filing of such petition to be given and published, which notice shall state the filing of such petition and give notice to all persons interested to appear at the office of the board at a time named in the notice and show cause in writing, if any they have, why the petition should not be granted. The board at the time and place mentioned in said notice, or at such time or times to which the hearing on the petition may be adjourned, shall proceed to hear the petition and objections thereto presented in writing by any person showing cause as aforesaid, why the petition should not be granted. The failure of any person interested to show cause, in writing, as aforesaid, shall be deemed and taken as an assent on his part to the granting of the petition. The board may, at its discretion, accept or reject the petition. If it deems it is for the best interest of the district that the petition shall be granted, it shall enter an order to that effect granting the petition, and from and after such order the petitioner or persons interested therein shall be deemed to have acquired the water service as set forth in the order. If such petition is granted, the board shall cause a certified copy of the order granting the petition to be recorded in the county in which the lands are located and thereafter, the annual installments and annual operating and maintenance charges shall be a perpetual tax lien upon such lands. assessor, or county clerk acting as ex officio county assessor, of the county within the district in which such lands are located the amount of the annual installments, plus a fair proportionate amount of the estimated operating and maintenance charges apportioned to the lands for the term of years such service is to be supplied, and such county assessor shall extend the amount so certified on the tax roll as a flat special assessment against the lands for which such water is petitioned and allotted.

46-553 Annual assessments; levy; limitations; additional levy.

The board in making the annual assessments and levies as provided in the Reclamation Act shall take into account the maturing indebtedness for the ensuing year as provided in its contracts, the maturing of bonds and interest on all bonds, and deficiencies and defaults of prior years and shall make ample provision for the payment thereof. In case the proceeds of such levies and assessments made under the act, together with all revenue of the district, are not sufficient to maintain and operate the works of the district and to punctually pay the annual installments on its contracts, bonds, or contracts and bonds and interest thereon and to pay defaults and deficiencies, then the board shall make such additional levies of taxes, assessments, or taxes and assessments as may be necessary for such purposes and notwithstanding any limitations by contract, order, tax lien, or otherwise. Such taxes and assessments shall be made and continue until the indebtedness of the district is fully paid. The amount of such additional levies of taxes under Class A as provided in section 46-542 shall not in any one year exceed an amount that would be raised by a levy of three and five-tenths cents on each one hundred dollars against the taxable value of such property as fixed for general tax purposes. The levies for defaults and deficiencies shall not at any time be so made as to impose upon Class A as provided in section 46-542 payments in excess of twenty-five percent of the anticipated revenue from all sources to be raised for the specific purpose of payment of existing defaults and deficiencies. In making such additional levies, assessments, or levies and assessments, the board shall take into account all sources of revenue and equitably distribute the burden of such defaults and deficiencies according to the uses and benefits as provided in the act.

An additional levy of taxes is authorized by this section.
Nebraska Mid-State Reclamation District v. Hall County, 152 Neb. 410, 41 N.W.2d 397 (1950).

46-554 Annual assessments; levy; objections; hearing; order; appeal.

Prior to the first day of July of any year in which assessments are made under the authority of sections 46-544 to 46-553, the board shall appoint a time and place or places where it will meet within the district for the purpose of hearing objections to assessments. Prior notice of such hearing shall be given by publication in two issues, a week apart, in some newspaper of general circulation published in each county in which lands within the district are located or, if there is any county in the district in which there is no newspaper published, in an adjoining county. The notice shall notify the owners of property in the district that in the secretary’s office and in the office of the county treasurer of
the county in which the land to be assessed is located may be found and examined a description of the property so assessed, the amount of the assessment thereon fixed by the board, and the time and place or places fixed by the board for the hearing of objections to such assessments. It shall not be necessary for the notice to contain separate descriptions of the lots or tracts of real estate, but it shall be sufficient if the notice contains such descriptions as will inform the owner whether or not his or her real estate is covered by such description and where the amount of the assessment can be found of record.

If, in the opinion of any person whose property is assessed, his or her property has been assessed too high or has been erroneously or illegally assessed, he or she may at any time before the date of such hearing file written objections to such assessments stating the grounds of such objections, which statement shall be verified by the affidavit of the person or his or her agent. At such hearing the board shall hear such evidence and arguments as may be offered concerning the correctness or legality of such assessment and may modify the same.

Any owner of property desiring to appeal from the findings of the board as to assessments shall, within thirty days from the findings of the board, file with the clerk of the district court of the county within which the property or a part thereof is located a written notice making demand for trial by the court. The appellant at the same time shall file a bond with good and sufficient security to be approved by the clerk of the court in a sum not exceeding two hundred dollars to the effect that if the finding of the court is not more favorable to the appellant than the finding of the board, the appellant will pay the cost of the appeal. The appellant shall state definitely from what part of the order the appeal is taken. In case more than one appeal is taken, the court may, upon a showing that the same may be consolidated without injury to the interests of anyone, consolidate and try the appeals together. The court shall not disturb the findings of the board unless they are manifestly disproportionate to the assessments imposed upon other property in the district created under sections 46-501 to 46-573. The trial shall be to the court, take precedence before the court, and be taken up as promptly as possible after the appeal is taken from the findings of the board within the time prescribed in this section.

If no appeal is taken from the findings of the board, then the assessment shall be final and conclusive evidence that the assessments have been made in proportion to the benefits conferred upon the property in the district by reason of the improvements to be constructed under such sections, and such assessments shall constitute a perpetual lien upon such property so assessed until paid.

Any person, firm, or corporation owning real property within any reclamation district created or established by virtue of such sections and feeling aggrieved by a final order of the district court may appeal to the Court of Appeals. He or she shall give notice of appeal, deposit the docket fee, and file a transcript as provided in section 25-1912. The appeal being one of public interest shall be advanced by the court to a speedy hearing.

46-555 Taxes; levy; lien; collection.

It shall be the duty of the officer or body having authority to levy taxes within each county, city and county, or village, to levy the taxes and special assessments as provided in sections 46-501 to 46-573 and it shall be the duty of all county, or city and county officials, charged with the duty of collecting taxes, to collect such taxes and special assessments in the time, form and manner and with like interest and penalties as county or city and county taxes are collected and when collected to pay the same to the district ordering its levy or collection. The payment of such collections shall be made through the secretary of the district and paid into the depository thereof to the credit of the district. All taxes and assessments made under sections 46-501 to 46-573 together with all interest thereon and penalties for default in payment thereof, and all costs in collecting the same, shall until paid constitute a perpetual lien on a parity with the tax lien of general, state, county, city, village or school taxes and no sale of such property to enforce any general, state, county, city, village or school tax or other liens, shall extinguish the perpetual lien of such taxes and assessments.

46-556 Taxes; levy; delinquent; sale.

If the taxes, assessments, or taxes and assessments, levied are not paid when due as herein provided, then the real property shall be sold at the regular tax sale for the payment of the taxes and assessments, interest, and penalties, in the manner provided by the statutes of the State of Nebraska for selling property for payment of general taxes. If there are no bids at the tax sale for the property so offered under Class A and Class B, the property shall be struck off to the county, and the county shall account to the district in the same manner as provided by law for accounting for school, village, and city taxes. If there are no bids for the property so offered under Class C and Class D, the property shall be struck off to the district and the tax certificate shall be issued in the name of the district and the board shall have the same power with reference to sale of the tax certificate, as now is vested in a county board and a county treasurer when property is struck off to the counties.

46-557 Taxes; levy; political subdivisions; exemption.

All property of whatever kind and nature owned by the state and by villages, cities, school districts, drainage districts, irrigation districts, park districts, water districts, or any other governmental agency or agencies within the said reclamation district, shall be exempt from assessment and levy by the board as provided by sections 46-501 to 46-573 for the purposes herein contained.

### 46-559 District; indebtedness; levy of assessments.

Whenever a contract of indebtedness has been created by the district, it shall be lawful for the board to make the levy of taxes and special assessments in such amount as will create a surplus of funds to meet the annual installments of indebtedness or the payment of bonds and interest, and the necessary maintenance and operating charges, and the board shall cause such surplus funds to be placed in a sinking fund which may be used for the payments of contingencies, defaults and delinquencies, and to pay the future annual installments of indebtedness on contract, bonds, or contract and bonds, and interest.

### 46-561 District; boundaries; change.

The boundaries of any district organized under the provisions of sections 46-501 to 46-573 may be changed in the manner herein prescribed, but the changes of boundaries of the district shall not impair or affect its organization, its right in or to property, or any of its rights or privileges whatsoever and shall not affect, impair, or discharge any contract, obligation, lien, or charge for or upon which it might be liable or chargeable had such change of boundaries not been made. The owners of lands may file with the board a petition, in writing, asking that such lands be included in the district. The petition shall describe the tracts or body of land owned by the petitioners. It shall be deemed to give assent by the petitioners to the inclusion in the district of the lands described in the petition. The petition shall be acknowledged in the same manner that conveyances of land are required to be acknowledged. The secretary of the board shall cause notice of the filing of such petition to be given and published in the county in which the lands are situated, which notice shall state the filing.

The board shall at the time and place mentioned or at such time or times to which the hearing may be adjourned proceed to hear the petition and all objections presented in writing by any person showing cause why the petition should not be granted. The failure of any person interested to show cause in writing shall be deemed and held and taken as an assent on his or her part to the inclusion of such lands in the district as prayed for in the petition. If the petition is granted, the board shall make an order to that effect.

This section provides a procedure by petition, notice, and hearing, for including lands within the district which were not included at the time of organization. Nebraska Mid-State Reclamation District v. Hall County, 152 Neb. 410, 41 N.W.2d 397 (1950).

46-562 District; petition to exclude land; contents; notice; objections; hearing; order; appeal.

The owner or owners in fee of any lands constituting a portion of the district, which lands are not within the corporate limits of any city or village, may file with the board a petition praying that such lands be excluded and taken from the district. It shall describe the lands which the petitioners desire to have excluded and set out that the lands have not and cannot acquire any benefit from the water resources or other operations of the district. Such petition must be acknowledged in the same manner and form as required in case of a conveyance of land and be accompanied by a deposit of money sufficient to pay all costs of the exclusion proceedings. The secretary of the board shall cause a notice of filing of such petition to be published in the county in which the lands, or the major portion thereof, are located. The notice shall state the filing of such petition, the names of petitioners, descriptions of lands mentioned in the petition, and the prayer of the petitioners and notify all persons interested to appear at the office of the board at the time named in the notice, showing cause in writing, if any, why the petition should not be granted. The board at the time and place mentioned in the notice, or at the time or times to which the hearing of the petition may be adjourned, shall proceed to hear the petition and all objections thereto presented in writing by any person showing cause why the prayer of the petition should not be granted. The filing of such petition shall be deemed and taken as an assent by each and all such petitioners to the exclusion from the district of the lands mentioned in the petition or any part thereof. The board, if the allegations of the petition are found to be true, shall order that the lands mentioned in the petition or some portion thereof be excluded from a district and, if the board finds that the allegations are not true, shall order that the petition be denied. In case a contract has been made between the district and the United States or any agency thereof, no change shall be made in the boundaries of the district unless the Secretary of the Interior assents to the change in writing and such assent is filed with the board. Upon such assent, any lands excluded from the district shall upon order of the board be discharged from all liens in favor of the United States under the contract with the United States or under bonds deposited with its agents. Appeal may be taken to the district court of the district in which the lands, or the major portion thereof,
are located by filing a transcript of the proceedings thereon in the manner and form as provided by sections 25-1901 to 25-1937.

### 46-564 Bonded indebtedness; submission to qualified electors; election.

Whenever the board incorporated under sections 46-501 to 46-573 shall, by resolution adopted by a majority of the said board, determine that the interests of said district and the public interest or necessity demand the acquisition, construction or completion of any source of water supply, waterworks, or other improvements or facilities, or the making of any contract with the United States or other persons or corporations, to carry out the objects or purposes of said district, wherein the indebtedness or obligation shall be created, to satisfy which shall require a greater expenditure than the ordinary annual income and revenue of the district shall permit, the board shall order the submission of the proposition of incurring such obligation or bonded or other indebtedness for the purposes set forth in said resolution, to the qualified electors of the district at an election held for that purpose. Any election held for the purpose of submitting any proposition or propositions of incurring such obligation or indebtedness may be held separately, or may be consolidated or held concurrently with any other election authorized by law at which such qualified electors of the district shall be entitled to vote. The declaration of public interest or necessity herein required and the provision for the holding of such election
may be included within one and the same resolution, which resolution, in
addition to such declaration of public interest or necessity shall recite the
objects and purposes for which the indebtedness is proposed to be incurred, the
estimated cost of the works or improvements, as the case may be, the amount
of principal of the indebtedness to be incurred therefor, and the maximum rate of
interest to be paid on such indebtedness. Such resolution shall also fix the date
upon which such election shall be held and the manner of holding the same and
the method of voting for or against the incurring of the proposed indebtedness.
Such resolution shall also fix the compensation to be paid the officers of the
election and shall designate the precincts and polling places and shall appoint
for each polling place, from each precinct from the electors thereof, the officers

act as clerk, who shall constitute a board of election for each polling place. The
description of precincts may be made by reference to any order or orders of the
county board of the county or counties in which the district or any part thereof
is situated, or by reference to any previous order, or resolution of the board or
by detailed description of such precincts. Precincts established by the boards of
the various counties may be consolidated for special elections held hereunder.
In the event any such election shall be called to be held concurrently with any
other election or shall be consolidated therewith, the resolution calling the
election hereunder need not designate precincts or polling places or the names
of officers of election, but shall contain reference to the act or order calling
such other election and fixing the precincts and polling places and appointing
election officers therefrom.

46-565 Bonded indebtedness; election; notice.

The resolution provided in section 46-564 shall be published once a week two

46-566 Bonded indebtedness; election; conduct; proclamation.

such election, the returns thereof shall be canvassed and the results thereof
declared. In the event that any election held hereunder shall be consolidated
with any primary or general election, the returns thereof shall be made and
canvassed at the time and in the manner provided by law for the canvass of the
returns of such primary or general election. It shall be the duty of such
canvassing body or bodies to promptly certify and transmit to the board a
statement of the result of the vote upon the proposition submitted hereunder.
Upon receipt of such certificate, it shall be the duty of the board to tabulate and declare the results of the election held hereunder.

### 46-567 Bonded indebtedness; bonds; issuance; sale.

In the event that it shall appear from said returns that a majority of said qualified electors of the district who shall have voted on any proposition submitted hereunder at such election voted in favor of such proposition, the district shall thereupon be authorized to incur such indebtedness or obligations, enter into such contract, and issue and sell such bonds of the district, all for the purpose or purposes and object or objects provided for in the proposition submitted hereunder and in the resolution therefor, and in the amount so provided and at a rate of interest not exceeding the rate of interest recited in such resolution. The district shall not pledge to the payment of bonds authorized under this section any taxes levied as Class A under the authority of section 46-543 or under any sections therein referred to, and no bonds shall be issued under the provisions of this section unless authorized by an election as provided in section 46-564. Such bonds shall bear such rate or rates of interest as shall be determined by the board, and such bonds shall be due and payable in not more than fifty years from the date thereof. The form, terms, and provisions of the bonds for the redemption of the bonds prior to maturity, with or without premiums, not inconsistent with the law, shall be determined by the board. The bonds shall be executed in the name of and on behalf of the district and signed by the president of the board with the seal of the district affixed thereto, attested by the secretary of the board, and they shall be in such denominations as the board shall determine, and payable to bearer, or registered as to principal only, or as to principal and interest, as the board shall determine, and the bonds shall be registered in the office of the county treasurer in the county wherein the main office of the district is located. 46-568 Directors; petition for determination of power; notice; hearing; order; appeal.

The board may at any time file a petition in the court, praying a judicial examination and determination of (1) any power conferred hereby by any amendment hereto, (2) any tax or assessment levied, or (3) any act, proceeding, or contract of the district, whether or not the contract shall have been executed, including proposed contracts for the acquisition, construction, maintenance, or operation of works for the district. The petition and notice shall be sufficient to give the court jurisdiction. Upon hearing, the court shall examine into and determine all matters and things affecting the question submitted, make such findings with reference thereto, and render such judgment and decree thereon as the case warrants. Costs may be divided or apportioned among the contesting parties in the discretion of the trial court. Review of the judgment and decree of the court may be had as in other similar cases but shall be commenced within thirty days after the entry of the judgment, decree, or final order complained of. The code of civil procedure shall govern in matters of pleading and practice where not otherwise specified in this section. 46-569 Notice; defective; effect.

In any and every case where a notice is provided for in sections 46-501 to 46-573, if the court finds for any reason that due notice was not given, the court shall not thereby lose jurisdiction, and the proceeding in question shall not thereby be void or be abated, but the court shall in that case order due notice to be given, and shall continue the hearing until such time as notice shall be properly given, and thereupon shall proceed as though notice had been properly given in the first instance.

The courts shall be open at all times for the purposes of sections 46-501 to 46-573.

46-571 Sections, how construed.

The Legislature hereby declares that it would have passed sections 46-501 to 46-573 and each section, provision, paragraph, clause, sentence, or phrase hereof irrespective of the fact that any one or more of the other sections, provisions, paragraphs, clauses, sentences, or phrases, or parts thereof, be declared invalid or unconstitutional.

All power plants and systems and all irrigation works constructed or otherwise acquired or used or operated by any reclamation district under the provisions of sections 46-501 to 46-573 or proposed by such districts to be so constructed, acquired, owned, used or operated, are hereby declared to be works of internal improvement. All laws applicable to works of internal improvement and all provisions of law now applicable to electric light and power corporations or to irrigation districts or to privately owned irrigation corporations as regards the power of eminent domain, the use and occupation of state and other public lands and highways, the appropriation or other acquisition or use of water, water power, water rights, or storage rights for any of the purposes contemplated in said sections, the manner or method of construction, physical operation of power plants, systems, transmission lines, and irrigation works, as herein contemplated, shall be applicable as nearly as may be to districts organized under sections 46-501 to 46-573 and in performance of the duties conferred or imposed upon them under the provisions of sections 46-501 to 46-573.

46-574 Boundaries; change; no impairment of rights; petition; contents.

The boundaries of any reclamation district now or hereafter organized under Chapter 46, article 5, may be changed and tracts of land included within the boundaries of such district in the manner prescribed by sections 46-574 to 46-584, but the changes of boundaries of the district shall not impair its organization or its rights in or to property or any of its rights or privileges of whatever kind or nature nor shall it impair or discharge any contract, obligation, lien, or charge for or upon which it was or might become liable or chargeable had such annexation and change of boundaries not been made. Before any tracts of land can be annexed and included in such district, a
petition shall be filed with the board of directors of the district to which annexation is desired signed by the owners of not less than fifty-one percent of the acreage of lands in the tract or tracts of land to be annexed and included in such district, exclusive of land in cities and villages, and each tract or tracts of land and the total acreage shall be listed opposite the name of the signer. A signing petitioner shall not be permitted after the filing of the petition to withdraw his or her name therefrom. The petition shall set forth:

2. That property within the boundaries of the area proposed to be annexed to the district will be benefited by the accomplishment of the purposes enumerated in section 46-515;
3. A general description of the purpose of the contemplated improvement and of the territory to be included in the tract or tracts of land, which description need not be given by metes and bounds or by legal subdivision, but it shall be sufficient to enable a property owner to ascertain whether the property is within the territory proposed to be annexed and included in such district;
4. The taxable value of all irrigable land within the boundaries of the tract or tracts of land to be annexed and included in such district;
5. A general description of the proposed tract or tracts of land and the division or divisions of such district to which the tract or tracts of land will be included; and
6. A prayer for the annexation and inclusion of the tract or tracts by the signing petitioner or petitioners.

46-575 Boundaries; change; petition; bond.

At the time of filing the petition or at any time subsequent thereto, and prior to the time of hearing on the petition, a bond shall be filed in the amount of two thousand dollars, with security approved by the board of directors of such district to pay all expenses connected with the proceedings in case the annexation of said area to such district be not effected. If at any time during the proceeding the board of directors shall be satisfied that the bond first executed is insufficient in amount, it may require the execution of an additional bond within a time to be fixed at not less than ten days distant. Upon a failure of the petitioner to execute the same, the petition shall be dismissed.

46-579 Boundaries; change; protest petition; when dismissed.

Upon the day set for the hearing upon the original petition for the annexation of any tract or tracts of land to such district, if it shall appear to the board of directors of such district from such evidence as may be adduced by any party in interest, that the protesting petition is not signed by the requisite number of owners of lands, the board of directors of such district shall thereupon dismiss said protesting petition and shall proceed with the original hearing as provided in section 46-525.

§ 46-581  IRRIGATION AND REGULATION OF WATER

46-581 Boundaries; change; objections.

Any owner of real property in the tract or tracts of land to be annexed to such district who did not individually sign a petition for the annexation of the tract or tracts of land to such district and who desires to object to the annexation of the tract or tracts of land to such district may, on or before the date set for the cause to be heard, file objection to the annexation to and incorporation of the tract or tracts of land to such district.

Source: Laws 1951, c. 147, § 9, p. 592.

46-583 Boundaries; change; hearing; election; final order; filed with Department of Natural Resources.

At the hearing, if the board of directors of such district deems it not for the best interest of such district that a change of its boundaries be so made as to include therein the lands mentioned in the petition, the board of directors of such district shall order that the petition be rejected. But if the board of directors of such district deems it for the best interest of such district that the boundaries of such district be changed and if it appears that the petition for the annexation and incorporation of the tract or tracts of land has been signed and presented as provided in section 46-574, that the allegations of the petition are true, and that no protesting petition has been filed, or if filed has been dismissed as provided by sections 46-574 to 46-584, the board of directors of such district may enter a tentative order annexing and including all lands described in the petition, or some part thereof. The order shall not become final until the proposition of levying taxes as provided for in section 46-543 has been complied with and until the proposition of levying taxes has been submitted by a resolution of the board of directors of such district to the qualified electors residing within the tract or tracts of land described in the tentative order at an election held for that purpose in the same manner as provided for submission of incurring bonded indebtedness in sections 46-564 to 46-566, and when the proposition has been approved by a majority of the qualified electors residing within the tract or tracts of land voting on the proposition at such election, then the board of directors shall enter a final order annexing and including all lands described in the tentative order. If at such election a majority of the qualified electors vote against the proposition, then the board of directors of such district shall set aside the tentative order, shall order that the petition be denied, and shall proceed no further in that matter. If the proposition is approved by a majority of the qualified electors of the tract or tracts voting on the proposition at such election in the manner provided for in section 46-543, the board of directors of such district shall certify to the county board of the county in which the tract or tracts of land are situated the rate of tax to be levied. The final order entered by the board of directors of such district shall describe the entire boundaries of the district, and for that purpose the board of directors may cause a survey of such portions thereof to be made as the board of directors deems necessary. A copy of the final order of the board of directors ordering such annexation, certified by the president and secretary of the board of directors of such district, shall be filed with the Department of Natural Resources.
Resources, and thereupon the district shall be and remain a reclamation district as fully and to every intent and purpose as if the lands which are included in the district by the annexation thereof and the change of boundaries had been included therein at the original organization of the district. Such tract or tracts of land so annexed to such district shall enjoy all the rights and privileges, of whatever kind and nature, and be subject to all the contract, obligation, lien, or charge for or upon which the original district was or might become liable or chargeable.

46-584 Boundaries; change; decree; determination; directors; terms of office.

Upon the entry of the final order as mentioned in section 46-583, and as soon thereafter as is practical, the board of directors of such district may determine the boundaries of each or of all the subdivisions, and make such adjustments and changes in the boundaries of such subdivisions as are necessary; Provided, if adjustments and changes of boundaries in each or all of the subdivisions are made, the directors shall be divided as nearly as possible into three equal groups, the members of the first group to hold office for the remainder of the term for which they were elected and until their successors have been elected at the first general election thereafter and shall have qualified, the members of the second group to hold office for the remainder of the term for which they were elected and until their successors have been elected at the second general state election thereafter and shall have qualified, and the members of the third group to hold office for the remainder of the term for which they were elected and until their successors have been elected at the third general state election thereafter and have been qualified. When the terms of the members of the three respective groups expire, their respective successors shall each be elected for a term of six years, and the terms of all elected successors thereafter shall be six years.

The board of directors, at the close of each year’s business, shall cause an audit of the books, records and financial affairs of the district to be made by a certified public accountant or firm of such accountants, who shall be selected by the district, subject to the approval of the Auditor of Public Accounts. The audit shall be in a form prescribed by the auditor, and shall contain and show the items set forth in section 46-586. energy supplied by said district; (3) the amount expended during the previous
year for maintenance; (4) the amount expended during the previous year for

46-587 Audit; information made available.
The audit and report shall be made at the close of the fiscal year. The person
making the examination and audit shall have access to all books, records,
vouchers, papers, contracts or other data containing information on said
subject (1) in the office of the reclamation district, (2) in the office of the
general manager of the district, or (3) in the possession or under the control of
any of the officers, agents or servants of the district. It is hereby made the duty
of all officers, agents and servants of the reclamation district to furnish to the
Auditor of Public Accounts, his agents, servants and employees, such informa-

(a) REGISTRATION OF WATER WELLS

46-601 Ground water; declaration of policy.

The Legislature finds, recognizes, and declares that the conservation of ground water and the beneficial use thereof are essential to the future well-being of this state. Complete information as to the occurrence and the use of ground water in the state is essential to the development of a sound ground water policy. The registration of all water wells in this state should be required.

46-601.01 Terms, defined.

For purposes of Chapter 46, article 6:

(1)(a) Water well means any excavation that is drilled, cored, bored, washed, driven, dug, jetted, or otherwise constructed for the purpose of exploring for ground water, monitoring ground water, utilizing the geothermal properties of the ground, obtaining hydrogeologic information, or extracting water from or
injecting fluid as defined in section 81-1502 into the underground water reservoir.

(b) Water well includes any excavation made for any purpose if ground water flows into the excavation under natural pressure and a pump or other device is placed in the excavation for the purpose of withdrawing water from the excavation for irrigation. For such excavations, construction means placing a pump or other device into the excavation for the purpose of withdrawing water for irrigation.

(c) Water well does not include (i) any excavation made for obtaining or prospecting for oil or natural gas or for inserting media to repressurize oil or natural gas bearing formations regulated by the Nebraska Oil and Gas Conservation Commission or (ii) any structure requiring a permit by the Department of Natural Resources used to exercise surface water appropriation; and

(2) Common carrier means any carrier of water including a pipe, canal, ditch, or other means of piping or adjoining water for irrigation purposes.

(1) Each water well completed in this state on or after July 1, 2001, excluding test holes and dewatering wells to be used for less than ninety days, shall be registered with the Department of Natural Resources as provided in this section within sixty days after completion of construction of the water well. The licensed water well contractor as defined in section 46-1213 constructing the water well, or the owner of the water well if the owner constructed the water well, shall file the registration on a form made available by the department and shall also file with the department the information from the well log required pursuant to section 46-1241. The department shall, by January 1, 2002, provide licensed water well contractors with the option of filing such registration forms electronically. No signature shall be required on forms filed electronically. The fee required by subsection (3) of section 46-1224 shall be the source of funds for any required fee to a contractor which provides the online services for such registration. Any discount in the amount paid the state by a credit card, charge card, or debit card company or a third-party merchant bank for such registration fees shall be deducted from the portion of the registration fee collected pursuant to section 46-1224.

(2)(a) If the newly constructed water well is a replacement water well, the registration form shall include (i) the registration number of the water well being replaced, if applicable, and (ii) the date the original water well was decommissioned or a certification that the water well will be decommissioned within one hundred eighty days or a certification that the original water well will be modified and equipped to pump fifty gallons per minute or less and will be used only for livestock, monitoring, observation, or any other nonconsumptive use or de minimis use approved by the applicable natural resources district.
(b) For purposes of this section, replacement water well means a water well which is constructed to provide water for the same purpose as the original water well and is operating in accordance with any applicable permit from the department and any applicable rules and regulations of the natural resources district and, if the purpose is for irrigation, the replacement water well delivers water to the same tract of land served by the original water well and (i) replaces a decommissioned water well within one hundred eighty days after the decommissioning of the original water well, (ii) replaces a water well that has not been decommissioned but will not be used after construction of the new water well and the original water well will be decommissioned within one hundred eighty days after such construction, except that in the case of a municipal water well, the original municipal water well may be used after construction of the new water well but shall be decommissioned within one year after completion of the replacement water well, or (iii) the original water well will continue to be used but will be modified and equipped within one hundred eighty days after such construction of the replacement water well to pump fifty gallons per minute or less and will be used only for livestock, monitoring, observation, or any other nonconsumptive or de minimis use approved by the applicable natural resources district.

(c) No water well shall be registered as a replacement water well until the Department of Natural Resources has received a properly completed notice of decommissioning for the water well being replaced on a form made available by the department, or properly completed notice, prepared in accordance with subsection (7) of this section, of the modification and equipping of the original water well to pump fifty gallons per minute or less for use only for livestock, monitoring, observation, or any other nonconsumptive or de minimis use approved by the applicable natural resources district. Such notices, as required, shall be completed by (i) the licensed water well contractor as defined in section 46-1213 who decommissions the water well or modifies and equips the water well, (ii) the licensed pump installation contractor as defined in section 46-1209 who decommissions the water well or modifies and equips the water well, or (iii) the owner if the owner decommissions a driven sandpoint well which is on land owned by him or her for farming, ranching, or agricultural purposes or as his or her place of abode. The Department of Environment and Energy shall, by rule and regulation, determine which contractor or owner shall be responsible for such notice in situations in which more than one contractor or owner may be required to provide notice under this subsection.

(3) For a series of two or more water wells completed and pumped into a common carrier as part of a single site plan for irrigation purposes, a registration form and a detailed site plan shall be filed for each water well. The registration form shall include the registration numbers of other water wells included in the series if such water wells are already registered.

(4) A series of water wells completed for purposes of installation of a ground heat exchanger for a structure for utilizing the geothermal properties of the ground shall be considered as one water well. One registration form and a detailed site plan shall be filed for each such series.

(5) One registration form shall be required along with a detailed site plan which shows the location of each such water well in the site and a log from each such water well for water wells constructed as part of a single site plan for (a) monitoring ground water, obtaining hydrogeologic information, or extracting contaminants from the ground, (b) water wells constructed as part of
remedial action approved by the Department of Environment and Energy pursuant to section 66-1525, 66-1529.02, or 81-15,124, and (c) water well owners who have a permit issued pursuant to the Industrial Ground Water Regulatory Act and also have an underground injection control permit issued by the Department of Environment and Energy.

(6) The Department of Natural Resources shall be notified by the owner of any change in the ownership of a water well required to be registered under this section. Notification shall be in such form and include such evidence of ownership as the Director of Natural Resources by rule and regulation directs. The department shall use such notice to update the registration on file. The department shall not collect a fee for the filing of the notice.

(7) The licensed water well contractor or licensed pump installation contractor responsible therefor shall notify the department within sixty days on a form provided by the department of any pump installation or any modifications to the construction of the water well or pump, after the initial registration of the well. For a change of use resulting in modification and equipping of an original water well which is being replaced in accordance with subsection (2) of this section, the licensed water well contractor or licensed pump installation contractor shall notify the department within sixty days on a form provided by the department of the water well and pump modifications and equipping of the original water well. A water well owner shall notify the department within sixty days on a form provided by the department of any other changes or any inaccuracies in recorded water well information, including, but not limited to, changes in use. The department shall not collect a fee for the filing of the notice.

(8) Whenever a water well becomes an illegal water well as defined in section 46-706, the owner of the water well shall either correct the deficiency that causes the well to be an illegal water well or shall cause the proper decommissioning of the water well in accordance with rules and regulations adopted pursuant to the Water Well Standards and Contractors’ Practice Act. The licensed water well contractor who decommissions the water well, the licensed pump installation contractor who decommissions the water well, or the owner if the owner decommissions a driven sandpoint well which is on land owned by him or her for farming, ranching, or agricultural purposes or as his or her place of abode, shall provide a properly completed notice of decommissioning to the Department of Natural Resources within sixty days. The Department of Environment and Energy shall, by rule and regulation, determine which contractor or owner shall be responsible for such notice in situations in which more than one contractor or owner may be required to provide notice under this subsection. The Department of Natural Resources shall not collect a fee for the filing of the notice.

(9) Except for water wells which are used solely for domestic purposes and were constructed before September 9, 1993, and for test holes and dewatering wells used for less than ninety days, each water well which was completed in this state before July 1, 2001, and which is not registered on that date shall be an illegal water well until it is registered with the Department of Natural Resources. Such registration shall be completed by a licensed water well contractor or by the current owner of the water well, shall be on forms provided by the department, and shall provide as much of the information required by subsections (1) through (5) of this section for registration of a new water well as is possible at the time of registration.
(10) Water wells which are or were used solely for injecting any fluid other than water into the underground water reservoir, which were constructed before July 16, 2004, and which have not been properly decommissioned on or before July 16, 2004, shall be registered on or before July 1, 2005.

(11) Water wells described in subdivision (1)(b) of section 46-601.01 shall be registered with the Department of Natural Resources as provided in subsection (1) of this section within sixty days after the water well is constructed. Water wells described in subdivision (1)(b) of section 46-601.01 which were constructed prior to May 2, 2007, shall be registered within one hundred eighty days after such date.

Operative date July 1, 2021.

46-602.01 Water well in management area; duties; prohibited acts; penalty.

Prior to commencing construction of or installation of a pump in a water well in a management area or completing a notice of modification and change of use in lieu of decommissioning of a water well as part of a water well replacement procedure, a licensed water well contractor as defined in section 46-1213 or a licensed pump installation contractor as defined in section 46-1209 shall take those steps necessary to satisfy himself or herself that the person for whom the well is to be constructed, the modification and change of use is to be completed, or the pump installed has obtained a permit as required by the Nebraska Ground Water Management and Protection Act. The permit issued by the natural resources district as required by the act may (1) further define a replacement water well in accordance with the act so long as any further definition is not inconsistent with section 46-602, (2) impose restrictions on consumptive use, or (3) impose additional restrictions based on historic consumptive use.

Any person who commences or causes construction of or installation of a pump in a water well for which the required permit has not been obtained or who knowingly furnishes false information regarding such permit shall be guilty of an offense punishable as provided in section 46-613.02.

46-604 Registration form; copies; disposition.

The Director of Natural Resources shall retain the registration form required by section 46-602 and shall make a copy available to the natural resources district within which the water well is located, to the owner of the water well, and to the licensed water well contractor as defined in section 46-1213.

46-606 Water wells; registration fees; disposition.

(1) The Director of Natural Resources shall collect in advance a registration fee of forty dollars and the fee required by subsection (3) of section 46-1224 for each water well registered under section 46-602 except as provided in subsections (2) through (5) of this section.

(2) For water wells permitted pursuant to the Industrial Ground Water Regulatory Act, the director shall collect in advance a registration fee of forty dollars and the fee required by subsection (3) of section 46-1224 for each of the first ten such water wells registered under section 46-602, and for each group of ten or fewer such water wells registered thereafter, the director shall collect in advance a registration fee of forty dollars and the fee required by subsection (3) of section 46-1224.

(3) For a series of water wells completed for purposes of installation of a ground heat exchanger for a structure for utilizing the geothermal properties of the ground, the director shall collect in advance a fee of forty dollars for each such series and the fee required by subsection (3) of section 46-1224.

(4) For water wells constructed as part of a single site plan for monitoring ground water, obtaining hydrogeologic information, or extracting contaminants from the ground, the director shall collect in advance a registration fee of forty dollars and the fee required by subsection (3) of section 46-1224 for each of the first five such water wells registered under section 46-602, and for each group of five or fewer such water wells registered thereafter, the director shall collect in advance a registration fee of forty dollars and the fee required by subsection (3) of section 46-1224. However, if such water wells are a part of remedial action approved by the Department of Environment and Energy pursuant to sections 66-1525, 66-1529.02, or 81-15,124, the fee set pursuant to this subsection shall be collected as if only one water well was being registered and the fee required by subsection (3) of section 46-1224 shall be collected.

(5)(a) For a series of two or more water wells completed and pumped into a common carrier as part of a single site plan for irrigation purposes, the director shall collect in advance a registration fee of forty dollars and the fee required by subsection (3) of section 46-1224 for each of the first two such wells registered under section 46-602.
(b) Any additional water wells which are part of a series registered under this subsection shall not be subject to a new well registration fee.

(6) The director shall remit the fees collected to the State Treasurer for credit to the appropriate fund. From the registration fees required by subsections (1) through (5) of this section, the State Treasurer shall credit to the Department of Natural Resources Cash Fund the amount determined by the Department of Natural Resources to be necessary to pay for the costs of processing notices filed pursuant to section 46-230, the costs of water resources update notices required by section 76-2,124, and the costs for making corrections to water well registration data authorized by subsections (6) and (7) of section 46-602 and shall credit the remainder of the registration fees required by subsections (1) through (5) of this section to the Water Well Decommissioning Fund. The State Treasurer shall credit the fees required by subsection (3) of section 46-1224 to the Water Well Standards and Contractors’ Licensing Fund.

46-608 Ground water; conservation; declaration of policy.

The Legislature finds, recognizes, and declares that the conservation of ground water and the beneficial use thereof are essential to the future well-being of this state, that the drilling of irrigation water wells in the state without regard to spacing is detrimental to the public welfare, and that the spacing of irrigation water wells should be regulated.

46-609 Irrigation water wells; spacing; requirements; exceptions; new use of well; registration modification; approval.

(1) Except as otherwise provided by this section or section 46-610, no irrigation water well shall be constructed upon any land in this state within six hundred feet of any registered irrigation water well and no existing nonirrigation water well within six hundred feet of any registered irrigation water well shall be used for irrigation purposes. Such spacing requirement shall not apply to (a) any water well used to irrigate two acres or less or (b) any replacement irrigation water well if it is constructed within fifty feet of the irrigation water well being replaced and if the water well being replaced was constructed prior to September 20, 1957, and is less than six hundred feet from a registered irrigation water well.

(2) The spacing protection of subsection (1) of this section shall apply to an unregistered water well for a period of sixty days after completion of such water well.

(3) No person shall use a water well for purposes other than its registered purpose until the water well registration has been changed to the intended new use, except that a person may use a water well registered for purposes other
than its intended purpose for use for livestock, monitoring, observation, or any other nonconsumptive or de minimis use approved by the applicable natural resources district. The change to a new use shall be made by filing a water well registration modification with the Department of Natural Resources and shall be approved only if the water well is in conformity with subsection (1) of this section and with section 46-651.

### § 46-610 Irrigation water wells; special permit to drill without regard to spacing; application; fee.

(1) Any person may apply to the Director of Natural Resources for a special permit to drill an irrigation water well without regard to the spacing requirements of section 46-609 and shall pay a fee to the Department of Natural Resources of twelve dollars and fifty cents, which fee shall be remitted to the State Treasurer for credit to the General Fund. Such application shall be in such form as the director directs and shall contain a statement of the proposed location of the irrigation water well, the reason for seeking such special permit, the legal description of the land to be irrigated by the irrigation water well, the number of acres to be irrigated, the proposed size of the irrigation water well, the estimated capacity of the irrigation water well, expressed in gallons per minute, to the extent that capacity is susceptible of advance determination, and the name of the person who is actually going to construct the irrigation water well.

(2) A separate application, like that provided for in subsection (1) of this section, shall be submitted for each irrigation water well for which a special permit is sought. When considering the approval or rejection of any application, the director shall consider the size, shape, and irrigation needs of the property for which such special permit is sought, the known ground water supply, the effect on the ground water supply and the surrounding land of the irrigation water well for which such special permit is sought, any waiver or agreement allowing the new irrigation water well by the owner of any registered irrigation water well less than six hundred feet from the location of the proposed new irrigation water well, and such other information as may be available. Such application may be approved or disapproved in whole or in part or may be approved with conditions, and the special permit shall be issued or refused accordingly.

### § 46-611 Irrigation water wells; spacing requirements not applicable; when.

The prohibitions of section 46-609 shall not apply to the location of more than one irrigation water well by a landowner on his or her own farm, so long as each such irrigation water well is at least six hundred feet from any other irrigation water well located on a neighboring farm under separate ownership.

46-612.01 Transferred to section 46-1127.

46-613 Ground water; declaration of policy; preference in use.

Preference in the use of ground water shall be given to those using the water for domestic purposes. They shall have preference over those claiming it for any other purpose. Those using the water for agricultural purposes shall have the preference over those using the same for manufacturing or industrial purposes.

As used in this section, (1) domestic use of ground water shall mean all uses of ground water required for human needs as it relates to health, fire control, and sanitation and shall include the use of ground water for domestic livestock as related to normal farm and ranch operations and (2) agricultural purposes shall include, but not be limited to, aquaculture as defined in section 2-3804.01.

The use of ground water by a municipality for human needs is a public use. Metropolitan Utilities Dist. v. Merritt Beach Co., 179 Neb. 783, 140 N.W.2d 626 (1966).

46-613.01 Ground water; transfer to another state; permit; Department of Natural Resources; conditions.

The Legislature recognizes and declares that the maintenance of an adequate source of ground water within this state is essential to the social stability of the state and the health, safety, and welfare of its citizens and that reasonable restrictions on the transportation of ground water from this state are a proper exercise of the police powers of the state. The need for such restrictions, which protect the health, safety, and general welfare of the citizens of this state, is hereby declared a matter of legislative determination.

Any person, firm, city, village, municipal corporation, or other entity intending to withdraw ground water from any water well located in the State of Nebraska and transport it for use in another state shall apply to the Department of Natural Resources for a permit to do so. In determining whether to grant or deny such permit, the Director of Natural Resources shall consider:

(1) The nature of the proposed use and whether it is a beneficial use of ground water;

(2) The availability to the applicant of alternative sources of surface or ground water;

(3) Any negative effect of the proposed withdrawal on ground water supplies needed to meet present or reasonable future demands for water in the area of the proposed withdrawal, to comply with any interstate compact or decree, or to fulfill the provisions of any other formal state contract or agreement;

(4) Any negative effect of the proposed withdrawal on surface water supplies needed to meet present or reasonable future demands within the state, to comply with any interstate compact or decree, or to fulfill the provisions of any other formal state contract or agreement;

(5) Any adverse environmental effect of the proposed withdrawal or transportation of ground water;
(6) The cumulative effect of the proposed withdrawal and transfer relative to the matters listed in subdivisions (3) through (6) of this section when considered in conjunction with all other transfers subject to this section; and

(7) Any other factors consistent with the purposes of this section that the director deems relevant to protect the health, safety, and welfare of the state and its citizens.

Issuance of a permit shall be conditioned on the applicant’s compliance with the rules and regulations of the natural resources district from which the water is to be withdrawn. The applicant shall be required to provide access to his or her property at reasonable times for purposes of inspection by officials of the district or the department.

The director may include such reasonable conditions on the proposed use as he or she deems necessary to carry out the purposes of this section.

This section does not unlawfully delegate legislative power to the director of the Department of Water Resources. This section is not unconstitutionally vague. This section does not discriminate against interstate commerce. Ponderosa Ridge LLC v. Banner County, 250 Neb. 944, 554 N.W.2d 151 (1996).

Severance of the portion of this section, to wit, “if the state in which the water is to be used grants reciprocal rights to withdraw and transport ground water from that state for use in the State of Nebraska”, did not constitute an inducement to the passage of the statute, does not make the act inoperative, and will not frustrate the intent of the Legislature. The remainder of the statute, after the unconstitutional portion is stricken, remains a viable statute. State ex rel. Douglas v. Sporhase, 213 Neb. 484, 329 N.W.2d 855 (1983).

46-613.02 Violation; penalty; false information; enforcement.

Any person violating any provision of sections 46-601 to 46-613.01 or furnishing false information under such sections shall be guilty of a Class IV misdemeanor. Each day of a violation may be considered a separate offense. The Attorney General and the county attorneys may pursue appropriate proceedings pursuant to this section when notified by the Director of Natural Resources that such a violation has occurred.

(c) PUMPING FOR IRRIGATION PURPOSES

46-635 Ground water, defined.
Ground water is that water which occurs or moves, seeps, filters, or percolates through the ground under the surface of the land.

Source: Laws 1963, c. 274, § 1, p. 827.

46-635.01 Water well, defined.
For purposes of sections 46-636 and 46-637, water well shall have the same meaning as in section 46-601.01.

46-636 Pumping for irrigation purposes; Legislature; finding.
The Legislature finds that the pumping of water for irrigation purposes from water wells located within fifty feet of the bank of a channel of any natural stream may have a direct effect on the surface flow of such stream.

46-637 Pumping for irrigation purposes; permit; application; approval by Director of Natural Resources.

The use of water described in section 46-636 may only be made after securing a permit from the Department of Natural Resources for such use. In approving or disapproving applications for such permits, the Director of Natural Resources shall take into account the effect that such pumping may have on the amount of water in the stream and its ability to meet the requirements of appropriators from the stream. This section does not apply to (1) water wells located within fifty feet of the bank of a channel of any natural stream which were in existence on July 1, 2000, and (2) replacement water wells as defined in section 46-602 that are located within fifty feet of the banks of a channel of a stream if the water wells being replaced were originally constructed prior to July 1, 2000, and were located within fifty feet of the bank of a channel of any natural stream.

(1) The Director of Natural Resources may grant and administer permits to public water suppliers: (a) To locate, develop, and maintain ground water supplies through water wells or other means and to transport water into the area to be served; and (b) to continue existing use of ground water and the transportation of ground water into the area served.

(2) For purposes of the Municipal and Rural Domestic Ground Water Transfers Permit Act and sections 46-651 to 46-655, (a) public water supplier shall mean a city, village, municipal corporation, metropolitan utilities district, rural water district, natural resources district, irrigation district, reclamation district, or sanitary and improvement district which supplies or intends to supply water to inhabitants of cities, villages, or rural areas for domestic or municipal purposes and (b) water well shall have the same meaning as in section 46-601.01.

46-639 Application for permit; contents; fee.

An applicant which desires to avail itself of the Municipal and Rural Domestic Ground Water Transfers Permit Act shall make application in writing to the Director of Natural Resources for a permit. The application shall include (1) a statement of the amount of water for which a permit is desired together with an exhibit of maps showing the location of all water wells and (2) such other information as the director deems necessary or desirable. The application shall be accompanied by a fee in the amount of fifty dollars for the first five million gallons per day and an additional twenty dollars for each additional increment of five million gallons per day requested. The fee shall be based on the amounts of water requested on a daily average basis.

Preference in the use of ground water is given to domestic use. Metropolitan Utilities Dist. v. Merritt Beach Co., 179 Neb. 783, 140 N.W.2d 626 (1966).

46-640 Notice of application; publication; objections; hearing.

Upon receipt of an application filed under section 46-639, the Director of Natural Resources shall cause a notice of such application to be published at the applicant’s expense at least once a week for three consecutive weeks in a legal newspaper published or of general circulation in each county containing lands on which the water well field or any part of such water well field is or is proposed to be located. The notice shall contain a description of the lands upon which such water well field is or is proposed to be located, the amount of water requested, the number of water wells constructed or proposed, and any other relevant information. The notice shall state that any interested person may object to and request a hearing on the application by filing written objections specifically stating the grounds for each objection within two weeks after the date of final publication in the office of the director.

46-641 Application; hearing, when.

The Department of Natural Resources may hold a hearing on an application filed under section 46-639 on its own motion and shall hold a hearing on such an application if requested by any person pursuant to section 46-640.

46-642 Granting of permit; conditions; priority date.

(1) If the Director of Natural Resources finds that the withdrawal and transportation of ground water requested by the applicant are reasonable, are not contrary to the conservation and beneficial use of ground water, and are not otherwise detrimental to the public welfare, he or she shall grant a permit to the applicant to withdraw and transport water in the amount applied for or in a lesser amount. The permit so granted shall have a priority date as of the time when the application is filed with the director.
(2) In determining whether to grant or deny a permit under subsection (1) of this section, the director shall consider the factors set forth in subdivisions (1) through (7) of section 46-613.01.

46-644 Permits; duration; revocation; procedure.

Permits granted by the Director of Natural Resources shall be valid for a period of five years after the granting of a permit and as long thereafter as the water for which the permit is granted is used. For the purposes of the Municipal and Rural Domestic Ground Water Transfers Permit Act, the commencement of construction of facilities to provide water for beneficial use shall be deemed the date of the commencement of beneficial use. If it appears that the holder of a permit granted under the act has not used water for a beneficial purpose and in accordance with the terms of the permit for more than five years, such permit may be revoked or modified by the director. The procedure for such revocation or modification shall be the same as that provided for in sections 46-229.02 to 46-229.05.

46-645 Recharging ground water reservoirs; permits.

The Director of Natural Resources may grant to any public water supplier permits to store excess, unused, and unappropriated water for recharging ground water reservoirs. The procedure to be followed in granting permits to utilize excess, unused, and unappropriated water for recharging ground water reservoirs shall, so far as applicable, be the same as that required for granting permits for the use of ground water as provided in the Municipal and Rural Domestic Ground Water Transfers Permit Act.

46-646 Orders or decisions; review.

Any person who feels aggrieved by any order or decision in connection with the granting or denial, in whole or in part, of an application for a permit or in connection with the revocation or modification of a permit may institute proceedings in the Court of Appeals in the manner provided for in section 61-207.

46-647 Right to recover damages; power of eminent domain; not limited.

Nothing in sections 46-638 to 46-650 shall be construed as limiting any right of an owner of an estate or interest in or concerning land to recover damage for any injury done to his or her land or to any water rights appurtenant thereto;
nor shall sections 46-638 to 46-650 limit rights of condemnation which public water suppliers have under the laws of the State of Nebraska.

**46-651 Spacing of water wells; distance.**

(1) Except as provided in section 46-653 or 46-654, (a) no irrigation or industrial water well or water well of any other public water supplier shall be drilled within one thousand feet of any registered water well of any public water supplier, (b) no water well of any such public water supplier shall be drilled within one thousand feet of any registered irrigation or industrial water well, (c) no irrigation water well shall be drilled within one thousand feet of a registered industrial water well, and (d) no industrial water well shall be drilled within one thousand feet of a registered irrigation or industrial water well. Such prohibitions shall not apply to water wells owned by the same person.

(2) An existing water well for which a change in the intended use is proposed shall be subject to any spacing requirement in subsection (1) of this section that would apply to the drilling of a new water well at the same location for the new use intended.

(3) The well-spacing protection of subsections (1) and (2) of this section shall apply to an unregistered water well for a period of only sixty days following completion of such water well.

**Reissue 2021**

206
(4) The spacing requirements in subsection (1) of this section shall not apply to any replacement water well if that water well is drilled within fifty feet of the water well being replaced and if the water well being replaced was drilled prior to July 16, 2004, was in compliance with any applicable spacing statute when drilled, and is less than one thousand feet from the registered water well for which spacing protection is provided.

Any person may apply to the Director of Natural Resources for a special permit to drill or to change the intended use of a water well without regard to the spacing requirements of section 46-651. Such application shall be on a form prescribed and furnished by the director and shall contain a statement of the precise location of the water well or proposed water well, facts justifying the request for such special permit, the size or proposed size of such water well, expressed in gallons per minute, to the extent that capacity is susceptible of advance determination, and, if applicable, the name of the person who is actually going to drill the water well. A separate application shall be submitted for each water well for which a special permit is sought, and each application shall be accompanied by a fee of twelve dollars and fifty cents which shall be remitted to the State Treasurer for credit to the General Fund. When considering the approval or rejection of any such application, the director shall consider the facts offered as justification of the need for the special permit, the known ground water supply, and such other pertinent information as may be available. Such application may be approved or disapproved in whole or in part and the special permit issued or refused accordingly.

46-654 Public water supplier; protections applicable; procedure.

(1) Any public water supplier having a permit under the Municipal and Rural Domestic Ground Water Transfers Permit Act is hereby granted the protection of sections 46-651 to 46-655 for all water wells for which a permit has been or in the future is granted by the Department of Natural Resources under such act.

(2) If in its application for a permit pursuant to such act a public water supplier requests the protection of the spacing requirements of section 46-651 for test holes and water wells under construction and if the permit is granted, the Director of Natural Resources shall identify in the permit the area to which the spacing protection will apply and the spacing protection of section 46-651 shall then apply to such area for a period of one year from the date the permit is granted. The director shall notify, by certified or registered mail, owners and occupiers of land affected by the granting of such spacing protection, according to information supplied by the applicant. Costs of providing such notice shall be borne by the applicant. Owners or occupiers of land not receiving the notice
required by this subsection shall not be bound by the spacing requirements until the applicant’s water wells are completed. Such protection may be extended by the director, by a similar procedure, upon application by the public water supplier and good cause shown, for additional one-year periods.

46-655.01 Public water supplier; notice of intent to consider wellfield; contents; effect; termination.

(1) A public water supplier as defined in section 46-638 may obtain protection for a public water supply wellfield from encroachment from other water wells by filing with the Department of Natural Resources a notice of intent to consider a wellfield. The notice of intent shall include:

(a) The legal description of the land being considered as a public water supply wellfield; and

(b) Written consent of the owner of the land considered for a public water supply wellfield, allowing the public water supplier to conduct an evaluation as to whether such land is suitable for a public water supply wellfield.

(2) A notice of intent filed under this section shall be limited to a contiguous tract of land. No public water supplier shall have more than three notices of intent under this section on file with the department at any one time.

(3) A notice of intent filed under this section shall expire one year after the date of filing and may be renewed for one additional year by filing with the department a notice of renewal of the original notice of intent filed under this section before expiration of the original notice of intent.

(4) At the time a notice of intent or a notice of renewal is filed with the department, the public water supplier shall:

(a) Provide a copy of the notice of intent or notice of renewal to the owners of land falling within the spacing protection provided by subdivision (5)(a) of this section pursuant to the notice;

(b) Provide a copy of the notice to the natural resources district or districts within which the land being considered for a wellfield is located; and

(c) Publish a copy of the notice in a newspaper of general circulation in the area in which the wellfield is being considered.

(5)(a) Except as provided in subdivisions (b) and (c) of this subsection, during the time that a notice of intent under this section is in effect, no person may drill or construct a water well, as defined in section 46-601.01, within the following number of feet of the boundaries of the land described in the notice of intent, whichever is greater:
(i) One thousand feet; or

(ii) The maximum number of feet specified in any applicable regulations of a natural resources district that a well of a public water supplier must be spaced from another well.

(b) Any person who, at least one hundred eighty days prior to filing a notice of intent, obtained a valid permit from a natural resources district to drill or construct a water well within the area subject to the protection provided by this section is not prohibited from drilling or constructing a water well.

(c) The public water supplier may waive the protection provided by this section and allow a person to drill or construct a new or replacement water well within the area subject to the protection provided by this section.

(d) Within thirty days after the public water supplier reaches a determination that the land described in a particular notice of intent is not suitable for a public water supply wellfield, the public water supplier shall notify the Department of Natural Resources, all affected natural resources districts, the owner of the land described in the notice of intent, and the owners of all land falling within the spacing protection provided by subdivision (5)(a) of this section pursuant to the notice of intent of such determination. Upon receipt by the department of the notice of such determination, the notice of intent that contains the description of such tract of land shall terminate immediately, notwithstanding any other provision of this section.

(g) INDUSTRIAL GROUND WATER REGULATORY ACT

46-675 Legislative findings and declarations.

The Legislature finds and declares that a permit system is necessary to
protect Nebraska’s ground and surface water resources and existing water
users in situations where industrial users withdraw significant quantities of
ground water from the aquifers of the state and in situations where such
ground water is transferred from the well site for use at another location.

46-676 Terms, defined.

For purposes of the Industrial Ground Water Regulatory Act:
(1) The definitions found in section 46-706 are used;
(2) Department means the Department of Natural Resources; and
(3) Director means the Director of Natural Resources.

900, § 220; Laws 2004, LB 962, § 94.
46-676.01 Applicability of act.
The Industrial Ground Water Regulatory Act does not apply to any public water supplier providing, or intending to provide, ground water for industrial purposes nor does the act apply to any person who is using, or intends to use, ground water for industrial purposes that is supplied by a public water supplier.

Source: Laws 2005, LB 335, § 75.

46-677 Withdrawal of ground water for industrial purposes; permit required; when.
(1) Except as provided in sections 46-676.01 and 46-678.01:
(a) Any person who desires to withdraw and transfer ground water from aquifers located within the State of Nebraska for industrial purposes shall, prior to commencing construction of any water wells, obtain from the director a permit to authorize such withdrawal and transfer of such ground water; and
(b) Any person who prior to April 23, 1993, has withdrawn ground water from aquifers located in the State of Nebraska for industrial purposes may file an application for a permit to authorize the transfer of such ground water at any time.
(2) For purposes of this section, industrial purposes includes manufacturing, commercial, and power generation uses of water and commercial use includes, but is not limited to, maintenance of the turf of a golf course.

46-678 Permit; application; contents.
(1) Applications for permits required by section 46-677 shall be on forms provided by the director and shall contain:
(a) A statement of the amount of ground water which the applicant proposes to use;
(b) A statement of the proposed use and whether the ground water will be transferred for use at a location other than the well site;
(c) A hydrologic evaluation of the impact of the proposed use on the surrounding area and on existing users;
(d) The date when the applicant expects to first use the ground water; and
(e) Such other relevant information as the director may deem necessary or desirable.
(2) Such applications shall be accompanied by an exhibit of maps showing the location, depth, and capacity of the proposed water wells.

46-678.01 Withdrawal and transfer of less than 150 acre-feet; notice; metering.
Any person who desires to withdraw and transfer a total of less than one hundred fifty acre-feet of ground water per year from aquifers located in the State of Nebraska for industrial purposes to other property within the state which is owned or leased by such person shall provide written notice to the department and install a water meter or meters that meet the approval of the
department. Such notice shall include the amount of the proposed transfer, the point of withdrawal, and the point of delivery and shall be published once each week for three consecutive weeks in a newspaper of general circulation in the county or counties in which the point of withdrawal is located. The withdrawal and transfer may be made without a permit issued under the Industrial Ground Water Regulatory Act so long as (1) the property which includes the point of withdrawal and the property which includes the point of delivery are owned or leased by the same person, (2) the water is used by such person, and (3) a total of less than one hundred fifty acre-feet of ground water per year is transferred from all sources to the property which includes the point of delivery.

46-679 Application; director; determination as to completeness.
Within thirty days of the receipt of an application made under section 46-677, the director shall accept the application as a completed application or return the application to the applicant as an incomplete application. If the application is deemed to be incomplete, the director shall inform the applicant as to the deficiencies in the application.

46-680 Completed application; public hearing; when.
(1) After the director has accepted the application made under section 46-677 as a completed application, the director shall cause a notice of such application to be published at the applicant’s expense at least once a week for three consecutive weeks in a legal newspaper published or of general circulation in each county containing land on which one or more water wells are proposed to be located. The notice shall include (a) the amount of ground water the applicant proposes to use, (b) a description of the proposed use and location of that use, (c) the number of water wells proposed at each location of withdrawal, and (d) any other information deemed necessary by the director to provide adequate notice of the application to interested persons. The notice shall state that any interested person may object to and request a hearing on the application by filing written objections stating the grounds for each objection within two weeks after the date of final publication of the notice. Such objections shall be filed in the headquarters office of the department.

(2) The director may hold a hearing on an application made under section 46-677 at his or her discretion and shall hold a hearing on such an application if requested by any interested person pursuant to subsection (1) of this section.

46-681 Public hearing; evidence presented.
At the hearing provided for in section 46-680, the applicant shall present all hydrological data and other evidence supporting its application. All interested parties shall be allowed to testify and present evidence relative to the application.

46-682 Applicant; agreement with other water users; filing.

The applicant may negotiate with any user of water in order to obtain an agreement whereby the user waives any cause of action against the applicant for damages or injunctive or other relief for interference with such water use, in exchange for financial payment, substitute water, or other compensation. The applicant shall file copies of any such agreements with the director who shall consider the agreements in determining whether to grant or deny a permit. Nothing in this section shall be construed to limit any power of eminent domain possessed by an applicant.

46-683 Permit; issuance; consideration; conditions.

(1) The director shall issue a written order containing specific findings of fact either granting or denying a permit. The director shall grant a permit only if he or she finds that the applicant’s withdrawal and any transfer of ground water are in the public interest. In determining whether the withdrawal and transfer, if any, are in the public interest, the director’s considerations shall include, but not be limited to:

(a) Possible adverse effects on existing surface or ground water users;
(b) The effect of the withdrawal and any transfer of ground water on surface or ground water supplies needed to meet reasonably anticipated domestic and agricultural demands in the area of the proposed ground water withdrawal;
(c) The availability of alternative sources of surface or ground water reasonably accessible to the applicant in or near the region of the proposed withdrawal or use;
(d) The economic benefit of the applicant’s proposed use;
(e) The social and economic benefits of existing uses of surface or ground water in the area of the applicant’s proposed use and any transfer;
(f) Any waivers of liability from existing users filed with the director;
(g) The effects on interstate compacts or decrees and the fulfillment of the provisions of any other state contract or agreement; and
(h) Other factors reasonably affecting the equity of granting the permit.

(2) The director may grant a permit for less water than requested by the applicant. The director may also impose reasonable conditions on the manner and timing of the ground water withdrawals and on the manner of any transfer of ground water which the director deems necessary to protect existing users of water. If a hearing is held, the director shall issue such written order within ninety days of the hearing.

46-683.01 Permit; application to amend; procedures; limitation.

If during construction or operation a permitholder determines (1) that an additional amount of water is or will be required for the proposed use set forth in a permit issued pursuant to section 46-683 or (2) that there is a need to amend any condition set forth in the permit, the permitholder may file an application to amend the permit. Following a hearing conducted in the manner prescribed by section 46-680, the director shall issue a written order containing
specific findings of fact either granting or denying the proposed amendment in accordance with the public interest considerations enumerated in section 46-683. An application to amend a permit shall not be approved if the amendment would increase the daily peak withdrawal or the annual volume by more than twenty-five percent from the amounts approved in the original permit, except for an amendment to increase the maximum daily volumetric flow rate or annual volume to levels authorized under a permit issued by the Department of Environment and Energy pursuant to section 81-1504 and subsection (9) of section 81-1505.

46-684 Permit; revocation; procedure; violation of terms of permit; director; powers and duties.

(1) A permit granted pursuant to section 46-683 shall be revoked, following a hearing conducted in the same manner as hearings conducted pursuant to section 46-680, if the director determines that the permitholder has failed to exercise the right to withdraw ground water within three years of the date specified in the permit or for a period of three consecutive years thereafter.

(2) If it appears to the director that a permitholder has withdrawn more ground water than the amount specified in the permit or has violated any of the conditions specified in the permit, the director shall give written notice to the permitholder of the alleged violation.

Within thirty days following receipt of such notice, the permitholder may:

(a) File an application to amend the permit as provided in section 46-683.01;
(b) Request a hearing before the director; or
(c) Take appropriate measures to comply with the permit.

If the permitholder fails to take action pursuant to subdivision (2)(a), (2)(b), or (2)(c) of this section, the director may issue an order requiring compliance with the permit and seek, if appropriate, a court injunction prohibiting further violations of the permit.

If the permitholder requests a hearing, the director shall within thirty days schedule a hearing within or in reasonable proximity to the area where the water wells are located. Within forty-five days following the hearing, the director shall issue an order containing specific findings of fact with reference to the alleged violation and directing the permitholder, if necessary, to cease and desist from further violations of the permit.

(3) Nothing in this section shall limit the penalty provisions of section 46-687.

46-685 Order or decision; appeal by affected person.

Any affected person aggrieved by any order issued or final decision made by the director pursuant to the Industrial Ground Water Regulatory Act may appeal the order to the Court of Appeals. For purposes of this section, affected person means the applicant for a permit which is the subject of the director’s order or final decision and any owner of an estate or interest in or concerning
land or water whose interest is or may be impacted in a direct and significant manner by the director’s order or final decision.

46-686 Injured person; remedies available.

Any owner of an estate or interest in or concerning land or water, except a person who has signed an agreement filed with the director pursuant to section 46-682, may bring an action for damages or injunctive or other relief for any injury done to his or her land or water rights by the holder of a permit issued pursuant to section 46-683. Nothing in the Industrial Ground Water Regulatory Act shall be construed as limiting the right to resort to other means of review, redress, or relief provided by law.

46-686.01 Withdrawal and transfer of less than 150 acre-feet; injured person; hearing; civil action; appeal; attorney's fees.

The director shall have jurisdiction over any ground water withdrawal and transfer made under section 46-678.01. Any person using ground water at the time a notice to transfer is filed under such section whose wells thereafter suffer an unanticipated decline in ground water levels may petition the director for a hearing. Such petition shall specifically set forth the cause and extent of the ground water decline as well as the nature and extent of any injury resulting from that decline. If at such hearing the injured party presents evidence showing that the ground water levels declined as a result of such transfer and shows the nature and extent of any resulting injury, the director may issue an order terminating or conditioning the transfer to eliminate any further injury. If the injured party prevails and an order is issued pursuant to this section, the order shall provide that the person filing the notice of transfer shall pay the costs of the department and of the injured party, including reasonable attorney's fees. The injured party may maintain a civil action against the person filing the notice of transfer to recover the costs of a hydrologic evaluation. The order of the director may be appealed to the Court of Appeals.

46-687 Violation; penalty.

Any person who withdraws or transfers ground water in violation of the Industrial Ground Water Regulatory Act shall be guilty of a Class IV misdemeanor. Each day shall constitute a separate offense in cases of continued violation.

46-688 Director; rules and regulations.

The director may adopt and promulgate all rules and regulations necessary or desirable to secure compliance with the Industrial Ground Water Regulatory Act. The director shall by regulation specify the contents and scope of the hydrologic evaluation required by section 46-678, taking into account the
current state of hydrologic knowledge and techniques, and the factors for
permit approval listed in section 46-683.

46-689 Permitholder; subject to control area regulations.

Nothing in the Industrial Ground Water Regulatory Act shall be construed to
exempt the holder of a permit issued pursuant to section 46-683 from any
regulations adopted by a natural resources district pursuant to the Nebraska
Ground Water Management and Protection Act for a control area designated
before such permit has been granted.

46-691 Transfer off overlying land; when allowed; objection; procedure;
natural resources district; powers and duties; Director of Natural Resources;
duties.

(1) Any person who withdraws ground water for agricultural purposes, or for
any purpose pursuant to a ground water remediation plan as required under
the Environmental Protection Act, including the providing of water for domes-
tic purposes, from aquifers located within the State of Nebraska may transfer
the use of the ground water off the overlying land if the ground water is put to a
reasonable and beneficial use within the State of Nebraska and is used for an
agricultural purpose, or for any purpose pursuant to a ground water remedia-
tion plan as required under the Environmental Protection Act, including the
providing of water for domestic purposes, after transfer, and if such withdraw-
al, transfer, and use (a) will not significantly adversely affect any other water
user, (b) is consistent with all applicable statutes and rules and regulations, and
(c) is in the public interest. The determination made by a natural resources
district under subsection (2) of this section or the Director of Natural Resources
under subsection (3) of this section shall include consideration of the factors set
forth in subdivisions (1) through (7) of section 46-613.01. For purposes of this
section, domestic has the same meaning as in section 46-613.

(2) Any affected party may object to the transfer of ground water by filing
written objections, specifically stating the grounds for such objection, in the
office of the natural resources district containing the land from which the
ground water is withdrawn. Upon the filing of such objections or on its own
initiative, the natural resources district shall conduct a preliminary investiga-
tion to determine if the withdrawal, transfer, and use of ground water is
consistent with the requirements of subsection (1) of this section. Following the
preliminary investigation, if the district has reason to believe that the withdraw-

al, transfer, or use may not comply with any rule or regulation of the district, it may utilize its authority under the Nebraska Ground Water Management and Protection Act to prohibit such withdrawal, transfer, or use. If the district has reason to believe that the withdrawal, transfer, and use is consistent with all rules and regulations of the district but may not comply with one or more other requirements of subsection (1) of this section, the district shall request that the Department of Natural Resources hold a hearing on such transfer.

(3) At the hearing, all interested persons may appear and present testimony. Agencies or political subdivisions of this state and the appropriate natural resources districts shall offer as evidence any information in their possession which they deem relevant to the purposes of the hearing. After the hearing, if the Director of Natural Resources finds that the withdrawal, transfer, or use of ground water is contrary to the requirements of subsection (1) of this section, he or she shall issue a cease and desist order prohibiting the withdrawal and transfer.

(4) The director may adopt and promulgate rules and regulations to carry out this section.

Only parties who are affected by the transfer of ground water off overlying land for agricultural purposes or pursuant to a water remediation plan, as required under the Environmental Protection Act, may object to such transfer by the procedures outlined in subsection (2) of this section. Upon an objection to the transfer of ground water pursuant to subsection (2) of this section, a natural resources district shall conduct an investigation to determine whether the transfer of water complained of by the objector, which objectionable transfer must be for agricultural purposes or pursuant to a water remediation plan as required under the Environmental Protection Act, is consistent with the requirements of subsection (1) of this section that the transfer (a) will not significantly adversely affect any other water user, (b) is consistent with all applicable statutes and rules and regulations, and (c) is in the public interest. In re Referral of Lower Platte South NRD, 261 Neb. 90, 621 N.W.2d 299 (2001).

The Legislature’s purpose in enacting this section was to carve out two exceptions from Nebraska’s common-law prohibition against transfers of water off overlying land: (1) for agricultural purposes and (2) pursuant to a remediation plan under the Environmental Protection Act. In re Referral of Lower Platte South NRD, 261 Neb. 90, 621 N.W.2d 299 (2001).

According to the legislative history of LB 251, later codified as this section, the Legislature manifested an intent to validate agreements made before the bill’s passage to transfer ground water off overlying land for agricultural purposes by failing to void such preexisting transfers. Springer v. Kuhns, 6 Neb. App. 115, 571 N.W.2d 323 (1997).

46-691.01 Transfer off overlying land for domestic use; limitations; liability.

Any person other than a public water supplier as defined in section 46-638 may transfer ground water off the overlying land for the purpose of domestic use of ground water required for human needs as it relates to health, fire control, and sanitation if (1) the location and use of the water well and any pipeline or other means of conveyance are authorized by easement or other adequate property interest on all land on which such water well and pipeline or other means of conveyance are located and (2) the capacity of the water well or series of water wells connected together for such purposes does not exceed fifty gallons per minute. Such person may be liable for damages for interference with the use of ground water by another person only if the withdrawal of ground water for such domestic use unreasonably causes harm to another person through the lowering of the water table or by reducing artesian pressure.

46-691.02 Transfer off overlying land for domestic use; applicability of section.
Section 46-691.01 applies to all such transfers and uses of ground water before, on, and after September 1, 2001.

46-691.03 Transfer off overlying land for environmental or recreational benefits; when allowed; application; fee; natural resources district; powers and duties.

(1) Any person intending to withdraw ground water from any water well located in the State of Nebraska, transport that water off the overlying land, and use it to augment water supplies in any Nebraska wetland or natural stream for the purpose of benefiting fish or wildlife or producing other environmental or recreational benefits may do so only if the natural resources district in which the water well is or would be located allows withdrawals and transport for such purposes and only after applying for and obtaining a permit from such natural resources district. An application for any such permit shall be accompanied by a nonrefundable fee of fifty dollars payable to such district. Such permit shall be in addition to any permit required pursuant to section 46-252 or 46-735 or subdivision (1)(k) of section 46-739.

(2) Prior to taking action on an application pursuant to this section, the district shall provide an opportunity for public comment on such application at a regular or special board meeting for which advance published notice of the meeting and the agenda therefor have been given consistent with the Open Meetings Act.

(3) In determining whether to grant a permit under this section, the board of directors for the natural resources district shall consider:

(a) Whether the proposed use is a beneficial use of ground water;

(b) The availability to the applicant of alternative sources of surface water or ground water for the proposed withdrawal, transport, and use;

(c) Any negative effect of the proposed withdrawal, transport, and use on ground water supplies needed to meet present or reasonable future demands for water in the area of the proposed withdrawal, transport, and use, to comply with any interstate compact or decree, or to fulfill the provisions of any other formal state contract or agreement;

(d) Any negative effect of the proposed withdrawal, transport, and use on surface water supplies needed to meet present or reasonable future demands for water within the state, to comply with any interstate compact or decree, or to fulfill the provisions of any other formal state contract or agreement;

(e) Any adverse environmental effect of the proposed withdrawal, transport, and use of the ground water;

(f) The cumulative effects of the proposed withdrawal, transport, and use relative to the matters listed in subdivisions (3)(c) through (e) of this section when considered in conjunction with all other withdrawals, transports, and uses subject to this section;

(g) Whether the proposed withdrawal, transport, and use is consistent with the district’s ground water quantity and quality management plan and with any integrated management plan previously adopted or being considered for adoption in accordance with sections 46-713 to 46-719; and
(h) Any other factors consistent with the purposes of this section which the board of directors deems relevant to protect the interests of the state and its citizens.

(4) Issuance of a permit shall be conditioned on the applicant’s compliance with the rules and regulations of the natural resources district from which the water is to be withdrawn and, if the location where the water is to be used to produce the intended benefits is in a different natural resources district, with the rules and regulations of that natural resources district. The board of directors may include such reasonable conditions on the proposed withdrawal, transport, and use as it deems necessary to carry out the purposes of this section.

(5) The applicant shall be required to provide access to his or her property at reasonable times for purposes of inspection by officials of any district where the water is to be withdrawn or to be used.

§ 46-701 IRRIGATION AND REGULATION OF WATER

46-701 Act, how cited.

Sections 46-701 to 46-756 shall be known and may be cited as the Nebraska Ground Water Management and Protection Act.

46-702 Declaration of intent and purpose; legislative findings.

The Legislature finds that ownership of water is held by the state for the benefit of its citizens, that ground water is one of the most valuable natural resources in the state, and that an adequate supply of ground water is essential to the general welfare of the citizens of this state and to the present and future development of agriculture in the state. The Legislature recognizes its duty to define broad policy goals concerning the utilization and management of ground water and to ensure local implementation of those goals. The Legislature also finds that natural resources districts have the legal authority to regulate certain activities and, except as otherwise specifically provided by statute, as local entities are the preferred regulators of activities which may contribute to ground water depletion.

Every landowner shall be entitled to a reasonable and beneficial use of the ground water underlying his or her land subject to the provisions of Chapter 46, article 6, and the Nebraska Ground Water Management and Protection Act and the correlative rights of other landowners when the ground water supply is insufficient to meet the reasonable needs of all users. The Legislature determines that the goal shall be to extend ground water reservoir life to the greatest extent practicable consistent with reasonable and beneficial use of the ground water and best management practices.

The Legislature further recognizes and declares that the management, protection, and conservation of ground water and the reasonable and beneficial use thereof are essential to the economic prosperity and future well-being of the state and that the public interest demands procedures for the implementation of management practices to conserve and protect ground water supplies and to prevent the contamination or inefficient or improper use thereof. The Legislature recognizes the need to provide for orderly management systems in areas where management of ground water is necessary to achieve locally and regionally determined ground water management objectives and where available data, evidence, or other information indicates that present or potential ground water conditions, including subirrigation conditions, require the designation of areas with special regulation of development and use.

The Legislature finds that given the impact of extended drought on areas of the state, the economic prosperity and future well-being of the state is advanced by providing economic assistance in the form of providing bonding authority for certain natural resources districts as defined in section 2-3226.01 and in the creation of the Water Resources Cash Fund to alleviate the adverse economic impact of regulatory decisions necessary for management, protection, and
conservation of limited water resources. The Legislature specifically finds that, consistent with the public ownership of water held by the state for the benefit of its citizens, any action by the Legislature, or through authority conferred by it to any agency or political subdivision, to provide economic assistance does not establish any precedent that the Legislature in sections 2-3226.01 and 61-218 or in the future must or should purchase water or provide compensation for any economic impact resulting from regulation necessary pursuant to the terms of Laws 2007, LB 701.

A look-back provision of a natural resources district’s rules governing land irrigation had a substantial relation to the general welfare, because it allowed the natural resources district to ensure there is an adequate supply of ground water. Lingenfelter v. Lower Elkhorn NRD, 294 Neb. 46, 881 N.W.2d 892 (2016).

### 46-703 Legislative findings.

The Legislature further finds:

1. The management, conservation, and beneficial use of hydrologically connected ground water and surface water are essential to the continued economic prosperity and well-being of the state, including the present and future development of agriculture in the state;

2. Hydrologically connected ground water and surface water may need to be managed differently from unconnected ground water and surface water in order to permit equity among water users and to optimize the beneficial use of interrelated ground water and surface water supplies;

3. Natural resources districts already have significant legal authority to regulate activities which contribute to declines in ground water levels and to nonpoint source contamination of ground water and are the preferred entities to regulate, through ground water management areas, ground water related activities which are contributing to or are, in the reasonably foreseeable future, likely to contribute to conflicts between ground water users and surface water appropriators or to water supply shortages in fully appropriated or overappropriated river basins, subbasins, or reaches;

4. The Legislature recognizes that ground water use or surface water use in one natural resources district may have adverse affects on water supplies in another district or in an adjoining state. The Legislature intends and expects that each natural resources district within which water use is causing external impacts will accept responsibility for ground water management in accordance with the Nebraska Ground Water Management and Protection Act in the same manner and to the same extent as if the impacts were contained within that district;

5. The Department of Natural Resources is responsible for regulation of surface water resources and local surface water project sponsors are responsible for much of the structured irrigation utilizing surface water supplies, and these entities should be responsible for regulation of surface water related activities which contribute to conflicts between ground water users and surface
§ 46-703  IRRIGATION AND REGULATION OF WATER

water appropriators or to water supply shortages in fully appropriated or overappropriated river basins, subbasins, or reaches;

(6) All involved natural resources districts, the department, and surface water project sponsors should cooperate and collaborate on the identification and implementation of management solutions to conflicts between ground water users and surface water appropriators or to water supply shortages in fully appropriated or overappropriated river basins, subbasins, and reaches; and

(7) An Interrelated Water Review Board is needed to resolve any conflicts between the department and the involved natural resources districts concerning the content, implementation, or enforcement of integrated management plans for fully appropriated and overappropriated river basins, subbasins, and reaches.

The Department of Natural Resources has no independent authority to regulate ground water users or administer ground water rights for the benefit of surface water appropriators. In re Complaint of Central Neb. Pub. Power, 270 Neb. 108, 699 N.W.2d 372 (2005).

46-704 Management area; legislative findings.

The Legislature also finds that:

(1) The levels of nitrate nitrogen and other contaminants in ground water in certain areas of the state are increasing;

(2) Long-term solutions should be implemented and efforts should be made to prevent the levels of ground water contaminants from becoming too high and to reduce high levels sufficiently to eliminate health hazards;

(3) Agriculture has been very productive and should continue to be an important industry to the State of Nebraska;

(4) Natural resources districts have the legal authority to regulate certain activities and, as local entities, are the preferred regulators of activities which may contribute to ground water contamination in both urban and rural areas;

(5) The Department of Environment and Energy should be given authority to regulate sources of contamination when necessary to prevent serious deterioration of ground water quality;

(6) The powers given to districts and the Department of Environment and Energy should be used to stabilize, reduce, and prevent the increase or spread of ground water contamination; and

(7) There is a need to provide for the orderly management of ground water quality in areas where available data, evidence, and other information indicate that present or potential ground water conditions require the designation of such areas as management areas.

46-705 Act; how construed.

Nothing in the Nebraska Ground Water Management and Protection Act shall be construed to limit the powers of the Department of Environment and Energy provided in the Nebraska Safe Drinking Water Act.

Reissue 2021 226

(a) Adopt and promulgate rules and regulations necessary to discharge the administrative duties assigned in the act;

(b) Require such reports from ground water users as may be necessary;

(c) Require the reporting of water uses and irrigated acres by landowners and others with control over the water uses and irrigated acres for the purpose of certification by the district;

(d) Require meters to be placed on any water wells for the purpose of acquiring water use data;

(e) Require decommissioning of water wells that are not properly classified as active status water wells as defined in section 46-1204.02 or inactive status water wells as defined in section 46-1207.02;

(f) Conduct investigations and cooperate or contract with agencies of the United States, agencies or political subdivisions of this state, public or private corporations, or any association or individual on any matter relevant to the administration of the act;

(g) Report to and consult with the Department of Environment and Energy on all matters concerning the entry of contamination or contaminating materials into ground water supplies; and

(h) Issue cease and desist orders, following three days’ notice to the person affected stating the contemplated action and in general the grounds for the action and following reasonable opportunity to be heard, to enforce any of the provisions of the act or of orders or permits issued pursuant to the act, to initiate suits to enforce the provisions of orders issued pursuant to the act, and to restrain the construction of illegal water wells or the withdrawal or use of water from illegal water wells.

Before any rule or regulation is adopted pursuant to this subsection, a public hearing shall be held within the district. Notice of the hearing shall be given as provided in section 46-743.

(2) In addition to the powers enumerated in subsection (1) of this section, a district may impose an immediate temporary stay for a period of one hundred eighty days on the construction of any new water well and on any increase in the number of acres historically irrigated, without prior notice or hearing, upon adoption of a resolution by the board finding that such temporary immediate stay is necessary. The district shall hold at least one public hearing on the
matter within the district during such one hundred eighty days, with the notice
of the hearing given as provided in section 46-743, prior to making a determi-
nation as to imposing a permanent stay or conditions in accordance with
subsections (1) and (6) of section 46-739. Within forty-five days after a hearing
pursuant to this subsection, the district shall decide whether to exempt from the
immediate temporary stay the construction of water wells for which permits
were issued prior to the date of the resolution commencing the stay but for
which construction had not begun prior to such date. If construction of such
water wells is allowed, all permits that were valid when the stay went into
effect shall be extended by a time period equal to the length of the stay and

radio announcements, or other means of communication deemed necessary in
the area where the property is located.

used in such irrigation.

(2) Each district shall adopt, following public hearing, notice of which shall
be given in the manner provided in section 46-743, rules and regulations

the contemplated action and in general the grounds therefor, and upon reason-
able opportunity to be heard, issue cease and desist orders to enforce any of the
provisions of this section or rules and regulations issued pursuant to this section.

(9) The availability of supplemental water supplies, including the opportunity for ground water recharge;

(10) The opportunity to integrate and coordinate the use of water from different sources of supply;

(11) Ground water management objectives, including a proposed ground water reservoir life goal for the district. For management plans adopted or revised after July 19, 1996, the ground water management objectives may include any proposed integrated management objectives for hydrologically connected ground water and surface water supplies but a management plan does not have to be revised prior to the adoption or implementation of an integrated management plan pursuant to section 46-718 or 46-719;

(12) Existing subirrigation uses within the district;

(13) The relative economic value of different uses of ground water proposed or existing within the district; and

(14) The geographic and stratigraphic boundaries of any proposed management area.

If the expenses incurred by a district preparing or amending a ground water management plan exceed twenty-five percent of the district’s current budget, the district may make application to the Nebraska Resources Development Fund for assistance.

Each district’s ground water management plan shall also identify, to the extent possible, the levels and sources of ground water contamination within the district, ground water quality goals, long-term solutions necessary to prevent the levels of ground water contaminants from becoming too high and
to reduce high levels sufficiently to eliminate health hazards, and practices recommended to stabilize, reduce, and prevent the occurrence, increase, or spread of ground water contamination.

### 46-710 Ground water management plan preparation or modification; district; solicit and utilize information.

During preparation or modification of a ground water management plan, the district shall actively solicit public comments and opinions and shall utilize and draw upon existing research, data, studies, or any other information which has been compiled by or is in the possession of state or federal agencies, natural resources districts, or any other subdivision of the state. State agencies, districts, and other subdivisions shall furnish information or data upon the request of any district preparing or modifying such a plan. A district shall not be required to initiate new studies or data-collection efforts or to develop computer models in order to prepare or modify a plan.

### 46-711 Ground water management plan; director; review; duties.

1. The Director of Natural Resources shall review any ground water management plan or plan modification submitted by a district to ensure that the best available studies, data, and information, whether previously existing or newly initiated, were utilized and considered and that such plan is supported by and is a reasonable application of such information. If a management area is proposed and the primary purpose of the proposed management area is protection of water quality, the director shall consult with the Department of Environment and Energy regarding approval or denial of the management plan. The director shall consult with the Conservation and Survey Division of the University of Nebraska and such other state or federal agencies the director shall deem necessary when reviewing plans. Within ninety days after receipt of a plan, the director shall transmit his or her specific findings, conclusions, and reasons for approval or disapproval to the district submitting the plan.

2. If the Director of Natural Resources disapproves a ground water management plan, the district which submitted the plan shall, in order to establish a management area, submit to the director either the original or a revised plan with an explanation of how the original or revised plan addresses the issues raised by the director in his or her reasons for disapproval. Once a district has submitted an explanation pursuant to this section, such district may proceed to schedule a hearing pursuant to section 46-712.

233 Reissue 2021
§ 46-712  IRRIGATION AND REGULATION OF WATER

46-712 Management area; establishment; when; hearing; notice; procedure; district; powers and duties.

(1) A natural resources district may establish a ground water management area in accordance with this section to accomplish any one or more of the following objectives: (a) Protection of ground water quantity; (b) protection of ground water quality; or (c) prevention or resolution of conflicts between users of ground water and appropriators of surface water, which ground water and surface water are hydrologically connected.

(2) Prior to establishment by a district of a management area other than a management area being established in accordance with section 46-718, the district's management plan shall have been approved by the Director of Natural Resources or the district shall have completed the requirements of subsection (2) of section 46-711. If necessary to determine whether a management area should be designated, the district may initiate new studies and data-collection efforts and develop computer models. In order to establish a management area, the district shall fix a time and place for a public hearing to consider the management plan information supplied by the director and to hear any other evidence. The hearing shall be located within or in reasonable proximity to the area proposed for designation as a management area. Notice of the hearing shall be published as provided in section 46-743, and the hearing shall be conducted in accordance with such section.

(3)(a) Within ninety days after the hearing, the district shall determine whether a management area shall be designated. If the district determines that no management area shall be established, the district shall issue an order to that effect.

(b) If the district determines that a management area shall be established, the district shall by order designate the area as a management area and shall adopt one or more controls authorized by section 46-739 to be utilized within the area in order to achieve the ground water management objectives specified in the plan. Such an order shall include a geographic and stratigraphic definition of the area. The boundaries and controls shall take into account any considerations brought forth at the hearing and administrative factors directly affecting the ability of the district to implement and carry out local ground water management.

(c) The controls adopted shall not include controls substantially different from those set forth in the notice of the hearing. The area designated by the order shall not include any area not included in the notice of the hearing.

(4) Modification of the boundaries of a district-designated management area or dissolution of such an area shall be in accordance with the procedures established in this section. Hearings for such modifications or for dissolution may not be initiated more often than once a year. Hearings for modification of controls may be initiated as often as deemed necessary by the district, and such modifications may be accomplished using the procedure in this section.

(5) A district shall, prior to adopting or amending any rules or regulations for a management area, consult with any holders of permits for intentional or incidental underground water storage and recovery issued pursuant to section 46-226.02, 46-233, 46-240, 46-241, 46-242, or 46-297.

(6) If a ground water management area has been adopted by a district under this section that includes one or more controls authorized by subdivision (1)(f)
or (1)(m) of section 46-739, the district may request the Department of Natural Resources to conduct an evaluation to determine if an immediate stay should be placed on the issuance of new surface water natural-flow appropriations in the area, river basin, subbasin, or reach of the management area, and the department may determine that the stay is in the public interest. The stay may include provisions for exceptions to be granted for beneficial uses as described in subsection (3) of section 46-714 or for a project that provides hydrological benefit to the area of the stay and may include provisions that the stay may be rescinded based on new or additional information that may become available.

46-713 Department of Natural Resources; hydrologically connected water supplies; evaluation; report; determinations; reevaluation; hearing; notice.

(1)(a) By January 1 of each year beginning in 2006 and except as otherwise provided in this section and section 46-720, the Department of Natural Resources shall complete an evaluation of the expected long-term availability of hydrologically connected water supplies for both existing and new surface water uses and existing and new ground water uses in each of the state’s river basins and shall issue a report that describes the results of the evaluation. For purposes of the evaluation and the report, a river basin may be divided into two or more subbasins or reaches. A river basin, subbasin, or reach for which an integrated management plan has been or is being developed pursuant to sections 46-715 to 46-717 or pursuant to section 46-719 shall not be evaluated unless it is being reevaluated as provided in subsection (2) of this section. For each river basin, subbasin, or reach evaluated, the report shall describe (i) the nature and extent of use of both surface water and ground water in each river basin, subbasin, or reach, (ii) the geographic area within which the department preliminarily considers surface water and ground water to be hydrologically connected and the criteria used for that determination, and (iii) the extent to which the then-current uses affect available near-term and long-term water supplies. River basins, subbasins, and reaches designated as overappropriated in accordance with subsection (4) of this section shall not be evaluated by the department. The department is not required to perform an annual evaluation for a river basin, subbasin, or reach during the four years following a status change in such river basin, subbasin, or reach under subsection (12) of section 46-714.

(b) Based on the information reviewed in the evaluation process, the department shall arrive at a preliminary conclusion for each river basin, subbasin, and reach evaluated as to whether such river basin, subbasin, or reach presently is fully appropriated without the initiation of additional uses. The department shall also determine if and how such preliminary conclusion would change if no additional legal constraints were imposed on future development of hydrologically connected surface water and ground water and reasonable projections are made about the extent and location of future development in such river basin, subbasin, or reach.
(c) In addition to the conclusion about whether a river basin, subbasin, or reach is fully appropriated, the department shall include in the report, for informational purposes only, a summary of relevant data provided by any interested party concerning the social, economic, and environmental impacts of additional hydrologically connected surface water and ground water uses on resources that are dependent on streamflow or ground water levels but are not protected by appropriations or regulations.

(d) In preparing the report, the department shall rely on the best scientific data, information, and methodologies readily available to ensure that the conclusions and results contained in the report are reliable. In its report, the department shall provide sufficient documentation to allow these data, information, methodologies, and conclusions to be independently replicated and assessed. Upon request by the department, state agencies, natural resources districts, irrigation districts, reclamation districts, public power and irrigation districts, mutual irrigation companies, canal companies, municipalities, and other water users and stakeholders shall provide relevant data and information in their possession. The Department of Natural Resources shall specify by rule and regulation the types of scientific data and other information that will be considered for making the preliminary determinations required by this section.

(2)(a) The department shall complete a reevaluation of a river basin, subbasin, or reach for which an integrated management plan has been or is being prepared if the department has reason to believe that a reevaluation might lead to a different determination about whether such river basin, subbasin, or reach is fully appropriated or overappropriated. A decision to reevaluate may be reached by the department on its own or in response to a petition filed with the department by any interested person. To be considered sufficient to justify a reevaluation, a petition shall be accompanied by supporting information showing that (i) new scientific data or other information relevant to the determination of whether the river basin, subbasin, or reach is fully appropriated or overappropriated has become available since the last evaluation of such river basin, subbasin, or reach, (ii) the department relied on incorrect or incomplete information when the river basin, subbasin, or reach was last evaluated, or (iii) the department erred in its interpretation or application of the information available when the river basin, subbasin, or reach was last evaluated. If a petition determined by the department to be sufficient is filed before July 1 of any year, the reevaluation of the river basin, subbasin, or reach involved shall be included in the next annual report prepared in accordance with subsection (1) of this section. If any such petition is filed on or after July 1 of any year, the department may defer the reevaluation of the river basin, subbasin, or reach involved until the second annual report after such filing.

(b) If the reevaluation results in a different determination by the department, then (i) the department shall notify, by certified mail, the affected natural resources districts and any irrigation district, public power and irrigation district, mutual irrigation company, canal company, or municipality that relies on water from the affected river basin, subbasin, or reach of the preliminary change in the determination and (ii) the department shall hold one or more public hearings not more than ninety days after the publication of the notice required in subdivision (b)(i) of this subsection. Notice of the hearings shall be provided in the same manner as the notice required in subsection (1) of section 46-714. Any interested person may appear at the hearing and present written or
oral testimony and evidence concerning the appropriation status of the river basin, subbasin, or reach.

(c) Within thirty days after the final hearing under subdivision (b) of this subsection, the department shall notify the appropriate natural resources districts of the department’s final determination with respect to the appropriation status of the river basin, subbasin, or reach.

(3) A river basin, subbasin, or reach shall be deemed fully appropriated if the department determines based upon its evaluation conducted pursuant to subsection (1) of this section and information presented at the hearing pursuant to subsection (4) of section 46-714 that then-current uses of hydrologically connected surface water and ground water in the river basin, subbasin, or reach cause or will in the reasonably foreseeable future cause (a) the surface water supply to be insufficient to sustain over the long term the beneficial or useful purposes for which existing natural-flow or storage appropriations were granted and the beneficial or useful purposes for which, at the time of approval, any existing instream appropriation was granted, (b) the streamflow to be insufficient to sustain over the long term the beneficial uses from wells constructed in aquifers dependent on recharge from the river or stream involved, or (c) reduction in the flow of a river or stream sufficient to cause noncompliance by Nebraska with an interstate compact or decree, other formal state contract or agreement, or applicable state or federal laws.

(4)(a) A river basin, subbasin, or reach shall be deemed overappropriated if, on July 16, 2004, the river basin, subbasin, or reach is subject to an interstate cooperative agreement among three or more states and if, prior to such date, the department has declared a moratorium on the issuance of new surface water appropriations in such river basin, subbasin, or reach and has requested each natural resources district with jurisdiction in the affected area in such river basin, subbasin, or reach either (i) to close or to continue in effect a previously adopted closure of all or part of such river basin, subbasin, or reach to the issuance of additional water well permits in accordance with subdivision (1)(k) of section 46-656.25 as such section existed prior to July 16, 2004, or (ii) to temporarily suspend or to continue in effect a temporary suspension, previously adopted pursuant to section 46-656.28 as such section existed prior to July 16, 2004, on the drilling of new water wells in all or part of such river basin, subbasin, or reach.

(b) Within sixty days after July 16, 2004, the department shall designate which river basins, subbasins, or reaches are overappropriated. The designation shall include a description of the geographic area within which the department has determined that surface water and ground water are hydrologically connected and the criteria used to make such determination.

Subsection (3)(a) of this section permits the Department of Natural Resources to designate a river basin or subpart as fully appropriated by focusing solely on whether surface water appropriations are sustainable. Middle Niobrara NRD v. Department of Nat. Resources, 281 Neb. 634, 799 N.W.2d 305 (2011).

The Department of Natural Resources' promulgated methodologies under this section for determining whether a river basin or subpart is fully appropriated must be followed and applied in a consistent manner. Additionally, under subsection (1)(d) of this section, an independent party must be able to replicate and assess its methodologies and conclusions. Middle Niobrara NRD v. Department of Nat. Resources, 281 Neb. 634, 799 N.W.2d 305 (2011).

The Department of Natural Resources' 2006 regulations do not permit an independent party to replicate or assess the department's findings or methodologies, as required under subsection (1)(d) of this section. Middle Niobrara NRD v. Department of Nat. Resources, 281 Neb. 634, 799 N.W.2d 305 (2011).

The Department of Natural Resources' 2006 regulations promulgated under this section do not permit the department to determine that a river basin is fully appropriated by comparing a senior appropriation right to the streamflow values at a specific diversion point or streamflow gauge. Middle Niobrara NRD v. Department of Nat. Resources, 281 Neb. 634, 799 N.W.2d 305 (2011).

To petition for a contested hearing challenging a fully appropriated determination of the Department of Natural Resources for a river basin, the challenger must have standing as an interested person under subsection (2) of this section. Middle Niobrara NRD v. Department of Nat. Resources, 281 Neb. 634, 799 N.W.2d 305 (2011).

46-714 River basin, subbasin, or reach; stay on new appropriations; notifications required; hearing; natural resources district; duties; status change; department; natural resources district; duties.

(1) Whenever the Department of Natural Resources makes a preliminary determination that a river basin, subbasin, or reach not previously designated as overappropriated and not previously determined to be fully appropriated has become fully appropriated, the department shall place an immediate stay on the issuance of any new natural-flow, storage, or storage-use appropriations in such river basin, subbasin, or reach. The department shall also provide prompt notice of such preliminary determination to all licensed water well contractors in the state and to each natural resources district that encompasses any of the geographic area involved. Such notice to natural resources districts shall be by certified mail. The notice shall be addressed to the manager of the natural resources district or his or her designee and shall include the signature of the Director of Natural Resources. Immediately upon receipt of such notice by the natural resources district, there shall be a stay on issuance of water well construction permits in the geographic area preliminarily determined by the department to include hydrologically connected surface water and ground water in such river basin, subbasin, or reach. The department shall also notify the public of the preliminary determination that the river basin, subbasin, or reach is fully appropriated and of the affected geographic area. Such notice shall be provided by publication once each week for three consecutive weeks in at least one newspaper of statewide circulation and in such other newspaper or newspapers as are deemed appropriate by the department to provide general circulation in the river basin, subbasin, or reach.

(2) If the department preliminarily determines a river basin, subbasin, or reach to be fully appropriated and has identified the existence of hydrologically connected surface water and ground water in such river basin, subbasin, or reach, the stay shall also be imposed:

(a) On the construction of any new water well in the area covered by the determination unless a permit with conditions imposed by the natural resources district has been issued prior to the determination. Such conditions shall meet the objectives of subsection (4) of section 46-715 and may include, but are not limited to, conditions in accordance with subsection (6) of section 46-739. Any well constructed pursuant to such permit shall be completed in accordance with section 46-738; and

(b) On the use of an existing water well or an existing surface water appropriation in the affected area to increase the number of acres historically irrigated.
Such additional stays shall begin ten days after the first publication, in a newspaper of statewide circulation, of the notice of the preliminary determination that the river basin, subbasin, or reach is fully appropriated.

(3) Exceptions to the stays imposed pursuant to subsection (1), (2), (8), or (9) of this section shall exist for (a) test holes, (b) dewatering wells with an intended use of one year or less, (c) monitoring wells, (d) wells constructed pursuant to a ground water remediation plan under the Environmental Protection Act, (e) water wells designed and constructed to pump fifty gallons per minute or less, except that no two or more water wells that each pump fifty gallons per minute or less may be connected or otherwise combined to serve a single project such that the collective pumping would exceed fifty gallons per minute, (f) water wells for range livestock, (g) new surface water uses or water wells that are necessary to alleviate an emergency situation involving the provision of water for human consumption or public health and safety, (h) water wells defined by the applicable natural resources district as replacement water wells, but the consumptive use of any such replacement water well can be no greater than the historic consumptive use of the water well it is to replace or, if applicable, the historic consumptive use of the surface water use it is to replace, (i) new surface water uses and water wells to which a right or permit is transferred in accordance with state law, but the consumptive use of any such new use can be no greater than the historic consumptive use of the surface water use or water well from which the right or permit is being transferred, (j) water wells and increases in ground water irrigated acres for which a variance is granted by the applicable natural resources district for good cause shown, (k) subject to any conditions imposed by the applicable natural resources district, to the extent permitted by the applicable natural resources district, increases in ground water irrigated acres that result from the use of water wells that were permitted prior to the effective date of the determination made in subsection (1) of this section and completed in accordance with section 46-738 but were not used for irrigation prior to that effective date, (l) to the extent permitted by the applicable natural resources district, increases in ground water irrigated acres that result from the use of water wells that are constructed after the effective date of the stay in accordance with a permit granted by that natural resources district prior to the effective date of the stay, (m) surface water uses for which temporary public-use construction permits are issued pursuant to subsection (8) of section 46-233, (n) surface water uses and increases in surface water irrigated acres for which a variance is granted by the department for good cause shown, and (o) water wells for which permits have been approved by the Department of Natural Resources pursuant to the Municipal and Rural Domestic Ground Water Transfers Permit Act prior to the effective date of the stay.

(4) Except as otherwise provided in this section, any stay imposed pursuant to subsections (1) and (2) of this section shall remain in effect for the affected river basin, subbasin, or reach until the department has made a final determination regarding whether the river basin, subbasin, or reach is fully appropriated and, if the department’s final determination is that the river basin, subbasin, or reach is fully appropriated, shall remain in effect as provided in subsection (11) of this section. Within the time period between the dates of the preliminary and final determinations, the department and the affected natural resources districts shall consult with any irrigation district, reclamation district, public power and irrigation district, mutual irrigation company, canal company, or municipality that relies on water from the affected river basin, subbasin, or
reach and with other water users and stakeholders as deemed appropriate by the department or the natural resources districts. The department shall also hold one or more public hearings not more than ninety days after the first publication of the notice required by subsection (1) of this section. Notice of the hearings shall be provided in the same manner as the notice required by such subsection. Any interested person may appear at such hearing and present written or oral testimony and evidence concerning the appropriation status of the river basin, subbasin, or reach, the department’s preliminary conclusions about the extent of the area within which the surface water and ground water supplies for the river basin, subbasin, or reach are determined to be hydrologically connected, and whether the stays on new uses should be terminated.

(5) Within thirty days after the final hearing under subsection (4) of this section, the department shall notify the appropriate natural resources districts of the department’s final determination with respect to the appropriation status of the river basin, subbasin, or reach. If the final determination is that the river basin, subbasin, or reach is fully appropriated, the department, at the same time, shall (a) decide whether to continue or to terminate the stays on new surface water uses and on increases in the number of surface water irrigated acres and (b) designate the geographic area within which the department considers surface water and ground water to be hydrologically connected in the river basin, subbasin, or reach and describe the methods and criteria used in making that determination. The department shall provide notice of its decision to continue or terminate the stays in the same manner as the notice required by subsection (1) of this section.

(6) Within ninety days after a final determination by the department that a river basin, subbasin, or reach is fully appropriated, an affected natural resources district may hold one or more public hearings on the question of whether the stays on the issuance of new water well permits, on the construction of new water wells, or on increases in ground water irrigated acres should be terminated. Notice of the hearings shall be published as provided in section 46-743.

(7) Within forty-five days after a natural resources district’s final hearing pursuant to subsection (6) of this section, the natural resources district shall decide (a) whether to terminate the stay on new water wells in all or part of the natural resources district subject to the stay and (b) whether to terminate the stay on increases in ground water irrigated acres. If the natural resources district decides not to terminate the stay on new water wells in any geographic area, it shall also decide whether to exempt from such stay the construction of water wells for which permits were issued prior to the issuance of the stay but for which construction had not begun prior to issuance of the stay. If construction of water wells for which permits were issued prior to the stay is allowed, all permits that were valid when the stay went into effect shall be extended by a time period equal to the length of the stay.

(8) Whenever the department designates a river basin, subbasin, or reach as overappropriated, each previously declared moratorium on the issuance of new surface water appropriations in the river basin, subbasin, or reach shall continue in effect. The department shall also provide prompt notice of such designation to all licensed water well contractors in the state and to each natural resources district that encompasses any of the geographic area involved. Immediately upon receipt of such notice by a natural resources district, there shall be a stay on the issuance of new water well construction permits in
any portion of such natural resources district that is within the hydrologically connected area designated by the department. The department shall also notify the public of its designation of such river basin, subbasin, or reach as overappropriated and of the geographic area involved in such designation. Such notice shall be published once each week for three consecutive weeks in at least one newspaper of statewide circulation and in such other newspapers as are deemed appropriate by the department to provide general notice in the river basin, subbasin, or reach.

(9) Beginning ten days after the first publication of notice under subsection (8) of this section in a newspaper of statewide circulation, there shall also be stays (a) on the construction of any new water well in the hydrologically connected area if such construction has not commenced prior to such date and if no permit for construction of the water well has been issued previously by either the department or the natural resources district, (b) on the use of an existing water well in the hydrologically connected area to increase the number of acres historically irrigated, and (c) on the use of an existing surface water appropriation to increase the number of acres historically irrigated in the affected area.

(10) Within ninety days after a designation by the department of a river basin, subbasin, or reach as overappropriated, a natural resources district that encompasses any of the hydrologically connected area designated by the department may hold one or more public hearings on the question of whether to terminate the stays on (a) the construction of new water wells within all or part of its portion of the hydrologically connected area, (b) the issuance of new water well construction permits in such area, or (c) the increase in ground water irrigated acres in such area. Notice of any hearing for such purpose shall be provided pursuant to section 46-743. Prior to the scheduling of a natural resources district hearing on the question of whether to terminate any such stay, the department and the affected natural resources district shall consult with any irrigation district, reclamation district, public power and irrigation district, mutual irrigation company, canal company, or municipality that relies on water from the affected river basin, subbasin, or reach and with other water users and stakeholders as deemed appropriate by the department or the natural resources district.

(11) Any stay issued pursuant to this section shall remain in effect until (a) the stay has been terminated pursuant to subsection (5), (7), or (10) of this section, (b) an integrated management plan for the affected river basin, subbasin, or reach has been adopted by the department and the affected natural resources districts and has taken effect, (c) an integrated management plan for the affected river basin, subbasin, or reach has been adopted by the Interrelated Water Review Board and has taken effect, (d) the department has completed a reevaluation pursuant to subsection (2) of section 46-713 and has determined that the affected river basin, subbasin, or reach is not fully appropriated or overappropriated, or (e) the stay expires pursuant to this subsection. Such stay may be imposed initially for not more than three years following the department’s designation of the river basin, subbasin, or reach as overappropriated or the department’s final determination that a river basin, subbasin, or reach is fully appropriated and may be extended thereafter on an annual basis by agreement of the department and the affected natural resources district for not more than two additional years if necessary to allow the development, adop-
§ 46-714  IRRIGATION AND REGULATION OF WATER

tion, and implementation of an integrated management plan pursuant to sections 46-715 to 46-719.

(12)(a) For purposes of this subsection, (i) a status change occurs when a preliminary or final determination that a river basin, subbasin, or reach is fully appropriated is reversed by the department or by judicial determination and such river basin, subbasin, or reach is determined not to be fully appropriated and (ii) the hydrologically connected area means the geographic area within which the department considers surface water and ground water in such river basin, subbasin, or reach to be hydrologically connected.

(b) If a status change occurs, any stays previously in force by the department or affected natural resources districts shall remain in force until the stays imposed under this subsection are in place and the department shall place an immediate stay on the issuance of any new natural-flow, storage, or storage-use appropriations in the river basin, subbasin, or reach. The department shall also provide prompt notice of the status change in accordance with subsection (1) of this section. Immediately upon receipt of the notice by the affected natural resources district, there shall be stays imposed as set forth in subsections (1) and (2) of this section, subject to the exceptions set forth in subsection (3) of this section. The stays imposed pursuant to this subsection shall remain in effect within each affected natural resources district until such district adopts rules and regulations in accordance with subdivision (c), (d), or (e) of this subsection.

(c) Upon receipt of notice of a status change, each affected natural resources district shall adopt rules and regulations within one hundred twenty days after receipt of such notice for the prioritization and granting of water well permits within the hydrologically connected area for the four-year period following the status change. Nothing in this subsection shall be construed to supersede the authority provided to natural resources districts under subsection (2) of section 46-707 and subdivisions (1)(f) and (1)(m) of section 46-739.

(d) The rules and regulations adopted by each affected natural resources district in accordance with subdivision (c) of this subsection shall (i) allow a limited number of total new ground water irrigated acres annually, (ii) be created with the purpose of maintaining the status of not fully appropriated based on the most recent basin determination, (iii) be for a term of not less than four years, and (iv) limit the number of new permits so that total new ground water irrigated acres do not exceed the number set in the rules and regulations. The department shall approve the proposed new number of ground water irrigated acres within sixty days after approval by the natural resources district if such district meets the conditions set forth in subdivision (d)(ii) of this subsection, based on the most recent basin determination.

(e) If the proposed new number of acres is not approved by the department within the applicable time period as provided in subdivision (d) of this subsection, the affected natural resources districts shall adopt rules and regulations that allow water well permits to be issued that will result in no more than two thousand five hundred irrigated acres or that will result in an increase of not more than twenty percent of all historically irrigated acres within the hydrologically connected area of each natural resources district within the affected river basin, subbasin, or reach, whichever is less, for each calendar year of the four-year period following the date of the determination described in this subsection. Each affected natural resources district may, after the initial four-year period...
has expired, annually determine whether water well permit limitations should continue and may enforce such limitations.

(f) During the four-year period following the status change, the department shall ensure that any new appropriation granted will not cause the basin, subbasin, or reach to be fully appropriated based on the most recent basin determination. The department, pursuant to its rules and regulations, shall not issue new natural flow surface water appropriations for irrigation, within the river basin, subbasin, or reach affected by the status change, that will result in a net increase of more than eight hundred thirty-four irrigated acres in each natural resources district during each calendar year of the four-year period following the date of the determination described in this subsection.

46-715 River basin, subbasin, or reach; integrated management plan; considerations; contents; amendment; technical analysis; forecast of water available from streamflow.

(1)(a) Whenever the Department of Natural Resources has designated a river basin, subbasin, or reach as overappropriated or has made a final determination that a river basin, subbasin, or reach is fully appropriated, the natural resources districts encompassing such river basin, subbasin, or reach and the department shall jointly develop an integrated management plan for such river basin, subbasin, or reach. The plan shall be completed, adopted, and take effect within three years after such designation or final determination unless the department and the natural resources districts jointly agree to an extension of not more than two additional years.

(b) A natural resources district encompassing a river basin, subbasin, or reach that has not been designated as overappropriated or has not been finally determined to be fully appropriated may, jointly with the department, develop an integrated management plan for such river basin, subbasin, or reach located within the district. The district shall notify the department of its intention to develop an integrated management plan which shall be developed and adopted according to sections 46-715 to 46-717 and subsections (1) and (2) of section 46-718. The objective of an integrated management plan under this subdivision is to manage such river basin, subbasin, or reach to achieve and sustain a balance between water uses and water supplies for the long term. If a district develops an integrated management plan under this subdivision and the department subsequently determines the affected river basin, subbasin, or reach to be fully appropriated, the department and the affected natural resources district may amend the integrated management plan.

(2) In developing an integrated management plan, the effects of existing and potential new water uses on existing surface water appropriators and ground water users shall be considered. An integrated management plan shall include the following: (a) Clear goals and objectives with a purpose of sustaining a balance between water uses and water supplies so that the economic viability, social and environmental health, safety, and welfare of the river basin, subbasin, or reach can be achieved and maintained for both the near term and the
§ 46-715  IRRIGATION AND REGULATION OF WATER

long term; (b) a map clearly delineating the geographic area subject to the integrated management plan; (c) one or more of the ground water controls authorized for adoption by natural resources districts pursuant to section 46-739; (d) one or more of the surface water controls authorized for adoption by the department pursuant to section 46-716; and (e) a plan to gather and evaluate data, information, and methodologies that could be used to implement sections 46-715 to 46-717, increase understanding of the surface water and hydrologically connected ground water system, and test the validity of the conclusions and information upon which the integrated management plan is based. The plan may also provide for utilization of any applicable incentive programs authorized by law. Nothing in the integrated management plan for a fully appropriated river basin, subbasin, or reach shall require a natural resources district to regulate ground water uses in place at the time of the department’s preliminary determination that the river basin, subbasin, or reach is fully appropriated, unless such regulation is necessary to carry out the goals and objectives of a basin-wide plan pursuant to section 46-755, but a natural resources district may voluntarily adopt such regulations. The applicable natural resources district may decide to include all water users within the district boundary in an integrated management plan.

(3) In order to provide a process for economic development opportunities and economic sustainability within a river basin, subbasin, or reach, the integrated management plan shall include clear and transparent procedures to track depletions and gains to streamflows resulting from new, retired, or other changes to uses within the river basin, subbasin, or reach. The procedures shall:

(a) Utilize generally accepted methodologies based on the best available information, data, and science;

(b) Include a generally accepted methodology to be utilized to estimate depletions and gains to streamflows, which methodology includes location, amount, and time regarding gains to streamflows as offsets to new uses;

(c) Identify means to be utilized so that new uses will not have more than a de minimis effect upon existing surface water users or ground water users;

(d) Identify procedures the natural resources district and the department will use to report, consult, and otherwise share information on new uses, changes in uses, or other activities affecting water use in the river basin, subbasin, or reach;

(e) Identify, to the extent feasible, potential water available to mitigate new uses, including, but not limited to, water rights leases, interference agreements, augmentation projects, conjunctive use management, and use retirement;

(f) Develop, to the extent feasible, an outline of plans after consultation with and an opportunity to provide input from irrigation districts, public power and irrigation districts, reclamation districts, municipalities, other political subdivisions, and other water users to make water available for offset to enhance and encourage economic development opportunities and economic sustainability in the river basin, subbasin, or reach; and

(g) Clearly identify procedures that applicants for new uses shall take to apply for approval of a new water use and corresponding offset.

Nothing in this subsection shall require revision or amendment of an integrated management plan approved on or before August 30, 2009.
(4) The ground water and surface water controls proposed for adoption in the integrated management plan pursuant to subsection (1) of this section shall, when considered together and with any applicable incentive programs, (a) be consistent with the goals and objectives of the plan, (b) be sufficient to ensure that the state will remain in compliance with applicable state and federal laws and with any applicable interstate water compact or decree or other formal state contract or agreement pertaining to surface water or ground water use or supplies, and (c) protect the ground water users whose water wells are dependent on recharge from the river or stream involved and the surface water appropriators on such river or stream from streamflow depletion caused by surface water uses and ground water uses begun, in the case of a river basin, subbasin, or reach designated as overappropriated or preliminarily determined to be fully appropriated in accordance with section 46-713, after the date of such designation or preliminary determination.

(5)(a) In any river basin, subbasin, or reach that is designated as overappropriated, when the designated area lies within two or more natural resources districts, the department and the affected natural resources districts shall jointly develop a basin-wide plan for the area designated as overappropriated. Such plan shall be developed using the consultation and collaboration process described in subdivision (b) of this subsection, shall be developed concurrently with the development of the integrated management plan required pursuant to subsections (1) through (4) of this section, and shall be designed to achieve, in the incremental manner described in subdivision (d) of this subsection, the goals and objectives described in subsection (2) of this section. The basin-wide plan shall be adopted after hearings by the department and the affected natural resources districts.

(b) In any river basin, subbasin, or reach designated as overappropriated and subject to this subsection, the department and each natural resources district encompassing such river basin, subbasin, or reach shall jointly develop an integrated management plan for such river basin, subbasin, or reach pursuant to subsections (1) through (4) of this section. Each integrated management plan for a river basin, subbasin, or reach subject to this subsection shall be consistent with any basin-wide plan developed pursuant to subdivision (a) of this subsection. Such integrated management plan shall be developed after consultation and collaboration with irrigation districts, reclamation districts, public power and irrigation districts, mutual irrigation companies, canal companies, and municipalities that rely on water from within the affected area and that, after being notified of the commencement of the plan development process, indicate in writing their desire to participate in such process. In addition, the department or the affected natural resources districts may include designated representatives of other stakeholders. If agreement is reached by all parties involved in such consultation and collaboration process, the department and each natural resources district shall adopt the agreed-upon integrated management plan. If agreement cannot be reached by all parties involved, the integrated management plan shall be developed and adopted by the department and the affected natural resources district pursuant to sections 46-715 to 46-718 or by the Interrelated Water Review Board pursuant to section 46-719.

(c) Any integrated management plan developed under this subsection shall identify the overall difference between the current and fully appropriated levels of development. Such determination shall take into account cyclical supply, including drought, identify the portion of the overall difference between the
current and fully appropriated levels of development that is due to conservation measures, and identify the portions of the overall difference between the current and fully appropriated levels of development that are due to water use initiated prior to July 1, 1997, and to water use initiated on or after such date.

(d) Any integrated management plan developed under this subsection shall adopt an incremental approach to achieve the goals and objectives identified under subdivision (2)(a) of this section using the following steps:

(i) The first incremental goals shall be to address the impact of streamflow depletions to (A) surface water appropriations and (B) water wells constructed in aquifers dependent upon recharge from streamflow, to the extent those depletions are due to water use initiated after July 1, 1997, and, unless an interstate cooperative agreement for such river basin, subbasin, or reach is no longer in effect, to prevent streamflow depletions that would cause noncompliance by Nebraska with such interstate cooperative agreement. During the first increment, the department and the affected natural resources districts shall also pursue voluntary efforts, subject to the availability of funds, to offset any increase in streamflow depletive effects that occur after July 1, 1997, but are caused by ground water uses initiated prior to such date. The department and the affected natural resources districts may also use other appropriate and authorized measures for such purpose;

(ii) The department and the affected natural resources districts may amend an integrated management plan subject to this subsection (5) as necessary based on an annual review of the progress being made toward achieving the goals for that increment;

(iii) During the ten years following adoption of an integrated management plan developed under this subsection (5) or during the ten years after the adoption of any subsequent increment of the integrated management plan pursuant to subdivision (d)(iv) of this subsection, the department and the affected natural resources district shall conduct a technical analysis of the actions taken in such increment to determine the progress towards meeting the goals and objectives adopted pursuant to subsection (2) of this section. The analysis shall include an examination of (A) available supplies and changes in long-term availability, (B) the effects of conservation practices and natural causes, including, but not limited to, drought, and (C) the effects of the plan on reducing the overall difference between the current and fully appropriated levels of development identified in subdivision (5)(c) of this section. The analysis shall determine whether a subsequent increment is necessary in the integrated management plan to meet the goals and objectives adopted pursuant to subsection (2) of this section and reduce the overall difference between the current and fully appropriated levels of development identified in subdivision (5)(c) of this section;

(iv) Based on the determination made in subdivision (d)(iii) of this subsection, the department and the affected natural resources districts, utilizing the consultative and collaborative process described in subdivision (b) of this subsection, shall if necessary identify goals for a subsequent increment of the integrated management plan. Subsequent increments shall be completed, adopted, and take effect not more than ten years after adoption of the previous increment; and

(v) If necessary, the steps described in subdivisions (d)(ii) through (iv) of this subsection shall be repeated until the department and the affected natural resources districts
resources districts agree that the goals and objectives identified pursuant to subsection (2) of this section have been met and the overall difference between the current and fully appropriated levels of development identified in subdivision (5)(c) of this section has been addressed so that the river basin, subbasin, or reach has returned to a fully appropriated condition.

(6) In any river basin, subbasin, or reach that is designated as fully appropriated or overappropriated and whenever necessary to ensure that the state is in compliance with an interstate compact or decree or a formal state contract or agreement, the department, in consultation with the affected districts, shall forecast on an annual basis the maximum amount of water that may be available from streamflow for beneficial use in the short term and long term in order to comply with the requirement of subdivision (4)(b) of this section. This forecast shall be made by January 1, 2008, and each January 1 thereafter.

46-716 Integrated management plan; surface water controls.

(1) The surface water controls that may be included in an integrated management plan and may be adopted by the Department of Natural Resources are: (a) Increased monitoring and enforcement of surface water diversion rates and amounts diverted annually; (b) the prohibition or limitation of additional surface water appropriations; (c) requirements for surface water appropriators to apply or utilize reasonable conservation measures consistent with good husbandry and other requirements of section 46-231 and consistent with reasonable reliance by other surface water or ground water users on return flows or on seepage to the aquifer; and (d) other reasonable restrictions on surface water use which are consistent with the intent of section 46-715 and the requirements of section 46-231.

(2) If during the development of the integrated management plan the department determines that surface water appropriators should be required to apply or utilize conservation measures or that other reasonable restrictions on surface water use need to be imposed, the department’s portion of the integrated management plan shall allow the affected surface water appropriators and surface water project sponsors a reasonable amount of time, not to exceed one hundred eighty days unless extended by the department, to identify the conservation measures to be applied or utilized, to develop a schedule for such application and utilization, and to comment on any other proposed restrictions.

46-717 Integrated management plan; scientific data and other information; department; natural resources district; duties.

(1) In developing an integrated management plan, the Department of Natural Resources and the affected natural resources districts shall utilize the best scientific data and other information available and shall review and consider any rules and regulations in effect in any existing ground water management area that encompasses all or part of the geographic area to be encompassed by the plan. Consideration shall be given to the applicable scientific data and other information relied upon by the department in preparing the annual report required by section 46-713 and to other types of data and information that may

§ 46-717

be deemed appropriate by the department. The department, after seeking input from the affected natural resources districts, shall specify by rule and regulation the types of scientific data and other information that will be considered in developing an integrated management plan. The natural resources districts shall adopt similar rules and regulations specifying the types of scientific data and other information necessary for purposes of this section. Existing research, data, studies, or any other relevant information which has been compiled by or is in possession of other state or federal agencies, other natural resources districts, and other political subdivisions within the State of Nebraska shall be utilized. State agencies and political subdivisions shall furnish information or data upon request of the department or any affected natural resources district. Neither the department nor the natural resources districts shall be required to conduct new research or to develop new computer models to prepare an integrated management plan, but such new research may be conducted or new computer models developed within the limits of available funding if the additional information is desired by the department or the affected natural resources districts.

(2) During preparation of an integrated management plan for a fully appropriated river basin, subbasin, or reach or of an integrated management plan under subdivision (1)(b) of section 46-715, the department and the affected natural resources districts shall consult with any irrigation district, reclamation district, public power and irrigation district, mutual irrigation company, canal company, or municipality that relies on water from the affected river basin, subbasin, or reach and with other water users and stakeholders as deemed appropriate by the department or by the affected natural resources districts. They shall also actively solicit public comments and opinions through public meetings and other means.

46-718 Integrated management plan; hearings; implementation order; dispute; procedure.

(1) If the Department of Natural Resources and the affected natural resources districts preparing an integrated management plan reach agreement on (a) the proposed goals and objectives of the plan for the affected river basin, subbasin, or reach, (b) the proposed geographic area to be subject to controls, and (c) the surface water and ground water controls and any incentive programs that are proposed for adoption and implementation in the river basin, subbasin, or reach, they shall schedule one or more public hearings to take testimony on the proposed integrated management plan and the proposed controls. Such hearings shall be held within forty-five days after reaching agreement and within or in reasonable proximity to the area to be affected by implementation of the integrated management plan. Notice of such hearings shall be published as provided in section 46-743. The costs of publishing the notice shall be shared between the department and the affected natural resources districts. All interested persons may appear at the hearings and present testimony or provide other evidence relevant to the issues being considered.

(2) Within sixty days after the final hearing under this section, the department and the affected natural resources districts shall jointly decide whether to implement the plan proposed, with or without modifications, and whether to adopt and implement the surface water and ground water controls and incen-
tive programs proposed in the plan. If the department and the natural resources districts agree to implement the plan and to adopt and implement the proposed controls, the natural resources districts shall by order designate a ground water management area for integrated management or, if the geographic area subject to the integrated management plan is already in a ground water management area, the order shall designate an integrated management subarea for that area. The order shall include a geographic and stratigraphic definition of the ground water management area or integrated management subarea and shall adopt the controls in the integrated management plan that are authorized for adoption by the natural resources district pursuant to section 46-739. The department shall by order adopt the controls in the integrated management plan that are authorized for adoption by the department pursuant to section 46-716. Neither the controls adopted by the district nor those adopted by the department shall include controls substantially different from those set forth in the notice of hearing. The area designated as a ground water management area or an integrated management subarea by the natural resources district shall not include any area that was not identified in the notice of the hearing as within the area proposed to be subject to the controls in the plan. The department and the natural resources district shall each cause a copy of its order to be published in the manner provided in section 46-744.

(3) If at any time during the development of a basin-wide plan or an integrated management plan either the department or the affected natural resources districts conclude that the parties will be unable to reach a timely agreement on the basin-wide plan or on (a) the goals and objectives of the integrated management plan for the affected river basin, subbasin, or reach, (b) the geographic area to be subject to controls, or (c) the surface water or ground water controls or any incentive programs to be proposed for adoption and implementation in the affected river basin, subbasin, or reach, the Governor shall be notified and the dispute shall be submitted to the Interrelated Water Review Board as provided in subsection (2) of section 46-719.

46-719 Interrelated Water Review Board; created; members; powers and duties.

(1)(a) The Interrelated Water Review Board is created for the purposes stated in subsections (2) through (5) of this section. The board shall consist of five members. The board, when appointed and convened, shall continue in existence only until it has resolved a dispute referred to it pursuant to such subsections. The Governor shall appoint and convene the board within forty-five days of being notified of the need to resolve a dispute. The board shall be chaired by the Governor or his or her designee, which designee shall be knowledgeable concerning surface water and ground water issues. The Governor shall appoint one additional member of his or her choosing and shall appoint the other three members of the board from a list of no fewer than six nominees provided by the Nebraska Natural Resources Commission within twenty days after request by the Governor for a list of nominees.

(b) Not more than two members of the board shall reside in the geographic area involved in the dispute. A person is not eligible for membership on the board if the decisions to be made by the board would or could cause financial benefit or detriment to the person, a member of his or her immediate family, or
a business with which the person is associated, unless such benefit or detriment is indistinguishable from the effects of such action on the public generally or a broad segment of the public. The board shall be subject to the Open Meetings Act.

(c) For purposes of subsections (2) and (3) of this section, action may be taken by a vote of three of the board’s five members. For purposes of subsections (4) and (5) of this section, action may be taken only by a vote of at least four of the board’s five members.

(2)(a) If the Department of Natural Resources and the affected natural resources districts cannot resolve disputes over the content of a basin-wide plan or an integrated management plan by utilizing the process described in sections 46-715 to 46-718, the Governor shall be notified and the dispute submitted to the Interrelated Water Review Board. When the board has been appointed and convened to resolve disputes over a basin-wide plan, the department and each affected district shall present their proposed basin-wide plans to the board. When the board has been convened to resolve disputes over an integrated management plan, the department and each affected natural resources district shall present their (i) proposed goals and objectives for the integrated management plan, (ii) proposed geographic area to be subject to controls, and (iii) proposed surface water and ground water controls and any proposed incentive program for adoption and implementation in the river basin, subbasin, or reach involved. The department and each affected natural resources district shall also be given adequate opportunity to comment on the proposals made by the other parties to the dispute.

(b) When the Interrelated Water Review Board concludes that the issues in dispute have been fully presented and commented upon by the parties to the dispute, which conclusion shall be made not more than forty-five days after the board is convened, the board shall select the proposals or portions of proposals that the board will consider for adoption and shall schedule one or more public hearings to take testimony on the selected proposals. The hearings shall be held within forty-five days after the board’s selection of proposals to consider for adoption and shall be within or in reasonable proximity to the area that would be affected by implementation of any of the proposals to be considered at the hearings. Notice of the hearings shall be published as provided in section 46-743. The cost of publishing the notice shall be shared by the department and the affected natural resources districts. All interested persons may appear at the hearings and present testimony or provide other evidence relevant to the issues being considered.

(c) Within forty-five days after the final hearing pursuant to subdivision (b) of this subsection, the Interrelated Water Review Board shall by order, as applicable, adopt a basin-wide plan or an integrated management plan for the affected river basin, subbasin, or reach and, in the case of an integrated management plan, shall designate a ground water management area for integrated management or an integrated management subarea for such river basin, subbasin, or reach. An integrated management plan shall be consistent with subsection (2) of section 46-715, and the surface water and ground water controls and any applicable incentive programs adopted as part of that plan shall be consistent with subsection (4) of section 46-715. The controls adopted by the board shall not be substantially different from those described in the notice of hearing. The area designated as a ground water management area or an integrated management subarea shall not include any area that was not identified in the notice of
the hearing as within the area proposed to be subject to the controls in the plan.

(d) The order adopted under this subsection shall be published in the manner prescribed in section 46-744.

(e) Surface water controls adopted by the Interrelated Water Review Board shall be implemented and enforced by the department. Ground water controls adopted by the Interrelated Water Review Board shall be implemented and enforced by the affected natural resources districts.

(3) Whether an integrated management plan is adopted pursuant to section 46-718 or by the Interrelated Water Review Board pursuant to subsection (2) of this section, the department or a natural resources district responsible in part for implementation and enforcement of an integrated management plan may propose modification of the goals or objectives of that plan, of the area subject to the plan, or of the surface water controls, ground water controls, or incentive programs adopted to implement the plan. The department and the affected natural resources districts shall utilize the procedures in sections 46-715 to 46-718 in an attempt to reach agreement on and to adopt and implement proposed modifications. If agreement on such modifications cannot be achieved utilizing those procedures, either the department or an affected natural resources district may notify the Governor of the dispute. The Interrelated Water Review Board shall be appointed and convened in accordance with subsection (1) of this section to resolve the dispute and, if applicable, to adopt any modifications utilizing the procedures in subsection (2) of this section.

(4) The department and the affected natural resources districts may also raise objections concerning the implementation or enforcement of previously adopted surface water or ground water controls. The department and the affected natural resources districts shall utilize the procedures in sections 46-715 to 46-718 in an attempt to reach agreement on such implementation or enforcement issues. If agreement on such issues cannot be achieved utilizing such procedures, either the department or an affected natural resources district may notify the Governor of the dispute. The Interrelated Water Review Board shall be appointed and convened in accordance with subsection (1) of this section. After permitting each party to fully express its reasons for its position on the disputed issues, the board may either take no action or conclude (a) that one or more parties needs to modify its approach to implementation or enforcement and direct that such modifications take place or (b) that one or more parties either has not made a good faith effort to implement or enforce the portion of the plan or controls for which it is responsible or is unable to fully implement and enforce such portion and that such party’s jurisdiction with respect to implementation and enforcement of the plan and controls shall be terminated and reassigned to one or more of the other parties responsible for implementation and enforcement. A decision by the Interrelated Water Review Board to terminate and reassign jurisdiction of any portion of the plan or controls shall take effect immediately upon that decision. Notice of such reassignment shall be published at least once in one or more newspapers as necessary to provide general circulation in the area affected by such reassignment.

(5) The board may be reconvened in accordance with subsection (1) of this section at a later date upon request to the Governor by the party for which jurisdiction for implementation and enforcement was terminated if such party
§ 46-719  IRRIGATION AND REGULATION OF WATER

A party desires to have its jurisdiction reinstated, but no such request shall be honored until at least one year after the termination and not more than once per year thereafter. The board may reinstate jurisdiction to that party only upon a clear showing by such party that it is willing and able to fully implement and enforce the plan and any applicable controls. Notice that a party’s jurisdiction has been reinstated shall be provided in the same manner that notice of the earlier termination was given.

**46-720 Proceedings under prior law; transitional provisions.**

(1) The Legislature finds that, prior to July 16, 2004, actions were taken by the Department of Natural Resources and by one or more natural resources districts pursuant to section 46-656.28, as such section existed immediately prior to such date, for the purpose of addressing circumstances that are, after such date, to be addressed in accordance with sections 46-713 to 46-719. It is the intent of the Legislature that actions taken pursuant to section 46-656.28, as such section existed immediately prior to July 16, 2004, should not be negated and that transition from the authorities and responsibilities granted by such section to those granted by sections 46-713 to 46-719 should occur in as efficient a manner as possible. Such transition shall be therefor governed by subsections (2) through (5) of this section, and all references in such subsections to section 46-656.28 shall be construed to mean section 46-656.28 as such section existed immediately prior to July 16, 2004.

(2) If, prior to July 16, 2004, (a) a natural resources district requested pursuant to subsection (1) of section 46-656.28 that affected appropriators, affected surface water project sponsors, and the department consult and that studies and a hearing be held but (b) the Director of Natural Resources has not made a preliminary determination relative to that request pursuant to subsection (2) of section 46-656.28, no further action on the district’s request shall be required of the department. If under the same circumstances a temporary suspension in the drilling of certain water wells has been imposed by the district pursuant to subsection (16) of section 46-656.28 and remains in effect immediately prior to July 16, 2004, such temporary suspension shall remain in effect for thirty days after the department issues its first annual report under section 46-713, except that (i) such temporary suspension shall not apply to water wells for which a permit has been obtained pursuant to the Municipal and Rural Domestic Ground Water Transfers Permit Act and (ii) to the extent any such temporary suspension is in effect for all or part of a hydrologically connected area for a river basin, subbasin, or reach designated as overappropriated by the department, such temporary suspension shall remain in effect only until it is superseded by the stays imposed pursuant to subsections (8) and (9) of section 46-714. To the extent that any such temporary suspension applies to a geographic area preliminarily considered by the department to have ground water hydrologically connected to the surface water of a fully appropriated river basin, subbasin, or reach, such temporary suspension shall be superseded by the stays imposed pursuant to subsections (1) and (2) of section 46-714.
(3)(a) If prior to July 16, 2004, (i) the director has made a preliminary determination pursuant to subsection (2) of section 46-656.28 that there is reason to believe that the use of hydrologically connected ground water and surface water in a specific geographic area is contributing to or is in the reasonably foreseeable future likely to contribute to any conflict, dispute, or difficulty listed in such subsection, (ii) the director has not made a determination pursuant to subsection (4) of section 46-656.28 that a joint action plan should not be prepared, and (iii) preparation of a joint action plan pursuant to subsections (5) through (9) of such section has not been completed, the geographic area involved shall become subject to sections 46-713 to 46-719 on July 16, 2004, and the department need not evaluate such geographic area in its first annual report issued pursuant to section 46-713.

(b) For purposes of this subsection and section 46-714 and except as otherwise provided in this section, (i) July 16, 2004, shall result in the imposition in any geographic area subject to this subsection of the stays required by subsections (1) and (2) of section 46-714, (ii) such stays shall be imposed in the manner required by such section, and (iii) July 16, 2004, shall be treated as if it were the date of a departmental preliminary determination pursuant to section 46-713 that such area is a geographic area within which ground water and surface water of a fully appropriated river basin, subbasin, or reach are hydrologically connected. Notwithstanding the other provisions of this subsection, if a temporary suspension in the drilling of certain new water wells has previously been imposed by the affected natural resources district, (A) the stays on construction of new water wells and on the increase in ground water irrigated acres shall be limited in geographic extent to only that part of the affected area within which the temporary suspension was in effect unless the director determines that inclusion of additional area is necessary because ground water and surface water are hydrologically connected in such additional area and (B) the stays on construction of certain new water wells shall not apply to a water well constructed in accordance with the terms of a water well construction permit approved by the district prior to July 16, 2004, unless such well was subject to the district’s temporary suspension. If, prior to July 16, 2004, the director has held a hearing on a report issued pursuant to subsection (3) of section 46-656.28 but has not yet determined whether a joint action plan should be prepared, no departmental hearing shall be required pursuant to subsection (4) of section 46-714 before a final determination is made about whether the river basin, subbasin, or reach involved is fully appropriated. If, prior to July 16, 2004, the director has determined pursuant to subsection (4) of section 46-656.28 that a joint action plan should be prepared, such determination shall have the same effect as a final departmental determination pursuant to subsection (5) of section 46-714 that the affected river basin, subbasin, or reach is fully appropriated and no separate determination to that effect shall be required. If, after July 16, 2004, the department determines that all or part of the area subject to this subsection is in an overappropriated river basin, subbasin, or reach, that portion of the area shall thereafter be subject to the provisions of the Nebraska Ground Water Management and Protection Act applicable to an overappropriated river basin, subbasin, or reach and stays that have previously taken effect in accordance with this subsection shall continue in effect as stays for an overappropriated river basin, subbasin, or reach without additional action or publication of notice by the department. Any temporary suspension in the drilling of certain water wells that has been
imposed in the geographic area involved by a natural resources district pursuant to subsection (16) of section 46-656.28 prior to July 16, 2004, shall remain in effect until superseded by the stays imposed pursuant to subsections (1) and (2) of section 46-714.

(4) If, prior to July 16, 2004, preparation of a joint action plan has been completed pursuant to subsections (5) through (9) of section 46-656.28 but the plan has not yet been adopted pursuant to subsection (11) of such section, the department need not evaluate the affected geographic area in its first annual report issued pursuant to section 46-713. The department and the affected natural resources district shall review the completed joint action plan for its compliance with sections 46-715 to 46-717. If the joint action plan is determined to be in compliance with sections 46-715 to 46-717 or if agreement is reached on the revisions necessary to bring it into such compliance, the department and the district shall adopt the plan and implement the controls as provided in section 46-718. If the joint action plan is determined not to be in compliance with sections 46-715 to 46-717 and agreement on the proposed plan or the proposed controls cannot be reached pursuant to section 46-718, section 46-719 shall apply. Except to the extent that any portion of the affected area is designated as all or part of an overappropriated river basin, subbasin, or reach, any temporary suspension in the drilling of certain water wells imposed in the affected geographic area by a natural resources district pursuant to subsection (16) of section 46-656.28 shall remain in effect until (a) the department and the affected district have jointly decided to implement the plan, with or without modifications, and controls have been adopted and taken effect or (b) the Interrelated Water Review Board, pursuant to section 46-719, has adopted an integrated management plan for the affected river basin, subbasin, or reach and the controls adopted by the board have taken effect. To the extent that any portion of the affected area is designated as all or part of an overappropriated river basin, subbasin, or reach, any temporary suspension in the drilling of water wells shall be superseded by the stays imposed pursuant to subsections (8) and (9) of section 46-714.

(5) If, before July 16, 2004, a joint action plan has been adopted and implemented pursuant to subsections (10) through (12) of section 46-656.28 and is in effect immediately prior to such date, the department need not evaluate the geographic area subject to the plan in the department’s first annual report issued pursuant to section 46-713. For purposes of the Nebraska Ground Water Management and Protection Act, (a) the plan adopted shall be considered an integrated management plan adopted pursuant to section 46-718, (b) the management area designated shall be considered an integrated management area or subarea designated pursuant to section 46-718, and (c) the controls adopted shall be considered controls adopted pursuant to section 46-718 and shall remain in effect until amended or repealed pursuant to section 46-718 or 46-719.

46-721 Contamination; reports required.

Each state agency and political subdivision shall promptly report to the Department of Environment and Energy any information which indicates that contamination is occurring.

46-722 Contamination; Department of Environment and Energy; conduct study; when; report.

If, as a result of information provided pursuant to section 46-721 or studies conducted by or otherwise available to the Department of Environment and Energy and following preliminary investigation, the Director of Environment and Energy makes a preliminary determination (1) that there is reason to believe that contamination of ground water is occurring or likely to occur in an area of the state in the reasonably foreseeable future and (2) that the natural resources district or districts in which the area is located have not designated a management area or have not implemented adequate controls to prevent such contamination from occurring, the department shall, in cooperation with any appropriate state agency and district, conduct a study to determine the source or sources of the contamination and the area affected by such contamination and shall issue a written report within one year of the initiation of the study. During the study, the department shall consider the relevant water quality portions of the management plan developed by each district pursuant to sections 46-709 to 46-711, whether the district has designated a management area encompassing the area studied, and whether the district has adopted any controls for the area.

46-723 Contamination; point source; Director of Environment and Energy; duties.

If the Director of Environment and Energy determines from the study conducted pursuant to section 46-722 that one or more sources of contamination are point sources, he or she shall expeditiously use the procedures authorized in the Environmental Protection Act to stabilize or reduce the level and prevent the increase or spread of such contamination.

46-724 Contamination; not point source; Director of Environment and Energy; duties; hearing; notice.

If the Director of Environment and Energy determines from the study conducted pursuant to section 46-722 that one or more sources of contamination are not point sources and if a management area, a purpose of which is protection of water quality, has been established which includes the affected

area, the Director of Environment and Energy shall consider whether to require the district which established the management area to adopt an action plan as provided in sections 46-725 to 46-729.

If the Director of Environment and Energy determines that one or more of the sources are not point sources and if such a management area has not been established or does not include all the affected area, he or she shall, within thirty days after completion of the report required by section 46-722, consult with the district within whose boundaries the area affected by such contamination is located and fix a time and place for a public hearing to consider the report, hear any other evidence, and secure testimony on whether a management area should be designated or whether an existing area should be modified. The hearing shall be held within one hundred twenty days after completion of the report. Notice of the hearing shall be given as provided in section 46-743, and the hearing shall be conducted in accordance with such section.

At the hearing, all interested persons shall be allowed to appear and present testimony. The Conservation and Survey Division of the University of Nebraska, the Department of Health and Human Services, the Department of Natural Resources, and the appropriate district may offer as evidence any information in their possession which they deem relevant to the purpose of the hearing. After the hearing and after any studies or investigations conducted by or on behalf of the Director of Environment and Energy as he or she deems necessary, the director shall determine whether a management area shall be designated.

**46-725 Management area; designation or modification of boundaries; adoption of action plan; considerations; procedures; order.**

(1) When determining whether to designate or modify the boundaries of a management area or to require a district which has established a management area, a purpose of which is protection of water quality, to adopt an action plan for the affected area, the Director of Environment and Energy shall consider:

(a) Whether contamination of ground water has occurred or is likely to occur in the reasonably foreseeable future;

(b) Whether ground water users, including, but not limited to, domestic, municipal, industrial, and agricultural users, are experiencing or will experience within the foreseeable future substantial economic hardships as a direct result of current or reasonably anticipated activities which cause or contribute to contamination of ground water;

(c) Whether methods are available to stabilize or reduce the level of contamination;

(d) Whether, if a management area has been established which includes the affected area, the controls adopted by the district pursuant to section 46-739 as administered and enforced by the district are sufficient to address the ground water quality issues in the management area; and
(e) Administrative factors directly affecting the ability to implement and carry out regulatory activities.

(2) If the Director of Environment and Energy determines that no such area should be established, he or she shall issue an order declaring that no management area shall be designated.

(3) If the Director of Environment and Energy determines that a management area shall be established, that the boundaries of an existing management area shall be modified, or that the district shall be required to adopt an action plan, he or she shall consult with relevant state agencies and with the district or districts affected and determine the boundaries of the area, taking into account the effect on political subdivisions and the socioeconomic and administrative factors directly affecting the ability to implement and carry out local ground water management, control, and protection. The report by the Director of Environment and Energy shall include the specific reasons for the creation of the management area or the requirement of such an action plan and a full disclosure of the possible causes.

(4) When the boundaries of an area have been determined or modified, the Director of Environment and Energy shall issue an order designating the area as a management area, specifying the modified boundaries of the management area, or requiring such an action plan. Such an order shall include a geographic and stratigraphic definition of the area. Such order shall be published in the manner provided in section 46-744.

46-726 Management area; contamination; action plan; preparation by district; when; hearing; notice; publication.

(1) Within one hundred eighty days after the designation of a management area or the requiring of an action plan for a management area, a purpose of which is protection of water quality, the district or districts within whose boundaries the area is located shall prepare an action plan designed to stabilize or reduce the level and prevent the increase or spread of ground water contamination. Whenever a management area or the affected area of such a management area encompasses portions of two or more districts, the responsibilities and authorities delegated in this section shall be exercised jointly and uniformly by agreement of the respective boards of all districts so affected.

(2) Within thirty days after an action plan has been prepared, a public hearing on such plan shall be held by the district. Notice of the hearing shall be given as provided in section 46-743, and the hearing shall be conducted in accordance with such section.

(3) Within thirty days after the hearing, the district shall adopt and submit an action plan to the Department of Environment and Energy. Notice of the district’s order adopting an action plan shall be published as required by section 46-744.

§ 46-727 Management area; contamination; action plan; contents.

An action plan filed by a district pursuant to section 46-726 shall include the specifics of an educational program to be instituted by the district to inform persons of methods available to stabilize or reduce the level or prevent the increase or spread of ground water contamination. The action plan shall include one or more of the controls authorized by section 46-739.

§ 46-728 Management area; contamination; adoption or amendment of action plan; considerations; procedures.

(1) In adopting or amending an action plan authorized by subsection (2) of this section, the district’s considerations shall include, but not be limited to, whether it reasonably appears that such action will mitigate or eliminate the condition which led to designation of the management area or the requirement of an action plan for a management area or will improve the administration of the area.

(2) The Director of Environment and Energy shall approve or deny the adoption or amendment of an action plan within one hundred twenty days after the date the plan is submitted by the district. He or she may hold a public hearing to consider testimony regarding the action plan prior to the issuance of an order approving or disapproving the adoption or amendment. In approving the adoption or amendment of the plan in such an area, considerations shall include, but not be limited to, those enumerated in subsection (1) of this section.

(3) If the director denies approval of an action plan by the district, the order shall list the reason the action plan was not approved. A district may submit a revised action plan within sixty days after denial of its original action plan to the director for approval subject to section 46-731.

§ 46-729 Management area; contamination; action plan; district publish order adopted.

Following approval of the action plan by the Director of Environment and Energy, the district shall cause a copy of the order adopted pursuant to section 46-728 to be published in the manner provided in section 46-744.

§ 46-730 Management area; action plan; district; duties.

Each district in which a management area has been designated or an action plan for a management area has been required pursuant to section 46-725 shall, in cooperation with the Department of Environment and Energy, establish a program to monitor the quality of the ground water in the area and shall
if appropriate provide each landowner or operator of an irrigation system with current information available with respect to fertilizer and chemical usage for the specific soil types present and cropping patterns used.

46-731 Management area; action plan; director specify controls; when; powers and duties; hearing.
(1) The power to specify controls authorized by section 46-739 shall vest in the Director of Environment and Energy if (a) at the end of one hundred eighty days following the designation of a management area or the requiring of an action plan for a management area pursuant to section 46-725, a district encompassed in whole or in part by the management area has not completed and adopted an action plan, (b) a district does not submit a revised action plan within sixty days after denial of its original action plan, or (c) the district submits a revised action plan which is not approved by the director.

(2) If the power to specify controls in such a management area is vested in the Director of Environment and Energy, he or she shall within ninety days adopt and promulgate by rule and regulation such measures as he or she deems necessary for carrying out the intent of the Nebraska Ground Water Management and Protection Act. He or she shall conduct one or more public hearings prior to the adoption of controls. Notice of any such additional hearings shall be given in the manner provided in section 46-743. The enforcement of controls adopted pursuant to this section shall be the responsibility of the Department of Environment and Energy.

46-732 Action plan; controls; duration; amendment of plan.
The controls in the action plan approved by the Director of Environment and Energy pursuant to section 46-728 shall be exercised by the district for the period of time necessary to stabilize or reduce the level of contamination and prevent the increase or spread of ground water contamination. An action plan may be amended by the same method utilized in the adoption of the action plan.

46-733 Removal of designation management area or requirement of action plan; modification of boundaries; when.
A district may petition the Director of Environment and Energy to remove the director’s designation of the area as a management area or the requirement of an action plan for a management area or to modify the boundaries of a management area designated pursuant to section 46-725. If the director deter-
mines that the level of contamination in a management area has stabilized at or
been reduced to a level which is not detrimental to beneficial uses of ground
water, he or she may remove the designation or action plan requirement or
modify the boundaries of the management area.

46-734 Contamination; Environmental Quality Council; adopt rules and

dance with the Administrative Procedure Act, such rules and regulations as are
necessary to the discharge of duties under sections 46-721 to 46-733.

46-735 Construct water well in a management area; permit required; appli-
cation; form; fee; contents; late permit application; fee.

(1) Any person who intends to construct a water well in a management area
in this state on land which he or she owns or controls shall, before commencing
construction, apply with the district in which the water well will be located for
a permit on forms provided by the district, except that (a) no permit shall be
required for test holes or dewatering wells with an intended use of ninety days
or less, (b) no permit shall be required for a single water well designed and
constructed to pump fifty gallons per minute or less, and (c) a district may
provide by rule and regulation that a permit need not be obtained for water
wells defined by the district to be replacement water wells. A district may
require a permit for a water well designed and constructed to pump fifty
gallons per minute or less if such water well is commingled, combined,
clustered, or joined with any other water well or wells or other water source,
other than a water source used to water range livestock. Such wells shall be
considered one water well and the combined capacity shall be used as the rated
capacity. A district may by rule and regulation require that a permit be
obtained for each water well or for one or more categories of water wells
designed and constructed to pump fifty gallons per minute or less, other than a
water source required for human needs as it relates to health, fire control, and
sanitation or used to water range livestock, in ground water management areas
in which regulations have been imposed to control declining ground water
levels. Forms shall be made available at each district in which a management
area is located, in whole or in part, and at such other places as may be deemed
appropriate. The district shall review such application and issue or deny the
permit within thirty days after the application is filed.

(2) A person shall apply for a permit under this section before he or she
modifies a water well for which a permit was not required under subsection (1)
of this section into one for which a permit would otherwise be required under
such subsection.
(3) The application shall be accompanied by a fifty-dollar filing fee payable to the district and shall contain (a) the name and post office address of the applicant or applicants, (b) the nature of the proposed use, (c) the intended location of the proposed water well or other means of obtaining ground water, (d) the intended size, type, and description of the proposed water well and the estimated depth, if known, (e) the estimated capacity in gallons per minute, (f) the acreage and location by legal description of the land involved if the water is to be used for irrigation, (g) a description of the proposed use if other than for irrigation purposes, (h) the registration number of the water well being replaced if applicable, and (i) such other information as the district requires.

(4) Any person who has failed or in the future fails to obtain a permit required by subsection (1) or (2) of this section shall make application for a late permit on forms provided by the district.

(5) The application for a late permit shall be accompanied by a two-hundred-fifty-dollar fee payable to the district and shall contain the same information required in subsection (3) of this section.

46-736 Permit; when denied; corrections allowed; fees nonrefundable.

An application for a permit or late permit for a water well in a management area shall be denied only if the district in which the water well is to be located finds (1) that the location or operation of the proposed water well or other work would conflict with any regulations or controls adopted by the district, (2) that the proposed use would not be a beneficial use of water, or (3) in the case of a late permit only, that the applicant did not act in good faith in failing to obtain a timely permit.

If the district finds that the application is incomplete or defective, it shall return the application for correction. If the correction is not made within sixty days, the application shall be canceled. All permits shall be issued with or without conditions attached or denied not later than thirty days after receipt by the district of a complete and properly prepared application.

A permit issued shall specify all regulations and controls adopted by a district relevant to the construction or utilization of the proposed water well. No refund of any application fees shall be made regardless of whether the permit is issued, canceled, or denied. The district shall transmit one copy of each permit issued to the Director of Natural Resources.

§ 46-737  Issuance of permit; no right to violate rules, regulations, or controls.

The issuance by the district of a permit pursuant to section 46-736 or registration of a water well by the Director of Natural Resources pursuant to section 46-602 shall not vest in any person the right to violate any district rule, regulation, or control in effect on the date of issuance of the permit or the registration of the water well or to violate any rule, regulation, or control properly adopted after such date.

§ 46-738  Issuance of permit; commence construction and complete water well within one year; failure; effect.

When any permit is approved pursuant to section 46-736, the applicant shall commence construction as soon as possible after the date of approval and shall complete the construction and equip the water well prior to the date specified in the conditions of approval, which date shall be not more than one year after the date of approval, unless it is clearly demonstrated in the application that one year is an insufficient period of time for such construction. If the applicant fails to complete the project under the terms of the permit, the district may withdraw the permit.

§ 46-739  Management area; controls authorized; procedure.

(1) A district in which a management area has been designated shall by order adopt one or more of the following controls for the management area:

(a) It may allocate the amount of ground water that may be withdrawn by ground water users;

(b) It may adopt a system of rotation for use of ground water;

(c) It may adopt well-spacing requirements more restrictive than those found in sections 46-609 and 46-651;

(d) It may require the installation of devices for measuring ground water withdrawals from water wells;

(e) It may adopt a system which requires reduction of irrigated acres pursuant to subsection (2) of section 46-740;

(f) It may limit or prevent the expansion of irrigated acres or otherwise limit or prevent increases in the consumptive use of ground water withdrawals from water wells used for irrigation or other beneficial purposes;

(g) It may require the use of best management practices;

(h) It may require the analysis of water or deep soils for fertilizer and chemical content;

(i) It may impose mandatory educational requirements designed to protect water quality or to stabilize or reduce the incidence of ground water depletion, conflicts between ground water users and surface water appropriators, disputes over interstate compacts or decrees, or difficulties fulfilling the provisions of other formal state contracts or agreements;

Reissue 2021  262
(j) It may require water quality monitoring and reporting of results to the district for all water wells within all or part of the management area;

(k) It may require district approval of (i) transfers of ground water off the land where the water is withdrawn, (ii) transfers of rights to use ground water that result from district allocations imposed pursuant to subdivision (1)(a) of this section or from other restrictions on use that are imposed by the district in accordance with this section, (iii) transfers of certified water uses or certified irrigated acres between landowners or other persons, or (iv) transfers of certified water uses or certified irrigated acres between parcels or tracts under the control of a common landowner or other person. Such approval may be required whether the transfer is within the management area, from inside to outside the management area, or from outside to inside the management area, except that transfers for which permits have been obtained from the Department of Natural Resources prior to July 16, 2004, or pursuant to the Municipal and Rural Domestic Ground Water Transfers Permit Act shall not be subject to district approval pursuant to this subdivision. If the district adopts rules and regulations pursuant to this subdivision, such regulations shall require that the district deny or condition the approval of any such transfer when and to the extent such action is necessary to (A) ensure the consistency of the transfer with the purpose or purposes for which the management area was designated, (B) prevent adverse effects on other ground water users or on surface water appropriators, (C) prevent adverse effects on the state’s ability to comply with an interstate compact or decree or to fulfill the provisions of any other formal state contract or agreement, and (D) otherwise protect the public interest and prevent detriment to the public welfare. Approval of any transfer of certified water uses or certified irrigated acres under subdivision (1)(k)(iii) or (iv) of this section shall further be subject to the district having complied with the requirements of section 46-739.01;

(l) It may require, when conditions so permit, that new or replacement water wells to be used for domestic or other purposes shall be constructed to such a depth that they are less likely to be affected by seasonal water level declines caused by other water wells in the same area;

(m) It may close all or a portion of the management area to the issuance of additional permits or may condition the issuance of additional permits on compliance with other rules and regulations adopted and promulgated by the district to achieve the purpose or purposes for which the management area was designated; and

(n) It may adopt and promulgate such other reasonable rules and regulations as are necessary to carry out the purpose for which a management area was designated.

(2) In adopting, amending, or repealing any control authorized by subsection (1) of this section or sections 46-740 and 46-741, the district’s considerations shall include, but not be limited to, whether it reasonably appears that such action will mitigate or eliminate the condition which led to designation of the management area or will improve the administration of the area.

(3) Upon request by the district or when any of the controls being proposed are for the purpose of integrated management of hydrologically connected ground water and surface water, the Director of Natural Resources shall review and comment on the adoption, amendment, or repeal of any authorized control in a management area. The director may hold a public hearing to consider
testimony regarding the control prior to commenting on the adoption, amendment, or repeal of the control. The director shall consult with the district and fix a time, place, and date for such hearing. In reviewing and commenting on an authorized control in a management area, the director’s considerations shall include, but not be limited to, those enumerated in subsection (2) of this section.

(4) If because of varying ground water uses, varying surface water uses, different irrigation distribution systems, or varying climatic, hydrologic, geologic, or soil conditions existing within a management area the uniform application throughout such area of one or more controls would fail to carry out the intent of the Nebraska Ground Water Management and Protection Act in a reasonably effective and equitable manner, the controls adopted by the district pursuant to this section may contain different provisions for different categories of ground water use or portions of the management area which differ from each other because of varying climatic, hydrologic, geologic, or soil conditions. Any differences in such provisions shall recognize and be directed toward such varying ground water uses or varying conditions. Except as otherwise provided in this section, if the district adopts different controls for different categories of ground water use, those controls shall be consistent with section 46-613 and shall, for each such category, be uniform for all portions of the area which have substantially similar climatic, hydrologic, geologic, and soil conditions.

(5) The district may establish different water allocations for different irrigation distribution systems.

(6)(a) The district may establish different provisions for different hydrologic relationships between ground water and surface water.

(b) For management areas a purpose of which is the integrated management of hydrologically connected ground water and surface water, the district may establish different provisions for water wells either permitted or constructed before the designation of a management area for integrated management of hydrologically connected ground water and surface water and for water wells either permitted or constructed on or after the designation date or any other later date or dates established by the district. Permits for construction of new wells not completed by the date of the determination of fully appropriated shall be subject to any conditions imposed by the applicable natural resources district.

(c) For a management area in a river basin or part of a river basin that is or was the subject of litigation over an interstate water compact or decree in which the State of Nebraska is a named defendant, the district may establish different provisions for restriction of water wells constructed after January 1, 2001, if such litigation was commenced before or on May 22, 2001. If such litigation is commenced after May 22, 2001, the district may establish different provisions for restriction of water wells constructed after the date on which such litigation is commenced in federal court. An appeal from a decision of the district under this subdivision shall be in accordance with the hearing procedures established in the Nebraska Ground Water Management and Protection Act.

(d) Except as otherwise authorized by law, the district shall make a replacement water well as defined in section 46-602, or as further defined in district rules and regulations, subject to the same provisions as the water well it replaces.
(7) If the district has included controls delineated in subdivision (1)(m) of this section in its management plan, but has not implemented such controls within two years after the initial public hearing on the controls, the district shall hold a public hearing, as provided in section 46-712, regarding the controls before implementing them.

(8) In addition to the controls listed in subsection (1) of this section, a district in which a management area has been designated may also adopt and implement one or more of the following measures if it determines that any such measures would help the district and water users achieve the goals and objectives of the management area: (a) It may sponsor nonmandatory educational programs; and (b) it may establish and implement financial or other incentive programs. As a condition for participation in an incentive program, the district may require water users or landowners to enter into and perform such agreements or covenants concerning the use of land or water as are necessary to produce the benefits for which the incentive program is established and shall further condition participation upon satisfaction of the requirements of section 46-739.01.

46-739.01 District; approval of certain transfers or program participation; report of title required; form; written consent of lienholder; rights of lienholder.

(1) Notwithstanding any other provision of law, no district shall approve a transfer of certified water uses or certified irrigated acres or allow a ground water user or landowner to participate in a financial or other incentive program established pursuant to subsection (8) of section 46-739 unless the person seeking such transfer or participation in such program has submitted to the district a report of title issued by an attorney or a registered abstracter, on a form prescribed by the district, reflecting (a) the owner and legal description of the land from which the certified water uses or certified irrigated acres are to be transferred or which is the subject of such program and (b) the existence of all liens, evidenced by the filing of a mortgage, trust deed, or other equivalent consensual security interest, against the land from which the certified water uses or certified irrigated acres are to be transferred or which is the subject of such program and the name and address of each such lienholder, if any. If the report of title reflects the existence of any lien evidenced by the filing of a mortgage, trust deed, or other equivalent consensual security interest, written

consent to such transfer or participation in such program shall be obtained from each such lienholder. The district may assess a fee against the person seeking such transfer or participation in such program to recoup its costs in reviewing the report of title. This subsection does not apply to a transfer of certified water uses or certified irrigated acres resulting from: A one-time transfer of four acres or less; participation in a financial or other incentive program that involves the transfer, purchase, or retirement of four acres or less; or a transfer that involves one landowner on a single tract of land in which there is no reduction or increase in certified water uses or certified irrigated acres and the transfer involves an improvement in irrigation efficiency.

(2) Approval of a transfer of certified water uses or certified irrigated acres or authorization of a ground water user or landowner to participate in such financial or other incentive program by a district shall not affect the rights of any lienholder who is not reflected in the report of title and from whom the required consent was not obtained. Such a lienholder may bring an action against the person seeking such transfer or participation in such program for damages or injunctive or other relief for any injury done to the lienholder’s interest in land or use of ground water resulting from such transfer or participation.

(3) This section does not limit the right to resort to other means of review, redress, or relief provided by law.

46-739.02 Reissue 2021
Transfer of right to use ground water; recording; recovery of cost; manner.
An instrument of transfer of the right to use ground water shall be recorded by a natural resources district with the register of deeds in each county in which is situated the real estate, or any part thereof, from which a transfer of certified water uses or certified irrigated acres occurred, in any case in which a transfer of certified water uses or certified irrigated acres has been approved by such district. The instrument of transfer of the right to use ground water shall include a description of the real estate to and from which the certified water uses or certified irrigated acres were transferred, the nature of the transfer, and the date on which the transfer occurred. The district may recover the cost of filing an instrument of transfer of the right to use ground water from the person seeking the transfer. The instrument of transfer of the right to use ground water shall be executed, acknowledged, and recorded in the same manner as conveyances of real estate.

46-739.03 Natural resources district determination; effect.
The determination of certified water uses or certified irrigated acres by a natural resources district shall not affect the allocations of ground water established under section 46-740.

46-740 Reissue 2021
Ground water allocation; limitations and conditions.
(1) If allocation is adopted for use of ground water for irrigation purposes in a management area, the permissible withdrawal of ground water shall be
allocated equally per irrigated acre except as permitted by subsections (4) through (6) of section 46-739. Such allocation shall specify the total number of acre-inches that are allocated per irrigated acre per year, except that the district may allow a ground water user to average his or her allocation over any reasonable period of time. A ground water user may use his or her allocation on all or any part of the irrigated acres to which the allocation applies or in any other manner approved by the district.

(2) Except as permitted pursuant to subsections (4) through (6) of section 46-739, if annual rotation or reduction of irrigated acres is adopted for use of ground water for irrigation purposes in a management area, the nonuse of irrigated acres shall be a uniform percentage reduction of each landowner’s irrigated acres within the management area or a subarea of the management area. Such uniform reduction may be adjusted for each landowner based upon crops grown on his or her land to reflect the varying consumptive requirements between crops.

(3) Unless an integrated management plan, a rule, or an order is established, adopted, or issued prior to November 1, 2005, no integrated management plan, rule, or order shall limit the use of ground water by a municipality, within an area determined by the Department of Natural Resources to be fully appropriated pursuant to section 46-714 or designated as overappropriated pursuant to section 46-713, until January 1, 2026, except that:

(a) Any allocations to a municipality that have been made as of November 1, 2005, shall remain in full force and effect unless changed by the appropriate natural resources district;

(b)(i) For any municipality that has not received an allocation as of November 1, 2005, the minimum annual allocation may be the greater of either the amount of ground water authorized by a permit issued pursuant to the Municipal and Rural Domestic Ground Water Transfers Permit Act or the governmental, commercial, and industrial uses of the municipality plus a per capita allowance. Water for commercial and industrial uses may be limited as specified in subdivision (b)(iii) of this subsection.

(ii) The per capita allowance shall be based on the location of the municipality, increasing in equal increments from east to west, and shall not be less than two hundred gallons per person per day at 95 degrees, 19 minutes, 00 seconds longitude and not less than two hundred fifty gallons per person per day at 104 degrees, 04 minutes, 00 seconds longitude. Persons served by a municipality outside of its corporate limits shall be considered part of the municipality’s population if such service begins prior to January 1, 2026.

(iii) Prior to January 1, 2026, any new or expanded single commercial or single industrial development served by any municipality within the fully appropriated or overappropriated area which, after July 14, 2006, commences water use resulting in the consumptive use of water in amounts greater than twenty-five million gallons annually may be subject to controls adopted pursuant to section 46-715;

(c) Prior to January 1, 2026, increases in the consumptive use of water by a municipality that result in a decrease in streamflow shall be addressed by the integrated management plan pursuant to controls or incentive programs adopted pursuant to section 46-715 and shall not affect the municipal allocations outlined in subdivisions (3)(a) and (b) of this section. Any permanent reduction in consumptive use of water associated with municipal growth,
including governmental, industrial, and commercial growth, during the period between July 14, 2006, and January 1, 2026, shall accrue to the benefit of the natural resources district within which such municipality is located; and

(d) To qualify for the exemption specified in subsection (3) of this section, any city of the metropolitan class, city of the primary class, city of the first class, or city of the second class shall file a conservation plan with the natural resources district, if required by the integrated management plan. Villages and other municipalities smaller than a city of the second class shall not be required to submit a conservation plan to qualify for such exemption.

(4) On and after January 1, 2026, the base amount for an annual allocation to a municipality shall be determined as the greater of either (a) the amount of water authorized by a permit issued pursuant to the Municipal and Rural Domestic Ground Water Transfers Permit Act or (b) the greatest annual use prior to January 1, 2026, for uses specified in subdivision (3)(b) of this section plus the per capita allowance described in subdivision (3)(b)(ii) of this section. On and after January 1, 2026, increases in the consumptive use of water by a municipality that result in a decrease in streamflow shall be addressed by the integrated management plan pursuant to controls or incentive programs adopted pursuant to section 46-715. Each municipality may be subject to controls adopted pursuant to such section for amounts in excess of the allocations.

(5) Unless an integrated management plan, rule, or order is established, adopted, or issued prior to November 1, 2005, no integrated management plan, rule, or order shall limit the use of ground water by a nonmunicipal commercial or industrial water user within an area determined by the department to be fully appropriated pursuant to section 46-714 or designated as overappropriated pursuant to section 46-713, until January 1, 2026, except that:

(a) Prior to January 1, 2026, the minimum annual allocation for a nonmunicipal commercial or industrial user shall be the greater of either (i) the amount specified in a permit issued pursuant to the Industrial Ground Water Regulatory Act or (ii) the amount necessary to achieve the commercial or industrial use, including all new or expanded uses that consume less than twenty-five million gallons annually. Any increases in the consumptive use of water by a nonmunicipal commercial or industrial water user that result in a decrease in streamflow shall be addressed by the integrated management plan pursuant to controls or incentive programs adopted pursuant to section 46-715;

(b) Prior to January 1, 2026, any new or expanded single commercial or industrial development served by a nonmunicipal well within an area determined by the department to be fully appropriated pursuant to section 46-714 or designated as overappropriated pursuant to section 46-713 which, after July 14, 2006, commences water use resulting in the consumptive use of water in amounts greater than twenty-five million gallons annually may be subject to controls adopted pursuant to section 46-715. This subdivision does not apply to a water user described in this subdivision that is regulated by the Industrial Ground Water Regulatory Act and the United States Nuclear Regulatory Commission;

(c) On and after January 1, 2026, the base amount for an annual allocation to a nonmunicipal commercial or industrial user within an area determined by the department to be fully appropriated pursuant to section 46-714 or designat-
ed as overappropriated pursuant to section 46-713 shall be the amount specified in subdivision (5)(a) or (b) of this section;

(d) On and after January 1, 2026, increases in the consumptive use of water by a nonmunicipal commercial or industrial water user that result in a decrease in streamflow shall be addressed by the integrated management plan pursuant to controls or incentive programs adopted pursuant to section 46-715; and

(e) Any reduction in consumptive use associated with new nonmunicipal industrial or commercial uses of less than twenty-five million gallons, during the period between July 14, 2006, and January 1, 2026, shall accrue to the benefit of the natural resources district within which such nonmunicipal industrial or commercial user is located.

### 46-741 District; review controls.
A district may review any allocation, rotation, or reduction control imposed in a management area and shall adjust allocations, rotations, or reductions to accommodate new or additional uses or otherwise reflect findings of such review, consistent with the ground water management objectives. Such review shall consider new development or additional ground water uses within the area, more accurate data or information that was not available at the time of the allocation, rotation, or reduction order, the availability of supplemental water supplies, any changes in ground water recharge, and such other factors as the district deems appropriate.

### 46-742 Transport of ground water; prohibited; when.
(1) Whenever the drilling of new wells has been stayed pursuant to section 46-714, ground water withdrawn outside the affected area shall not be transported for use inside such area unless (a) such withdrawal and transport began before the stay took effect, (b) the water is used solely for domestic purposes, or (c) such withdrawal and transport is approved in advance by the district in which the stay is in effect and, if the water is withdrawn in another natural resources district, by the other district.

(2) Whenever a natural resources district pursuant to subdivision (1)(m) of section 46-739 has closed all or part of the district to the issuance of additional well permits, ground water withdrawn outside the affected area shall not be transported for use inside such area unless (a) such withdrawal and transport began before the affected area was closed to the issuance of additional well permits, (b) the water is used solely for domestic purposes, or (c) such withdrawal and transport is approved in advance by the district that closed the affected area to additional well permits and, if the water is withdrawn in another natural resources district, by the other district.
IRRIGATION AND REGULATION OF WATER

§ 46-742

(3) If a proposed withdrawal and transport of water under subsection (1) or (2) of this section is intended for municipal purposes, the natural resources district shall approve the withdrawal and transport of ground water into the affected area when a public water supplier providing water for municipal purposes receives a permit from the Department of Natural Resources pursuant to the Municipal and Rural Domestic Ground Water Transfers Permit Act.

46-743 Public hearing; requirements.

Any public hearing required under the Nebraska Ground Water Management and Protection Act shall comply with the following requirements:

(1) The hearing shall be located within or in reasonable proximity to the area proposed for designation as a management area or affected by the proposed rule or regulation;

(2) Notice of the hearing shall be published in a newspaper published or of general circulation in the affected area at least once each week for three consecutive weeks, the last publication of which shall be not less than seven days prior to the hearing;

(3) As to the designation of a management area, adoption or amendment of an action plan or integrated management plan, or adoption or amendment of controls, the notice shall provide, as applicable, a general description of (a) the contents of the plan, (b) the geographic area which will be considered for inclusion in the management area, and (c) a general description of all controls proposed for adoption or amendment and shall identify all locations where a copy of the full text of the proposed plan or controls may be obtained;

(4) For all other rules and regulations, the notice shall provide a general description of the contents of the rules and regulations proposed for adoption or amendment and shall identify all locations where a copy of the full text of the proposed rules and regulations may be obtained;

(5) The full text of all controls, rules, or regulations shall be available to the public upon request not later than the date of first publication;

(6) All interested persons shall be allowed to appear and present testimony; and

(7) The hearing shall include testimony of a representative of the Department of Natural Resources and, if the primary purpose of the proposed management area is protection of water quality, testimony of a representative of the Department of Environment and Energy and shall include the results of any relevant water quality studies or investigations conducted by the district.

46-744 Order; publication; effective; when.

Any order adopted pursuant to section 46-712, 46-718, 46-719, 46-725, or 46-726 shall be published once each week for three consecutive weeks in a local newspaper published or of general circulation in the area involved, the last publication of which shall be not less than seven days prior to the date set for
the effective date of the order. The publication shall provide a general descrip-
tion of the text of all controls adopted or amended and shall identify all
locations where a copy of the full text of the proposed controls may be
obtained. The full text of all controls adopted shall be available to the public
upon request at least thirty days prior to the effective date of the controls.

Such order shall become effective on the date specified by the adopting

Attorney General; duties; Department of Justice Natural Resources Enforce-
ment Fund; created; use; investment.

(1) Any person who violates a cease and desist order issued by a district
pursuant to section 46-707 shall be subject to a civil penalty of not less than one
thousand dollars and not more than five thousand dollars for each day an
intentional violation occurs. In assessing the amount of the civil penalty, the
court shall consider the degree and extent of the violation, the size of the
operation, whether the violator has been previously convicted or subjected to a
civil penalty under this section, and any economic benefit derived from non-
compliance. Any civil penalty assessed and unpaid shall constitute a debt to the
state which may be collected in the manner of a lien foreclosure or sued for and
recovered in a proper form of action in the name of the state in the district
court of the county in which the violator resides or owns property. The court
shall, within thirty days after receipt, remit the civil penalty to the State
Treasurer for credit to the permanent school fund.

(2)(a) Prior to issuing a cease and desist order against a public water supplier
as defined in section 46-638, the district shall consult with the Attorney
General. If the Attorney General determines that the district does not have
sufficient grounds to issue a cease and desist order, the district shall abide by
such determination and shall not issue a cease and desist order. The Attorney
General shall have exclusive authority to enforce actions under this subsection.

(b) Any determination as to whether a water well is properly registered under
sections 46-602 to 46-604 or whether a water well is properly permitted under
the Municipal and Rural Domestic Ground Water Transfers Permit Act shall be
made by the Department of Natural Resources.

(3) When the Attorney General, a county attorney, or a private attorney
brings an action on behalf of a district to recover a civil penalty under this
section, the district shall recover the costs of the action if a civil penalty is
awarded. Any recovered costs of the action shall be: (a) Remitted to the State
Treasurer for credit to the Department of Justice Natural Resources Enforce-
ment Fund if the action is brought by the Attorney General; (b) credited to the
applicable county fund if the action is brought by the county attorney; and (c)
remitted to the district if the action is brought by the district’s private attorney.

(4) The Department of Justice Natural Resources Enforcement Fund is
created. The fund shall consist of money credited pursuant to subsection (3) of
this section. Money in the fund shall be used to reimburse the office of the
Attorney General for the costs incurred in enforcing this section. Any money in

46-746 Violations; civil penalty.

(1) Any person who violates any cease and desist order issued by a district
pursuant to section 46-707 or any controls, rules, or regulations adopted by a
natural resources district relating to a management area shall be subject to the
imposition of penalties imposed through the controls adopted by the district,
including, but not limited to, having any allocation of water granted or irrigated
acres certified by the district reduced in whole or in part. Before a district takes
any action, notice and hearing shall be provided to such person.

(2) Any person who violates any of the provisions of sections 46-721 to 46-733
for which a penalty is not otherwise provided, other than the requirements

A natural resources district may enforce a ground water
user’s obligations by imposing penalties, including, but not
limited to, having any allocation of water granted or irrigated
acres certified by the district reduced in whole or in part by
utilizing the procedure adopted in the rules and regulations of
the natural resources district. It is unnecessary for a natural
resources district to promulgate rules and regulations restating
the potential penalty of restricting a violator’s ground water
access. Prokop v. Lower Loup NRD, 302 Neb. 10, 921 N.W.2d

The Ground Water Management and Protection Act does not
limit the possibility of judicial review of the determination of
penalties, and such review is conducted de novo. Prokop v.

46-748 Rules and regulations.

The Director of Natural Resources shall adopt and promulgate, in accor-
dance with the Administrative Procedure Act, such rules and regulations as are
necessary to the discharge of duties assigned to the director or the Department
of Natural Resources by the Nebraska Ground Water Management and Protec-
tion Act.

46-749 Administration of act; compliance with other laws.

In the administration of the Nebraska Ground Water Management and Protection Act, all actions of the Director of Environment and Energy, the Director of Natural Resources, and the districts shall be consistent with the provisions of section 46-613.

46-750 Appeal; procedure.

Any person aggrieved by any order of the district, the Director of Environment and Energy, or the Director of Natural Resources issued pursuant to the Nebraska Ground Water Management and Protection Act may appeal the order. The appeal shall be in accordance with the Administrative Procedure Act.

46-751 Ground Water Management Fund; created; use; investment.

All fees paid to the Director of Natural Resources pursuant to the Nebraska Ground Water Management and Protection Act shall be remitted to the State Treasurer for credit to the Ground Water Management Fund which is hereby created and which shall be administered by the director. Any money credited to the fund may be utilized by the director for payments of expenses incurred in the administration of the act. Any money in the fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act.

46-753 Water Resources Trust Fund; created; use; investment; matching funds required; when.
(1) The Water Resources Trust Fund is created. The State Treasurer shall credit to the fund such money as is specifically appropriated thereto by the Legislature, transfers authorized by the Legislature, and such funds, fees, donations, gifts, or bequests received by the Department of Natural Resources from any federal, state, public, or private source for expenditure for the purposes described in the Nebraska Ground Water Management and Protection Act. Money in the fund shall not be subject to any fiscal-year limitation or lapse provision of unexpended balance at the end of any fiscal year or biennium. Any money in the fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act.

(2) The fund shall be administered by the department. The department may adopt and promulgate rules and regulations regarding the allocation and expenditure of money from the fund.

(3) Money in the fund may be expended by the department for costs incurred by the department, by natural resources districts, or by other political subdivisions in (a) determining whether river basins, subbasins, or reaches are fully appropriated in accordance with section 46-713, (b) developing or implementing integrated management plans for such fully appropriated river basins, subbasins, or reaches or for river basins, subbasins, or reaches designated as overappropriated in accordance with section 46-713, (c) developing or implementing integrated management plans in river basins, subbasins, or reaches which have not yet become either fully appropriated or overappropriated, or (d) attaining state compliance with an interstate water compact or decree or other formal state contract or agreement.

(4) Except for funds paid to a political subdivision for forgoing or reducing its own water use or for implementing projects or programs intended to aid the state in complying with an interstate water compact or decree or other formal state contract or agreement, a political subdivision that receives funds from the fund shall provide, or cause to be provided, matching funds in an amount at least equal to twenty percent of the amount received from the fund by that natural resources district or political subdivision. The department shall monitor programs and activities funded by the fund to ensure that the required match is being provided.

46-754 Interrelated Water Management Plan Program; created; grants; commission; duties; use.

The Interrelated Water Management Plan Program is created for the purpose of facilitating and funding the duties of districts arising under the Nebraska Ground Water Management and Protection Act. The program shall function as a grant program administered by the Nebraska Natural Resources Commission and the Department of Natural Resources upon recommendations of the commission using funds appropriated for the program. The commission shall develop guidelines and limitations for grant requests for funding such district’s duties, including studies required to carry out those duties. Grant requests shall
be made to the commission for review in a manner and form prescribed by the commission. The amounts requested and approved shall be supported by a minimum local revenue match comprising twenty percent of the total project cost. The Director of Natural Resources shall expend funds to implement the commission’s recommendations for fiscal support under the program only upon the commission’s approval.

46-755 Basin-wide plan; development and adoption; extension; stated goals and objectives; plan contents; department and natural resources districts; duties; public meeting; report; public hearing.

This section shall apply notwithstanding any other provision of the Nebraska Ground Water Management and Protection Act.

(1) If a river basin as described in subdivision (2)(a) of section 2-1504 includes three or more natural resources districts that, pursuant to subdivision (1)(a) of section 46-715, have been or are required to develop an integrated management plan for all or substantially all (eighty-five percent) of the district, such natural resources districts shall, jointly with the department and the natural resources districts within the same basin, develop and adopt a basin-wide plan for the areas of a basin, subbasin, or reach determined by the department to have hydrologically connected water supplies, except that any natural resources district that has developed and implemented a basin-wide plan pursuant to subsection (5) of section 46-715 shall not be affected by this section. If deemed appropriate by the department and the affected natural resources districts, the basin-wide plan may combine two or more river basins.

(2) An integrated management plan developed under subdivision (1)(a) or (b) of section 46-715 shall ensure such integrated management plan is consistent with any basin-wide plan developed pursuant to this section. However, an integrated management plan may implement additional incentive programs or controls pursuant to section 46-739 if the programs and controls are consistent with the basin-wide plan.

(3) A basin-wide plan shall be completed, adopted, and take effect within three years after April 17, 2014, unless the department and the natural resources districts jointly agree to an extension of not more than an additional two years.

(4) A basin-wide plan shall (a) have clear goals and objectives with a purpose of sustaining a balance between water uses and water supplies so that the economic viability, social and environmental health, safety, and welfare of the river basin, subbasin, or reach can be achieved and maintained for both the near term and the long term, (b) ensure that compliance with any interstate compact or decree or other formal state contract or agreement or applicable state or federal law is maintained, and (c) set forth a timeline to meet the goals and objectives as required under this subdivision, but in no case shall a timeline exceed thirty years after April 17, 2014.

(5)(a) A basin-wide plan developed under this section shall utilize the best generally-accepted methodologies and available information, data, and science to evaluate the effect of existing uses of hydrologically connected water on existing surface water and ground water users. The plan shall include a process to gather and evaluate data, information, and methodologies to increase understanding of the surface water and hydrologically connected ground water.
system within the basin, subbasin, or reach and test the validity of the conclusions, information, and assumptions upon which the plan is based.

(b) A basin-wide plan developed under this section shall include a schedule indicating the end date by which the stated goals and objectives are to be achieved and the management actions to be taken to achieve the goals and objectives. To ensure that reasonable progress is being made toward achieving the final goals and objectives of the plan, the schedule shall also include measurable hydrologic objectives and intermediate dates by which the objectives are expected to be met and monitoring plans to measure the extent to which the objectives are being achieved. Such intermediate objectives shall be established in a manner that, if achieved on schedule, will provide a reasonable expectation that the goals of the plan will be achieved by the established end date.

(c) A basin-wide plan shall be developed using a consultation and collaboration process involving representatives from irrigation districts, reclamation districts, public power and irrigation districts, mutual irrigation companies, canal companies, ground water users, range livestock owners, the Game and Parks Commission, and municipalities that rely on water from within the affected area and that, after being notified of the commencement of the plan development process, indicate in writing their desire to become an official participant in such process. The department and affected natural resources districts shall involve official participants in formulating, evaluating, and recommending plans and management actions and work to reach an agreement among all official participants involved in a basin-wide plan. In addition, the department or the affected natural resources districts may include designated representatives of other stakeholders. If agreement is reached by all parties involved in such consultation and collaboration process, the department and the affected natural resources districts shall adopt the agreed-upon basin-wide plan. If agreement cannot be reached by all parties involved, the basin-wide plan shall be developed and adopted by the department and the affected natural resources districts or by the Interrelated Water Review Board pursuant to section 46-719.

(d) Within five years after the adoption of the basin-wide plan, and every five years thereafter, the department and affected natural resources districts shall conduct a technical analysis of the actions taken in a river basin to determine the progress towards meeting the goals and objectives of the plan. The analysis shall include an examination of (i) available supplies, current uses, and changes in long-term water availability, (ii) the effects of conservation practices and natural causes, including, but not limited to, drought, and (iii) the effects of the plan in meeting the goal of sustaining a balance between water uses and water supplies. The analysis shall determine if changes or modifications to the basin-wide plan are needed to meet the goals and objectives pursuant to subdivision (4)(a) of this section. The department and affected natural resources districts shall present the results of the analysis and any recommended modifications to the plan at a public meeting and shall provide for at least a thirty-day public comment period before holding a public hearing on the recommended modifications. The department shall submit a report to the Legislature of the results of this analysis and the progress made under the basin-wide plan. The report shall be submitted electronically. Any official participant or stakeholder may submit comments to the department and affected natural resources districts on the
final basin-wide plan adopted by the department and affected natural resources districts, which shall be made a part of the report to the Legislature.

(e) Before adoption of a basin-wide plan, the department and affected natural resources districts shall schedule at least one public hearing to take testimony on the proposed plan. Any such hearings shall be held in reasonable proximity to the area affected by the plan. Notice of hearings shall be published as provided in section 46-743. All interested persons may appear at any hearings and present testimony or provide other evidence relevant to the issues under consideration. Within sixty days after the final hearing, the department and affected natural resources districts shall jointly determine whether to adopt the plan.

(f) The department and the affected natural resources districts may utilize, when necessary, the Interrelated Water Review Board process provided in section 46-719 for disputes arising from developing, implementing, and enforcing a basin-wide plan developed under this section.

46-756 Ground water augmentation project; public hearing; notice.

On and after April 17, 2014, a board shall not vote to enter into a ground water augmentation project without conducting a public hearing on the project, with notice of the hearing given as provided in section 46-743.

46-801 Natural lakes; drainage; diversion; application.

No person shall drain, lower, or in any manner reduce or divert the water supply of any natural or perennial lake, if the area exceeds twenty acres at low water stage or if the lake is of such depth and character as to have more economic importance for aquaculture, hunting, or other purpose than the bed of such lake would have for agricultural purposes. Any person intending to drain, lower, divert, or in any way reduce the waters or water supply of any natural or perennial lake shall, before commencing the construction of any such work for drainage or diversion, make application to the Department of Natural Resources for a permit to do so.

IRRIGATION AND REGULATION OF WATER

§ 46-801

Whether water constitutes natural or perennial lake, requiring permit under this section before attempting to drain same, is question of fact to be determined from evidence. Beem v. Davis, 111 Neb. 96, 195 N.W. 948 (1923).

§ 46-802 Application; recording; investigation.

On the receipt of such application in the form prescribed by the Department of Natural Resources, the department shall cause the same to be recorded in its office. The department shall make a careful examination to ascertain whether it sets forth all the facts necessary to enable the department to determine the nature and extent of the proposed work of drainage and diversion. If such an examination shows the application to be in any way defective, it shall return the same to the applicant for correction.

§ 46-803 Application; approval; when authorized.

If the proposed work of drainage or diversion will not result in injury or damage to any person and will not be otherwise detrimental to the public welfare but will result in economic benefit to the state, the Department of Natural Resources shall approve the same by endorsement thereon. It shall make a record of such endorsement thereon in some proper manner in its office. It shall also return the same so endorsed to the applicant. Such applicant shall, upon receipt thereof, be authorized to proceed with the work and to take such measures as may be necessary to its completion.

§ 46-804 Application; rejection; when authorized.

If it appears to the Department of Natural Resources that the proposed works of drainage or diversion will result in injury or damage to any person or will be detrimental to the public welfare and not result in economic benefit to the state, the department shall refuse to approve the application. The party making such application shall not prosecute such work so long as such refusal shall continue in force.

Permit to drain natural lake should not be granted where it will result in damage to another person. Lackaff v. Department of Roads & Irrigation, 153 Neb. 217, 43 N.W.2d 576 (1950).

§ 46-805 Appeal; procedure.

An applicant, feeling himself or herself aggrieved by the endorsement made upon his or her application, may take an appeal therefrom to the district court of the county in which the proposed works may be situated. Such appeal shall otherwise be governed by the Administrative Procedure Act.

46-806 Sections; when inapplicable.

In the event that the ownership of all the land used for drainage construction and of all the land forming the shoreline and the bed of said lake or lakes is vested in the person performing said work of drainage or diversion, the provisions of sections 46-801 to 46-807 do not apply.

46-807 Violations; penalty.

46-1002 Rural water districts; petition.

The county board of each county in this state shall, upon a proper petition being presented, incorporate and organize rural water districts in the manner provided by sections 46-1001 to 46-1020. No such district shall be incorporated when its boundaries lie within five miles of any incorporated city of the metropolitan, primary, or first class, within two miles of any incorporated city of the second class, or within one mile of any incorporated village until approval has been given by the governing body of the city or village.

46-1003 District; petition; contents.

A petition addressed to the county board praying for the incorporation of a district, signed by or on behalf of at least fifty percent of the owners of the land within the proposed district may be filed with the county clerk. The petition shall define the boundaries of the proposed district and shall state (1) that the lands within such boundaries are without an adequate water supply; (2) that the construction and maintenance of ponds or reservoirs or pipelines or wells or check dams or pumping installations, or any other facility for water storage, transportation or utilization, or that the construction and maintenance of any combination of such projects is necessary for the improvement of the area; and (3) that such improvement or works will be conducive to and will promote the public health, convenience and welfare.

The Rural Water District Act does not require the district to obtain a permit to dig wells for the purpose of supplying water to its patrons in need thereof; rather, the act specifically authorizes the transportation of water into another district for that purpose. McDowell v. Rural Water District No. 2, 204 Neb. 401, 282 N.W.2d 594 (1979).

46-1004 District; petition; county clerk; notice; contents.

Whenever a petition as provided in section 46-1003 is filed with the county clerk, the county clerk shall thereupon give notice to the county board of the filing and pendency of such petition and the county board shall forthwith fix a time and place within thirty days after the date of filing of the petition for a hearing of the same, and the county clerk shall, at least seven days before the date fixed for such hearing, give or send by registered or certified mail written notice thereof to each of the petitioners and shall transmit to the director one copy of the petition and notice of the time and place the same is set for consideration. The county clerk shall also, at least seven days before the date fixed for such hearing, cause to be published in a newspaper of general circulation in the county a notice of the hearing. The published notice shall (1) define the boundaries of the proposed district; (2) state the time and place of hearing; (3) state that all owners of land within such boundaries may appear and be heard; and (4) state that a rural water district, if incorporated, shall have no power or authority to levy any taxes whatsoever.

46-1005 District; hearing; order.

At the time and place set for the hearing and consideration of the petition, it shall be the duty of the county board to ascertain (1) whether proper notice of the hearing has been given to the signers of the petition, the director, and the landowners in the district as required by section 46-1004; (2) whether lands within the area defined in the petition are without an adequate water supply;
§ 46-1005  IRRIGATION AND REGULATION OF WATER

(3) whether the construction and maintenance of ponds, reservoirs, pipelines, wells, check dams, pumping installations, or any other facility for the storage, transportation, or utilization of water or the construction and maintenance of any combination of such proposed projects are necessary for the improvement of the area. The county board shall make no affirmative finding that any proposed project is necessary if the construction and maintenance of such project would encourage the cultivation of lands which are submarginal and which should be devoted to other uses in the public interest. The county board shall make no affirmative finding that any proposed project is necessary unless the director has approved such project; (4) whether such improvement or works will be conducive to and will tend to promote the public health, convenience, and welfare; and (5) whether the boundaries of the proposed district lie within five miles of any incorporated city or village and whether approval for incorporation of the district has been given by the governing body of such city or village. If upon such consideration it is found that such petition is in conformity with the requirements of sections 46-1001 to 46-1020, the county board shall thereupon immediately declare the district within the boundaries defined in the petition to constitute a public corporation and to be incorporated as a rural water district under the name of Rural Water District No. .... County, Nebraska (inserting number in order of incorporation and name of county) and thereupon shall enter upon its records full minutes of such hearing, together with a declaration that thenceforth such district shall constitute a body politic and corporate under such corporate name for the purposes of sections 46-1001 to 46-1020.

46-1006 Board of directors; selection; bylaws; adopt.

The number of members on such board, not to exceed nine, shall be determined by majority vote of those owners of land present; Provided, any original director who shall fail to subscribe to one or more benefit units and pay the established unit fee for each unit to which he subscribes within thirty days after entry in the minutes of the board of a declaration of availability of such benefit units for subscription, shall forfeit his office. Within thirty days after the election of the original board, proposed bylaws shall be submitted for adoption at a special meeting of owners of land located within the district, written notice of which shall be mailed to each such landowner. Those owners of land located within the district present at such special meeting may adopt and amend any of such proposed bylaws and may propose and adopt additional or other bylaws. 46-1101 Act, how cited.

Sections 46-1101 to 46-1148 shall be known and may be cited as the Nebraska Chemigation Act.

46-1102 Legislative findings.

The Legislature finds that the use of chemigation throughout the state is increasing and that, although chemigation provides a viable alternative to other means of chemical application, if an irrigation distribution system is not properly equipped or if a chemical is not used with proper precautions, there exists a potential to contaminate the water.

The Legislature also finds that complete information as to the occurrences and use of chemigation in this state is essential to the development of a sound state water management policy.

For these reasons, the Legislature deems it necessary to provide the natural resources districts and the Department of Environment and Energy with the authority to document, monitor, regulate, and enforce chemigation practices in Nebraska.

46-1103 Definitions, sections found.
For purposes of the Nebraska Chemigation Act, unless the context otherwise requires, the definitions found in sections 46-1104 to 46-1116.01 shall apply.

46-1104 Applicator, defined.
Applicator shall mean any person engaged in the application of chemicals by means of chemigation. Applicator shall include any person operating equipment used for chemigation whether for himself or herself or on behalf of the permitholder for the land on which the chemigation will take place.

46-1105 Chemical, defined.
Chemical shall mean any fertilizer, herbicide, or pesticide mixed with the water supply.

46-1106 Chemigation, defined.
Chemigation shall mean any process whereby chemicals are applied to land or crops in or with water through an onfarm irrigation distribution system.

46-1107 Council, defined.
Council shall mean the Environmental Quality Council.

46-1108 Department, defined.
Department shall mean the Department of Environment and Energy.

46-1109 Director, defined.
Director shall mean the Director of Environment and Energy.

46-1110 District, defined.
District shall mean a natural resources district created pursuant to Chapter 2, article 32.

46-1111 Fertilizer, defined.
Fertilizer shall mean any formulation or product used as a plant nutrient which is intended to promote plant growth and contains one or more plant nutrients recognized by the Association of American Plant Food Control Officials in its official publication.

46-1112 Injection location, defined.

Injection location shall mean each site where chemicals will be applied through an irrigation distribution system.

46-1113 Irrigation distribution system, defined.

Irrigation distribution system shall mean any device or combination of devices having a hose, pipe, or other conduit, which connects directly to any source of ground or surface water, through which water or a mixture of water and chemicals is drawn and applied for agricultural or horticultural purposes. Irrigation distribution system shall not include any hand-held hose sprayer or other similar device which is constructed so that an interruption in water flow automatically prevents any backflow to the water source.

46-1114 Open discharge system, defined.

Open discharge system shall mean a system in which the water is pumped or diverted directly into a ditch or canal in such a manner that the force of gravity at the point of discharge into the ditch or canal cannot cause water to flow back to the point from which the water was pumped or diverted.

46-1115 Permitholder, defined.

Permitholder shall mean the owner or operator of land who applies or authorizes the application of chemicals to such land by means of chemigation. The permitholder shall be the party primarily responsible for any liability arising from chemigation on the property.

46-1116 Pesticide, defined.

Pesticide shall mean any substance or mixture of substances intended for preventing, destroying, repelling, or mitigating any pest, insect, rodent, nematode, fungus, weed, or other form of plant or animal life or virus, except viruses on or in living humans or animals, and any substance or mixture of substances intended for use as a plant regulator, defoliant, or desiccant.

46-1117 Permit required; exception; application.

No person shall apply or authorize the application of chemicals to land or crops through the use of chemigation unless such person obtains a permit from the district in which the well or diversion is located, except that nothing in this
section shall require a person to obtain a chemigation permit to pump or divert water to or through an open discharge system. Any person who intends to engage in chemigation shall, before commencing, file with the district an application for a chemigation permit for each injection location on forms provided by the department or by the district. Upon request, forms shall be made available by the department to each district office and at such other places as may be deemed appropriate. Except as provided in section 46-1119, the district shall review each application, conduct an inspection, and approve or deny the application within forty-five days after the application is filed. An application shall be approved and a permit issued by the district if the irrigation distribution system complies with the equipment requirements of section 46-1127 and the applicator has been certified as a chemigation applicator under sections 46-1128 and 46-1129. A copy of each approved application or the information contained in the application shall be maintained by the district and provided to the department upon request. This section shall not be construed to prevent the use of portable chemigation equipment if such equipment meets the requirements of section 46-1127.

46-1117.01 Special permit; issuance.
Permits for those systems determined through inspection by the district as not needing all of the safety equipment prescribed by the Nebraska Chemigation Act shall be forwarded immediately to the department for review. If the department determines that certain elements of the safety equipment otherwise prescribed by the act are not necessary, it shall so inform the district. The district shall then issue a special permit as approved by the department. Issuance of such special permits shall not relieve the permitholder or applicator from compliance with all other responsibilities under the act.

46-1119 Emergency permit; application; fee; violation; penalty.
(1) A person may file an application with the district for an emergency permit on forms provided by the district. The district shall review each emergency application and approve or deny the application within two working days after the application is filed. An emergency application shall be approved and a permit issued by the district if the irrigation distribution system complies with the equipment requirements of section 46-1127 and the applicator has been certified under sections 46-1128 and 46-1129. If the district has not denied an emergency permit within two working days, it shall be deemed approved. Such permit shall be valid for a period of forty-five days from the date of issuance.

(2) The application for an emergency permit shall be accompanied by a fee as established in section 46-1121 not to exceed five hundred dollars payable to the district. For each permit, ten dollars shall be paid by the district to the department. The application shall contain the same information as required in section 46-1120.

(3) Any holder of an emergency permit or an applicator applying chemicals pursuant thereto who violates any of the provisions of this section shall have
such permit automatically revoked without a hearing and shall be guilty of a Class II misdemeanor.

46-1120 Application; contents.

Each application to engage in chemigation shall contain (1) the name and post office address of the applicant, (2) the location by legal description of the land where chemigation is to be used, and (3) such other information as the department, after consultation with the district, may deem necessary.

46-1121 Fees; Chemigation Costs Fund; created; investment; annual permits; renewal.

(1) To aid in defraying the cost of administration of the Nebraska Chemigation Act, the district shall collect an initial application fee for a permit, a special permit fee, an annual renewal fee, and an emergency permit fee. The fees shall be established by the district and shall be sufficient to cover the ongoing administrative costs and the costs of annual inspection programs by the district and department. The fees collected pursuant to this section shall be established by the district in the amount necessary to pay reasonable costs of administering the permit program pursuant to the act. The fee for a permit and special permit shall not exceed one hundred fifty dollars. The fee for a renewal permit shall not exceed one hundred dollars. The fee for an emergency permit under section 46-1119 shall not exceed five hundred dollars. The district shall adopt and promulgate rules and regulations establishing a fee schedule to be paid to the district by a person or persons applying for a permit to operate a chemigation system.

(2) The fee for initial application for a permit or special permit shall be payable to the district. For each permit, five dollars shall be paid by the district department.

(3) The annual fee for renewal of a permit or special permit shall be payable to the district. For each permit, two dollars of the annual fee shall be paid by the district to the department.

(4) All fees shall be used by the district and the department to administer the Nebraska Chemigation Act. The department’s fee shall be credited to the Chemigation Costs Fund which is hereby created. All fees collected by the department pursuant to the act shall be remitted to the State Treasurer for credit to the fund. Transfers may be made from the fund to the General Fund at the direction of the Legislature. Any money in the Chemigation Costs Fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act.

(5) All permits issued pursuant to sections 46-1117 and 46-1117.01 shall be annual permits and shall expire each year on June 1. A permit may be renewed each year upon payment of the annual renewal fee and completion of a form provided by the district which lists the names of all chemicals used in chemigation the previous year. Once a permit has expired, it shall not be reinstated.
without meeting all of the requirements for a new permit including an inspection and payment of the initial application fee.

46-1122 Replacement or alteration of chemigation equipment; notice; inspection.

Any permitholder who replaces or alters or authorizes the replacement or alteration of chemigation equipment which was previously approved by the district shall notify the district within seventy-two hours of such replacement or alteration. The district shall conduct an inspection of the replaced or altered equipment and shall approve the continuance of chemigation if the replaced or altered equipment remains in compliance with the requirements of section 46-1127. No additional permit fee shall be collected by the district for inspecting a previously approved injection location.

46-1123 Districts; annual reports; contents.

Annual reports shall be submitted to the department by the district personnel showing the actual number of applications received, the number of applications approved, the number of inspections made, and the name of all chemicals used in chemigation systems within the district during the previous year.

46-1124 District; conduct inspections; inspection warrant.

(1) Each district shall conduct areawide, selective, and periodic inspections to insure compliance with the Nebraska Chemigation Act and rules and regulations adopted and promulgated under the act. A permitholder or any person believed by the district to be chemigating without a required permit shall be notified by the district of the district’s right and intent to inspect the premises concerned. Authorized representatives of the district and the department shall have access at all reasonable times to inspect a chemigation system and to otherwise carry out their duties under the act. Prior to inspection such authorized representatives shall make reasonable efforts to obtain consent to inspect from the permitholder, his or her authorized employee, the applicator, or the owner or operator of the system. If consent for inspection is denied, such authorized representatives may apply to the district or county court of the county in which the chemigation system is located for an inspection warrant to require the permitholder or person believed to be chemigating without a required permit to allow the authorized representatives to enter onto his or her land to carry out their duties under the act or the rules and regulations.

(2) No person shall refuse entry or access to any authorized representative of the district or department who requests entry for purposes of inspection and who presents appropriate credentials and an inspection warrant, and no person shall obstruct, hamper, or interfere with any such inspection. Nothing in this
section shall be construed to prevent prompt inspection without consent or appropriate warrant in emergency situations when there is neither sufficient time nor opportunity to obtain an inspection warrant. If requested, the permit-holder, applicator, or person chemigating without a required permit shall receive a report specifying all facts found which relate to compliance status.

(3) Entry upon any property pursuant to the act shall not be considered to be trespass, and no damage shall be recoverable on that account alone. Damage to crops caused by the issuance of any order authorized by the act shall not be recoverable on that account alone.

46-1125 Permit denial, suspension, revocation; grounds.

The district shall deny, refuse renewal of, suspend, or revoke a permit applied for or issued pursuant to section 46-1117 on any of the following grounds:

(1) Practice of fraud or deceit in obtaining a permit; or

(2) Violation of any of the provisions of the Nebraska Chemigation Act or any standards or rules and regulations adopted and promulgated pursuant to such act.

46-1126 Permit denial, suspension, or revocation; procedures; suspend operation; when.

(1) Before a district denies, refuses to renew, suspends, or revokes a permit, it shall send to the applicant or permitholder a notice setting forth the specific reasons for the proposed action. The denial, refusal to renew, suspension, or revocation shall become final ten calendar days after mailing of the notice unless such person, within such ten-day period, gives the district written notice of a request for a hearing. If such request is made, the applicant or permitholder shall be given an opportunity for a hearing before the board of directors of the district and shall have the right to present evidence on his or her own behalf. On the basis of the evidence presented, the proposed action shall be affirmed or set aside. A copy of such decision setting forth the findings of fact and the specific reasons upon which it is based shall be sent to the applicant or permitholder.

(2) If the district or department concludes that there is or may be an actual or imminent threat of danger to persons or the environment by the operation of a chemigation system, the district or department shall immediately order suspension of the operation of the system. Any aggrieved person may, within ten days of receipt of an order of suspension pursuant to this section, request a hearing on such order. The hearing shall be held within ten days of receipt of the request. The district or department shall give written notice of the hearing by certified or registered mail or by personal service to the permitholder, applicator, or person responsible for the operation of the chemigation system. The district or department shall issue an order addressing the matters raised at the hearing within ten days after the hearing.

If the district or department concludes that the suspension should be continued, the district or department may, if necessary, apply for a restraining order or a temporary or permanent injunction against the permitholder, applicator,
or person responsible for the operation of the chemigation system pursuant to the procedure prescribed by section 46-1138.

46-1127 Irrigation distribution system; improper operation; penalty; equipment; rules and regulations.

(1) Any person who places any chemical in an irrigation distribution system or permits any chemical to be in an irrigation distribution system without having a properly operating (a) check and vacuum relief valve in the irrigation pipe, (b) inspection port or other device to check the performance of the check valve on the irrigation pipeline, (c) automatic low-pressure drain placed between the main check valve and the irrigation pump so that a solution will drain away from the source of water supply, (d) check valve in the chemical injection line, and (e) simultaneous interlock device between the power system of the chemical injection unit and the irrigation pumping plant to protect the water supply from contamination in the event such pumping plant ceases to operate or such other properly operating additional or replacement equipment as may be specified by the council pursuant to subsection (3) of this section shall be guilty of a Class IV misdemeanor.

(2) On or before October 1, 1986, the council shall adopt and promulgate rules and regulations specifying the standards for the equipment required pursuant to this section as are necessary to prevent the contamination of the water supply. The standards specified in such rules and regulations shall not be such as to impose an unduly severe or costly burden on any person without substantially contributing to the prevention of water contamination.

(3) The council may adopt and promulgate rules and regulations specifying equipment other than that required in subsection (1) of this section if changes in design, technology, or irrigation practices or other similar reasons warrant the use of equipment in addition to or in lieu of that enumerated in this section. Any equipment specified pursuant to this subsection shall provide protection to the water supply at least equal to that provided by the equipment required in subsection (1) of this section. The districts shall be given forty-five days to review and comment on rules and regulations proposed by the council prior to the hearing by the council.

46-1128 Applicators of chemicals; training sessions; certificate; expiration.

In order to insure that applicators of chemicals have sufficient scientific and practical knowledge in the use of chemigation, the director shall conduct training sessions directed toward thorough comprehension and knowledge of the safe use of chemigation or contract with the Cooperative Extension Service of the University of Nebraska to conduct such training sessions through its county extension agents and specialists in the state. If the department contracts for the training sessions, the Cooperative Extension Service shall be reimbursed for conducting the training sessions. The director shall issue a certificate acknowledging the satisfactory demonstration of competency to be determined by the director through the use of a written examination prepared and administered by the department. Each applicator’s certificate, including such certifi-

cates issued prior to July 9, 1988, shall expire on January 1 of the fourth year after the date of issuance and shall be renewed upon the satisfactory completion of training and testing.

46-1129 Training sessions; council; prescribe forms; adopt rules and regulations.

The council shall prescribe the necessary forms and adopt and promulgate such rules and regulations as shall be necessary to carry out the provisions of section 46-1128 regarding the conducting of training sessions and the issuing of certificates.

46-1129.01 Applicator’s certificate; revocation; grounds.

An applicator’s certificate may be revoked by the department if the applicator:

(1) Operates a chemigation system that is known to be defective or not in compliance with permit requirements;

(2) Fails to report any actual or suspected accident resulting from the use of chemigation;

(3) Operates or authorizes operation of a chemigation system without the necessary permit; or

(4) Violates any of the provisions of the Nebraska Chemigation Act or standards, rules, and regulations adopted and promulgated pursuant to such act.

46-1130 Posting of signs.

Signs shall be posted which provide notice that chemicals are applied in irrigation water in the field in areas being treated by means of chemigation with chemicals which appear on the restricted use list in the Federal Insecticide, Fungicide, and Rodenticide Act or chemicals for which labels require posting.

46-1131 Accident; report required; investigation; cleanup and recovery plan.

The applicator or the permitholder shall report an actual or suspected accident related to the use of chemigation in his or her system to the department and the appropriate district within twenty-four hours of its discovery. Any accident resulting from the use of chemigation shall be investigated by the appropriate district and the department. In the event that the district or the department finds an adverse effect caused by such an accident, the department shall (1) determine the immediate danger presented by the accident, (2) take all steps necessary to assure immediate public safety, and (3) develop a plan of cleanup and recovery. The cleanup and recovery plan shall be carried out by the permitholder under the supervision of the department or the district.

(6) Any other chemigation practices necessary to carry out the Nebraska Chemigation Act.

46-1137 Compliance with act; affirmative defense.

Compliance with the Nebraska Chemigation Act shall be an affirmative defense to any civil action resulting from a person’s use of chemigation.

46-1138 Violation of act; procedures for compliance; prosecuting attorney; duties.

(1) Any person found by the district to be in violation of the Nebraska Chemigation Act or any rules and regulations issued pursuant to the act shall be notified by the district of such violation. Each person so notified by the district shall have ten days in which to comply. The district shall make every reasonable effort to obtain voluntary compliance. Voluntary compliance shall not preclude the district, department, Attorney General, or county attorney from pursuing penalties in the proper court of law based on violations of the act or the rules and regulations. If after such ten-day period the violation has not been corrected, the district shall notify the department of the violation. The department shall make a preliminary investigation. If after such investigation the department determines that there is a violation of the act or rules and regulations, the district or the department shall either revoke the person’s chemigation permit until such time as there is satisfactory compliance or issue an order suspending operation of the chemigation system until the required permit is obtained.

(2) The district or department may apply for a restraining order, a temporary or permanent injunction, or a mandatory injunction against the person or persons violating or threatening to violate the Nebraska Chemigation Act or the rules and regulations adopted and promulgated under such act to the district court of the county where the violation is occurring or is about to occur. The court shall have jurisdiction to grant such relief upon good cause shown. Relief may be granted notwithstanding the existence of any other remedy at law and shall be granted without bond.

(3) If the violation of the Nebraska Chemigation Act occurs with respect to a permitted system, a schedule for compliance may be established by the district in lieu of the ten-day compliance requirement.

(4) It shall be the duty of the Attorney General or the county attorney of the county in which such violation occurs or is about to occur, when notified of such violation or threatened violation, to cause appropriate proceedings under this section to be instituted and pursued without delay.

If at any time after January 1, 1988, it is alleged by the department upon its own initiative or as a result of a complaint being filed with the department that a district is not carrying out its responsibilities under the Nebraska Chemigation Act, the department may hold a contested case hearing. Notice of such hearing shall be published in such newspapers as are necessary to provide for general circulation within the district at least once each week for three consecutive weeks, the last publication to be not less than seven days prior to the hearing. Any civil penalty assessed and unpaid shall constitute a debt to the state which may be collected in the manner of a lien foreclosure or sued for and recovered in a proper form of action in the name of the state in the district court of the county in which the violator resides or owns property. An action to collect a civil penalty shall be brought within two years of the alleged violation providing the basis of the penalty, except that if the cause of action is not discovered and could not be reasonably discovered within the two-year period, the action may be commenced within two years after the date of discovery or after the date of discovery of facts which would reasonably lead to discovery, whichever is earlier. The department shall remit the civil penalty to the State Treasurer, within thirty days after receipt, for distribution in accordance with Article VII, section 5, of the Constitution of Nebraska.

46-1240.06 Variance from rule, regulation, or standard; conditions; injunction.

(1) The department may grant a variance from any rule, regulation, or standard adopted and promulgated by the department relating to the construction of water wells upon proof by a licensed water well contractor or owner of a proposed water well satisfactory to the department that the enforcement of the rule, regulation, or standard would create an unreasonable hardship or be unreasonable, impractical, or not feasible under the circumstances. A variance may be under such terms and conditions and for such time as the department may prescribe. The terms and conditions of a variance may include testing, monitoring, reporting, and additional construction or installation requirements.

(2) A variance shall be limited to the construction of a water well to replace an existing water well.

DECOMMISSIONING WATER WELLS

Section
46-1401. Legislative findings and intent.
46-1402. Definitions, where found.

46-1404. Water Well Decommissioning Fund; allocation; rules and regulations.
46-1405. Natural resources district; cost-sharing program; qualification for funding.

46-1401 Legislative findings and intent.

The Legislature finds that accelerating the decommissioning of illegal water wells will be an asset to the State of Nebraska and good for the general welfare of the citizens of the state. The Legislature further finds that completing such decommissioning can be most appropriately accomplished by accelerating state financial input into the efforts currently being conducted. It is therefore the intent of the Legislature to embark upon an accelerated program for the decommissioning of Nebraska's illegal water wells and to recommend that the State of Nebraska and the Legislature annually appropriate ninety-nine thousand dollars from the General Fund to carry out this accelerated program during the years required for its completion.

46-1402 Definitions, where found.

For purposes of sections 46-1401 and 46-1403 to 46-1405, the definitions found in sections 46-1206.01, 46-1207.01, 46-1209, 46-1212, and 46-1213 shall be used.

46-1403 Water Well Decommissioning Fund; created; use; investment.

There is hereby created the Water Well Decommissioning Fund. The State Treasurer shall credit to the fund for the uses and purposes of sections 46-1401 to 46-1405 such money as is specifically appropriated and such funds, fees, donations, gifts, services, or devises or bequests of real or personal property
received by the Department of Natural Resources from any source, federal, state, public, or private, to be used by the department for the purpose of accelerating the decommissioning of illegal water wells. The department shall allocate money from the fund for purposes of sections 46-1401 to 46-1405. The fund shall be exempt from provisions relating to lapsing of appropriations. Transfers may be made from the fund to the General Fund at the direction of the Legislature. Any money in the Water Well Decommissioning Fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act.

Cross References
Nebraska Capital Expansion Act, see section 72-1269.
Nebraska State Funds Investment Act, see section 72-1260.

46-1404 Water Well Decommissioning Fund; allocation; rules and regulations.

The Water Well Decommissioning Fund shall be allocated by contractual agreement with natural resources districts for the purpose of accelerating the decommissioning of illegal water wells throughout the state. The allocations each fiscal year shall be made by the Department of Natural Resources to natural resources districts in a proportion based on the number of illegal water wells decommissioned in each district in the previous fiscal year which were part of the district’s cost-share program to the total number of illegal water wells decommissioned in the state in the previous fiscal year which were part of a district cost-share program. Subsequent allocations for any district which has had a cost-share program for three or more consecutive years shall be based upon the previous three-year average. The allocations may be adjusted on or after March 1 of any year if the Director of Natural Resources determines that one or more districts cannot reasonably be expected to use their full allocation for that fiscal year. Actual disbursement to each district shall be on a reimbursement basis and shall not exceed the amount expended by the district consistent with sections 46-1401 to 46-1405. The Nebraska Natural Resources Commission shall adopt and promulgate rules and regulations to carry out such sections.

46-1405 Natural resources district; cost-sharing program; qualification for funding.

Any natural resources district cost-sharing program for decommissioning illegal water wells may qualify for funding pursuant to section 46-1404 if the program:

(1) Applies only to water wells properly decommissioned by licensed water well contractors and pump installation contractors;

(2) Applies to all water wells in the district;

(3) Is available for at least thirty water wells per year; and
(4) Provides at least sixty percent of the costs of decommissioning, up to a maximum of five hundred dollars for all water wells other than hand-dug water wells which shall be eligible for up to a maximum of seven hundred dollars.

A natural resources district may establish maximum cost-share assistance amounts that will be provided to landowners for decommissioning water wells based on well depths and diameters to insure that landowners will be compensated for at least sixty percent of the cost of water well decommissioning.

Reissue 2021 324
46-1503 Wellhead protection area; designation.
Any controlling entity may designate a wellhead protection area and adopt controls pursuant to the Wellhead Protection Area Act for the purpose of protecting the public water supply system. The department shall provide technical assistance to any controlling entity designating a wellhead protection area and adopting controls pursuant to the act.

46-1504 Wellhead protection area designation; controlling entity; duties.
Any controlling entity proposing to designate a wellhead protection area and adopt controls shall:

1. Designate the boundaries of the wellhead protection area following the procedure in section 46-1505. The wellhead protection area shall be based on all reasonably available hydrogeologic information on ground water flow, recharge, and discharge and other related information necessary to adequately determine the wellhead protection area for the purposes stated in this section;

2. Identify within each proposed wellhead protection area all potential sources of contaminants which may have any adverse effect on the health of persons;

3. Describe a program that contains, as appropriate, technical assistance, financial assistance, implementation of controls, education, training, and demonstration projects to protect the water supply within the wellhead protection area from such contaminants;

4. Include contingency plans for the location and provision of alternate drinking water supplies for each affected public water supply system in the event of water well or well field contamination by such contaminants; and

5. Propose the controls necessary to provide protection from contaminants which may have any adverse effect on the health of persons served by the public water supply system of each participating controlling entity.

46-1505 Proposed wellhead protection area; public notice and comment.
The controlling entity shall publicize proposed boundaries for the wellhead protection area and the proposed controls and shall provide time for public comment at one or more regularly scheduled public meetings of the governing board of the controlling entity. Notice of the time for public comment shall be published in conjunction with notice of such regularly scheduled meeting. A description of the proposed boundaries and the text of the proposed controls shall be available at the office of the controlling entity for thirty days before such meeting. Within sixty days after the last time for public comment under section 46-1505, the controlling entity shall make a final designation of the boundaries of the wellhead protection area and the controls necessary to protect the water in the wellhead protection area and shall submit them to the director for approval or disapproval. Such approval shall be based on whether the bound-
aries of the wellhead protection area are reasonably defined, the controls are reasonably related to the purpose of ground water protection in the area, and such approval is in the public interest. The director shall act on the proposed designation of boundaries and proposed controls within ninety days after the date the proposals are received by him or her.

If the director approves the proposed boundaries and controls, he or she shall so notify the controlling entity, but the boundaries and controls shall not be deemed effective until the controlling entity has adopted such boundaries and controls by ordinance or resolution. If the director disapproves either or both of the proposals, he or she shall return the proposals to the controlling entity with an explanation of the reasons for such disapproval. The controlling entity may revise such proposed designation of boundaries and proposed controls and, after notice and hearing as provided for in the original proposed designation of boundaries and proposed controls, submit the revised proposed designation of boundaries and proposed controls to the director for approval or disapproval.

If the director does not act on either the original or revised proposed designation of boundaries and proposed controls within ninety days after submission by the controlling entity, the proposed designation of boundaries and proposed controls shall be deemed approved by the director.

46-1507 Existing wellhead protection areas; effect of act.

Any wellhead protection area established before July 15, 1998, by resolution or ordinance of the controlling entity need not be reestablished under the Wellhead Protection Area Act unless controls are proposed. If such controls are proposed, the controls and the boundaries of the wellhead protection area are subject to the requirements of sections 46-1504 to 46-1506. Any wellhead protection area purported to have been established before July 15, 1998, other than by official action of a controlling entity shall be null and void beginning nine calendar months after July 15, 1998, unless reestablished by resolution or ordinance of the controlling entity.

46-1508 Designated wellhead protection area; boundary area changes.

A designated wellhead protection area may be amended as to boundaries and controls as provided for in the initial designation of a wellhead protection area in the Wellhead Protection Area Act.

46-1637 Regulation by political subdivisions; restrictions; conditions.
(1) Except as provided in subsections (2) and (4) of this section, no city, village, or county may, by ordinance or resolution enacted by the legislative body thereof or adopted by the people, (a) regulate, supervise, or provide for the regulation or supervision of any dams and associated reservoirs or the construction, reconstruction, enlargement, repair, alteration, operation, breach, removal, or abandonment thereof or (b) limit the size or the impounding capacity of a dam if such action would conflict with the power and authority vested in the department pursuant to the Safety of Dams and Reservoirs Act.

(2) A city, village, or county may adopt ordinances or resolutions (a) regulating, supervising, or providing for the regulation or supervision of dams and reservoirs that are not within the state’s jurisdiction and are not subject to regulation, owned, or operated by another public agency or body or (b) which apply only to adjacent structures not germane to the safety of the dam, such as, but not limited to, roads and fences.

(3) A city, village, or county may institute overlay zoning precluding construction of structures downstream of a state-permitted dam that is classified as having other than a high hazard potential if a breach-inundation study performed by an engineer, in accordance with generally accepted engineering practice, determines that construction of such structures would require that such dam be reclassified as having a high hazard potential. The owners of such dam shall provide such engineering study as a condition to requesting such overlay zoning.
(4) The Safety of Dams and Reservoirs Act does not preempt or supersede any local zoning ordinances, resolutions, rules, or regulations regarding special use permits enacted by a political subdivision with respect to permit applications for livestock waste control facilities.

§ 46-1661  Complaint; department; duties; unsafe condition; modification.

(1) Upon receipt of a written complaint alleging that the person or property of the complainant is endangered by the construction, reconstruction, enlargement, alteration, breach, removal, or abandonment of any dam, the department shall cause an inspection and investigation to be made unless the data, records, and inspection reports on file are found adequate to make a determination whether the complaint is valid. The complainant shall be provided with a copy of the official report of the inspection and investigation.

(2) If it is found that an unsafe condition exists, the department shall notify the owner of the dam to take such action as is necessary to correct the condition, including breaching or removal of any dam found to be beyond repair.

§ 46-1662  Periodic inspections; when; department; powers and duties.

(1) During the construction, reconstruction, enlargement, alteration, breach, removal, or abandonment of any dam, the department may make periodic inspections for the purpose of ascertaining compliance with the approved plans and specifications. The department shall require the owner to direct the design engineer to provide adequate supervision during construction, reconstruction, enlargement, alteration, breach, removal, or abandonment and to provide sufficient information to enable the department to determine that conformity with the approved plans and specifications is being attained.
(2) If, after any inspection or investigation, during the construction, reconstruction, enlargement, alteration, breach, removal, or abandonment of a dam or at any time prior to issuance of an approval to operate, it is found by the department that modifications or changes are necessary to ensure the safety of the dam, the department shall order the owner to revise his or her plans and specifications. The owner may, pursuant to section 46-1645, request an independent consulting board to review the order of the department.

The notice shall be delivered by registered mail or by personal service to the owner, shall state the particulars in which the approved plans and specifications are not being or have not been complied with, and shall order immediate compliance with the approved plans and specifications. The department may order that no further work be done until such compliance has been effected and approved by the department.

(4) Failure to comply with the notice delivered under subsection (3) of this section may cause revocation of application approval by the department. The normal inspection frequency shall be annually for high hazard potential dams, biennially for significant hazard potential dams, and every five years for low hazard potential dams and every five years or more for minimal hazard potential dams. The department may vary the inspection frequency of some sites based on an evaluation of the site performance history. The department may conduct additional inspections at any time. If serious safety concerns
are found by the department during the inspections, the department shall require the owner to conduct tests and investigations sufficient for the department to determine the condition of the dam. After review of the tests or investigations, the department may require modification, removal, or breach of the dam or alteration of operating procedures to restore or improve the safety of the dam and may require installation of instrumentation to monitor the performance of the dam.

(2) The department may report the results of dam inspections that determine unsafe conditions or noncompliance to the National Performance of Dams Program.

46-1665 Emergency actions involving a dam; owner; duties; department; duties.

(1) The owner of a dam has the primary responsibility for determining when an emergency exists. When the owner of a dam determines that an emergency exists involving a dam, the owner shall immediately implement the emergency action plan as required pursuant to section 46-1647. The owner shall immediately notify any persons who may be endangered if the dam should fail, notify emergency management organizations in the area, take necessary remedial action to prevent or mitigate the consequences of failure, and notify the department. The department shall take any remedial action necessary to protect life and property if, in its judgment, either:

(a) The condition of any dam is so dangerous to the safety of life or property as not to permit time for the issuance and enforcement of an order relative to maintenance or operation; or

(b) Passing or imminent floods or any other condition threatens the safety of any dam.

(2) In applying the remedial means provided for in this section, the department may in an emergency, with its own forces or by other means at its disposal, do any or all of the following:

(a) Take full charge and control of any dam;

(b) Lower the water level by releasing water from the reservoir;

(c) Completely drain the reservoir;

(d) Perform any necessary remedial or protective work at the site; or

(e) Take such other steps as may be essential to safeguard life and property.

(3) The department shall continue in full charge and control of such dam and its appurtenant works until they are rendered safe or the emergency occasioning the action has ceased and the owner is able to take back full charge and control. The department’s taking full charge and control under this section does not relieve the owner of such dam of liability for any negligent acts of such owner.

(4) The department may report emergency actions involving the safety of a dam to the National Performance of Dams Program in a timely manner.

46-1666 Violations; penalties.

(1) Violation of the Safety of Dams and Reservoirs Act or of any application approval, approval to operate, order, rule, regulation, or requirement of the department under the act is a Class V misdemeanor. Each day that the violation continues constitutes a separate and distinct offense.

(2) Any person who willfully obstructs, hinders, or prevents the department from performing the duties imposed by the act commits a Class IV misdemeanor.

(3) Any owner or any person who engages in the construction, reconstruction, enlargement, alteration, breach, removal, or abandonment of any dam or who knowingly does work on or permits work to be done on the dam without the approval of the department or in violation of the act and who fails to immediately notify the department thereof commits a Class V misdemeanor.

46-1667 Notice of violation; orders; procedure.

(1) If the department has reason to believe that an owner or other person is violating or has violated the Safety of Dams and Reservoirs Act, an application approval, an approval to operate, a rule, a regulation, an order, or a requirement of the department issued or adopted pursuant to the act, the department shall give the owner or person written notice by certified mail that the owner or person appears to be in violation of the act. The owner or other person shall have thirty days from the mailing of such notice to respond or to request a hearing before the department as to why the owner or other person should not be ordered to cease and desist from the violation. The notice shall inform the owner or other person how to request the hearing and the consequences of failure to request a hearing.

(2) If the department finds that an owner or person is constructing, reconstructing, enlarging, altering, breaching, removing, or abandoning a dam without having first obtained the required application approval, the department shall issue a temporary order for the owner or person to cease and desist the construction, reconstruction, enlargement, alteration, breach, removal, or abandonment pending final action by the department pursuant to subsection (3) of this section. The temporary order shall include written notice by certified mail to the owner or person of the time and date set by the department for a hearing to show cause why the temporary order should be vacated.

(3) After a response to a notice or a hearing pursuant to subsection (1) or (2) of this section or after the expiration of time to request a hearing, the department shall issue a decision and final order. The decision and final order may take such form as the department determines to be reasonable and appropriate and may include a determination of violation, a cease and desist order, the recommendation of a civil penalty, and an order directing that positive steps be taken to abate or ameliorate any harm or damage arising from the violation. The owner or person affected may appeal the hearing decision as provided in section 61-207.

(4) If the owner or person continues the violation after the department has issued a final decision and order pursuant to subsection (3) of this section or a temporary order pursuant to subsection (2) of this section, the department may apply for a temporary restraining order or preliminary or permanent injunction.
§ 46-1667  IRRIGATION AND REGULATION OF WATER

from a court of competent jurisdiction. A decision to seek injunctive relief does not preclude other forms of relief or enforcement against the violator.

46-1668 Violations; civil penalty.

(1) Any person who violates the Safety of Dams and Reservoirs Act or an application approval, an approval to operate, a rule, a regulation, an order, or a requirement of the department under the act may be assessed a civil penalty in an amount not to exceed five hundred dollars per day for each day the violation continues.

(2) The department shall bring an action to recover a penalty imposed under this section in a court in the jurisdiction in which the violation occurred.

(3) In determining the amount of the penalty, the court shall consider the degree of harm to the public, whether the violation was knowing or willful, the past conduct of the defendant, whether the defendant has taken steps to cease, remove, or mitigate the violation, and any other relevant information.

46-1669 Appeal.

Any affected person aggrieved by any final order or decision made by the director pursuant to the Safety of Dams and Reservoirs Act may appeal the order as provided in section 61-207. For purposes of this section, affected person means the applicant or holder of any approvals under the act and any owner of an estate or interest in or concerning land or water whose interest is or may be impacted in a direct and significant manner by such final order or decision.

46-1670 Existing unapproved dams; requirements.

1. Invalid or erroneous sentence
2. Credit not allowed
3. Miscellaneous

1. Invalid or erroneous sentence

When a court grants a defendant more or less credit for time served than the defendant actually served, that portion of the pronouncement of sentence is erroneous and may be corrected to reflect the accurate amount of credit as verified objectively by the record. State v. Galvan, 305 Neb. 513, 941 N.W.2d 183 (2020); State v. Clark, 278 Neb. 557, 772 N.W.2d 555 (2009).

Pursuant to subsection (2) of this section, the court had the authority to revise the sentence when the defendant was inadvertently given 361 days' credit for time served rather than the 61 days actually served. State v. Clark, 17 Neb. App. 361, 762 N.W.2d 64 (2009).

Pursuant to subsection (2) of this section, where a portion of a sentence is valid and a portion is invalid or erroneous, the court has the authority to modify or revise the sentence by removing the invalid or erroneous portion of the sentence if the remaining portion of the sentence constitutes a complete valid sentence. State v. Clark, 17 Neb. App. 361, 762 N.W.2d 64 (2009).

2. Credit not allowed

This section does not authorize presentence credit against a jail sentence for time spent in the Department of Correctional Services serving a separate sentence. State v. Harms, 304 Neb. 441, 934 N.W.2d 850 (2019).

Under subsection (1) of this section, a defendant is not entitled to credit against a jail sentence for time spent in a residential substance abuse treatment facility. State v. Anderson, 18 Neb. App. 329, 779 N.W.2d 623 (2010).

3. Miscellaneous

This section and section 83–1,106(1) use similar language, so the reasoning of cases involving one of these provisions is applicable to cases involving the other. State v. Wills, 285 Neb. 260, 826 N.W.2d 581 (2013).

This section provides that a defendant is entitled to "credit against" his jail term. In context, that means that a judge cannot credit a defendant with more time served than the length of his or her sentence. State v. Wills, 285 Neb. 260, 826 N.W.2d 581 (2013).

Pursuant to this section, a sentencing court is required to separately determine, state, and grant credit for time served. State v. Clark, 278 Neb. 557, 772 N.W.2d 555 (2009).

The court has no discretion to grant a defendant more or less credit than is established by the record. State v. Clark, 278 Neb. 557, 772 N.W.2d 559 (2009).

Under this section, a sentencing judge is required, at the time of sentencing, to separately determine, state, and grant the amount of credit on the defendant's sentence to which the defendant is entitled. State v. Torres, 256 Neb. 380, 590 N.W.2d 184 (1999).

Pursuant to subsection (2) of this section, the giving of credit for time served is part of the sentence. State v. Clark, 17 Neb. App. 361, 762 N.W.2d 64 (2009).

MEDICAL SERVICES

47-701 Medical services, defined; responsibility for payment.
(1) Notwithstanding any other provision of law, and except as provided in section 44-713, sections 47-701 to 47-705 shall govern responsibility for payment of the costs of medical services for any person ill, wounded, injured, or otherwise in need of such services at the time such person is arrested, detained, taken into custody, or incarcerated.
(2) For purposes of sections 47-701 to 47-705, the term medical services includes medical and surgical care and treatment, hospitalization, transportation, medications and prescriptions, and other associated items.

47-702 Primary responsibility for payment; reimbursement sources.
Primary responsibility for payment of the costs of medical services provided to individuals who are arrested, detained, taken into custody, or incarcerated shall be with the recipients of such services if the recipients are entitled to payment of or reimbursement for the costs of such medical services under the terms and provisions of a policy, subscription, or agreement with an insurer, a health maintenance organization, a preferred provider organization, or another similar source as provided in subdivision (1) of this section. Providers of such medical services shall seek reimbursement from the following sources in the following order:
(1) From an insurer, a health maintenance organization, a preferred provider organization, or other similar source, if the recipient of medical services is entitled to payment of or reimbursement for the costs of such medical services under the terms and provisions of a policy, subscription, or agreement with an insurer, a health maintenance organization, a preferred provider organization, or another similar source. This section does not extend or enlarge the liability of any such insurer, health maintenance organization, preferred provider organization, or other similar source, and no such insurer, health maintenance organization, preferred provider organization, or other similar source is responsible for paying or reimbursing any costs of medical services for which it is not otherwise responsible under the terms of the applicable policy, subscription, or agreement. Any individual who is entitled to payment or reimbursement for the costs of medical services under the terms of a policy, subscription, or agreement with an insurer, a health maintenance organization, a preferred provider organization, or other similar source shall cooperate with the providers of such services by making whatever applications, assignment, or other
§ 47-702  JAILS AND CORRECTIONAL FACILITIES

arrangements that are necessary in order to secure payment for the services provided; and

(2) From any other available source, including, when appropriate, the United States Department of Veterans Affairs, the Social Security Administration, the Department of Health and Human Services, or other similar source.

A recipient of medical services, or the individual’s insurer or another available source, is primarily responsible for the payment of medical services. Chase County v. City of Imperial, 302 Neb. 395, 923 N.W.2d 428 (2019).

47-703 Payment by governmental agency; when; notice to provider.

(1) Upon a showing that reimbursement from the sources enumerated in section 47-702 is not available, in whole or in part, the costs of medical services shall be paid by the appropriate governmental agency. Such payment shall be made within ninety days after such showing. For purposes of this section, a showing shall be deemed sufficient if a provider of medical services signs an affidavit stating that (a) in the case of an insurer, health maintenance organization, preferred provider organization, or other similar source, a written denial of payment has been issued or (b) in all other cases, efforts have been made to identify sources and to collect from those sources and more than one hundred eighty days have passed or the normal collection efforts are exhausted since the medical services were rendered but full payment has not been received. Such affidavit shall be forwarded to the appropriate governmental agency. In no event shall the provider of medical services be required to file a suit in a court of law or retain the services of a collection agency to satisfy the requirement of showing that reimbursement is not available pursuant to this section.

(2) In the case of medical services necessitated by injuries or wounds suffered during the course of apprehension or arrest, the appropriate governmental agency chargeable for the costs of medical services shall be the apprehending or arresting agency and not the agency responsible for operation of the institution or facility in which the recipient of the services is lodged. In all other cases, the appropriate governmental agency shall be the agency responsible for operation of the institution or facility in which the recipient of the services is lodged, except that when the agency is holding the individual solely for another jurisdiction, the agency may, by contract or otherwise, seek reimbursement from the other jurisdiction for the costs of the medical services provided to the individual being held for that jurisdiction.

(3) Except as provided in section 47-705, a governmental agency shall not be responsible for paying the costs of any medical services provided to an individual if such services are provided after he or she is released from the legal custody of the governmental agency or when the individual is released on parole.

(4) Any governmental agency requesting medical services for an individual who is arrested, detained, taken into custody, or incarcerated shall notify the provider of such services of (a) all information possessed by the agency concerning potential sources of payment and (b) the name of the appropriate governmental agency pursuant to subsection (2) of this section.

A court cannot declare which party is the appropriate governmental agency responsible for the costs of medical services unless there has been a showing that the recipient of medical services or its insurer cannot pay the medical provider in whole or in part. Chase County v. City of Imperial, 302 Neb. 395, 923 N.W.2d 428 (2019).
Under this section, there is a low threshold regarding the adequacy of the affidavit the provider of services must submit to the agency to show that the costs of services have not been paid. Chase County v. City of Imperial, 302 Neb. 395, 923 N.W.2d 428 (2019).

Upon a showing that the recipient of medical services or its insurer cannot pay the medical provider in whole or in part, this section provides that the costs of medical services shall be paid by the appropriate governmental agency. Chase County v. City of Imperial, 302 Neb. 395, 923 N.W.2d 428 (2019).

47-704 Costs not reimbursable.

The costs of routine medical services provided in the ordinary course of the duties of regular staff of a jail, prison, or other similar holding or detention facility shall not be considered reimbursable under sections 47-701 to 47-705.

47-705 Sections; how construed; denial of medical services; damages.

(1) Sections 47-701 to 47-704 do not release any governmental agency from liability for the costs of medical services made necessary by the negligence, recklessness, or intentional misconduct of the agency or its employees or the costs of medical care resulting from an accident or occupational disease arising out of and in the course of the individual’s performance of tasks assigned by the staff of the facility or institution holding that individual. Any recipient or provider of medical services or any insurer, health maintenance organization, preferred provider organization, or other similar source that may be responsible for the costs of medical services pursuant to sections 47-701 to 47-704 shall be entitled to reimbursement from the appropriate governmental agency for the costs of medical services made necessary by the negligence, recklessness, or intentional misconduct of the governmental agency or its employees or the costs of medical care resulting from an accident or occupational disease arising out of and in the course of the individual’s performance of tasks assigned by the staff of the facility or institution holding that individual.

(2) Any person who denies medical services to any individual who is arrested, detained, taken into custody, or incarcerated, solely on the basis that the individual is without a policy, subscription, or agreement with an insurer, a health maintenance organization, a preferred provider organization, or other similar source of health insurance, is guilty of nonfeasance, shall be removed from his or her employment immediately, and shall be answerable in civil damages to the individual denied medical services.

47-706 Medical assistance; federal financial participation; legislative intent; Department of Health and Human Services; Department of Correctional Services; duties.

(1) It is the intent of the Legislature to ensure that human services agencies, correctional facilities, and detention facilities recognize that:

(a) Federal law generally does not authorize federal financial participation for medicaid when a person is an inmate of a public institution as defined in federal law but that federal financial participation is available after an inmate is released from incarceration; and

(b) The fact that an applicant is currently an inmate does not, in and of itself, preclude the Department of Health and Human Services from processing an application submitted to it by, or on behalf of, the inmate.
(2)(a) Medical assistance under the medical assistance program shall be suspended, rather than canceled or terminated, for a person who is an inmate of a public institution if:

(i) The Department of Health and Human Services is notified of the person’s entry into the public institution;

(ii) On the date of entry, the person was enrolled in the medical assistance program; and

(iii) The person is eligible for the medical assistance program except for institutional status.

(b) A suspension under subdivision (2)(a) of this section shall end on the date the person is no longer an inmate of a public institution.

(c) Upon release from incarceration, such person shall continue to be eligible for receipt of medical assistance until such time as the person is otherwise determined to no longer be eligible for the medical assistance program.

(3)(a) The Department of Correctional Services shall notify the Department of Health and Human Services:

(i) Within twenty days after receiving information that a person receiving medical assistance under the medical assistance program is or will be an inmate of a public institution; and

(ii) Within forty-five days prior to the release of a person who qualified for suspension under subdivision (2)(a) of this section.

(b) Local correctional facilities, juvenile detention facilities, and other temporary detention centers shall notify the Department of Health and Human Services within ten days after receiving information that a person receiving medical assistance under the medical assistance program is or will be an inmate of a public institution.

(4) Nothing in this section shall create a state-funded benefit or program.

(5) For purposes of this section, medical assistance program means the medical assistance program under the Medical Assistance Act and the State Children’s Health Insurance Program.

(6) This section shall be implemented only if, and to the extent, allowed by federal law. This section shall be implemented only to the extent that any necessary federal approval of state plan amendments or other federal approvals are obtained. The Department of Health and Human Services shall seek such approval if required.

(7) Local correctional facilities, the Nebraska Commission on Law Enforcement and Criminal Justice, and the Office of Probation Administration shall cooperate with the Department of Health and Human Services and the Department of Correctional Services for purposes of facilitating information sharing to achieve the purposes of this section.

(8)(a) The Department of Correctional Services shall adopt and promulgate rules and regulations, in consultation with the Department of Health and Human Services and local correctional facilities, to carry out this section.

(b) The Department of Health and Human Services shall adopt and promulgate rules and regulations, in consultation with the Department of Correctional Services and local correctional facilities, to carry out this section.

47-802 Department of Correctional Services; Department of Administrative Services; powers and duties; contractor; duties. 
(1) The Department of Correctional Services is authorized to provide for incarceration, supervision, and residential treatment at facilities other than those operated by the Department of Correctional Services. Services offered for persons under the custody or supervision of the department are to include, but not be limited to, housing, treatment, medical and mental health services, work programs, education, and community corrections. Such services shall meet practices prescribed and established by the department for implementing such programs, including, but not limited to, practices concerning internal and perimeter security, discipline of inmates, educational and vocational training programs, employment of inmates, and proper food, clothing, housing, and medical care. Such services, if provided by private prison contractors, shall be contracted for as required by the Private Prison Contracting Act. All inmates incarcerated in a correctional institution operated under this subsection shall be treated in a reasonable and humane manner to the same extent as inmates incarcerated in a correctional institution operated by the department.

(2) The department is authorized to contract for the operation of correctional institutions of the department by private prison contractors. Such operation shall meet practices prescribed by the department, including, but not limited to, practices concerning internal and perimeter security, discipline of inmates, classification, educational and vocational training programs, and proper food, clothing, housing, transportation, and medical care. All inmates incarcerated in a correctional institution operated under this subsection shall be treated in a reasonable and humane manner to the same extent as inmates incarcerated in a correctional institution operated by the department. Contract requirements shall include, but not be limited to, the following:

(a) Drug testing of inmates as determined by the department;
(b) Compliance with all rules and regulations of the department;

(f) Requirements relating to exercise of force and use of firearms as follows:

(i) Employees of a private prison contractor shall be allowed to use force and to exercise their powers and authority only (A) while on the grounds of an institution operated in whole or in part by their employer; (B) while transporting inmates, and (C) while pursuing escapees from an institution;

(ii) An employee of a private prison contractor shall be allowed to carry firearms if the private prison contractor and the employee meet all federal, state, and local requirements regarding the possession and carrying of firearms. Such employee shall only be allowed to use a firearm (A) to prevent an inmate’s escape from a facility or from custody while being transported to or from a facility and (B) to prevent an act by an inmate which would cause death or serious bodily harm. For purposes of this subdivision, to prevent escape from a facility means to prevent an inmate from crossing the secure perimeter of a facility; and

(iii) Duly authorized persons who meet all the training and licensing requirements of the state where they are employed and who enter Nebraska for the purpose of transporting inmates of other states shall be authorized to use force while transporting and apprehending such inmates and shall be authorized to use deadly force under the circumstances as set forth in subdivision (ii) of this subdivision.

Subdivision (2)(f) of this section does not confer peace officer status on the private prison contractor or its employees or persons from other states and does not authorize the use of firearms, except in accordance with such subdivision;

(g) A provision that any offense which would be a crime if committed within a state or local correctional facility shall be a crime if committed in a facility operated by a private prison contractor; and

(h) A statement that the contract does not authorize, allow, or imply a delegation of authority or responsibility to any private prison contractor to perform any of the following:

(i) Calculating inmate release and parole eligibility dates;

(ii) Granting, denying, or revoking sentence credits;

(iii) Approving inmates for furloughs, work release, or parole; or

(iv) Approving the type of work inmates may perform or the wages or sentence credits which may be given the inmates engaging in such work.

(3) The department is authorized, only upon the condition that there is a need for more bed spaces when existing facilities are operating at maximum capacity of one hundred twenty-five percent, to seek approval for the construction of one
or more correctional institutions of the department by private prison contractors.

(4) A comprehensive file for all private prison contractors interested in and capable of operating one or more correctional institutions of the department or providing for the housing, care, and control of inmates in a correctional facility owned and operated by the contractor shall be maintained by the department. The file shall include:

(a) A completed application form received from the private prison contractor;
(b) A resume of the private prison contractor’s staff and capability;
(c) A completed performance evaluation form from past projects on which the contractor has provided private prison services;
(d) A list of past contracts with the state;
(e) A list of contracts to provide similar services to other states or to the United States; and
(f) The mailing address of each private prison contractor.

Any person or firm wishing to be a private prison contractor may request at any time to be included in the comprehensive file and shall be provided necessary forms within twenty days of the request, and the department shall add such contractor to the list within twenty days of receipt of a properly completed application. The department may solicit evaluation of work done by private prison contractors from members of the private sector, which evaluation shall be part of the comprehensive file.

(5) If the department intends to contract with a private prison contractor, subject to the requirements of subsection (3) of this section, all persons and firms included in the comprehensive file established pursuant to subsection (4) of this section shall be notified by mail of such intent. Such notification shall contain the following information:

(a) A description and the scope of the project;
(b) Estimated time schedule for the project;
(c) The final date for submitting to the Director of Correctional Services notice of interest in contracting; and
(d) Other pertinent data as determined by the department.

A private prison contractor desiring consideration shall meet the requirements of this section and, to be considered, shall submit a letter expressing interest in the project to the department within thirty days after the postmark date of the letter of notification mailed by the department. The contractor shall file an updated application form if requested by the department.

(6) The department shall define the scope of a proposed project, determine the various project components, phases, and timetables, and prepare detailed project descriptions to guide prospective contractors. Before the department awards a contract to a private prison contractor, the plans shall be approved by the Director of Correctional Services.

(7) The department shall review the files of the private prison contractors desiring consideration for the project. The review shall consider the requirements of the project, replies to inquiries to former clients of the private prison contracted, and the following factors to be determined from the comprehensive file:
§ 47-802  JAILS AND CORRECTIONAL FACILITIES

(a) Specialized experience in the type of work contemplated;
(b) Capacity of the private prison contractor to accomplish the work in the required time; and
(c) Past performance, from the performance evaluation form.

(8) A full report of the evaluation procedures and recommendations of the department shall be prepared by the department and submitted to the director for his or her independent review of the entire process.

(9)(a) The department shall select the private prison contractor whose qualifications and project proposal most substantially meet the criteria of the project description.
(b) The department shall execute the contract with the selected contractor, which contract shall include a fair and reasonable fee.
(c) The negotiated scope and fee shall be reported to the director for his or her approval of the award of the contract.

(10) The Department of Administrative Services shall assist the Department of Correctional Services in implementing the contracting procedures provided for in this section. The Department of Administrative Services may have a representative at any meeting involving negotiations of a contract between the Department of Correctional Services and a private prison contractor. Before submission of the proposed contract to the Governor, and prior to the date as of which the proposed contract is executed by the Department of Correctional Services, the Attorney General and the Director of Administrative Services shall review the proposed final version of the contract. The Attorney General and the Director of Administrative Services shall, within fifteen days after receipt of the proposed final version of the contract, either disapprove the contract or approve and execute the contract. If either the Attorney General or the Director of Administrative Services has objections to the proposed contract, the objections shall be communicated in writing to the Department of Correctional Services. The Department of Correctional Services shall take appropriate action regarding the objections and shall resubmit the proposed contract for additional review. The Attorney General and the Department of Administrative Services shall have an additional fifteen-day period to approve and execute the proposed contract. Failure of either the Attorney General or the Director of Administrative Services to act within the fifteen-day period shall constitute approval of the respective official to the proposed final version of the contract. The contract shall contain a separate signature block or line for signatures by the Attorney General and the Director of Administrative Services. The contract shall contain a statement to be executed by the Attorney General and the Director of Administrative Services that each one of them has reviewed the proposed contract for compliance with this section and all other applicable provisions of law and that the contract conforms to those requirements. Neither the private prison contractor nor the Director of Correctional Services shall execute the contract until the document has been executed by the Attorney General and the Director of Administrative Services as required by this subsection unless the approval of the Attorney General or the Director of Administrative Services is the result of failure to take action within the fifteen-day period prescribed by this subsection.

(11) The Director of Administrative Services may lease real property and improvements on such property to a private prison contractor in conjunction with a contract for private management of a state correctional institution.
located or to be built on the property. The lease may be entered into for a two-year term renewable at the sole option of the State of Nebraska.

(12) A contract awarded to a private prison contractor pursuant to this section shall be entered into for a period specified in each contract, subject to availability of funds annually appropriated by the Legislature for that purpose. No contract awarded pursuant to this section shall provide for the encumbrance of funds beyond the amount available for a fiscal year.

(13) No contract authorized pursuant to this section shall be awarded until the private prison contractor demonstrates to the satisfaction of the Department of Correctional Services:

(a) That the contractor possesses the necessary qualifications and experience to provide the services specified in the contract;

(b) That the contractor can provide the necessary qualified personnel to implement the terms of the contract;

(c) That the financial condition of the contractor is such that the terms of the contract can be fulfilled; and

(d) That the contractor has the ability to comply with applicable court orders and corrections practices.

(14) No contract authorized pursuant to this section shall be awarded until the private prison contractor demonstrates to the satisfaction of the Department of Correctional Services that the contractor can obtain insurance or provide self-insurance to compensate the state for any property damage or expenses incurred due to the operation of prison facilities and can indemnify the state against possible lawsuits arising from the operation of prison facilities by the private prison contractor.

(15) A private prison contractor shall not be bound by state laws or other legislative enactments governing the appointment, duties, salaries, or benefits of wardens, superintendents, or other correctional employees, except that any personnel authorized to carry and use firearms shall comply with the certification standards required by law and be authorized to use firearms only to prevent a felony, to prevent escape from custody, or to prevent an act which would cause death or serious bodily injury to the personnel or to another person.

(16) Any offense which would be a crime if committed within a state correctional institution also shall be a crime if committed in an institution or facility operated by a private prison contractor.

(17) The Director of Correctional Services or his or her designee shall monitor and evaluate the performance of the private prison contractor. Monitoring and evaluation to be considered comprehensive shall include, but not be limited to:

(a) The request for proposal process, bid process, and construction and contract phases;

(b) Compliance with the contract, including the provision of essential services;

(c) Compliance with performance criteria, including American Correctional Association accreditation standards, and penalties for noncompliance;
(d) Unlimited and unrestricted access to all parts of the facility with or without notice and all reports and records of the facility except the contractor’s financial records;

(e) Authority to enforce compliance, including authorization to impose a fine on the contractor for the contractor’s failure to perform its contractual duties or authority to cancel the contract if appropriate; and

(f) Reports by the contractor on compliance or performance measures, including, but not limited to, significant incidents as determined by the Department of Correctional Services.

47-803 Department of Correctional Services; contractor criteria; contract; requirements.

(1) The Department of Correctional Services shall develop criteria for the process by which a contractor for the construction or operation, or both, of a private prison is to be awarded a contract. The criteria shall be subject to approval by the Director of Correctional Services. The criteria for selection of a site for a proposed facility to be constructed or operated, or both, by a private prison contractor shall include, but shall not be limited to, the availability of medical services, support services, and transportation services and the availability of potential employees who would be qualified to perform required functions at a state correctional facility.

(2) Any contract between the department and a private prison contractor pursuant to which the private prison contractor provides for the housing, care, and control of inmates in a nondepartmental facility operated by the private prison contractor shall contain, in addition to other provisions, the following terms and conditions:

(a) Requiring the private prison contractor to provide such services in a facility which meets accreditation standards established by the American Correctional Association;

(b) Requiring the contractor to receive and maintain accreditation for the facility from the American Correctional Association within two years after commencement of operations of the facility;

(c) Requiring the Department of Correctional Services to determine where the facility is to be located and to obtain written authorization from the appropriate municipality or the county board of the county in which the facility is to be located; and

(d) Granting the department the option at the beginning of each fiscal year, pursuant to an agreement, to purchase any such facility, with or without inventory or other personal property, at a predetermined price which shall be negotiated and included in a schedule or a formula to be contained in the original agreement.

(3) A private prison contractor proposing to enter a contract with the department for construction or operation, or both, of a correctional facility pursuant to this section shall demonstrate:

(a) The qualifications and the operations and management experience to carry out the terms of the contract; and
(b) The ability to comply with the standards of the American Correctional Association and with specific court orders.

(4) In addition to meeting the requirements specified in the request for proposals, a proposal for the construction and operation of a correctional facility shall:

(a) Provide for regular, onsite monitoring by the department;

(b) Acknowledge that payment by the state is subject to the availability of appropriations;

(c) Provide for payment of a maximum amount per fiscal year;

(d) Provide for meeting performance criteria or be subject to penalties;

(e) Demonstrate a cost benefit to the State of Nebraska when compared to the level and quality of programs provided by state correctional facilities that have similar types of inmates at an operational cost not more than the cost of housing inmates in similar facilities and providing similar programs to those types of inmates in state-operated facilities. The department shall be responsible for determining the costs and benefits of the proposal;

(f) Permit the state to terminate the contract for cause;

(g) Contain a per diem operational cost per inmate for the initial year of operations;

(h) Subject to appropriations, provide that cost adjustments may be made only once each fiscal year, to take effect at the beginning of the next fiscal year using as the maximum percentage increase, if any, an increase not to exceed the previous year’s Consumer Price Index for All Urban Consumers as prepared by the United States Department of Labor, Bureau of Labor Statistics;

(o) Contain comprehensive standards for conditions of confinement.

(5) At the end of each fiscal year, the department shall determine the average daily cost per inmate for the operational costs at each major category of correctional facility. There shall be a separate computation of the average daily
rate for medium security, minimum security, and community corrections facilities.

(6) If no proposals conform to the established criteria, the department shall prepare an additional request for proposals. The department shall evaluate the proposals within thirty days after receipt from the prospective private prison contractors. The department shall specifically determine whether a proposal meets the requirements of subdivision (4)(e) of this section by comparing the daily rate for housing and care of inmates pursuant to any proposed contract with a private prison contractor to the daily rate for housing and care of inmates at the comparable type of facility operated by the department. The department shall evaluate proposals taking into account any direct or indirect costs that would continue to be paid by the department, including, but not limited to, transportation, records management, discipline, general administration, management of inmate trust funds, and major medical coverage. Such costs shall be added to the proposed per diem of the private prison contractor when comparing the total per diem costs of facilities operated by the state.

(7) If the department proposes to enter into a contract for the construction or the operation, or both, of a private prison, the department shall compare both the capital costs and the operating costs for the facility to the imputed capital costs and the projected operating costs of a comparable facility constructed and operated by the department.

(8) A selection committee shall be established and shall deliver to the Director of Correctional Services a list containing the top three qualified prospective private prison contractors identified pursuant to this section together with the information reviewed and analyzed by the department during analysis of the proposals as required by this section. The director shall evaluate the information provided and shall make a final decision selecting the contractor within thirty days after receipt of the list and the information.

(9) Any contract subject to this section entered into by the Department of Correctional Services shall be subject to the approval of the Governor.

47-804 Site selection criteria.

(1) The Department of Correctional Services shall develop criteria for selection of a site upon which to construct the correctional facilities. The criteria shall include, but shall not be limited to, the availability of medical services, support services, and transportation services, the availability of potential employees who would be qualified to perform required functions at a state correctional facility, and any benefits of incentives offered by the applicant. The criteria shall be subject to approval by the Director of Correctional Services.

(2) The department shall establish a process for requesting proposals to construct a correctional facility built with the funds authorized.

(3) Proposals shall be submitted not later than sixty days after receipt of the request for proposals. The department shall identify the proposals meeting the criteria approved pursuant to subsection (1) of this section within sixty days after receipt of the proposals. PRIVATE PRISON CONTRACTING ACT § 47-807

(4) Any plans developed pursuant to the process for selection of a private prison contractor for construction of a facility authorized under the Private Prison Contracting Act shall become the nonexclusive property of the State of Nebraska as a condition of the award of the final contract for construction of the facility. 47-807 Rules and regulations.

The Department of Correctional Services shall adopt and promulgate rules and regulations to carry out the Private Prison Contracting Act.

Sections 47-901 to 47-920 shall be known and may be cited as the Office of Inspector General of the Nebraska Correctional System Act.

47-902 Legislative intent.

(1) It is the intent of the Legislature to:

(a) Establish a full-time program of investigation and performance review to provide increased accountability and oversight of the Nebraska correctional system;

(b) Assist in improving operations of the department and the Nebraska correctional system;

(c) Provide an independent form of inquiry for concerns regarding the actions of individuals and agencies responsible for the supervision and release of persons in the Nebraska correctional system. HEALTHY PREGNANCIES FOR INCARCERATED WOMEN ACT

47-1001 Act, how cited.
Sections 47-1001 to 47-1007 shall be known and may be cited as the Healthy Pregnancies for Incarcerated Women Act.

Source: Laws 2019, LB690, § 1.

47-1002 Legislative findings and declarations.
The Legislature finds and declares:

(1) Restraining a pregnant woman can pose undue health risks to the woman and her pregnancy;

(2) The majority of female prisoners and detainees in Nebraska are nonviolent offenders;

(3) Restraining prisoners and detainees increases their potential for physical harm from an accidental trip or fall. The impact of such harm to a pregnant woman can negatively impact her pregnancy;

(4) Freedom from physical restraints is especially critical during labor, delivery, and postpartum recovery after delivery. Women often need to move around during labor and recovery, including moving their legs as part of the birthing process. Restraints on a pregnant woman can interfere with medical staff’s ability to appropriately assist in childbirth or to conduct sudden emergency procedures; and

(5) The Federal Bureau of Prisons, the United States Marshals Service, the American Correctional Association, the American College of Obstetricians and Gynecologists, the American Medical Association, and the American Public Health Association all oppose or severely limit the routine shackling of women during labor, delivery, and postpartum recovery because it is unnecessary and
dangerous to a woman’s health and well-being and creates an unnecessary risk to the baby during birth.

47-1003 Terms, defined.
For the purposes of the Healthy Pregnancies for Incarcerated Women Act:

(1) Administrator means the Director of Correctional Services, the sheriff or other person charged with administration of a jail, or any other official responsible for the administration of a detention facility;

(2) Detainee includes any adult or juvenile female detained under the immigration laws of the United States at any detention facility;

(3) Detention facility means any:
(a) Facility operated by the Department of Correctional Services;
(b) City or county jail;
(c) Juvenile detention facility or staff secure juvenile facility as such terms are defined in section 83-4,125; or
(d) Any other entity or institution operated by the state, a political subdivision, or a combination of political subdivisions for the careful keeping or rehabilitative needs of prisoners or detainees;

(4) Labor means the period of time before a birth during which contractions are of sufficient frequency, intensity, and duration to bring about effacement and progressive dilation of the cervix;

(5) Postpartum recovery means, as determined by her physician, the period immediately following delivery, including the entire period a woman is in the hospital or infirmary after birth;

(6) Prisoner means any adult or juvenile incarcerated or detained in any detention facility and includes, but is not limited to, any adult or juvenile who is accused of, convicted of, sentenced for, or adjudicated for violations of criminal law or the terms and conditions of parole, probation, pretrial release, post-release supervision, or a diversionary program; and

(7) Restraints means any physical restraint or mechanical device used to control the movement of a prisoner or detainee’s body or limbs, including, but not limited to, flex cuffs, soft restraints, hard metal handcuffs, a black box, Chubb cuffs, leg irons, belly chains, a security or tether chain, or a convex shield.

47-1004 Detention facility; use of restraints prohibited; exception; detention facility employee; presence in room during labor or childbirth; administrator of detention facility; duties.

(1) A detention facility shall not use restraints on a prisoner or detainee known to be pregnant, including during labor, delivery, or postpartum recovery or during transport to a medical facility or birthing center, unless the administrator makes an individualized determination that there are extraordinary circumstances as described in subsection (2) of this section.

(2) Restraints for an extraordinary circumstance are only permitted if the administrator makes an individualized determination that there is a substantial
flight risk or some other extraordinary medical or security circumstance that dictates restraints be used to ensure the safety and security of the prisoner or detainee known to be pregnant, the staff of the detention facility or medical facility, other prisoners or detainees, or the public, except that:

(a) If the doctor, nurse, or other health professional treating the prisoner or detainee known to be pregnant requests that restraints not be used, any detention facility employee accompanying the prisoner or detainee shall immediately remove all restraints;

(b) Under no circumstances shall leg or waist restraints be used on the prisoner or detainee known to be pregnant unless the prisoner or detainee presents an immediate and serious risk of harm or a substantial and immediate flight risk; and

(3) Upon a prisoner’s or detainee’s admission to a medical facility or birthing center for labor or childbirth, no detention facility employee shall remain present in the room during labor or childbirth unless specifically requested or approved by medical personnel. A detention facility employee may ask medical personnel to allow such employee to remain present. If a detention facility employee’s presence is requested or approved by medical personnel, the employee shall, if practicable, be female.

(4) If a prisoner or detainee known to be pregnant is transported to a medical facility or birthing center and restraints are used, the administrator of the detention facility shall inform the relevant staff at the medical facility or birthing center of the risks and dangers of removing the restraints from the specific prisoner or detainee.

(5) If restraints are used on a prisoner or detainee known to be pregnant pursuant to subsection (2) of this section:

(a) The type of restraint applied and the application of the restraint must be done in the least restrictive manner necessary; and

(b) The administrator shall make written findings within ten days as to the extraordinary circumstances that dictated the use of the restraints. These findings shall be kept on file by the detention facility for at least five years and be made available for public inspection, except that no individually identifying information of the prisoner or detainee shall be made public under this section without the prisoner’s or detainee’s prior written consent.

The Director of Correctional Services shall submit such report to the Inspector General of the Nebraska Correctional System. § 48-101	LABOR

Compensation by Action at Law, Modification of Remedies

48-101 Personal injury; employer’s liability; compensation, when.

When personal injury is caused to an employee by accident or occupational disease, arising out of and in the course of his or her employment, such employee shall receive compensation therefor from his or her employer if the employee was not willfully negligent at the time of receiving such injury.

1. Accident or occupational disease
2. Arising out of and in the course of employment
3. Willful negligence
4. Aggravating preexisting injury or disease
5. Burden of proof
6. Sufficiency of evidence to sustain award
7. Appeal
8. Release
9. Injuries sustained outside state
10. Miscellaneous

1. Accident or occupational disease

Under Nebraska’s workers’ compensation statutes, the law compensates a worker only for injuries resulting from an accident or occupational disease. Risor v. Nebraska Boiler, 277 Neb. 679, 765 N.W.2d 170 (2009).

The accident requirement of the act is satisfied if the cause of the injury was of accidental character or the effect was unexpected or unforeseen, and happened suddenly and violently; and, furthermore, it is no longer necessary that the injury be caused by a single traumatic event, but the exertion in the employment must contribute in some material and substantial degree to cause the injury. The term “in the course of” refers to the time, place, and circumstances surrounding the accident. The term “arising out of” describes the accident and its origin, cause, and character, i.e., whether it resulted from the risks arising within the scope or sphere of the employee’s job. Union Packing Co. v. Klauschie, 210 Neb. 331, 314 N.W.2d 25 (1982).

Award will be sustained when injury, resulting from an accident arising out of and in the course of employment and preexisting disease combined to produce disability. Yakal v. Henkle & Joyce Hardware Co., 145 Neb. 365, 16 N.W.2d 531 (1944).

Physical exertion and exposure to smoke and fumes incidental to work of a city fireman in fighting fire does not constitute an...
accidental injury compensable under workmen’s compensation law, where it appears that the disability was due to a preexisting heart disease. Brown v. City of Omaha, 141 Neb. 587, 4 N.W.2d 564 (1942).

Where sudden jerk of road grading machinery results in injury to back of employee, it is sufficient to constitute an accident arising out of and in the course of his employment. Jurgensen v. Rogers, 139 Neb. 30, 296 N.W. 341 (1941).

Where employee fails to show with reasonable certainty that there is a causal relation between accident and his disability, compensation will be denied. Hart v. American Community Stores Corp., 138 Neb. 149, 292 N.W. 387 (1940).

Claimant must show with reasonable certainty that alleged injury occurred and was caused by accident. Wayne County v. Lessman, 136 Neb. 311, 285 N.W. 579 (1939).

A claim for disability is properly allowed on evidence that employee suffered accidental injury to feet which caused arthritis. Fleisch v. Phillips Petroleum Co., 124 Neb. 1, 244 N.W. 925 (1932).

An injury which occurred in the course of employment unexpectedly and without the affirmative act or design of the employee is accidental. Van Vleet v. Public Service Co. of York, 111 Neb. 51, 195 N.W. 467 (1923).

2. Arising out of and in the course of employment

An employee leaving the premises of his or her employer in the usual and customary way after his or her work is ended is within the course of his or her employment within the meaning of this section. Zosucha v. Touch of Class Lounge, 269 Neb. 89, 690 N.W.2d 610 (2005).

An off-premises injury during a “coffee” or “rest” break may be found to have arisen in the course of employment under this section if the employer, in all the circumstances, including duration, shortness of the off-premises distance, and limitations on off-premises activity during the interval, can be deemed to have retained authority over the employee. Misek v. CNG Financial, 265 Neb. 837, 660 N.W.2d 495 (2003).

The phrases used in this section, “arising out of employment,” and “in the course of employment,” are not synonymous and must both be established in order for the Nebraska Workers’ Compensation Act to apply. A school teacher who was injured in the office of her husband, also a school teacher in the same school district, when a trapdoor was left open by workers installing cable wires, while helping her husband return computer equipment during a summer evening, was not acting “in the course of employment,” so there is no need to address whether the injury occurred during the employment. Skinner v. Ogallala Pub. Sch. Dist. No. 1, 262 Neb. 387, 631 N.W.2d 510 (2001).

This section compensates injury caused by an employee arising out of and in the course of his or her employment. Under the going to and from work rule, injuries sustained by an employee while going to and coming from work do not arise out of and in the course of employment within the meaning of this section unless it is determined that a distinct causal connection exists between an employer-created condition and the occurrence of the injury. Where an employee, in the performance of his or her duties, is required to travel and an accident occurs while he or she is so engaged, the accident arises out of and in the course of his or her employment and is within the scope of the Nebraska Workers’ Compensation Act. Under the special errand exception to the going and coming rule, if an employee is injured while going to and from work rule, an injury is compensable if either the deviation does not measurably detract from the work. Varela v. Fisher Roofing Co., Inc., 253 Neb. 667, 572 N.W.2d 780 (1998).

For purposes of this section, an injury is accidental if either its cause was accidental in character or its effect was unexpected or unforeseen, it happened suddenly and violently, and the occurrence produced at the time objective symptoms of injury. The “course of employment” embraces all activities connected with changing clothes before and after work, as well as similar acts during work hours. Cox v. Fugen Inc., 249 Neb. 677, 545 N.W.2d 80 (1996).

The phrase “arising out of” describes the accident and its origin, cause, and character, i.e., whether it resulted from the risks arising within the scope of the employee’s job; the phrase “in the course of” refers to the time, place, and circumstances surrounding the accident. The two phrases are conjunctive; in order to recover, a claimant must establish by a preponderance of the evidence the existence of both. Johnson v. Holdrege Med. Clinic, 249 Neb. 77, 541 N.W.2d 399 (1996).

In a workers’ compensation case based on an employee’s heart attack, causation required for compensability consists of two parts: legal cause and medical cause. Rosemann v. County of Sarpy, 237 Neb. 252, 466 N.W.2d 59 (1991).

The phrase “arising out of” refers to an injury which is the basis of a worker’s compensation claim and the injury’s origin, cause, and character, that is, whether an employee’s unexpected or unforeseen injury results from risks arising within the scope or sphere of employment. Rosemann v. County of Sarpy, 237 Neb. 252, 466 N.W.2d 59 (1991).

Under the “going and coming rule,” if an employee is injured while going to or from the employee’s workplace, the injury does not arise out of or in the course of the employment. Under the commercial traveler exception to the going and coming rule, where an employee is required to travel in the performance of the employee’s duties and an accident occurs while the employee is so engaged, it arises out of and in the course of the worker’s employment and is compensable. Reynolds v. School Dist. of Omaha, 236 Neb. 508, 461 N.W.2d 758 (1990).

Worker is an employee under the Workmen’s Compensation Act in accordance with the factors used to determine employee status including the element of control and the nature of the work. Franklin v. Pawley, 215 Neb. 624, 340 N.W.2d 156 (1983).

Where a tree blown over by violent wind crushed the victim-employee’s car, breaking the victim’s neck, the evidence did not establish that a hazard imposed upon the employee by reason of

WORKERS’ COMPENSATION § 48-101

This section compensates injury caused to an employee by an accident arising out of and in the course of his or her employment; the phrases “arising out of” and “in the course of” are conjunctive and must both be established by a preponderance of the evidence. The phrase “arising out of”, as used in this section, describes the accident and its origin, cause, and character, i.e., whether it resulted from the risks arising within the scope of the employee’s job; the phrase “in the course of” refers to the time, place, and circumstances surrounding the accident. An injury sustained by an employee while going to and from work, at a fixed place of employment, does not arise out of and in the course of employment; however, when an employer designates a lot as the proper place to park and provides a shuttle from that lot to the place of employment; an injury incurred in the designated lot arises out of and in the course of employment. LaCroix v. Omaha Public Schools, 254 Neb. 1014, 582 N.W.2d 283 (1998).

Injuries resulting from horseplay may be within the scope of employment; such injuries are within the scope of employment and compensable if (1) the deviation was insubstantial and (2) the deviation does not measurably detract from the work. Varela v. Fisher Roofing Co., Inc., 253 Neb. 667, 572 N.W.2d 780 (1998).

For purposes of this section, an injury is accidental if either its cause was accidental in character or its effect was unexpected or unforeseen, it happened suddenly and violently, and the occurrence produced at the time objective symptoms of injury. The “course of employment” embraces all activities connected with changing clothes before and after work, as well as similar acts during work hours. Cox v. Fugen Inc., 249 Neb. 677, 545 N.W.2d 80 (1996).

The phrase “arising out of” describes the accident and its origin, cause, and character, i.e., whether it resulted from the risks arising within the scope of the employee’s job; the phrase “in the course of” refers to the time, place, and circumstances surrounding the accident. The two phrases are conjunctive; in order to recover, a claimant must establish by a preponderance of the evidence the existence of both. Johnson v. Holdrege Med. Clinic, 249 Neb. 77, 541 N.W.2d 399 (1996).

In a workers’ compensation case based on an employee’s heart attack, causation required for compensability consists of two parts: legal cause and medical cause. Rosemann v. County of Sarpy, 237 Neb. 252, 466 N.W.2d 59 (1991).

The phrase “arising out of” refers to an injury which is the basis of a worker’s compensation claim and the injury’s origin, cause, and character, that is, whether an employee’s unexpected or unforeseen injury results from risks arising within the scope or sphere of employment. Rosemann v. County of Sarpy, 237 Neb. 252, 466 N.W.2d 59 (1991).

Under the “going and coming rule,” if an employee is injured while going to or from the employee’s workplace, the injury does not arise out of or in the course of the employment. Under the commercial traveler exception to the going and coming rule, where an employee is required to travel in the performance of the employee’s duties and an accident occurs while the employee is so engaged, it arises out of and in the course of the worker’s employment and is compensable. Reynolds v. School Dist. of Omaha, 236 Neb. 508, 461 N.W.2d 758 (1990).

Worker is an employee under the Workmen’s Compensation Act in accordance with the factors used to determine employee status including the element of control and the nature of the work. Franklin v. Pawley, 215 Neb. 624, 340 N.W.2d 156 (1983).

generally is subjected, and, therefore, the accident did not "arise out of" the employment. McGinn v. Douglas County Social Services Adm., 211 Neb. 72, 317 N.W.2d 764 (1982).

The plaintiff in a workmen’s compensation case must prove by a preponderance of the evidence that his disability is the result of an accident arising out of his employment, and when the disability is of a subjective nature, such as a psychogenic pain disorder, it requires competent medical testimony to show a causal connection between the alleged injury, the employ-

In determining whether injuries incurred off the employer’s premises are compensable under this section, the court will look at the nature of the activity in which the employee was engaged at the time of the injury, not the nature of the organization that sponsored the activity. Gray v. State, 205 Neb. 853, 290 N.W.2d 651 (1980).

Injuries incurred in an accident that occurred on the way to a primarily social event sponsored by an organization some of whose activities are work-related are not compensable under this section. Gray v. State, 205 Neb. 853, 290 N.W.2d 651 (1980).

When employee selects a method of transportation of his own and injury results, though on the premises of the employer, liability does not exist where employee was not engaged in any mission for employer, and where employer exercised no control over employee or conveyance selected. Where employee, to accomplish private purpose, wholly un-
connected with employer’s business, creates necessity for auto-
mobile trip which would not otherwise have been taken, injuries occurring on such trip are not compensable under workmen’s compensation law. Weideman v. Millburn & Scott Co., 138 Neb. 205, 292 N.W. 594 (1940).

An injury is not compensable where employee, on his own initiative, leaves his line of duty under his employment for purposes of his own, and, while doing so, sustains injury. Burlage v. Lefebure Corp., 137 Neb. 671, 291 N.W. 100 (1940).

Where employee was injured while returning truck to garage after making delivery for employer, injury occurred in the course of his employment. Conzuello v. Teague, 123 Neb. 574, 243 N.W. 779 (1932).

Where plaintiff school teacher and superintendent was injured while returning to place of employment from trip to city, on which trip he purchased some school supplies for employer, evidence was insufficient to prove injury was received in course of his employment. Babcock v. School District No. 107, 123 Neb. 491, 243 N.W. 831 (1932).

An injury arises out of course of employment when there is a reasonable causal connection between the conditions under which the work is required to be performed and the injury received while the employee is thus engaged. Speas v. Boone County, 119 Neb. 58, 227 N.W. 87 (1929).

An injury resulting from assault by fellow employee, not arising from any duty connected with employment but following personal altercation concerning matters not arising out of the performance of any service in the employment is not one arising out of employment. Urak v. Morris & Co., 107 Neb. 411, 186 N.W. 345 (1922).

Where the nature of the employment is such as to expose a worker to a wrongful act of another worker, which may reasonably be said to have been induced by the peculiar conditions of the employment, such an act may reasonably arise out of the employment. Socha v. Cudahy Packing Co., 105 Neb. 691, 181 N.W. 706 (1921).

Lighting a firework was not within the scope of the claimant’s job, and, thus, the accident leading to his injury did not arise out of his employment; horseplay analysis was unnecessary. Webber v. Webber, 28 Neb. App. 287, 942 N.W.2d 438 (2020).

The two phrases “arising out of” and “in the course of” in this section are conjunctive; in order to recover, a claimant must establish by a preponderance of the evidence that both conditions exist. Webber v. Webber, 28 Neb. App. 287, 942 N.W.2d 438 (2020); Coughlin v. County of Colfax, 27 Neb. App. 41, 926 N.W.2d 675 (2019).

The “in the course of” requirement of this section has been defined as testing the work connection as to time, place, and activity; that is, it demands that the injury be shown to have arisen within the time and space boundaries of the employment, and in the course of an activity whose purpose is related to the employment. Coughlin v. County of Colfax, 27 Neb. App. 41, 926 N.W.2d 675 (2019).

The phrase “arising out of,” as used in this section, describes the accident and its origin, cause, and character, i.e., whether it resulted from the risks arising within the scope of the employee’s job, the phrase “in the course of,” as used in this section, refers to the time, place, and circumstances surrounding the accident. Coughlin v. County of Colfax, 27 Neb. App. 41, 926 N.W.2d 675 (2019).

In cases governed by the Nebraska Workers’ Compensation Act, the “in the course of” requirement has been defined as testing the work connection as to the time, place, and activity; the injury must be shown to have arisen within the time and space boundaries of the employment, and in the course of an activity whose purpose is related to the employment. Brittain v. H & H Chevrolet, 21 Neb. App. 896, 845 N.W.2d 619 (2014).

Injuries sustained by an employee while going to and from work do not arise out of and in the course of employment unless it is determined that a distinct causal connection exists between an employer-created condition and the occurrence of the injury. 3. Willful negligence

An employee is not willfully negligent under this section for violating an employer’s safety rule when the trier of fact could reasonably infer that the safety rule was not always strictly enforced. Guico v. Excel Corp., 260 Neb. 712, 619 N.W.2d 470 (2000).

An employee who was willfully negligent at the time of his injury or death will not ordinarily be entitled to recover benefits under the workers’ compensation law. Breckenridge v. Midlands Roofing Co., 222 Neb. 452, 384 N.W.2d 298 (1986).

The fact that an employee knew he was committing suicide will not, in all cases, constitute willful negligence. Friedeman v. State, 215 Neb. 413, 339 N.W.2d 67 (1983).

Welding empty molasses tank without leaving air vent open or cleaning tank, where employee did not know such conduct was dangerous, did not constitute willful negligence so as to bar compensation. Richards v. Aths, 136 Neb. 741, 287 N.W. 199 (1939).

Lighting a match in a gas-filled room, in response to habit, after being warned against doing so is not necessarily willful negligence. Moise v. Fruit Dispatch Co., 135 Neb. 684, 283 N.W. 495 (1939).
§ 48-101
LABOR

Whether the acts of an employee constitute willful negligence is dependent upon his willingness to disregard it and maintain a course of conduct indicating a reckless indifference for his own safety. Richards v. Abts, 135 Neb. 347, 281 N.W. 611 (1938).

Employer, who attempts to avoid liability on ground that employee was willfully negligent, must prove a deliberate act knowingly done, or at least such conduct as evidences reckless indifference to his safety. Hoff v. Edgar, 133 Neb. 403, 275 N.W. 602 (1937).

An employee’s violation of an employers’ safety rule must be intentional in order for that employee to be held willfully negligent under this section. Spaulding v. Alliant Foodservice, 13 Neb. App. 99, 689 N.W.2d 593 (2004).

4. Aggravating preexisting injury or disease

An exertion-or stress-caused heart injury to which the claimant’s preexisting heart disease or condition contributes is compensable only if the claimant shows that the exertion or stress encountered during employment is greater than that experienced during the ordinary nonemployment life of the employee or any other person. While legal cause is established by satisfying the “stress greater than nonemployment life” test, a claimant must still demonstrate medical causation. If it is claimed that an injury was the result of stress or exertion in the employment, medical causation is established by a showing by the preponderance of the evidence that the employment contributed in some material and substantial degree to cause the injury. Leitz v. Roberts Dairy, 237 Neb. 235, 465 N.W.2d 601 (1991).

Injury lighting up a preexisting arthritic condition of spine is compensable. City of Omaha v. Casabian, 138 Neb. 408, 294 N.W. 389 (1940).

Where injury, arising out of and in the course of employment, combines with preexisting disease to produce disability, recovery can be had by employee. Chatt v. Massman Construction Co., 138 Neb. 288, 293 N.W. 105 (1940).

Injury from strain or overexertion due to a physical condition predisposing the employee to injury is an injury under the terms of the Workmen’s Compensation Act, even though, had the person been sound, the strain would not have been sufficient to occasion serious injury. Dymak v. Haskins Bros. & Co., 132 Neb. 308, 271 N.W. 860 (1937).

Where contract of employment was made in state between resident employee and employer having headquarters in state, compensation action is maintainable therein although injury was sustained in performing work outside state. Stone v. Thomson Co., 124 Neb. 181, 245 N.W. 600 (1932).

Where employee injured back and shoulder in course of employment thereby causing dormant disease to flare up, and resultant disability is due to the injury, he was entitled to compensation. Miller v. Central Coal & Coke Co., 123 Neb. 793, 244 N.W. 401 (1932).

5. Burden of proof

To recover under the Nebraska Workers’ Compensation Act, a claimant must prove by a preponderance of the evidence that an accident or occupational disease arising out of and occurring in the course of employment proximately caused an injury which resulted in disability compensable under the act. Risor v. Nebraska Boiler, 277 Neb. 679, 765 N.W.2d 170 (2009).

This court has expressly disapproved of language in previous opinions which imposed an enhanced degree of proof by an employee with a preexisting disability or condition who is prosecuting a claim under the Nebraska Workers’ Compensation Act. For an award based on disability, a claimant need only establish by a preponderance of the evidence that the employment proximately caused an injury which resulted in compensable disability. Gray v. Fuel Economy Contracting Co., 236 Neb. 937, 464 N.W.2d 366 (1991).

The plaintiff has the burden to establish that an injury for which workers’ compensation is sought arose out of and in the course of his employment. McGee v. Panhandle Technical Sys., 223 Neb. 56, 387 N.W.2d 709 (1986).

The burden of proof is upon the plaintiff to sustain his claim by a preponderance of the evidence. Parrish v. Karl Kehn & Sons Contractors, 186 Neb. 252, 182 N.W.2d 422 (1970).

Claimant has burden of establishing that injury complained of was caused by accident arising out of and in course of his employment. Huston v. Gage County Electric Co., 134 Neb. 805, 279 N.W. 797 (1938).

Where employee dies suddenly and mysteriously while engaged in his work, burden is on the claimant to prove facts necessary to bring case within compensation law, and such proof must be something more than mere guess. Shamp v. Landy Clark Co., 134 Neb. 73, 277 N.W. 802 (1938).

Burden of proof rests upon claimant to show with reasonable certainty that his ailment was caused by the injury, and this proof must be made by substantial evidence leading either to the direct conclusion or a legitimate inference that such is the fact. Skochdopole v. State, 133 Neb. 440, 275 N.W. 665 (1937).

Claimant has burden of showing that he suffered injury resulting from accident arising out of and in course of his employment. Price v. Burlington Refrigerator Express Co., 131 Neb. 657, 269 N.W. 425 (1936).

Where evidence fails to show any relationship between injury and the disease from which the employee died, burden of proof was not sustained. Beatrice Creamery Co. v. Kizer, 127 Neb. 34, 254 N.W. 690 (1934).

Burden of proof is on plaintiff and must be established by substantial evidence and not probabilities. Saxton v. Sinclair Refining Co., 125 Neb. 468, 250 N.W. 655 (1933).

Burden of proof is on employee. Parsons Oil Co. v. Schlitt, 125 Neb. 223, 249 N.W. 313 (1933).

When employee dies suddenly and mysteriously while engaged at work, burden of proof that death was accident arising out of employment rests on claimant hereunder. Mullen v. City of Hastings, 125 Neb. 172, 249 N.W. 560 (1933).

Burden of proof is on employee to prove personal injury caused by accident arose out of and in course of his employment. Townsend v. Loueffelbein, 123 Neb. 794, 244 N.W. 418 (1932); Bartlett v. Eaton, 123 Neb. 599, 243 N.W. 772 (1932).

6. Sufficiency of evidence to sustain award

A workers’ compensation award cannot be based on mere possibility or speculation, and if an inference favorable to the plaintiff can only be reached on the basis thereof, he or she cannot recover. Gray v. Fuel Economy Contracting Co., 236 Neb. 937, 464 N.W.2d 366 (1991).

The rule of liberal construction applies to the Workmen’s Compensation Act, but it is not applicable to the evidence offered in support of a claim made for benefits under the act. Parrish v. Karl Kehn & Sons Contractors, 186 Neb. 252, 182 N.W.2d 422 (1970).

Evidence of plaintiff was sufficient to prove injury in the course of his employment. Harrington v. Missouri Valley Constr. Co., 182 Neb. 434, 155 N.W.2d 355 (1967).

Reissue 2021

Awards cannot be based on possibilities or probabilities, but they must be supported by evidence showing that claimant incurred a disability arising out of and in the course of his employment. O'Connor v. Abbott, 134 Neb. 471, 279 N.W. 207 (1938).

Evidence was insufficient to sustain finding that plaintiff suffered an accident arising out of and in course of his employment. Loehr v. Alamoso Dairy Co., 133 Neb. 444, 275 N.W. 596 (1937).

Evidence was insufficient to prove the claim that a workman who received compensation for a total disability caused by an injury in 1920, suffered total disability from a fall occurring in 1934. McGuire v. Kansas City Bridge Co., 132 Neb. 1, 270 N.W. 669 (1937).

An award for compensation cannot be based on possibility, probability, speculation, or conjecture, but burden is upon claimant to show that he suffered injury from an accident arising out of and in the course of his employment. Milson v. City of Gordon, 129 Neb. 888, 263 N.W. 208 (1935).

Where employee was injured in course of employment and was never able to work thereafter, employer sustained burden of showing disability was due to accident and not to infectious disease. Truka v. McDonnell, 127 Neb. 780, 257 N.W. 232 (1934).

Where the actual cause of death of employee is a matter of conjecture and speculation, the evidence is insufficient to sustain an award. Orchard & Wilhelm Co. v. Petersen, 127 Neb. 476, 236 N.W. 37 (1934).

Accidental death, in compensation case, need not be established to a certainty, but only to a reasonable certainty. Aeschleman v. Haschenburger Co., 127 Neb. 207, 254 N.W. 899 (1934).

Award of compensation cannot be based on possibilities or probabilities. Huffman v. Great Western Sugar Co., 125 Neb. 302, 250 N.W. 70 (1933).

7. Appeal

Evidence established that music supervisor killed en route to judge music contest was not acting in the course of his employment at the time he was killed since he was not to be controlled or supervised by any of the defendants while judging the contest nor did his judging activities primarily benefit any of the defendants. This court will not overturn factfindings by the Workmen's Compensation Court unless they are clearly wrong. Stoll v. School Dist. (No. 1) of Lincoln, 207 Neb. 670, 301 N.W.2d 68 (1981).

Supreme Court may, upon trial de novo, consider fact that Supreme Court may, upon trial de novo, consider fact that Supreme Court may, upon trial de novo, consider fact that evidence of some witnesses rather than to contradictory testimony of others. Sherman v. Great Western Sugar Co., 127 Neb. 505, 255 N.W. 772 (1934).

Where employer is engaged in business in Nebraska but employee, while engaged in employer's business in another state, is injured, employee may recover compensation. Penwell v. Anderson, 125 Neb. 449, 250 N.W. 665 (1933).

10. Miscellaneous

Absent an amendment to the Nebraska Workers' Compensation Act, an appellate court will not judicially create a "substantially certain" exception from the act's intended exclusive jurisdiction over workplace injuries, so as to allow an employer to be sued in tort if the employer knew its tortious conduct was substantially certain to result in an employee's injury. Estate of Teague v. Crossroads Co-op Assn., 286 Neb. 1, 834 N.W.2d 236 (2013).

By barring an employee's estate from bringing a tort action against the employer for the employee's accidental death in the workplace, the Nebraska Workers' Compensation Act did not violate the estate's Seventh Amendment right to a jury trial. Estate of Teague v. Crossroads Co-op Assn., 286 Neb. 1, 834 N.W.2d 236 (2013).

Delay, cost, and uncertainty are contrary to the underlying purposes of the Nebraska Workers' Compensation Act; the act was intended by the Legislature to simplify legal proceedings and to bring about a speedy settlement of disputes between the injured employee and the employer by taking the place of expensive court actions with tedious delays and technicalities. Estate of Teague v. Crossroads Co-op Assn., 286 Neb. 1, 834 N.W.2d 236 (2013).

The distinction made by the Nebraska Workers' Compensation Act between employees who are intentional tort victims and nonemployees who are intentional tort victims, barring only employees who are injured by intentional torts of their employers from bringing a tort action, does not violate the equal protection, due process, or special legislation provisions of the U.S. and Nebraska Constitutions; the act was not designed to govern the rights of nonemployees, and thus employees and nonemployees are not similarly situated, the Legislature made a rational distinction between the two groups, and workers' compensation law reflected policy choice that employers bear the costs of employees' work-related injuries. Estate of Teague v. Crossroads Co-op Ass'n., 286 Neb. 1, 834 N.W.2d 236 (2013).
§ 48-101 LABOR

The Nebraska Workers’ Compensation Act’s different standards of exclusivity for employees versus employers, providing compensation under the act for employees injured by an employer’s willful negligence but not providing compensation under the act for employees injured by their own willful negligence, does not violate the equal protection, due process, or special legislation provisions of the U.S. and Nebraska Constitutions; employers and employees stand in different relations to the common undertaking and are not similarly situated, it was rational for the Legislature to recognize this fact when determining employers’ and employees’ rights and liabilities under the act, and it was not arbitrary for the Legislature to determine coverage under the act based on whose willful negligence caused the injury. State of Teague v. Crossroads Co-op Assn., 286 Neb. 1, 834 N.W.2d 236 (2013).

The primary object of the Nebraska Workers’ Compensation Act is to do away with the inadequacies and defects of the common-law remedies; to destroy the common-law defenses; and, in the employments affected, to give compensation, regardless of the fault of the employer. Estate of Teague v. Crossroads Co-op Assn., 286 Neb. 1, 834 N.W.2d 236 (2013).

The Nebraska Workers’ Compensation Act should be construed liberally so that its beneficial purposes may not be thwarted by technical refinements of interpretation. Carter v. Weyerhaeuser Co., 234 Neb. 558, 452 N.W.2d 32 (1990).

Allegations that an employer intentionally concealed the dangers inherent in the workplace, intentionally inflicted injury resulting in occupational disease, and intentionally concealed the true nature and effect of the disease fall within the Nebraska Workers’ Compensation Act, which is the exclusive remedy. Abbott v. Gould, Inc., 232 Neb. 907, 443 N.W.2d 591 (1989).

An employer’s intentional concealment of the dangers inherent in the work environment and the true nature and effect of an occupational disease does not constitute involuntary servitude—the use or threat of physical force or legal coercion to extract labor from an unwilling worker—and thus construing the Workers’ Compensation Act to include such conduct does not violate U.S. Const. amend. XIII or Neb. Const. art. I, sec. 2. Abbott v. Gould, Inc., 232 Neb. 907, 443 N.W.2d 591 (1989).

The exclusive remedy provided by the Workers’ Compensation Act satisfies the due process requirements of Neb. Const. art. I, sec. 3, as well as the requirements of Neb. Const. art. I, sec. 13, that every person shall have a remedy by due course of law for any injury done to him or her. Abbott v. Gould, Inc., 232 Neb. 907, 443 N.W.2d 591 (1989).

An employee’s injuries are compensable as long as his employment duties put him in a position that he might not otherwise be in which exposes him to a greater risk, even though the risk is not greater than that of the general public. Nippert v. Shinn Farm Constr. Co., 223 Neb. 236, 388 N.W.2d 820 (1986).

The Workers’ Compensation Act is to be construed liberally so that its beneficial purposes may not be thwarted by technical refinement of interpretation. Friedeman v. State, 215 Neb. 413, 339 N.W.2d 67 (1983).

While the act of suicide may be an independent intervening cause in some cases, it is certainly not so in those cases where the uncontrollable evidence shows that, without the injury, there would have been no suicide; that the suicide was merely an act intervening between the injury and the death and part of an unbroken chain of events from the injury to the death. Friedeman v. State, 215 Neb. 413, 339 N.W.2d 67 (1983).

If coverage exists, Workmen’s Compensation Act is exclusive. Marlow v. Maple Manor Apartments, 193 Neb. 654, 228 N.W.2d 303 (1975).

The state, by its Legislature, has extensively entered the field of labor. Midwest Employers Council, Inc. v. City of Omaha, 177 Neb. 877, 131 N.W.2d 609 (1964).

Employee having compensable injury was not a malingerer when he labored under mental condition firmly and honestly believing such injury to be permanent, and for which mental condition treatment had been inadequate. Rexroat v. State, 142 Neb. 596, 7 N.W.2d 163 (1942).

Whatever the employee’s physical condition may be, the employer is bound to compensate him for any impairment of his existing ability to perform the duties in which he was engaged, by accident arising out of and in the course of his employment. Hansen v. Paxton & Vierling Iron Works, 138 Neb. 589, 293 N.W. 415 (1940).

When city has no authority to control the details of the work or to direct the manner and mode of doing it, it is not liable to W.P.A. worker. Williams v. City of Wymore, 138 Neb. 256, 292 N.W. 726 (1940).

Suspicion of fraud, arising from recovery of compensation for two former accidents of similar nature, will not defeat claim for workmen’s compensation. Klement v. H. P. Lau Co., 138 Neb. 144, 292 N.W. 381 (1940).

In all questions under workmen’s compensation law, rules of technical construction will be avoided, and intention of Legislature will be determined from language of act as a whole. Dobesh v. Associated Asphalt Contractors, 138 Neb. 117, 292 N.W. 59 (1940).

An employee is not necessarily precluded from recovering compensation by the mere fact that after the injury he receives a larger sum, as wages, than his former remuneration. Miek v. Omaha Steel Works, 136 Neb. 843, 287 N.W. 645 (1939); 135 Neb. 449, 282 N.W. 262 (1938).

Payment of employee’s wages from federal funds does not relieve city from payment of compensation, where city had entire charge of directing and controlling work. Hendershot v. City of Lincoln, 136 Neb. 606, 288 N.W. 909 (1939).

The relief authorized by workmen’s compensation law includes purpose to prevent employee’s dependents from becoming a public charge. Westcott v. Lilley, 134 Neb. 376, 278 N.W. 854 (1938).

Court will give a liberal construction to the workmen’s compensation law, so that its beneficial purposes may not be thwarted by technical refinement of interpretation. Wilson v. Brown-McDonald Co., 134 Neb. 211, 278 N.W. 254 (1938).

Where a right has been created by statute which did not exist at common law, Legislature may impose restrictions thereon, and such restrictions become an integral part of the act and must be fully complied with in the manner prescribed. Ray v. Sanitary Garbage Co., 134 Neb. 178, 278 N.W. 139 (1938).

If plaintiff was injured while employed in improvement work on Missouri River, remedy is provided by workmen’s compensation law rather than United States Seaman’s Act. Belk v. Massman Construction Co., 133 Neb. 303, 275 N.W. 76 (1937).

Remedy under compensation law is exclusive where employee operating thereunder sustains an injury by reason of an accident arising out of and in the course of his employment. Jones v. Rossbach Coal Co., 130 Neb. 302, 264 N.W. 877 (1916).

Malingering is defined. Great Western Sugar Co. v. Hewitt, 127 Neb. 790, 257 N.W. 61 (1934).
Where employee unreasonably refuses to undergo simple operation which would relieve him from disability, compensation may be suspended. Simmerman v. Felthauser, 125 Neb. 795, 251 N.W. 831 (1934).

Workmen’s Compensation Act is one of general interest to worker and employer alike, as well as to the state, and it should be so construed that technical refinements of interpretation will not defeat its purpose. Speas v. Boone County, 119 Neb. 58, 227 N.W. 87 (1929).

Workmen’s Compensation Act is not applicable to a nonresident employer and a resident employee where contract of employment was made in this state for services to be performed in another state, and employer was not at the time of contract engaged in any trade, business, profession, or avocation in this state. Watts v. Long, 116 Neb. 656, 218 N.W. 410 (1928).

An employee’s deliberate or intentional defiance of a reasonable rule will disqualify that employee from receiving benefits if (1) the employer has a reasonable rule designed to protect the health and safety of the employee, (2) the employee has actual notice of the rule, (3) the employee has an understanding of the danger involved in the violation of the rule, (4) the rule is kept alive by bona fide enforcement by the employer, and (5) the employee does not have a bona fide excuse for the rule violation. These factors need not be met when an employee has accidentally violated a safety rule. Spaulding v. Alliant Foodservice, 13 Neb. App. 99, 689 N.W.2d 593 (2004).

An assault on an employee at the workplace because of purely personal motivations or animosity will not arise out of the employment unless the work is determined to have exacerbated the personal dispute or facilitated an assault that would not otherwise have been committed. The question of whether the employment does facilitate such an assault is a question of fact for the trial court to determine. Monahan v. United States Check Book Co., 4 Neb. App. 227, 540 N.W.2d 380 (1995).

Deceased was, as a matter of law, not an employee of defendant under Nebraska workmen’s compensation law. Pryor v. Strawn, 73 F.2d 595 (8th Cir. 1934).

48-101.01 Mental injuries and mental illness; first responder; frontline state employee; county correctional officer; legislative findings; evidentiary burden; compensation; when; first responder; annual resilience training; reimbursement; department; duties.

(1) The Legislature finds and declares:

(a) The occupations of first responders are recognized as stressful occupations. Only our nation’s combat soldiers endure more stress. Similar to military personnel, first responders face unique and uniquely dangerous risks in their sworn mission to keep the public safe. They rely on each other for survival to protect the communities they serve;

(b) On any given day, first responders can be called on to make life and death decisions, witness a young child dying with the child’s grief-stricken family, make a decision that will affect a community member for the rest of such person’s life, or be exposed to a myriad of communicable diseases and known carcinogens;

(c) On any given day, first responders protect high-risk individuals from themselves and protect the community from such individuals;

(d) First responders are constantly at significant risk of bodily harm or physical assault while they perform their duties;

(e) Constant, cumulative exposure to horrific events make first responders uniquely susceptible to the emotional and behavioral impacts of job-related stressors;

(f) Trauma-related injuries can become overwhelming and manifest in post-traumatic stress, which may result in substance use disorders and even, tragically, suicide; and

(g) It is imperative for society to recognize occupational injuries related to post-traumatic stress and to promptly seek diagnosis and treatment without stigma. This includes recognizing that mental injury and mental illness as a result of trauma is not disordered, but is a normal and natural human response to trauma, the negative effects of which can be ameliorated through diagnosis and effective treatment.

(2) Personal injury includes mental injuries and mental illness unaccompanied by physical injury for an employee who is a first responder, frontline state employee, or county correctional officer if such employee:
§ 48-101.01  LABOR

(a) Establishes that the employee’s employment conditions causing the mental injury or mental illness were extraordinary and unusual in comparison to the normal conditions of the particular employment; and

(b) Establishes, through a mental health professional, the medical causation between the mental injury or mental illness and the employment conditions by medical evidence.

(3) The employee bears the burden of establishing the matters described in subsection (2) of this section by a preponderance of the evidence.

(4) Until January 1, 2028, a first responder may establish prima facie evidence of a personal injury that is a mental injury or mental illness if the first responder:

(a) Presents evidence that the first responder underwent a mental health examination by a mental health professional upon entry into such service or subsequent to such entry and before the onset of the mental injury or mental illness and such examination did not reveal the mental injury or mental illness for which the first responder seeks compensation;

(b) Presents testimony or an affidavit from a mental health professional stating the first responder suffers from a mental injury or mental illness caused by one or more events or series of events which cumulatively produced the mental injury or mental illness which brought about the need for medical attention and the interruption of employment;

(c) Presents evidence that such events or series of events arose out of and in the course of the first responder’s employment; and

(d) Presents evidence that, prior to the employment conditions which caused the mental injury or mental illness, the first responder had participated in resilience training and updated the training at least annually thereafter.

(5) For purposes of this section, mental injuries and mental illness arising out of and in the course of employment unaccompanied by physical injury are not considered compensable if they result from any event or series of events which are incidental to normal employer and employee relations, including, but not limited to, personnel actions by the employer such as disciplinary actions, work evaluations, transfers, promotions, demotions, salary reviews, or terminations.

(6)(a) The Department of Health and Human Services shall reimburse a first responder for the cost of annual resilience training not reimbursed by the first responder’s employer. The department shall pay reimbursement at a rate determined by the Critical Incident Stress Management Program under section 71-7104. Reimbursement shall be subject to the annual limit set by such program under section 71-7104.

(b) To obtain reimbursement under this subsection, a first responder shall submit an application to the Department of Health and Human Services on a form and in a manner prescribed by the department.

(7) The Department of Health and Human Services shall maintain and annually update records of first responders who have completed annual resilience training.

(8) For purposes of this section:

(a) County correctional officer means a correctional officer employed by a high-population county whose:
(i) Position obligates such employee to maintain order and custody of inmates in a county jail; and
(ii) Duties involve regular and direct interaction with high-risk individuals;
(b) Custody means:
(i) Under the charge or control of a state institution or state agency and includes time spent outside of the state institution or state agency; or
(ii) In the custody of a county jail in a high-population county or in the process of being placed in the custody of a county jail in a high-population county;
(c) First responder means a sheriff, a deputy sheriff, a police officer, an officer of the Nebraska State Patrol, a volunteer or paid firefighter, or a volunteer or paid individual licensed under a licensure classification in subdivision (1) of section 38-1217 who provides medical care in order to prevent loss of life or aggravation of physiological or psychological illness or injury;
(d) Frontline state employee means an employee of the Department of Correctional Services or the Department of Health and Human Services whose duties involve regular and direct interaction with high-risk individuals;
(e) High-population county means a county with more than three hundred thousand inhabitants as determined by the most recent federal decennial census or the most recent revised certified count by the United States Bureau of the Census;
(f) High-risk individual means an individual in custody for whom violent or physically intimidating behavior is common, including, but not limited to, a committed offender as defined in section 83-170, a patient at a regional center as defined in section 71-911, a juvenile committed to a youth rehabilitation and treatment center, and a person in the custody of a county jail in a high-population county or in the process of being placed in the custody of a county jail in a high-population county;
(g) Mental health professional means:
(i) A practicing physician licensed to practice medicine in this state under the Medicine and Surgery Practice Act;
(ii) A practicing psychologist licensed to engage in the practice of psychology in this state as provided in section 38-3111 or as provided in similar provisions of the Psychology Interjurisdictional Compact; or
(iii) A person licensed as an independent mental health practitioner under the Mental Health Practice Act; and
(h) Resilience training means training that meets the guidelines established by the Critical Incident Stress Management Program under section 71-7104 and that teaches how to adapt to, manage, and recover from adversity, trauma, tragedy, threats, or significant sources of stress.
(9) All other provisions of the Nebraska Workers' Compensation Act apply to this section.

Effective date August 28, 2021.

Note: The Revisor of Statutes has pursuant to section 49-769 correlated LB273, section 5, with LB407, section 1, to reflect all amendments.

48-102 Employer's liability; negligence; action; defenses denied.

In all cases brought under sections 48-101 to 48-108, it shall not be a defense (a) that the employee was negligent, unless it shall also appear that such negligence was willful, or that the employee was in a state of intoxication; (b) that the injury was caused by the negligence of a fellow employee; or (c) that the employee had assumed the risks inherent in, or incidental to, or arising from the failure of the employer to provide and maintain safe premises and suitable appliances, which grounds of defense are hereby abolished.

A common-law misrepresentation defense to govern when an applicant’s misrepresentation will bar recovery of workers’ compensation benefits is incompatible with the Nebraska Workers’ Compensation Act, overruling Hilt Truck Lines, Inc. v. Jones, 204 Neb. 115, 281 N.W.2d 399 (1979); Bassinger v. Nebraska Heart Hosp., 282 Neb. 835, 806 N.W.2d 395 (2011).

This section eliminates from workers’ compensation proceedings the three common-law defenses of contributory negligence, the fellow-servant rule, and assumption of the risk, preserving only the employee’s willful negligence and intoxication as defenses which the employer may raise. Estate of Coe v. Willmes Trucking, 268 Neb. 880, 689 N.W.2d 318 (2004).

Willful exposure to freezing weather was not a defense. Mead v. Missouri Valley Grain, Inc., 178 Neb. 553, 134 N.W.2d 243 (1965).

Allegation that disability was due to employee’s failure to allow normal recovery constituted charge of willful negligence. Rexroat v. State, 142 Neb. 596, 7 N.W.2d 163 (1942).

Defense that plaintiff was willfully negligent was not established by evidence. Brown v. York Water Co., 104 Neb. 516, 177 N.W. 833 (1920).

48-103 Employer’s liability; defenses; when not available.

If an employer, as defined in section 48-106, does not carry a policy of workers’ compensation insurance nor qualify as a self-insurer or, in the case of an employer who is a lessor of one or more commercial motor vehicles leased to a self-insured motor carrier, is not a party to an effective agreement pursuant to section 48-115.02, he or she loses the right to interpose the three defenses mentioned in section 48-102 in any action brought against him or her for personal injury or death of an employee.

Under this section, when an employer fails to carry workers’ compensation insurance or an acceptable alternative and an injured employee elects to seek damages in a common-law action, the employer “loses the right to interpose” contributory negligence (unless the employee was intoxicated or willfully negligent), the fellow-servant rule, and assumption of the risk as defenses in the action. Estate of Coe v. Willmes Trucking, 268 Neb. 880, 689 N.W.2d 318 (2004).

48-105 Preceding sections; application.

The provisions of sections 48-101 to 48-103 shall apply to any claim for the death of an employee arising under sections 30-809 and 30-810 concerning death by wrongful act.

48-106 Employer; coverage of act; excepted occupations; election to provide compensation.

(1) The Nebraska Workers' Compensation Act shall apply to the State of Nebraska, to every governmental agency created by the state, and, except as provided in this section, to every resident employer in this state and nonresident employer performing work in this state who employs one or more employees in the regular trade, business, profession, or vocation of such employer.

(2) The act shall not apply to:
(a) A railroad company engaged in interstate or foreign commerce;
(b) Service performed by a worker who is a household domestic servant in a private residence;
(c) Service performed by a worker when performed for an employer who is engaged in an agricultural operation and employs only related employees;
(d) Service performed by a worker when performed for an employer who is engaged in an agricultural operation and employs unrelated employees unless such service is performed for an employer who during any calendar year employs ten or more unrelated, full-time employees, whether in one or more locations, on each working day for thirteen calendar weeks, whether or not such weeks are consecutive. The act shall apply to an employer thirty days after the thirteenth such week; and
(e) Service performed by a person who is engaged in an agricultural operation, or performed by his or her related employees, when the service performed is (i) occasional and (ii) for another person who is engaged in an agricultural operation who has provided or will provide reciprocal or similar service.

(3) If the employer is the state or any governmental agency created by the state, the exemption from the act under subdivision (2)(d) of this section does not apply.

(4) If the act applies to an employer because the employer meets the requirements of subdivision (2)(d) of this section, all unrelated employees shall be covered under the act and such employees’ wages shall be considered for premium purposes.

(5) If an employer to whom the act applies because the employer meets the requirements of subdivision (2)(d) of this section subsequently does not employ ten or more unrelated, full-time employees, such employer shall continue to provide workers’ compensation insurance coverage for the employees for the remainder of the calendar year and for the next full calendar year. When the required coverage period has expired, such employer may elect to return to exempt status by (a) posting, continuously in a conspicuous place at the employment locations of the employees for a period of at least ninety days, a written or printed notice stating that the employer will no longer carry workers’ compensation insurance for the employees and the date such insurance will cease and (b) thereafter no longer carrying a policy of workers’ compensation insurance. Failure to provide notice in accordance with this subsection voids an employer’s attempt to return to exempt status.

(6) An employer who is exempt from the act under subsection (2) of this section may elect to bring the employees of such employer under the act. Such election is made by the employer obtaining a policy of workers’ compensation insurance covering such employees. Such policy shall be obtained from a
corporation, association, or organization authorized and licensed to transact the business of workers’ compensation insurance in this state. If such an exempt employer procures a policy of workers’ compensation insurance which is in full force and effect at the time of an accident to an employee of such employer, such procurement is conclusive proof of the employer’s and employee’s election to be bound by the act. Such an exempt employer who has procured a policy of workers’ compensation insurance may elect to return to exempt status by (a) posting, continuously in a conspicuous place at the employment locations of the employees for a period of at least ninety days, a written or printed notice stating that the employer will no longer carry workers’ compensation insurance for the employees and the date such insurance will cease and (b) thereafter no longer carrying a policy of workers’ compensation insurance. Failure to provide notice in accordance with this subsection voids an employer’s attempt to return to exempt status.

(7) Every employer exempted under subdivision (2)(d) of this section who does not elect to provide workers’ compensation insurance under subsection (6) of this section shall give all unrelated employees at the time of hiring or at any time more than thirty calendar days prior to the time of injury the following written notice which shall be signed by the unrelated employee and retained by the employer: “In this employment you will not be covered by the Nebraska Workers’ Compensation Act and you will not be compensated under the act if you are injured on the job or suffer an occupational disease. You should plan accordingly.” Failure to provide the notice required by this subsection subjects an employer to liability under and inclusion in the act for any unrelated employee to whom such notice was not given.

(8) An exclusion from coverage in any health, accident, or other insurance policy covering a person employed by an employer who is exempt from the act under this section which provides that coverage under the health, accident, or other insurance policy does not apply if such person is entitled to workers’ compensation coverage is void as to such person if such employer has not elected to bring the employees of such employer within the act as provided in subsection (6) of this section.

(9) For purposes of this section:

(a) Agricultural operation means (i) the cultivation of land for the production of agricultural crops, fruit, or other horticultural products or (ii) the ownership, keeping, or feeding of animals for the production of livestock or livestock products;

(b) Full-time employee means a person who is employed to work one-half or more of the regularly scheduled hours during each pay period; and

(c) Related employee means a spouse of an employer and an employee related to the employer within the third degree by blood or marriage. Relationship by blood or marriage within the third degree includes parents, grandparents, great grandparents, children, grandchildren, great grandchildren, brothers, sisters, uncles, aunts, nephews, nieces, and spouses of the same. If the employer is a partnership, limited liability company, or corporation in which all of the partners, members, or shareholders are related within the third degree by blood or marriage, then related employee means any employee
related to any such partner, member, or shareholder within the third degree by blood or marriage.

5. Employment in this state

The Nebraska Workmen’s Compensation Act is not applicable where a resident employee’s employment by a nonresident employer for services to be performed outside the state was neither in nor incidental to any trade, business, profession, or vocation carried on by the employer in this state. Jensen v. Flair, Inc., 211 Neb. 403, 318 N.W.2d 870 (1982).

Pursuant to subdivision (2) of section 48-115, under the Nebraska Workers’ Compensation Act, an “employee” or “worker” is defined as every person in the service of an employer who is engaged in any trade, occupation, business, or profession as described in this section under any contract of hire, expressed or implied, oral or written. Pursuant to subsection (1) of this section, the Nebraska Workers’ Compensation Act applies to every employer in this state, including nonresident employers performing work in this state, employing one or more employees, in the regular trade, business, profession, or vocation of such employer. Morin v. Industrial Manpower, 13 Neb. App. 1, 687 N.W.2d 704 (2004).

7. Miscellaneous

The Nebraska Workers’ Compensation Act does not affect an insurance agent’s duty to act with reasonable care, and the same is true for insurance brokers. Merrick v. Fischer, Rounds & Assoc., 305 Neb. 230, 939 N.W.2d 795 (2020).

The fact that the employer is engaged in farming does not remove from the coverage of the workers’ compensation laws other businesses or occupations carried on by the employer which are otherwise under the coverage of those laws. Bartunek v. Becker, 222 Neb. 126, 382 N.W.2d 300 (1986).

One employer may operate two different businesses, one subject to the workmen’s compensation law and one exempt, and obtain workmen’s compensation insurance for the business which is subject to the law, without by that act triggering the election of coverage provisions of the Workmen’s Compensation Act. Brown v. Leavitt Lane Farm, 215 Neb. 522, 340 N.W.2d 4 (1983).

Where plaintiff was injured while engaged in improvement work on the Missouri River, Workmen’s Compensation Act provided exclusive remedy. Belk v. Massman Construction Co., 133 Neb. 303, 275 N.W. 76 (1937).

48-107 Employer’s liability; employee’s willful negligence; burden of proof.

In all actions at law brought pursuant to sections 48-101 to 48-108 the burden of proof to establish willful negligence of the injured employee shall be on the defendant.

Reissue 2021 420

Mere negligence of employee is not sufficient to preclude recovery, but such conduct must be shown as manifests a reckless disregard of consequences coupled with a consciousness that injury will naturally or probably result. Richards v. Abts, 136 Neb. 741, 287 N.W. 199 (1939).

Burden is on employer to establish willful negligence, and he must prove a deliberate act knowingly done or conduct evidencing reckless indifference to his own safety on part of employee. Hoff v. Edgar, 133 Neb. 403, 275 N.W. 602 (1937).

48-108 Employer's liability; claim for legal services or disbursements; lien; how established; payment.

No claim or agreement for legal services or disbursements in support of any demand made or suit brought under the Nebraska Workers' Compensation Act shall be an enforceable lien against the amounts to be paid as damages or compensation or be valid or binding in any other respect, unless the same be approved in writing by a judge of the Nebraska Workers’ Compensation Court. After such approval, if notice in writing be given the defendant of such claim or agreement for legal services and disbursements, the same shall be a lien against any amount thereafter to be paid as damages or compensation. When the employee’s compensation is payable by the employer in periodical installments, the compensation court shall fix, at the time of approval, the proportion of each installment to be paid on account of legal services and disbursements.

The Workers' Compensation Court has jurisdiction to determine a fee dispute arising out of an attorney's lien perfected pursuant to this section, regardless of whether the attorney seeking enforcement had previously been discharged. Foster v. Bryan-LGH Med. Ctr. East, 272 Neb. 918, 725 N.W.2d 839 (2007).

Attorney's fees allowed by court were ordered applied on agreement entered into under this section. Miller v. Schlereth, 152 Neb. 805, 42 N.W.2d 865 (1950).

Fees for plaintiff's attorneys allowed and taxed as costs are the property of the attorneys for whose benefit they are taxed. Approval by trial judge is a nonjudicial act and no notice thereof to claimant is required. Solomon v. A. W. Farney, Inc., 136 Neb. 338, 286 N.W. 254 (1939).

Notice to compensation claimant is not condition precedent to approval of attorney's fees by trial judge. Arner v. Sioux County, 116 Neb. 394, 217 N.W. 603 (1928).

This section limits amounts attorney may lawfully charge and is constitutional as proper exercise of police power. Agreement for fees that is not approved is not enforceable. Dysart v. Yeiser, 110 Neb. 65, 192 N.W. 953 (1923).

The Nebraska Workers' Compensation Court does not have subject matter jurisdiction to determine whether a health care insurer or HMO is obligated to share in the cost of obtaining reimbursement when the injured worker successfully asserts a claim for workers' compensation benefits. The Nebraska Workers' Compensation Court's regulation of attorney fees and disbursement matters is limited to those which arise between the injured worker and the attorney representing the injured worker. Kaiman v. Mercy Midlands Medical & Dental Plan, 1 Neb. App. 148, 491 N.W.2d 356 (1992).

48-110 Elective compensation; liability; scope.

When employer and employee shall by agreement, express or implied, or otherwise as provided in section 48-112 accept the provisions of the Nebraska Workers’ Compensation Act, compensation shall be made for personal injuries to or for the death of such employee by accident arising out of and in the course of his or her employment, without regard to the negligence of the employer, according to the schedule provided in such act, in all cases except when the injury or death is caused by willful negligence on the part of the employee. The burden of proof of such fact shall be upon the employer.

When read with section 48-111, this section mandates that an employee surrenders his or her right to any method, form, or amount of compensation or determination thereof against his or her employer or workers’ compensation insurer other than that as provided in the Nebraska Workers’ Compensation Act when that employee sustains an injury, arising out of and in the course of his or her employment, that is covered by the act. 48-111 Elective compensation; election; effect; exemption from liability; exception.

For the purpose of this section, if the employer carries a policy of workers’ compensation insurance, the term employer shall also include the insurer. The exemption from liability given an employer and insurer by this section shall also extend to all employees, officers, or directors of such employer or insurer, but such exemption given an employee, officer, or director of an employer or insurer shall not apply in any case
when the injury or death is proximately caused by the willful and unprovoked physical aggression of such employee, officer, or director.

1. Remedy exclusivity
2. Exemption from liability
3. Miscellaneous

### 1. Remedy exclusivity

A public utility employee cannot maintain a separate suit against a city for an injury incurred on the job, because the Nebraska Workers’ Compensation Act is the exclusive remedy of the injured public utility employee against the city where the public utility is an agency or department of the city. Hofherber v. City of Hastings, 275 Neb. 503, 747 N.W.2d 389 (2008).

This section and section 48-148 are routinely referred to by the Nebraska Supreme Court as the “exclusivity” provisions of the Nebraska Workers’ Compensation Act. Bennett v. Saint Elizabeth Health Sys., 273 Neb. 300, 729 N.W.2d 80 (2007).

When read with section 48-110, this section mandates that an employee surrenders his or her right to any method, form, or amount of compensation or determination thereof against his or her employer or workers’ compensation insurer other than that as provided in the Nebraska Workers’ Compensation Act when that employee sustains an injury, arising out of and in the course of his or her employment, that is covered by the act. Ihm v. Crawford & Co., 254 Neb. 818, 580 N.W.2d 115 (1998).

This section limits available remedies for injuries even when a statute is violated or crime is committed if the illegal feature of the conduct is not the causative factor in the injury. Kopfman v. National City Bank of Omaha, 102 Neb. 654, 168 N.W. 639 (1918).

In compensation cases, the statute prescribes the entire scope of the right and remedy, and the parties are limited to the adjective procedure either expressly or by necessary implication set forth therein. McIntosh v. Standard Oil Co., 121 Neb. 92, 236 N.W. 152 (1931).

Employee who, by not affirmatively rejecting, has elected to be bound by Workmen’s Compensation Act, has surrendered right of action against employer for injury through machine being left unguarded in violation of factory act. Navracle v. Cudahy Packing Co., 109 Neb. 506, 191 N.W. 659, 193 N.W. 768 (1923).

### 2. Exemption from liability

Where a surviving husband’s deceased wife’s employer was immune under section 48-148 from the surviving husband’s suit against it for bystander negligent infliction of emotional distress, a fellow employee of the deceased wife was also immune from the surviving husband’s suit because under this section, the employer’s immunity extended to the deceased wife’s fellow employee. Pittman v. Western Engineering Co., 283 Neb. 913, 813 N.W.2d 487 (2012).

The exemption from liability given an employer and insurer by this section does not include employer’s uninsured motorist carrier, even though said insurance carrier is also employer’s workers’ compensation carrier. Muller v. Tri-State Ins. Co., 252 Neb. 1, 560 N.W.2d 130 (1997).

### 3. Miscellaneous

Receipt and acceptance of workmen’s compensation by city fireman does not bar his right to a fireman’s pension. City of Lincoln v. Steffensmeyer, 134 Neb. 613, 279 N.W. 272 (1938).

An employee who has failed to file an election not to come under act has no right of action for damages for negligence of employer. Nedela v. Mares Auto Co., 106 Neb. 883, 184 N.W. 885 (1921).

Whether pension received from city by widow of deceased policeman is compensation, is not decided. Good v. City of Omaha, 102 Neb. 654, 168 N.W. 639 (1918).

### 48-112 Elective compensation; presumption

In the occupations described in section 48-106, all contracts of employment shall be presumed to have been made with reference and subject to the Nebraska Workers’ Compensation Act. Every such employer and every employee is presumed to accept and come under such sections.

A public utility employee cannot maintain a separate suit against a city for an injury incurred on the job, because the Nebraska Workers’ Compensation Act is the exclusive remedy of the injured public utility employee against the city where the public utility is an agency or department of the city. Hofherber v. City of Hastings, 275 Neb. 503, 747 N.W.2d 389 (2008).

Where it was not disclosed whether contract was made before or after taking effect of act, presumption that act was applicable did not arise. Smith v. Fall, 122 Neb. 783, 241 N.W. 560 (1932).

Noninsuring employer is liable either for damages at common law or compensation, at election of employee. Arre v. Sexton, 110 Neb. 149, 193 N.W. 342 (1923); Nedela v. Mares Auto Co., 110 Neb. 108, 193 N.W. 345 (1923).

A finding that one party is an “employer” under this section and a finding that the other relevant party is an “employee” under section 48-115 are necessary to engage section 48-109, which binds the parties to the compensation schedule of the Nebraska Workers’ Compensation Act. Kaiser v. Millard Lumber, Inc., 255 Neb. 943, 587 N.W.2d 875 (1999).

In order to transfer liability from the general employer of a loaned employee to a borrowing employer, there must be some consensual arrangement sufficient to create a new employer-employee relationship. Shamburg v. Shamburg, 153 Neb. 495, 45 N.W.2d 446 (1950).

Cement finisher and plasterer, engaged to do specific work, where nothing was said about pay and for previous work payment had been made at hourly rate, and where owner directed how work should be done, is an employee and not an independent contractor. Peterson v. Christenson, 141 Neb. 151, 3 N.W.2d 204 (1942).

General provisions of compensation act are applicable to the state and every governmental agency created by it. Dobesh v. Associated Asphalt Contractors, Inc., 138 Neb. 117, 292 N.W. 59 (1940).

One buying and shipping poultry in carload lots to distant markets is engaged in business. Compensation law applies to caretaker of live poultry being shipped to market in another state. Claus v. DeVere, 120 Neb. 512, 235 N.W. 450 (1931).

Subcontractor is employer of workman injured by negligence of original contractor, in line of duties for which he is employed by subcontractor. Boyd v. Humphreys, 117 Neb. 799, 223 N.W. 658 (1929).

Where employer, engaged in business in Nebraska, hires resident within state for services in another state incident to employer’s business in Nebraska, Nebraska workmen’s compensation law applies. Watts v. Long, 116 Neb. 656, 218 N.W. 410 (1928).

Corporation subject to Workmen’s Compensation Act is liable as employer to injured workman employed by independent contractor, who has agreed to protect corporation from such liability, where contractor is not required to procure insurance for protection of employees. Sherlock v. Sherlock, 112 Neb. 797, 201 N.W. 645 (1924).

Pursuant to subdivision (2) of this section, employers subject to the Nebraska Workers’ Compensation Act include every person, firm, or corporation who is engaged in any trade, occupation, business, or profession as described in section 48-106, and who has any person in service under any contract of hire, express or implied, oral or written. Morin v. Industrial Manpower, 13 Neb. App. 1, 687 N.W.2d 704 (2004).

48-115 Employee and worker, defined; inclusions; exclusions; waiver; election of coverage.

The terms employee and worker are used interchangeably and have the same meaning throughout the Nebraska Workers’ Compensation Act. Such terms include the plural and all ages and both sexes. For purposes of the act, employee or worker shall be construed to mean:

(1) Every person in the service of the state or of any governmental agency created by it, including the Nebraska National Guard and members of the
military forces of the State of Nebraska, under any appointment or contract of hire, expressed or implied, oral or written;

(2) Every person in the service of an employer who is engaged in any trade, occupation, business, or profession as described in section 48-106 under any contract of hire, expressed or implied, oral or written, including aliens and also including minors. Minors for the purpose of making election of remedies under the Nebraska Workers’ Compensation Act shall have the same power of contracting and electing as adult employees.

As used in subdivisions (1) through (11) of this section, the terms employee and worker shall not be construed to include any person whose employment is not in the usual course of the trade, business, profession, or occupation of his or her employer.

If an employee subject to the Nebraska Workers’ Compensation Act suffers an injury on account of which he or she or, in the event of his or her death, his or her dependents would otherwise have been entitled to the benefits provided by such act, the employee or, in the event of his or her death, his or her dependents shall be entitled to the benefits provided under such act, if the injury or injury resulting in death occurred within this state, or if at the time of such injury (a) the employment was principally localized within this state, (b) the employer was performing work within this state, or (c) the contract of hire was made within this state;

(3) Volunteer firefighters of any fire department of any rural or suburban fire protection district, city, village, or nonprofit corporation, which fire department is organized under the laws of the State of Nebraska. Such volunteers shall be deemed employees of such rural or suburban fire protection district, city, village, or nonprofit corporation while in the performance of their duties as members of such department and shall be considered as having entered and as acting in the regular course and scope of their employment from the instant such persons commence responding to a call to active duty, whether to a fire station or other place where firefighting equipment that their company or unit is to use is located or to any activities that the volunteer firefighters may be directed to do by the chief of the fire department or some person authorized to act for such chief. Such volunteers shall be deemed employees of such rural or suburban fire protection district, city, village, or nonprofit corporation until their return to the location from which they were initially called to active duty or until they engage in any activity beyond the scope of the performance of their duties, whichever occurs first.

Members of such volunteer fire department, before they are entitled to benefits under the Nebraska Workers’ Compensation Act, shall be recommended by the chief of the fire department or some person authorized to act for such chief for membership therein to the board of directors of the rural or suburban fire protection district or nonprofit corporation, the mayor and city commission, the mayor and council, or the chairperson and board of trustees, as the case may be, and upon confirmation shall be deemed employees of such entity. Members of such fire department after confirmation to membership may be removed by a majority vote of the entity’s board of directors or governing body and thereafter shall not be considered employees of such entity. Owner of building used in conducting owner's business who enters into contract with contractor for certain repairs is an employer within meaning of law unless it be shown that the contractor was required to procure compensation insurance for protection of his employees. Jones v. Russbach Coal Co., 130 Neb. 302, 264 N.W. 877 (1936).

Where evidence failed to establish that minor son had been emancipated or that direct contract of hire existed between father and son, county which had contracted with father to do road work was not liable to minor because it failed to require the father to carry insurance. Holt County v. Mullen, 126 Neb. 102, 252 N.W. 799 (1934).

County letting contract without requiring contractor to furnish insurance policy protecting contractor’s employees, is jointly liable with contractor to its employee who received compensable injury. Standish v. Larsen-Merryweather Co., 124 Neb. 197, 245 N.W. 606 (1932).

Section does not include owner who requires contractor to take out compensation insurance, or contractor who requires subcontractor to do so. Matthews v. G. A. Crancer Co., 117 Neb. 805, 223 N.W. 661 (1929).

Contention that defendants became employer within compensation law, by failure to require insurance to be taken out, was not sustained by evidence. Petrow & Giannou v. Sweeney, 108 Neb. 466, 187 N.W. 940 (1922).

3. Effect of election

An employee who has properly elected not to come under part II of the Workmen’s Compensation Act, cannot recover compensation from owner and owner does not become employer, even though owner does not require immediate employer to carry compensation insurance. White v. National Window Cleaning Co., 132 Neb. 155, 271 N.W. 341 (1937).

4. Miscellaneous

The party claiming to be an employee under this section has the burden of proof to show that he or she is in fact an employee of the subcontractor and that the principal contractor has failed to ensure that the subcontractor carries workers’ compensation insurance. Aboytes-Mosqueda v. LPA Inc., 306 Neb. 277, 944 N.W.2d 765 (2020).

General test of whether work being done by an independent contractor is within this section is whether the work would ordinarily be done by employees of the owner in view of the owner’s past practices and the practices of employers in comparable businesses. Rogers v. Hansen, 211 Neb. 112, 317 N.W.2d 905 (1982).

A statutory employer who pays benefits under the joint and several liability created by this section is entitled to indemnity from the actual employer. Duffy Brothers Const. Co. v. Pistone Builders, Inc., 207 Neb. 360, 299 N.W.2d 170 (1980).

Immediate employer is not a necessary party to a proceeding against a statutory employer. Gardner v. Kothe, 172 Neb. 364, 109 N.W.2d 405 (1961).

Independent contractor employing farm labor was not subject to act. Keith v. Wilson, 165 Neb. 58, 84 N.W.2d 192 (1957).

This section has no application to the relation of a bona fide vendor and vendee. Heider v. Stoughton, 150 Neb. 741, 35 N.W.2d 814 (1949).

County was employer of workman on county road project, even though workman was hired by foreman employed by city and even though no record was made of oral authorization to employ help. Steward v. Deuel County, 137 Neb. 516, 289 N.W. 877 (1940).

Owners of building may be liable as third persons for death of workman through their negligence while in service of lessee’s contractor. Tralle v. Hartman Furn. & Carpet Co., 116 Neb. 418, 217 N.W. 952 (1928).

48-117 Employers; evasion of law; compensation; calculation.

When compensation is claimed from or proceedings taken against a person, firm, or corporation under section 48-116, the compensation shall be calculated with reference to the wage the worker was receiving from the person by whom he or she was immediately employed at the time of the injury.

Where the wage is certain, employment is continuous, and contract of hire is definite, compensation will be computed according to the terms of contract in force at the time of the accident. Redfern v. Safeway Stores, Inc., 145 Neb. 288, 16 N.W.2d 196 (1944).

Injured workman, working only one day in week, was only entitled to compensation upon basis of amount actually paid. Johnsen v. Benson Food Center, 143 Neb. 421, 9 N.W.2d 749 (1943).

Receipt and acceptance of workmen’s compensation by city fireman does not deprive him of right to fireman’s pension. City of Lincoln v. Steffensmeyer, 134 Neb. 613, 279 N.W. 272 (1938).

Where contract was for thirty hours a week at fifty cents an hour, compensation award on basis of weekly wage of thirty dollars was error. Drum v. Omaha Steel Works, 129 Neb. 273, 261 N.W. 351 (1935).

48-118 Third-party claims; subrogation.

When a third person is liable to the employee or to the dependents for the injury or death of the employee, the employer shall be subrogated to the right of
the employee or to the dependents against such third person. The recovery by such employer shall not be limited to the amount payable as compensation to such employee or dependents, but such employer may recover any amount which such employee or his or her dependents should have been entitled to recover.

Any recovery by the employer against such third person, in excess of the compensation paid by the employer after deducting the expenses of making such recovery, shall be paid forthwith to the employee or to the dependents and shall be treated as an advance payment by the employer on account of any future installments of compensation.

Nothing in the Nebraska Workers' Compensation Act shall be construed to deny the right of an injured employee or of his or her personal representative to bring suit against such third person in his or her own name or in the name of the personal representative based upon such liability, but in such event an employer having paid or paying compensation to such employee or his or her dependents shall be made a party to the suit for the purpose of reimbursement, under the right of subrogation, of any compensation paid.

1. Who is third person

There is a strong presumption that a parent company is not the employer of its subsidiary’s employees. Bacon v. DBI/SALA, 284 Neb. 579, 822 N.W.2d 14 (2012).

"Third person” under the Nebraska Workers’ Compensation Act includes any person other than the employer or those whom the Nebraska Workers’ Compensation Act makes an employer. Bacon v. DBI/SALA, 284 Neb. 579, 822 N.W.2d 14 (2012).

"Third person” under the Nebraska Workers’ Compensation Act is an entity with which there is no employer-employee relationship. Bacon v. DBI/SALA, 284 Neb. 579, 822 N.W.2d 14 (2012).

An employee can bring suit against a third party at any time, provided that his or her employer be made a party if that employer has paid compensation benefits to the employee. Polinski v. Omaha Pub. Power Dist., 251 Neb. 14, 554 N.W.2d 636 (1996).

Employee may sue third person for injuries received, but employer having paid compensation must be made a party. Nienhaver v. Furburger, 172 Neb. 876, 112 N.W.2d 276 (1961).

Employer may be made party to suit by employee against third person. Vontress v. Ready Mixed Concrete Co., 170 Neb. 789, 104 N.W.2d 331 (1960).

Subcontractor is immediate employer of his workmen and all others are third parties even though interested in enterprise. Boyd v. Humphreys, 117 Neb. 799, 223 N.W. 658 (1929).

2. Refusal of employer to sue

On refusal by employer liable for compensation to sue third person for negligence resulting in injury, not death, of employee, latter may sue in own behalf, and consent by employer to employee’s action is equivalent to refusal. Luckey v. Union P. R. R. Co., 117 Neb. 85, 219 N.W. 802 (1928).

Right to bring action rests with employer until he has neglected or refused to sue. O’Donnell v. Baker Ice Mach. Co., 114 Neb. 9, 205 N.W. 561 (1925).

3. Suit by employee

An employer’s vested subrogation interest in settlement proceeds is not extinguished when the injured employee pursued the claim against the alleged tort-feasor out of time. Combined Insurance v. Shurter, 258 Neb. 958, 677 N.W.2d 492 (2000).

If an employer is not joined in an action, there must be a recovery before the nonjoined employer is liable for attorney fees; joined parties may be liable for costs even if there is no recovery. In apportioning cost pursuant to this section, the critical factor is not whether there is a recovery, but whether the employer has participated sufficiently in the litigation to be considered “joined”. Janssen v. Tomahawk Oil Co., Ltd., 254 Neb. 370, 576 N.W.2d 787 (1998).

§ 48-118  LABOR

Section does not prevent employee from suing third party responsible for his injury in his own name but requires that employer, having paid compensation, be made party. Oliver v. Nelson, 128 Neb. 160, 258 N.W. 69 (1934).

If workman, injured by negligence of third party, obtains assignment from employer of right to bring action, it may be maintained by workman himself against third party. Thomas v. Otis Elevator Co., 103 Neb. 401, 172 N.W. 53 (1919).

Employee has right to sue third party, though he has settled with employer for compensation, but must make employer a party. Muncaster v. Graham Ice Cream Co., 103 Neb. 379, 172 N.W. 52 (1919).

4. Subrogation

An employer’s right to a future credit against an employee’s recovery in an action related to a workers’ compensation claim does not depend upon who brought the action which led to the employee’s recovery or who happens to “recover” first. Bacon v. DBI/SALA, 284 Neb. 579, 822 N.W. 2d 14 (2012).

The policies behind the Nebraska Workers’ Compensation Act favor a liberal construction in favor of the employee’s statutory right to subrogate against culpable third parties; workers’ compensation acts generally seek to balance the rights of injured workers against the costs to the businesses that provide employment, and in order to reach this balance, most acts liberally allow employers to shift liability onto third parties whenever possible. Bacon v. DBI/SALA, 284 Neb. 579, 822 N.W. 2d 14 (2012).

The workers’ compensation subrogation statute was not intended to draw a distinction which would grant the right to a future credit in recovery from actions brought by the employer, but deny that right in actions brought by the employee; such a distinction would be arbitrary insofar as it would depend on who first brought suit, and insofar as the timing of the suit would change the amount of recovery. Bacon v. DBI/SALA, 284 Neb. 579, 822 N.W. 2d 14 (2012).

This section grants an employee who has paid workers’ compensation benefits to an employee injured as a result of the actions of a third party a subrogation interest against payments made by the third party. Burns v. Nielsen, 273 Neb. 724, 732 N.W. 2d 640 (2007).

When an employer, rather than taking advantage of its opportunity to have the settlement set aside, seeks to share in the settlement proceeds under this section, the employer is obligated to pay a reasonable portion of the employee’s attorney fees incurred by the employee to maintain the position of a plaintiff, a judgment for costs may be rendered in the employee’s favor. Burks v. Packers, 143 Neb. 373, 9 N.W. 2d 471 (1943).

The right of an employer to subrogation for amounts paid to the injured employee as workmen’s compensation payments is well established in Nebraska statutory law. Turner v. Metro Area Transit, 220 Neb. 189, 368 N.W. 2d 809 (1985).

Ordinarily a division of attorneys’ fees is not required where the subrogation interest of the employer or its insurance carrier is fully and adequately represented by its own counsel and where the services of the employee’s attorney were not relied upon to effect the subrogation recovery. Schulz v. General Wholesale Coop. Co., Inc., 195 Neb. 410, 238 N.W. 2d 463 (1976).

Subrogated interest of employer for computation and allocation of fees and expenses is measured by the workmen’s compensation liability relieved or discharged by recovery against third party. Gillette v. Omaha Public Power Dist., 189 Neb. 444, 203 N.W. 2d 163 (1973).

This section requires the joinder of an employer for purposes of subrogation and reimbursement. Rogers v. Western Electric Co., 179 Neb. 359, 138 N.W. 2d 423 (1965).

Joiner of employer by employee in suit against third party is required for purpose of subrogation and reimbursement. American Province Real Estate Corp. v. Metropolitan Utilities Dist., 178 Neb. 348, 133 N.W. 2d 466 (1965).

Employer was made party defendant in action by employee against third party because of right of subrogation. Singles v. Union P. R. R. Co., 174 Neb. 816, 119 N.W. 2d 680 (1963).

This section is for the benefit of the employer so he may recover from third party. Danner v. Walters, 154 Neb. 506, 48 N.W. 2d 635 (1951).

Where a party made a defendant for sole purpose of protecting his subrogation rights adopts and seeks to maintain the, a judgment for costs may be rendered against him. Rehn v. Bingaman, 152 Neb. 171, 40 N.W. 2d 673 (1950).

Characteristics of statutory subrogation and equitable subrogation are the same. Burks v. Packers, 143 Neb. 373, 9 N.W. 2d 471 (1943).

Employer was made party defendant to protect subrogation rights. Jones v. Rossbach Coal Co., 130 Neb. 302, 264 N.W. 877 (1936); Erwin v. Watson Bros. Transfer Co., 129 Neb. 64, 260 N.W. 565 (1935); McDonnell v. Wasenmiller, 74 F. 2d 320 (8th Cir. 1934).

Measure of employer’s right of subrogation hereunder is reimbursement from third person whose negligence caused employee’s death, for full amount of compensation paid by employer to employee’s dependents, together with the expenses thereof. Goeres v. Goeres, 124 Neb. 720, 248 N.W. 75 (1933).

Employer has statutory right of subrogation to extent of amounts properly paid under workmen’s compensation law, plus expenses of recovering such damages from third person. Brander v. Otis Elevator Co., 121 Neb. 581, 237 N.W. 671 (1913).

Employer must be joined as defendant by virtue of right of subrogation. Vandervert v. Kohey, 118 Neb. 395, 225 N.W. 36 (1929).

Subrogation hereunder is not barred by employer’s concurrent negligence. Graham v. City of Lincoln, 106 Neb. 305, 183 N.W. 569 (1921).

If employee settles with third person, by whose negligence he was injured, employer is entitled to have amount applied on compensation, and notwithstanding settlement, employer has right to recover against negligent third party to extent of compensation awarded. Hugh Murphy Const. Co. v. Serck, 104 Neb. 398, 177 N.W. 747 (1920).
Employer or carrier does not have subrogation rights against the independent contractor, to the extent such rights which the employee might have against an insurance company. Booth v. Seaboard Fire & Marine Ins. Co., 285 F. Supp. 920 (D. Neb. 1968), rev’d on other grounds, 431 F.2d 212 (8th Cir. 1970).

Employer was made party to determine subrogation rights. Solomon Dehydrating Co. v. Goyton, 294 F.2d 439 (8th Cir. 1961).

The fact that employer’s negligence concurred with negligence of third person does not bar employer’s right to subrogation. Otis Elevator Co. v. Miller & Paine, 240 F. 376 (8th Cir. 1917).

5. Choice of law
An employer’s or insurer’s subrogation interest in an injured employee’s recovery from a third-party tort-feasor is determined by the law of the state in which the employee obtained workers’ compensation benefits. Turney v. Werner Enters., Inc., 260 Neb. 440, 618 N.W.2d 437 (2000).

The Workers’ Compensation Court lacks jurisdiction to resolve disputes between employers and employees concerning the management of suits against third parties brought in courts of general jurisdiction or the division of funds obtained from a suit against a third party in a court of general jurisdiction. Because the existence of federal jurisdiction is a matter of federal law rather than state law, this section cannot, by itself, confer jurisdiction on federal courts to resolve subrogation disputes between employers and employees. The term “district court”, as it is used in this section, does not exclusively mean federal district courts which have been conferred with jurisdiction by some federal statute; rather, it includes the district courts of the State of Nebraska as well. Miller v. M.F.S. York/Stormor, 257 Neb. 100, 595 N.W.2d 878 (1999).

This section does not take away or abridge the right of removal to federal court if that right otherwise exists. State v. Northwestern Engineering Co., 69 F. Supp. 347 (D. Neb. 1946).

6. Notice provisions
A reading of this section makes it quite clear that strict compliance with the written, certified, or registered mail notice provision was not intended to be mandatory and jurisdictional, and such notice may be waived in writing or may be implied from unequivocal conduct. The employer, through its “unequivocal conduct” of seeking to share in the settlement proceeds, has ratified the employee’s settlement with the tort-feasor and thereby waived the objections it might have had to such settlement based on a lack of notice under this section. Combined Insurance v. Shurter, 258 Neb. 958, 607 N.W.2d 492 (2000).

Substantial compliance with the notice requirement of this section is sufficient, and the requirement is met when the other party receives actual notice of a third-party claim and an opportunity to join in its prosecution. Where subrogated employer did not receive notice of certain discovery proceedings, but did have actual knowledge of the lawsuit in which the third-party claim was asserted, notice requirement of statute deemed satisfied. The notice required by this section may be waived in writing, or waiver may be implied from unequivocal conduct. The extent of a subrogated employer’s participation in third-party litigation initiated by an injured employee is the critical factor in determining whether the employer has joined the action within the meaning of this section. Subrogated employer failed to join in prosecution of injured employee’s third-party lawsuit where employer did nothing more than file an answer and respond to two sets of interrogatories. Austin v. Scharp, 258 Neb. 410, 604 N.W.2d 807 (1999).

The purpose of the 1963 amendment to this section would allow the attorney’s fees to be prorated and one party must give to the other party notice of filing of suit. Turner v. Metro Area Transit, 220 Neb. 189, 368 N.W.2d 809 (1985).

Substantial rather than literal compliance with notice provisions of this section is sufficient and strict compliance is not jurisdictional. Vezuch v. Tichota, 192 Neb. 251, 220 N.W.2d 8 (1974).

Notice to workmen’s compensation carrier of suit against third party is immaterial to proration of fees and expenses where carrier is made party and attorneys for carrier carried their share of trial load, and it is desirable there should be an agreement for apportionment. Kitchin v. Burlington Northern, Inc., 382 F.Supp. 42 (D. Neb. 1974).

7. Miscellaneous
This section and sections 48-118.01 through 48-118.04 should be read as a whole. In re Estate of Everett, 295 Neb. 301, 889 N.W.2d 73 (2016).

Where an employer refuses to make lump-sum periodic lifetime workmen’s compensation benefits due an employee or dependents, and where a recovery is made against a third party, the obligation of the employer to continue to make lifetime payments is not extinguished but merely suspended for the period of time the employer’s share of the recovery satisfies the continuing obligation due the employee. In calculating the fees and expenses of both an employee and an employer, in connection with the recovery of damages from a third party, where a lump-sum agreement is not reached, the fees and expenses are to be deducted immediately from the recovery, and the employer’s share of such fees and expenses is to be repaid weekly by the employer to the employee over the period of time benefit payments are due to the employee. Nebuta v. Wasp Trucking, Inc., 222 Neb. 806, 388 N.W.2d 438 (1986).

Under this section, where an action is filed before a particular court and prosecuted to a final conclusion, whether by settlement or judgment, that court alone has jurisdiction to resolve any controversy relating to division of fees and expenses. Yoder v. Douglas & Lomason Co., 212 Neb. 680, 325 N.W.2d 648 (1982).

Workmen’s Compensation Act bars action by third party tort-feasor against employer for contribution or indemnity based on claim arising from the injury. Vangreen v. Interstate Machinery & Supply Co., 197 Neb. 29, 246 N.W.2d 652 (1976).

An employer can bring an action directly against a third party tort-feasor for injuries suffered by an employee, but only a personal representative of a deceased employee can bring an action for wrongful death, which action must be filed within two years after death. United Materials, Inc. v. Landbreth, 196 Neb. 525, 244 N.W.2d 164 (1976).

A voluntary payment made by a workers’ compensation insurer after the statute of limitations has run does not remove the bar of the statute of limitations. In workers’ compensation cases, an advance payment by an employer does not remove the bar of a statute of limitations which had already run at the time of the payment from a third-party lawsuit. The statute of limitations bars further suit against an employer if 2 years pass without a payment of workers’ compensation from the employer, including by way of an advance payment from a third-party suit against a tort-feasor before the 2-year statute runs, by direct payment by the employer or its insurer, or by a payment caused to be made by the employer. Thomas v. Lincoln Public Schools, 9 Neb. App. 965, 622 N.W.2d 705 (2001).

An injured employee may use the common fund doctrine to shift an appropriate share of the cost of workers’ compensation litigation to a health care insurer who directly and substantially benefits by the litigation through reimbursement. Kaiman v. Mercy Midlands Medical & Dental Plan, 1 Neb. App. 148, 491 N.W.2d 356 (1992).

Under facts in this settled case, costs were prorated between employee and intervening compensation carrier in same proportion they shared in benefits; each to pay own attorney’s fees.
§ 48-118  LABOR

Absent express contract of indemnity between seller of crane and purchaser, the Nebraska Workmen’s Compensation Act insulated purchaser from contribution or indemnity in favor of seller in action by purchaser’s employee for injuries sustained while dismantling crane. Petznick v. Clark Equipment Co., 333 F.Supp. 913 (D. Neb. 1971).

48-118.01 Third-party claims; procedure; attorney’s fees.

Before making a claim or bringing suit against a third person by the employee or his or her personal representative or by the employer or his or her workers’ compensation insurer, thirty days’ notice shall be given to the other potential parties, unless such notice is waived in writing, of the opportunity to join in such claim or action and to be represented by counsel. If a party entitled to notice cannot be found, the clerk of the Nebraska Workers’ Compensation Court shall become the agent of such party for giving notice as required in this section. The notice when given to the clerk of the compensation court shall include an affidavit setting forth the facts, including the steps taken to locate such party.

After the expiration of thirty days, for failure to receive notice or other good cause shown, the district court before which the action is pending shall allow either party to intervene in such action, and if no action is pending then the district court in which it could be brought shall allow either party to commence such action. Each party shall have an equal voice in the claim and the prosecution of such suit, and any dispute arising shall be passed upon by the court before which the case is pending and if no action is pending then by the district court in which such action could be brought.

If the employee or his or her personal representative or the employer or his or her workers’ compensation insurer join in prosecuting such claim and are represented by counsel, the reasonable expenses and the attorney’s fees shall be, unless otherwise agreed upon, divided between such attorneys as directed by the court before which the case is pending and if no action is pending then by the district court in which such action could be brought.

In this section, the use of the term “the court” refers to the district court. In re Estate of Evertson, 295 Neb. 301, 889 N.W.2d 73 (2016).

This section and sections 48-118 through 48-118.04 should be read as a whole. In re Estate of Evertson, 295 Neb. 301, 889 N.W.2d 73 (2016).

48-118.02 Third-party claims; expenses and attorney’s fees; apportionment.

If either party after receiving notice under section 48-118.01 fails, by and through his or her attorney, to join in the third-party claim or suit, such party waives any and all claims or causes of action for improper prosecution of the third-party suit or inadequacy of a settlement made in accordance with section 48-118.04. The party bringing the claim or prosecuting the suit is entitled to deduct from any amount recovered the reasonable expenses of making such recovery, including a reasonable sum for attorney’s fees. Such expenses and attorney’s fees shall be prorated (1) to the amounts payable to the employer or his or her workers’ compensation insurer under the right of subrogation established in section 48-118 and (2) to the amount in excess of such amount payable to the employer or his or her workers’ compensation insurer under the right of subrogation. Such expenses and attorney’s fees shall be apportioned by the court between the parties as their interests appear at the time of such recovery.

This section and sections 48-118 through 48-118.04 should be read as a whole. In re Estate of Evertson, 295 Neb. 301, 889 N.W.2d 73 (2016).

When an employer has a subrogation interest in the recovery in a worker’s third-party claim, the party bringing the claim or prosecuting the suit is entitled to deduct from any amount recovered the reasonable expenses of making such recovery, including a reasonable sum for attorney fees. Sterner v. American Fam. Ins. Co., 19 Neb. App. 339, 805 N.W.2d 696 (2011).

48-118.03 Third-party claims; failure to give notice; effect.

If either party makes a claim or prosecutes a third-party action without giving notice to the other party, the party bringing the claim and prosecuting such action shall not deduct expenses or attorney’s fees from the amount payable to the other party.

This section and sections 48-118 through 48-118.04 should be read as a whole. In re Estate of Evertson, 295 Neb. 301, 889 N.W.2d 73 (2016).

48-118.04 Third-party claims; settlement; requirements.

(1) A settlement of a third-party claim under the Nebraska Workers’ Compensation Act is void unless:

(a) Such settlement is agreed upon in writing by the employee or his or her personal representative and the workers’ compensation insurer of the employer, if there is one, and if there is no insurer, then by the employer; or

(b) In the absence of such agreement, the court before which the action is pending determines that the settlement offer is fair and reasonable considering liability, damages, and the ability of the third person and his or her liability insurance carrier to satisfy any judgment.

(2) If the employee or his or her personal representative or the employer or his or her workers’ compensation insurer do not agree in writing upon distribution of the proceeds of any judgment or settlement, the court, upon application, shall order a fair and equitable distribution of the proceeds of any judgment or settlement.

1. Fair and equitable distribution
2. Miscellaneous

1. Fair and equitable distribution

A distribution of the proceeds of a judgment or settlement under subsection (2) of this section must be fair and equitable to both the employee and the employer or its insurer. Kroemer v. Omaha Track Equip., 296 Neb. 972, 898 N.W.2d 661 (2017).

The phrase “fair and equitable distribution,” as used in this section, was not intended to permit the subrogation interest of an employer or workers’ compensation insurer to be subject to equitable defenses. Burns v. Nielsen, 273 Neb. 724, 732 N.W.2d 640 (2007).

The purpose of this section is to prevent a fair and reasonable settlement between an employee and third-party tort-feasor from being delayed because the parties cannot agree on how the proposed settlement should be distributed. Burns v. Nielsen, 273 Neb. 724, 732 N.W.2d 640 (2007).

This section does not adopt a “made whole” doctrine, nor does it adopt any other specific rule for making a fair and equitable distribution, but instead leaves the distribution to the court’s discretion. Turco v. Schuning, 271 Neb. 770, 716 N.W.2d 415 (2006).

2. Miscellaneous

Although the trial court did not abuse its discretion in approving an injured employee’s settlement of his third-party suit for $150,000, the court’s allocation of zero to an employer who had a subrogation interest exceeding $200,000 was untenable. Kroemer v. Omaha Track Equip., 296 Neb. 972, 898 N.W.2d 661 (2017).

Because this section should be read along with sections 48-118 through 48-118.03, the use of the term “the court” in this section refers to the district court. In re Estate of Evertson, 295 Neb. 301, 889 N.W.2d 73 (2016).

District courts have exclusive subject matter jurisdiction over proceedings for the fair and equitable distribution of settlement proceeds from third-party tort-feasors subject to subrogation in workers’ compensation cases. In re Estate of Evertson, 295 Neb. 301, 889 N.W.2d 73 (2016).
§ 48-118.04
LABOR

This section does not authorize the district court to punish an employer beyond the penalties expressly prescribed by the workers' compensation statutes. Burns v. Nielsen, 273 Neb. 724, 732 N.W.2d 640 (2007).

Third-party settlements are void unless agreed to in writing by the employee, or the employee’s personal representative, and the employer, or the employer’s insurer. Sterner v. American Fam. Ins. Co., 19 Neb. App. 339, 805 N.W.2d 696 (2011).

48-118.05 Third-party claims; Workers’ Compensation Trust Fund; subrogation rights.

In any case in which an injured employee is entitled to benefits from the Workers’ Compensation Trust Fund for injuries occurring before December 1, 1997, as provided in section 48-128 and recovery is had against the third party liable to the employee for the injury, the Workers’ Compensation Trust Fund shall be subrogated to the rights of the employee against such third party to the extent of the benefits due to him or her or which shall become due to him or her from such fund, subject to the rights of the employer and his or her workers’ compensation insurer.

(c) SCHEDULE OF COMPENSATION

48-119 Compensation; from what date computed.

No compensation shall be allowed for the first seven calendar days of disability, except as provided in section 48-120, but if disability extends beyond the period of seven calendar days, compensation shall begin on the eighth calendar day of disability, except that if such disability continues for six weeks or longer, compensation shall be computed from the date disability began. For purposes of this section, a partial day of disability shall be deemed a calendar day of disability.

For scheduled disabilities caused by repetitive trauma, the date disability begins is the same as the date of injury for whole body impairments caused by repetitive trauma. That date is when the employee discontinues work and seeks medical treatment, despite being paid wages while he continued to work. Riser v. Nebraska Boiler, 277 Neb. 679, 765 N.W.2d 170 (2009).

After injury has continued for six weeks, compensation should be computed from date of injury. Park v. School District No. 27, Richardson Cty., 127 Neb. 767, 257 N.W. 219 (1934).

48-120 Medical, surgical, and hospital services; employer’s liability; fee schedule; physician, right to select; procedures; powers and duties; court; powers; dispute resolution procedure; managed care plan.

(1)(a) The employer is liable for all reasonable medical, surgical, and hospital services, including plastic surgery or reconstructive surgery but not cosmetic surgery when the injury has caused disfigurement, appliances, supplies, prosthetic devices, and medicines as and when needed, which are required by the nature of the injury and which will relieve pain or promote and hasten the employee’s restoration to health and employment, and includes damage to or destruction of artificial members, dental appliances, teeth, hearing instruments, and eyeglasses, but, in the case of dental appliances, hearing instruments, or eyeglasses, only if such damage or destruction resulted from an accident which also caused personal injury entitling the employee to compensation therefor for disability or treatment, subject to the approval of and regulation by the Nebraska Workers’ Compensation Court, not to exceed the regular charge made for such service in similar cases.

Reissue 2021
(b) Except as provided in section 48-120.04, the compensation court shall establish schedules of fees for such services. The compensation court shall review such schedules at least biennially and adopt appropriate changes when necessary. The compensation court may contract with any person, firm, corporation, organization, or government agency to secure adequate data to establish such fees. The compensation court shall publish and furnish to the public the fee schedules established pursuant to this subdivision and section 48-120.04. The compensation court may establish and charge a fee to recover the cost of published fee schedules.

(c) Reimbursement for inpatient hospital services provided by hospitals located in or within fifteen miles of a Nebraska city of the metropolitan class or primary class and by other hospitals with fifty-one or more licensed beds shall be according to the Diagnostic Related Group inpatient hospital fee schedule or the trauma services inpatient hospital fee schedule established in section 48-120.04.

(d) A workers’ compensation insurer, risk management pool, self-insured employer, or managed care plan certified pursuant to section 48-120.02 may contract with a provider or provider network for medical, surgical, or hospital services. Such contract may establish fees for services different than the fee schedules established under subdivision (1)(b) of this section or established under section 48-120.04. Such contract shall be in writing and mutually agreed upon prior to the date services are provided.

(e) The provider or supplier of such services shall not collect or attempt to collect from any employer, insurer, government, or injured employee or dependent or the estate of any injured or deceased employee any amount in excess of (i) the fee established by the compensation court for any such service, (ii) the fee established under section 48-120.04, or (iii) the fee contracted under subdivision (1)(d) of this section, including any finance charge or late penalty.

(2)(a) The employee has the right to select a physician who has maintained the employee’s medical records prior to an injury and has a documented history of treatment with the employee prior to an injury or a physician who has maintained the medical records of an immediate family member of the employee prior to an injury and has a documented history of treatment with an immediate family member of the employee prior to an injury. For purposes of this subsection, immediate family member means the employee’s spouse, children, parents, stepchildren, and stepparents. The employer shall notify the employee following an injury of such right of selection in a form and manner and within a timeframe established by the compensation court. If the employer fails to notify the employee of such right of selection or fails to notify the employee of such right of selection in a form and manner and within a timeframe established by the compensation court, then the employee has the right to select a physician. If the employee fails to exercise such right of selection in a form and manner and within a timeframe established by the compensation court following notice by the employer pursuant to this subsection, then the employer has the right to select the physician. If selection of the initial physician is made by the employee or employer pursuant to this subsection following notice by the employer pursuant to this subsection, the employee or employer shall not change the initial selection of physician made pursuant to this subsection unless such change is agreed to by the employee and employer or is ordered by the compensation court pursuant to subsection (6) of this section. If compensability is denied by the workers’ compensation insurer, risk
management pool, or self-insured employer, (i) the employee has the right to select a physician and shall not be made to enter a managed care plan and (ii) the employer is liable for medical, surgical, and hospital services subsequently found to be compensable. If the employer has exercised the right to select a physician pursuant to this subsection and if the compensation court subsequently orders reasonable medical services previously refused to be furnished to the employee by the physician selected by the employer, the compensation court shall allow the employee to select another physician to furnish further medical services. If the employee selects a physician located in a community not the home or place of work of the employee and a physician is available in the local community or in a closer community, no travel expenses shall be required to be paid by the employer or his or her workers’ compensation insurer.

(b) In cases of injury requiring dismemberment or injuries involving major surgical operation, the employee may designate to his or her employer the physician or surgeon to perform the operation.

(c) If the injured employee unreasonably refuses or neglects to avail himself or herself of medical or surgical treatment furnished by the employer, except as herein and otherwise provided, the employer is not liable for an aggravation of such injury due to such refusal and neglect and the compensation court or judge thereof may suspend, reduce, or limit the compensation otherwise payable under the Nebraska Workers’ Compensation Act.

(d) If, due to the nature of the injury or its occurrence away from the employer’s place of business, the employee or the employer is unable to select a physician using the procedures provided by this subsection, the selection requirements of this subsection shall not apply as long as the inability to make a selection persists.

(e) The physician selected may arrange for any consultation, referral, or extraordinary or other specialized medical services as the nature of the injury requires.

(f) The employer is not responsible for medical services furnished or ordered by any physician or other person selected by the employee in disregard of this section. Except as otherwise provided by the Nebraska Workers’ Compensation Act, the employer is not liable for medical, surgical, or hospital services or medicines if the employee refuses to allow them to be furnished by the employer.

3. No claim for such medical treatment is valid and enforceable unless, within fourteen days following the first treatment, the physician giving such treatment furnishes the employer a report of such injury and treatment on a form prescribed by the compensation court. The compensation court may excuse the failure to furnish such report within fourteen days when it finds it to be in the interest of justice to do so.

4. All physicians and other providers of medical services attending injured employees shall comply with all the rules and regulations adopted and promulgated by the compensation court and shall make such reports as may be required by it at any time and at such times as required by it upon the condition or treatment of any injured employee or upon any other matters concerning cases in which they are employed. All medical and hospital information relevant to the particular injury shall, on demand, be made available to the employer, the employee, the workers’ compensation insurer, and the compensa-
tion court. The party requesting such medical and hospital information shall pay the cost thereof. No such relevant information developed in connection with treatment or examination for which compensation is sought shall be considered a privileged communication for purposes of a workers’ compensation claim. When a physician or other provider of medical services willfully fails to make any report required of him or her under this section, the compensation court may order the forfeiture of his or her right to all or part of payment due for services rendered in connection with the particular case.

(5) Whenever the compensation court deems it necessary, in order to assist it in resolving any issue of medical fact or opinion, it shall cause the employee to be examined by a physician or physicians selected by the compensation court and obtain from such physician or physicians a report upon the condition or matter which is the subject of inquiry. The compensation court may charge the cost of such examination to the workers’ compensation insurer. The cost of such examination shall include the payment to the employee of all necessary and reasonable expenses incident to such examination, such as transportation and loss of wages.

(6) The compensation court shall have the authority to determine the necessity, character, and sufficiency of any medical services furnished or to be furnished and shall have authority to order a change of physician, hospital, rehabilitation facility, or other medical services when it deems such change is desirable or necessary. Any dispute regarding medical, surgical, or hospital services furnished or to be furnished under this section may be submitted by the parties, the supplier of such service, or the compensation court on its own motion for informal dispute resolution by a staff member of the compensation court or an outside mediator pursuant to section 48-168. In addition, any party or the compensation court on its own motion may submit such a dispute for a medical finding by an independent medical examiner pursuant to section 48-134.01. Issues submitted for informal dispute resolution or for a medical finding by an independent medical examiner may include, but are not limited to, the reasonableness and necessity of any medical treatment previously provided or to be provided to the injured employee. The compensation court may adopt and promulgate rules and regulations regarding informal dispute resolution or the submission of disputes to an independent medical examiner that are considered necessary to effectuate the purposes of this section.

(7) For the purpose of this section, physician has the same meaning as in section 48-151.

(8) The compensation court shall order the employer to make payment directly to the supplier of any services provided for in this section or reimbursement to anyone who has made any payment to the supplier for services provided in this section. No such supplier or payor may be made or become a party to any action before the compensation court.

(9) Notwithstanding any other provision of this section, a workers’ compensation insurer, risk management pool, or self-insured employer may contract for medical, surgical, hospital, and rehabilitation services to be provided through a managed care plan certified pursuant to section 48-120.02. Once liability for medical, surgical, and hospital services has been accepted or determined, the employer may require that employees subject to the contract receive medical, surgical, and hospital services in the manner prescribed in the contract, except that an employee may receive services from a physician selected by the
employee pursuant to subsection (2) of this section if the physician so selected agrees to refer the employee to the managed care plan for any other treatment that the employee may require and if the physician so selected agrees to comply with all the rules, terms, and conditions of the managed care plan. If compensability is denied by the workers’ compensation insurer, risk management pool, or self-insured employer, the employee may leave the managed care plan and the employer is liable for medical, surgical, and hospital services previously provided. The workers’ compensation insurer, risk management pool, or self-insured employer shall give notice to employees subject to the contract of eligible service providers and such other information regarding the contract and manner of receiving medical, surgical, and hospital services under the managed care plan as the compensation court may prescribe.

1. Liability

Where there was sufficient evidence to support a factual finding that knee surgery was not required by the prior work-related injury, the Workers’ Compensation Court did not err in denying compensation for the surgery under an award of future medical treatment. Pearson v. Archer–Daniels–Midland Milling Co., 285 Neb. 568, 828 N.W.2d 195 (2013).

If an employer has sufficient knowledge of an injury to an employee to be aware that medical treatment is necessary, it has the affirmative and continuing duty to supply medical treatment that is prompt, in compliance with the statutory prescription on choice of doctors, and adequate; if the employer fails to do so, the employee may make suitable independent arrangements at the employer’s expense. Clark v. Alegent Health Neb., 285 Neb. 60, 825 N.W.2d 195 (2013).

If compensability is denied by the employer, the employee has the right to select a physician and the employer is liable for medical services subsequently found to be compensable. Clark v. Alegent Health Neb., 285 Neb. 60, 825 N.W.2d 195 (2013).

Once it has been determined that the need for future medical care is probable, the employer is liable for any future care shown to be reasonably necessary under this section. Sellers v. Reefer Systems, 283 Neb. 760, 811 N.W.2d 293 (2012).

An employee’s injury which occurs en route to a required medical appointment that is related to a compensable injury is also compensable, as long as the chosen route is reasonable and practical. Straub v. City of Scottsbluff, 280 Neb. 163, 784 N.W.2d 886 (2010).

Before an order for future medical benefits may be entered pursuant to this section, there should be a stipulation of the parties or evidence in the record to support a determination that future medical treatment will be reasonably necessary to relieve the injured worker from the effects of the work-related injury or occupational disease. Foote v. O’Neill Packing, 262 Neb. 467, 632 N.W.2d 313 (2001).

The history of this section clearly manifests a legislative intent to make medical benefits available to a disabled worker without regard to any time limitation measured from the last date of payment, when an award is entered, so long as further medical treatment is reasonably necessary to relieve the worker from the effects of the work-related injury or occupational disease. Foote v. O’Neill Packing, 262 Neb. 467, 632 N.W.2d 313 (2001).

While a disabled employee may not be required to undergo surgery, an unreasonable refusal to submit to surgery, taking into account the risk involved to the employee, the nature of the surgery, and the likelihood of improving the condition, may result in the forfeiture or reduction of compensation benefits, as may be appropriate. Yarns v. Leon Plastics, Inc., 237 Neb. 132, 464 N.W.2d 801 (1991).

Generally, pursuant to this section, an employer may be reimbursed for nursing care in the employee’s home or at a nursing home, when such care is necessitated by a work-related injury, so long as the cost of the care is fair and reasonable. Bituminous Casualty Corp. v. Deyle, 234 Neb. 537, 451 N.W.2d 910 (1990).

An employer is liable only for those reasonable medical expenses incurred as a result of a compensable accident. Expenses not shown by the evidence to have been incurred as a result of a compensable accident are not allowable as charges against the

Even though there is no present prospect for improvement of a condition of total and permanent disability or of further rehabilitation, the employer continues to be responsible under this section for further nursing care and therapy. S. & S. LP Gas Co. v. Ramsey, 201 Neb. 751, 272 N.W.2d 47 (1978).

An employer is liable to an injured employee for reasonable medical and hospital services and medicines which are necessary to relieve or cure injury suffered by the employee. Spiker v. John Day Co., 201 Neb. 503, 270 N.W.2d 300 (1978).

An injured employee may recover the reasonable value of necessary nursing care furnished to him by his wife while he was cared for at home. Spiker v. John Day Co., 201 Neb. 503, 270 N.W.2d 300 (1978); overruling Claus v. DeVere, 120 Neb. 812, 235 N.W. 450 (1931).

The liability of an employer to an injured employee for reasonable medical and hospital services and medicine which are necessary as a result of injury, is not limited to only those situations in which the employee may be cured or his disability reduced by further treatment. Spiker v. John Day Co., 201 Neb. 503, 270 N.W.2d 300 (1978).

When undisputed evidence shows plaintiff will require medicines and medical and hospital services in the future as a result of his injuries they shall, subject to approval by the Workmen’s Compensation Court, be supplied by defendant. Shotwell v. Industrial Builders, Inc., 187 Neb. 320, 190 N.W.2d 624 (1971).

In absence of showing of unreasonableness, hospital and nurse expense incurred will be allowed. Gourley v. City of Grand Island, 168 Neb. 538, 96 N.W.2d 309 (1959).

Medical services necessary in treating injury to eye were recoverable. Gruber v. Stickelman, 149 Neb. 627, 31 N.W.2d 753 (1948).

Where evidence shows that further medical, hospital, and surgical services would not definitely improve condition of an injured employee, employer’s liability to furnish such services ceases. Paulson v. Martin-Nebraska Co., 147 Neb. 1012, 26 N.W.2d 11 (1947).

Employer is liable for reasonable medical and hospital services when award provides for further medical, surgical, and hospital care. Gilmore v. State, 146 Neb. 647, 20 N.W.2d 918 (1945).

Where evidence shows that further medical, surgical, and hospital services would not improve condition of injured employee, employer’s liability for such services ceases. Wilson v. Brown–McDonald Co., 134 Neb. 211, 278 N.W. 254 (1938).

Employer providing medical attention during three weeks subsequent to injury is not liable for medical expenses after blood poisoning developed. Epstein v. Hancock–Epstein Co., 101 Neb. 442, 163 N.W. 767 (1917).

The general rule under this section is that, should a court determine a medical treatment for a condition unrelated to a work-related injury is medically reasonable and necessary to treat the underlying work-related injury, the medical treatment is required by the nature of the injury and is compensable. Carr v. Ganz, 26 Neb. App. 14, 916 N.W.2d 437 (2018).

Under subsection (1)(a) of this section, an employer is liable for all reasonable medical, surgical, and hospital services which are required by the nature of the injury and which will relieve pain or promote and hasten the employee’s restoration to health and employment. Yost v. Davita, Inc., 23 Neb. App. 482, 873 N.W.2d 435 (2015).

Before an order for future medical benefits may be entered pursuant to subsection (1)(a) of this section, there must be explicit evidence that future medical treatment is reasonably necessary to relieve the injured worker from the effects of the work-related injury. Adams v. Cargill Meat Solutions, 17 Neb. App. 708, 774 N.W.2d 761 (2009).

The trial judge did not err in ordering the employer to pay for medication, because the judge’s determination that the medication was necessary to treat both the work-related side effects of pain medication and the unrelated condition of sleep apnea was not clearly wrong. Zitterkopf v. Aulick Indus., 16 Neb. App. 829, 753 N.W.2d 370 (2008).

Medical expenses incurred before the date of an employee’s accident in a repetitive trauma case may be compensable if they are reasonably necessary and related to the compensable injury. Tomlin v. Densberger Drywall, 14 Neb. App. 288, 706 N.W.2d 595 (2005).

Making a home handicapped-accessible was an “appliance” and “supply” for which the employer of injured employee was liable. Katerzina v. Copple Chevrolet, 1 Neb. App. 1000, 510 N.W.2d 467 (1993).

2. Travel expense

Because this section makes the employer liable for reasonable medical and hospital services, the employer must also pay the cost of travel incident to and reasonably necessary for obtaining these services. Armstrong v. State, 290 Neb. 205, 859 N.W.2d 541 (2015).

An injured employee was not entitled to payment for travel expenses to Massachusetts where the trial court properly found that a physician was available in the local community or in a closer community than Massachusetts. Savage v. Hersel Phelps Constr. Co., 208 Neb. 676, 305 N.W.2d 375 (1981).

Travel expenses to obtain medical treatment may be allowed. Pavel v. Hughes Brothers, 167 Neb. 727, 94 N.W.2d 492 (1959).

Injured workman was entitled to recover travel expense incurred to obtain medical treatment. Pittenger v. Safeway Stores, Inc., 166 Neb. 858, 91 N.W.2d 31 (1958).

Employer may be held liable for medical and hospital services, including cost of travel reasonably necessary for obtaining such services. Newberry v. Youngs, 163 Neb. 397, 80 N.W.2d 165 (1956).

3. Physician’s fee

Workmen’s compensation court may allow medical expenses in accordance with medical fee schedule approved by the court. Schoenrock v. School Dist. of Nebraska City, 179 Neb. 621, 139 N.W.2d 547 (1966).

Physician is entitled to fee for making examination of employee after hearing before compensation commissioner and before trial in district court, to determine if surgical operation on employee as demanded by employer would be reasonably safe and beneficial. Solomon v. A. W. Farney, Inc., 130 Neb. 484, 265 N.W. 724 (1936).

Family physician, chosen by employee to aid operating surgeon selected by employer, may recover for such services and post-operative attention to patient from the employer. Wingate v. Evans Model Laundry, 123 Neb. 844, 244 N.W. 635 (1932).

4. Miscellaneous

The term “payor” as used in subsection (8) of this section is limited to third-party payors, such as health insurance carriers. VanKirk v. Central Community College, 285 Neb. 231, 826 N.W.2d 277 (2013).

Upon receipt of payment from an employer, a supplier or provider of services becomes obligated to reimburse an employee any amounts he or she has previously paid. VanKirk v. Central Community College, 285 Neb. 231, 826 N.W.2d 277 (2013).

An employer is not responsible for medical services furnished or ordered by any physician or other person selected by an

Under subdivision (2)(a) of this section, an employee has the right to select a physician who has maintained the employee’s medical records prior to an injury and has a documented history of treatment with the employee prior to the injury. The employer shall notify the employee following an injury of such right of selection in a form and manner within the timeframe established by the compensation court. Clark v. Alegent Health Neb., 285 Neb. 60, 825 N.W.2d 195 (2013).

Under subsection (b) of this section, the fee schedule is applicable to payments made by third-party payors. Pearson v. Archer–Daniels–Midland Milling Co., 282 Neb. 400, 803 N.W.2d 489 (2011).

This section, while not affording the Workers’ Compensation Court with jurisdiction to resolve every disagreement that may arise with respect to the rights and obligations of a third-party insurer, clearly provides that the Workers’ Compensation Court shall order an employer to directly reimburse medical care providers and medical insurers for the reasonable medical, surgical, and hospital services supplied to a workers’ compensation claimant pursuant to this section. Kimminau v. Uribe Refuse Serv., 270 Neb. 682, 707 N.W.2d 229 (2005).

This section does not require the court to have a physician examine plaintiff when medical evidence on cause is lacking. The statute applies only to issues of medical fact or opinion in cases where liability has been established and issues arise over such things as refusal or necessity of medical treatment. The statute grants the court discretionary power. Coco v. Austin Co., 212 Neb. 95, 321 N.W.2d 448 (1982).

If psychiatric treatment is prescribed, refusal of the treatment may be deemed unreasonable in view of the absence of any physical suffering in the treatment. Davis v. Western Electric, 210 Neb. 771, 317 N.W.2d 68 (1982).

The Nebraska Workmen’s Compensation Court has continuing authority to determine the necessity, character, and sufficiency of medical services furnished or to be furnished and to order a change therein when it deems such change is desirable or necessary. S. & S. LP Gas Co. v. Ramsey, 201 Neb. 751, 272 N.W.2d 47 (1978).

Ordinarily, an employee’s right to recover the cost of medical and hospital services and medicines depends upon his having paid for services or incurred a liability to pay for them. Spiker v. John Day Co., 201 Neb. 503, 270 N.W.2d 300 (1978).

Plaintiff in action against noninsuring employer for personal injuries has not waived right of action, or brought himself within Workmen’s Compensation Act, by accepting payment of hospital bill. Brown v. York Water Co., 104 Neb. 516, 177 N.W. 833 (1920).

Employer is not liable for medical services procured by employee, where latter unreasonably refuses services of physician procured by employer. Radil v. Morris & Co., 103 Neb. 84, 170 N.W. 363 (1919).

The meaning of subsection (4) of this section is plain and unambiguous. When an injured worker is seeking compensation for an injury from his employer and the employer seeks relevant information from the injured worker’s treating physician regarding that injury, that information is not privileged. Scott v. Drivers Mgmt., Inc., 14 Neb. App. 630, 714 N.W.2d 23 (2006).

Under certain circumstances, an injured worker should be reimbursed for the relocation costs when the relocation is undertaken upon a doctor’s recommendation due to a work injury. Relocation expenses, pursuant to a doctor’s recommendations, in order to lessen necessary medical treatment, additional injury, and pain, are within a liberal definition of “medical services” under this section. Hoffart v. Fleming Cos., 10 Neb. App. 524, 634 N.W.2d 37 (2001).

A health care insurer cannot be a party to the underlying workers’ compensation case which, if successful, results in the reimbursement of the health care insurer, nor can it be later joined after a successful result. Kaiman v. Mercy Midlands Medical & Dental Plan, 1 Neb. App. 148, 491 N.W.2d 356 (1992).

(g) Provides a timely and accurate method of reporting to the compensation court necessary information regarding medical, surgical, and hospital service cost and utilization to enable the compensation court to determine the effectiveness of the plan;

(h) Authorizes employees to receive medical, surgical, and hospital services from a physician who is not a member of the managed care plan if such physician has been selected by the employee pursuant to subsection (2) of section 48-120 and if such physician agrees to refer the employee to the managed care plan for any other treatment that the employee may require and agrees to comply with all the rules, terms, and conditions of the managed care plan;

(i) Authorizes necessary emergency medical treatment for an injury which is provided by a provider of medical, surgical, and hospital services who is not a part of the managed care plan;
§ 48-120.02  LABOR  

(j) Does not discriminate against or exclude from participation in the plan any category of providers of medical, surgical, or hospital services and includes an adequate number of each category of providers of medical, surgical, and hospital services to give employees convenient geographic accessibility to all categories of providers and adequate flexibility to choose a physician to provide medical, surgical, and hospital services from among those who provide services under the plan;

(k) Provides an employee the right to change the physician initially selected to provide medical, surgical, and hospital services under the plan at least once; and

(l) Complies with any other requirement the compensation court determines is necessary to provide quality medical, surgical, and hospital services to injured employees.

The compensation court may accept findings, licenses, certifications, or registrations of other state agencies as satisfactory evidence of compliance with a particular requirement of this subsection.

(3) An employee shall exhaust the dispute resolution procedure of the certified managed care plan prior to filing a petition or otherwise seeking relief from the compensation court on an issue related to managed care. If an employee has exhausted the dispute resolution procedure of the managed care plan, the employee may seek a medical finding by an independent medical examiner pursuant to section 48-134.01. No petition may be filed with the compensation court pursuant to section 48-173 solely on the issue of the reasonableness and necessity of medical treatment unless a medical finding on such issue has been rendered by an independent medical examiner pursuant to section 48-134.01. If the compensation court subsequently orders reasonable medical services previously refused to be furnished to the employee by a physician who is a member of the managed care plan, the compensation court shall allow the employee to select another physician to furnish further medical services if the physician so selected complies with all rules, terms, and conditions of the managed care plan and refers the employee to the managed care plan for any other treatment that the employee may require.

(4) The compensation court may refuse to certify a managed care plan or a three-judge panel of the compensation court may, after notice and hearing, revoke or suspend the certification of a managed care plan that unfairly restricts direct access within the managed care plan to any category of provider of medical, surgical, or hospital services. Direct access within the managed care plan is unfairly restricted if direct access is denied and the treatment or service sought is within the scope of practice of the profession to which direct access is sought and is appropriate under the standards of treatment adopted by the managed care plan or, in instances where the compensation court has adopted standards of treatment, the standards adopted by the compensation court.

(5) The compensation court may refuse to certify a managed care plan if the compensation court finds that the plan for providing medical, surgical, and hospital services fails to meet the requirements of this section. A three-judge panel of the compensation court may, after notice and hearing, revoke or suspend the certification of a managed care plan if the panel finds that the plan fails to meet the requirements of this section or that service under the plan is not being provided in accordance with the terms of a certified plan.
(6) The Attorney General, when requested by the administrator of the compensation court, may file a motion pursuant to section 48-162.03 for an order directing representatives of a certified managed care plan to appear before a three-judge panel of the compensation court and show cause as to why the panel should not revoke or suspend certification of the plan pursuant to subsection (4) or (5) of this section. The Attorney General shall be considered a party for purposes of such motion. The Attorney General may appear before the three-judge panel and present evidence that the managed care plan unfairly restricts direct access within the plan, that the plan fails to meet the requirements of this section, or that service under the plan is not being provided in accordance with the terms of a certified plan. The presiding judge shall rule on a motion of the Attorney General pursuant to this subsection and, if applicable, shall appoint judges of the compensation court to serve on the three-judge panel. The presiding judge shall not serve on such panel. Appeal from a suspension or revocation pursuant to subsection (4) or (5) of this section shall be in accordance with section 48-185. No such appeal shall operate as a supersedeas.

(7) The compensation court may adopt and promulgate rules and regulations necessary to implement this section.

48-120.03 Generic drugs; use.

Any person or entity that dispenses medicines and medical supplies, as required by section 48-120, shall dispense the generic drug equivalent unless:

(1) A generic drug equivalent is unavailable; or

(2) The prescribing physician specifically provides in writing that a nongeneric drug must be dispensed.

Rehabilitation Diagnostic Related Groups shall not be included in the Diagnostic Related Group inpatient hospital fee schedule. Claims for inpatient trauma services shall not be reimbursed under the Diagnostic Related Group inpatient hospital fee schedule established under this section. Claims for inpatient trauma services prior to January 1, 2012, shall be reimbursed under the fees established by the compensation court pursuant to subdivision (1)(b) of section 48-120 or as contracted pursuant to subdivision (1)(d) of such section. Claims for inpatient trauma services on or after January 1, 2012, for Diagnostic Related Groups subject to the Diagnostic Related Group inpatient hospital fee schedule shall be reimbursed under the trauma services inpatient hospital fee schedule established in this section, except as otherwise provided in subdivision (1)(d) of section 48-120.

(6) The trauma services inpatient hospital fee schedule shall be established by the following methodology:
(a) The trauma services reimbursement amount required under the Nebraska Workers’ Compensation Act shall be equal to the Current Medicare Weight multiplied by the Workers’ Compensation Trauma Factor for each hospital;

(b) The Stop-Loss Threshold amount shall be the trauma services reimbursement amount calculated in subdivision (6)(a) of this section multiplied by one and one-quarter;

(c) For charges over the Stop-Loss Threshold amount of the schedule, the hospital shall be reimbursed the trauma services reimbursement amount calculated in subdivision (6)(a) of this section plus sixty-five percent of the charges over the Stop-Loss Threshold amount; and

(d) For charges less than the Stop-Loss Threshold amount of the schedule, the hospital shall be reimbursed the lower of the hospital’s billed charges or the trauma services reimbursement amount calculated in subdivision (6)(a) of this section.

(7) The Diagnostic Related Group inpatient hospital fee schedule shall be established by the following methodology:

(a) The Diagnostic Related Group reimbursement amount required under the Nebraska Workers’ Compensation Act shall be equal to the Current Medicare Weight multiplied by the Workers’ Compensation Factor for each hospital;

(b) The Stop-Loss Threshold amount shall be the Diagnostic Related Group reimbursement amount calculated in subdivision (7)(a) of this section multiplied by two and one-half;

(c) For charges over the Stop-Loss Threshold amount of the schedule, the hospital shall be reimbursed the Diagnostic Related Group reimbursement amount calculated in subdivision (7)(a) of this section plus sixty percent of the charges over the Stop-Loss Threshold amount; and

(d) For charges less than the Stop-Loss Threshold amount of the schedule, the hospital shall be reimbursed the lower of the hospital’s billed charges or the Diagnostic Related Group reimbursement amount calculated in subdivision (7)(a) of this section.

(8) For charges for all other stays or services that are not reimbursed under the Diagnostic Related Group inpatient hospital fee schedule or the trauma services inpatient hospital fee schedule or are not contracted for under subdivision (1)(d) of section 48-120, the hospital shall be reimbursed under the schedule of fees established by the compensation court pursuant to subdivision (1)(b) of section 48-120.

(10) The chief executive officer of each hospital shall sign and file with the administrator of the compensation court by October 15 of each year, in the form and manner prescribed by the administrator, a sworn statement disclosing the Current Medicare Factor of the hospital in effect on October 1 of such year and each item and amount making up such factor.

ed Group, the number of claims for each Diagnostic Related Group that included trauma services, the number of times billed charges exceeded the Stop-Loss Threshold amount for each Diagnostic Related Group, and the number of times billed charges exceeded the Stop-Loss Threshold amount for each trauma service.

(12) The compensation court may add or subtract Diagnostic Related Groups in striving to achieve the goal of including those Diagnostic Related Groups that encompass at least ninety percent of the inpatient hospital workers’ compensation claims submitted by hospitals identified in subdivision (1)(c) of section 48-120. The administrator of the compensation court shall annually make necessary adjustments to comply with the Current Medicare Weights and shall annually adjust the Current Medicare Factor for each hospital based on the annual statement submitted pursuant to subsection (10) of this section.

48-121 Compensation; schedule; total, partial, and temporary disability; injury to specific parts of the body; amounts and duration of payments.

The following schedule of compensation is hereby established for injuries resulting in disability:

(1) For total disability, the compensation during such disability shall be sixty-six and two-thirds percent of the wages received at the time of injury, but such compensation shall not be more than the maximum weekly income benefit specified in section 48-121.01 nor less than the minimum weekly income benefit specified in section 48-121.01, except that if at the time of injury the employee receives wages of less than the minimum weekly income benefit specified in section 48-121.01, then he or she shall receive the full amount of such wages per week as compensation. Nothing in this subdivision shall require payment of compensation after disability shall cease;

(2) For disability partial in character, except the particular cases mentioned in subdivision (3) of this section, the compensation shall be sixty-six and two-thirds percent of the difference between the wages received at the time of the injury and the earning power of the employee thereafter, but such compensation shall not be more than the maximum weekly income benefit specified in section 48-121.01. This compensation shall be paid during the period of such partial disability but not beyond three hundred weeks. Should total disability be followed by partial disability, the period of three hundred weeks mentioned in this subdivision shall be reduced by the number of weeks during which compensation was paid for such total disability;

(3) For disability resulting from permanent injury of the classes listed in this subdivision, the compensation shall be in addition to the amount paid for temporary disability, except that the compensation for temporary disability shall cease as soon as the extent of the permanent disability is ascertainable. For disability resulting from permanent injury of the following classes, compensation shall be: For the loss of a thumb, sixty-six and two-thirds percent of daily wages during sixty weeks. For the loss of a first finger, commonly called the index finger, sixty-six and two-thirds percent of daily wages during thirty-five weeks. For the loss of a second finger, sixty-six and two-thirds percent of daily wages during thirty weeks. For the loss of a third finger, sixty-six and two-thirds percent of daily wages during twenty weeks. For the loss of a fourth
finger, commonly called the little finger, sixty-six and two-thirds percent of daily wages during fifteen weeks. The loss of the first phalange of the thumb or of any finger shall be considered to be equal to the loss of one-half of such thumb or finger and compensation shall be for one-half of the periods of time above specified, and the compensation for the loss of one-half of the first phalange shall be for one-fourth of the periods of time above specified. The loss of more than one phalange shall be considered as the loss of the entire finger or thumb, except that in no case shall the amount received for more than one finger exceed the amount provided in this schedule for the loss of a hand. For the loss of a great toe, sixty-six and two-thirds percent of daily wages during thirty weeks. For the loss of one of the toes other than the great toe, sixty-six and two-thirds percent of daily wages during ten weeks. The loss of the first phalange of any toe shall be considered equal to the loss of one-half of such toe, and compensation shall be for one-half of the periods of time above specified. The loss of more than one phalange shall be considered as the loss of the entire toe. For the loss of a hand, sixty-six and two-thirds percent of daily wages during one hundred seventy-five weeks. For the loss of an arm, sixty-six and two-thirds percent of daily wages during two hundred twenty-five weeks. For the loss of a foot, sixty-six and two-thirds percent of daily wages during one hundred fifty weeks. For the loss of a leg, sixty-six and two-thirds percent of daily wages during two hundred fifteen weeks. For the loss of an eye, sixty-six and two-thirds percent of daily wages during one hundred twenty-five weeks. For the loss of an ear, sixty-six and two-thirds percent of daily wages during twenty-five weeks. For the loss of hearing in one ear, sixty-six and two-thirds percent of daily wages during fifty weeks. For the loss of the nose, sixty-six and two-thirds percent of daily wages during fifty weeks.

In any case in which there is a loss or loss of use of more than one member or parts of more than one member set forth in this subdivision, but not amounting to total and permanent disability, compensation benefits shall be paid for the loss or loss of use of each such member or part thereof, with the periods of benefits to run consecutively. The total loss or permanent total loss of use of both hands, or both arms, or both feet, or both legs, or both eyes, or hearing in both ears, or of any two thereof, in one accident, shall constitute total and permanent disability and be compensated for according to subdivision (1) of this section. In all other cases involving a loss or loss of use of both hands, both arms, both feet, both legs, both eyes, or hearing in both ears, or of any two thereof, total and permanent disability shall be determined in accordance with the facts. Amputation between the elbow and the wrist shall be considered as the equivalent of the loss of a hand, and amputation between the knee and the ankle shall be considered as the equivalent of the loss of a foot. Amputation at or above the elbow shall be considered as the loss of an arm, and amputation at or above the knee shall be considered as the loss of a leg. Permanent total loss of the use of a finger, hand, arm, foot, leg, or eye shall be considered as the equivalent of the loss of such finger, hand, arm, foot, leg, or eye. In all cases involving a permanent partial loss of the use or function of any of the members mentioned in this subdivision, the compensation shall bear such relation to the amounts named in such subdivision as the disabilities bear to those produced by the injuries named therein.

If, in the compensation court’s discretion, compensation benefits payable for a loss or loss of use of more than one member or parts of more than one member set forth in this subdivision, resulting from the same accident or
illness, do not adequately compensate the employee for such loss or loss of use and such loss or loss of use results in at least a thirty percent loss of earning capacity, the compensation court shall, upon request of the employee, determine the employee’s loss of earning capacity consistent with the process for such determination under subdivision (1) or (2) of this section, and in such a case the employee shall not be entitled to compensation under this subdivision.

If the employer and the employee are unable to agree upon the amount of compensation to be paid in cases not covered by the schedule, the amount of compensation shall be settled according to sections 48-173 to 48-185. Compensation under this subdivision shall not be more than the maximum weekly income benefit specified in section 48-121.01 nor less than the minimum weekly income benefit specified in section 48-121.01, except that if at the time of the injury the employee received wages of less than the minimum weekly income benefit specified in section 48-121.01, then he or she shall receive the full amount of such wages per week as compensation;

(4) For disability resulting from permanent disability, if immediately prior to the accident the rate of wages was fixed by the day or hour, or by the output of the employee, the weekly wages shall be taken to be computed upon the basis of a workweek of a minimum of five days, if the wages are paid by the day, or upon the basis of a workweek of a minimum of forty hours, if the wages are paid by the hour, or upon the basis of a workweek of a minimum of five days or forty hours, whichever results in the higher weekly wage, if the wages are based on the output of the employee; and

(5) The employee shall be entitled to compensation from his or her employer for temporary disability while undergoing physical or medical rehabilitation and while undergoing vocational rehabilitation whether such vocational rehabilitation is voluntarily offered by the employer and accepted by the employee or is ordered by the Nebraska Workers’ Compensation Court or any judge of the compensation court.

1. Permanent total disability
2. Temporary total disability
3. Partial disability
4. Permanent injury, specific classes
5. Disability generally
6. Whole body impairment
1. Permanent total disability

A worker is not, as a matter of law, totally disabled under this section solely because the worker’s disability prevents him or her from working full time. Armstrong v. Stase, 290 Neb. 205, 859 N.W.2d 541 (2015).

In a workers’ compensation case, total disability does not mean a state of absolute helplessness. It means that because of an injury, (1) a worker cannot earn wages in the same kind of work, or work of a similar nature, that he or she was trained for or accustomed to perform, or (2) the worker cannot earn wages for work for any other kind of work which a person of his or her mentality and attainments could do. Money v. Tyrell Flowers, 275 Neb. 602, 748 N.W.2d 49 (2008).

Under the “odd-lot doctrine,” total disability may be found in the case of workers who, while not altogether incapacitated for work, are so handicapped that they will not be employed regularly in any well-known branch of the labor market. The essence of the test is the probable dependability with which claimant can sell his services in a competitive labor market, undistorted by such factors as business booms, sympathy of a particular employer or friends, temporary good luck, or the superhuman efforts of the claimant to rise above his crippling handicaps. Money v. Tyrell Flowers, 275 Neb. 602, 748 N.W.2d 49 (2008).

An employee’s return to work does not in every case terminate an employee’s total disability from a work-related injury. Pursuant to subsections (1) and (2) of this section, an employee’s disability is determined by the employee’s diminution of employability or impairment of earning power or earning capacity, and is not necessarily determined by a physician’s evaluation and assessment of the employee’s loss of bodily function. Heiliger v. Walters & Heiliger Electric, Inc., 236 Neb. 459, 461 N.W.2d 565 (1990).

Total disability in the context of the workers’ compensation law does not mean a state of absolute helplessness, but means disability of an employee to earn wages in the same kind of work, or work of a similar nature, that he or she was trained for or accustomed to perform, or any kind of work which a person of his or her mentality and attainments could do. Mata v. Western Valley Packing, 236 Neb. 584, 462 N.W.2d 869 (1990).

2. Temporary total disability

Total disability exists only where a workman is unable to perform all the duties of his former employment or work of like nature, and yet be able to obtain trivial occasional employment. Brockhaus v. L. E. Ball Constr. Co., 180 Neb. 737, 145 N.W.2d 341 (1966).

An employee may be totally disabled for all practical purposes and yet be able to obtain trivial occasional employment. Brockhaus v. L. E. Ball Constr. Co., 180 Neb. 737, 145 N.W.2d 341 (1966).

Injury sustained to both feet under extraordinary conditions resulted in permanent total disability. Mead v. Missouri Valley Grain, Inc., 178 Neb. 553, 134 N.W.2d 243 (1965).

Award of total disability, which resulted from conversion reaction following injury to back, was sustained. Haskett v. National Biscuit Co., 177 Neb. 915, 131 N.W.2d 597 (1964).

An injury to fingers only on both hands does not authorize an award for total and permanent disability. Runyan v. Lockwood Graders, Inc., 176 Neb. 676, 127 N.W.2d 186 (1964).

There may be total permanent disability even though there is only a permanent partial loss of bodily function. Nordahl v. Erickson, 174 Neb. 204, 116 N.W.2d 275 (1962).

Workman was entitled to award for total disability from an occupational disease. Riggs v. Gooch Milling & Elevator Co., 173 Neb. 70, 112 N.W.2d 531 (1961).

Total disability is defined in terms of employability and earning capacity. Rapp v. Hale, 170 Neb. 620, 103 N.W.2d 851 (1960).

Where employee was wholly unable to perform the duties of former employment or work of like nature, he was entitled to recover for permanent total disability. Tilghman v. Mills, 169 Neb. 665, 100 N.W.2d 739 (1960).

Permanent total disability may result from unusual and extraordinary condition arising from injury to specific members. Haler v. Gering Bean Co., 163 Neb. 748, 112 N.W.2d 531 (1961).

Total disability can only be held to exist where workman is unable to get, hold, or do any substantial amount of remunerative work, either in his previous occupation or in any other established field of employment for which he is fitted. Elliott v. Gooch Feed Mill Co., 147 Neb. 612, 24 N.W.2d 561 (1946).

Workman was totally disabled when he was unable, on account of his injury, to perform or to obtain any substantial amount of labor, either in his particular line of work or in any other for which he would be fitted except for the injury. Elliott v. Gooch Feed Mill Co., 147 Neb. 309, 23 N.W.2d 262 (1946).

Total disability exists only where workman is unable to get, hold, or do any substantial amount of remunerative work. Micek v. Omaha Steel Works, 136 Neb. 843, 287 N.W. 645 (1939).

Where employee was totally disabled and was earning twenty-four dollars a week at time of injury, he was entitled to compensation after the first three hundred weeks and for the remainder of his life at the rate of forty-five percent of his weekly wage. Montgomery v. Milldale Farm & Live Stock Improvement Co., 124 Neb. 347, 246 N.W. 734 (1933).

Where injury affected the whole nervous system in such manner as to disable claimant from doing any work, he was entitled to an award for total disability. Nebraska Nat. Guard v. Morgan, 112 Neb. 432, 199 N.W. 557 (1924).

Where injury wholly unfitting employee for the work he was engaged in at the time he received his injuries, an award for total disability was justified. Troncell v. Morris & Co., 107 Neb. 817, 186 N.W. 978 (1922).
Under subdivision (5) of this section, an injured employee may not undertake rehabilitation on his or her own and receive temporary total disability benefits without approval from either the court or his or her former employer. Bixenmann v. H. Kehm Constr., 267 Neb. 669, 676 N.W.2d 370 (2004).

Because benefits received during vocational rehabilitation under subdivision (5) of this section may be "temporary total disability" benefits, a species of total disability benefits, and where such benefits are followed by "partial disability" benefits, pursuant to subsection (2) of this section, the 300-week period shall be reduced by the number of weeks during which compensation was paid for such total disability. Sheldon-Zimbelman v. Bryan Memorial Hosp., 258 Neb. 568, 604 N.W.2d 396 (2000).

Award of temporary total disability and partial permanent disability was proper. Riggins v. Lincoln Tent & Awning Co., 143 Neb. 693, 11 N.W.2d 810 (1943).

An employee is not prevented from receiving compensation for temporary total disability to perform the duties in which he is engaged at the time of an accident merely because he is then receiving an unrelated allowance for a permanent partial disability from a previous accident. Hansen v. Paxton & Vierling Iron Works, 138 Neb. 589, 293 N.W. 415 (1940).

An award of temporary partial disability is authorized, even though permanent partial disability must also be computed for loss of specific member. Dennehly v. Lincoln Steel Works, 136 Neb. 269, 285 N.W. 590 (1939).

Allowance may be made for temporary total disability in addition to allowance for permanent partial loss of use of finger. Ulaski v. Morris & Co., 106 Neb. 782, 184 N.W. 946 (1921).

The 300-week limitation found in subsection (2) of this section does not apply to benefits for temporary total disability awarded under subsection (1) of this section. Heppler v. Omaha Cable, 16 Neb. App. 267, 743 N.W.2d 383 (2007).

3. Partial disability

Pursuant to subdivision (2) of this section, permanent partial disability benefits are measured not by loss of bodily function, but by reduction in or loss of earning power or employability. Picard v. P & C Group 1, 308 Neb. 292, 945 N.W.2d 183 (2020).

Worker’s compensation benefits awarded under subsection (2) of this section are not measured by loss of bodily function, but by reduction in earning power or employability. An employee’s disability as a basis for compensation under subsections (1) and (2) of this section is determined by the employee’s diminution of employability or impairment of earning power or earning capacity and is not necessarily determined by a physician’s evaluation and assessment of the employee’s loss of bodily function. Frauenforder v. Lindsay Mfg. Co., 263 Neb. 237, 639 N.W.2d 125 (2002).

Where pain is sufficiently severe to prevent a normal function of a body member, a partial loss results within the purview of this section. Cain v. La Grange Steel Erectors, Inc., 195 Neb. 272, 237 N.W.2d 640 (1976).
Under this section, when dealing with temporary partial disability, one cannot be earning wages at a similar job with the same employer and at the same time have suffered a 100-percent loss of earning capacity. Kam v. IBP, Inc., 12 Neb. App. 855, 868 N.W.2d 631 (2004).

Subsection (2) of this section provides for the compensation court to reduce the period for which partial disability benefits are recoverable when total disability is followed by partial disability, but does not allow the court to make a similar reduction in benefits when partial disability is followed by total disability. Bennett v. J. C. Robinson Seed Co., 7 Neb. App. 525, 583 N.W.2d 370 (1998).

4. Permanent injury, specific classes

Disability as a basis for compensation under subdivision (3) of this section is determined by the loss of use of a body member, not loss of earning power. Lenz v. Central Parking System of Neb., 288 Neb. 453, 848 N.W.2d 623 (2014).

The extent of disability to a scheduled member under subdivision (3) of this section can be expressed in terms of percent. Lenz v. Central Parking System of Neb., 288 Neb. 453, 848 N.W.2d 623 (2014).

The third paragraph of subdivision (3) of this section does not require expert proof of permanent physical restrictions assigned to each injured member in order to perform the loss of earning capacity assessment thereunder. Rodgers v. Nebraska State Fair, 288 Neb. 92, 846 N.W.2d 195 (2014).

The amendment by 2007 Neb. Laws, L.B. 588, to subdivision (3) of this section, which permits an employee to recover benefits for loss of earning capacity from a loss or loss of use of more than one member resulting in at least a 30-percent loss of earning capacity, was substantive, rather than procedural, and, therefore, did not apply retroactively to a claimant injured in an accident before the effective date of the amendment. Smith v. Mark Chrisman Trucking, 285 Neb. 826, 829 N.W.2d 717 (2013).

For scheduled disabilities under subsection (3) of this section, a worker is compensated for his or her loss of use of a body member, loss of earning power is immaterial in determining compensation under subsection (3). Risor v. Nebraska Boiler, 277 Neb. 679, 765 N.W.2d 170 (2009).

Under this section, impairments to the body as a whole are compensated in terms of loss of earning power or capacity, but impairments of scheduled members are compensated on the basis of loss of physical function. The test for determining whether a disability is to a scheduled member or to the body as a whole is the location of the residual impairment, not the situs of the injury. Snyder v. IBP, Inc., 235 Neb. 319, 455 N.W.2d 157 (1990).

The language concerning the partial loss of use of multiple members contained in subsection (3) of this section applies only where the losses of use are the consequence of injuries sustained in a single compensable accident. Rodriguez v. Prime Meat Processors, 228 Neb. 55, 421 N.W.2d 32 (1988).

An employee suffering a schedule injury is entitled only to the compensation provided for in subsection (3) of this section, unless some unusual or extraordinary condition as to the other members or parts of the body develops as a result of the injury. Evans v. American Community Stores, 222 Neb. 538, 385 N.W.2d 91 (1986).

An injury that results in the inability to produce tears to wash the eye is a scheduled injury to the eye. Doggett v. Brunswick Corp., 217 Neb. 166, 347 N.W.2d 877 (1984).

When a “schedule injury” results in unusual or extraordinary conditions which affect other parts of the body, recovery is not limited to the amount specified in the schedule. In this case, where a fractured femur healed in such a way that a deformity developed which affected the hip and other parts of the body, the employee was entitled to benefits beyond those in the schedule. Scampertino v. Federal Envelope Co., 205 Neb. 508, 288 N.W.2d 477 (1980).

Compensation under subdivisions (1) and (2) herein are not available for schedule injuries compensable under subdivision (3), except under unusual conditions. Broderson v. Federal Chemical Co., 199 Neb. 278, 258 N.W.2d 137 (1977).

Compensation for disability resulting from a specific injury listed in subdivision (3) is limited to the amount specified. Guerin v. Insurance Co. of North America, 183 Neb. 30, 157 N.W.2d 779 (1968).

In the absence of other extraordinary physical injury, compensation for loss of foot cannot exceed the amount specified in subdivision (3) of this section. Burrous v. North Platte Packing Co., 182 Neb. 122, 153 N.W.2d 353 (1967).

Loss of fingers on both hands alone does not entitle employee to compensation for permanent total disability. Runyan v. State, 179 Neb. 371, 138 N.W.2d 484 (1965).

The extent of permanent disability is not finally determinable until the employee is restored to good health insofar as the nature of his injuries will permit. Uzendoski v. City of Fullerton, 177 Neb. 779, 131 N.W.2d 193 (1964).

Loss of teeth and cut on lip were not compensable under subdivision (3). Wengler v. Grosshans Lumber Co., 173 Neb. 839, 115 N.W.2d 415 (1962).

Compensation was not limited to loss of use of leg where disability was also to back. Gilbert v. Metropolitan Utilities Dist., 156 Neb. 750, 57 N.W.2d 770 (1953).

Method of computing award for permanent partial loss of use of both hands stated. Paulsen v. City of Lincoln, 156 Neb. 702, 57 N.W.2d 666 (1953).

Combination of injuries to right and left wrists was sufficient to produce total disability. Franzen v. Blakley, 155 Neb. 621, 52 N.W.2d 833 (1952).

As it relates to an accidental injury to an eye, capable of industrial use and injured in industry, intent of section is to compensate for loss occasioned thereby to extent provided. Gruber v. Stickelman, 149 Neb. 627, 31 N.W.2d 753 (1948).

In a claim for compensation under subdivision (3), it is immaterial whether an industrial disability is present or not. Bronson v. City of Fremont, 143 Neb. 281, 9 N.W.2d 218 (1943).

In providing compensation for loss of eye it was the legislative intent to indemnify the injured workman to the full extent of his industrial loss occasioned thereby. Bolen v. Buller, 143 Neb. 237, 9 N.W.2d 204 (1943).

Where injury destroys the sight of an eye for industrial purposes, although with artificial means vision may be partially restored, an employee is entitled to compensation for loss of an eye. Oteo Food Products Co. v. Cruickshank, 141 Neb. 298, 3 N.W.2d 452 (1942).

Award for loss of use of eye is not based upon the amount of vision which existed previous to the accident, but is a specific amount to compensate to the full extent the industrial loss sustained. Ames v. Sanitary District, 140 Neb. 879, 2 N.W.2d 530 (1942).

Where fingers are injured and the disability resulting therefrom is normal, compensation cannot be awarded in addition to that provided in the statutory schedule for loss of use of fingers. Otten v. Western Contracting Co., 139 Neb. 78, 296 N.W.431 (1941).

Where claimant does not suffer any industrial disability as the result of an accident, he is not entitled to recover for total disability under subdivision (1), but this does not prevent recovery of compensation under subdivision (3) where there is impairment of physiological functions. Schmidt v. City of Lincoln, 137 Neb. 546, 290 N.W. 250 (1940).

The provisions of subdivision (3) are exclusive, and the employee may not recover for the loss of stereoscopic vision plus

Claimant for compensation who has sustained injury to both legs and both hands, is entitled to recover such proportion of compensation allowed for total disability, as the extent of loss of the several members bears to the total loss of two such members. Radford v. Smith Bros., Inc., 123 Neb. 13, 241 N.W. 753 (1932).

Loss of use of leg compensable as if leg had been removed. Schroeder v. Holt County, 113 Neb. 736, 204 N.W. 815 (1925).

Compensation for permanent loss of use of leg is limited to amount specified for loss of leg. Hull v. United States Fidelity & Guaranty Co., 102 Neb. 246, 166 N.W. 628 (1918).

Loss of toe does not entitle employee to compensation unless injury has impaired earning power. Epsten v. Hancock-Epsten Co., 101 Neb. 442, 163 N.W. 767 (1917).

Where deep cut severed the tendons in wrist and severed the ulnar nerve, award for permanent loss of use of hand was justified. Miller v. Morris & Co., 101 Neb. 169, 162 N.W. 417 (1917).

Under subsection (3) of this section, if a worker has a two-member injury, compensation shall be determined by the facts, and the existing or concurrent injury to another part of the body is one of these facts, even if that injury is not to a member as defined in that same subsection. Xayaseng v. Chief Indus., Inc., 7 Neb. App. 911, 586 N.W.2d 472 (1998).

5. Disability generally

This section provides compensation for three categories of job-related disabilities. Subdivision (1) sets the amount of compensation for total disability; subdivision (2) sets the amount of compensation for partial disability, except in cases covered by subdivision (3); and subdivision (3) sets out “schedule” injuries to specified parts of the body with compensation established therefor. Picard v. P & C Group I, 306 Neb. 292, 945 N.W.2d 183 (2020).

Disability, in contrast to impairment, is an economic inquiry to a worker’s compensation case. It can be determined only within the context of the personal, social, or occupational demands or statutory or regulatory requirements that the individual is unable to meet because of the impairment. Money v. Tyrell Flowers, 275 Neb. 602, 748 N.W.2d 49 (2008).

Disability is defined in terms of employability and earning capacity rather than in terms of loss of bodily function. McGee v. Panhandle Technical Sys., 223 Neb. 56, 387 N.W.2d 709 (1986).

Disability under the Nebraska Workmen’s Compensation Act is defined in terms of employability and earning capacity rather than in terms of loss of bodily function. Minshall v. Plains Mig. Co., 215 Neb. 881, 341 N.W.2d 906 (1983).

An employee who suffered back pain approximately one-half hour after doing heavy lifting suffered an injury arising out of and in the course of her employment and is entitled to workmen’s compensation. Disability is defined in terms of employability and earning capacity rather than bodily function. Thus, one who is in constant pain, unable to lift anything, and whose condition is aggravated by prolonged sitting or standing may be totally disabled. Wolke v. American Community Stores, 205 Neb. 763, 290 N.W.2d 195 (1980).

Disability under this section is defined in terms of employability, not bodily function. Craig v. American Community Stores, Inc., 205 Neb. 286, 287 N.W.2d 426 (1980).

Disability under this section refers to loss of earning power rather than loss of bodily function; latter loss important only as it relates to earning capacity. Colgrove v. City of Wymore, 184 Neb. 712, 171 N.W.2d 639 (1969).

Disability under subdivisions (1) and (2) is defined in terms of employability and earning capacity rather than in terms of loss of bodily function. Wheelor v. Northwestern Metal Co., 175 Neb. 841, 124 N.W.2d 377 (1963).

Disability under subdivisions (1) and (2) refers to loss of earning power rather than loss of bodily function. Thiness v. Kearney Packing Co., 173 Neb. 123, 112 N.W.2d 732 (1962).

Disability under first two subdivisions is defined in terms of employability and earning capacity. Pavel v. Hughes Brothers, 167 Neb. 727, 94 N.W.2d 492 (1959).

6. Whole body impairment

If, by the point of maximum medical improvement, a claimant has developed a whole body impairment in addition to a scheduled member injury, the question is whether the work-related injury proximately caused the whole body impairment. If both injuries arose from the same work-related injury, because the scheduled member injury resulted in the whole body impairment in a natural and continuous sequence of events and the whole body impairment would not have occurred but for the work-related injury, then the claimant is entitled to disability benefits for the whole body impairment. Moyera v. Quality Pork Internat., 284 Neb. 963, 825 N.W.2d 409 (2013).

Whether a claimant’s compensable scheduled member injury has resulted in a whole body impairment and loss of earning power is a question of fact. Moyera v. Quality Pork Internat., 284 Neb. 963, 825 N.W.2d 409 (2013).

Whether a claimant’s scheduled member loss has caused a whole body impairment is properly resolved under a proximate cause inquiry at the point of the claimant’s maximum medical improvement, when the claimant’s permanent impairment is assessed. Moyera v. Quality Pork Internat., 284 Neb. 963, 825 N.W.2d 409 (2013).

When a whole body injury is the result of a scheduled member injury, the member injury should be considered in the assessment of the whole body impairment. Under such circumstances, the trial court should not enter a separate award for the member injury in addition to the award for loss of earning capacity. To allow both awards creates an impermissible double recovery. Bishop v. Specialty Fabricating Co., 277 Neb. 171, 760 N.W.2d 352 (2009).

When a worker sustains a scheduled member injury and a whole body injury in the same accident, the Nebraska Workers’ Compensation Act does not prohibit the court from considering the impact of both injuries in assessing the loss of earning power for the whole body impairment. Madlock v. Square D Co., 269 Neb. 675, 695 N.W.2d 412 (2005).
WORKERS’ COMPENSATION § 48-121

capacity. In making such an assessment, the court must determine whether the scheduled member injury adversely affects the worker such that the loss of earning capacity cannot be fairly and accurately assessed without considering the impact of the scheduled member injury upon the worker’s employability. Zaval v. Conagra Beef Co., 285 Neb. 186, 655 N.W.2d 692 (2003).

Impairments of body parts which are compensated in terms of loss of earning power or capacity rather than in terms of loss of physical function. Snyder v. IBP, Inc., 222 Neb. 534, 385 N.W.2d 424 (1986).

7. Vocational rehabilitation

A vocational rehabilitation plan seeking to place a part-time hourly employee who suffered a permanent impairment in employment where the employee would earn wages similar to those based upon a calculation of average weekly wage under subdivision (4) of this section would best achieve the goal of restoring the employee to suitable employment. Becerra v. United Parcel Service, 284 Neb. 414, 822 N.W.2d 327 (2012).

A plain reading of subdivision (5) of this section requires that an employer must first offer, and the employee accept, vocational rehabilitation, or such rehabilitation must be court ordered before an employee becomes eligible for temporary total disability benefits. Bixenmann v. H. Kehm Constr., 267 Neb. 669, 676 N.W.2d 370 (2004); Thach v. Quality Pork International, 253 Neb. 544, 570 N.W.2d 830 (1997).

Pursuant to subsection (5) of this section, a claimant is not entitled to temporary total disability benefits merely because he or she undergoes rehabilitation up to the time of maximum medical improvement, but, rather, is entitled to compensation for such reasonable period of time as is spent undergoing rehabilitation and he or she is therefore unable to work. Stansbury v. HEP, Inc., 248 Neb. 706, 539 N.W.2d 28 (1995).

An employee, unless he or she is otherwise qualified to receive temporary total disability benefits, is entitled to such benefits only while undergoing rehabilitation which has been ordered by the compensation court. Bindrum v. Foste & Davies, 235 Neb. 903, 457 N.W.2d 828 (1990).

When prescribed as the only form of appropriate vocational rehabilitation for an injured employee, direct job placement is vocational rehabilitation within the meaning of subdivision (5) of this section. Bindrum v. Foste & Davies, 235 Neb. 903, 457 N.W.2d 828 (1990).

A plan of direct job placement, when prescribed as the only form of appropriate vocational rehabilitation for an injured employee, is vocational rehabilitation within the meaning of subdivision (5) of this section. Carter v. Weyerhaeuser Co., 234 Neb. 558, 452 N.W.2d 32 (1990).

8. Earning power

“Earning power,” as used in subdivision (2) of this section, is not synonymous with wages, but includes eligibility to procure employment generally, ability to hold a job obtained, and capacity to perform the tasks of the work, as well as the ability of the worker to earn wages in the employment in which he or she is fitted. Fraundenor v. Lindsay Mfg. Co., 263 Neb. 237, 639 N.W.2d 125 (2002).

Workers’ compensation benefits are not measured by loss of bodily function, but by reduction in earning power or employability. Earning power is not synonymous with wages, but includes eligibility to procure employment generally, ability to hold a job obtained, and capacity to perform the tasks of the work, as well as the ability of the worker to earn wages in the employment in which he or she is engaged or for which he or she is fitted. Variano v. Dial Corp., 256 Neb. 318, 589 N.W.2d 845 (1999).

“Earning power,” as used in subsection (2) of this section, is not synonymous with wages, but includes eligibility to procure employment generally, ability to hold a job obtained, and capacity to perform the tasks of the work, as well as the ability of the worker to earn wages in the employment in which he is engaged or for which he is fitted. Cords v. City of Lincoln, 249 Neb. 748, 545 N.W.2d 112 (1996).

Earning power, as used in subsection (2) of this provision, is measured by an evaluation of a worker’s general eligibility to procure and hold employment, the worker’s capacity to perform the required tasks, and the worker’s ability to earn wages in employment for which he or she is engaged or fitted. Thom v. Lutheran Medical Center, 226 Neb. 737, 414 N.W.2d 810 (1987).

“Earning power”, as used in this section, is not synonymous with wages, but includes eligibility to procure employment generally, ability to hold a job obtained, and capacity to perform the tasks of the work, as well as the ability to earn wages. Guerra v. Iowa Beef Processors, Inc., 211 Neb. 433, 318 N.W.2d 887 (1982).

“Earning power”, as used in this section, includes the ability to procure employment generally, to hold a job, and to perform the tasks of the work, as well as the ability to earn wages. Atkins v. Happy Hour, Inc., 209 Neb. 236, 306 N.W.2d 914 (1981).

Earning power is not synonymous with wages, but includes eligibility to procure employment generally. Frederick v. Cargill, Inc., 165 Neb. 589, 86 N.W.2d 575 (1957).

9. Labor market or hub community

A claimant who moved from a large labor market to a small labor market after her injury was not required to show her loss of earning power in both the large and the small labor market when her move for low cost housing was in good faith and motivated by economic necessity. Money v. Tyrrell Flowers, 275 Neb. 602, 748 N.W.2d 49 (2008).

A trial judge was not clearly wrong in concluding that a claimant could not reasonably seek employment in the large labor market 75 miles away, considering costs of fuel, insurance, maintenance for a vehicle, and claimant’s limited physical ability to make such a commute. Money v. Tyrrell Flowers, 275 Neb. 602, 748 N.W.2d 49 (2008).

If a workers’ compensation claimant relocates to a new community in good faith, the new community will serve as the hub community from which to assess the claimant’s loss of earning power. Money v. Tyrrell Flowers, 275 Neb. 602, 748 N.W.2d 49 (2008).

In determining whether to include surrounding communities as part of the relevant labor market for assessing the claimant’s loss of earning power, both the court-appointed vocational rehabilitation experts and the trial judge should consider the following factors: (1) availability of transportation, (2) duration of the commute, (3) length of workday the claimant is capable of working, (4) ability of the person to make the commute based on his or her physical condition, (5) economic feasibility of a person in the claimant’s position working in that location, and (6) whether others who live in the claimant’s hub community regularly seek employment in the prospective area. Money v. Tyrrell Flowers, 275 Neb. 602, 748 N.W.2d 49 (2008).

The first step in identifying the relevant labor market for assessing a claimant’s loss of earning power in a workers’
§ 48-121  LABOR

compensation case is to determine whether the hub is where the injury occurred, or where the claimant resided at the time of the hearing. Money v. Tyrrell Flowers, 275 Neb. 602, 748 N.W.2d 49 (2008).

Communities surrounding the workers’ compensation claimant’s hub community should be considered part of that claimant’s labor market for purposes of determining that claimant’s earning capacity, but only to the extent that it would be reasonable for the claimant to seek employment in that location. Giboo v. Certified Transmission Rebuilders, 275 Neb. 369, 746 N.W.2d 362 (2008).

If a workers’ compensation claimant cannot show a legitimate motive behind his or her postinjury relocation to a new community, the community where the claimant resided at the time the injury occurred will serve as the hub community from which to assess earning capacity. Giboo v. Certified Transmission Rebuilders, 275 Neb. 369, 746 N.W.2d 362 (2008).

When an employee injured in one community relocates to a new community, the new community will serve as the hub community from which to assess the claimant’s earning capacity for purposes of workers’ compensation, provided that the change of community was done in good faith and not for improper motives. Giboo v. Certified Transmission Rebuilders, 275 Neb. 369, 746 N.W.2d 362 (2008).

Whether it would be reasonable for a workers’ compensation claimant to seek employment outside his or her hub community should be based on the totality of the circumstances, with regard for such factors as (1) availability of transportation, (2) duration of the commute, (3) length of the workday the claimant is capable of working, (4) ability of the person to make the commute based on his or her physical condition, and (5) economic feasibility of a person in the claimant’s position working in that location. REGARD might also be given to the more generalized inquiry of whether others who live in the claimant’s hub community regularly seek employment in the prospective area. Giboo v. Certified Transmission Rebuilders, 275 Neb. 369, 746 N.W.2d 362 (2008).

10. Average weekly wage

In calculating the average weekly wage, a part-time hourly employee with a permanent disability is treated as though he or she had worked a 40-hour workweek. Becerra v. United Parcel Service, 284 Neb. 414, 822 N.W.2d 327 (2012).

As to hourly employees, subsection (4) of this section alters the computation of average weekly wage under section 48-126 only to the extent that it requires that a minimum of 40 hours per week be utilized in making the computation, which would result in part-time hourly employees with permanent disabilities being treated as though they had worked a 40-hour workweek. Ramsey v. State, 259 Neb. 176, 699 N.W.2d 18 (2000).

In determining the average weekly wage of a self-employed claimant, business expenses should be deducted, and the business expenses set forth on a claimant’s tax return shall be presumed correct. Either party may rebut this presumption of correctness by proving by a preponderance of the evidence that certain business expenses distort the claimant’s true rate of compensation at the time of the accident. Hull v. Aetna Ins. Co., 249 Neb. 125, 541 N.W.2d 631 (1996).

A self-employed claimant’s average weekly wage under subsection (2) of this section shall be based upon the claimant’s gross income less business expenses, i.e., net income. Hull v. Aetna Ins. Co., 247 Neb. 713, 529 N.W.2d 783 (1995).

11. Miscellaneous

In a workers’ compensation proceeding, the medical impairment rating given by a doctor may be an important factor for determining a claimant’s impairment rating. Bower v. Eaton Corp., 301 Neb. 311, 918 N.W.2d 249 (2018).

A return to work at wages equal to those received before the injury may be considered, but it does not preclude a finding that the workers’ compensation claimant is either partially or totally disabled. Zwierer v. Becton Dickinson-East, 285 Neb. 735, 829 N.W.2d 113 (2013).

In assessing a claimant’s disability in a workers’ compensation case, physical restrictions and impairment ratings are important, but once the claimant establishes the cause of disability, the trial judge is not limited to this evidence and may also rely on the claimant’s testimony to determine the extent of the disability. Money v. Tyrrell Flowers, 275 Neb. 602, 748 N.W.2d 49 (2008).

This section does not prohibit a worker from concurrently receiving statutory benefits for separate injuries arising out of separate accidents, so long as the combined payments do not exceed the maximum weekly rate allowed by section 48-121.01. Vega v. Iowa Beef Processors, 264 Neb. 282, 646 N.W.2d 643 (2002).

Pursuant to subsection (2) of this section, past wage history, even if the claimant’s position with the employer was only temporary, is not considered. Cox v. Fagen Inc., 249 Neb. 677, 545 N.W.2d 80 (1996).

All calculations to be made under this section, and amendments thereto, have reference to wages, percentages, and results as of the time of injury. McGowan v. Lockwood Corp., 245 Neb. 138, 511 N.W.2d 118 (1994).

Termination of payments for permanent partial disability was proper because plaintiff was not entitled to compensation in excess of the prescribed statutory maximum amount of weekly compensation. Foreman v. State, 240 Neb. 716, 483 N.W.2d 752 (1992).

In relation to “total disability” under subsection (1) of this section and “disability partial in character” under subsection (2) of this section, “temporary” and “permanent” refer to duration of disability. “Total” and “partial” mean the degree of diminished employability or impaired earning capacity. Sherard v. Bethphage Mission, Inc., 236 Neb. 900, 464 N.W.2d 343 (1991).

Loss of earning capacity or earning power is relevant only to impairment of the body as a whole. Impairment to a scheduled member is measured on the basis of loss of physical function. Yager v. Bellico Midwest, 236 Neb. 888, 464 N.W.2d 335 (1991).

The ability to communicate in English, if relevant, should be considered in determining the magnitude of a worker’s disability. Mata v. Western Valley Packing, 236 Neb. 584, 462 N.W.2d 869 (1990).

In making the calculations to determine a worker’s benefits, an amendatory act may not be applied retroactively, and the statute as it existed at the time of injury governs. Canas v. Maryland Cas. Co., 236 Neb. 164, 459 N.W.2d 533 (1990).

When a worker has reached maximum recovery, the remaining disability is permanent and such worker is no longer entitled to compensation for temporary disability. Musil v. J.A. Baldwin Manuf. Co., 233 Neb. 901, 448 N.W.2d 591 (1989).

Injuries to the body as a whole are compensated under subordinations (1) and (2) of this section, and refer to loss of employability and earning capacity, and not functional and medical loss alone. Klireva v. Paradise Landscapes, 227 Neb. 80, 416 N.W.2d 21 (1987).

This section does not require that the 300-week period of compensation be reduced by the number of weeks during which these compensations occurred.

The statutory scheme found herein is meant to compensate impairments of the body as a whole in terms of employability and loss of earning capacity, but to compensate impairments of scheduled members, rather, on the basis of loss of physical function. Nordby v. Gould, 213 Neb. 372, 329 N.W.2d 118 (1983).

In the case of an occupational disease the "date of the injury", within the meaning of the Workmen’s Compensation Act, is the date when the disability is first incurred. Therefore, the maximum compensable rate is that rate in effect on the "date of the injury". Oxter v. A.C. and S., Inc., 209 Neb. 282, 307 N.W.2d 514 (1981).

This court can overturn the factfindings of the Workmen's Compensation Court that plaintiff's injury was to a member rather than to his body as a whole only if the finding is not supported by sufficient competent evidence. In this case the treating surgeon's testimony as to the site of the injury, possible future difficulties, disability, and resulting limitations, along with testimony by another medical expert, supported the finding that plaintiff suffered a schedule injury of the leg. Goers v. Bud Irons Excavating, 207 Neb. 579, 300 N.W.2d 29 (1980).

A compensable injury to the ball and socket of the hip joint, where the residual impairment is not limited to the leg, is not a schedule injury under subdivision (3), but a disability under subdivision (1) or (2) relating to earning capacity and employability. Jeffers v. Pappas Trucking, Inc., 198 Neb. 379, 253 N.W.2d 30 (1977).

In a claim for compensation hereunder, it is immaterial whether an industrial disability is present or not. Sopher v. Nebraska P.P. Dist., 191 Neb. 402, 215 N.W.2d 92 (1974).

Losses in bodily function are important only insofar as they relate to earning capacity and loss thereof. Shotwell v. Industrial Builders, Inc., 187 Neb. 320, 190 N.W.2d 624 (1971).

This section discussed in connection with controversy over reason for delay in making payments. Marshall v. Columbus Steel Supply, 187 Neb. 102, 187 N.W.2d 607 (1971).

Under Nebraska statute, any workmen’s compensation policy is required to cover all of the employer's liability and all compensation awarded under the act. Neeman v. One County, 186 Neb. 370, 183 N.W.2d 269 (1971).

Disability under subdivisions (1) and (2) is measured in terms of employability and earning capacity rather than in terms of loss of bodily function. Miller v. Peterson, 165 Neb. 344, 85 N.W.2d 700 (1957).

In a claim for compensation under subdivision (3) of this section, it is immaterial whether an industrial disability is present or not. Paulson v. Martin-Nebroaska Co., 147 Neb. 1012, 26 N.W.2d 11 (1947).

Action was properly brought under this section where evidence showed employee was regular part-time employee under contract of hire at forty cents per hour. Redfern v. Safeway Stores, Inc., 145 Neb. 288, 16 N.W.2d 196 (1944).
(b) Commencing January 1, 1996, and each January 1 thereafter, the maximum weekly income benefit under sections 48-121 and 48-122 shall be one hundred percent, computed to the next higher whole dollar, of the state average weekly wage determined pursuant to section 48-121.02, except that for the purposes of calendar years commencing after 1996, the Governor may not later than November 15, 1996, and not later than each November 15 thereafter, conduct a public hearing after not less than thirty days' notice to consider whether he or she should issue an order to suspend the effectiveness of the change in the maximum weekly income benefit otherwise required by this subdivision for the ensuing calendar year. In order to make his or her decision, the Governor shall consider such factors as recent trends in economic conditions in the state, general wage levels, workers' compensation benefit levels, and workers' compensation premium levels. After such hearing but not later than November 30 immediately thereafter, the Governor may issue an order to suspend the effectiveness of the change in the maximum weekly income benefit otherwise required by this subdivision for the ensuing calendar year.

(2) The minimum weekly income benefit under sections 48-121 and 48-122 shall be forty-nine dollars.

48-121.02 State average weekly wage; how determined.

For purposes of section 48-121.01, the state average weekly wage shall be determined by the administrator of the Nebraska Workers' Compensation Court as follows: On or before October 1 of each year, the total insured wages reported to the Department of Labor for the preceding calendar year, excluding federal employees, shall be divided by the average monthly number of employees insured under the Employment Security Law. Such average monthly number of employees shall be determined by dividing the total number of employees insured under the Employment Security Law reported for such calendar year by twelve. The state average annual wage thus obtained shall be divided by fifty-two, and the state average weekly wage thus determined shall be rounded to the nearest whole cent. The state average weekly wage as so determined shall be applicable for the calendar year commencing January 1 following the October 1 determination.

48-122 Compensation; injuries causing death; amount and duration of payments; computation of wages; expenses of burial; alien dependents; appointment of attorney in fact; bond; filing required.

(1) If death results from injuries and the deceased employee leaves one or more dependents dependent upon his or her earnings for support at the time of injury, the compensation, subject to section 48-123, shall be not more than the maximum weekly income benefit specified in section 48-121.01 nor less than the minimum weekly income benefit specified in section 48-121.01, except that
if at the time of injury the employee receives wages of less than the minimum
weekly income benefit specified in section 48-121.01, then the compensation
shall be the full amount of such wages per week, payable in the amount and to
the persons enumerated in section 48-122.01 subject to the maximum limits
specified in this section and section 48-122.03.

(2) When death results from injuries suffered in employment, if immediately
prior to the accident the rate of wages was fixed by the day or hour, or by the
output of the employee, the weekly wages shall be taken to be computed upon
the basis of a workweek of a minimum of five days, if the wages are paid by the
day, or upon the basis of a workweek of a minimum of forty hours, if the wages
are paid by the hour, or upon the basis of a workweek of a minimum of five
days or forty hours, whichever results in the higher weekly wage, if the wages
are based on the output of the employee.

(3) Upon the death of an employee, resulting through personal injuries as
defined in section 48-151, whether or not there are dependents entitled to
compensation, the reasonable expenses of burial, not exceeding eleven thou-
sand dollars, without deduction of any amount previously paid or to be paid for
compensation or for medical expenses, shall be paid to his or her dependents,
or if there are no dependents, then to his or her personal representative.
Beginning in 2023, the Nebraska Workers’ Compensation Court shall annually
adjust the dollar limitation in this subsection. The adjusted limitation shall be
equal to the then current limitation adjusted by the greater of one percent or
the percentage change, for the preceding year, in the Consumer Price Index for
All Urban Consumers, as prepared by the United States Department of Labor,
Bureau of Labor Statistics. Any adjustment shall be effective on July 1. The
adjustment shall not exceed two and three-quarters percent per annum. If the
amount so adjusted is not a multiple of one hundred dollars, the amount shall
be rounded to the nearest multiple of one hundred dollars.

(4) Compensation under the Nebraska Workers’ Compensation Act to alien
dependents who are not residents of the United States shall be the same in
amount as is provided in each case for residents, except that at any time within
one year after the death of the injured employee the employer may at his or her
option commute all future installments of compensation to be paid to such alien
dependents. The amount of the commuted payment shall be determined as
provided in section 48-138.

(5)(a)(i) Except as provided in subdivision (5)(a)(ii) of this section, the
consular officer of the nation of which the employee, whose injury results in
death, is a citizen shall be regarded as the sole legal representative of any alien
dependents of the employee residing outside of the United States and represent-
ing the nationality of the employee.

(ii) At any time prior to the final settlement, a nonresident alien dependent
may file with the Nebraska Workers’ Compensation Court a power of attorney
designating any suitable person residing in this state to act as attorney in fact in
proceedings under the Nebraska Workers’ Compensation Act. If the compensa-
tion court determines that the interests of the nonresident alien dependent will
be better served by such person than by the consular officer, the compensation
court shall appoint such person to act as attorney in fact in such proceedings.
In making such determination the court shall consider, among other things,
whether a consular officer’s jurisdiction includes Nebraska and the responsive-
ness of the consular officer to attempts made by an attorney representing the employee to engage such consular officer in the proceedings.

(b) Such consular officer or appointed person shall have in behalf of such nonresident alien dependents the exclusive right to institute proceedings for, adjust, and settle all claims for compensation provided by the Nebraska Workers’ Compensation Act and to receive the distribution to such nonresident alien dependents of all compensation arising thereunder.

(c) A person appointed under subdivision (5)(a)(ii) of this section shall furnish a bond satisfactory to the compensation court conditioned upon the proper application of any money received as compensation under the Nebraska Workers’ Compensation Act. Before the bond is discharged, such appointed person shall file with the compensation court a verified account of receipts and disbursements of such money.

(d) For purposes of this section, consular officer means a consul general, vice consul general, or vice consul or the representative of any such official residing within the State of Nebraska.

(6) The changes made to this section by Laws 2019, LB418, apply to cases under the Nebraska Workers’ Compensation Act that are pending on September 1, 2019, and to cases filed on or after such date.

48-122.01 Compensation; schedule.

Compensation under section 48-122 shall be payable in the amount and to the following persons subject to the maximum limits specified in sections 48-122 and 48-122.03:

(1) If there is a widow or widower and no children of the deceased, as defined in section 48-124, to such widow or widower, sixty-six and two-thirds percent of the average weekly wage of the deceased, during widowhood or widowerhood;

(2) To the widow or widower, if there is a child or children living with the widow or widower, sixty percent of the average weekly wage of the deceased, or fifty-five percent, if such child is not or such children are not living with a widow or widower, and, in addition thereto, fifteen percent for each child. When there are two or more such children, the indemnity benefits payable on account of such children shall be divided among such children, share and share alike;

(3) Two years’ indemnity benefits in one lump sum shall be payable to a widow or widower upon remarriage;

(4) To the children, if there is no widow or widower, sixty-six and two-thirds percent of such wage for one child, and fifteen percent for each additional child, divided among such children, share and share alike;

(5) The income benefits payable on account of any child under this section shall cease when he or she dies, marries, or reaches the age of nineteen, or when a child over such age ceases to be physically or mentally incapable of self-support, or if actually dependent ceases to be actually dependent, or, if enrolled
as a full-time student in any accredited educational institution, ceases to be so enrolled or reaches the age of twenty-five. A child who originally qualified as a dependent by virtue of being less than nineteen years of age may, upon reaching age nineteen, continue to qualify if he or she satisfies the tests of being physically or mentally incapable of self-support, actual dependency, or enrollment in an educational institution;

(6) To each parent, if actually dependent, twenty-five percent;

(7) To the brothers, sisters, grandparents, and grandchildren, if actually dependent, twenty-five percent to each such dependent. If there should be more than one of such dependents, the total income benefits payable on account of such dependents shall be divided share and share alike;

(8) The income benefits of each beneficiary under subdivisions (6) and (7) of this section shall be paid until he or she, if a parent or grandparent, dies, marries, or ceases to be actually dependent, or, if a brother, sister, or grandchild, dies, marries, or reaches the age of nineteen or if over that age ceases to be physically or mentally incapable of self-support, or ceases to be actually dependent; and

(9) A person ceases to be actually dependent when his or her income from all sources exclusive of workers’ compensation income benefits is such that, if it had existed at the time as of which the original determination of actual dependency was made, it would not have supported a finding of dependency. In any event, if the present annual income of an actual dependent person including workers’ compensation income benefits at any time exceeds the total annual support received by the person from the deceased employee, the workers’ compensation benefits shall be reduced so that the total annual income is no greater than such amount of annual support received from the deceased employee. In all cases, a person found to be actually dependent shall be presumed to be no longer actually dependent three years after each time as of which the person was found to be actually dependent. This presumption may be overcome by proof of continued actual dependency as defined in this subdivision and section 48-124.

48-122.02 Compensation; cessation of income benefits; income benefits.

Upon the cessation of income benefits under section 48-122.01 to or on account of any person, the income benefits of the remaining persons entitled to income benefits for the unexpired part of the period during which their income benefits are payable shall be that which such persons would have received if they had been the only persons entitled to income benefits at the time of the decedent’s death.

48-122.03 Compensation; maximum weekly income benefits in case of death.

The maximum weekly income benefits payable for all beneficiaries in case of death shall not exceed seventy-five percent of the average weekly wage of the deceased, subject to the maximum limits in section 48-122. The maximum aggregate limitation shall not operate in case of payment of two years’ income benefits to the widow or widower upon remarriage, as provided under subdivi-
sion (3) of section 48-122.01, to prevent the immediate recalculation and payments of benefits to the remaining beneficiaries as provided under section 48-122.02. The classes of beneficiaries specified in subdivisions (1), (2), and (4) of section 48-122.01 shall have priority over all other beneficiaries in the apportionment of income benefits. If there is a widow or widower and a child or children and the maximums specified in section 48-122 and this section prevent full payment under either maximum, the compensation shall be apportioned between the widow or widower and the child or children on a pro rata basis. If there is more than one child living with the widow or widower and no child or children living separately, the apportionment shall be on the pro rata basis of sixty percent to the widow or widower and fifteen percent divided among the children. If there is more than one child not living with the widow or widower and no child or children living with her or him, the apportionment shall be on the pro rata basis of fifty-five percent to the widow or widower and twenty percent divided among the children. If one or more children are living with and one or more children are not living with her or him, the apportionment shall be on the pro rata basis of fifty-five percent to the widow or widower and twenty percent divided among the children. If the provisions of this section should prevent payment to other beneficiaries of the income benefits to the full extent otherwise provided for, the gross remaining amount of income benefits payable to such other beneficiaries shall be apportioned by class, proportionate to the interest of each class in the remaining amount. Parents shall be considered to be in one class and those specified in subdivision (7) of section 48-122.01 in another class.

48-123 Compensation; death of employee receiving disability payments; schedule.

The death of an injured employee prior to the expiration of the period within which he or she would receive such disability payment shall be deemed to end such disability, and all liability for the remainder of such payment which he or she would have received in case he or she had lived shall be terminated, but the employer shall thereupon be liable for the following death benefit in lieu of any further disability indemnity: If the injury so received by such employee was the cause of his or her death and such deceased employee leaves dependents as hereinbefore specified, the death benefit shall be a sum sufficient, when added to the indemnity which shall at the time of death have been paid or become payable under the Nebraska Workers’ Compensation Act to such deceased employee, to make the total compensation for the injury and death equal to the full amount which such dependents would have been entitled to receive under section 48-122, in case the accident had resulted in immediate death; and such benefits shall be payable in the same manner and subject to the same terms and conditions in all respects as payments made under such section. No deduction shall be made for the amount which may have been paid for medical and hospital services and medicines or for the expenses of burial. If the employee dies from some cause other than the injury, there shall be no liability for compensation to accrue after his or her death.

§ 48-123 LABOR

Where injured employee dies during pendency of litigation, payment of compensation will be made in accordance with this section. Smith v. Stevens, 173 Neb. 723, 114 N.W.2d 724 (1962).

Employer was not liable for death benefit hereunder where evidence was not sufficient to support claim of compensable injury. Kuhntick v. Carey, 124 Neb. 762, 248 N.W. 89 (1933); Kuhtnick v. Carey, 124 Neb. 761, 248 N.W. 92 (1933).

Action by injured employee, pending at time of death, may be revived by dependents or administrator. Palmer v. Saunders County, 117 Neb. 484, 221 N.W. 99 (1928).

48-124 Dependents; terms, defined.

The following persons shall be conclusively presumed to be dependent for support upon a deceased employee: (1) A wife upon a husband with whom she is living or upon whom she is actually dependent at the time of his injury or death; (2) a husband upon a wife with whom he is living or upon whom he is actually dependent at the time of her injury or death; and (3) a child or children under the age of nineteen years, or over such age, if physically or mentally incapable of self-support, or any child nineteen years of age or over who is actually dependent, or any child between nineteen and twenty-five years of age who is enrolled as a full-time student in any accredited educational institution.

The term child shall include a posthumous child, a child legally adopted or for whom adoption proceedings are pending at the time of death, an actually dependent child in relation to whom the deceased employee stood in the place of a parent for at least one year prior to the time of death, an actually dependent stepchild, or a child born out of wedlock. Child shall not include a married child unless receiving substantially entire support from the employee. Grandchild shall mean a child, as above defined, of a child, as above defined, except that as to the latter child, the limitations as to age in the above definition do not apply.

Brother or sister shall mean a brother or sister under nineteen years of age, or nineteen years of age or over and physically or mentally incapable of self-support, or nineteen years of age or over and actually dependent. The terms brother and sister shall include stepbrothers and stepsisters, half brothers and half sisters, and brothers and sisters by adoption but shall not include married brothers or married sisters unless receiving substantially entire support from the employee.

Parent shall mean a mother or father, a stepparent, a parent by adoption, a parent-in-law, and any person who for more than one year immediately prior to the death of the employee stood in the place of a parent to him or her, if actually dependent in each case.

Actually dependent shall mean dependent in fact upon the employee and shall refer only to a person who received more than half of his or her support from the employee and whose dependency is not the result of failure to make reasonable efforts to secure suitable employment. When used as a noun, the word dependent shall mean any person entitled to death benefits. No person shall be considered a dependent, unless he or she be a member of the family of the deceased employee, or bears to him or her the relation of widow, widower, lineal descendant, ancestor, brother, or sister. Questions as to who constitute dependents and the extent of their dependency shall initially be determined as of the date of the accident to the employee, and the death benefit shall be directly recoverable by and payable to the dependent or dependents entitled thereto or their legal guardians or trustees. No dependent of any injured employee shall be deemed, during the life of such employee, a party in interest.
to any proceeding by him or her for the enforcement or collection of any claim for compensation, nor as respects the compromise thereof by such employee.

1. **Wife**

Where wife was living apart from husband, and did not recognize his obligation to support her, recovery could not be had for death of husband. Bulman v. Lyman-Richey Sand & Gravel Corporation, 144 Neb. 342, 13 N.W.2d 403 (1944).

Wife, involuntarily confined in insane asylum at time of husband’s death, was living with husband within provisions of Workmen’s Compensation Act. Harrison v. Cargill Commission Co., 126 Neb. 165, 252 N.W. 899 (1934).

Where common-law marriage was invalid, claimant was not the widow and not entitled to compensation hereunder. Collins v. Hoag & Rollins, Inc., 122 Neb. 805, 241 N.W. 766 (1932).

2. **Children**

Where child of divorced parents did not live with and had not received support from father, child was not a dependent so as to be entitled to compensation upon death of employee father. Meyer v. Nielsen Chevrolet Co., 137 Neb. 6, 287 N.W. 849 (1939).

Contention of employer that children are entitled to compensation only from date widow remarried, was denied. Aeschleman v. Haschenburger Co., 127 Neb. 207, 254 N.W. 899 (1934).

A plain reading of this section shows that “an actually dependent child” is a separate qualifying relationship from that between the deceased employee and “an actually dependent child in relation to whom the deceased employee stood in the place of a parent for at least one year prior to the time of death.” State v. Soto, 11 Neb. App. 667, 659 N.W.2d 1 (2003).

3. **Parents**

Parents are not presumed to be dependents of minor children but may be found so to be on the facts of the individual case. McKelvey v. Barton Mills, Inc., 152 Neb. 120, 40 N.W.2d 407 (1949).

Payment by son to parents upon indebtedness do not make out a case of partial dependency upon son for support. Freburg v. Central Nebraska Public Power & Irr. Dist., 142 Neb. 868, 8 N.W.2d 209 (1943).

Where contributions are made by a son to support of needy parents over a reasonable period of time and with reasonable certainty as to amounts and when contributed, a finding of partial dependency of parents upon deceased employee is warranted. Kral v. Lincoln Steel Works, 136 Neb. 31, 284 N.W. 761 (1939).

Evidence was sufficient to establish nonresident mother’s dependency. Vemuto v. Carter Lake Club, 104 Neb. 792, 178 N.W. 760 (1920).

Dependency is not based solely upon a present legal obligation to support, and is not determined by the fact that a decedent had or had not actually contributed to the support of a parent before the date of the accident. Parson v. Murphy, 101 Neb. 542, 163 N.W. 847, L.R.A. 1918F 479 (1917).

4. **Miscellaneous**

Question of dependency is to be determined in accordance with the fact situation existing at time of injury. Lighthill v. McCurry, 175 Neb. 547, 122 N.W.2d 468 (1963).

Questions of dependency upon death of employee are to be determined in accordance with this section. Smith v. Stevens, 173 Neb. 723, 114 N.W.2d 724 (1962).

Dependency in fact is not created by contributions made by an employee for purposes other than support of the claimed dependent. Pieters v. Drake-Williams-Mount Co., 142 Neb. 315, 6 N.W.2d 69 (1942).

Where employee, in absence of fraud, signed release, it is binding on dependents after his death. Welton v. Swift & Co., 125 Neb. 455, 250 N.W. 661 (1933).

Dependents are not necessary parties in interest in compensation action brought in employee’s lifetime. Employee’s settlement, while in full possession of mental faculties, in absence of fraud, binds dependents. Bliss v. Woods, 120 Neb. 790, 235 N.W. 334 (1931).

Action to recover compensation for death may be by adult dependent, guardian or trustee of minor dependent, or by executor or administrator of deceased. Coster v. Thompson Hotel Co., 102 Neb. 585, 168 N.W. 191 (1918).
accordance with the methods of payment of wages of the employee at the time
of the injury or death or by a method of payment as provided in subsection (2)
of this section. Such payments shall be sent directly to the person entitled to
compensation or his or her designated representative except as otherwise
provided in section 48-149 or subsection (2) of this section.

(2)(a) After an injury or death subject to the Nebraska Workers’ Compensation
Act, the employer, workers’ compensation insurer, or risk management
pool and the employee, the other person entitled to compensation, or a legal
representative acting on behalf of such employee or other person entitled to
compensation may enter into a written or electronic agreement that periodic or
lump-sum payments to the employee or other person entitled to compensation
may be made by check or by direct deposit, prepaid card, or similar electronic
payment system.

(b) Payments made by direct deposit, prepaid card, or similar electronic
payment system pursuant to this subsection shall not be subject to attachment
or garnishment or held liable in any way for any debts, except as provided in
section 48-149; and an agreement pursuant to this subsection shall include
notice of this fact. If an amount is withheld pursuant to section 48-149,
sufficient information to identify the jurisdiction, the case number or similar
identifying information, and the amount withheld shall be provided to the
employee or other person entitled to compensation or his or her legal represen-
tative at or near the time of withholding.

(c) Prior to entering into an agreement pursuant to this subsection for
payment by prepaid card, the employer, workers’ compensation insurer, or risk
management pool shall provide to the employee or other person entitled to
compensation information regarding the locations where such card may be
used by the employee or other person.

(d) Pursuant to an agreement under this subsection, compensation may be
transferred by electronic funds transfer or other electronic means to the trust
account of an attorney representing the employee or other person entitled to
compensation, for the benefit of such employee or other person. The payment
or transfer shall include or be accompanied by information sufficient to identify
the nature of the payment being made, including the employer, workers’
compensation insurer, or risk management pool and the employee or other
person entitled to compensation.

(e) If an employer, workers’ compensation insurer, or risk management pool
imposes any fees or other charges relating to payment by direct deposit,
prepaid card, or a similar electronic payment system, prior to entering into an
agreement pursuant to this subsection the employer, workers’ compensation
insurer, or risk management pool shall disclose such fees or charges to the
employee or other person entitled to compensation.

(f) Any payment or transfer made pursuant to this subsection by direct
deposit, prepaid card, or similar electronic payment system shall be in the full
amount of the lump-sum or periodic payment awarded or paid pursuant to
section 48-121 to the employee or other person entitled to compensation.

(g) A prepaid card offered by the employer, workers’ compensation insurer,
or risk management pool shall:

(i) Allow the employee or other person entitled to compensation to apply,
initiate, transfer, and load payments with no charge by the employer, workers’
compensation insurer, or risk management pool;
(ii) For the initial prepaid card, be distributed or delivered to the employee or other person entitled to compensation with no charge by the employer, workers’ compensation insurer, or risk management pool; and

(iii) Provide the employee or other person entitled to compensation, with respect to each payment made to the prepaid card in accordance with this subsection, at least one method of accessing the full payment without fees.

(h) An employee, another person entitled to compensation, or a legal representative acting on behalf of such employee or other person entitled to compensation may elect at any time to rescind the agreement under this subsection regarding the method of payment by providing written or electronic notice of such rescission to the employer, workers’ compensation insurer, or risk management pool that is a party to such agreement. If such election is made, the employer, workers’ compensation insurer, or risk management pool shall change the method of payment to the method of payment of wages of the employee at the time of the injury or death under subsection (1) of this section as soon as practicable after receiving the information necessary to do so and in a manner that allows the employer, workers’ compensation insurer, or risk management pool to comply with the requirements of subsection (3) of this section without making a delinquent payment. The employer, workers’ compensation insurer, or risk management pool is not required to rescind any payment transaction already made or made to comply with subsection (3) of this section.

(i) An employer, a workers’ compensation insurer, or a risk management pool or an agent of any such entity shall not engage in unfair, deceptive, or abusive practices in relation to the method of payment. No employer, workers’ compensation insurer, risk management pool, or agent of any such entity shall discharge, penalize, or in any other manner discriminate against any employee or other person entitled to compensation because such employee or other person has not consented to receive payments by check or by direct deposit, prepaid card, or a similar electronic payment system.

(j) An employer, workers’ compensation insurer, or risk management pool that elects to make payment using a prepaid card shall comply with the requirements of 12 C.F.R. part 1005, as such part existed on April 1, 2018.

(3) Fifty percent shall be added for waiting time for all delinquent payments after thirty days’ notice has been given of disability or after thirty days from the entry of a final order, award, or judgment of the Nebraska Workers’ Compensation Court, except that for any award or judgment against the state in excess of one hundred thousand dollars which must be reviewed by the Legislature as provided in section 48-1,102, fifty percent shall be added for waiting time for delinquent payments thirty days after the effective date of the legislative bill appropriating any funds necessary to pay the portion of the award or judgment in excess of one hundred thousand dollars.

(4)(a) Whenever the employer refuses payment of compensation or medical payments subject to section 48-120, or when the employer neglects to pay compensation for thirty days after injury or neglects to pay medical payments subject to such section after thirty days’ notice has been given of the obligation for medical payments, and proceedings are held before the compensation court, a reasonable attorney’s fee shall be allowed the employee by the compensation court in all cases when the employee receives an award. Attorney’s fees allowed shall not be deducted from the amounts ordered to be paid for medical services nor shall attorney’s fees be charged to the medical providers.
(b) If the employer files an appeal from an award of a judge of the compensation court and fails to obtain any reduction in the amount of such award, the Court of Appeals or Supreme Court shall allow the employee a reasonable attorney’s fee to be taxed as costs against the employer for such appeal.

(c) If the employee files an appeal from an order of a judge of the compensation court denying an award and obtains an award or if the employee files an appeal from an award of a judge of the compensation court when the amount of compensation due is disputed and obtains an increase in the amount of such award, the Court of Appeals or Supreme Court may allow the employee a reasonable attorney’s fee to be taxed as costs against the employer for such appeal.

(d) A reasonable attorney’s fee allowed pursuant to this subsection shall not affect or diminish the amount of the award.

(5) When an attorney’s fee is allowed pursuant to this section, there shall further be assessed against the employer an amount of interest on the final award obtained, computed from the date compensation was payable, as provided in section 48-119, until the date payment is made by the employer. For any injury occurring prior to August 30, 2015, the interest rate shall be equal to the rate of interest allowed per annum under section 45-104.01, as such rate may from time to time be adjusted by the Legislature. For any injury occurring on or after August 30, 2015, the interest rate shall be equal to six percentage points above the bond investment yield, as published by the Secretary of the Treasury of the United States, of the average accepted auction price for the first auction of each annual quarter of the twenty-six-week United States Treasury bills in effect on the date of entry of the judgment. Interest shall apply only to those weekly compensation benefits awarded which have accrued as of the date payment is made by the employer. If the employer pays or tenders payment of compensation, the amount of compensation due is disputed, and the award obtained is greater than the amount paid or tendered by the employer, the assessment of interest shall be determined solely upon the difference between the amount awarded and the amount tendered or paid.

(6) For purposes of this section:

(a) Direct deposit means the transfer of payments into an account of a financial institution chosen by the employee or other person entitled to compensation; and

(b) Prepaid card means a prepaid debit card that provides access to an account with a financial institution established directly or indirectly by the employer, workers’ compensation insurer, or risk management pool to which payments are transferred.

1. Attorney's fees allowed

The requested fees need not have been incurred under a fee agreement in order to be recoverable as reasonable attorney fees under subdivision (4)(b) of this section. Sellers v. Reser Systems, 305 Neb. 868, 943 N.W.2d 275 (2020).

Interest that is assessed when a claimant is awarded attorney fees on an enforcement motion is calculated from the time each installment of benefits becomes due rather than being assessed on the full amount of benefits owed from the first date that compensation was payable. Russell v. Perry, Inc., 278 Neb. 981, 775 N.W.2d 420 (2009).

An employee is entitled to reasonable attorney fees when he or she obtains an increase, however trivial, in the amount of a workers' compensation award. Hageman v. Swift-Eckrich, Div. of ConAgra, 261 Neb. 305, 622 N.W.2d 663 (2001).

Payment of a court-approved lump-sum settlement is subject to the provisions of this section. Hollandsworth v. Nebraska Partners, 260 Neb. 756, 619 N.W.2d 579 (2000).

Pursuant to subsection (1) of this section, the phrase "reduction in the amount of such award" includes an attempt to apportion the responsibility for payment of an award among insurers and the Second Injury Fund. The elements required to establish the Second Injury Fund's liability are (1) a prior permanent partial disability known to the employer and hindering the employee's employability, (2) a subsequent compensable injury causing permanent disability to the employee, and (3) a combined permanent disability substantially greater in degree or percentage than would have resulted from the subsequent injury considered alone. The Second Injury Fund's liability cannot be determined until and unless the employee's subsequent injury is permanent. Miller v. Moist & Segrist, 255 Neb. 805, 587 N.W.2d 399 (1998).

The Second Injury Fund is "employer" within the meaning of this section. See the Second Injury Fund, on appeal, fails to obtain reduction of award of Workers' Compensation Court on rehearing, to be assessed against the Second Injury Fund. Sherard v. Bephage Mission, Inc., 236 Neb. 900, 464 N.W.2d 343 (1991).

Where a reduction of one aspect of the compensation award without a corresponding reduction of the total award does not mean that the employer obtained a reduction of the award such that the employee is not entitled to an attorney fee, Schlotfeld v. Mel's Heating & Air Conditioning, 233 Neb. 488, 445 N.W.2d 918 (1989).

Where there is no reasonable controversy regarding an employee's entitlement to workers' compensation, this section authorizes an award to the employee of an attorney fee and not to a reduction in the amount to be paid by a specific defendant who is liable to pay a portion of the award. The Second Injury Fund, within the meaning of this section, is an employer and if, on appeal to this court, it fails to obtain any reduction in the amount of the award on rehearing, the employee is entitled to a reasonable sum as attorney fees in this court, to be assessed against the fund. Pollard v. Wright's Tree Service, Inc., 212 Neb. 187, 322 N.W.2d 397 (1982).

Where an employer applies for a rehearing from an award by a single judge of the Workmen's Compensation Court and obtains a reduction in the award, the Workmen's Compensation Court shall not allow the employee attorney fees for the rehearing. But if the employer then appeals to this court and fails to obtain a further reduction, then the employee should be awarded attorney fees for the appeal. Goers v. Bud Irons Escavating, 207 Neb. 579, 300 N.W.2d 29 (1980).

A reasonable attorney's fee is generally granted an employee if the employer appeals but fails to obtain a reduction of the award. Weikhorst v. Rural Electric Co., Inc., 186 Neb. 445, 183 N.W.2d 747 (1971).

Where an employer applies for a rehearing from an award by a single judge of the Workmen's Compensation Court and obtains a reduction in the award, the Workmen's Compensation Court shall not allow the employee attorney fees for the rehearing. Where award of compensation was affirmed, employee was entitled to an attorney's fee for services of attorney in Supreme Court. Welke v. City of Ainsworth, 179 Neb. 496, 138 N.W.2d 808 (1965).

Attorney's fee was properly awarded to plaintiff's attorneys upon affirmance of award for permanent total disability. Haskett v. National Biscuit Co., 177 Neb. 915, 131 N.W.2d 597 (1964).

Attorney's fee was properly awarded for services in Supreme Court. Appleby v. Great Western Sugar Co., Inc., 176 Neb. 102, 125 N.W.2d 103 (1963).

Where award of workmen's compensation court was affirmed, attorney's fee was properly awarded. Sears v. City of Omaha, 164 Neb. 869, 83 N.W.2d 857 (1957).

Where employer on appeal failed to obtain reduction in award, attorney's fee was authorized. Hafer v. Gering Bean Co., 163 Neb. 748, 81 N.W.2d 152 (1957).

Statute limits the right to an attorney's fee to a specific situation. Fidelity & Casualty Co. v. Kennard, 162 Neb. 220, 75 N.W.2d 553 (1956).

Where employer failed to secure reduction of award, attorney's fee was authorized. Krajeski v. Beem, 157 Neb. 586, 60 N.W.2d 651 (1953).

Allowance of attorney's fee was proper. Miller v. Schleierh, 152 Neb. 805, 42 N.W.2d 865 (1950).
§ 48-125  LABOR

Where employer fails to obtain reduction of award in both district and Supreme Court, attorney's fee in each court may be allowed. Werner v. Nebraska Power Co., 149 Neb. 408, 31 N.W.2d 315 (1948).

Where employer appeals from award of district court and fails to obtain reduction in amount of award, Supreme Court will allow attorney's fees for services in appellate court. Bock v. Utz, Inc., 147 Neb. 214, 22 N.W.2d 697 (1946).

When employer appeals to Supreme Court from an award of compensation and fails to obtain reduction in amount of award, Supreme Court will allow employee a reasonable attorney's fee. Gilmore v. Statc, 146 Neb. 847, 20 N.W.2d 918 (1945).

Attorney's fee should be allowed whenever employer appeals to district court and fails to obtain reduction in amount of award. Weiss v. Johnson, 143 Neb. 452, 9 N.W.2d 788 (1948).

Additional attorney's fee for services in Supreme Court should be allowed where no reduction in award is obtained. Perkins v. Young, 133 Neb. 234, 274 N.W. 596 (1937).

Where employer on appeal to district court secured reduction in award, employee was not entitled to attorney's fees there, but where further appeal was taken to Supreme Court and no further reduction obtained, attorney's fees for services in appellate court were proper. Harmon v. J. H. Wiese Co., 121 Neb. 137, 236 N.W. 186 (1931).

Compensation claimant is entitled to reasonable attorney's fees, where appealing employer fails to reduce award. Davis v. Lincoln County, 117 Neb. 148, 219 N.W. 899 (1928); Western Newspaper Union v. 2. Attorney's fees not allowed

By filing a release pursuant to section 48-139(3), a worker waives his or her right to ask for penalties and attorney fees under this section. Holdsworth v. Greenwood Farmers Co-op, 286 Neb. 49, 835 N.W.2d 30 (2013).

Because the employee did not receive an award in a proceed-
ing before the compensation court, attorney fees cannot be awarded under subsection (1) of this section. The unequivocal language of this section clearly reads that an award of attorney fees is a prerequisite before interest on the compensation amount due to a claimant may be awarded under subsection (2) of this section. Blizzard v. Chrisman's Cash Register Co., 261 Neb. 445, 623 N.W.2d 655 (2001).

An employer is not entitled to an award of attorney fees when the employer, on appeal, obtains a reduction in the employee's overall award. Ira v. Swift-Eckrich, 251 Neb. 411, 558 N.W.2d 40 (1997).

This statute does not authorize the award of an attorney fee where there exists a reasonable controversy between the parties as to the entitlement of compensation. Beaver v. IIP, Inc., 222 Neb. 647, 385 N.W.2d 896 (1986).

If the employer received a reduction of the award of the compensation court, the employer's attorney's fees in this court will not be taxed as costs against the employer. Hare v. Watts Trucking Service, 220 Neb. 403, 370 N.W.2d 143 (1985).

Where an employer applies for a rehearing from an award by a single judge of the Workmen's Compensation Court and obtains a reduction in the award, the Workmen's Compensation Court should not allow the employee attorney fees for the rehearing. But if the employer then appeals to this court and fails to obtain a further reduction, then the employee should be awarded attorney fees for the appeal. Goers v. Bud Irons Exca-

Allowance of attorney’s fee is erroneous where employer has not neglected or refused to pay compensation, or appealed from an award made to the employee. Wilson v. Brown-McDonald Co., 134 Neb. 211, 278 N.W. 254 (1936).

Where district court, on appeal from compensation commissioner, fixed date when payment of compensation should begin at later date than that fixed by compensation commissioner, such change amounted to reduction of the award, and district court had no authority to allow attorney’s fee for plaintiff’s attorney. Compensation claimant is not entitled to attorney’s fee where he, and not employer, appeals. Updike Grain Co. v. Swanson, 104 Neb. 661, 178 N.W. 618 (1920).

3. Reasonable controversy

A “reasonable controversy” for the purpose of this section exists if (1) there is a question of law previously unanswered by the Supreme Court, which question must be answered to determine a right or liability for disposition of a claim under the Nebraska Workers’ Compensation Act, or (2) if the properly adduced evidence would support reasonable but opposite conclusions by the Nebraska Workers’ Compensation Court concerning an aspect of an employee’s claim for workers’ compensation, which conclusions affect allowance or rejection of an employee’s claim, in whole or in part. To avoid the penalty provided for in this section, an employer need not prevail in the employee’s claim, but must have an actual basis in law or fact for disputing the claim and refusing compensation. Stacy v. Great Lakes Agri Mktg., 276 Neb. 236, 753 N.W.2d 785 (2008).

A reasonable controversy under this section may exist (1) if there is a question of law previously unanswered by the appellate courts, which question must be answered to determine a right or liability for disposition of a claim under the Nebraska Workers’ Compensation Act, or (2) if the properly adduced evidence would support reasonable but opposite conclusions by the Nebraska Workers’ Compensation Court concerning an aspect of an employee’s claim for workers’ compensation, which conclusions affect allowance or rejection of an employee’s claim, in whole or in part. To avoid the penalty provided for in this section, an employer need not prevail in the employee’s claim, but must have an actual basis in law or fact for disputing the claim and refusing compensation. Dawes v. Wittrock Sand-blasting & Painting, 266 Neb. 526, 667 N.W.2d 167 (2003).

This section authorizes a 50-percent penalty payment for waiting time involving delinquent payment of compensation and an attorney fee, where there is no reasonable controversy regarding an employee’s claim for workers’ compensation. A reasonable controversy may exist if there is a question of law previously unanswered by the Supreme Court, which question must be answered to determine a right or liability for disposition of a claim under the Nebraska Workers’ Compensation Act. Hobza v. Seedolf Masonry, Inc., 259 Neb. 671, 611 N.W.2d 828 (2000).

This section authorizes a 50-percent penalty payment for waiting time where the employer fails to pay compensation after 30 days’ notice of the disability and where no reasonable controversy exists regarding the employee’s claim for benefits. Waiting-time penalties apply to final adjudicated awards or final orders of the Workers’ Compensation Court. The purpose of the 30-day waiting-time penalty and the provision for attorney fees is to encourage prompt payment by making delay costly if the award has been finally established. The only legitimate excuse for delay in the payment of workers’ compensation benefits is the existence of a genuine dispute from a medical or legal standpoint that any liability exists, and the fact that an employer is considering an appeal with no appeal actually filed is not sufficient evidence to sustain a finding of genuine medical or legal doubt as to liability. Gaston v. Appleton Elec. Co., 253 Neb. 897, 573 N.W.2d 131 (1998). This section authorizes a 50-percent penalty payment for waiting time where the employer fails to pay compensation after 30 days’ notice of the disability and where no reasonable controversy exists regarding the employee’s claim for benefits. Waiting-time penalties apply to final adjudicated awards. The purpose of the 30-day waiting-time penalty and the provision for attorney fees is to encourage prompt payment by making delay costly if the award has been finally established. In order to refrain from paying workers’ compensation benefits and to avoid the penalty assessable under this section, the employer must demonstrate that he or she has an actual basis, in law or fact, for disputing the employee’s claim. Roth v. Surpy Co., Highway Dept., 253 Neb. 703, 572 N.W.2d 786 (1998).

The concept of the presence of a reasonable controversy is to be applied only to the determination as to whether an employee is entitled to the statutory penalties, not including attorney fees, as set out in this section. Snyder v. HBP, Inc., 235 Neb. 319, 455 N.W.2d 157 (1990).
Under this section, the concept of reasonable controversy is to be applied only if no reasonable controversy regarding an employee’s claim for compensation, but must have an actual basis in law or fact, for disputing the employee’s claim and refusing from payment of compensation. Musil v. J.A. Baldwin Manuf. Co., 233 Neb. 901, 448 N.W.2d 591 (1989).

Whether a reasonable controversy exists under this section is a question of fact for the Workers’ Compensation Court. Tlampa v. Goodyear Tire & Rubber Co., 225 Neb. 789, 408 N.W.2d 291 (1987).

Reasonable controversy existed requiring denial of waiting time. Attorney’s fee was properly allowed. Shamburg v. Shamburg, 153 Neb. 495, 45 N.W.2d 446 (1950).

A reasonable controversy under this section may exist (1) if there is a question of law previously unanswered by the appellate courts, which question must be answered to determine a right or liability for disposition of a claim under the Nebraska Workers’ Compensation Act, or (2) if the properly adduced evidence would support reasonable but opposite conclusions by the Nebraska Workers’ Compensation Court concerning an aspect of an employee’s claim for workers’ compensation, which conclusions affect allowance or rejection of an employee’s claim, in whole or in part. Davis v. Crete Carrier Corp., 15 Neb. App. 241, 725 N.W.2d 562 (2006); Miliken v. Premier Indus., 13 Neb. App. 330, 691 N.W.2d 855 (2003).

To avoid the penalty provided for in this section, an employer need not prevail in the employee’s claim, but must have an actual basis in law or fact for disputing the claim and refusing compensation. Davis v. Crete Carrier Corp., 15 Neb. App. 241, 725 N.W.2d 562 (2006).

To avoid the penalty provided for in this section, an employer need not prevail in the employee’s claim, but must have an actual basis in law or fact for disputing the claim and refusing compensation. Miliken v. Premier Indus., 13 Neb. App. 330, 691 N.W.2d 855 (2005).

The fact that an insurance company makes a settlement offer by itself does not show the existence of a reasonable controversy regarding the employee’s claim for benefits pursuant to this section. Kubik v. Union Ins. Co., 4 Neb. App. 831, 550 N.W.2d 691 (1996).

4. Waiting time

This section authorizes a 50-percent penalty payment for waiting time involving delinquent payment of compensation and an attorney fee, where there is no reasonable controversy regarding an employee’s claim for workers’ compensation. Picard v. P & C Group 1, 306 Neb. 292, 945 N.W.2d 183 (2020).

A waiting-time penalty and attorney fees for waiting-time proceedings provided under this section are rights under the Nebraska Workers’ Compensation Act. Holdsworth v. Greenwood Farmers Coop, 286 Neb. 30, 855 N.W.2d 30 (2013).

No waiting-time penalty is required for an employer’s delinquent payment of medical expenses, because such expenses do not constitute compensation within the meaning of this section. VanKirk v. Central Community College, 285 Neb. 231, 826 N.W.2d 277 (2013). Even if an employer disputes in good faith the total compensation owed a claimant pending trial, the employer must pay any portion of the claim for which it admits liability. Lagemann v. Nebraska Methodist Hosp., 277 Neb. 335, 762 N.W.2d 51 (2009).

If an appellate court determines that no reasonable controversy existed regarding a claim for workers’ compensation benefits, the employer must pay waiting-time penalties from the date of the award until it pays the benefits under the appellate court’s mandate. Lagemann v. Nebraska Methodist Hosp., 277 Neb. 335, 762 N.W.2d 51 (2009).

There are two circumstances under this section in which the 30-day time limit applies for the payment of compensation: (1) upon the employee’s notice of disability if no reasonable controversy exists regarding the claim or (2) after a final adjudicated award if one of the parties appeals and a reasonable controversy existed regarding the claim pending trial. Lagemann v. Nebraska Methodist Hosp., 277 Neb. 335, 762 N.W.2d 51 (2009).

When a party appeals a workers’ compensation award to an appellate court, the award is not final and the waiting-time period for payment of benefits does not commence to run until the appellate court’s mandate is filed in the Workers’ Compensation Court. Lagemann v. Nebraska Methodist Hosp., 277 Neb. 335, 762 N.W.2d 51 (2009).

Whether a reasonable controversy exists between an employer and an employee as to the payment of workers’ compensation, the employer is not liable for the waiting-time penalties during the time the case is pending in the courts for final determination. Lagemann v. Nebraska Methodist Hosp., 277 Neb. 335, 762 N.W.2d 51 (2009).

Under former law, in order to harmonize this section and sections 48-199 and 48-1,012 in the context of waiting-time penalties in a manner which is consistent with the overall purpose of the Nebraska Workers’ Compensation Act, the Supreme Court holds that in order to avoid assessment of a waiting-time penalty with respect to that portion of a workers’ compensation award against the State which exceeds $50,000, the State must request review and appropriation of such amount during the first legislative session following the date the award became final and must pay such amount within 30 calendar days after the approval of the appropriation by the Legislature. Soto v. State, 270 Neb. 40, 699 N.W.2d 819 (2005).

Under former law, with respect to that portion of a workers’ compensation award against the State which exceeds $50,000, the 30-day period specified in subsection (1) of this section does not begin until the first day after the judgment becomes final on which the State could request review and appropriation pursuant to section 48-1,012 during a regular session of the Legislature. A waiting-time penalty may be assessed pursuant to this section if payment is not made within 30 calendar days thereafter. Soto v. State, 269 Neb. 337, 693 N.W.2d 491 (2005).

Under former law, for purposes of subsection (1) of this section, compensation sent within 30 days of the notice of disability or the entry of a final order, award, or judgment of compensation is not delinquent. Brown v. Harbor Fin. Mortgage Corp., 267 Neb. 218, 673 N.W.2d 35 (2004).

This section authorizes a 50-percent penalty payment for waiting time involving the delinquent payment of compensation and an attorney fee, where there is no reasonable controversy regarding an employee’s claim for workers’ compensation. Whether a reasonable controversy exists pertinent to this section is a question of fact. McBee v. Goodyear Tire & Rubber Co., Inc., 255 Neb. 903, 587 N.W.2d 687 (1999).

Pursuant to subsection (1) of this section, a workers’ compensation insurer’s bad faith refusal to timely authorize needed medical treatment for an employee’s work-related injury is
completely intertwined with the employee’s work-related injury; thus, the employee’s remedy is limited to that provided for under the Nebraska Workers’ Compensation Act. Ilm v. Crawford & Co., 254 Neb. 818, 580 N.W.2d 115 (1998).

Pursuant to subsection (1) of this section, where the total amount of compensation due for permanent disability is in dispute, the employer has a duty under the provisions of subsection (1) to pay within 30 days of the notice of disability any undisputed compensation; the only legitimate excuse for delay in the payment is the existence of a genuine dispute from a medical or legal standpoint that any liability exists. Grammer v. Endicott Clay Products, 252 Neb. 315, 562 N.W.2d 332 (1997).

Under this section, the 50-percent penalty for waiting time applies only when payments are delinquent after 30 days’ notice has been given of disability or there is no reasonable controversy and the employer refuses payment or neglects to pay compensation for 30 days after injury. In the latter situation, a reasonable attorney fee shall be allowed if the employee receives an award after proceedings in the compensation court. Briggs v. Consolidated Freightways, 234 Neb. 410, 451 N.W.2d 278 (1990).

Where there is no reasonable controversy regarding an employee’s entitlement to workers’ compensation, this section authorizes the award to the employee of an attorney fee and a 50-percent payment for waiting time on delinquent payments, and the worker is entitled to recover interest on the payments which have accrued at the time payment is made by the employer. Musil v. J.A. Baldwin Manuf. Co., 233 Neb. 901, 448 N.W.2d 591 (1989).

Where there is no reasonable controversy regarding an employee’s claim for workers’ compensation, this section authorizes the award to the employee of an attorney fee and a fifty-percent payment for waiting time on delinquent payments. Rodriguez v. Prime Meat Processors, 228 Neb. 55, 421 N.W.2d 32 (1988).

Where a reasonable controversy exists between the parties as to the payment of workers’ compensation, which is a fact question, an injured employee is not entitled to the statutory penalties for waiting time. Savage v. Henkel Phelps Constr. Co., 208 Neb. 676, 305 N.W.2d 375 (1981).

The right to attorney fees is purely statutory, and where a reasonable controversy exists between the parties as to the payment of compensation, an injured employee is not entitled to the statutory penalties for waiting time. Savage v. Henkel Phelps Constr. Co., 208 Neb. 676, 305 N.W.2d 375 (1981).

The provision of this section providing added amount for waiting time does not impose a penalty to an individual within prohibition of Article VII, section 5, of the Constitution. University of Nebraska at Omaha v. Paustian, 190 Neb. 840, 212 N.W.2d 704 (1973).

Penalty for delinquent payments not allowable where delay is due to a reasonable controversy as to amount and number of payments and litigation required to determine limitation. Marshall v. Columbus Steel Supply, 187 Neb. 102, 187 N.W.2d 607 (1971).

Where defense made raised a question of law of first impression, waiting time penalty was not appropriate. Hauff v. Kimball, 163 Neb. 55, 77 N.W.2d 683 (1956).

Where reasonable controversy exists between an employer and an employee as to employer’s liability, employer is not liable for penalty for waiting time or for allowance of attorney’s fees. Redfern v. Safeway Stores, Inc., 145 Neb. 288, 18 N.W.2d 196 (1944).

Where contentions of employer present a reasonable controversy, penalty for waiting time will not be allowed, although a reasonable attorney’s fee should be allowed for appellate services where award is affirmed. Dobesh v. Associated Asphalt Contractors, Inc., 138 Neb. 117, 292 N.W. 59 (1940).

Where a reasonable controversy exists, employer is not liable for penalty for waiting time during the time the cause is pending in the courts for final determination. Steward v. Deuel County, 137 Neb. 516, 289 N.W. 877 (1940).

If there is a reasonable controversy over the liability of employer for compensation, he is not liable for the penalty for waiting time. Hiestand v. Ristau, 135 Neb. 881, 284 N.W. 756 (1939).

Penalty is recoverable, where no reasonable controversy exists, and employer withholds periodic payment. Lincoln Gas & Electric Light Co. v. Watkins, 113 Neb. 619, 204 N.W. 391 (1925); Western Newspaper Union v. Dee, 108 Neb. 303, 187 N.W. 919 (1922); Abel Const. Co. v. Goodman, 105 Neb. 700, 181 N.W. 713 (1921).

Penalty is not recoverable, where reasonable controversy exists, until employer’s obligation is definitely ascertained or settled, in exercise of proper diligence on his part. McGuire v. Phelan-Shirley Co., 111 Neb. 609, 197 N.W. 615 (1924); McCravy v. Wolff, 109 Neb. 796, 192 N.W. 237 (1923); Hall v. Germantown State Bank, 105 Neb. 709, 181 N.W. 609 (1921); Osborn v. Omaha Structural Steel Co., 105 Neb. 216, 179 N.W. 1022 (1920); Udpke Grain Co. v. Swanson, 104 Neb. 661, 178 N.W. 618 (1920).

Penalty provision is constitutional and does not violate due process. United States Fidelity & Guaranty Co. v. Wickline, 103 Neb. 21, 170 N.W. 193 (1918).

Subsection (1) of this section requiring that payments be sent directly to the person entitled to compensation within 30 days of the award and imposing waiting-time penalties if the statute is violated is applicable to orders approving lump-sum settlements. Harris v. Iowa Tanklines, 20 Neb. App. 513, 825 N.W.2d 457 (2013).

When a workers’ compensation settlement check is sent from an insurance carrier to the employer’s counsel, but not to the claimant or his or her counsel, within 30 days after the entry of the award, it is not sent directly to the claimant within the statutorily prescribed time, as would warrant the imposition of waiting-time penalties. Harris v. Iowa Tanklines, 20 Neb. App. 513, 825 N.W.2d 457 (2013).

Workers’ compensation payment sent directly to the claimant’s counsel within 30 days after the entry of the award is in compliance with the section requiring that payments be sent directly to the person entitled to compensation within 30 days of the award and imposing waiting-time penalties if the statute is violated. Harris v. Iowa Tanklines, 20 Neb. App. 513, 825 N.W.2d 457 (2013).

Workers’ compensation statute requiring that payments be sent directly to the person entitled to compensation within 30 days of the award does not include any requirement that there be actual prejudice suffered by the claimant before waiting-time penalties are applicable. Harris v. Iowa Tanklines, 20 Neb. App. 513, 825 N.W.2d 457 (2013).

Where there is no reasonable controversy, this section authorizes the award of attorney fees. Davis v. Crete Carrier Corp., 15 Neb. App. 241, 725 N.W.2d 562 (2006).

A 50-percent waiting-time penalty cannot be awarded on the basis of an award of delinquent medical payments; a waiting-time penalty is available only on awards of delinquent payments of disability or indemnity benefits. Bronzynski v. Model Electric, 14 Neb. App. 355, 707 N.W.2d 46 (2005).

The purpose of the 30-day waiting-time penalty and the provision for attorney fees, as provided in this section, is to encourage prompt payment by making delay costly if the award has been finally established. Milliken v. Premier Indus., 13 Neb. App. 330, 691 N.W.2d 855 (2005).
§ 48-125.01 Compensation; penalties for attempted avoidance of payment.

Any employer who knowingly transfers, sells, encumbers, assigns, or in any manner disposes of, conceals, secretes, or destroys any property or records belonging to such employer, after one of his or her employees has been injured within the purview of the Nebraska Workers’ Compensation Act, and with intent to avoid the payment of compensation under such act to such employee or his or her dependents, shall be guilty of a Class I misdemeanor. In any case when such employer is a corporation, any officer or employee thereof, if knowingly participating or acquiescing in the act with intent to avoid the payment of compensation under the Nebraska Workers’ Compensation Act, shall be also individually guilty of a Class I misdemeanor.
misdemeanor as well as jointly and severally liable with such limited liability company for any fine imposed upon the limited liability company. In any case when such employer is a limited partnership or a limited liability partnership, any general partner, if knowingly participating or acquiescing in the act with intent to avoid the payment under the Nebraska Workers’ Compensation Act, shall also be guilty of a Class I misdemeanor as well as jointly and severally liable with such limited partnership or limited liability partnership, and limited partners shall not be liable.

48-125.02 State employee claim; Prompt Payment Act applicable; other claims; processing of claim; requirements; failure to pay; effect; presumption of payment.

(1) Regarding payment of a claim for medical, surgical, or hospital services for a state employee under the Nebraska Workers’ Compensation Act, the Prompt Payment Act applies.

(2) For claims other than claims under subsection (1) of this section regarding payment of a claim for medical, surgical, or hospital services for an employee under the Nebraska Workers’ Compensation Act:

(a) The workers’ compensation insurer, risk management pool, or self-insured employer shall notify the provider within fifteen business days after receiving a claim as to what information is necessary to process the claim. Failure to notify the provider assumes the workers’ compensation insurer, risk management pool, or self-insured employer has all information necessary to pay the claim. The workers’ compensation insurer, risk management pool, or self-insured employer shall pay providers in accordance with sections 48-120 and 48-120.04 within thirty business days after receipt of all information necessary to process the claim. Failure to pay the provider within the thirty days will cause the workers’ compensation insurer, risk management pool, or self-insured employer to reimburse the provider’s billed charges instead of the scheduled or contracted fees;

(b) If a claim is submitted electronically, the claim is presumed to have been received on the date of the electronic verification of receipt by the workers’ compensation insurer, risk management pool, or self-insured employer or its clearinghouse. If a claim is submitted by mail, the claim is presumed to have been received five business days after the claim has been placed in the United States mail with first-class postage prepaid. The presumption may be rebutted by sufficient evidence that the claim was received on another day or not received at all; and

(c) Payment of a claim by the workers’ compensation insurer, risk management pool, or self-insured employer means the receipt of funds by the provider. If payment is submitted electronically, the payment is presumed to have been received on the date of the electronic verification of receipt by the provider or the provider’s clearinghouse. If payment is submitted by mail, the payment is presumed to have been received five business days after the payment has been placed in the United States mail with first-class postage prepaid. The presumption may be rebutted by sufficient evidence that the payment was received on another day or not received at all.

48-126 Wages, defined; calculation.

Wherever in the Nebraska Workers’ Compensation Act the term wages is used, it shall be construed to mean the money rate at which the service rendered is recompensed under the contract of hiring in force at the time of the accident. It shall not include gratuities received from the employer or others, nor shall it include board, lodging, or similar advantages received from the employer, unless the money value of such advantages shall have been fixed by the parties at the time of hiring, except that if the workers’ compensation insurer shall have collected a premium based upon the value of such board, lodging, and similar advantages, then the value thereof shall become a part of the basis of determining compensation benefits. In occupations involving seasonal employment or employment dependent upon the weather, the employee’s weekly wages shall be taken to be one-fiftieth of the total wages which he or she has earned from all occupations during the year immediately preceding the accident, unless it be shown that during such year, by reason of exceptional causes, such method of computation does not fairly represent the earnings of the employee. In such a case, the period for calculation shall be extended so far as to give a basis for the fair ascertainment of his or her average weekly earnings. In continuous employments, if immediately prior to the accident the rate of wages was fixed by the day or hour or by the output of the employee, his or her weekly wages shall be taken to be his or her average weekly income for the period of time ordinarily constituting his or her week’s work, and using as the basis of calculation his or her earnings during as much of the preceding six months as he or she worked for the same employer, except as provided in sections 48-121 and 48-122. The calculation shall also be made with reference to the average earnings for a working day of ordinary length and exclusive of earnings from overtime, except that if the insurance company’s policy of insurance provides for the collection of a premium based upon such overtime, then such overtime shall become a part of the basis of determining compensation benefits.

1. Seasonal employment
2. Continuous employment
3. Board and lodging
4. Miscellaneous

1. Seasonal employment
Seasonal employment refers to occupations which can be carried on only at certain seasons or fairly definite portions of the year, and does not include such occupations as may be carried on throughout the entire year. Hiestand v. Ristau, 135 Neb. 881, 284 N.W. 756 (1939).

Employment for handling and delivery of coal for retail coal dealer was not seasonal employment. Hogsett v. Cinek Coal & Feed Co., 127 Neb. 393, 255 N.W. 546 (1934).

Seasonal refers to occupation ordinarily performed in certain seasons. Lincoln Gas & Electric Light Co. v. Watkins, 113 Neb. 619, 204 N.W. 391 (1925).

2. Continuous employment
Deceased was not engaged in continuous employment where he was a truck driver hired on a per trip basis and employer was under no obligation to rehire deceased after each trip. Loeffelholz v. Allied Mut. Ins. Co., 183 Neb. 112, 158 N.W.2d 219 (1968).

Employment was continuous where employee was hired to work one day each week. Newberry v. Youngs, 163 Neb. 397, 80 N.W.2d 165 (1956).

Where employee had been employed for a period of several months on the basis of a weekly salary, and shortly before accident his salary was changed from a weekly to hourly basis, rule of continuous employment should be applied. Mustche v. M. L. Rawlings Ice Co., 122 Neb. 297, 240 N.W. 267 (1932).

3. Board and lodging

Allowance for board and lodging must represent a reasonably definite economic gain to the employee before it can be considered as wages. Solbein v. Hastings Housing Co., 151 Neb. 264, 37 N.W.2d 212 (1949).

Where money value of board, lodging, and washing furnished to employee is fixed at time of hiring, it is considered as part of wages in determining amount of compensation due. City of Omaha v. Casaubon, 138 Neb. 608, 294 N.W. 389 (1940).

Cost of meals and lodging furnished employee by employer under agreement made at time of hiring was part of such employee’s wages hereunder. Maryland Casualty Co. v. Geary, 123 Neb. 851, 244 N.W. 797 (1932).

4. Miscellaneous

“Wages” do not include payments received solely because of the recipient’s status as a S corporation shareholder; rather, “wages” are compensation for the recipient’s activities as a corporate employee. Bortolotti v. Universal Terrazzo & Tile Co., 304 Neb. 219, 933 N.W.2d 851 (2019).

When an employee paid by the hour suffers a work-related injury that results in permanent injury or death, the employee’s average weekly wage is calculated by multiplying the rate of wages by a 40-hour workweek rather than by averaging the employee’s actual wages over the 6 months before the accident. Becerra v. United Parcel Service, 284 Neb. 414, 822 N.W.2d 327 (2012).

The language “ordinarily constituting his or her week’s work” precludes an automatic mathematical calculation based on the past 6 months’ work; the goal of any average income test is to produce an honest approximation of the claimant’s probable future earning capacity. Mueller v. Lincoln Public Schools, 282 Neb. 25, 803 N.W.2d 408 (2011).

Where the worker has insufficient work history to be able to calculate his or her average weekly income based on as much of the preceding 6 months as he or she worked for the same employer, then what would ordinarily constitute that employee’s week’s work and, thus, that employee’s average weekly income should, if possible, be estimated by considering the preceding 6 months of other employees working similar jobs for similar employers. Powell v. Estate Gardeners, 275 Neb. 287, 745 N.W.2d 917 (2008).

In determining the average weekly wage, those weeks which are abnormal may be excluded from the 26 weeks preceding the accident. Canas v. Maryland Cas. Co., 236 Neb. 164, 459 N.W.2d 533 (1990).

Money amounts negotiated between a union and employers based on hours worked by union member employees and to be paid directly to the union to cover such things as health and welfare and pensions are not to be included within the term “wages,” unless the money value of such advantages to the employee has been agreed upon and fixed by the employer and employee at the time of hiring. Briggs v. Consolidated Freightways, 234 Neb. 410, 451 N.W.2d 278 (1990).

Money amounts negotiated between a union and employer based on hours worked by union member employees and to be paid directly to the union to cover such things as health and welfare and pensions are not to be included within the term wages, unless the money value of such advantages to the employee has been agreed upon and fixed by the employer and employee at the time of hiring. Schlafeld v. Mel’s Heating & Air Conditioning, 233 Neb. 488, 445 N.W.2d 918 (1989).

Where decedent was unable to work for employer during the six months preceding his death, his wages are calculated by his earnings during as much of the last six months that he worked. Clifford v. Harchelroad Chevrolet, 229 Neb. 78, 425 N.W.2d 331 (1988).

Wages are to be computed according to the contract of hire in force at the time of the accident. Hayes v. A.M. Cohron, Inc., 224 Neb. 579, 400 N.W.2d 244 (1987).

Employee hired for a day at a time six or seven times a month was entitled to have compensation based on the money rate at which service was recompensed. Gruber v. Stickelman, 149 Neb. 627, 31 N.W.2d 753 (1948).

Wages under the Workmen’s Compensation Act are to be computed according to the terms of the contract of hiring in force at the time of the accident. Redfern v. Safeway Stores, Inc., 145 Neb. 288, 16 N.W.2d 196 (1944).

Where employment is not continuous, calculation of wages should be made at the money rate at which the service rendered is recompensed. Weitz v. Johnson, 143 Neb. 452, 9 N.W.2d 788 (1943).

Where employment is not seasonal and not continuous, compensation must be based upon the contract of hiring in force at the time of the accident. Cole v. M. L. Rawlings Ice Co., 139 Neb. 439, 297 N.W. 652 (1941).

Term wages is construed to mean the money rate at which the service rendered is recompensed under the contract of hiring in force at the time of the accident, where employment is neither seasonal nor continuous. Carlson v. Condon-Kiewit Co., 135 Neb. 587, 283 N.W. 220 (1939).

Receipt and acceptance of workmen’s compensation by city fireman does not bar him from receiving fireman’s pension. City of Lincoln v. Steffensmeier, 134 Neb. 613, 279 N.W. 272 (1938).

Wages should be computed ordinarily according to the terms of contract of hiring in force at the time of the accident. Drum v. Omaha Steel Works, 129 Neb. 273, 261 N.W. 351 (1935).

Compensation claimant’s employment was not continuous, or seasonal, or dependent upon the weather, and, therefore, first sentence of this section governs wages. Davis v. Lincoln County, 117 Neb. 148, 219 N.W. 899 (1928).

In this section, the Legislature dealt with the possible inequity that could result from abnormally high work weeks in the context of average weekly wage calculations. Arbin v. Puritan Mfg. Co., 13 Neb. App. 540, 696 N.W.2d 905 (2005).

Payments to an employee are included in an employee’s wage if the payments do not constitute actual reimbursement for actual incurred expenses, but, rather, represent real and definite economic gain to the employee. McGinnis v. Metro Package Courier, Inc., 5 Neb. App. 538, 561 N.W.2d 587 (1997).

Employer may not reduce average weekly wage by amount of “road allowance” included in wages unless such allowance was agreed upon at the time of hiring and did not represent a real and reasonably definite economic gain to the employee. Logan v. Rocky Mountain Rental, 3 Neb. App. 173, 524 N.W.2d 816 (1994).

48-126.01 Wages or compensation rate; basis of computation.

(1)(a) In determining the compensation to be paid any member of the military forces of this state, any member of a law enforcement reserve force, or any
member of the Nebraska Emergency Management Agency, any city, village, county, or interjurisdictional emergency management organization, or any state emergency response team, which military forces, law enforcement reserve force, or emergency management agency, organization, or team is organized under the laws of the State of Nebraska, or any person fulfilling conditions of probation, or community service as defined in section 29-2277, pursuant to any order of any court of this state who shall be working for a governmental body, or agency as defined in section 29-2277, pursuant to any condition of probation, or community service as defined in section 29-2277, for injuries resulting in disability or death received in the performance of his or her duties as a member of such military forces, reserve force, agency, organization, or team, or pursuant to an order of any court, the wages of such a member or person shall be taken to be those received by him or her from his or her regular employer, and he or she shall receive such proportion thereof as he or she is entitled to under the provisions of section 48-121.

(b) If a member or person under subdivision (1)(a) of this section is not regularly employed by some other person, for the purpose of such determination, it shall be deemed and assumed that he or she is receiving income from his or her business or from other employment equivalent to wages in an amount one and one-half times the maximum weekly income benefit specified in section 48-121.01.

(c) If the wages received for the performance of duties as a member of such military forces, reserve force, agency, organization, or team exceed the wages received from a regular employer, such member shall be entitled to a rate of compensation based upon wages received as a member of such military forces, reserve force, agency, organization, or team.

(2) In determining the compensation rate to be paid any member of a volunteer fire department in any rural or suburban fire protection district, city, village, or nonprofit corporation or any member of a volunteer emergency medical service, which fire department or emergency medical service is organized under the laws of the State of Nebraska, for injuries resulting in disability or death received in the performance of his or her duties as a member of such fire department or emergency medical service, it shall be deemed and assumed that his or her wages are in an amount one and one-half times the maximum weekly income benefit specified in section 48-121.01 or the wages received by such member from his or her regular employment, whichever is greater. Any member of such volunteer fire department or volunteer emergency medical service shall not lose his or her volunteer status under the Nebraska Workers’ Compensation Act if such volunteer receives reimbursement for expenses, reasonable benefits, or a nominal fee, a nominal per call fee, a nominal per shift fee, or combination thereof. It shall be conclusively presumed that a fee is nominal if the fee does not exceed twenty percent of the amount that otherwise would be required to hire a permanent employee for the same services.

48-127 Compensation; willful negligence; intoxication; effect.

If the employee is injured by reason of his or her intentional willful negligence, or by reason of being in a state of intoxication, neither he or she nor his or her beneficiaries shall receive any compensation under the Nebraska Workers’ Compensation Act.

Whether or not effected by this section, employee’s acceptance of benefits under Workmen’s Compensation Act ordinarily constitutes release to employer of claims at law arising from the injury. Edelman v. Ralph Printing & Lithographing, Inc., 189 Neb. 763, 205 N.W.2d 340 (1973).

Deviation from authorized route of travel was not willful negligence. Krajeski v. Beem, 157 Neb. 586, 60 N.W.2d 651 (1953).

Moving of well-digging machinery so as to come in contact with electric power line was not willful negligence. Schroeder v. Sharp, 153 Neb. 73, 43 N.W.2d 572 (1950).

Willful, as used in this section, means deliberate act; conduct evidencing reckless indifference to safety; more than want of ordinary care. Clark v. Village of Hemingford, 147 Neb. 1044, 26 N.W.2d 15 (1947).

Where defense is willful negligence, any competent evidence tending to show knowledge by employee of the dangerous character of the act which subsequently caused his death should be received, and it was error to exclude testimony of witness that he had warned deceased of his danger. Richards v. Abts, 135 Neb. 347, 281 N.W. 611 (1938).

In view of holding that accident by which employee met his death did not arise out of his employment, question of his willful negligence, though doubtful, was not decided. Feda v. Cudahy Packing Co., 102 Neb. 110, 166 N.W. 190 (1918).

48-128 Compensation; injury increasing disability; second injury; additional compensation; claim.

(1) For injuries occurring before December 1, 1997:

(a) If an employee who has a preexisting permanent partial disability whether from compensable injury or otherwise, which is or is likely to be a hindrance or obstacle to his or her obtaining employment or obtaining reemployment if the employee should become unemployed and which was known to the employer prior to the occurrence of a subsequent compensable injury, receives a subsequent compensable injury resulting in additional permanent partial or in permanent total disability so that the degree or percentage of disability caused by the combined disabilities is substantially greater than that which would have resulted from the last injury, considered alone and of itself, and if the employee is entitled to receive compensation on the basis of the combined disabilities, the employer at the time of the last injury shall be liable only for the degree or percentage of disability which would have resulted from the last injury had there been no preexisting disability. For the additional disability, the employee shall be compensated out of the Workers’ Compensation Trust Fund. If the subsequent compensable injury of such an employee shall result in the death of the employee and it shall be determined that the death would not have occurred except for such preexisting permanent partial disability, the employer shall pay the compensation benefits prescribed by this subsection for a period not exceeding three hundred twenty-five weeks, and for any compensation benefits payable after such period of three hundred twenty-five weeks, the dependents shall be compensated out of the fund.
(b) In order to qualify under this subsection, the employer must establish by written records that the employer had knowledge of the preexisting permanent partial disability at the time that the employee was hired or at the time the employee was retained in employment after the employer acquired such knowledge.

(c) As used in this subsection, preexisting permanent partial disability shall mean any preexisting permanent condition, whether congenital or the result of injury or disease, of such seriousness as to constitute a hindrance or obstacle to obtaining employment or to obtaining reemployment if the employee should become unemployed. No condition shall be considered a preexisting permanent partial disability under this subsection unless it would support a rating of twenty-five percent loss of earning power or more or support a rating which would result in compensation payable for a period of ninety weeks or more for disability for permanent injury as computed under subdivision (3) of section 48-121.

(2) Any money in the Second Injury Fund on July 1, 2000, shall be transferred to the Workers’ Compensation Trust Fund.

Generally, Nebraska applies the full-responsibility rule and does not apportion the recovery for two or more successive work-related injuries outside of this section. Picard v. P & C Group 1, 306 Neb. 292, 945 N.W.2d 183 (2020).

In order for the employer to qualify under subsection (1)(b) of this section, the employer must establish by written records that the employer had knowledge of the preexisting permanent partial disability at the time that the employee was hired or at the time the employee was retained in employment after the employer acquired such knowledge. Ashland-Greenwood Public Schools v. Thorell, 15 Neb. App. 114, 723 N.W.2d 506 (2006).

The purpose of the written records requirement of this section is to put in place a strictly limited method of proving a predicate fact before liability for benefits may be shifted to the Workers’ Compensation Trust Fund. Ashland-Greenwood Public Schools v. Thorell, 15 Neb. App. 114, 723 N.W.2d 506 (2006).

This section does not require possession of the written records by the employer at the time of the subsequent injury or at the time the claim for contribution from the Workers’ Compensation Trust Fund is made. Ashland-Greenwood Public Schools v. Thorell, 15 Neb. App. 114, 723 N.W.2d 506 (2006).

48-129 Compensation; joint employers; liability.

In case any employee for whose injury or death compensation is payable under the Nebraska Workers’ Compensation Act shall, at the time of the injury, be employed and paid jointly by two or more employers, as defined in section 48-114, such employers shall contribute to the payment of such compensation in proportion to their several wage liabilities to such employee. If one or more, but not all, of such employers should be subject to the Nebraska Workers’ Compensation Act, then the liability of such of them as are so subject shall be to pay that proportion of the entire compensation which their proportionate wage liability bears to the entire wages of the employee, except that nothing in this

Reissue 2021 484
section shall prevent employers from making any arrangement between themselves for a different distribution of the ultimate burden of compensation.

Under the facts of this case, the claimant was a loaned employee but there was no consensual relationship sufficient to create a new employer-employee relationship. Therefore, the lending employer remained liable for his workmen's compensation. B & C Excavating Co. v. Hinern, 207 Neb. 248, 298 N.W.2d 155 (1980).

Under the facts of this case, the Workmen's Compensation Court was clearly wrong in finding that the two defendants were joint employers of the plaintiff but was correct in finding an employer-employee relationship between one of the defendants and the plaintiff. White v. Western Commodities, Inc., 207 Neb. 75, 295 N.W.2d 704 (1980).

48-130 Compensation; savings; insurance; other benefits; not factors.

No savings or insurance of the injured employee or any contribution made by him or her to any benefit fund or protective association independent of the Nebraska Workers' Compensation Act shall be taken into consideration in determining the compensation to be paid thereunder; nor shall benefits derived from any other source than those paid or caused to be paid by the employer as herein provided be considered in fixing compensation under such act.

Pursuant to this section, the payment of private insurance benefits does not entitle an employer to reduce an employee's benefits due under the Nebraska Workers' Compensation Act. Dawes v. Wittrock Sandblasting & Painting, 266 Neb. 526, 667 N.W.2d 167 (2003).

Receipt of workmen's compensation does not bar city fireman from right to fireman's pension. City of Lincoln v. Stellensmeyer, 134 Neb. 613, 279 N.W. 272 (1934).

Joint employment and pro rata liability for compensation payments under this section exist only where there is an agreement between employers as to salary, wages, hours of employment, and terms of service. Henning v. City of Hebron, 186 Neb. 381, 183 N.W.2d 756 (1971).

Joint employer is required to pay only that proportion of compensation which his proportionate wage bears to entire wages of employee. Summers v. Railway Express Agency, 134 Neb. 237, 278 N.W. 476 (1938).

To constitute joint employment, there must be concert of action between employers as to wages, hours of service, and term of service. Suverkrubbe v. Village of Fort Calhoun, 127 Neb. 472, 256 N.W. 47 (1934).

48-131 Compensation; waiver by employee invalid.

No agreement by an employee to waive his or her rights to compensation under the Nebraska Workers' Compensation Act shall be valid.

On payments of compensation without agreement of settlement, statutory limitations did not take effect until one year from last payment. Ashton v. Blue River Power Co., 117 Neb. 661, 222 N.W. 42 (1928).
§ 48-132  LABOR

48-132 Compensation; employees or dependents under disability; rights; enforcement.

If an injured employee or a dependent is mentally incompetent or is a minor at the time when any right or privilege accrues to him or her under the Nebraska Workers’ Compensation Act, his or her guardian or next friend may, in his or her behalf, claim and exercise such right or privilege.

48-133 Compensation; notice of injury; time; service.

No proceedings for compensation for an injury under the Nebraska Workers’ Compensation Act shall be maintained unless a notice of the injury shall have been given to the employer as soon as practicable after the happening thereof; Provided, that all disputed claims for compensation or benefits shall be first submitted to the Nebraska Workers’ Compensation Court. The notice shall be in writing and shall state in ordinary language the time, place, and cause of the injury. It shall be signed by the person injured, or by a person in his or her behalf, or in the event of his or her death, by his or her legal representative or by a person in his or her behalf. The notice shall be served upon the employer or an agent thereof. Such service may be by delivering the notice to the person on whom it is to be served, or leaving it at his or her residence or place of business, or by sending it by certified or registered mail addressed to the person or corporation on whom it is to be served at his or her last-known residence or place of business. A notice given pursuant to this section shall not be held invalid or insufficient by reason of any inaccuracy in stating the time, place, or cause of the injury, unless it is shown that it was the intention to mislead, and the employer, or the insurance company carrying such risk, as the case may be, was in fact misled thereby. Want of such written notice shall not be a bar to proceedings under the Nebraska Workers’ Compensation Act, if it be shown that the employer had notice or knowledge of the injury.

An employee is not required to give an opinion as to the cause of an injury in order to satisfy the notice requirement under this section. Risor v. Nebraska Boiler, 277 Neb. 679, 765 N.W.2d 170 (2009).
Under this section, an employer has sufficient notice or knowledge of a worker's injury if a reasonable person would conclude that the injury is potentially compensable and that the employer should therefore investigate the matter further. When the parties do not dispute the facts concerning reporting and notice, whether such facts constitute sufficient notice to the employer under this section presents a question of law. Risor v. This section provides an exception to the written notice rule if it can be shown that the employer had notice or knowledge of the injury sufficient to lead a reasonable person to conclude that an employee's injury is potentially compensable, which in turn would create a responsibility of the employer to investigate the matter. 2. Claim for compensation

Where an occupational disease results from continual absorption of small quantities of a deleterious substance from the employment environment over a period of time, the affected employee is considered "injured" only when the accumulated effects of the substance manifest themselves, which is when the employee becomes disabled and entitled to compensation. 3. Miscellaneous

Agreement to pay compensation must be approved by compensation commissioner or compensation court or it is void, and part payment will not make such agreement actionable at common law. Duncan v. A. Hospe Co., 133 Neb. 810, 277 N.W. 339 (1938).

Where the underlying facts are undisputed, or if disputed, the factual finding of the trial court was not clearly erroneous, the question of whether this section bars the claim is a question of law upon which the appellate court must make a determination independent of that of the trial court. Unger v. Olsen’s Ag. Lab., 19 Neb. App. 459, 809 N.W.2d 813 (2012).

(d) EXAMINATION AND VERIFICATION OF INJURY

48-134 Injured employee; physical examination; duty to submit.

After an employee has given notice of an injury, as provided in section 48-133, and from time to time thereafter during the continuance of his or her disability, he or she shall, if so requested by the employer or the insurance company carrying such risk, submit himself or herself to an examination by a physician or surgeon legally authorized to practice medicine under the laws of the state in which he or she practices, furnished and paid for by the employer, or the insurance company carrying such risk, as the case may be. The employee shall have the right to have a physician provided and paid for by himself or herself present at the examination. The unreasonable refusal of the employee to submit to such examination shall deprive him or her of the right to compensation under the Nebraska Workers’ Compensation Act during the continuance of such refusal, and the period of such refusal shall be deducted from the period during which compensation would otherwise be payable.

This section places the selection of the physician solely within the employer’s or insurance company’s discretion, so long as the physician is legally authorized as set out in this section. Behrens v. American Stores Packing Co., 234 Neb. 25, 449 N.W.2d 197 (1989).

Inquiry respecting extent of an injury to employee should be directed to his condition at time of examination or trial. Dynak v. Haskins Bros. & Co., 132 Neb. 308, 271 N.W. 860 (1937).

Woman employee refusing to permit injection to render kidney opaque for purpose of X-ray photograph, was not thereby deprived of right to compensation. United States Fidelity & Guaranty Co. v. Wickline, 103 Neb. 681, 173 N.W. 689 (1919), 103 Neb. 21, 170 N.W. 193, 6 A.L.R. 1267 (1918).

The fundamental question of the compensability of an employee’s claim stands separate from whether the employee can be deprived of benefits under this section during the time of an unreasonable refusal to undergo an employer’s medical examination. Hale v. Vickers, Inc., 10 Neb. App. 627, 635 N.W.2d 458 (2001).

48-134.01 Independent medical examiner system; list of physicians; duties; fee schedule; selection of examiner; procedures before examiner; findings; immunity.

Reissue 2021 488
(1) The Nebraska Workers’ Compensation Court may develop and implement an independent medical examiner system consistent with the requirements of this section. As part of such system, the compensation court by a majority vote of the judges thereof may create, maintain, and periodically validate a list of physicians that it finds to be the most qualified and to be highly experienced and competent in their specific fields of expertise and in the treatment of work-related injuries to serve as independent medical examiners from each of the health care specialties that the compensation court finds most commonly used by injured employees. The compensation court may establish a fee schedule for services rendered by independent medical examiners and may adopt and promulgate any rules and regulations considered necessary to carry out the purposes of this section.

(2) An independent medical examiner shall render medical findings on the medical condition of an employee and related issues as specified under this section. The independent medical examiner shall not be the employee’s treating physician and shall not have treated the employee with respect to the injury for which the claim is being made or the benefits are being paid.

(3) If the parties to a dispute cannot agree on an independent medical examiner of their own choosing, the compensation court shall assign an independent medical examiner from the list of qualified examiners to render medical findings in any dispute relating to the medical condition of a claimant and related issues, including, but not limited to, whether the injured employee is able to perform any gainful employment temporarily or permanently, what physical restrictions, if any, would be imposed on the employee’s employment, whether the injured employee has reached maximum medical improvement, the existence and extent of any permanent physical impairment, the reasonableness and necessity of any medical treatment previously provided, or to be provided, to the injured employee, and any other medical questions which may pertain to causality and relatedness of the medical condition to the employment.

(4) The compensation court may adopt and promulgate rules and regulations pertaining to the procedures before the independent medical examiner, including the parties’ ability to propound questions relating to the medical condition of the employee and related issues to be submitted to the independent medical examiner. In addition to the review of records and information, the independent medical examiner may examine the employee as often as the examiner determines necessary to render medical findings on the questions propounded by the parties or by the compensation court.

(5) The independent medical examiner shall submit a written report to the compensation court, the employer, and the employee stating the examiner’s medical findings on the issues raised and providing a description of findings sufficient to explain the basis of those findings. The fee for the examination and report shall be paid by the employer.

(6) The written report of the independent medical examiner’s findings shall be admissible in a proceeding before the compensation court and may be received into evidence by the compensation court on its own motion.

(7) Any physician acting without malice and within the scope of the physician’s duties as an independent medical examiner shall be immune from civil liability for making any report or other information available to the compensa-
tion court or for assisting in the origination, investigation, or preparation of the report or other information so provided.

Pursuant to subsection (3) of this section, the “reasonableness and necessity” of medical treatment and “causality and relatedness of the medical condition to the employment” are separate and distinct questions upon which an independent examiner may be asked to opine. Miller v. Regional West Med. Ctr., 278 Neb. 676, 722 N.W.2d 872 (2009).

This section is applicable only to medical issues arising in cases where liability has been established. Owen v. American Hydraulics, Inc., 254 Neb. 685, 578 N.W.2d 57 (1998).

48-135 Autopsy; cost; payment.

Except as provided in section 23-1824, in all death claims, where the cause of death is obscure or disputed, any interested party may require an autopsy, the cost of such autopsy to be borne by the party demanding the same.

(e) SETTLEMENT AND PAYMENT OF COMPENSATION

48-136 Compensation; voluntary settlements.

The interested parties shall have the right to settle all matters of compensation between themselves with the consent of the workers’ compensation insurer, if any, and in accordance with the Nebraska Workers’ Compensation Act. No such settlement shall be binding unless the settlement is in accordance with such act.

A finding by the Workers’ Compensation Court that an alleged injury is covered by the Workers’ Compensation Act is not necessarily a prerequisite to a settlement agreement which includes a program of vocational rehabilitation paid for by the employer or its insurer. Miner v. Robertson Home Furnishing, 239 Neb. 525, 476 N.W.2d 854 (1991).

Agreements to settle workers’ compensation cases not filed in and approved by the Workers’ Compensation Court are void and of no effect. Miner v. Robertson Home Furnishing, 239 Neb. 525, 476 N.W.2d 854 (1991).

An agreement dividing compensation benefits between the parties was void where not in writing, filed with and approved by the compensation court. James v. Rainchief Constr. Co., 197 Neb. 818, 251 N.W.2d 367 (1977).

Copy of lump sum settlement is required to be filed with compensation court. Miller v. Schlereth, 151 Neb. 33, 36 N.W.2d 497 (1949).

Where settlement was never approved by workmen’s compensation court, it was ineffective to defeat claim for compensation. Riggins v. Lincoln Tent & Awning Co., 143 Neb. 893, 11 N.W.2d 810 (1943).

Agreement to pay compensation must be approved by compensation commissioner or compensation court or it is void, and part payment will not make such agreement actionable at common law. Duncan v. A. Hospe Co., 133 Neb. 810, 277 N.W. 339 (1938).

Copy of settlement must not only be filed, but the settlement must also be approved by compensation court. Zurich General Accident & Liability Ins. Co. v. Walker, 128 Neb. 327, 258 N.W. 550 (1935).

In order to have a valid agreement for settlement, terms of act must be followed. Ashton v. Blue River Power Co., 117 Neb. 661, 222 N.W. 42 (1928).

Lump sum settlement was sustained. Perry v. Huffman Auto. Co., 104 Neb. 211, 175 N.W. 1021 (1920).

48-137 Compensation claims; actions; statute of limitations; exceptions.

In case of personal injury, all claims for compensation shall be forever barred unless, within two years after the accident, the parties have agreed upon the compensation payable under the Nebraska Workers’ Compensation Act, or
unless, within two years after the accident, one of the parties shall have filed a petition as provided in section 48-173. In case of death, all claims for compensation shall be forever barred unless, within two years after the death, the parties shall have agreed upon the compensation under the Nebraska Workers’ Compensation Act, or unless, within two years after the death, one of the parties shall have filed a petition as provided in section 48-173. When payments of compensation have been made in any case, such limitation shall not take effect until the expiration of two years from the time of the making of the last payment. In the event of legal disability of an injured employee or his or her dependent such limitation shall not take effect until the expiration of two years from the time of removal of such legal disability.

1. Agreement by employer to compensate

Where employer agreed to compensate employee for injury and employee relying on promise, waited more than a year from time of accident to begin action, employer could not plead statute of limitations hereunder. Spears v. Boone County, 119 Neb. 58, 227 N.W. 87 (1929).

2. Filing of petition

The 2-year limitation contained in this section is contingent upon the failure of one of the parties to file a petition. Foote v. O’Neill Packing, 262 Neb. 467, 632 N.W.2d 313 (2001).

A claim for compensation filed 4 years after the date of the accident, with no allegation of excuse tolling the operation of the statute of limitations, is subject to demurrer. Bernhardt v. County of Scotts Bluff, 240 Neb. 423, 482 N.W.2d 262 (1992).

A proceeding under section 48-141, R.R.S.1943, to modify a previous award of the compensation court to recover additional compensation for an increase in incapacity can only be brought within two years of the time the employee knows, or is chargeable with knowledge, that his condition has materially changed and there is such a substantial increase in his disability as to entitle him to additional compensation. O’Connor v. Anderson Bros. Plumbing & Heating, 207 Neb. 641, 300 N.W.2d 188 (1981).

Where plaintiff’s injury is known, and medical facts as to the extent of the injury were reasonably discoverable, the injury is not latent, and must be brought within the one-year statute of limitations. McGahan v. St. Francis Hospital, 200 Neb. 406, 263 N.W.2d 845 (1978).

An injured workman has one year in which to file petition in workmen’s compensation case. Clark v. Village of Hemingford, 147 Neb. 1044, 26 N.W.2d 15 (1947).

Where an employee, with full knowledge of his injury, fails to make claim for compensation within six months, and fails to file petition within one year, his claim is barred. Surratt v. Otoe Food Products Co., 146 Neb. 854, 21 N.W.2d 862 (1946).

To recover additional compensation for an increase in disabil-
y, proceedings must be brought within one year from the time the employee knows or is chargeable with knowledge that his condition has materially changed. Scott v. State, 137 Neb. 348, 289 N.W. 367 (1939).

Where employee is injured and dies in October 1931, and no claim is filed on behalf of minor dependents until September 1936, such claim is barred by statute of limitations. Ray v. Sanitary Garbage Co., 134 Neb. 178, 278 N.W. 139 (1938).

Where petition was filed within one year after assault causing injury, it was within time. Miller v. George & Mary Reisch Co., 132 Neb. 338, 271 N.W. 853 (1937).

Where statute has become bar to claim for compensation during lifetime of injured employee it is also a bar to a claim by his dependents after his death. Price v. Burlington Refrigerator Express Co., 131 Neb. 657, 269 N.W. 425 (1936).

Officer in municipal fire department, injured while fighting fire, was barred from claiming compensation when he failed to file petition within one year after date to which city had paid his salary in full. Dunlap v. City of Omaha, 131 Neb. 632, 269 N.W. 422 (1936).

Proceedings for compensation cannot be maintained where no claim is filed within six months, or petition within one year, of death of employee. Welton v. Swift & Co., 125 Neb. 455, 250 N.W. 661 (1933).

Recovery was not barred where employee made claim of employer within two months after injury and lodged claim with commissioner within seven months thereof. Palmer v. Saunders County, 117 Neb. 484, 221 N.W. 99 (1928).
§ 48-137 LABOR

Where petition was filed more than one year after injuries were sustained, claim was barred. Duhrkopf v. Bennett, 108 Neb. 142, 187 N.W. 813 (1922).

Knowledge by employer that employee was injured does not excuse latter from making claim for compensation within statutory period. Good v. City of Omaha, 102 Neb. 654, 168 N.W. 639 (1918).

3. Payment of compensation

In determining when the statute of limitations begins to run in situations where payments of compensation have been made, "the time of the making of the last payment" means the date the employee or the employee’s provider receives payment. Obermuller v. Peak Interest, 277 Neb. 656, 764 N.W.2d 410 (2009).

This section provides that when payments of workers’ compensation have been made, the statute of limitations will not take effect until the expiration of 2 years from the time of the making of the last payment of compensation. Payments for medical case-management services that are not required by the Nebraska Workers' Compensation Act and that result in no benefit to the injured employee do not constitute payments of compensation which toll the statute of limitations set forth in this section. Smart v. Scrivener/Food 4 Less, 254 Neb. 111, 574 N.W.2d 505 (1998).

Generally, a payment for compensation benefits made by an employer's insurance carrier for an accident which predated its coverage tolls the statute of limitations and binds the employer. Fenster v. Clark Bros. Sanitation, 235 Neb. 336, 455 N.W.2d 169 (1990).

Where no petition has been filed by either party but compensation actually has been paid, in the absence of legal disabilities or latent injuries, the limitation provided by statute shall take effect at the expiration of one year after time of making the last payment of compensation. Hill v. Husky-Dinky Stores Co., 133 Neb. 147, 274 N.W. 455 (1937).

Substitute check given to replace one lost does not extend time in which action must be brought hereunder. Samland v. Ford Motor Co., 123 Neb. 819, 244 N.W. 404 (1932).

Medical, surgical, and hospital services furnished by employer constituted payment of compensation within meaning of this section. Baude v. Omaha Flour Mills Co., 118 Neb. 445, 225 N.W. 117 (1929).

On payments of compensation without agreement of settlement, limitation does not take effect until one year after last payment. Ashton v. Blue River Power Co., 117 Neb. 661, 222 N.W. 42 (1928).

When payments of workers’ compensation have been made, the statute of limitations shall not take effect until the expiration of 2 years from the time of the making of the last payment. Sands v. School Dist. of City of Lincoln, 7 Neb. App. 28, 581 N.W.2d 894 (1998).

4. Latent and progressive injury

The 2-year limitations period contained in this section is tolled when a claimant suffers a latent and progressive injury. The statute will not begin to run until it becomes, or should have become, reasonably apparent to the claimant that a compensable disability was present. Gloria v. Nebraska Public Power Dist., 231 Neb. 786, 438 N.W.2d 142 (1989), Wissing v. Walgreen Company, 20 Neb. App. 332, 823 N.W.2d 710 (2012).

If an injury is deemed to be, at the outset, latent and progressive, the statute of limitations does not begin to run until the employee discovers, or should have discovered he has a compensable disability. Cemer v. Huskoma Corp., 221 Neb. 175, 375 N.W.2d 620 (1985).

Generally, reimbursement of medical expense by an employer or under a group health insurance agreement does not constitute remuneration in lieu of workers’ compensation benefits so as to toll the statute of limitations. Steadily debilitating knee injury was not within the latent exception to the statute of limitations. Maxey v. Fremont Department of Utilities, 220 Neb. 627, 371 N.W.2d 294 (1985).

If an employee suffers an injury which appears to be slight but which is progressive in its course, and which several physicians are unable to correctly diagnose, the worker’s failure to file a claim or bring suit in time will not defeat his right to recovery, if he gave notice and commenced action within the statutory period after he learned that compensable disability resulted from the original accident. The mere fact that the employee did not know the full extent of his injury from a medical standpoint does not make it latent, particularly where the medical facts were reasonably discoverable, and the burden of proving the injury to have been latent and progressive is upon the employee. Thomas v. Kayser-Roth Corp., 211 Neb. 704, 320 N.W.2d 111 (1982).

Where an occupational disease results from continual absorption of small quantities of a deleterious substance from the employment environment over a period of time, the afflicted employee is considered “injured” only when the accumulated effects of the substance manifest themselves, which is when the employee becomes disabled and entitled to compensation. The statute of limitations runs from the date when the disability first occurred. Osteen v. A.C. and S., Inc., 209 Neb. 282, 307 N.W.2d 514 (1981).

Period of limitation provided in this section runs from the time it is reasonably apparent that a compensable injury has been sustained, if the employee is aware that the disability is due to his employment. Williams v. Dobberstein, 182 Neb. 862, 157 N.W.2d 776 (1968).

Statute of limitations did not commence to run on disability progressive in nature until employee had knowledge that compensable disability had resulted. Welle v. City of Ainsworth, 179 Neb. 496, 138 N.W.2d 808 (1965).

Statute of limitations commences to run from the time the employee has knowledge that an accident has caused a compensable disability. Ohnmacht v. Peter Kiewit Sons Co., 178 Neb. 741, 135 N.W.2d 237 (1965).

To be effective to toll the statute of limitations, furnishing of medical services must have been made within one year of filing of petition. Schweiger v. Island Supply Co., 178 Neb. 547, 134 N.W.2d 233 (1965).

In case of a latent injury, the time for commencement of action is one year after the employee obtained knowledge that the accident caused compensable disability. Seymour v. Journal Star Printing Co., 174 Neb. 150, 136 N.W.2d 297 (1962).

Where an employee suffers an injury the character of which is ascertainable only by medical men, and medical men are unable to ascertain it up to a certain time, the statute of limitations does not begin to run until the injury is ascertained. Keenan v. Consumers Public Power Dist., 152 Neb. 54, 40 N.W.2d 261 (1949).

When an employee receives an accidental injury which activates a dormant disease, the failure to bring suit within a year is not a bar if action is brought within one year after the employee acquires knowledge of a compensable disability. Dryden v. Omaha Steel Works, 148 Neb. 1, 26 N.W.2d 293 (1947).

Where injury is latent and progressive, claim must be filed within six months from the time the employee acquires knowledge of a compensable disability. Lind v. Nebraska National Guard, 144 Neb. 122, 12 N.W.2d 652 (1944).
In case of physical or mental incapacity resulting from injury, the statutory limitations as to notice and commencement of action do not begin to run until six months after removal of such incapacity. Mulkey v. City of Lincoln, 131 Neb. 279, 267 N.W. 459 (1936).

Where injury is latent and progressive, claim must be made within six months from time employee acquires knowledge of compensable disability. Park v. School District No. 27, Richardson Cty., 127 Neb. 767, 257 N.W. 219 (1934).

Where action was begun within statutory period after employee has knowledge of compensable injury, action was not barred. Astuto v. V. Ray Gould Co., 123 Neb. 138, 242 N.W. 375 (1932).

Where injury is latent, subsequently culminating in compensatory disability, claim for such injury may be filed within year from culmination thereof. Travelers Ins. Co. v. Oehler, 119 Neb. 121, 227 N.W. 449 (1929).

Failure to file a claim or bring suit within specified time does not defeat right to compensation where injury is latent, if notice is given and action commenced within statutory period after employee has knowledge that compensable disability has resulted. City of Hastings v. Saunders, 114 Neb. 475, 208 N.W. 122 (1926); McGuire v. Phelan-Shirley Co., 111 Neb. 609, 197 N.W. 615 (1924); Selders v. Cornhusker Oil Co., 111 Neb. 300, 196 N.W. 316 (1923).

If an employee suffers an injury which appears to be slight but which is progressive in its course, and which several physicians are unable to correctly diagnose, the worker’s failure to file a claim or bring suit in time will not defeat his right to recovery, if he gave notice and commenced the action within the statutory period after he learned that a compensable disability resulted from the original accident. Wissing v. Walgreen Company, 20 Neb. App. 332, 823 N.W.2d 710 (2012).

In the case of a latent injury, the time for commencement of the action is 1 year after the employee obtained knowledge that the accident caused the compensable disability. Wissing v. Walgreen Company, 20 Neb. App. 332, 823 N.W.2d 710 (2012).

The mere fact that the employee does not know the full extent of his injury from a medical standpoint does not make it latent so as to toll the running of the limitations period, particularly where medical facts were reasonably discoverable, and the burden of proving the injury to have been latent and progressive is upon the employee. Wissing v. Walgreen Company, 20 Neb. App. 332, 823 N.W.2d 710 (2012).

In workers’ compensation cases involving a claim for an occupational disease, the statute of limitations begins to run when the accumulated effects of the disease manifest themselves, which is when the employee becomes disabled and entitled to compensation. Ross v. Baldwin Filters, 5 Neb. App. 194, 557 N.W.2d 368 (1996).

5. Material change in condition

An employee seeking application of the exception for a material change in condition and substantial increase in disability is not required to demonstrate that he or she could not have filed a petition earlier than he or she did. Lenz v. Central Parking System of Neb., 288 Neb. 453, 848 N.W.2d 623 (2014).

The Legislature has acquiesced to the exception for a material change in condition and substantial increase in disability. Lenz v. Central Parking System of Neb., 288 Neb. 453, 848 N.W.2d 623 (2014).

6. Miscellaneous

In an occupational disease context, the date of injury, for purposes of this section, is that date upon which the accumulated effects of the disease manifest themselves to the point the injured worker is no longer able to render further service. Dawes v. Wittrock Sand Blasting & Painting, 266 Neb. 526, 667 N.W.2d 167 (2003).

This section has at least two exceptions, including (1) where a “latent and progressive” injury is not discovered within 2 years of the accident which caused the injury and (2) where a material change in condition occurs which necessitates additional medical care and from which an employee suffers increased disability. Snipes v. Sperry Vickers, 251 Neb. 415, 557 N.W.2d 662 (1997).

In barring a worker’s compensation claim as untimely filed, compensation court held the limitation provision begins to run from the time it becomes reasonably apparent or should have become reasonably apparent that a compensable claim exists. Novak v. Triangle Steel Co., 197 Neb. 783, 251 N.W.2d 158 (1977).

Application for additional award may be made although original award is fully paid. Peck v. Ayers Auto Supply, 157 Neb. 363, 59 N.W.2d 564 (1953).

Limitation does not begin to run until six months after removal of mental or physical incapacity. Simon v. Cathro Co., 101 Neb. 211, 162 N.W. 633 (1917).

There are two exceptions to the statute of limitations: (1) where a latent and progressive injury is not discovered within 2 years of the accident which caused the injury and (2) where a material change in condition occurs which necessitates additional medical care and from which an employee suffers increased disability. Wissing v. Walgreen Company, 20 Neb. App. 332, 823 N.W.2d 710 (2012).

It was the legislative intent that compensation court should have exclusive original jurisdiction in handling claims for compensation. Zurich General Accident & Liability Ins. Co. v. Walker, 128 Neb. 327, 258 N.W. 550 (1935).

48-139 Compensation; lump-sum settlement; submitted to Nebraska Workers’ Compensation Court; procedure; filing of release; form; contents; payment; fees.

(1)(a) Whenever an injured employee or his or her dependents and the employer agree that the amounts of compensation due as periodic payments for death, permanent disability, or claimed permanent disability under the Nebraska Workers’ Compensation Act shall be commuted to one or more lump-sum payments, such settlement shall be submitted to the Nebraska Workers’ Compensation Court for approval as provided in subsection (2) of this section if:

(i) The employee is not represented by counsel;

(ii) The employee, at the time the settlement is executed, is eligible for medicare, is a medicare beneficiary, or has a reasonable expectation of becoming eligible for medicare within thirty months after the date the settlement is executed. This subdivision (ii) is not applicable if the employee’s right to receive future medical, surgical, and hospital services as provided in section 48-120 is specifically excluded from the settlement and medicare has not paid medical, surgical, or hospital expenses or if medicare has paid medical, surgical, or hospital expenses for which it claims it is entitled to reimbursement and medicare has been reimbursed for such expenses at the time the settlement is executed;

(iii) Medical, surgical, or hospital expenses incurred for treatment of the injury have been paid by medicaid and medicaid will not be reimbursed as part of the settlement;

(iv) Medical, surgical, or hospital expenses incurred for treatment of the injury will not be fully paid as part of the settlement; or

(v) The settlement seeks to commute amounts of compensation due to dependents of the employee.

(b) If such lump-sum settlement is not required to be submitted for approval by the compensation court, a release shall be filed with the compensation court as provided in subsection (3) of this section. Nothing in this section shall be construed to increase the compensation court’s duties or authority with respect to the approval of lump-sum settlements under the act.

(2)(a) An application for an order approving a lump-sum settlement, signed and verified by both parties, shall be filed with the clerk of the compensation court and shall be entitled the same as an action by such employee or dependents against such employer. The application shall contain a concise statement of the terms of the settlement or agreement sought to be approved
with a brief statement of the facts concerning the injury, the nature thereof, the wages received by the injured employee prior thereto, the nature of the employment, a description of the medical, surgical, or hospital expenses incurred for treatment of the injury that will remain unpaid as part of the settlement which are disputed and for which compensability has been denied by the employer, and such other matters as may be reasonably required by the compensation court. The application shall also include a statement that the parties have considered the interests of medicare and have taken reasonable steps to protect any interests of medicare. The application may provide for payment of future medical, surgical, or hospital expenses incurred by the employee. The compensation court may, on its own motion, and shall, on a motion by one of the parties, hold a hearing on the application at a time and place selected by the compensation court, and proof may be adduced and witnesses subpoenaed and examined the same as in an action in equity.

(b)(i) If the compensation court finds such lump-sum settlement is made in conformity with the compensation schedule and for the best interests of the employee or his or her dependents under all the circumstances, the compensation court shall make an order approving the same.

(ii) If the expenses for medical, surgical, or hospital services provided to the employee are not paid by the employer, or if any person, other than medicaid, who has made any payment to the supplier of medical, surgical, or hospital services provided to the employee, is not reimbursed by the employer, it shall be conclusively presumed that the nonpayment or nonreimbursement of disputed medical, surgical, or hospital expenses, as set forth in the application, is in conformity with the compensation schedule and for the best interests of the employee or his or her dependents, if the employee’s attorney elects to affirm and does affirm in the application that the nonpayment or nonreimbursement of disputed medical, surgical, or hospital expenses is in conformity with the compensation schedule and for the best interests of the employee or his or her dependents under all the circumstances.

(iii) If the employee, at the time the settlement is executed, is eligible for medicare, is a medicare beneficiary, or has a reasonable expectation of becoming eligible for medicare within thirty months after the date the settlement is executed, and if the employee’s attorney elects to affirm and does affirm in the application that the parties’ agreement relating to consideration of medicare’s interests set forth in such lump-sum settlement is in conformity with the compensation schedule and for the best interests of the employee or his or her dependents under all the circumstances, it shall be conclusively presumed that the parties’ agreement relating to consideration of medicare’s interests set forth in the application is in conformity with the compensation schedule and for the best interests of the employee or his or her dependents.

(iv) If such settlement is not approved, the compensation court may dismiss the application at the cost of the employer or continue the hearing, in the discretion of the compensation court.

(c) Every such lump-sum settlement approved by order of the compensation court shall be final and conclusive unless procured by fraud. An order approving an application under this subsection shall, in any case in which the employee is represented by counsel and in which the application contains a description of the medical, surgical, or hospital expenses incurred for treatment of the injury that will remain unpaid as part of the settlement which are
disputed and for which compensability has been denied by the employer, provide that the employer is not liable for such expenses. Upon paying the amount approved by the compensation court, the employer shall be discharged from further liability on account of the injury or death, other than liability for the payment of future medical, surgical, or hospital expenses if such liability is approved by the compensation court on the application of the parties.

(d) An exclusion from coverage in any health, accident, or other insurance policy covering an employee which provides that coverage under such insurance policy does not apply if such employee is entitled to workers’ compensation coverage is void as to such employee if his or her employer is not liable for medical, surgical, or hospital expenses incurred for treatment of an injury that will remain unpaid as part of the settlement pursuant to an order entered under subdivision (2)(c) of this section.

(3) If such lump-sum settlement is not required to be submitted for approval by the compensation court, a release shall be filed with the compensation court in accordance with this subsection that is signed and verified by the employee and the employee’s attorney. The release shall be made on a form approved by the compensation court and shall contain a statement signed and verified by the employee that:

(a) The employee understands and waives all rights under the Nebraska Workers’ Compensation Act, including, but not limited to:

(i) The right to receive weekly disability benefits, both temporary and permanent;

(ii) The right to receive vocational rehabilitation services;

(iii) The right to receive future medical, surgical, and hospital services as provided in section 48-120, unless such services are specifically excluded from the release; and

(iv) The right to ask a judge of the compensation court to decide the parties’ rights and obligations;

(b) The employee is not eligible for medicare, is not a current medicare beneficiary, and does not have a reasonable expectation of becoming eligible for medicare within thirty months after the date the settlement is executed. This subdivision (b) is not applicable if the employee’s right to receive future medical, surgical, and hospital services as provided in section 48-120 is specifically excluded from the settlement and medicare has not paid medical, surgical, or hospital expenses or if medicare has paid medical, surgical, or hospital expenses for which it claims it is entitled to reimbursement and medicare has been reimbursed for such expenses at the time the settlement is executed;

(c) There are no medical, surgical, or hospital expenses incurred for treatment of the injury which have been paid by medicaid and not reimbursed to medicaid by the employer as part of the settlement; and

(d) There are no medical, surgical, or hospital expenses incurred for treatment of the injury that will remain unpaid after the settlement.

(4) Upon the entry of an order of dismissal with prejudice, a release filed with the compensation court in accordance with subsection (3) of this section shall be final and conclusive as to all rights waived in the release unless procured by fraud. Amounts to be paid by the employer to the employee pursuant to such release shall be paid within thirty days of filing the release with the compensa-
tion court. Fifty percent shall be added for payments owed to the employee if made after thirty days after the date the release is filed with the compensation court. Upon making payment owed by the employer as set forth in the release and upon the entry of an order of dismissal with prejudice, as to all rights waived in the release, such release shall be a full and complete discharge from further liability for the employer on account of the injury, including future medical, surgical, or hospital expenses, unless such expenses are specifically excluded from the release.

(5) The fees of the clerk of the compensation court for filing, docketing, and indexing an application for an order approving a lump-sum settlement or filing a release as provided in this section shall be fifteen dollars. The fees shall be remitted by the clerk to the State Treasurer for credit to the Compensation Court Cash Fund.

1. Lump sum settlement
2. Commutation
3. Release

1. Lump sum settlement

If an application for approval of a lump-sum settlement is not approved, the workers’ compensation court may (1) dismiss the application at the cost of the employer or (2) continue the hearing, in the discretion of the compensation court. Loyd v. Family Dollar Stores of Neb., 304 Neb. 883, 937 N.W.2d 487 (2020).

Pursuant to subsection (1) of this section, a lump-sum settlement must be submitted to the compensation court for approval when the claimant is a Medicare beneficiary. Loyd v. Family Dollar Stores of Neb., 304 Neb. 883, 937 N.W.2d 487 (2020).

Where lump sum settlement is made and later application is made for further compensation for disability claimed not covered by settlement, burden of proof is on employee. Gooch Milling & Elevator Co. v. Warner, 127 Neb. 796, 257 N.W. 224 (1934).

Where approved lump sum settlement, accepted by employee before death, was complete compensation, widow was not entitled to further award. Lincoln Packing Co. v. Coe, 120 Neb. 299, 232 N.W. 92 (1930).

Final power to award lump sum settlement for employee’s death or permanent disability rests with district court, subject to review. Jackson v. Ford Motor Co., 115 Neb. 758, 214 N.W. 631 (1927).

Sections 48-140 and 48-141 and this section emphasize the finality of a lump-sum settlement and only contemplate “readjustment” if the “settlement” itself is procured by fraud; the statute does not speak to readjusting underlying “awards” allegedly procured by fraud. Hunt v. Pick’s Pack-Hauler, 23 Neb. App. 278, 869 N.W.2d 723 (2015).

In order to achieve a modification of a lump-sum payment that has been approved by court order pursuant to this section on the ground of increased or decreased incapacity, a party must make an application on the ground of increase or decrease of incapacity due solely to the injury. Hubhart v. Hormel Foods Corp., 15 Neb. App. 129, 723 N.W.2d 350 (2006).

Lump-sum settlements in workers’ compensation actions cannot be modified in the future or be considered when determining future workers’ compensation awards, because such awards are “final.” Dukes v. University of Nebraska, 12 Neb. App. 539, 679 N.W.2d 249 (2004).

2. Commutation

In the approval of commutation of compensation, the public has an interest which it is the duty of the court to protect without regard to the wishes of the parties. Perry v. Huffman Auto. Co., 104 Neb. 211, 175 N.W. 1021 (1920).

3. Release

A verified release results in a full and complete discharge from all liability under the Nebraska Workers’ Compensation Act but does not become effective until the Workers’ Compensation Court files an order of dismissal with prejudice. Dragoo v. Cheesecake Factory, 300 Neb. 548, 915 N.W.2d 418 (2018).

By filing a release pursuant to the settlement procedures in subsection (3) of this section, a worker waives all rights under the Nebraska Workers’ Compensation Act, including both the right to penalties and attorney fees under section 48-125 and the right to ask a judge of the compensation court to decide the parties’ rights and obligations. Holdsworth v. Greenwood Farmers Co-op, 286 Neb. 49, 835 N.W.2d 30 (2013).

The filing of a release pursuant to subsection (3) of this section does not deprive the Workers’ Compensation Court of
§ 48-139

Compensation; lump-sum settlements; conclusiveness; exception.

Any lump-sum settlement by agreement of the parties pursuant to section 48-139 shall be final and not subject to readjustment if the settlement is in conformity with the Nebraska Workers’ Compensation Act, unless the settlement is procured by fraud. All awards of compensation made by the compensation court, except those amounts payable periodically, shall be final and not subject to readjustment.

2. Approval
3. Miscellaneous

1. Lump-sum settlement

Lump sum settlement is not final unless approved as required by act. Miller v. Schlerey, 151 Neb. 33, 36 N.W.2d 497 (1949).

Lump sum settlement must conform to statutory requirements, including filing copy with and approval by compensation court. Ashton v. Blue River Power Co., 117 Neb. 641, 222 N.W. 42 (1928).

Lump sum settlement is final, and is not subject to modification as in case of periodic payments. Bailey v. United States Fidelity & Guaranty Co., 99 Neb. 109, 155 N.W. 237 (1915).

Sections 48-139 and 48-141 and this section emphasize the finality of a lump-sum settlement and only contemplate “readjustment” if the “settlement” itself is procured by fraud; the statutes do not speak to readjusting underlying “awards” allegedly procured by fraud. Hunt v. Pick’s Pack-Hauler, 23 Neb. App. 278, 869 N.W.2d 723 (2015).

Lump-sum settlements in workers’ compensation actions cannot be modified in the future or be considered when determining future workers’ compensation awards, because such awards are “final.” Dukes v. University of Nebraska, 12 Neb. App. 539, 679 N.W.2d 249 (2004).

2. Approval

The provisions in this section which bar proceedings to modify an award of compensation payable periodically over a period of less than six months are invalid as an unreasonable classification. Snyder v. IBP, Inc., 229 Neb. 224, 426 N.W.2d 261 (1988).

Where settlement was never approved by workmen’s compensation court, it was ineffective to defeat claim for compensation. Riggins v. Lincoln Tent & Awning Co., 143 Neb. 893, 11 N.W.2d 810 (1943).

An agreement to pay compensation must be approved by compensation court or it is void, and part payment will not make such agreement actionable at common law. Duncan v. A Hospe Co., 133 Neb. 810, 277 N.W. 339 (1938).

Award is subject to modification, if it covers period over six months, part of which has elapsed at time award is made. Harmon v. J. H. Wiese Co., 121 Neb. 137, 236 N.W. 186 (1931).

If court finds disability will not continue for more than six months and fixes compensation therefor, court cannot at subsequent term change that judgment, but, if finding is that disability will continue for more than six months, court may, upon application, modify after six months expires. Hanley v. Union Stock Yards Co., 100 Neb. 232, 158 N.W. 939 (1916).

3. Miscellaneous

A finding by the Workers’ Compensation Court that an alleged injury is covered by the Workers’ Compensation Act is not necessarily a prerequisite to a settlement agreement which includes a program of vocational rehabilitation paid for by the employer or its insurer. Miner v. Robertson Home Furnishing, 239 Neb. 523, 476 N.W.2d 854 (1991).

48-140 Compensation; lump-sum settlements; conclusiveness; exception.

All amounts paid by an employer or by an insurance company carrying such risk, as the case may be, and received by the employee or his or her dependents by lump-sum payments pursuant to section 48-139 shall be final and not subject to readjustment if the lump-sum settlement is in conformity with the Nebraska Workers’ Compensation Act, unless the settlement is procured by fraud, but the amount of any agreement or award payable periodically may be modified as

follows: (1) At any time by agreement of the parties with the approval of the Nebraska Workers’ Compensation Court; or (2) if the parties cannot agree, then at any time after six months from the date of the agreement or award, an application may be made by either party on the ground of increase or decrease of incapacity due solely to the injury or that the condition of a dependent has changed as to age or marriage or by reason of the death of the dependent. In such case, the same procedure shall be followed as in sections 48-173 to 48-185 in case of disputed claim for compensation.

1. **Modification of award**

   To establish a change in incapacity under this section, an applicant must prove a change in incapacity and a change in disability. In a workers’ compensation context, impairment refers to a medical assessment, whereas disability relates to employability. Rader v. Speer Auto, 287 Neb. 116, 841 N.W.2d 383 (2013).

   The party seeking modification has the burden to prove the allegations in its petition to modify the running award of temporary total disability benefits. Visoso v. Cargill Meat Solutions, 285 Neb. 272, 826 N.W.2d 845 (2013).

   If future medical expenses are not a part of a final award, the judgment is final, and any future claims for medical expenses related to the same accident are absolutely barred unless the requirements of this section are met. Green v. Drivers Mgmt., Inc., 263 Neb. 197, 639 N.W.2d 94 (2002).

   Under this section, the applicant for modification must prove by a preponderance of the evidence that the increase in his incapacity was due solely to the injury resulting from the original accident. In proving an increase in incapacity, the applicant must prove by a preponderance of the evidence that there now exists a material and substantial change for the worse in the applicant’s condition—a change in circumstances that justifies a modification, distinct and different from that for which an adjudication had been previously made. Gomez v. Kenney Deans, Inc., 232 Neb. 646, 441 N.W.2d 632 (1989).

   Before an employee may obtain a modification of an agreement or award for periodic payment of compensation, increasing the compensation paid on account of a previously compensable injury, the employee must prove, by a preponderance of the evidence, an increase in incapacity due solely to the previous compensable injury. Grauerholz v. Cornhusker Packing Co., 230 Neb. 641, 432 N.W.2d 831 (1988).

   The provisions in this section which bar proceedings to modify an award of compensation payable periodically over a period of less than six months are invalid as an unreasonable classification. Snyder v. IBP, Inc., 229 Neb. 224, 426 N.W.2d 261 (1988).

   A proceeding under section 48-141, R.R.S.1943, to modify a previous award of the compensation court to recover additional compensation for an increase in incapacity can only be brought within two years of the time the employee knows, or is chargeable with knowledge, that his condition has materially changed and there is such a substantial increase in his disability as to entitle him to additional compensation. O’Connor v. Anderson Bros. Plumbing & Heating, 207 Neb. 641, 300 N.W.2d 188 (1981).

   An award which is payable periodically for six months or more is subject to modification on the ground of increase of incapacity due solely to the injury. Camp v. Blount Bros. Corp., 195 Neb. 459, 238 N.W.2d 634 (1976).

   The amount payable periodically by agreement or award may be modified if recipient’s condition changes thereafter. Shottwell v. Industrial Builders, Inc., 187 Neb. 320, 190 N.W.2d 624 (1971).

   Modification is limited to increase or decrease that has occurred since award of compensation was rendered. Pavel v. Hughes Brothers, Inc., 167 Neb. 727, 94 N.W.2d 492 (1959).

   Where amount of award is payable periodically for six months or more, application for increase in award may be made. Peek v. Ayers Auto Supply, 160 Neb. 658, 71 N.W.2d 204 (1955).

   Statute restricts basis for modification to increase or decrease of incapacity since original award. Peek v. Ayers Auto Supply, 157 Neb. 363, 59 N.W.2d 564 (1953).

   Basis for modification is limited to increase or decrease of incapacity which has occurred since the award and is due to the injury. Riedel v. Smith Baking Co., 150 Neb. 28, 33 N.W.2d 287 (1948).

   Basis for modification of award is limited to increase or decrease of incapacity due solely to injury. Ludwickson v. Central States Electric Co., 142 Neb. 308, 6 N.W.2d 65 (1942).

   Upon application to modify an award of compensation under this section, petitioner must establish that the disability has increased, decreased, or terminated. Kocera v. Village of Prague, 141 Neb. 180, 3 N.W.2d 201 (1942).

   Proceeding to recover additional compensation for increased disability must be brought within one year from time employee is chargeable with knowledge of his right to additional compensation. Scott v. State, 137 Neb. 348, 289 N.W. 367 (1939).

   This section makes provision for situation where employee’s injuries cause total permanent disability at some future date after award. Micek v. Omaha Steel Works, 136 Neb. 843, 287 N.W. 645 (1939).

   Judgment is not final in sense that it can never be inquired into again where increase or decrease of incapacity can be shown. Great Western Sugar Co. v. Hewitt, 127 Neb. 790, 257 N.W. 61 (1934).
§ 48-141

Labor

Application to modify follows same procedure as in case of dispute except that where award is made by district court, application should be filed in that court. Metropolitan Dining Room v. Jensen, 126 Neb. 765, 254 N.W. 405 (1934).

Construing this with preceding section, award is subject to modification if it covers period over six months, part of which has expired before award was made. Harmon v. J. H. Wiese Co., 121 Neb. 137, 236 N.W. 186 (1931).

Application for modification of award for increase or decrease of incapacity may be made at any time after six months from date of award. Updike Grain Co. v. Swanson, 103 Neb. 872, 174 N.W. 862 (1919).

Lump-sum settlements are final, and not subject to modification as in case of periodic payments. Bailey v. United States Fidelity & Guaranty Co., 99 Neb. 109, 155 N.W. 237 (1915).

To establish a change in incapacity under this section, an applicant must show a change in impairment and a change in disability. Moss v. C&A Indus., 25 Neb. App. 877, 915 N.W.2d 615 (2018).

Whether an applicant's incapacity has increased under the terms of this section is a finding of fact. Moss v. C&A Indus., 25 Neb. App. 877, 915 N.W.2d 615 (2018).

Sections 48-139 and 48-140 and this section emphasize the finality of a lump-sum settlement and only contemplate "readjustment" if the "settlement" itself is procured by fraud, the statutes do not speak to readjusting underlying "awards" allegedly procured by fraud. Hunt v. Pick's Pack-Hauler, 23 Neb. App. 278, 869 N.W.2d 723 (2015).

A court may modify a workers' compensation award based on a change in incapacity due to a mental condition arising out of a work-related physical injury if the change is due solely to the work-related injury. Jurgens v. Irwin Indus. Tool Co., 20 Neb. App. 488, 825 N.W.2d 820 (2013).

Where the original award of benefits did not award vocational rehabilitation services, the applicant needed to comply with the requirements of this section and allege and prove that he had suffered an increase in incapacity since the entry of the original award in order to obtain the requested vocational rehabilitation services. McKay v. Hershey Food Corp., 16 Neb. App. 79, 740 N.W.2d 378 (2007).

In order to achieve a modification of a lump-sum payment that has been approved by court order, pursuant to section 48-139 on the ground of increased or decreased incapacity, a party must make an application on the ground of increase or decrease of incapacity due solely to the injury. Hubbart v. Hormel Foods Corp., 15 Neb. App. 129, 723 N.W.2d 350 (2006).

48-142 Compensation; amount agreed upon; payment to trustee; procedure.

At any time after the amount of any award has been agreed upon by the parties and approved by the Nebraska Workers’ Compensation Court, a sum equal to the present value of all future installments of compensation may, when death or the nature of the injury renders the amount of future payments certain, by leave of the compensation court, be paid by the employer, or by the insurance company carrying such risk, as the case may be, to any savings bank or trust company of this state, in good standing, and such sum together with all interest thereon, shall thereafter be held in trust for the employee or the dependents of the employee, who shall have no further recourse against the employer. The payment of such sum by the employer, evidenced by the receipt of the trustee to be filed with the compensation court, shall operate as a satisfaction of such award as to the employer. Payments from such fund shall be made by the trustee in the same amounts and at the same time as are herein

required of the employer until the fund and interest shall be exhausted. In the
appointment of the trustee, preference shall be given, in the discretion of the
compensation court, to the choice of the injured employee or the dependents of
the deceased employee as the case may be.

48-143 Compensation; death benefits; absence of qualified administrator; payment; to whom made.

In case of death, where no executor or administrator is qualified, the Nebraska Workers’ Compensation Court shall, by order, direct payment to be made to such person as would be appointed administrator of the estate of such decedent, upon like terms as to bond for the proper application of compensation payments as are required of administrators.

48-144 Accidents and settlements; reports; death of alien employee; notice to consul.

(1) Reports of accidents and settlements shall be made in a form and manner prescribed by the administrator of the Nebraska Workers’ Compensation Court. Such reports, if filed by a workers’ compensation insurer on behalf of an employer, shall be deemed to have been filed by the employer.

(2) When an injury results in the death of an employee who is a citizen or subject of a foreign country, the administrator of the compensation court shall, after the death has been reported to the compensation court, at once notify the superior consular officer of the country of which the employee at the time of his or her death was a citizen or subject, and whose consular district embraces the State of Nebraska, or the representative, residing in the State of Nebraska, of such consular officer, whom he or she shall have formally designated as his or her representative by a communication in writing to the compensation court. Such notification shall contain in addition to the name of the employee such further information as the compensation court may possess respecting the place of birth, parentage, and names and addresses of the dependents of the employee.

48-144.01 Injuries; reports; time within which to file; terms, defined.

(1) In every case of reportable injury arising out of and in the course of employment, the employer or workers’ compensation insurer shall file a report thereof with the Nebraska Workers’ Compensation Court. Such report shall be filed within ten days after the employer or insurer has been given notice of or has knowledge of the injury.

(2) For purposes of this section:

(a) Reportable injury means an injury or diagnosed occupational disease which results in: (i) Death, regardless of the time between the death and the injury or onset of disease; (ii) time away from work; (iii) restricted work or termination of employment; (iv) loss of consciousness; or (v) medical treatment other than first aid;

(b) Restricted work means the inability of the employee to perform one or more of the duties of his or her normal job assignment. Restricted work does not occur if the employee is able to perform all of the duties of his or her normal job assignment, but a work restriction is assigned because the employee is experiencing minor musculoskeletal discomfort and for the purpose of preventing a more serious condition from developing;

(c) Medical treatment means treatment administered by a physician or other licensed health care professional; and

(d) First aid means:

(i) Using a nonprescription medication at nonprescription strength. For medications available in both prescription and nonprescription form, a recommendation by a physician or other licensed health care professional to use a nonprescription medication at prescription strength is not first aid;

(ii) Administering tetanus immunizations. Administering other immunizations, such as hepatitis B vaccine and rabies vaccine, is not first aid;

(iii) Cleaning, flushing, or soaking wounds on the surface of the skin;

(iv) Using wound coverings, such as bandages and gauze pads, and superficial wound closing devices, such as butterfly bandages and steri-strips. Using other wound closing devices, such as sutures and staples, is not first aid;

(v) Using hot or cold therapy;

(vi) Using any nonrigid means of support, such as elastic bandages, wraps, and nonrigid back belts. Using devices with rigid stays or other systems designed to immobilize parts of the body is not first aid;

(vii) Using temporary immobilization devices, such as splints, slings, neck collars, and back boards, while transporting accident victims;

(viii) Drilling of a fingernail or toenail to relieve pressure or draining fluid from a blister;

(ix) Using eye patches;

(x) Removing foreign bodies from the eye using only irrigation or a cotton swab;

(xi) Removing splinters or foreign material from areas other than the eye by irrigation, tweezers, cotton swabs, or other simple means;

(xii) Using finger guards;

(xiii) Using massages. Using physical therapy or chiropractic treatment is not first aid; and
(xiv) Drinking fluids for relief of heat stress.

Section 48-144.04 establishes when the statute of limitations begins to run if an initial report required by this section is not filed, but section 48-144.04 does not provide for tolling of an already-running statute of limitations when and if subsequent reports are not filed. Dawes v. Wittrock Sandblasting & Painting, 266 Neb. 526, 667 N.W.2d 167 (2003).

48-144.02 Compensation insurance carrier; risk management pool; reports; time within which to file.

(1) Whenever any insurance carrier shall write a policy of workers’ compensation insurance under the Nebraska Workers’ Compensation Act, such carrier shall file a report showing the name and address of the insured employer, the name of the insurance carrier, the policy number, the effective date and expiration date of such policy, and such other information as the Nebraska Workers’ Compensation Court may require. Such report shall be filed with the compensation court within ten days of the effective date of such policy.

(2) Whenever any risk management pool is organized or accepts a new member or whenever any member of a risk management pool voluntarily terminates membership or is involuntarily terminated, such pool shall file a report within ten days after any such event with the Nebraska Workers’ Compensation Court showing the names and local addresses of its members or the name, local address, and effective date of termination or joinder of any single member.

(2) No cancellation of a workers’ compensation insurance policy within the policy period shall be effective unless notice of the cancellation is given by the workers’ compensation insurer to the Nebraska Workers’ Compensation Court and to the employer. No such cancellation shall be effective until thirty days after the giving of such notices, except that the cancellation may be effective ten days after the giving of such notices if such cancellation is based on (a) notice from the employer to the insurer to cancel the policy, (b) nonpayment of premium due the insurer under any policy written by the insurer for the employer, (c) failure of the employer to reimburse deductible losses as required under any policy written by the insurer for the employer, or (d) failure of the employer, if covered pursuant to section 44-3,158, to comply with sections 48-443 to 48-445.

§ 48-144.03 LABOR

(e) An insurer may refrain from sending notices required by this subsection to a professional employer organization’s client based upon the professional employer organization’s representation that coverage has been or will be replaced. Such representation shall not absolve the insurer of its responsibility to continue coverage if such representation proves inaccurate.

(8) Notwithstanding other provisions of this section, if replacement workers’ compensation insurance coverage has been secured with another workers’ compensation insurer, then the cancellation or nonrenewal of the policy or the termination of coverage for a client or employees of a client under the policy shall be effective as of the effective date of such other insurance coverage.

(9) The notices required by this section shall state the reason for the cancellation or nonrenewal of the policy or termination of coverage for a client or employees of a client under a policy.

(10) The notices required by this section shall be provided in writing and shall be deemed given upon the mailing of such notices by certified mail, except that notices from insurers to the compensation court may be provided by electronic means if such electronic means is approved by the administrator of the compensation court. If notice is provided by electronic means pursuant to such an approval, it shall be deemed given upon receipt and acceptance by the compensation court.

Under subsection (10) of this section, an insurer need only prove that it sent a notice of cancellation to an employer by certified mail; the insurer’s record of the certified mail tracking number used to send the notice itself was not sufficient to prove certified mail service. Greenwood v. J.J. Hooligan’s, 297 Neb. 435, 899 N.W.2d 905 (2017).

Subsection (2) of this section applies only to an insurer’s intent to nonrenew a policy and does not address either an employer’s intent to nonrenew a policy for an additional term or nonrenewal by an employer through lapse at the end of the policy period due to the employer’s nonpayment of a renewal premium. Broutelle v. DBV Enterprises, Inc., 9 Neb. App. 757, 619 N.W.2d 482 (2000).

48-144.04 Reports; penalties for not filing; statutes of limitations not to run until report furnished.

Any employer, workers’ compensation insurer, or risk management pool who fails, neglects, or refuses to file any report required of him or her by the Nebraska Workers’ Compensation Court shall be guilty of a Class II misdemeanor for each such failure, neglect, or refusal. It shall be the duty of the Attorney General to act as attorney for the state. In addition to the penalty, where an employer, workers’ compensation insurer, or risk management pool has been given notice, or the employer, workers’ compensation insurer, or risk management pool has knowledge, of any injury or death of an employee and fails, neglects, or refuses to file a report thereof, the limitations in section 48-137 and for injuries occurring before December 1, 1997, the limitations in section 48-128 shall not begin to run against the claim of the injured employee or his or her dependents entitled to compensation or against the State of Nebraska on behalf of the Workers’ Compensation Trust Fund, or in favor of either the employer, workers’ compensation insurer, or risk management pool.
until such report shall have been furnished as required by the compensation court.

**48-145 Employers; compensation insurance required; exceptions; effect of failure to comply; self-insurer; payments required; deposit with State Treasurer; credited to General Fund.**

To secure the payment of compensation under the Nebraska Workers’ Compensation Act:

(1) Every employer in the occupations described in section 48-106, except the State of Nebraska and any governmental agency created by the state, shall either (a) insure and keep insured its liability under such act in some corporation, association, or organization authorized and licensed to transact the business of workers’ compensation insurance in this state, (b) in the case of an employer who is a lessor of one or more commercial vehicles leased to a self-insured motor carrier, be a party to an effective agreement with the self-insured motor carrier under section 48-115.02, (c) be a member of a risk management pool authorized and providing group self-insurance of workers’ compensation liability pursuant to the Intergovernmental Risk Management Act, or (d) with approval of the Nebraska Workers’ Compensation Court, self-insure its workers’ compensation liability.

An employer seeking approval to self-insure shall make application to the compensation court in the form and manner as the compensation court may prescribe, meet such minimum standards as the compensation court shall adopt and promulgate by rule and regulation, and furnish to the compensation court satisfactory proof of financial ability to pay direct the compensation in the amount and manner when due as provided for in the Nebraska Workers’ Compensation Act. Approval is valid for the period prescribed by the compensation court unless earlier revoked pursuant to this subdivision or subsection (1) of section 48-146.02. Notwithstanding subdivision (1)(d) of this section, a professional employer organization shall not be eligible to self-insure its workers’ compensation liability. The compensation court may by rule and regulation require the deposit of an acceptable security, indemnity, trust, or bond to secure the payment of compensation liabilities as they are incurred. The agreement or document creating a trust for use under this section shall contain a provision that the trust may only be terminated upon the consent and approval of the compensation court. Any beneficial interest in the trust principal shall be only for the benefit of the past or present employees of the self-insurer and any persons to whom the self-insurer has agreed to pay benefits under subdivision (11) of section 48-115 and section 48-115.02. Any limitation on the termination of a trust and all other restrictions on the ownership or
transfer of beneficial interest in the trust assets contained in such agreement or document creating the trust shall be enforceable, except that any limitation or restriction shall be enforceable only if authorized and approved by the compensation court and specifically delineated in the agreement or document. The trustee of any trust created to satisfy the requirements of this section may invest the trust assets in the same manner authorized under subdivisions (1)(a) through (i) of section 30-3209 for corporate trustees holding retirement or pension funds for the benefit of employees or former employees of cities, villages, school districts, or governmental or political subdivisions, except that the trustee shall not invest trust assets into stocks, bonds, or other obligations of the trustor. If, as a result of such investments, the value of the trust assets is reduced below the acceptable trust amount required by the compensation court, then the trustor shall deposit additional trust assets to account for the shortfall.

Notwithstanding any other provision of the Nebraska Workers’ Compensation Act, a three-judge panel of the compensation court may, after notice and hearing, revoke approval as a self-insurer if it finds that the financial condition of the self-insurer or the failure of the self-insurer to comply with an obligation under the act poses a serious threat to the public health, safety, or welfare. The Attorney General, when requested by the administrator of the compensation court, may file a motion pursuant to section 48-162.03 for an order directing a self-insurer to appear before a three-judge panel of the compensation court and show cause as to why the panel should not revoke approval as a self-insurer pursuant to this subdivision. The Attorney General shall be considered a party for purposes of such motion. The Attorney General may appear before the three-judge panel and present evidence that the financial condition of the self-insurer or the failure of the self-insurer to comply with an obligation under the act poses a serious threat to the public health, safety, or welfare. The presiding judge shall rule on a motion of the Attorney General pursuant to this subdivision and, if applicable, shall appoint judges of the compensation court to serve on the three-judge panel. The presiding judge shall not serve on such panel. Appeal from a revocation pursuant to this subdivision shall be in accordance with section 48-185. No such appeal shall operate as a supersedeas unless the self-insurer executes to the compensation court a bond with one or more sureties authorized to do business within the State of Nebraska in an amount determined by the three-judge panel to be sufficient to satisfy the obligations of the self-insurer under the act;

(2) An approved self-insurer shall furnish to the State Treasurer an annual amount equal to two and one-half percent of the prospective loss costs for like employment but in no event less than twenty-five dollars. Prospective loss costs is defined in section 48-151. The compensation court is the sole judge as to the prospective loss costs that shall be used. 48-145.03 Employers; other liabilities not affected.  
Sections 48-125.01, 48-145.01, and 48-145.02 shall not affect any other liability of the employer under the Nebraska Workers’ Compensation Act.

(1) The administrator of the Nebraska Workers’ Compensation Court shall, prior to January 1 of each year, estimate as closely as possible the actual cost to the court of evaluating an application for self-insurance and supervising and administering the self-insurance program for the ensuing year and assess the amount thereof, but not to exceed two thousand dollars, against each applicant for self-insurance in this state. Such assessment shall be in addition to the payments required by subdivision (2) of section 48-145 and section 48-1,114. The administrator shall notify each applicant of the amount of the individual assessment. Such assessment shall be due and payable with the application for self-insurance. If any assessment is not paid, the application shall not be considered.

Such payments shall be expended solely for evaluating applications for self-insurance and to aid in supervising and administering the self-insurance program. After the first year, the balance remaining of such payments at the time each annual assessment is made shall be taken into account when the total assessment for the ensuing year is made.  

48-146 Compensation insurance; provisions required; approval by Department of Insurance; effect of bankruptcy.  
No policy of insurance against liability arising under the Nebraska Workers’ Compensation Act shall be issued and no agreement pursuant to section 44-4304 providing group self-insurance coverage of workers’ compensation liability by a risk management pool shall have any force or effect unless it contains the agreement of the workers’ compensation insurer or risk management pool that it will promptly pay to the person entitled to the same all benefits conferred by such act, and all installments of the compensation that may be awarded or agreed upon, and that the obligation shall not be affected by the insolvency or bankruptcy of the employer or his or her estate or discharge therein or by any default of the employer after the injury, or by any default in the giving of any notice required by such policy, or otherwise. Such agreement shall be construed to be a direct promise by the workers’ compensation insurer or risk management pool to the person entitled to compensation enforceable in his or her name. Each workers’ compensation insurance policy and each agreement forming a risk management pool shall be deemed to be made subject to the Nebraska Workers’ Compensation Act. No corporation, association, or organization shall enter into a workers’ compensation insurance policy unless copies of such forms have been filed with and approved by the Department of Insurance. Reissue 2021
48-146.03 Workers’ compensation insurance policy; deductible options; exception; liability; insurer; duties; prohibited acts; violation; penalty.

(1) Each workers’ compensation insurance policy issued by an insurer pursuant to the Nebraska Workers’ Compensation Act:

(a) Shall offer, at the option of the insured employer, a deductible for medical benefits in the amount of five hundred dollars to two thousand five hundred dollars per claim in increments of five hundred dollars; or

(b) May offer, at the option of the insured employer and the workers’ compensation insurer, a deductible for all amounts paid by the insurer as long as the deductible is not more than forty percent of the insured employer’s otherwise applicable annual workers’ compensation insurance premium at rates approved for the insurer but not less than fifty thousand dollars.

The insured employer, if choosing to exercise one of such options listed in this subsection, may choose only one of the amounts as the deductible. The provisions of this section shall be fully disclosed to each prospective purchaser in writing.

(2) The deductible form shall provide that the workers’ compensation insurer shall remain liable for and shall pay the entire cost of medical benefits for each claim directly to the medical provider, shall remain liable for and pay the entire cost of benefits, claims, and expenses as required by the policy irrespective of the deductible provision, and shall then be reimbursed by the employer for any deductible amounts paid by the workers’ compensation insurer. The employer shall be liable for reimbursement up to the limit of the deductible.

(3) A workers’ compensation insurer shall not be required to offer a deductible if, as a result of a credit investigation, the insurer determines that the employer does not have the financial ability to be responsible for the payment of deductible amounts.

(4) A workers’ compensation insurer shall service and, if necessary, defend all claims that arise during the policy period, including those claims payable in whole or in part from the deductible amount, and shall make such reports to the compensation court of payments made, including payments made under the deductible provisions, as may be required by the compensation court.

(5) A person who is employed by a policyholder which chooses to exercise the option of a deductible policy shall not be required to pay any of the deductible amount, and any such policyholder shall not require or attempt to require the employee to give up his or her right of selection of physician set out in section 48-120. Any violation of this subsection shall be a Class II misdemeanor.

48-147 Liability insurance; existing contract; effect of law; violations; penalty.

Nothing in the Nebraska Workers’ Compensation Act shall affect any existing contract for employers liability insurance, or affect the organization of any mutual or other insurance company, or any arrangement existing between employers and employees, providing for payment to such employees, their
families, dependents, or representatives, sick, accident, or death benefits in addition to the compensation provided for by such act; but liability for compensation under such act shall not be reduced or affected by any insurance of the injured employee, or any contribution or other benefit whatsoever, due to or received by the person entitled to such compensation, and the person so entitled shall, irrespective of any insurance or other contract, have the right to recover the same directly from the employer, and in addition thereto, the right to enforce in his or her own name in the manner provided in section 48-146 the liability of any insurer who may, in whole or in part, have insured the liability for such compensation. Payment in whole or in part of such compensation by either the employer or the insurer, as the case may be, shall, to the extent thereof, be a bar to recovery against the other of the amount so paid. No agreement by an employee to pay any portion of premium paid by his or her employer or to contribute to a benefit fund or department maintained by such employer for the purpose of providing compensation as required by the Nebraska Workers’ Compensation Act shall be valid, and any employer who makes a deduction for such purpose from the pay of any employee entitled to the benefits of such act shall be guilty of a Class II misdemeanor. Nothing in this section invalidates or prohibits agreements pursuant to subdivision (11) of section 48-115 or section 48-115.02.

PART III
MISCELLANEOUS PROVISIONS

48-148 Compensation; action to recover; release of claim at law.

If any employee, or his or her dependents in case of death, of any employer subject to the Nebraska Workers’ Compensation Act files any claim with, or accepts any payment from such employer, or from any insurance company carrying such risk, on account of personal injury, or makes any agreement, or submits any question to the Nebraska Workers’ Compensation Court under such act, such action shall constitute a release to such employer of all claims or demands at law, if any, arising from such injury.

1. Exclusive remedy

Under this section, a surviving husband’s claim for bystander negligent infliction of emotional distress against his deceased wife’s employer was barred by the employer immunity provisions of the Nebraska Workers’ Compensation Act because he accepted compensation from the employer as his deceased wife’s dependent, he settled with and released the employer, and his claim arose from his deceased wife’s injury as the phrase “arise from such injury” is used in this section. Pittman v. Western Engineering Co., 283 Neb. 913, 813 N.W.2d 487 (2012).

A public utility employee cannot maintain a separate suit against a city for an injury incurred on the job, because the Nebraska Workers’ Compensation Act is the exclusive remedy of the injured public utility employee against the city where the public utility is an agency or department of the city. Holferher v. City of Hastings, 275 Neb. 503, 747 N.W.2d 389 (2008).

Section 48-111 and this section are routinely referred to by the Nebraska Supreme Court as the “exclusivity” provisions of the Nebraska Workers’ Compensation Act. Bennett v. Saint Elizabeth Health Sys., 273 Neb. 300, 729 N.W.2d 80 (2007).

The Nebraska Workers’ Compensation Act is an employee’s exclusive remedy against an employer when the employee’s injury was both incurred “in the course of employment” and “arose out of employment”. Skinner v. Ogallala Pub. Sch. Dist. No. 1, 262 Neb. 387, 631 N.W.2d 510 (2001).

The Workers’ Compensation Act is an employee’s exclusive remedy against an employer for an injury arising out of and in the course of employment. Tompkins v. Raines, 247 Neb. 764, 530 N.W.2d 244 (1995).

2. Indemnity

When an employer, liable to an employee under the Nebraska Workers’ Compensation Act, agrees to indemnify a third party for a loss sustained as the result of the third party’s payment to the indemnitor’s employee, the employer’s exclusion from liability accorded by the Workers’ Compensation Act does not preclude the third party’s action to enforce the indemnity agreement with the indemnitor-employer. Jacobs Engrg. Group v. ConAgra Foods, 301 Neb. 38, 917 N.W.2d 435 (2018); Oddo v. Speedway Scaffold Co., 193 Neb. 443, N.W.2d 596 (1989); Union Pacific R. R. Co. v. Kaiser Ag. Chem. Co., 229 Neb. 160, 425 N.W.2d 872 (1988).

Workmen’s Compensation Act bars action by third party tortfeasor against employer for contribution or indemnity based on claim arising from the injury. Vangreen v. Interstate Machinery & Supply Co., 197 Neb. 29, 246 N.W.2d 652 (1976).

3. Miscellaneous

Nebraska does not recognize an exception that would allow a third party to seek contribution from an employer when it is alleged that the employer acted intentionally. Harsh Internatn’l v. Monfort Indus., 266 Neb. 82, 662 N.W.2d 574 (2003).

If a person files a claim against his employer in the Workmen’s Compensation Court for an injury which did not arise out of and in the course of his employment, he does not thereby release his employer from liability for a tort. Marlov v. Maple Manor Apartments, 193 Neb. 654, 228 N.W.2d 303 (1975).

48-148.01 Denial of compensation; false representation.

No compensation shall be allowed if, at the time of or in the course of entering into employment or at the time of receiving notice of the removal of conditions from a conditional offer of employment: (1) The employee knowingly and willfully made a false representation as to his or her physical or medical condition by acknowledging in writing that he or she is able to perform the essential functions of the job with or without reasonable accommodation based upon the employer’s written job description; (2) the employer relied upon the false representation and the reliance was a substantial factor in the hiring; and (3) a causal connection existed between the false representation and the injury.

48-148.02 Debt collection; limitations; notice; contents; delivery; Attorney General; ensure compliance; stay of lawsuits; effect on statute of limitations.

(1) After receipt of the notices provided for in this section, no debt collection shall be undertaken by a provider of services, supplier of services, collection agency, collector, or creditor attempting to collect a debt incurred against an employee or his or her spouse for treatment of a work-related injury while the matter is pending in the compensation court until final adjudication of the case regarding such debt.

(2) Notice under this section shall be made in writing and provided to each provider of services, supplier of services, collection agency, collector, or creditor as described in subsection (1) of this section. Notice shall not be imputed to any party from the service of notice upon another party.

(3) The initial notice shall contain the provider’s name, employee’s name, date of the injury, and a description of the injury, together with the filing date and case number pending in the compensation court. Within thirty days after the initial notice, an additional notice shall be provided specifically identifying
§ 48-148.02  LABOR

the debt upon which collection should be stayed, unless identification was made in the initial notice. Notice shall be void if it fails to provide the proper information or is not provided within the required timeframes, or until proper notice is provided.

(4) Notice shall be made by personally delivering the notice to the person on whom it is to be served or by sending it by first-class mail addressed to the person or business entity on whom it is to be served at his or her residence or the principal office address of a business entity, or by a method otherwise agreed to between the parties. Each provider, supplier, collection agency, collector, or creditor shall not be deemed to be notified under this section unless receipt of the notice can be demonstrated.

(5) If collection efforts continue after both notices are received by the entity seeking to collect, the notices may be forwarded to the Attorney General requesting his or her assistance in gaining compliance with this act. The entity seeking to collect shall be copied on such notification to the Attorney General, and shall be given a reasonable period of time to respond to the notice and to cure any noncompliance. If noncompliance continues, the Attorney General may take such reasonable steps as is necessary to ensure compliance with this section. No private cause of action shall exist under this section. A violation of this section shall not be considered a violation of any other state or federal law.

(6) After notice is provided, collection lawsuits may be stayed, where applicable, by the plaintiff in a pending collection case, until final adjudication by the compensation court of the matter of the debt alleged to be subject to this section.

(7) The statute of limitations on the collection of such debt shall be tolled during the pendency of the compensation case from the date the case was filed with the compensation court.

(8) This section shall have no applicability outside of the Nebraska Workers’ Compensation Act and shall not apply to any other cause of action under state or federal law.

48-149 Compensation payments; nonassignable; not subject to attachment; exceptions.

No proceeds or interest thereon from payments or lump-sum settlements under the Nebraska Workers’ Compensation Act or law of another state which provides compensation and benefits for employees sustaining job-related injuries shall be assignable, subject to attachment or garnishment, or held liable in any way for any debts, except (1) as provided in section 48-108 and (2) payments under the act or any law of another state which provides compensation and benefits for employees sustaining job-related injuries shall be subject to income withholding under the Income Withholding for Child Support Act, administrative attachment and bank matching pursuant to sections 43-3328 to 43-3339, and garnishment by a county attorney or authorized attorney pursuant to section 43-512.03 or garnishment for child support as defined in section 43-1705 by an obligee as defined in section 43-1713.

48-150 Compensation claims; same preference as wage claims.

The right to compensation and all compensation awarded any injured employee or for death claims to his or her dependents in any amount shall have the same preference against the assets of the employer as unpaid wages for labor, but such compensation shall not become a lien on the property of third persons by reason of such preference.

48-151 Terms, defined.

Throughout the Nebraska Workers’ Compensation Act, the following words and phrases shall be considered to have the following meaning, respectively, unless the context clearly indicates a different meaning in the construction used:

1. **Physician** means any person licensed to practice medicine and surgery, osteopathic medicine, chiropractic, podiatry, or dentistry in the State of Nebraska or in the state in which the physician is practicing;

2. **Accident** means an unexpected or unforeseen injury happening suddenly and violently, with or without human fault, and producing at the time objective symptoms of an injury. The claimant has the burden of proof to establish by a preponderance of the evidence that such unexpected or unforeseen injury was in fact caused by the employment. There is no presumption from the mere occurrence of such unexpected or unforeseen injury that the injury was in fact caused by the employment;

3. **Occupational disease** means only a disease which is due to causes and conditions which are characteristic of and peculiar to a particular trade, occupation, process, or employment and excludes all ordinary diseases of life to which the general public is exposed;

4. **Injury and personal injuries** mean only violence to the physical structure of the body and such disease or infection as naturally results therefrom and personal injuries described in section 48-101.01. The terms include disablement resulting from occupational disease arising out of and in the course of the employment in which the employee was engaged and which was contracted in such employment. The terms include an aggravation of a preexisting occupational disease, the employer being liable only for the degree of aggravation of the preexisting occupational disease. The terms do not include disability or death due to natural causes but occurring while the employee is at work and do not include an injury, disability, or death that is the result of a natural progression of any preexisting condition;

5. **Death** means only death resulting from such violence and its resultant effects or from occupational disease;

6. **Without otherwise affecting either the meaning or the interpretation of the abridged clause, personal injuries arising out of and in the course of employment, it is hereby declared not to cover workers except while engaged in, on, or about the premises where their duties are being performed or where their
service requires their presence as a part of such service at the time of the injury and during the hours of service as such workers, and not to cover workers who on their own initiative leave their line of duty or hours of employment for purposes of their own. Property maintained by an employer is considered the premises of such employer for purposes of determining whether the injury arose out of employment;

(7) Willful negligence consists of (a) a deliberate act, (b) such conduct as evidences reckless indifference to safety, or (c) intoxication at the time of the injury, such intoxication being without the consent, knowledge, or acquiescence of the employer or the employer’s agent;

(8) Intoxication includes, but is not limited to, being under the influence of a controlled substance not prescribed by a physician;

(9) Prospective loss costs means prospective loss costs as defined in section 44-7504 and prepared, filed, or distributed by an advisory organization which has been issued a certificate of authority pursuant to section 44-7518;

(10) Client means client as defined in section 48-2702;

(11) Professional employer organization means professional employer organization as defined in section 48-2702;

(12) Multiple coordinated policy means multiple coordinated policy as defined in section 48-2702;

(13) Master policy means master policy as defined in section 48-2702; and

(14) Whenever in the Nebraska Workers’ Compensation Act the singular is used, the plural is considered included; when the masculine gender is used, the feminine is considered included.

1. Accident

An employee’s death from asphyxiation, after entering a grain bin at his workplace in violation of safety regulations and then becoming engulfed in grain, was the result of an “accident” covered by the exclusive jurisdiction of the Nebraska Workers’ Compensation Act, even though the employer willfully violated the Occupational Safety and Health Administration regulations. Estate of Teague v. Crossroads Co-op Assn., 286 Neb. 1, 834 N.W.2d 236 (2013).

A worker’s noise-induced hearing loss is a condition resulting from the cumulative effects of work-related trauma, tested under the statutory definition of accident. Risor v. Nebraska Boiler, 277 Neb. 679, 765 N.W.2d 170 (2009).

An injured worker must satisfy three elements to prove an injury is the result of an accident: (1) The injury must be unexpected or unforeseen, (2) the accident must happen suddenly and violently, and (3) the accident must produce at the time objective symptoms of injury. Risor v. Nebraska Boiler, 277 Neb. 679, 765 N.W.2d 170 (2009).

The compensability of a condition resulting from the cumulative effects of work-related trauma is tested under the statutory definition of accident. Risor v. Nebraska Boiler, 277 Neb. 679, 765 N.W.2d 170 (2009).

The “suddenly and violently” component of an “accident” does not mean instantaneously and with force; instead, the element is satisfied if the injury occurs at an identifiable point in time, requiring the employee to discontinue employment and seek medical treatment. Risor v. Nebraska Boiler, 277 Neb. 679, 765 N.W.2d 170 (2009).
An injury caused by a mental stimulus does not meet the requirement that a compensable accidental injury involve violence to the physical structure of the body. Zach v. Nebraska State Patrol, 273 Neb. 1, 727 N.W.2d 206 (2007).

The compensability of a condition resulting from the cumulative effects of work-related trauma is to be tested under the statutory definition of accident. For purposes of this section, “suddenly and violently” does not mean instantaneously and with force, but, rather, the element is satisfied if the injury occurs at an identifiable point in time requiring the employee to discontinue employment and seek medical treatment. For purposes of this section, the time of an accident is sufficiently definite, for purposes of proving that an accident happened “suddenly and violently”, if either the cause is reasonably limited in time or the result materializes at an identifiable point. Dawes v. Wittrock Sandblasting & Painting, 266 Neb. 526, 667 N.W.2d 167 (2003).

While cumulative effects of repeated work-related trauma have characteristics of both accidental injury and occupational disease, generally the compensability of such a condition is tested under the statutory definition of accident. See Hormel & Co., 252 Neb. 29, 560 N.W.2d 143 (1997).

The cumulative effects of repeated work-related trauma which do not at an identifiable moment produce objective symptoms requiring, within a reasonably limited period of time, medical attention and the interruption or discontinuance of employment are not the product of an accidental injury within the purview of subsection (2) of this section. The compensability of a condition resulting from the cumulative effects of repeated work-related trauma is to be tested under the definition of an accident contained in subsection (2) of this section. Vencel v. Valmont, 239 Neb. 31, 473 N.W.2d 409 (1991).

The cumulative effects of repeated work-related trauma which do not at an identifiable moment produce objective symptoms requiring, within a reasonably limited period of time, medical attention and the interruption or discontinuance of employment are not the product of an accidental injury within the purview of subsection (2) of this section. Maxson v. Michael Todd & Co., 238 Neb. 209, 469 N.W.2d 542 (1991).

Where an injury is the result of mental stimulus, in order for it to be compensable under the Nebraska workers’ compensation law, the injured party must prove an unexpected or unforeseen event, happening suddenly and violently and producing at the time objective symptoms of injury and violence to the physical structure of the body. Sorensen v. City of Omaha, 230 Neb. 286, 430 N.W.2d 696 (1988).

Onset of pronoan teres syndrome and carpal tunnel syndrome was an accident within meaning of statute and sufficient evidence was produced to prove causation. Masters v. Iowa Beef Processors, 220 Neb. 835, 374 N.W.2d 21 (1985).

The “unexpected or unforeseen” requirement is satisfied if either the cause was of an accidental character or the effect was unexpected or unforeseen. The “suddenly and violently” element does not mean instantaneously and with force, but instead means at an identifiable point in time requiring the employee to discontinue employment and seek medical treatment. McGoughlin v. Self-Insurance Servs., 219 Neb. 260, 361 N.W.2d 585 (1985).

The requirement that an accident occur suddenly and violently does not mean that it occur instantaneously but is satisfied if the injury occurs at some identifiable point in time requiring the employee to discontinue employment and seek medical treatment. Trauma to the body may be caused by action other than direct blows and it may occur inside the body. In proving that an injury was caused by accident, an employee must prove three separate elements. Sandel v. Packaging Co. of America, 211 Neb. 149, 317 N.W.2d 910 (1982).

The accident requirement of the act is satisfied if the cause of the injury was of accidental character or the effect was unexpected or unforeseen, and happened suddenly and violently and, furthermore, it is no longer necessary that the injury be caused by a single traumatic event, but the exertion in the employment must contribute in some material and substantial degree to cause the injury. The term “arising out of” describes the accident and its origin, cause, and character, i.e., whether it resulted from the risks arising within the scope or sphere of the employee’s job, while the term “in the course of” refers to the time, place, and circumstances surrounding the accident, and these two phrases are conjunctive and the claimant must establish by a preponderance of the evidence that both conditions exist. Union Packing Co. v. Klauschke, 210 Neb. 331, 314 N.W.2d 25 (1982).

The fact that one may experience pain during employment does not in and of itself prove that the employee is disabled as a result of an accident arising out of and in the course of one’s employment. Therefore, when the nature and effect of an injury is not plainly apparent, it is a subjective condition requiring expert testimony, and an award based solely on the injured employee’s testimony, absent objective evidence that an accident within the meaning of the act has occurred, cannot stand. Maca v. Dale Electronics, Inc., 209 Neb. 367, 307 N.W.2d 814 (1981).

Where the claimant’s condition satisfied the requirements both of an injury and of an occupational disease, the workmen’s compensation court’s finding that an accident occurred was affirmed. Crosby v. American Stores, 207 Neb. 251, 298 N.W.2d 157 (1980).
LABOR § 48-151

By accident requirement satisfied either if cause was of an accidental character, or if effect has unexpected or unforeseen and happened suddenly and violently. Brokaw v. Robinson, 183 Neb. 760, 164 N.W.2d 461 (1969).

Fall from a ladder constituted an accident arising out of and in the course of employment. Wheeler v. Northwestern Metal Co., 175 Neb. 841, 124 N.W.2d 377 (1963).

Mere exertion, which is no greater than that ordinarily incident to the employment, does not of itself constitute an accident. Green v. Benson Transfer Co., 173 Neb. 226, 113 N.W.2d 61 (1962).

To sustain an award under the Workmen’s Compensation Act, there must be shown a causal connection between an accident suffered by claimant and his disability. Tilghman v. Mills, 169 Neb. 665, 100 N.W.2d 739 (1960); Feagins v. Carver, 162 Neb. 116, 75 N.W.2d 379 (1956).

To constitute accident, there must be an unexpected and unforeseen event that happened suddenly and violently. Schanhols v. Scottbluff Bean & Elevator Co., 168 Neb. 626, 97 N.W.2d 220 (1959).

Evidence was insufficient to show that death from coronary thrombosis was result of accident. Eschenbrenner v. Employers Mutual Casualty Co., 165 Neb. 32, 84 N.W.2d 169 (1957).

Mere exertion which is no greater than that ordinarily incident to the employment cannot of itself constitute an accident. Jones v. Yankee Hill Brick Mfg. Co., 161 Neb. 404, 73 N.W.2d 394 (1955).

Injury sustained while lifting gas range was accident. Gilbert v. Metropolitan Utilities Dist., 156 Neb. 750, 57 N.W.2d 770 (1953).

Burden rests upon claimant to prove injury was caused by an accident as defined in this section. Tucker v. Paston & Gallagher Co., 153 Neb. 1, 43 N.W.2d 522 (1950).

An accident within this act is an unexpected or unforeseen event happening suddenly and violently, with or without human fault, and producing at the time objective symptoms of an injury. Schanbauer v. State, 147 Neb. 620, 24 N.W.2d 431 (1946).

Where objective symptoms of a ruptured gall bladder were not present, recovery could not be had upon theory that accident aggravated chronic gall bladder disease. Hassmann v. City of Bloomfield, 146 Neb. 608, 20 N.W.2d 592 (1945).

Compensation may be allowed for neurosis if it is a proximate result of injury and results in disability. Lee v. Lincoln Cleaning & Dye Works, 145 Neb. 124, 15 N.W.2d 330 (1944).

Evidence that employee suffering from arteriosclerosis felt sharp pain in eye while moving a bench, and lost sight shortly thereafter, did not prove a compensable accidental injury. Rockafel v. State Furniture Co., 142 Neb. 768, 7 N.W.2d 656 (1943).

Where employee was cranking a car, which was ordinarily incident to his employment, and an unforeseen or unexpected event happened suddenly or violently, a compensable accidental injury did not occur even though the exertion, combined with preexisting disease, produced disability. Rose v. City of Fairmont, 140 Neb. 550, 300 N.W. 574 (1941).

The word accident as used in the statute shall, unless a different meaning is clearly indicated from context, be construed to mean an unexpected or unforeseen event happening suddenly or violently with or without human fault and producing at the time objective symptoms of the injury. Shamp v. Landy Clark Co., 134 Neb. 73, 277 N.W. 802 (1938).

Trivial accidents which did not aggravate or affect progress of an occupational disease cannot be made basis for recovery. Svoboda v. Mandler, 133 Neb. 433, 275 N.W. 599 (1937).

Slipping and falling into river, from which employee is alleged to have caught cold, is not an accident within definition of the statute. Lang v. Gage County Electric Co., 133 Neb. 388, 275 N.W. 462 (1937).

Being shot by a highwayman while traveling in course of employment is an accident within meaning of the statute. Goodwin v. Omaha Printing Co., 131 Neb. 212, 267 N.W. 419 (1936).

Snow blindness is an accident within meaning of compensation law. Hayes v. McMullen, 128 Neb. 432, 259 N.W. 165 (1935).

Definition of accident is quoted from this section in opinion relating to case where injury and preexisting disease combined to produce disability. Skelly Oil Co. v. Gaukenbaugh, 119 Neb. 698, 230 N.W. 688 (1930).

Injury was result of accident. Manning v. Pomerene, 101 Neb. 127, 162 N.W. 492 (1917).

2. Injury and personal injuries

Under the definition of occupational disease, the unique condition of the employment must result in a hazard which distinguishes it in character from employment generally. Risor v. Nebraska Boiler, 277 Neb. 679, 765 N.W.2d 170 (2009).

A worker becomes disabled, and thus injured, from an occupational disease at the point in time when a permanent medical impairment or medically assessed work restrictions result in labor market access loss. Ludwick v. TriWest Healthcare Alliance, 267 Neb. 887, 678 N.W.2d 517 (2004).

An exertion-or stress-caused heart injury to which the claimant’s preexisting heart disease or condition contributes is compensable only if the claimant shows that the exertion or stress encountered during employment is greater than that experienced during the ordinary nonemployment life of the employee or any other person. While legal cause is established by satisfying the “stress greater than nonemployment life” test, a claimant must still demonstrate medical causation. If it is claimed that an injury was the result of stress or exertion in the employment, medical causation is established by showing by the preponderance of the evidence that the employment contributed in some material and substantial degree to cause the injury. Leitz v. Roberts Dairy, 237 Neb. 235, 465 N.W.2d 601 (1991).

The terms “injury” and “personal injuries” do not include disability or death due to natural causes but occurring while the employee is at work, nor an injury, disability, or death that is the result of a natural progression of any preexisting condition. Christman v. Greyhound Bus Lines, Inc., 208 Neb. 6, 301 N.W.2d 585 (1981).

Personal injury does not include disability or death from natural causes or the result of a natural progression of a

Plaintiff did not sustain burden of proof that perforated ulcer was in fact caused by the employment. Cook v. Christiansen Sand & Gravel Co., 183 Neb. 602, 163 N.W.2d 105 (1968).

Where plaintiff failed to show objective symptoms of an injury, compensation was properly denied. Skalak v. County of Seward, 174 Neb. 659, 119 N.W.2d 43 (1963).

Hernia resulting from ordinary lifting was not compensable. Foster v. Atlas Lumber Co., 155 Neb. 129, 50 N.W.2d 637 (1952).

Where there is a lack of evidence of violence to the physical structure of the body, an award of compensation will not be sustained. Moook v. City of Lincoln, 143 Neb. 254, 9 N.W.2d 114 (1943).

Plaintiff failed to establish that inhaling of sewer gas was cause of pneumonia which afflicted deceased. Kaffenberger v. Iseron, 142 Neb. 257, 24 N.W.2d 927 (1947).

Claim under Workmen’s Compensation Act is not sustainable unless accomplished by violence to the physical structure of the body of the claimant. Bekelski v. Neal Co., 141 Neb. 657, 4 N.W.2d 741 (1942).

Where a public employee of a city suffered serious accidental injury to back of his head which lowered his resistance to infection so that a few days thereafter he died of lobar pneumonia, his death followed the accident with reasonable certainty. Hendershot v. City of Lincoln, 136 Neb. 606, 286 N.W. 909 (1936).

The disease of echinococcosis is not an occupational disease incident to the employment of a beef washer, and question of whether it could be incurred as the result of accident was not determined. Russo v. Swift & Co., 136 Neb. 406, 286 N.W. 291 (1939).

Evidence failed to establish that claimant contracted eczema while telephone operator from use of unsterilized headset. McCall v. Hamilton County Farmers Telephone Assn., 135 Neb. 70, 280 N.W. 254 (1938).

Term injury does not include occupational or infectious disease contracted during course of employment. Park v. School District No. 27, Richardson Cty., 127 Neb. 767, 257 N.W. 219 (1934).

The terms injury and personal injuries mean violence to the physical structure of the body and such disease or infection as may naturally result therefrom. Greescz v. Farmers Union Ele- vator Co., 123 Neb. 755, 243 N.W. 898 (1932).

Under the Nebraska Workers’ Compensation Act, an injury has occurred as a result of an occupational disease when violence has been done to the physical structure of the body and a disability has resulted. Moyer v. International Paper Co., 25 Neb. App. 282, 905 N.W.2d 87 (2017).

3. Arising out of and in course of employment

Under subsection (2) of this section, to sustain an award in a workers’ compensation case involving a preexisting disease or condition, a claimant must prove that the injury which is the basis for the claim arose out of and in the course of the employment and that the preexisting disease or condition combined with the work-related injury to produce disability, or that the work-related injury aggravated, accelerated, or inflamed the preexisting condition. Tarvin v. Mutual of Omaha Ins. Co., 238 Neb. 851, 472 N.W.2d 727 (1991).

Under subsection (2) of this section, an enhanced degree of proof, establishing a cause-and-effect relationship between a work-related injury and consequent disability, is not among claimant’s burdens for obtaining an award of compensation. Clobes v. Nebraska Boxed Beef, 238 Neb. 612, 472 N.W.2d 893 (1991).

There is no presumption from the mere occurrence of an unexpected or unforeseen injury that the injury was in fact caused by employment. Gilbert v. Sioux City Foundry, 228 Neb. 379, 422 N.W.2d 367 (1988).

Under subsection (4) of this section, a disability that is due to natural causes is not compensable under the workers’ compensation law. This is true even though the disability occurs while the employee is at work. But, if there is a preexisting occupational disease, then the employer is liable, but only for the degree of aggravation of the preexisting occupational disease. Gilbert v. Sioux City Foundry, 228 Neb. 379, 422 N.W.2d 367 (1988).

Evidence indicating that carpal tunnel syndrome was manifested according to the natural course of such matters and that it was caused by the repeated squeezing of a crimping device required by the employment was sufficient to support the award made by the compensation court. Erving v. Tri-Con Industries, 210 Neb. 339, 314 N.W.2d 253 (1982).

The compensation act extends to and covers workmen only while engaged in, on, or about the premises where their duties are being performed, or where their service requires their presence as a part of such service at the time of injury, and during the hours of service of such workmen. Rowan v. University of Nebraska, 207 Neb. 588, 299 N.W.2d 774 (1980).

Plaintiff’s husband died of a heart attack while working but death did not arise out of the employment and, therefore, the Workmen’s Compensation Court was correct in refusing compensation. Sellens v. Allen Products Co., Inc., 206 Neb. 506, 293 N.W.2d 415 (1980).

An employee who suffered back pain approximately one-half hour after doing heavy lifting suffered an injury arising out of and in the course of her employment and is entitled to workmen’s compensation. Disability is defined in terms of employability and earning capacity rather than bodily function. Thus, one who is in constant pain, unable to lift anything, and whose condition is aggravated by prolonged sitting or standing may be totally disabled. Wolfe v. American Community Stores, 205 Neb. 763, 290 N.W.2d 195 (1980).

Proof of gradual development of neckache while at work did not meet requirement that claimant prove disability was an accident or that it was caused by his employment. Eliker v. D.H. Merritt & Sons, 195 Neb. 154, 237 N.W.2d 130 (1975).

An injury, to be the basis of a cause of action under the Workmen’s Compensation Act, must be caused by an accident arising out of and in the course of the employment. Reis v. Douglas County Hospital, 193 Neb. 542, 227 N.W.2d 879 (1975).

Injury to plaintiff resulting from donation of blood to Red Cross did not arise out of nor in course of employment although employer gave employees time off without loss of pay to participate in program. Mauzer v. Douglas & Lomasone Co., 192 Neb. 421, 222 N.W.2d 119 (1974).

Under the Workmen’s Compensation Act, recreational or social activities are within the course of employment when the employer derives substantial direct benefit from the activity beyond the intangible value of improvement in employee health and morale that is common to all kinds of recreation and social life. Adler v. Jerrycr Motors, Inc., 187 Neb. 757, 193 N.W.2d 757 (1972).

Where employee, at time of accident, was not on premises of employer or where service for employer required him to be, and accident did not occur during the hours of service, recovery could not be had under act. Neuhls v. Mahoney, 147 Neb. 626, 24 N.W.2d 558 (1946).

Workmen's Compensation Act extends to and covers only workmen while working on premises where their duties are to be performed, or where their service requires their presence at the time of the injury. Luke v. St. Paul Mercury Indemnity Co., 140 Neb. 557, 300 N.W. 577 (1941).

Workmen who, on their own initiative, leave their line of duty for purposes of their own are not protected by Workmen's Compensation Act. Burlage v. Lifebure Corporation, 137 Neb. 671, 291 N.W. 100 (1940).

Where an employee breaks the continuity of his employment and is injured before he brings himself back into the line of his employment, the injury does not arise out of and in the course of his employment. Bell v. Denton, 136 Neb. 23, 284 N.W. 751 (1939).

If employee is injured while using a dangerous instrument without permission of its owner, for a purpose for which it was not designed, outside of place of his employment, the owner is not liable therefore, unless instrument was used with the acquiescence, or at least the knowledge, of the employer. Albers v. Kipp, 130 Neb. 46, 263 N.W. 593 (1935).

An injury caused by slipping on ice on the public sidewalk in front of employer's store at noon hour, when employee was leaving for lunch and for a personal errand, does not arise out of and in course of employment. De Porte v. State Furniture Co., 129 Neb. 282, 261 N.W. 419 (1935).

Where employee abandons his job and takes another and while going to get his tools from old job is killed, recovery cannot be had from former employer where he was under no obligation in connection with return of tools. Hammond v. Kear, 128 Neb. 310, 258 N.W. 478 (1935).

Compensable injury can only arise while workman is engaged in or about premises where his duties are being performed, or where they require his presence. Kirkpatrick v. Chocolate Sales Corporation, 127 Neb. 604, 256 N.W. 89 (1934); Hall v. Austin Western Road Machinery Co., 125 Neb. 390, 250 N.W. 258 (1933).

Where employee was killed accidentally while engaged in aiding fellow workman who was accomplishing private purpose, injury did not arise out of employment. Bergantzel v. Union Transfer Co., 124 Neb. 200, 245 N.W. 593 (1932).

Injury to employee while going to work is not compensable hereunder. Siedlik v. Swift & Co., 122 Neb. 99, 239 N.W. 466 (1931).

Where truck driver was injured when repairing truck during afternoon when not reporting to work, he was not entitled to compensation since accident did not arise in course of his employment. Pappas v. Vait Construction Co., 121 Neb. 766, 238 N.W. 531 (1931).

Where workman engaged in dragging roads for county was injured by horse while caring for it during noon hour, accident arose out of and in course of employment and was compensable hereunder. Spears v. Boone County, 119 Neb. 58, 227 N.W. 87 (1929).

Where the actual fracture of an employee's hip occurred outside the scope of employment but the final displacement of the fracture occurred on her employer's premises, there was no injury that "arose out of" employment and no evidence that an employment risk caused the hip fracture to displace. Carter v. Becton-Dickinson, 8 Neb. App. 900, 603 N.W.2d 469 (1999).

4. Reckless indifference to safety

Reckless indifference to safety as used in statute means more than ordinary want of care, and implies a rash and reckless spirit approximating wantonness in a degree, and a willingness to take a chance. Richards v. Abts, 135 Neb. 347, 281 N.W. 611 (1938).

Reckless indifference to safety means more than want of ordinary care, implies rash and careless spirit, approximating but not necessarily wantonness. Farmers Grain & Supply Co. v. Blanchard, 104 Neb. 637, 178 N.W. 257 (1920).

5. Willful negligence

Absent extraordinary circumstances, such as when the evidence shows that the suicide was nonvoluntary, suicide constitutes willful negligence under this section. Eddy v. Builders Supply Co., 304 Neb. 804, 937 N.W.2d 198 (2020).

The fact that an employee knew he was committing suicide will not, in all cases, constitute willful negligence. Friedeman v. State, 215 Neb. 413, 339 N.W.2d 67 (1983).

Willful negligence means deliberate act and implies conduct evidencing reckless indifference to safety. Schroeder v. Sharp, 153 Neb. 73, 43 N.W.2d 572 (1950).

Whether plaintiff employee’s conduct evidenced willful negligence, while probable, was not decided because accident was not in course of employment. Feda v. Cudahy Packing Co., 102 Neb. 110, 166 N.W. 190 (1919).

A “deliberate act” as referenced in subdivision (7) of this section refers to an employee’s deliberate injury of himself or herself. Spaulding v. Alliant Foodservice, 13 Neb. App. 99, 689 N.W.2d 593 (2004).

Pursuant to subdivision (7) of this section, an employee’s violation of an employer’s safety rule must be intentional in order for that employee to be held willfully negligent. Spaulding v. Alliant Foodservice, 13 Neb. App. 99, 689 N.W.2d 593 (2004).

6. Miscellaneous

A job transfer can constitute a discontinuance of work that establishes the date of injury resulting from an accident under the Nebraska Workers’ Compensation Act. Risor v. Nebraska Boiler, 277 Neb. 679, 765 N.W.2d 170 (2009).

An employee establishes an identifiable point in time when a repetitive trauma injury occurs if the employee stops work and seeks medical treatment. The law does not establish a minimum time that an employee must continue work for medical treatment to be eligible for benefits. The length of time is not the controlling factor. Risor v. Nebraska Boiler, 277 Neb. 679, 765 N.W.2d 170 (2009).

Pursuant to subsection (2) of this section, the law does not establish a minimum amount of time which must be wasted from work for medical treatment in order for an employee to be eligible for workers’ compensation benefits. The law requires only that the employee stop work and seek medical treatment. Vonderschmidt v. Sour-Gro and Tri-State Ins. Co. of Minnesota, 262 Neb. 551, 635 N.W.2d 405 (2001).

The terms “trade,” “occupation,” “process,” or “employment” used in subsection (3) of this section refer not to the specific employer of the injured employee, but, rather, to employers as a whole in a particular occupation. Berggren v. Grand Island Accessories, 249 Neb. 789, 545 N.W.2d 727 (1996).

A disease aggravated by conditions characteristic of and peculiar to a particular employment is compensable. A preexisting disease and an aggravation of that disease may combine to produce a compensable injury. The preexisting disease need not be occupational. Miller v. Goodyear Tire & Rubber Co., 239 Neb. 1014, 480 N.W.2d 162 (1992).

Under subsection (4) of this section, an employee may recover for a new injury or aggravation of an injury resulting from medical or surgical treatment if an intervening independent cause does not break the chain of causation between the employee’s original injury and the new or aggravated injury. Roan Eagle v. State, 237 Neb. 961, 468 N.W.2d 382 (1991).

This court has expressly disapproved of language in previous opinions which imposed an enhanced degree of proof by an employee with a preexisting disability or condition who is prosecuting a claim under the Nebraska Workers’ Compensation Act. For an award based on disability, a claimant need only establish by a preponderance of the evidence that the employment proximately caused an injury which resulted in compensable disability. Gray v. Fuel Economy Contracting Co., 236 Neb. 937, 464 N.W.2d 366 (1991).

Pursuant to subsection (2) of this section, a claimant is entitled to an award for a work-related injury and disability if the claimant shows, by a preponderance of the evidence, that the claimant sustained an injury and disability proximately caused by an accident which arose out of and in the course of the claimant’s employment, even though a preexisting disability or condition has combined with the present work-related injury to produce the disability; there is no enhanced degree of proof required for claimants in cases where preexisting conditions combined with a work-related injury to produce a disability. Heiliger v. Walters & Heiliger Electric, Inc., 236 Neb. 459, 461 N.W.2d 565 (1990).

Under subdivision (2) of this section, medical expert testimony is required to show that a work-related dislocated shoulder combined with a preexisting recurrent shoulder problem to cause a plaintiff’s need for surgery to correct the preexisting condition. Kingslan v. Jensen Tire Co., 227 Neb. 294, 417 N.W.2d 164 (1987).

While the act of suicide may be an independent intervening cause in some cases, it is certainly not so in those cases where the uncontrollable evidence shows that, without the injury, there would have been no suicide; that the suicide was merely an act intervening between the injury and the death and part of an unbroken chain of events from the injury to the death. Friedeman v. State, 215 Neb. 413, 339 N.W.2d 67 (1983).

The requirement that objective symptoms be produced “at the time” of the accident is satisfied if they appear in natural course without any intervening cause, and need not be observed by anyone but claimant. Salinas v. Cyprus Industrial Minerals Co., 197 Neb. 198, 247 N.W.2d 451 (1976).

A workmen’s compensation claimant with atherosclerosis, which is a personal risk, has the burden of showing, unaided by presumptions, that an employment risk greater than that attributable to ordinary nonemployment life was a cause of his injury. Conn v. ITL, Inc., 187 Neb. 112, 187 N.W.2d 641 (1971).

Without evidence as to the cause of death, there is no presumption that the death arose out of and in the course of employment. Hannon v. J. L. Brandeis & Sons, Inc., 186 Neb. 122, 181 N.W.2d 253 (1970).

Evidence sufficient to show that loss of eye was traceable to accidental injury. Yost v. City of Lincoln, 184 Neb. 263, 166 N.W.2d 595 (1969).

Legislative change of definition of accident in this section from event to injury discussed. Williams v. Dobberstein, 182 Neb. 862, 157 N.W.2d 778 (1968).

Objective symptoms of an injury are those which may be observed by others. Schoenrock v. School Dist. of Nebraska City, 179 Neb. 621, 139 N.W.2d 547 (1967).

An occupational disease is a disease which is due to causes and conditions characteristic and peculiar to the employment. Ritter v. Hawkins-Security Ins. Co., 178 Neb. 792, 135 N.W.2d 470 (1965).

The aggravation of an employee’s existing physical condition by an occupational hazard which is characteristic and peculiar to the employment is compensable. Riggs v. Gooch Milling & Elevator Co., 173 Neb. 70, 112 N.W.2d 531 (1961).

When accident to eye results after week or more in diseased condition, injury occurred when diseased condition culminated. Johansen v. Union Stock Yards Co., 99 Neb. 328, 156 N.W. 511 (1916).
48-152 Nebraska Workers’ Compensation Court; creation; jurisdiction; judges; selected or retained in office.

Recognizing that (1) industrial relations between employers and employees within the State of Nebraska are affected with a vital public interest, (2) an impartial and efficient administration of the Nebraska Workers’ Compensation Act is essential to the prosperity and well-being of the state, and (3) suitable laws should be enacted for the establishing and for the preservation of such an administration of the Nebraska Workers’ Compensation Act, there is hereby created, pursuant to the provisions of Article V, section 1, of the Nebraska Constitution, a court, consisting of seven judges, to be selected or retained in office in accordance with the provisions of Article V, section 21, of the Nebraska Constitution and to be known as the Nebraska Workers’ Compensation Court, which court shall have authority to administer and enforce all of the provisions of the Nebraska Workers’ Compensation Act, and any amendments thereof, except such as are committed to the courts of appellate jurisdiction or as otherwise provided by law.

Wrongful discharge in relation to filing a workers’ compensation claim does not fall under the compensation court’s exclusive jurisdiction over accidents arising out of and in the course of employment. Bower v. Eaton Corp., 301 Neb. 311, 918 N.W.2d 249 (2018).

Under this section, the Workers’ Compensation Court can resolve only disputes between employers and employees that arise from the provisions of the Nebraska Workers’ Compensation Act; hence, because the act does not confer jurisdiction on the Workers’ Compensation Court to hear personal injury suits against nonemployers, the Workers’ Compensation Court does not have jurisdiction to resolve subrogation disputes between employers and employees stemming from funds recovered in a personal injury suit against a nonemployer. Miller v. M.F.S. York/Stormor, 257 Neb. 100, 595 N.W.2d 878 (1999).

A workers’ compensation award cannot be based on mere possibility or speculation, and if an inference favorable to the plaintiff can only be reached on the basis thereof, he or she cannot recover. Gray v. Fuel Economy Contracting Co., 236 Neb. 937, 464 N.W.2d 366 (1991).

The right of either party to refuse to accept the findings, order, award, or judgment of a compensation commissioner and to secure a rehearing or retrial before the compensation court is paramount to and exclusive of the right of appeal from such original decision to the district court. City of Lincoln v. Nebraska Workmen’s Compensation Court, 133 Neb. 225, 274 N.W. 576 (1937).

Compensation court act is a complete and independent act in itself and, as such, modifies or amends existing statutes without violating constitutional provision relating to amendments. Scott v. Dohrse, 130 Neb. 847, 266 N.W. 709 (1936).

48-152.01 Nebraska Workers’ Compensation Court; judges; judicial nominating commission; selection.

The members of the judicial nominating commission for the Nebraska Workers’ Compensation Court shall be selected on a statewide basis as provided in section 24-803.

48-153 Judges; number; term; qualifications; continuance in office; prohibition on holding other office or pursuing other occupation.

The Nebraska Workers’ Compensation Court shall consist of seven judges. Judges holding office on August 30, 1981, shall continue in office until expira-
tion of their respective terms of office and thereafter for an additional term which shall expire on the first Thursday after the first Tuesday in January immediately following the first general election at which they are retained in office after August 30, 1981. Judge of the Nebraska Workers’ Compensation Court shall include any person appointed to the office of judge of the Nebraska Workmen’s Compensation Court prior to July 17, 1986, pursuant to Article V, section 21, of the Nebraska Constitution. Any person serving as a judge of the Nebraska Workmen’s Compensation Court immediately prior to July 17, 1986, shall be a judge of the Nebraska Workers’ Compensation Court. The right of judges of the compensation court to continue in office shall be determined in the manner provided in sections 24-813 to 24-818, and the terms of office thereafter shall be for six years beginning on the first Thursday after the first Tuesday in January immediately following their retention at such election. In case of a vacancy occurring in the Nebraska Workers’ Compensation Court, the same shall be filled in accordance with the provisions of Article V, section 21, of the Nebraska Constitution and the right of any judge so appointed to continue in office shall be determined in the manner provided in sections 24-813 to 24-818. All such judges shall hold office until their successors are appointed and qualified, or until death, voluntary resignation, or removal for cause. No judge of the compensation court shall, during his or her tenure in office as judge, hold any other office or position of profit, pursue any other business or avocation inconsistent or which interferes with his or her duties as such judge, or serve on or under any committee of any political party.

48-153.01 Nebraska Workers’ Compensation Court judge; eligibility.

No person shall be eligible for the office of judge of the Nebraska Workers’ Compensation Court unless he or she:

(1) Is at least thirty years of age;

(2) Is a citizen of the United States;

(3) Has been engaged in the practice of law in the State of Nebraska for at least five years, which may include prior service as a judge;

(4) Is currently admitted to practice before the Nebraska Supreme Court; and

(5) Is a resident of the State of Nebraska, and remains a resident of such state during the period of service.

This section shall not apply to a person serving as a judge of the Nebraska Workmen’s Compensation Court on August 24, 1979, who continues to serve as a judge of the Nebraska Workmen’s Compensation Court after August 24, 1979, and prior to July 17, 1986, and who continues to serve as a judge of the Nebraska Workers’ Compensation Court on and after July 17, 1986.

§ 48-154 Judges; removal; grounds.

Any judge of the Nebraska Workers' Compensation Court may be removed in the same manner and for the same causes as a judge of the district court may be removed.

§ 48-155 Presiding judge; how chosen; term; powers and duties; acting presiding judge; selection; powers.

The judges of the Nebraska Workers' Compensation Court shall, on July 1 of every odd-numbered year by a majority vote, select one of their number as presiding judge for the next two years, subject to approval of the Supreme Court. The presiding judge may designate one of the other judges to act as presiding judge in his or her stead whenever necessary during the disqualification, disability, or absence of the presiding judge. The presiding judge shall rule on all matters submitted to the compensation court except those arising in the course of hearings or as otherwise provided by law, assign or direct the assignment of the work of the compensation court to the several judges, clerk, and employees who support the judicial proceedings of the compensation court, preside at such meetings of the judges of the compensation court as may be necessary, and perform such other supervisory duties as the needs of the compensation court may require. During the disqualification, disability, or absence of the presiding judge, the acting presiding judge shall exercise all of the powers of the presiding judge.

§ 48-155.01 Judges; appointment of acting judge; compensation.

(1) The Governor may, by single order, appoint a qualified person meeting the eligibility requirements of section 48-153.01 to serve as acting judge of the Nebraska Workers' Compensation Court. Such appointment shall be for a period of two years. In determining whether a person is qualified to serve as acting judge of the compensation court, the Governor shall consider the person's knowledge of the law, experience in the legal system, intellect, capacity for fairness, probity, temperament, and industry. The acting judge shall be subject to call by the presiding judge of the compensation court, who may assign the acting judge to temporary duty in order to (a) sit in the compensation court to relieve a congested docket of the court or to prevent the docket from becoming congested or (b) sit for a judge of the court who may be incapacitated or absent for any reason. An acting judge appointed and assigned pursuant to this section shall possess the same powers and be subject to the duties, restrictions, and liabilities as are prescribed by law respecting judges of the compensation court, except that an acting judge is not prohibited from practicing law as provided in section 7-111.

(2) The acting judge shall receive for each day of temporary duty an amount equal to one-twentieth of the monthly salary he or she would receive if he or she were a regularly appointed judge of the compensation court and shall be
reimbursed for his or her expenses while on temporary duty at the same rate as provided in sections 81-1174 to 81-1177. Within fifteen days following completion of a temporary duty assignment, the acting judge shall submit to the presiding judge of the compensation court a request for payment or reimbursement for services rendered and expenses incurred during such temporary duty assignment. Upon receipt of such request, the presiding judge shall endorse on the request that the services were performed and expenses incurred pursuant to an assignment of the presiding judge of the compensation court and file such request with the proper authority for payment.

(3) The acting judge shall not pay into the Nebraska Retirement Fund for Judges nor be eligible for retirement benefits under the Judges Retirement Act.

48-156 Judges; quorum; powers.

A majority of the judges of the Nebraska Workers' Compensation Court shall constitute a quorum to adopt rules and regulations, as provided in sections 48-163 and 48-164, to transact business, except when the statute or a rule adopted by the compensation court permits one judge thereof to act. The act or decision of a majority of the judges constituting such quorum shall in all such cases be deemed the act or decision of the compensation court, except that a majority vote of all the judges shall be required to adopt rules and regulations.

The plain and ordinary meaning of the quorum requirement of this section is that review of a disputed claim must be conducted by no less than three judges of the Workers’ Compensation Court. Hagelstein v. Swift-Eckrich Div. of ConAgra, 257 Neb. 312, 597 N.W.2d 394 (1999).

Absent statutory disqualification, bias, or other cause shown, it is not prejudicial for the one judge of the Workers’ Compensation Court to serve as one of the judges of that court on rehearing. Schademann v. Casey, 194 Neb. 149, 231 N.W.2d 116 (1975).

A majority of the court as a quorum is empowered to transact business. City of Lincoln v. Nebraska Workmen’s Compensation Court, 133 Neb. 225, 274 N.W. 576 (1937).

48-157 Clerk; administrator; appointment; duties.

(1) The presiding judge of the Nebraska Workers’ Compensation Court shall appoint a clerk of the compensation court and such employees as the compensation court deems necessary to support the judicial proceedings of the compensation court, subject to approval of the compensation court. The clerk and employees supporting the judicial proceedings of the compensation court shall serve at the pleasure of the compensation court and shall perform such duties pertaining to the affairs of the court as the compensation court may prescribe or as otherwise provided by law.

(2) The presiding judge shall, subject to approval of the compensation court, appoint an administrator of the compensation court, who shall be the chief administrative officer of the compensation court. The administrator shall serve at the pleasure of the compensation court and shall perform such duties...
pertaining to affairs of the compensation court as the presiding judge may prescribe or as otherwise provided by law. The administrator shall appoint such other employees as the administrator deems necessary to carry out the duties of the administrator, subject to approval of the presiding judge. Employees appointed by the administrator shall serve at the pleasure of the administrator and shall perform such duties as the administrator may prescribe.

(3) The clerk shall, under the direction of the presiding judge, keep a full and true record of the judicial proceedings of the compensation court, record all pleadings and other documents filed with the compensation court, and issue all necessary notices and writs. No action shall be taken on any pleading or other document filed with the compensation court until the same has been recorded by the clerk. At the time a petition or motion is filed the clerk shall, on a rotating basis, assign one of the judges of the compensation court to hear the cause.

(4) The clerk may, under the direction of the presiding judge, make or cause to be made preservation duplicates of any record relating to the judicial proceedings of the compensation court. The original record may be destroyed, but only with the approval of the State Records Administrator pursuant to the Records Management Act. The reproduction of the preservation duplicates shall be admissible as evidence in any court of record in the State of Nebraska and, when duly certified, shall be evidence of equal credibility with the original record.

(5) Notices of hearings, notices of continuances, and summonses may be destroyed without preparing preservation duplicates after a record of their issuance has been made in the docket book. A reproduction of the page of the docket book or of the preservation duplicate of the page of the docket book showing such record and, in the case of summonses, showing issuance or return of the summons, when duly certified, shall be evidence of equal credibility with the original notice or summons. Correspondence, exhibits, and other documents relating to the judicial proceedings of the compensation court which the clerk deems to be irrelevant, unimportant, or superfluous may be destroyed without preparing preservation duplicates.

§ 48-158 Judges; administrator; clerk; bond or insurance; oath.

Each of the judges of the Nebraska Workers’ Compensation Court, the administrator of the compensation court, and the clerk of the compensation court shall, before entering upon or discharging any of the duties of his or her office, be bonded or insured as required by section 11-201 and such judges,
administrator, and clerk shall, before entering upon the duties of their offices, take and subscribe the statutory oath of office.

### 48-159 Nebraska Workers’ Compensation Court; judges; employees; salary; expenses.

(1) As soon as the same may be legally paid under the Constitution of Nebraska, each judge of the Nebraska Workers’ Compensation Court shall receive an annual salary of ninety-two and one-half percent of the salary set for the Chief Justice and judges of the Supreme Court, payable in the same manner as the salaries of other state officers are paid. The administrator, the clerk, and all other employees of the compensation court shall receive such salaries as the compensation court shall determine, but not to exceed the amount of the appropriation made by the Legislature for such purpose. Such salaries shall be payable in the same manner as the salaries of other state employees are paid. The administrator, clerk, and other employees of the compensation court shall not receive any other salary or pay for their services from any other source.

1. Jurisdiction
2. Miscellaneous

1. Jurisdiction

A contractual dispute over private agreements for disability coverage that is not workers’ compensation coverage is not ancillary to the Workers’ Compensation Court’s primary jurisdiction. Bower v. Eaton Corp., 301 Neb. 311, 918 N.W.2d 249 (2018).

Ancillary jurisdiction does not include the power to enforce an award. Burnham v. Pacesetter Corp., 280 Neb. 707, 789 N.W.2d 913 (2010).

Ancillary jurisdiction is the power of a court to adjudicate and determine matters incidental to the exercise of its primary jurisdiction of an action. Midwest PMS v. Olsen, 279 Neb. 492, 778 N.W.2d 727 (2010).

The final resolution of an employee’s right to workers’ compensation benefits does not preclude an issue from being ancillary to the resolution of the employee’s right to benefits within the meaning of this section. Midwest PMS v. Olsen, 279 Neb. 492, 778 N.W.2d 727 (2010).

While, under this section, the compensation court may determine the existence of insurance, such jurisdiction is not exclusive and such a determination is not mandatory. Risor v. Nebraska Boiler, 274 Neb. 906, 744 N.W.2d 693 (2008).

This section provides the Workers’ Compensation Court with jurisdiction to determine insurance disputes in workers’ compensation claims, including the existence of coverage and the extent of an insurer’s liability. According to the terms of this section, that jurisdiction is not exclusive, however, and the district court may also exercise its inherent jurisdiction for these purposes. Schweitzer v. American Nat. Red Cross, 256 Neb. 350, 591 N.W.2d 524 (1999).

Although the Workers’ Compensation Court has jurisdiction to decide ancillary matters to a workers’ compensation claim, an award of attorney fees for the creation of a common fund is not within such ancillary jurisdiction when the entity from which such fees are sought is not a party to the case. Heesch v. Swimtastic Swim School, 20 Neb. App. 260, 823 N.W.2d 211 (2012).

Even though this section vests the Nebraska Workers’ Compensation Court with jurisdiction to decide issues ancillary to an employee’s right to workers’ compensation benefits, such jurisdiction is not exclusive and a district court has jurisdiction to hear a declaratory judgment action regarding a workers’ compensation insurance policy coverage dispute. Kruid v. Farm Bureau Mut. Ins. Co., 17 Neb. App. 687, 770 N.W.2d 652 (2009).

Although, as a statutorily created court, the Workers’ Compensation Court is a tribunal of limited and special jurisdiction and has only such authority as has been conferred on it by statute, under this section, the compensation court has jurisdiction to decide any issue ancillary to the resolution of an employee’s right to workers’ compensation benefits. Nerison v. National Fire Ins. Co. of Hartford, 17 Neb. App. 161, 757 N.W.2d 21 (2008).

City of Lincoln v. Nebraska Workmen’s Compensation Court, 133 Neb. 225, 274 N.W. 576 (1937).

48-162 Compensation court; duties; powers.

(1) The Nebraska Workers’ Compensation Court, or any judge thereof, is authorized and empowered to examine under oath or otherwise any person, employee, employer, agent, superintendent, supervisor, or officer of any partnership, limited liability company, or corporation, any officer of any domestic insurance company, any agent of any foreign insurance company, or any medical practitioner, to issue subpoenas for the appearance of witnesses and the production of books and papers, to solemnize marriages, and to administer oaths with like effect as is done in other courts of law in this state. In the examination of any witness and in requiring the production of books, papers, and other evidence, the compensation court shall have and exercise all of the powers of a judge, magistrate, or other officer in the taking of depositions or the examination of witnesses, including the power to enforce his or her orders by commitment for refusal to answer or for the disobedience of any such order.

(2) The compensation court or any judge thereof may, upon the motion of either party or upon its or his or her own motion, require the production of any books, documents, payrolls, medical reports, X-rays, photographs, or plates or any facts or matters which may be necessary to assist in a determination of the rights of either party in any matter pending before the compensation court or any judge thereof.

(3) The compensation court or any judge thereof may expedite the hearing of a disputed case when there is an emergency.

48-162.01 Employees; rehabilitation services; directory of service providers, counselors, and specialists; vocational rehabilitation plan; priorities; Attorney General; duties; compensation court; powers; duties.

(1) One of the primary purposes of the Nebraska Workers’ Compensation Act is restoration of the injured employee to gainful employment. To this end the
§ 48-162.01  LABOR

Nebraska Workers’ Compensation Court may employ one or more specialists in vocational rehabilitation. Salaries, other benefits, and administrative expenses incurred by the compensation court for purposes of vocational rehabilitation shall be paid from the Compensation Court Cash Fund.

(2) Vocational rehabilitation specialists employed by the court shall continuously study the problems of vocational rehabilitation and shall maintain a directory of individual service providers, counselors, and specialists which have been approved by the Nebraska Workers’ Compensation Court. The compensation court may approve as qualified such individual service providers, counselors, and specialists as are capable of rendering competent vocational rehabilitation services to injured employees. No individual service provider, counselor, or specialist shall be considered qualified to provide vocational rehabilitation services to injured employees unless he or she has satisfied the standards for certification established by the compensation court and has been certified by the compensation court.

(3) When as a result of the injury an employee is unable to perform suitable work for which he or she has previous training or experience, he or she is entitled to such vocational rehabilitation services, including job placement and training, as may be reasonably necessary to restore him or her to suitable employment. Vocational rehabilitation training costs shall be paid from the Workers’ Compensation Trust Fund. When vocational rehabilitation training requires residence at or near a facility or institution away from the employee’s customary residence, whether within or without this state, the reasonable costs of his or her board, lodging, and travel shall be paid from the Workers’ Compensation Trust Fund.

If entitlement to vocational rehabilitation services is claimed by the employee, the employee and the employer or his or her insurer shall attempt to agree on the choice of a vocational rehabilitation counselor from the directory of vocational rehabilitation counselors established pursuant to subsection (2) of this section. If they are unable to agree on a vocational rehabilitation counselor, the employee or employer or his or her insurer shall notify the compensation court, and a vocational rehabilitation specialist of the compensation court shall select a counselor from the directory of vocational rehabilitation counselors established pursuant to subsection (2) of this section. Only one such vocational rehabilitation counselor may provide vocational rehabilitation services at any one time, and any change in the choice of a vocational rehabilitation counselor shall be approved by a vocational rehabilitation specialist or judge of the compensation court. The vocational rehabilitation counselor so chosen or selected shall evaluate the employee and, if necessary, develop and implement a vocational rehabilitation plan. Any such plan shall be evaluated by a vocational rehabilitation specialist of the compensation court and approved by such specialist or a judge of the compensation court prior to implementation. In evaluating a plan the specialist shall make an independent determination as to whether the proposed plan is likely to result in suitable employment for the injured employee that is consistent with the priorities listed in this subsection. It is a rebuttable presumption that any vocational rehabilitation plan developed by such vocational rehabilitation counselor and approved by a vocational rehabilitation specialist of the compensation court is an appropriate form of vocational rehabilitation. The fee for the evaluation and for the development and implementation of the vocational rehabilitation plan shall be paid by the employer or his or her workers’ compensation insurer. The compensation court
may establish a fee schedule for services rendered by a vocational rehabilitation counselor. Any loss-of-earning-power evaluation performed by a vocational rehabilitation counselor shall be performed by a counselor from the directory established pursuant to subsection (2) of this section and chosen or selected according to the procedures described in this subsection. It is a rebuttable presumption that any opinion expressed as the result of such a loss-of-earning-power evaluation is correct.

The following priorities shall be used in developing and evaluating a vocational rehabilitation plan. No higher priority may be utilized unless all lower priorities have been determined by the vocational rehabilitation counselor and a vocational rehabilitation specialist or judge of the compensation court to be unlikely to result in suitable employment for the injured employee that is consistent with the priorities listed in this subsection. If a lower priority is clearly inappropriate for the employee, the next higher priority shall be utilized. The priorities are, listed in order from lower to higher priority:

(a) Return to the previous job with the same employer;
(b) Modification of the previous job with the same employer;
(c) A new job with the same employer;
(d) A job with a new employer; or
(e) A period of formal training which is designed to lead to employment in another career field.

(4) The compensation court may cooperate on a reciprocal basis with federal and state agencies for vocational rehabilitation services or with any public or private agency.

(5) The Attorney General, when requested by the administrator of the compensation court, may file a motion pursuant to section 48-162.03 regarding any issue related to vocational rehabilitation services or costs pursuant to this section. The Attorney General shall be considered a party for purposes of such motion. The Attorney General may initiate an original action before the compensation court or may intervene in a pending action and become a party to the litigation. Any such motion shall be heard by a judge of the compensation court other than the presiding judge.

(6) An employee who has suffered an injury covered by the Nebraska Workers’ Compensation Act is entitled to prompt physical and medical rehabilitation services. If physical or medical rehabilitation services are not voluntarily offered and accepted, the compensation court or any judge thereof on its or his or her own motion, or upon application of the employee or employer, and after affording the parties an opportunity to be heard by the compensation court or judge thereof, may refer the employee to a facility, institution, physician, or other individual service provider capable of rendering competent physical or medical rehabilitation services for evaluation and report of the practicability of, need for, and kind of service or treatment necessary and appropriate to render him or her fit for a remunerative occupation, and the costs of such evaluation and report involving physical or medical rehabilitation shall be borne by the employer or his or her workers’ compensation insurer. Upon receipt of such report and after affording the parties an opportunity to be heard, the compensation court or judge thereof may order that the physical or medical services and treatment recommended in the report or other necessary physical or
§ 48-162.01
LABOR

medical rehabilitation treatment or service be provided at the expense of the employer or his or her workers’ compensation insurer.

When physical or medical rehabilitation requires residence at or near the facility or institution away from the employee’s customary residence, whether within or without this state, the reasonable costs of his or her board, lodging, and travel shall be paid for by the employer or his or her workers’ compensation insurer in addition to any other benefits payable under the Nebraska Workers’ Compensation Act, including weekly compensation benefits for temporary disability.

(7) If the injured employee without reasonable cause refuses to undertake or fails to cooperate with a physical, medical, or vocational rehabilitation program determined by the compensation court or judge thereof to be suitable for him or her or refuses to be evaluated under subsection (3) or (6) of this section or fails to cooperate in such evaluation, the compensation court or judge thereof may suspend, reduce, or limit the compensation otherwise payable under the Nebraska Workers’ Compensation Act. The compensation court or judge thereof may also modify a previous finding, order, award, or judgment relating to physical, medical, or vocational rehabilitation services as necessary in order to accomplish the goal of restoring the injured employee to gainful and suitable employment, or as otherwise required in the interest of justice.

1. Award of vocational rehabilitation benefits
2. Suitable employment
3. Rebuttable presumption
4. Labor market
5. Powers of court
6. Modification by court
7. Miscellaneous

1. Award of vocational rehabilitation benefits

A vocational rehabilitation plan seeking to place a part-time hourly employee who suffered a permanent impairment in employment where the employee would earn wages similar to those based upon a calculation of average weekly wage under section 48-121(4) would best achieve the goal of restoring the employee to suitable employment. Becerra v. United Parcel Service, 284 Neb. 414, 822 N.W.2d 327 (2012).

In all cases not otherwise provided for by statute or by the Nebraska Evidence Rules, a presumption imposes on the party against whom it is directed the burden of proving that the nonexistence of the presumed fact is more probable than its existence. This rule applies to the rebuttable presumption that an opinion regarding loss of earning capacity expressed by a vocational rehabilitation counselor appointed or selected pursuant to subsection (3) of this section is correct. In determining whether the presumption contained in subsection (3) of this section has been rebutted, the single judge is required to make factual findings. Fraundorfer v. Lindsay Mfg. Co., 263 Neb. 237, 639 N.W.2d 125 (2002).

To hold that a worker can receive vocational rehabilitation benefits absent a finding that the worker is permanently impaired does not amount to a sensible reading of this section. Green v. Drivers Mgmt., Inc., 263 Neb. 197, 639 N.W.2d 94 (2002).

Subsection (3) of this section does not provide for the modification of previous awards; it merely defines a benefit available to a class of injured workers. Dougherty v. Swift-Eckrich, 251 Neb. 333, 557 N.W.2d 31 (1996).

A finding that an employee’s injury is compensable under the Workers’ Compensation Act is required for approval of any vocational rehabilitation plan paid for by the trust fund, though such a finding is not necessarily required for settlements including a program of vocational rehabilitation paid for by the employer or its insurer. Miner v. Robertson Home Furnishing, 239 Neb. 525, 476 N.W.2d 854 (1991).

Vocational rehabilitation may be denied where the injured worker is able to perform work for which the worker has previous training and experience. Cline v. County Seat Lounge, 239 Neb. 42, 473 N.W.2d 404 (1991).

An employee is entitled to vocational rehabilitation benefits when, as the result of a compensable injury, he or she is unable to perform work for which he or she has previous training or experience or when there is a reasonable probability that such rehabilitation will reduce the amount of earning power loss the employee would otherwise suffer. Bindrum v. Foote & Davies, 235 Neb. 903, 457 N.W.2d 828 (1990).

An employee, unless he or she is otherwise qualified to receive temporary total disability benefits, is entitled to such benefits only while undergoing rehabilitation which has been ordered by the compensation court. Bindrum v. Foote & Davies, 235 Neb. 903, 457 N.W.2d 828 (1990).

A plan of direct job placement, when prescribed as the only form of appropriate vocational rehabilitation for an injured employee, is vocational rehabilitation within the meaning of
An award of vocational rehabilitation benefits is permitted when, as the result of a compensable injury, a worker is unable to perform work for which he or she has previous training or experience, or when such rehabilitation will reduce the amount of earning power loss the worker would otherwise suffer. Thom v. Lutheran Medical Center, 226 Neb. 737, 414 N.W.2d 810 (1987).

An award of vocational rehabilitation benefits must be supported by evidence which shows the worker is unable to perform work for which he has previous training and experience. Bender v. Norfolk Iron & Metal Co., 224 Neb. 706, 400 N.W.2d 859 (1987).

A finding that vocational rehabilitation is for the employee’s best interest is a statutory prerequisite to ordering such. Pollock v. Monfort of Colorado, 221 Neb. 859, 381 N.W.2d 154 (1986).

A finding by the Workmen’s Compensation Court of total disability upon the part of a claimant meets the requirements of this section so as to justify the award of vocational rehabilitation services. Heironymus v. Jacobsen Transfer, 215 Neb. 209, 337 N.W.2d 769 (1983).

Subsections (3) and (6) of this section when read together, mean that the statute authorizes vocational rehabilitation training when the employee has suffered a reduction in earning power that may be remedied by such training as well as when the specific requirements of subsection (3) are met. Sidel v. Travelers Ins. Co., 205 Neb. 541, 288 N.W.2d 482 (1980).

When an employee is unable to perform the work for which he has previous training or experience as a result of an injury covered by the Workmen’s Compensation Act, he is entitled to vocational rehabilitation services, including retraining and job placement, as may be reasonably necessary to restore him to suitable employment. Behrens v. Ken Corp., 191 Neb. 625, 216 N.W.2d 733 (1974).

Past performance in a rehabilitation program can be used as a basis to determine whether further vocational rehabilitation should be awarded. An obvious requirement of a plan of vocational rehabilitation is that the injured party cooperate with the program. Mere physical presence in a program does not necessarily establish cooperation. Pursuant to subsection (6) of this section, the Workers’ Compensation Court may suspend, reduce, or limit compensation if a worker refuses to be rehabilitated; however, the court is not required to take that action. Warburton v. V. M & D Construction Co., 1 Neb. App. 498, 498 N.W.2d 611 (1993).

2. Suitable employment

The goal of suitable employment, for purposes of vocational rehabilitation analysis, includes a similar earning capacity for the workers’ compensation claimant. Bower v. Eaton Corp., 301 Neb. 311, 918 N.W.2d 249 (2018).

Although an injured employee ultimately wished to become self-employed growing and selling produce, a vocational rehabilitation plan designed to train the employee for full-time work as a supervisor or manager and geared toward returning the employee to employment paying wages similar to those earned prior to the injury comported with the goal to return an injured employee to suitable employment. Anderson v. EMCOR Group, 298 Neb. 174, 903 N.W.2d 29 (2017).

Suitable employment is employment which is compatible with the employee’s pre-injury occupation, age, education, and aptitude. Anderson v. EMCOR Group, 298 Neb. 174, 903 N.W.2d 29 (2017).

An illegal immigrant’s avowed intent to remain an unauthorized worker in the United States is contrary to the statutory purpose of this section of returning an employee to suitable employment. Ortiz v. Cement Products, 270 Neb. 787, 708 N.W.2d 610 (2005).

Accepting a job paying minimum wage does not automatically “restore” a claimant to “suitable” or “gainful” employment pursuant to this section, where the claimant’s previous employment was at a significantly higher wage. Yager v. Bellco Midwest, 236 Neb. 888, 464 N.W.2d 335 (1991).

3. Reputable presumption

The opinions of a court-appointed vocational rehabilitation expert regarding a workers’ compensation claimant’s vocational rehabilitation and loss of earning power have a rebuttable presumption of validity. Money v. Tyrrell Flowers, 275 Neb. 602, 748 N.W.2d 49 (2008).

Pursuant to subsection (3) of this section, a rebuttable presumption in favor of a court-appointed vocational rehabilitation expert’s opinion in workers’ compensation proceedings can be rebutted by a showing that the experts’ assessment was predicated on principles that are contrary to law. Gibbo v. Certified Transmission Rebuilders, 275 Neb. 369, 746 N.W.2d 362 (2008).

Pursuant to Neb. Evid. R. 301, in all cases not otherwise provided for by statute or by the Nebraska Evidence Rules, a presumption imposes on the party against whom it is directed the burden of proving that the nonexistence of the presumed fact is more probable than its existence. This rule applies to the rebuttable presumption that an opinion regarding loss of earning capacity expressed by a vocational rehabilitation counselor appointed or selected pursuant to this section is correct. Dawes v. Wittrock Sandblasting & Painting, 266 Neb. 526, 667 N.W.2d 167 (2003).

Subsection (3) of this section creates two rebuttable presumptions, the “vocational rehabilitation plan presumption of correctness” and the “loss of earning capacity opinion presumption of correctness”. Pursuant to the plain language of subsection (3) of this section, in order for a vocational rehabilitation plan presumption of correctness to attach, two conjunctive requirements must be met; first, the vocational rehabilitation counselor must develop a vocational rehabilitation “plan”, and second, that plan must be submitted and approved by a vocational rehabilitation specialist of the Workers’ Compensation Court. Where a vocational rehabilitation counselor has declined to evaluate an injured worker’s loss of earning capacity, the vocational rehabilitation counselor has not provided a loss of earning capacity opinion from which to afford a rebuttable presumption of correctness. Rodriguez v. Monfort, Inc., 262 Neb. 800, 635 N.W.2d 439 (2001).

The only opinion regarding vocational rehabilitation or loss of earning power entitled to a rebuttable presumption pursuant to subsection (3) of this section is that of a vocational rehabilitation counselor chosen or selected by the procedures set forth in subsection (3) of this section. The phrase “loss-of-earning-power evaluation” in subsection (3) of this section refers to a process as opposed to a document. This section applies to the rebuttable presumption that an opinion regarding loss of earning capacity expressed by a vocational rehabilitation counselor appointed or selected pursuant to subsection (3) of this section is correct. Variano v. Dial Corp., 256 Neb. 318, 589 N.W.2d 845 (1999).

In determining whether the presumption contained in subsection (3) of this section, that any opinion expressed as the result of a loss-of-earning-power evaluation by a court-appointed vocational rehabilitation counselor is correct, has been rebutted, a single judge of the Workers’ Compensation Court is required to make factual findings. The rebuttable presumption in subsection (3) of this section, that any opinion expressed as the result of a loss-of-earning-power evaluation by a court-appointed vocational rehabilitation counselor is correct, can be rebutted not only by the testimony of another expert, but also by the testimony of the claimant. Romero v. IPP, Inc., 9 Neb. App. 927, 623 N.W.2d 332 (2001).

4. Labor market

If an employer believes a court-appointed vocational expert’s opinion in selecting the relevant geographic area for assessing a claimant’s loss of earning power is incorrect, the employer has the burden to rebut the expert’s opinion by showing there are employment opportunities reasonably available to the claimant in a prospective area. Money v. Tyrrell Flowers, 275 Neb. 602, 748 N.W.2d 49 (2008).
§ 48-162.01 LABOR

In determining whether to include surrounding communities as part of the relevant labor market for assessing the claimant’s loss of earning power, both the court-appointed vocational rehabilitation experts and the trial judge should consider the following factors: (1) availability of transportation, (2) duration of the commute, (3) length of workday the claimant is capable of working, (4) ability of the person to make the commute based on his or her physical condition, (5) economic feasibility of a person in the claimant’s position working in that location, and (6) whether others who live in the claimant’s hub community regularly seek employment in the prospective area. Money v. Tyrrell Flowers, 275 Neb. 602, 748 N.W.2d 49 (2008).

5. Powers of court

Pursuant to subsection (3) of this section, if rehabilitation services are not voluntarily offered and accepted, Second Injury Fund may apply to Workers’ Compensation Court to determine need for vocational rehabilitation. Sherard v. Bed philanth. Mission, Inc., 236 Neb. 900, 464 N.W.2d 343 (1991).

To determine whether findings of fact made by the compensation court support an order granting or denying vocational rehabilitation benefits, the Supreme Court must consider the findings of fact in light of this section. Yager v. Bellico Midwest, 236 Neb. 888, 464 N.W.2d 335 (1991).

The inability of an injured employee to perform work for which he has previous training and experience is ordinarily a question of fact to be determined by the compensation court. Smith v. Hastings Irr. Pipe Co., 222 Neb. 663, 386 N.W.2d 9 (1986).

Whether an injured workman has a right to vocational rehabilitation depends upon his inability to perform work for which he has previous training and experience, and is ordinarily a question of fact to be determined by the compensation court. Evans v. American Community Stores, 222 Neb. 538, 385 N.W.2d 91 (1986).

The Workmen’s Compensation Court may, as a condition of awarding compensation to an injured employee, require the employee, if appropriate, to submit himself for evaluation to determine if the employee may be retrained and thereby gainfully employed in the future. Savage v. Hensel Phelps Constr. Co., 208 Neb. 676, 305 N.W.2d 375 (1981).

In making award for rehabilitation services, the Workmen’s Compensation Court may prescribe procedure for employee to follow if he wants to obtain such services. Camp v. Blount Bros. Corp., 195 Neb. 459, 238 N.W.2d 634 (1976).

Pursuant to subsection (3) of this section, when a vocational rehabilitation counselor submits multiple reports that are determined to be written not because a process of recovery was incomplete from the time a prior report was written, but, rather, because a counselor gives differing opinions each based on a different factual scenario, it is up to the trial court to make factual findings to determine which report should be given the rebuttable presumption of correctness. Ladd v. Complete Concrete, 13 Neb. App. 200, 690 N.W.2d 416 (2004).

Pursuant to subsection (3) of this section, when a vocational rehabilitation counselor submits multiple reports that are determined to be written not because a process of recovery was incomplete from the time a prior report was written, but, rather, because a counselor gives differing opinions each based on a different factual scenario, it is up to the trial court to make factual findings to determine which report should be given the rebuttable presumption of correctness. Noordam v. Vickers, Inc., 11 Neb. App. 739, 659 N.W.2d 856 (2003).

The Workers’ Compensation Court’s determination that the employee was entitled to language rehabilitation services as recommended by the rehabilitation specialist was not clearly erroneous. Paz v. Monfort, Inc., 1 Neb. App. 267, 492 N.W.2d 894 (1992).

6. Modification by court

Subsection (7) of this section cannot be used solely to punish or coerce an injured worker. There must be evidence to support a finding that the worker’s disability would have been reduced had the worker cooperated with medical treatment or vocational rehabilitation. Hofferber v. Hastings Utilities, 282 Neb. 215, 803 N.W.2d 1 (2011).

Subsection (7) of this section is intended to permit the compensation court to modify rehabilitation plans in response to changed circumstances following the entry of the initial plan. It does not apply to situations in which a worker has refused to cooperate with treatment or rehabilitation. Hofferber v. Hastings Utilities, 282 Neb. 215, 803 N.W.2d 1 (2011).

Both parts of the two-part test in subsection (7) of this section present factual questions to be determined by the trial judge based upon the evidence. Lowe v. Drivers Mgmt. Inc., 274 Neb. 732, 743 N.W.2d 82 (2007).

Subsection (7) of this section establishes a two-part test to determine whether benefits should be suspended, reduced, or limited. First, the employee must either refuse to undertake or fail to cooperate with a court-ordered physical, medical, or vocational rehabilitation program. Second, the employee’s refusal must be without reasonable cause. Lowe v. Drivers Mgmt. Inc., 274 Neb. 732, 743 N.W.2d 82 (2007).

Under the provisions of subsection (7) of this section, the employer bears the burden of proof to demonstrate that an injured employee has refused to undertake or failed to cooperate with a physical, medical, or vocational rehabilitation program and that such refusal or failure is without reasonable cause such that the compensation court or judge may properly rely on such evidence to suspend, reduce, or limit the compensation otherwise payable under the Nebraska Workers’ Compensation Act. Lowe v. Drivers Mgmt. Inc., 274 Neb. 732, 743 N.W.2d 82 (2007).

The plain language of the last sentence of subsection (7) of this section contemplates a modification of services previously granted and does not provide for a modification of a final order to grant entirely new services or benefits. McKay v. Hershey Food Corp., 16 Neb. App. 79, 740 N.W.2d 378 (2007).

7. Miscellaneous

An employee’s willingness to undergo evaluation and testing by a state agency is evidence that the employee is amenable to any rehabilitation, training, or educational program determined by the compensation court. Wulfhlu v. Omaha Box Co., 240 Neb. 571, 483 N.W.2d 130 (1992).

48-162.02 Workers’ Compensation Trust Fund; created; use; contributions; Attorney General; Department of Administrative Services; duties.

(1) The Workers’ Compensation Trust Fund is created. The fund shall be administered by the administrator of the Nebraska Workers’ Compensation Court.

(2) The Workers’ Compensation Trust Fund shall be used to make payments in accordance with sections 48-128 and 48-162.01. Payments from the fund...
shall be made in the same manner as for claims against the state. The State Treasurer shall be the custodian of the fund and all money and securities in the fund shall be held in trust by the State Treasurer and shall not be money or property of the state. The fund shall be raised and derived as follows: Every insurance company which is transacting business in this state shall on or before March 1 of each year pay to the Director of Insurance an amount equal to two percent of the workers’ compensation benefits paid by it during the preceding calendar year in this state. Every risk management pool providing workers’ compensation group self-insurance coverage to any of its members shall on or before March 1 of each year pay to the Director of Insurance an amount equal to two percent of the workers’ compensation benefits paid by it during the preceding calendar year in this state but in no event less than twenty-five dollars.

(3) The computation of the amounts as provided in subsection (2) of this section shall be made on forms furnished by the Department of Insurance and shall be forwarded to the department together with a sworn statement by an appropriate fiscal officer of the company attesting the accuracy of the computation. The department shall furnish such forms to the companies and pools prior to the end of the year for which the amounts are payable together with any information deemed necessary or appropriate by the department. Upon receipt of the payment, the director shall audit and examine the computations to determine that the proper amount has been paid.

(4) The Director of Insurance, after notice and hearing in accordance with the Administrative Procedure Act, may rescind or refuse to reissue the certificate of authority of any company or pool which fails to remit the amount due.

(5) The Director of Insurance shall remit the amounts paid to the State Treasurer for credit to the Workers’ Compensation Trust Fund promptly upon completion of the audit and examination and in no event later than May 1 of the year in which the amounts have been received, except that (a) when there is a dispute as to the amount payable, the proceeds shall be credited to a suspense account until disposition of the controversy and (b) one percent of the amount received shall be credited to the Department of Insurance to cover the costs of administration.

(6) Every employer in the occupations described in section 48-106 who qualifies as a self-insurer and who is issued a permit to self-insure shall remit to the State Treasurer for credit to the Workers’ Compensation Trust Fund an annual amount equal to two percent of the workers’ compensation benefits paid by it during the preceding calendar year in this state but in no event less than twenty-five dollars.

(7) The amounts required to be paid by the insurance companies, risk management pools, and self-insurers under subsections (2) and (6) of this section shall be in addition to any other amounts, either in taxes, assessments, or otherwise, as required under any other law of this state.

(8) The administrator of the compensation court shall be charged with the conservation of the assets of the Workers’ Compensation Trust Fund. The administrator may order payments from the fund for vocational rehabilitation services and costs pursuant to section 48-162.01 when (a) vocational rehabilitation is voluntarily offered by the employer and accepted by the employee, (b) the employee is engaged in an approved vocational rehabilitation plan pursuant to section 48-162.01, and (c) the employer has agreed to pay weekly compensa-
§ 48-162.02  LABOR

...tion benefits for temporary disability while the employee is engaged in such plan.

(9) The Attorney General shall represent the fund when requested by the administrator in proceedings brought by or against the fund pursuant to section 48-162.01. The Attorney General shall represent the fund in all proceedings brought by or against the fund pursuant to section 48-128. When a claim is made by or against the fund pursuant to section 48-128, the State of Nebraska shall be impleaded as a party plaintiff or defendant, as the case may require, and when so impleaded as a defendant, service shall be had upon the Attorney General.

(10) The Department of Administrative Services shall furnish monthly to the Nebraska Workers' Compensation Court a statement of the Workers' Compensation Trust Fund setting forth the balance of the fund as of the first day of the preceding month, the income and its sources, the payments from the fund in itemized form, and the balance of the fund on hand as of the last day of the preceding month. The State Treasurer may receive and credit to the fund any sum or sums which may at any time be contributed to the state or the fund by the United States of America or any agency thereof to which the state may be or become entitled under any act of Congress or otherwise by reason of any payment made from the fund.

(11) When the fund equals or exceeds two million three hundred thousand dollars, no further contributions thereto shall be required by employers, risk management pools, or insurance companies. Thereafter whenever the amount of the fund is reduced below one million two hundred thousand dollars by reason of payments made pursuant to this section or otherwise or whenever the administrator of the compensation court determines that payments likely to be made from the fund in the next succeeding year will probably cause the fund to be reduced below one million two hundred thousand dollars, the administrator shall notify all self-insurers and the Director of Insurance, who shall notify all workers' compensation insurance companies and risk management pools, that such contributions are to be resumed as of the date set in such notice and such contributions shall continue as provided in this section after the effective date of such notice. Such contributions shall continue until the fund again equals two million three hundred thousand dollars.

(12) Any expenses necessarily incurred by the Workers' Compensation Trust Fund or by the Attorney General in connection with a proceeding brought by or against the fund may be paid out of the fund. Such expenses may be taxed as costs and recovered by the fund in any case in which the fund prevails.

Several objects may be included in the same motion, if they all grow out of or are connected with the action or proceeding in which it is made.

(2) Parties to a dispute which might be the subject of an action under the Nebraska Workers’ Compensation Act may file a motion for an order regarding the dispute without first filing a petition.

(3) If notice of a motion is required, the notice shall be in writing and shall state: (a) The names of the parties to the action, proceeding, or dispute in which it is to be made; (b) the name of the judge before whom it is to be made; (c) the time and place of hearing; and (d) the nature and terms of the order or orders to be applied for. Notice shall be served a reasonable time before the hearing as provided in the rules of the compensation court.

48-163 Compensation court; rules and regulations; procedures for adoption; powers and duties.

(1) The Nebraska Workers’ Compensation Court, by a majority vote of the judges thereof, may adopt and promulgate all reasonable rules and regulations necessary for carrying out the intent and purpose of the Nebraska Workers’ Compensation Act, except that rules and regulations relating to the compensation court’s adjudicatory function shall become effective only upon approval of the Supreme Court.

(2) No rule or regulation to carry out the act shall be adopted and promulgated except after public hearing conducted by a quorum of the compensation court on the question of adopting and promulgating such rule or regulation. Notice of such hearing shall be given at least thirty days prior thereto by publication in a newspaper having general circulation in the state. Draft copies of all such rules and regulations shall be available to the public at the compensation court at the time of giving notice.

(3) The administrator of the compensation court shall establish and maintain a list of subscribers who wish to receive notice of public hearing on the question of adopting and promulgating any rule or regulation and shall provide notice to such subscribers. The administrator shall distribute a current copy of existing rules and regulations and any updates to those rules and regulations once adopted to the State Library and to each county law library or the largest public library in each county.

This section provides that the Workers’ Compensation Court may adopt all reasonable rules necessary for carrying out the intent and purposes of section 48-101 et seq. Behrens v. American Stores Packing Co., 228 Neb. 18, 421 N.W.2d 12 (1988).

48-168 Compensation court; rules of evidence; procedure; informal dispute resolution; procedure.

(1) The Nebraska Workers’ Compensation Court shall not be bound by the usual common-law or statutory rules of evidence or by any technical or formal rules of procedure, other than as herein provided, but may make the investigation in such manner as in its judgment is best calculated to ascertain the substantial rights of the parties and to carry out justly the spirit of the Nebraska Workers’ Compensation Act.

(2)(a) The Nebraska Workers’ Compensation Court may establish procedures whereby a dispute may be submitted by the parties, by the provider of medical, surgical, or hospital services pursuant to section 48-120, by a vocational rehabilitation counselor certified pursuant to section 48-162.01, or by the compensation court on its own motion for informal dispute resolution by a staff member of the compensation court or outside mediator. Any party who requests such informal dispute resolution shall not be precluded from filing a petition pursuant to section 48-173 if otherwise permitted. If informal dispute resolution is ordered by the compensation court on its own motion, the compensation court may state a date for the case to return to court. Such date shall be no longer than ninety days after the date the order was signed unless the court grants an extension upon request of the parties. No settlement reached as the result of an informal dispute resolution proceeding shall be final or binding unless such settlement is in conformity with the Nebraska Workers’ Compensation Act. Any such settlement shall be voluntarily entered into by the parties.

(b)(i) Except as permitted in subdivision (b)(ii) of this subsection, a mediator shall not make a report, assessment, evaluation, recommendation, finding, or
other communication regarding a mediation to a judge of the compensation court that may make a ruling on the dispute that is the subject of the mediation.

(ii) A mediator may disclose:

(A) Whether the mediation occurred or has terminated, whether a settlement was reached, and attendance; and

(B) A mediation communication evidencing abuse, neglect, abandonment, or exploitation of an individual to a public agency responsible for protecting individuals against such mistreatment.

(iii) A communication made in violation of subdivision (b)(i) of this subsection shall not be considered by a judge of the compensation court.

(c) Informal dispute resolution proceedings shall be regarded as settlement negotiations and no admission, representation, or statement made in informal dispute resolution proceedings, not otherwise discoverable or obtainable, shall be admissible as evidence or subject to discovery. Any information from the files, reports, notes of the staff member or mediator, or other materials or communications, oral or written, relating to an informal dispute resolution proceeding obtained by a staff member or mediator is privileged and confidential and may not be disclosed without the written consent of all parties to the proceeding. No staff member or mediator shall be held liable for civil damages for any statement or decision made in the process of dispute resolution unless such person acted in a manner exhibiting willful or wanton misconduct.

(d) The compensation court may adopt and promulgate rules and regulations regarding informal dispute resolution proceedings that are considered necessary to effectuate the purposes of this section.

1. Rules of evidence, applicability

Although the evidentiary rules of the Nebraska Workers’ Compensation Court may not be more restrictive than those of trial courts, they may also be less so. The Nebraska Workers’ Compensation Court is permitted to admit evidence which over proper objection could not be introduced in a state trial court. Sheridan v. Catering Mgmt., Inc., 252 Neb. 825, 566 N.W.2d 110 (1997).

Subject to the limits of constitutional due process, the admission of evidence is within the discretion of the Nebraska Workers’ Compensation Court, whose determination in this regard will not be reversed upon appeal absent an abuse of discretion.

The Nebraska Workers’ Compensation Court is not bound by the usual common-law or statutory rules of evidence. Sheridan v. Catering Mgmt., Inc., 252 Neb. 825, 566 N.W.2d 110 (1997).

Evidence which would be incompetent as hearsay in other cases is not competent under Workmen’s Compensation Act. Hamilton v. Huebner, 146 Neb. 320, 19 N.W.2d 552 (1945).

Statements made by injured employee within few minutes after accidental injury which resulted in death, were admissible.

Technical or formal rules of procedure do not bind the Nebraska Workers' Compensation Court other than as provided in the Nebraska Workers' Compensation Act. Armstrong v. Watkins Concrete Block, 12 Neb. App. 729, 685 N.W.2d 495 (2004).

2. Miscellaneous

It is a general principle that intervention is not authorized after trial and neither subsection (1) of this section nor the beneficent purposes of the Nebraska Workers' Compensation Act authorize a postaward intervention by the employer's insurer. Risor v. Nebraska Boiler, 274 Neb. 906, 744 N.W.2d 693 (2008).

Sections 48-129 and 48-168, R.R.S.1943, give the Workmen's Compensation Court jurisdiction to consider the issue of joint employment. White v. Western Commodities, Inc., 207 Neb. 75, 295 N.W.2d 704 (1980).

Permission to file amended petition after decision by one judge and before rehearing before entire court was within discretion of compensation court. Faulhaber v. Roberts Dairy Co., 147 Neb. 631, 24 N.W.2d 571 (1946).

48-169 Compensation court; proceedings; transcripts.

A transcribed copy of the evidence and proceedings, or any specific part thereof, of any investigation taken by a stenographer for the Nebraska Workers' Compensation Court or by a court reporter appointed or furnished as provided in section 48-178, being certified and sworn to by such stenographer or court reporter, to be a true and correct transcript of the testimony, or of a particular witness, or any specific part thereof, or to be a correct copy of the transcript of the proceedings had on such investigation so purporting to be taken and transcribed, may be received in evidence by the compensation court with the same effect as if such stenographer or court reporter were present and testified to the facts certified. A copy of such transcript shall be furnished on demand to any party in interest upon payment of the fee therefor, as provided for transcripts in the district courts of the State of Nebraska.

48-170 Compensation court; orders; awards; when binding.

Every order and award of the Nebraska Workers' Compensation Court shall be binding upon each party at interest unless an appeal has been filed with the compensation court within thirty days after the date of entry of the order or award.

A party filing an application for rehearing under this section is not excused from a late filing due to the temporary relocation of the Nebraska Workers' Compensation Court when adequate notice had been provided to that party with respect to such relocation. Lopez v. IBP, Inc., 264 Neb. 273, 646 N.W.2d 628 (2002).

Negligence on the part of a party's delivery agent will not permit that party to file an application for rehearing outside of the 14 days called for by this section. Lopez v. IBP, Inc., 264 Neb. 273, 646 N.W.2d 628 (2002).

The Nebraska Supreme Court has recognized an exception that allows an appellate court to consider an appeal filed after the statutorily prescribed time for appeal where the appellant was free from neglect and was prevented from having the appeal filed in the appellate court within the statutory period through the neglect or failure of the proper court official. Lopez v. IBP, Inc., 264 Neb. 273, 646 N.W.2d 628 (2002).

This section is clear that any party who wishes to appeal the order of a single judge of the Nebraska Workers' Compensation Court shall file an application for rehearing before a three-judge panel within 14 days after the date of the single judge's order. If a claimant does not file an application for rehearing with the compensation court within 14 days after the date of the single judge's order, the order becomes conclusive and final. Lopez v. IBP, Inc., 264 Neb. 273, 646 N.W.2d 628 (2002).

This section and section 48-180 of the Nebraska Workers' Compensation Act are clear that if the court fails to modify its judge's order, the order becomes conclusive and final. Lopez v. Nebraska Boiler, 274 Neb. 906, 744 N.W.2d 693 (2008).
§ 48-170  LABOR

Where no appeal is taken, award of single judge is conclusive. Riedel v. Smith Baking Co., 150 Neb. 28, 33 N.W.2d 247 (1948).

When no appeal is taken from award, it is conclusive on all parties at interest except as otherwise provided by statute. Gilmore v. State, 146 Neb. 647, 20 N.W.2d 918 (1945).

Right of trial de novo in district court was preserved where notice of intention to appeal was given and where appeal was taken from award of one commissioner direct to district court. Hansen v. Paxton & Vierling Iron Works, 135 Neb. 867, 284 N.W. 352 (1939).

Notice of appeal is intended to give information to opposing party and may be waived when appeal was otherwise properly completed in time required by law. Callahan v. Allied Mills Inc., 128 Neb. 352, 258 N.W. 804 (1935).

Posting notice of appeal to commissioner within statutory time is not equivalent to filing. Swanson v. Village of Shickley, 125 Neb. 664, 251 N.W. 819 (1933).

Under prior act, notice was required to be filed within seven days of award on appeal to district court. Duering v. Village of Upland, 125 Neb. 659, 251 N.W. 819 (1933).

Final order of compensation commissioner denying compensation is absolute bar to subsequent suit based on same cause of action if not appealed from. Gray v. Burdin, 125 Neb. 547, 250 N.W. 907 (1933).

48-171 Order; award; judgment; use of terms.

Except as otherwise provided in sections 48-192 to 48-1,109, the words order, award, and judgment, as used in the Nebraska Workers’ Compensation Act, are used interchangeably and are deemed to have the same meaning.

There is a distinction between findings of the workmen’s compensation court and its order, award, or judgment. Light v. Nebraska Workmen’s Compensation Court, 166 Neb. 540, 89 N.W.2d 833 (1958).

Right of either party to refuse award, order, or judgment of compensation commissioner and demand retrial before compensation court is paramount to and exclusive of right of appeal to district court from such decision. City of Lincoln v. Nebraska Workmen’s Compensation Court, 133 Neb. 225, 274 N.W. 576 (1937).

48-172 Compensation court; no filing fees; exceptions; costs; when allowed.

Except as provided in sections 48-138 and 48-139, there shall be no filing fees charged by the Nebraska Workers’ Compensation Court. When a reasonable attorney’s fee is allowed the employee against the employer as provided in section 48-125, the compensation court shall further assess against the employer as costs of the employee the cost of depositions if admitted into evidence and may further assess against the employer the fees and mileage for necessary witnesses attending the proceedings at the instance of the employee. Both the necessity for the witness and the reasonableness of the fees shall be approved by the compensation court. Such witnesses shall be reimbursed for their necessary mileage at the rate provided in section 81-1176.

This section does not authorize taxation of the fee of an expert witness as an item of cost. Inserra v. Village Inn Pancake House, 197 Neb. 168, 247 N.W.2d 625 (1976).

48-173 Petition; filing; contents; medical finding required.

Procedure before the Nebraska Workers’ Compensation Court shall be as follows: In all cases involving a dispute with reference to workers’ compensation, either party at interest, without cost, either in person or by attorney, may file with the compensation court a petition setting forth the names and places of residence of the parties and the facts relating to the employment at the time of
the injury for which compensation is claimed, the injury in its extent and character, the amount of wages being received at the time of the injury, the knowledge of or notice to the employer of the occurrence of such injury, and such other facts as may be considered necessary for the information of the compensation court, and also stating the matter or matters in dispute and the contention of the petitioner with reference thereto.

No petition may be filed with the compensation court solely on the issue of reasonableness and necessity of medical treatment unless a medical finding on such issue has been rendered by an independent medical examiner pursuant to section 48-134.01.

This section sets out the requirements of a petition in the compensation court. Shada v. Whitney, 172 Neb. 220, 109 N.W.2d 167 (1961).

Petition is required to set out the matters in dispute. Towner v. Western Contracting Corp., 164 Neb. 235, 82 N.W.2d 253 (1957).

Either party at interest may initiate workmen’s compensation proceeding. Fidelity & Casualty Co. v. Kennard, 162 Neb. 220, 75 N.W.2d 553 (1956).

48-174 Summons; service; return.

Upon the filing of such petition a summons shall issue and be served upon the adverse party, as in civil causes, together with a copy of the petition. Return of service shall be made within seven days after the date of issue. An acknowledgment on the summons or the voluntary appearance of a defendant is equivalent to service.

Where on appeal there was timely service in fact of petition on adverse party and no prejudice resulted from the use of regular mail instead of certified or registered mail, motion to dismiss was properly overruled. Bourn v. James, 191 Neb. 635, 216 N.W.2d 739 (1974).

Service of summons may be made either as in civil cases or by registered mail. Clark v. Village of Hemingford, 147 Neb. 1044, 26 N.W.2d 15 (1947).

48-175 Summons; service.

(1) Whenever the post office address of the defendant is known or may be ascertained by the officer or person charged with the duty of serving the same, such summons may be served by such officer or person by certified mail.

(2) In the event the party to be served, in accordance with subsection (1) of this section, is a corporation, a partnership, or a limited liability company, a certified copy of the summons shall be directed to the proper officer, agent, or member of such organization who is authorized by law to accept service of process.

(3) The officer in making his or her return of all processes served, in accordance with subsection (1) or (2) of this section, shall append to and file with the original return the return receipt as herein set forth. Any judge of the
Nebraska Workers’ Compensation Court may serve or cause to be served such summonses by certified mail as provided in this section.

### 48-175.01 Nonresident employer; service of process; manner of service; continuance; record.

(1)(a) The performance of work in the State of Nebraska (i) by an employer, who is a nonresident of the State of Nebraska, (ii) by any resident employer who becomes a nonresident of this state after the occurrence of an injury to an employee, or (iii) by any agent of such an employer shall be deemed an appointment by such employer of the clerk of the Nebraska Workers’ Compensation Court as a true and lawful attorney and agent upon whom may be served all legal processes in any action or proceeding against him or her, arising out of or under the provisions of the Nebraska Workers’ Compensation Act, and such performance of work shall be a signification of the employer’s agreement that any such process, which is so served in any action against him or her, shall be of the same legal force and validity as if served upon him or her personally within this state. The appointment of agent, thus made, shall not be revocable by death but shall continue and be binding upon the executor or administrator of such employer.

(b) For purposes of this section, performance of work shall include, but not be limited to, situations in which (i) the injury or injury resulting in death occurred within this state, (ii) the employment was principally localized within this state, or (iii) the contract of hire was made within this state.

(2) Service of such process, as referred to in subsection (1) of this section, shall be made by serving a copy thereof upon the clerk of the Nebraska Workers’ Compensation Court, personally in his or her office or upon someone who, previous to such service, has been designated in writing by the clerk of the Nebraska Workers’ Compensation Court as the person or one of the persons with whom such copy may be left for such service upon the clerk of the Nebraska Workers’ Compensation Court, and such service shall be sufficient service upon the employer. In making such service, a copy of the petition and a copy of the process shall, within ten days after the date of service, be sent by the clerk of the Nebraska Workers’ Compensation Court, or such person acting for him or her in his or her office, to the defendant by registered or certified mail addressed to the defendant’s last-known address, and the defendant’s return receipt and affidavit of the clerk of the Nebraska Workers’ Compensation Court, or such person in his or her office acting for him or her, of compliance therewith shall be appended to such petition and filed in the office of the clerk of the Nebraska Workers’ Compensation Court. The date of the mailing and the date of the receipt of the return card aforesaid shall be
properly endorsed on such petition and filed by the clerk of the Nebraska Workers' Compensation Court, or someone acting for him or her.

(3) The Nebraska Workers' Compensation Court shall, on its own motion, order such continuance of answer day and trial date, as may to the compensation court seem necessary to afford the defendant reasonable opportunity to plead and to defend. No such continuance shall be for more than ninety days except for good cause shown.

(4) It shall be the duty of the clerk of the Nebraska Workers' Compensation Court to keep a record of all processes so served, in accordance with subsections (1) and (2) of this section, which record shall show the date of such service, and to so arrange and index such record as to make the same readily accessible and convenient for inspection.

48-176 Answer; filing; contents.

Within seven days after the return day of such summons the party at interest upon whom the same is served shall file an answer to such petition, which shall admit or deny the substantial averments of the petition, and shall state the contention of the defendant with reference to the matters in dispute as disclosed by the petition.

48-177 Hearing; judge; place; dismissal; procedure; manner of conducting hearings.

(1) At the time a petition or motion is filed, one of the judges of the Nebraska Workers' Compensation Court shall be assigned to hear the cause. It shall be heard in the county in which the accident occurred, except as otherwise provided in section 25-412.02 and except that, upon the written stipulation of the parties, filed with the compensation court at least fourteen days before the date of hearing, the cause may be heard in any other county in the state.

(2) Any such cause may be dismissed without prejudice to a future action (a) by the plaintiff, if represented by legal counsel, before the final submission of the case to the compensation court or (b) by the compensation court upon a stipulation of the parties that a dispute between the parties no longer exists.

(3) Notwithstanding subsection (1) of this section, all nonevidentiary hearings, and any evidentiary hearings approved by the compensation court and by stipulation of the parties, may be heard by the court telephonically or by videoconferencing or similar equipment at any location within the state as ordered by the court and in a manner that ensures the preservation of an accurate record. Hearings conducted in this manner shall be consistent with the public’s access to the courts.

48-177 Hearing; judgment; when conclusive; record of proceedings; costs; payment.

The judge shall make such findings and orders, awards, or judgments as the Nebraska Workers’ Compensation Court or judge is authorized by law to make. Such findings, orders, awards, and judgments shall be signed by the judge before whom such proceedings were had. When proceedings are had before a judge of the compensation court, his or her findings, orders, awards, and judgments shall be conclusive upon all parties at interest unless reversed or modified upon appeal as hereinafter provided. A shorthand record or tape recording shall be made of all testimony and evidence submitted in such proceedings. The compensation court or judge thereof, at the party’s expense, may appoint a court reporter or may direct a party to furnish a court reporter to be present and report or, by adequate mechanical means, to record and, if necessary, transcribe proceedings of any hearing. The charges for attendance shall be paid initially to the reporter by the employer or, if insured, by the employer’s workers’ compensation insurer. The charges shall be taxed as costs and the party initially paying the expense shall be reimbursed by the party or parties taxed with the costs. The compensation court or judge thereof may award and tax such costs and apportion the same between the parties or may order the compensation court to pay such costs as in its discretion it may think right and equitable. If the expense is unpaid, the expense shall be paid by the party or parties taxed with the costs or may be paid by the compensation court. The reporter shall faithfully and accurately report or record the proceedings.

Awards for compensation cannot be based on possibilities.

48-178.01 Payment of compensation when claimant's right to compensation not in issue.

Whenever any petition is filed and the claimant’s right to compensation is not in issue, but the issue of liability is raised as between an employer, a workers’ compensation insurer, or a risk management pool or between two or more employers, workers’ compensation insurers, or risk management pools, the Nebraska Workers’ Compensation Court may order payment of compensation to be made immediately by one or more of such employers, workers’ compensation insurers, or risk management pools. When the issue is finally resolved, an employer, workers’ compensation insurer, or risk management pool held not liable shall be reimbursed for any such payments by the employer, workers’ compensation insurer, or risk management pool held liable.

48-180 Findings, order, award, or judgment; modification; effect.

The Nebraska Workers’ Compensation Court may, on its own motion or on the motion of any party, modify or change its findings, order, award, or judgment at any time before appeal and within fourteen days after the date of such findings, order, award, or judgment. The time for appeal shall not be lengthened because of the modification or change unless the correction substantially changes the result of the award.

The office of an order nunc pro tunc is to correct a record which has been made so that it truly records the actions had, which, through inadvertence or mistake, were not truly recorded. It is not the function of an order nunc pro tunc to change or revise a judgment or order, or to set aside a judgment actually rendered, even though such order was not the order intended. Green v. This section and section 48-170 of the Nebraska Workers’ Compensation Act are clear that if the court fails to modify its order within 10 days and the parties fail to file an application for review within 14 days of the original order, such order becomes final and binding upon the parties. Thach v. Quality Pork International, 253 Neb. 544, 570 N.W.2d 830 (1997).

In Nebraska, in civil cases, a court of general jurisdiction has the inherent power to vacate or modify its own judgment during the term at which it was rendered. This is a common law rule which does not apply to statutory tribunals such as the compensation court. Smith v. Fremont Contract Carriers, 218 Neb. 652, 358 N.W.2d 211 (1984).

The Workmen’s Compensation Court is a tribunal of limited and special jurisdiction and has only such authority as has been conferred on it by statute. A decree or award in a compensation case is final unless the petitioner seeking to reopen the case can bring it within the terms of any statute to that effect. Smith v. This section is the statutory embodiment of nunc pro tunc principles, and pursuant to this section, the Nebraska Workers’ Compensation Court is statutorily authorized to issue proper nunc pro tunc orders. Walsh v. City of Omaha, 11 Neb. App. 747, 860 N.W.2d 187 (2003).

The Workers’ Compensation Court lacks jurisdiction to consider a motion seeking modification of judgment if the motion is filed more than 10 days after entry of the judgment that is to be modified. Dobson-Grosz v. University of Neb. Med. Ctr., 1 Neb. App. 434, 499 N.W.2d 83 (1993).

48-182 Notice of appeal; bill of exceptions; requirements; waiver of payment; when; extension of time; filing of order.

In case either party at interest refuses to accept any final order of the Nebraska Workers’ Compensation Court, such party may, within thirty days thereafter, file with the compensation court a notice of appeal and at the same time the notice of appeal is filed, file with the compensation court a praecipe for a bill of exceptions. Within seven weeks from the date the notice of appeal is filed, the court reporter or transcriber shall deliver to the clerk of the Nebraska Workers’ Compensation Court a bill of exceptions which shall include a transcribed copy of the testimony and the evidence taken before the compensation court at the hearing, which transcribed copy when certified to by the person who made or transcribed the record shall constitute the bill of exceptions. The transcript and bill of exceptions shall be paid for by the party ordering the same, except that upon the affidavit of any claimant for workers’ compensation, filed with or before the praecipe, that he or she is without means with which to pay and unable to secure such means, payment may, in the discretion of the compensation court, be waived as to such claimant and the bill of exceptions shall be paid for by the compensation court in the same manner as other compensation court expenses.

The procedure for preparation, settlement, signature, allowance, certification, filing, and amendment of a bill of exceptions shall be regulated and governed by rules of practice prescribed by the Supreme Court except as otherwise provided in this section.

When a bill of exceptions has been ordered according to law and the court reporter or transcriber fails to prepare and file the bill of exceptions with the clerk of the Nebraska Workers’ Compensation Court within seven weeks from the date the notice of appeal is filed, the Supreme Court may, on the motion of any party accompanied by a proper showing, grant additional time for the preparation and filing of the bill of exceptions under such conditions as the court may require. Applications for such an extension of time shall be regulated and governed by rules of practice prescribed by the Supreme Court. A copy of such order granting an extension of time shall be filed with the Nebraska Workers’ Compensation Court by the party requesting such extension within five days after the date of such order.

Appeals from a workers’ compensation trial court to a review panel are controlled by the statutory provisions found in the Nebraska Workers’ Compensation Act, and specifically, section 48-179 and this section, which provide for the review procedure for appeals brought from the trial court to the review panel. Section 48-179 and this section pertain to the same subject matter and must be construed, if at all possible, as consistent with one another and in a sensible manner. Notwithstanding the individuation of examples of rulings listed in section 48-179, this section makes clear that when reading the two provisions together, an order appealed from a workers’ compensation trial court to a review panel must be a “final order” of the workers’ compensation trial court. Neither section 48-179 nor this section defines a “final order” for purposes of a workers’ compensation appeal from a trial court to a review panel, and accordingly, one must look to section 25-1902, which defines three types of final orders which may be reviewed on appeal, and the case law under it to define “final order” for purposes of an appeal from the trial court to the review panel. Thompson v. Kiewit Constr. Co., 258 Neb. 323, 603 N.W.2d 368 (1999).

On appeal to district court, the filing of a petition and transcript of the proceedings is required. Spangler v. Terry Carpenter, Inc., 177 Neb. 740, 131 N.W.2d 159 (1964).

Motion for new trial is not a necessary prerequisite to trial de novo on appeal. Peek v. Ayres Auto Supply, 155 Neb. 233, 51 N.W.2d 387 (1952).

Appeal from award of compensation court sitting en banc is complete when petition and transcript are filed in district court within fourteen days. Henderson v. Wilson, 137 Neb. 693, 291 N.W. 96 (1940).

On appeal from the compensation court, the bill of exceptions need not be served upon the adverse party or his attorney before it is filed in district court. Wrede v. City of David City, 137 Neb. 194, 288 N.W. 542 (1939).

48-182.01 Repealed. Laws 1986, LB 811, § 149.

48-185 Appeal; procedure; judgment by Nebraska Workers’ Compensation Court; effect; grounds for modification or reversal.

Any appeal from the judgment of the Nebraska Workers’ Compensation Court shall be prosecuted and the procedure, including the designation of parties, handling of costs and the amounts thereof, filing of briefs, certifying the opinion of the Supreme Court or decision of the Court of Appeals to the compensation court, handling of the bill of exceptions, and issuance of the mandate, shall be in accordance with the general laws of the state and procedures regulating appeals in actions at law from the district courts except as otherwise provided in section 48-182 and this section. The proceedings to obtain a reversal, vacation, or modification of judgments, awards, or final orders made by the compensation court shall be by filing in the office of the clerk of the Nebraska Workers’ Compensation Court, within thirty days after the entry of such judgment, decree, or final order, a notice of appeal signed by the appellant or his or her attorney of record. No motion for a new trial shall be filed. An appeal shall be deemed perfected and the appellate court shall have jurisdiction of the cause when such notice of appeal shall have been filed in the office of the clerk of the Nebraska Workers’ Compensation Court, and after being so perfected no appeal shall be dismissed without notice, and no step other than the filing of such notice of appeal shall be deemed jurisdictional. The clerk of the Nebraska Workers’ Compensation Court shall forthwith forward a certified copy of such notice of appeal to the Clerk of the Supreme Court, whereupon the Clerk of the Supreme Court shall forthwith docket such appeal. Within thirty days after the date of filing of notice of appeal, the clerk of the Nebraska Workers’ Compensation Court shall prepare and file with the Clerk of the Supreme Court a transcript certified as a true copy of the proceedings contained therein. The transcript shall contain the judgment, decree, or final order sought to be reversed, vacated, or modified and all pleadings filed with such clerk. Neither the form nor the substance of such transcript shall affect the jurisdiction of the appellate court. Such appeal shall be perfected within thirty days after the entry.
of judgment by the compensation court, the cause shall be advanced for argument before the appellate court, and the appellate court shall render its judgment and write an opinion, if any, in such cases as speedily as possible. The judgment made by the compensation court shall have the same force and effect as a jury verdict in a civil case. A judgment, order, or award of the compensation court may be modified, reversed, or set aside only upon the grounds that (1) the compensation court acted without or in excess of its powers, (2) the judgment, order, or award was procured by fraud, (3) there is not sufficient competent evidence in the record to warrant the making of the order, judgment, or award, or (4) the findings of fact by the compensation court do not support the order or award.

1. Perfecting appeal

After final judgment, the filing of a motion to withdraw a party’s rest is not treated as a motion for a new trial and fails to extend the time for appeal. Battaglio v. Palstaff Brewing Corp., 212 Neb. 474, 323 N.W.2d 105 (1982).

Appeal to Supreme Court from district court is governed by general laws regulating appeals except the appeal must be perfected within thirty days from entry of judgment. Adkisson v. Gamble, 143 Neb. 417, 9 N.W.2d 711 (1943).

Upon appeal to Supreme Court in a compensation case, jurisdiction is conferred where transcript is filed within thirty days and bill of exceptions may be filed thereafter in accordance with general law. Fallis v. Vogel, 137 Neb. 598, 290 N.W. 461 (1940).

Appeal from district court should be dismissed for lack of jurisdiction, where transcript in compensation case was not filed within thirty days of the entry of the judgment. Dobesh v. Associated Asphalt Contractors, 137 Neb. 1, 288 N.W. 32 (1939).

Statutory fees for filing appeal in Supreme Court do not apply to cases under workmen’s compensation law. Scott v. Dohre, 130 Neb. 847, 266 N.W. 709 (1936).

2. Review

Under this section, a judgment, order, or award of the compensation court may be modified, reversed, or set aside only upon the grounds that (1) the compensation court acted without or in excess of its powers; (2) the judgment, order, or award was procured by fraud; (3) there is not sufficient competent evidence in the record to warrant the making of the order, judgment, or award; or (4) the findings of fact by the compensation court do not support the order or award. Picard v. P & C Group 1, 306 Neb. 877, 915 N.W.2d 615 (2018), Moyers v. International Paper Co., 25 Neb. App. 282, 905 N.W.2d 87 (2017).

An appellate court may modify an award of the compensation court when there is not sufficient competent evidence in the record to support the award. Nichols v. Fairway Bldg. Prod., 294 Neb. 657, 884 N.W.2d 124 (2016).

Where there was sufficient evidence to support a factual finding that knee surgery was not required by the prior work-related injury, a three-judge panel of the Workers’ Compensation Court did not have grounds under this section to reverse the decision of a single judge of the Workers’ Compensation Court denying compensability for the surgery. Pearson v. Archer-Daniels-Midland Milling Co., 285 Neb. 568, 828 N.W.2d 154 (2013).

An appellate court may modify, reverse, or set aside a Workers’ Compensation Court decision only upon the grounds set forth in this section. Worline v. ABB/Alstom Power Integrated CE Services, 272 Neb. 797, 725 N.W.2d 148 (2006).

Pursuant to this section, an appellate court may modify, reverse, or set aside a Workers’ Compensation Court decision only when (1) the compensation court acted without or in excess of its powers, (2) the judgment, order, or award was procured by fraud; (3) there is not sufficient competent evidence in the record to warrant the making of the order, judgment, or award, or (4) the findings of fact by the compensation court do not support the order or award. Torres v. Audick Leasing, 258 Neb. 859, 606 N.W.2d 98 (2000); Variano v. Dial Corp., 256 Neb. 318, 589 N.W.2d 845 (1999); Crouch v. Goodyear Tire & Rubber Co., 255 Neb. 128, 582 N.W.2d 356 (1998); Owen v. American Hydraulics, Inc., 254 Neb. 685, 578 N.W.2d 57 (1998).

This section does not provide for appeal to the Supreme Court or the Court of Appeals without a properly constituted review by

The findings of fact made by a workers' compensation court trial judge are not to be disturbed upon appeal to a workers' compensation court review panel unless they are clearly wrong on the evidence or the decision was contrary to law. McIvce v. Goodyear Tire & Rubber Co., Inc., 255 Neb. 903, 587 N.W.2d 687 (1999).

This section precludes an appellate court's substitution of its view of the facts for that of the Workers' Compensation Court if the record contains evidence to substantiate the factual conclusions reached by the compensation court. Curtis v. City of Lincoln, 249 Neb. 748, 545 N.W.2d 112 (1996).

In testing the sufficiency of evidence to support findings of fact made by the Nebraska Workers' Compensation Court, the evidence must be considered in the light most favorable to the successful party: Paulsen v. State, 249 Neb. 112, 541 N.W.2d 636 (1996).

This section precludes an appellate court from substituting its view of the facts for that of the compensation court if the record contains evidence to substantiate the factual conclusions reached by the compensation court. Suratt v. Watts Trucking, 249 Neb. 35, 541 N.W.2d 41 (1995).

Factual determinations made by the Workers' Compensation Court will not be set aside on appeal unless such determinations are clearly erroneous. An appellate court may not substitute its view of the facts for that of the compensation court if the record contains evidence to substantiate the factual conclusions reached by the compensation court. Aken v. Nebraska Methodist Hosp., 245 Neb. 161, 511 N.W.2d 762 (1994).

Findings of fact by the Workers' Compensation Court on rehearing have the same force and effect as a jury verdict in a civil case and will not be set aside on appeal where there is evidence sufficient to support them. Willuhn v. Omaha Box Co., 240 Neb. 571, 483 N.W.2d 130 (1992); McGee v. Panhandle Technical Coll., 233 Neb. 56, 387 N.W.2d 709 (1986).

Procedural and evidentiary rulings of the Workers' Compensation Court may prejudice reversal or modification of the court's order on appeal if the court in so ruling acted without or in excess of its powers. As the trier of fact, the Workers' Compensation Court is the sole judge of the credibility of witnesses and the weight to be given testimony; furthermore, the appellate court will presume the compensation court resolved any conflicts in the evidence in favor of the successful party. Findings of fact by the Workers' Compensation Court must have the same force and effect as a jury verdict and will, therefore, not be set aside unless clearly wrong. Hernandez v. Hawkins Construction Co., 240 Neb. 129, 480 N.W.2d 424 (1992).

Under subsection (4) of this section, an order based on findings of fact made by the compensation court may be reversed if those findings do not support the court's order. Clives v. Nebraska Boxed Beef, 238 Neb. 612, 472 N.W.2d 893 (1991).

To determine whether findings of fact made by the compensation court support an order granting or denying vocational rehabilitation benefits, the Supreme Court must consider the findings of fact in light of section 48-162.01. Yager v. Bellco Midwest, 236 Neb. 888, 464 N.W.2d 335 (1991).

Under subsection (4) of this section, an order based on findings of fact made by the compensation court may be reversed if those findings do not support the court's order. Yager v. Bellco Midwest, 236 Neb. 888, 464 N.W.2d 335 (1991).

Regarding facts determined and findings made after rehearing in the compensation court, this section precludes the Supreme Court's substitution of its view of facts for that of the compensation court if the record contains evidence to substantiate the factual conclusions reached by the compensation court. Gardiner v. Beatrice Foods Co., 231 Neb. 464, 436 N.W.2d 542 (1989).

The findings of fact of the Nebraska Workers' Compensation Court have the same force and effect as a jury verdict in a civil case and will not be set aside where they are supported by credible evidence and are not clearly wrong. Kahlhorn v. City of Bellevue, 227 Neb. 880, 420 N.W.2d 713 (1988).

Where the record presents nothing more than conflicting medical testimony, the Supreme Court will not substitute its judgment for that of the Workers' Compensation Court. The nature and number of examinations by a physician are factors affecting credibility of a medical witness and weight to be attached to testimony from such witness. Vredevelt v. Gelco Express, 222 Neb. 363, 383 N.W.2d 780 (1986).

Where there is not sufficient competent evidence to support an award, this court must modify, reverse, or set aside the award. Hare v. Watts Trucking Service, 220 Neb. 403, 370 N.W.2d 143 (1985).

Under Nebraska law, it is well settled that findings of fact by the Workmen's Compensation Court on rehearing have the same force and effect as a jury verdict in a civil case and will not be set aside unless clearly wrong. Rutt v. Midwest Refuse Service, 220 Neb. 255, 369 N.W.2d 93 (1985); Paris v. J. A. Baldwin Mfg. Co., 216 Neb. 151, 342 N.W.2d 198 (1984); Earnest v. Lutheran Memorial Hospital, 211 Neb. 438, 319 N.W.2d 66 (1982); Shaw v. Gooch Feed Mill Corp., 210 Neb. 17, 312 N.W.2d 682 (1981).

The findings of fact made by the Nebraska Workmen's Compensation Court on rehearing have the same force and effect as a jury verdict in a civil case and will not be set aside unless there is insufficient evidence in the record to warrant the award. Trimmer v. Mass Merchandisers, 218 Neb. 151, 352 N.W.2d 610 (1984).

The compensation court's findings of fact after rehearing have the same effect as a jury verdict in a civil case and will not be reversed or set aside unless there is insufficient evidence in the record to warrant the award. Thomas v. Kayser-Roth Corp., 211 Neb. 704, 328 N.W.2d 203 (1982).

The Supreme Court is not at liberty to substitute its views for those of the Workmen's Compensation Court regarding questions of fact if there is evidence in the record to substantiate its conclusions. Thomas v. Kayser-Roth Corp., 211 Neb. 704, 320 N.W.2d 111 (1982).

Where there is not sufficient competent evidence in the record to warrant the making of the award, or the findings of fact do not support the award, the award must be modified, reversed, or set aside by the Supreme Court on appeal. A workmen's compensation award cannot be based upon possibility or speculation. Husted v. Peter Kiewit & Sons Constr. Co., 210 Neb. 109, 313 N.W.2d 248 (1981).

An award of the Workmen's Compensation Court will be reversed or modified where there is not sufficient evidence in the record to warrant the order, judgment, or award, or the findings of fact do not support the order or award. Akins v. Happy Hour, Inc., 209 Neb. 236, 306 N.W.2d 914 (1981).

the trier of fact. Stephens v. Celeryvale Transport, Inc., 205 Neb. 12, 236 N.W.2d 40 (1977). Under the provisions of this section, the findings of fact made by the Nebraska Workers’ Compensation Court after rehearing have the same force and effect as a jury verdict in a civil case. There is no longer any provision in the statutes for de novo review by the Supreme Court of worker’s compensation cases. Herold v. Constructors, Inc., 201 Neb. 697, 271 N.W.2d 542 (1978). In testing sufficiency of evidence to support findings of fact of Workmen’s Compensation Court after rehearing, it must be considered in light most favorable to successful party. Salinas v. Cyprus Industrial Minerals Co., 197 Neb. 198, 247 N.W.2d 451 (1976). In worker’s compensation cases, the judgment, order, or award will not be modified on appeal for insufficiency of the evidence, if there is reasonable competent evidence to support the finding of fact upon which it is based. Voyckesky v. Osborn, 196 Neb. 510, 244 N.W.2d 74 (1976).

The Supreme Court in a worker’s compensation case may set aside the judgment of the district court upon grounds provided by statute only which include “(3) the findings of fact are not supported by the evidence as disclosed by the record.” McPhilips v. Knox Constr. Co., Inc., 190 Neb. 306, 208 N.W.2d 261 (1973).

In a worker’s compensation proceeding, a district court finding against a party will be set aside if the evidence compels a finding for that party. Adler v. Jercyco Motors, Inc., 187 Neb. 757, 193 N.W.2d 757 (1972). Under this section, unless the district court acted without or in excess of its powers or the judgment, order, or award was procured by fraud, the judgment, order, or award may be modified or set aside only if the findings of fact do not support it. Conn v. IITI, Inc., 187 Neb. 112, 187 N.W.2d 641 (1971). If there is reasonable competent evidence to support findings of fact in trial court’s judgment, order or award will not be modified for insufficiency of the evidence. Cause will be considered de novo in the Supreme Court only where the findings of fact are not supported by the evidence as disclosed by the record. Conflicting holdings in Rapp v. Hale, 170 Neb. 620, 103 N.W.2d 851 (1960), overruled. Gifford v. Ag Lime, Sand & Gravel Co., 187 Neb. 57, 187 N.W.2d 285 (1971).

Supreme Court may only modify or set aside order of district court on four grounds. Turpin v. State, 135 Neb. 389, 281 N.W. 800 (1938). If award for permanent total disability is not supported by the evidence, it will be set aside. Pillard v. Lincoln Packing Co., 133 Neb. 988, 277 N.W. 587 (1938).

Under this section, the judgment made by the compensation court shall have the same force and effect as a jury verdict in a civil case and may be modified, reversed, or set aside only upon the grounds that (1) the compensation court acted without or in excess of its powers; (2) the judgment, order, or award was procured by fraud; (3) there is not sufficient competent evidence in the record to warrant the making of the order, judgment, or award; or (4) the findings of fact by the compensation court do not support the order or award. Coughlin v. County of Colfax, 27 Neb. App. 41, 926 N.W.2d 675 (2019).

An appellate court may modify, reverse, or set aside a Workers’ Compensation Court decision only when (1) the compensation court acted without or in excess of its powers; (2) the judgment, order, or award was procured by fraud; (3) there is no sufficient competent evidence in the record to warrant the making of the order, judgment, or award; or (4) the findings of fact by the compensation court do not support the order or award. Nerison v. National Fire Ins. Co. of Hartford, 17 Neb. App. 161, 757 N.W.2d 21 (2008); McKay v. Hershey Food Corp., 16 Neb. App. 79, 740 N.W.2d 378 (2007); Davis v. Crete Carrier Corp., 15 Neb. App. 241, 725 N.W.2d 562 (2006); Shade v. Ayars & Ayars, Inc., 2 Neb. App. 730, 513 N.W.2d 881 (1994).

An appellate court may not substitute its view of the facts for that of the Workers’ Compensation Court if the record contains sufficient evidence to substantiate the factual conclusions reached by the Workers’ Compensation Court. Godsey v. Casey’s General Stores, 15 Neb. App. 854, 738 N.W.2d 863 (2007).

In determining whether to affirm, modify, reverse, or set aside a judgment of a Workers’ Compensation Court review panel, a higher appellate court reviews the findings of the trial judge who conducted the original hearing. Mendoza v. Pepsi Cola Bottling Co., 8 Neb. App. 778, 603 N.W.2d 156 (1999). In an appeal from a review where the panel affirms the order of the trial judge, the higher appellate court may still modify, reverse, or set aside the order of the review panel if the panel was clearly wrong in failing to find that (1) the trial judge acted without or in excess of his or her powers; (2) the judgment, order, or award was procured by fraud; (3) there is not sufficient competent evidence in the record to warrant the making of the order, judgment, or award; or (4) the findings of fact by the trial judge do not support the order or award. Fordham v. West Lumber Co., 2 Neb. App. 716, 513 N.W.2d 52 (1994). If a Workers’ Compensation Court review panel makes different findings of fact from those of the trial judge when there is evidence in the record before the trial judge to support the judge’s findings, then the review panel has acted in excess of its powers. Pearson v. Lincoln Telephone Co., 2 Neb. App. 703, 513 N.W.2d 361 (1994).

3. Miscellaneous

Sufficient evidence supported the Workers’ Compensation Court’s finding that a worker’s compensation claimant’s mental illness arose out of a compensable workplace injury sustained during an assault by a patient at the hospital where claimant worked as a nurse and the aggravation of that injury in two further workplace assaults. The claimant was consistently employed for over 15 years before the first assault without significant or relevant physical or mental incident, during which time she worked, was married, and had a family, and the claimant required extensive treatment after the three assaults, including electroconvulsive therapy. Hynes v. Good Samaritan Hosp., 291 Neb. 757, 869 N.W.2d 78 (2015).

An award of vocational rehabilitation benefits must be supported by evidence which shows the worker is unable to perform work for which he has previous training and experience. Bender v. Norfolk Iron & Metal Co., 224 Neb. 706, 480 N.W.2d 859 (1987).

A compensable injury to the ball and socket of the hip joint, where the residual impairment is not limited to the leg, is not a schedule injury under section 48-121, subdivision (3), but a disability under subdivision (1) or (2) relating to earning capacity and employability. Jeffers v. Pappas Trucking, Inc., 198 Neb. 379, 253 N.W.2d 30 (1977).

An accidental injury sustained by an employee on premises where employed, occurring during lunch period while employee is going to or coming from work, is an injury arising out of and in the course of employment. Buck v. Iowa Beef Processors, Inc., 198 Neb. 125, 251 N.W.2d 875 (1977).

48-186 Accidents occurring outside state; hearing; location; exception.

In all cases when the accident occurred outside of the State of Nebraska, the hearing before a judge of the Nebraska Workers’ Compensation Court shall be at Lincoln, Nebraska, or in any other county in the state at the discretion of the compensation court, unless otherwise stipulated by the parties at least fourteen days before the date of hearing.

Nebraska act applies to workmen who are employed in Nebraska industries, even though injury may occur in performance of duties of workman in another state. McRae v. Ulrich, 147 Neb. 214, 22 N.W.2d 697 (1946).

48-187 Filing fees; clerks of courts; what permitted.

No filing fees shall be charged by the clerk of any court for any service required by the Nebraska Workers’ Compensation Act except as provided in sections 48-138, 48-139, and 48-188.

No filing fee is required in workmen’s compensation cases. Elliott v. Gooch Feed Mill Co., 147 Neb. 309, 23 N.W.2d 262 (1946).

Filing fees for appeals under Workmen’s Compensation Act are not required. Lee v. Lincoln Cleaning & Dye Works, 144 Neb. 659, 14 N.W.2d 227 (1944).

All costs other than filing fees are taxable, and bond or cash deposit must be provided in perfecting appeal to Supreme Court. Hoffman v. State, 142 Neb. 821, § N.W.2d 200 (1945).

The Workmen’s Compensation Act, being complete and independent in itself, amends the statutory provisions heretofore existing relating to fees on filing appeals in Supreme Court, and filing fee is not required on filing appeal to Supreme Court in compensation case. Scott v. Dohrse, 130 Neb. 847, 266 N.W. 709 (1936).

48-188 Order, award, or judgment; filed with district court; filing fee; effect.

Any order, award, or judgment by the Nebraska Workers’ Compensation Court, or any judge thereof, which is certified by the clerk of the compensation court or any order, award, or judgment made pursuant to the Nebraska Workers’ Compensation Act by the Court of Appeals or Supreme Court which is certified by the Clerk of the Supreme Court may, as soon as the same becomes conclusive upon the parties at interest, be filed with the district court of any county or counties in the State of Nebraska upon the payment of a fee of two dollars to the clerk of the district court or courts where such order, award, or judgment is filed. Upon filing, such order, award, or judgment shall have the same force and effect as a judgment of such district court or courts and all proceedings in relation thereto shall thereafter be the same as though the order,

award, or judgment had been rendered in a suit duly heard and determined by such district court or courts.

The date on which a workers' compensation court award is filed in a district court pursuant to this section is the date of the judgment for purposes of computing when the judgment becomes dormant under section 25-1515. Weber v. Gas 'N Shop, 278 Neb. 49, 767 N.W.2d 746 (2009).

The dormancy provisions of section 25-1515 apply to an award of the Nebraska Workers' Compensation Court which is filed in the district court pursuant to this section, and the date on which a workers' compensation award is filed in district court is the date of judgment for purposes of computing when the judgment becomes dormant. Allen v. Immanuel Med. Ctr., 278 Neb. 41, 767 N.W.2d 502 (2009).

This section has a nunc pro tunc, or "now for then," effect. Koterzina v. Copple Chevrolet, 249 Neb. 158, 542 N.W.2d 696 (1996).

Appellate award of attorney fees could be enforced under this section, where party had filed a copy of the award from the Workers' Compensation Court and had entered the appellate award into evidence. An award by the Supreme Court becomes "conclusive upon the parties" when it issues a mandate. Sherard v. State, 244 Neb. 743, 509 N.W.2d 194 (1993).

Workmen's Compensation Act, being complete and independent in itself, amends statutes already existing relative to filing fees without violating the constitutional provision relating to amendments, and no filing fees are required in compensation cases. Scott v. Dohse, 130 Neb. 847, 266 N.W. 709 (1936).

48-190 Suit against state or governmental agency; summons; service.

The state and governmental agencies created by the state may be sued in the Nebraska Workers' Compensation Court upon claims for compensation benefits under the Nebraska Workers' Compensation Act in the same manner as provided by such act for suits against individuals and corporations. In such proceedings summons issued by the compensation court shall be served in the manner provided for service of a summons in section 25-510.02. The issuance and service of summons in such manner shall be binding upon the state and such agencies in such actions, and the Attorney General is hereby authorized and empowered to waive the issuance and service of summons and enter voluntary appearance in such suits against the State of Nebraska.

48-191 Time; how computed.

Notwithstanding any more general or special law respecting the subject matter hereof, whenever the last day of the period within which a party to an action may file any document or pleading with the Nebraska Workers' Compensation Court, or take any other action with respect to a claim for compensation, falls on a Saturday, a Sunday, any day on which the compensation court is closed by order of the Chief Justice of the Supreme Court, or any day declared by statutory enactment or proclamation of the Governor to be a holiday, the next following day, which is not a Saturday, a Sunday, a day on which the compensation court is closed by order of the Chief Justice of the Supreme Court, or a day declared by such enactment or proclamation to be a holiday, shall be deemed to be the last day for filing any such document or pleading or taking any such other action with respect to a claim for compensation.

Reissue 2021 558
The plain language of this section is broad enough to include not only transactions between a party and the court, but also transactions between the parties. Herrington v. P.R. Ventures, 279 Neb. 754, 781 N.W.2d 196 (2010).

PART V

to consider, ascertain, adjust, determine, and allow any workers’ compensation claim. If any such claim is compromised or settled, the approval of the claimant, the Risk Manager, and the Attorney General shall be required and such settlements also shall be approved by the Nebraska Workers’ Compensation Court following the procedure in the Nebraska Workers’ Compensation Act.

### 48-195 Rules and regulations.

WORKERS’ COMPENSATION § 48-1.102

48-199 Suits; liability of state.

In all suits brought under sections 48-192 to 48-1,109, the state shall be liable in the same manner and to the same extent as a private individual under like circumstances, except that no writ of execution shall issue against the state or any state agency, and disposition of or offer to settle any claim made under sections 48-192 to 48-1,109 shall not be competent evidence of liability of the state or any employee or amount of damages.

Under former law, in order to harmonize this section and sections 48-1,102 and 48-125 in the context of waiting-time penalties in a manner which is consistent with the overall purpose of the Nebraska Workers’ Compensation Act, the Supreme Court holds that in order to avoid assessment of a waiting-time penalty with respect to that portion of a workers’ compensation award against the State which exceeds $50,000, the State must request review and appropriation of such amount during the first legislative session following the date the award became final and must pay such amount within 30 calendar days after the approval of the appropriation by the Legislature. Soto v. State, 270 Neb. 40, 699 N.W.2d 819 (2005).

One of the tests of compensability under the Workmen’s Compensation Act, in cases related to recreational or social activities, is whether the employer derives substantial direct benefit from the activity. Kuethe v. State, 191 Neb. 167, 214 N.W.2d 380 (1974).

48-1,100 Attorney General; represent state; duties; powers.

The Attorney General shall represent the state in any suit brought under sections 48-192 to 48-1,109, and is authorized to compromise or settle any such suit, with the approval of the Nebraska Workers’ Compensation Court.

48-1,101 Attorney General; delegation of powers and duties.

The Attorney General may authorize the deputy attorney general in charge of the Claims Division of the Department of Justice to perform any of the duties imposed upon the Attorney General by sections 48-192 to 48-1,109, and may employ other persons, firms, or corporations to investigate claims under sections 48-192 to 48-1,109.

48-1,102 Award or judgment; payment; procedure.

Any final, nonappealable award or judgment in favor of a claimant under sections 48-192 to 48-1,109 shall be certified by the Attorney General to the Risk Manager and to the Director of Administrative Services. The Director of Administrative Services shall promptly issue his or her warrant for payment of such award or judgment out of the Workers’ Compensation Claims Revolving Fund, if sufficient money is available in such fund, except that no portion in excess of one hundred thousand dollars of any award or judgment shall be paid until such award or judgment has been reviewed by the Legislature and specific appropriation made therefor. Notice of any portion of an award or judgment in excess of one hundred thousand dollars shall be delivered by the Risk Manager to the chairperson of the Business and Labor Committee of the Legislature at the next regular session of the Legislature convening after the date the award or judgment becomes final and nonappealable. Delivery of any warrant in satisfaction of an award or judgment shall be made only upon receipt of a written receipt by the claimant in a form provided by the Attorney General.

48-1,102 Under former law, in order to harmonize this section and
sections 48-199 and 48-125 in the context of waiting-time penal-
ties in a manner which is consistent with the overall purpose of
the Nebraska Workers’ Compensation Act, the Supreme Court
holds that in order to avoid assessment of a waiting-time penalty
with respect to that portion of a workers’ compensation award
against the State which exceeds $50,000, the State must request
review and appropriation of such amount during the first legis-
lativ session following the date the award became final and
must pay such amount within 30 calendar days after the approv-
al of the appropriation by the Legislature. Soto v. State, 270

48-1,103 Workers’ Compensation Claims Revolving Fund; established; defi-
ciency; notify Legislature; investment.

There is hereby established in the state treasury a Workers’ Compensation
Claims Revolving Fund, to be administered by the Risk Manager, from which
all workers’ compensation costs, including prevention and administration, shall
be paid. The fund may also be used to pay the costs of administering the Risk
Management Program. The fund shall receive deposits from assessments
against state agencies charged by the Risk Manager to pay for workers’ compensation costs. When the amount of money in the Workers’ Compensation Claims Revolving Fund is not sufficient to pay any awards or judgments under sections 48-192 to 48-1,109, the Risk Manager shall immediately advise the Legislature and request an emergency appropriation to satisfy such awards and judgments. Any money in the Workers’ Compensation Claims Revolving Fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act.

Department of Labor for purposes of filing complaints concerning nonpayment of wages.

48-303 Employment certificate; approval by school officer; report; investigation.

Except as otherwise provided in this section, an employment certificate shall be approved only by the superintendent of the school district in which the child resides or by a person authorized by him or her in writing or, when there is no superintendent, by a person authorized by the school district officers, except that no school district officer or other person authorized by this section may approve such certificate for any child then in or about to enter his or her own employment or the employment of a firm or corporation of which he or she is a member, officer, or employee or in whose business he or she is interested. If a child who resides in an adjoining state seeks to work in Nebraska, the Department of Labor may approve the employment certificate. The officer or person approving such certificate may administer the oath provided for therein or in any investigation or examination necessary for the approval thereof. No fee shall be charged for approving any such certificate or for administering any oath or rendering any services related thereto. The school board or board of education of each school district approving the employment certificate, or the department if the department has approved the employment certificate, shall establish and maintain proper records where copies of all such certificates and all documents connected therewith shall be filed and preserved and shall provide the necessary clerical services for carrying out sections 48-302 to 48-313. The person who issued the employment certificate shall report to the department any complaint concerning the conditions of employment of a child for whom a certificate is in force. Upon receipt of the report, the department shall make such investigation as it deems advisable to protect an individual child or to promote the youth-work program.

The person authorized to issue an employment certificate under section 48-303 shall not issue such certificate until he or she has received, examined, approved, and filed the following papers duly executed: (1) The school record of the child, properly filled out and signed as provided in section 48-306, showing the child has completed the work of the sixth grade of the public schools, or its equivalent, or is regularly attending night school in compliance with section 48-308; and (2) a passport or duly attested transcript of the certificate of birth or baptism or other religious or official record showing the date and place of birth of such child. A duly attested transcript of the birth certificate filed according to law with a registrar of vital statistics, or other officer charged with the duty of recording births, shall be conclusive evidence of the age of such child. The affidavit of the parent, guardian, or custodian of a child shall be required only in case none of such documents can be produced and filed,
showing the place and date of birth of such child, which affidavit must be taken before the officer issuing the employment certificate. Such employment certificate shall not be issued until such child has personally appeared before and been examined by the officer issuing the certificate and until such officer, after making such examination, signs and files in his or her office a statement that the child can read and legibly write simple sentences in the English language and that, in his or her opinion, the child has reached the normal development of a child of such child’s age, and the child is in sound health and is physically able to perform the work which such child intends to do. In doubtful cases such physical fitness shall be determined by a physician provided by the Department of Labor. In addition to the requirements of this section, if the child is under fourteen years of age, the employment certificate shall be issued only for employment in connection with an employment program supervised and sponsored by the school or school district such child attends. Whenever the person authorized to issue the employment certificate is in doubt about the age of a child, he or she may require the party or parties making application for the certificate to appear before the judge of the juvenile court or the county judge where the question of the age of the child shall be determined and the judgment of the court shall be final and binding upon the person issuing the certificate. Notice of the hearing before the court shall be given to some one of the persons authorized to demand inspection of employment certificates. the hour of 6 in the morning, nor after the hour of 8 in the evening if the child is under the age of fourteen, nor after the hour of 10 in the evening if such child is between the ages of fourteen and sixteen. The Department of Labor may issue a special permit to allow employment of such child beyond 10 p.m. upon being satisfied, after inspection of the working conditions, of the safety, healthfulness, and general welfare to the child of the business premises. The special permit may be issued for periods not to exceed ninety days and may be renewed only after reinspection. The fee for each permit or renewal shall be established by rule and regulation of the Commissioner of Labor, and all money so collected by the commissioner shall be remitted to the State Treasurer who shall credit the funds to the General Fund. Every employer shall post in a conspicuous place in every room where such children are employed a printed notice stating the hours required of them each day, the hours of commencing and stopping work, and the time allowed for meals. The printed form of such notice shall be furnished by the Department of Labor.

For purposes of this section, performing arts means musical and theatrical presentations and productions, including motion picture, theatre, radio, and television productions. Whoever continues to employ any child in violation of any of such sections, after being notified by an attendance officer or by the Department of Labor or by its assistants or employees, is, for every day thereafter that such employment continues, guilty of a Class II misdemeanor.

The failure of an employer of child labor to produce, upon request of a person authorized to demand the same, any employment certificate or list required by such sections shall be prima facie evidence of the illegal employment of any child whose employment certificate is not produced or whose name is not listed. Any corporation or employer retaining employment certificates in violation of such sections is guilty of a Class II misdemeanor.

Every person authorized or required to sign any certificate or statement prescribed by such sections who knowingly certifies or makes oath to any material false statement therein or who violates any of the provisions of such sections is guilty of a Class II misdemeanor.

48-312 Unlawful employment; evidence; visitation; reports.

48-412 Safety appliances; codes and standards.

All safety appliances prescribed by sections 48-401 to 48-424 shall be subject to the approval of the Commissioner of Labor. The commissioner is directed and empowered to formulate, adopt, publish and enforce such safety codes, orders, rules and standards as he deems necessary, in order that all employment and places of employment shall be, in all respects, so constructed, equipped, arranged, operated and maintained as to provide reasonable and adequate protection to the lives, health and safety of all persons employed therein and frequenting the same, as the nature of the employment will reasonably permit. Such codes as may be adopted shall be subject to modification, amendment or repeal at any time, in the discretion of the commissioner.

Safety appliance codes apply only where the relationship of employer and employee exists. Quist v. Duda, 159 Neb. 393, 67 N.W.2d 481 (1954).

The violation of a provision of a safety code intended to protect life, health, and safety of employees constitutes actionable negligence but such negligence must be shown to have been the proximate cause of the injury. Wertz v. Lincoln Liberty Life Ins. Co., 152 Neb. 451, 41 N.W.2d 740 (1950).

Rules of Department of Labor are not applicable to a farming and stockraising business. Groat v. Clausen, 139 Neb. 689, 298 N.W. 563 (1941).

48-413 Safety codes; adopt, amend, or repeal; Nebraska Safety Code for Building Construction; procedures.

(1) The Commissioner of Labor shall, from time to time, create advisory committees composed of employers, employees, and such other persons as the commissioner may designate, to advise him in formulating, adopting, amending or repealing such codes, orders, rules and standards. Before any code is adopted, amended or repealed there shall be a public hearing thereon, notice of which hearing shall be given such publicity as the commissioner deems necessary. The commissioner may make or cause to be made such investigations and surveys as will assist in the formulation and modification of such codes, orders, rules and standards.

(2) A safety code may be adopted as a regulation by the Commissioner of Labor and shall thereafter be known as the Nebraska Safety Code for Building Construction. A copy of this code, if so adopted, shall be kept on file in the office of the Commissioner of Labor. Any amendment or change thereafter made in such code shall become effective in this state only after public notice and hearing thereon as provided in the Administrative Procedure Act.

department, or such local authority or authorities, shall immediately cause an
inspection to be made of such scaffolding, platform or device, or the slings,

between the beams of floors with brick or fireproof material, all contractors for
carpenter work in the course of construction shall lay the underflooring
thereof, or a safe temporary floor on each story as the building progresses to
within at least two stories or floors below the story where the work is being

If a building in course of construction is five stories or more in height, no material needed for such construction shall be hoisted or lifted over public streets or alleys unless such street or alley shall be barricaded from use by the public. The chief officer in any city or village charged with the enforcement of local building laws and ordinances, shall cooperate with the Department of Labor in enforcing the provisions of sections 48-425 to 48-435.

Wages includes tips which are received while performing services which constitute employment and which are included in a written statement furnished to the employer pursuant to section 6053(a) of the Internal Revenue Code as defined in section 49-801.01.

With respect to services performed in employment in agricultural labor as is provided in subdivision (4)(c) of section 48-604, wages means cash remuneration and the cash value of commodities not intended for personal consumption by the worker and his or her immediate family for such services. With respect to services performed in employment in domestic service as is provided in subdivision (4)(d) of section 48-604, wages means cash remuneration for such services.

The term wages does not include:

(a) The amount of any payment, including any amount paid by an employer for insurance or annuities or into a fund to provide for such payment, made to,
or on behalf of, an individual in employment or any of his or her dependents under a plan or system established by an employer which makes provision for such individuals generally or for a class or classes of such individuals, including any amount paid by an employer for insurance or annuities or into a fund to provide for any such payment, on account of (i) sickness or accident disability, except, in the case of payments made to an employee or any of his or her dependents, this subdivision (i) shall exclude from wages only payments which are received under a workers’ compensation law, (ii) medical and hospitalization expenses in connection with sickness or accident disability, or (iii) death;

(b) The payment by an employer, without deduction from the remuneration of the employee, of the tax imposed upon an employee under section 3101 of the Internal Revenue Code as defined in section 49-801.01;

(c) Any payment on account of sickness or accident disability, or medical or hospitalization expenses in connection with sickness or accident disability, made by an employer to, or on behalf of, an individual after the expiration of six calendar months following the last calendar month in which such individual worked for such employer;

(d) Any payment made to, or on behalf of, an individual or his or her beneficiary (i) from or to a trust described in section 401(a) of the Internal Revenue Code as defined in section 49-801.01 which is exempt from tax under section 501(a) of the Internal Revenue Code as defined in section 49-801.01 at the time of such payment unless such payment is made to an employee of the trust as remuneration for services rendered as such employee and not as a beneficiary of the trust or (ii) under or to an annuity plan which, at the time of such payment, meets the requirements of section 401 of the Internal Revenue Code as defined in section 49-801.01;

(e) Any payment made to, or on behalf of, an employee or his or her beneficiary (i) under a simplified employee pension as defined by the commissioner, (ii) under or to an annuity contract as defined by the commissioner, other than a payment for the purchase of such contract which is made by reason of a salary reduction agreement, whether evidenced by a written instrument or otherwise, (iii) under or to an exempt governmental deferred compensation plan as defined by the commissioner, (iv) to supplement pension benefits under a plan or trust, as defined by the commissioner, to take into account some portion or all of the increase in the cost of living since retirement, but only if such supplemental payments are under a plan which is treated as a welfare plan, or (v) under a cafeteria benefits plan;

(f) Remuneration paid in any medium other than cash to an individual for service not in the course of the employer’s trade or business;

(g) Benefits paid under a supplemental unemployment benefit plan which satisfies the eight points set forth in Internal Revenue Service Revenue Ruling 56-249 as the ruling existed on January 1, 2015, and is in compliance with the standards set forth in Internal Revenue Service Revenue Rulings 58-128 and 60-330 as the rulings existed on January 1, 2015; and

(h) Remuneration for service performed in the employ of any state in the exercise of his or her duties as a member of the Army National Guard or Air National Guard or in the employ of the United States of America as a member of any military reserve unit;

(36) Week means such period of seven consecutive days as the commissioner may by rule and regulation prescribe;
§ 48-602  LABOR

(37) Week of unemployment with respect to any individual means any week during which he or she performs less than full-time work and the wages payable to him or her with respect to such week are less than his or her weekly benefit amount;

(38) Wholly owned subsidiary means a corporation, company, or other entity which has eighty percent or more of its outstanding voting stock or membership owned or controlled, directly or indirectly, by the parent entity; and

(39) Worksite employee has the same meaning as the term covered employee in section 48-2702.

Based upon the plain and ordinary meaning of the first definition contained in subsection (27) of this section, two elements must be satisfied to demonstrate unemployment: First, the individual must not perform any services for the relevant time period; and second, no wages may be payable with respect to that time period. Wadkins v. Lecuona, 274 Neb. 352, 740 N.W.2d 34 (2007).

In determining whether wages are payable with respect to a time period, within the meaning of subsection (27) of this section, the test is not in what week the remuneration is received but in what week it is earned or to which it may reasonably be considered to apply. Generally speaking, wages are tied to the week of work and not to the week in which they are paid. Wadkins v. Lecuona, 274 Neb. 352, 740 N.W.2d 34 (2007).

Vacation pay, within the meaning of subsection (18) of this section, is generally regarded, not as a gratuity or gift, but as additional wages for services performed. It is not in the nature of compensation for the calendar days it covers — it is more like a contracted-for bonus for a whole year’s work. A “vacation” is also understood to be a respite from active duty, during which activity or work is suspended, purposed for rest, relaxation, and personal pursuits. Wadkins v. Lecuona, 274 Neb. 352, 740 N.W.2d 34 (2007).

Under former law, wages may include noncash benefits under certain circumstances. In-kind benefits received in return for services provided may constitute wages for purposes of determining eligibility for unemployment compensation benefits. Lecuona v. McCord, 270 Neb. 213, 699 N.W.2d 403 (2005).

As a requisite matter, for an entity to be denominated an employee leasing company under subsection (11) of this section, it must be in the business of leasing employees to another entity. American Employers Group Inc. v. Department of Labor, 260 Neb. 405, 617 N.W.2d 808 (2000).

Under the former law, pursuant to subsection (24) of this section, employees who agree to take their earned vacation at a specific period of time for the employer’s convenience under the expectation that their employment will continue after that period are not unemployed for the purpose of receiving unemployment insurance benefits. Vlasic Foods International v. Lecuona, 260 Neb. 397, 618 N.W.2d 403 (2000).

One performing services under a contract but not receiving wages, as defined by subsection (16) of this section, performs services under a contract of hire unless one is an independent contractor, as defined by the common law. Omaha World-Herald v. Dernier, 253 Neb. 215, 570 N.W.2d 508 (1997).

A professional symphony musician employed under a seasonal contract rather than an annual contract was entitled to unemployment benefits for the time he was unemployed during the symphony’s “off season.” Hanlon v. Boden, 209 Neb. 169, 306 N.W.2d 858 (1981).

(8) The state or any political subdivision thereof and any instrumentality of any one or more of the foregoing;

(9) Any organization for which service in employment as defined in subdivision (4)(b) of section 48-604 is performed;

(10) Any individual or employing unit for which service in employment as defined in subdivision (4)(c) of section 48-604 is performed;
(11) Any individual or employing unit for which service in employment as defined in subdivision (4)(d) of section 48-604 is performed; and

(12)(a) In determining whether or not an employing unit for which service other than domestic service is also performed is an employer under subdivision (1) or (10) of this section, the wages earned or the employment of an employee performing domestic service shall not be taken into account; and

(b) In determining whether or not an employing unit for which agricultural labor is also performed is an employer under subdivision (11) of this section, the wages earned or the employment of an employee performing services in agricultural labor shall not be taken into account. If an employing unit is determined an employer of agricultural labor, such employing unit shall be determined an employer for the purposes of subdivision (1) of this section.

48-603.01 Indian tribes; applicability of Employment Security Law.

(1) For purposes of the Employment Security Law, unless the context otherwise requires, the term employer shall include any Indian tribe for which services in employment as provided in subdivision (4)(a) of section 48-604 are performed.

(2) The term employment shall include service performed in the employ of an Indian tribe, as defined in 26 U.S.C. 3306(u), as such section existed on January 1, 2015, if such service is excluded from employment as defined in the Federal Unemployment Tax Act solely by reason of 26 U.S.C. 3306(c)(7), as such section existed on January 1, 2015, and is not otherwise excluded from employment under the Employment Security Law. For purposes of this section, the exclusions from employment in subdivisions (6)(f) and (6)(g) of section 48-604 shall be applicable to services performed in the employment of an Indian tribe.

(3) Benefits based on service in employment defined in this section shall be payable in the same amount, on the same terms, and subject to the same conditions as benefits payable on the basis of other covered employment under the Employment Security Law. Section 48-628.06 shall apply to services performed in an educational institution or educational service agency owned or operated by an Indian tribe.

(4)(a) Indian tribes or tribal units, subdivisions, subsidiaries, or business enterprises wholly owned by such Indian tribes, subject to the Employment Security Law, shall pay combined tax under the same terms and conditions as all other subject employers, unless they elect to make payments in lieu of contributions equal to the amount of benefits attributable to service in the employ of the Indian tribe.

(b) Indian tribes electing to make payments in lieu of contributions shall make such election in the same manner and under the same conditions as provided in section 48-649.04 pertaining to state and local governments subject to the Employment Security Law. Indian tribes shall determine if reimburse-
ment for benefits paid will be elected by the tribe as a whole, by individual tribal units, or by combinations of individual tribal units.

(c) Except as provided in subsection (7) of this section, Indian tribes or tribal units shall be billed for the full amount of benefits attributable to service in the employ of the Indian tribe or tribal unit on the same schedule as other employing units that have elected to make payments in lieu of contributions.

(d) At the discretion of the commissioner, any Indian tribe or tribal unit that elects to become liable for payments in lieu of contributions shall be required within thirty days after the effective date of its election to:

(i) Execute and file with the commissioner a surety bond approved by the commissioner; or

(ii) Deposit with the commissioner money or securities on the same basis as other employers with the same election option.

(5)(a)(i) Failure of the Indian tribe or tribal unit to make required payments, including assessments of interest and penalty, within ninety days of receipt of the bill will cause the Indian tribe to lose the option to make payments in lieu of contributions, as described in subsection (4) of this section, for the following tax year unless payment in full is received before combined tax rates for the next tax year are computed.

(ii) Any Indian tribe that loses the option to make payments in lieu of contributions due to late payment or nonpayment, as described in subdivision (5)(a)(i) of this section, shall have such option reinstated if, after a period of one year, all combined taxes have been paid timely and no combined tax, payments in lieu of contributions for benefits paid, penalties, or interest remain outstanding.

(b)(i) Failure of the Indian tribe or any tribal unit thereof to make required payments, including assessments of interest and penalty, after all collection activities deemed necessary by the commissioner have been exhausted will cause services performed for such tribe to not be treated as employment for purposes of subsection (2) of this section.

(ii) The commissioner may determine that any Indian tribe that loses coverage under subdivision (5)(b)(i) of this section may have services performed for such tribe again included as employment for purposes of subsection (2) of this section if all contributions, payments in lieu of contributions, penalties, and interest have been paid.

(6) Notices of payment and reporting delinquency to Indian tribes or their tribal units shall include information that failure to make full payment within the prescribed timeframe:

(a) Will cause the Indian tribe to be liable for taxes under the Federal Unemployment Tax Act, as the act existed on January 1, 2015;

(b) Will cause the Indian tribe to lose the option to make payments in lieu of contributions; and

(c) Could cause the Indian tribe to be excepted from the definition of employer, as provided in subsection (1) of this section, and services in the employ of the Indian tribe, as provided in subsection (2) of this section, to be excepted from employment.
§ 48-603.01  LABOR

(7) Extended benefits paid that are attributable to service in the employ of an Indian tribe and not reimbursed by the federal government shall be financed in their entirety by such Indian tribe.

(8) If an Indian tribe fails to make payments required under this section, including assessments of interest and penalty, within ninety days after a final notice of delinquency, the commissioner shall immediately notify the United States Internal Revenue Service and the United States Department of Labor.

(iii) The services performed by the person are performed pursuant to a written contract between such person and the person for whom the services are performed and the contract provides that the person will not be treated as an employee for federal and state tax purposes. Sales by a person whose business is conducted primarily by telephone or any other form of electronic sales or solicitation is not service performed by a direct seller under this subdivision;

(u) Service performed by an individual who is a participant in the National and Community Service State Grant Program, also known as AmeriCorps, because a participant is not considered an employee of the organization receiving assistance under the national service laws through which the participant is engaging in service pursuant to 42 U.S.C. 12511(30)(B); and

(v) Service performed at a penal or custodial institution by a person committed to a penal or custodial institution;

(7) If the services performed during one-half or more of any pay period by an individual for the person employing him or her constitute employment, all the services of such individual for such period shall be deemed to be employment, but if the services performed during more than one-half of any such pay period by an individual for the person employing him or her do not constitute employment, then none of the services of such individual for such period shall be deemed to be employment. As used in this subdivision, the term pay period
§ 48-604 LABOR

means a period, of not more than thirty-one consecutive days, for which a payment of remuneration is ordinarily made to such individual by the person employing him or her. This subdivision shall not be applicable with respect to services performed in a pay period by an individual for the person employing him or her when any of such service is excepted by subdivision (6)(h) of this section; and

(8) Notwithstanding the foregoing exclusions from the definition of employment, services shall be deemed to be in employment if with respect to such services a tax is required to be paid under any federal law imposing a tax against which credit may be taken for contributions required to be paid into a state unemployment compensation fund or which as a condition for full tax credit against the tax imposed by the Federal Unemployment Tax Act, as amended, is required to be covered under the Employment Security Law.

Services performed in the position of county attorney are excepted from the definition of employment, and thus, wages earned in that capacity are not for covered “employment” for purposes of unemployment insurance benefits. Lang v. Howard County, 287 Neb. 66, 840 N.W.2d 876 (2013).

The position of county attorney is one that has been designated “a major nontenured policymaking or advisory position” under or pursuant to Nebraska law. Lang v. Howard County, 287 Neb. 66, 840 N.W.2d 876 (2013).

Since subsection (5) of this section refers only to services performed for wages, the ABC test embodied therein does not apply in determining whether one engages in employment under a contract of hire. Omaha World-Herald v. Dernier, 253 Neb. 215, 570 N.W.2d 508 (1997).

For the purpose of determining unemployment tax liability, the common-law definition of independent contractor is superceded by the definition found in this section. Commissioner of Labor v. Lyric Co., 224 Neb. 190, 397 N.W.2d 32 (1986).

Individuals who provide services for welfare recipients at the request of the Nebraska Department of Public Welfare, now Department of Social Services, pursuant to 42 U.S.C. 1397 (1982) are independent contractors and not employees of the Department of Public Welfare within the meaning of this section. State v. Saville, 219 Neb. 81, 361 N.W.2d 215 (1985).

Where school has certified to an employer that work-study is an integral part of its educational program, the employer should be allowed to rely on that assurance, particularly when such conclusion is adequately supported by the record. The exemption from the term “employment” in section 48-604(6)(o) includes participation in a voluntary work-study program as long as grades and credits received are applied toward high school degree and it is part of an approved course of study. Exclusion of section 48-604(6)(o) is intended to encourage employers to participate in cooperative educational plans. Seldin Development & Management Co. v. Chizek, 208 Neb. 315, 303 N.W.2d 300 (1981).

Where orchestra leader was engaged by hotel for specific services at a fixed price, hired his own employees and paid and controlled them in the performance of their duties without interference, leader was an independent contractor and hotel was not liable for unemployment compensation for member of orchestra. Hill Hotel Co. v. Kinney, 138 Neb. 760, 295 N.W. 397 (1940).

Each member of the Legislature shall receive an electronic copy of such information upon request to the commissioner.

The commissioner, upon approval by the Department of Administrative Services, is authorized and empowered to use any such funds to acquire suitable office space for local employment offices anywhere in the State of Nebraska.

48-607 Rules and regulations; adoption; procedure.

administration or enforcement of law or the execution of the official responsi-
bilities of a federal, state, or local elected official. Administration of law
includes research related to the law administered by the public official. Execu-
tion of official responsibilities does not include solicitation of contributions or

(c) An attorney who presents written evidence that he or she is representing the individual or employer in a matter arising under the Employment Security Law; or

(d) A third party or its agent carrying out the administration or evaluation of a public program. The third party or agent must obtain a written release from the individual or employer to whom the information pertains. In the administration of the Employment Security Law, the Commissioner of Labor shall cooperate, to the fullest extent consistent with such law, with the Secretary of Labor of the United States. The commissioner is authorized and directed to adopt appropriate rules and regulations, administrative methods, and standards, as may be necessary to secure to this state and its citizens all advantages available under the Social Security Act, under sections 3303 and 3304 of the Federal Unemployment Tax Act, and under the Act of Congress entitled An act to provide for the establishment of a national employment

The commissioner shall make such reports, in such form and containing such information as the Secretary of Labor may from time to time require, and shall comply with such provisions as the Secretary of Labor may from time to time find necessary to assure the correctness and verification of such reports. Upon request, the commissioner shall furnish to any agency of the United States charged with the administration of public works or assistance through public employment the name, address, ordinary occupation, and employment status of each recipient of benefits and such recipient’s rights to further benefits under the Employment Security Law. The treasurer shall administer the Unemployment Compensation Fund in accordance with the directions of the commissioner and shall issue his or her warrants upon it in accordance with such rules and regulations as adopted and promulgated by the commissioner. The treasurer shall maintain within the Unemployment Compensation Fund three separate accounts:

(a) A clearing account;
(b) An Unemployment Trust Fund account; and
(c) A benefit account.

(2) All money payable to the Unemployment Compensation Fund, upon receipt by the commissioner, shall be forwarded to the treasurer. Transfers of interest on delinquent contributions pursuant to subdivision (1)(b) of section 48-621 and refunds payable pursuant to section 48-660 may be paid from the clearing account upon warrants issued by the treasurer of the Unemployment Compensation Fund under the direction of the commissioner. After clearance, all other money in the clearing account shall be immediately deposited with the Secretary of the Treasury of the United States of America to the credit of the account of this state in the Unemployment Trust Fund. The benefit account shall consist of all money requisitioned from this state’s account in the Unemployment Trust Fund. Except as herein otherwise provided, money in the clearing and benefit accounts may be deposited by the treasurer under the direction of the commissioner in any bank or public depository in which general funds of the state may be deposited. No public deposit insurance charge or premium shall be paid out of the Unemployment Compensation Fund.

For such purposes and to the extent required, credits to the account pursuant to section 903 of the federal Social Security Act may be transferred to the Employment Security Administration Fund established in subdivision (1)(a) of section 48-621. The commissioner shall from time to time requisition from the Unemployment Trust Fund such amounts as he or she deems necessary for the payment of benefits for a reasonable future period, not to exceed the amounts standing to this state’s account therein. Upon receipt thereof, the treasurer shall deposit such money in the benefit account and shall issue his or her warrants as provided by law for the payment of benefits solely from such benefit account. Expenditures of such money in the benefit account and refunds from the clearing account shall not be subject to any provisions of law requiring specific appropriations.

(2) Any balance of money requisitioned from the Unemployment Trust Fund, which remains unclaimed or unpaid in the benefit account after the expiration of the period for which such sums were requisitioned, shall, at the discretion of the commissioner, either be:

(3) Any warrant issued for the payment of benefits that is duly issued and delivered or mailed to a claimant and not presented for payment within one year from the date of its issue may be invalidated and the amount thereof credited to the benefit account, except that a substitute warrant may be issued and charged to the benefit account on proper showing at any time within the year next following. A claim for payment of an invalidated warrant not made within one year of original issuance may be presented for payment as a miscellaneous claim under the State Miscellaneous Claims Act. Any charge made to an employer’s account pursuant to section 48-652 for any such invalidated benefit warrant shall stand as originally made.

48-620 Unemployment Trust Fund; discontinuance.

(1) The provisions of sections 48-617 to 48-619, to the extent that they relate to the Unemployment Trust Fund, shall be operative only so long as such Unemployment Trust Fund continues to exist and so long as the Secretary of the Treasury of the United States of America continues to maintain for this state a separate book account of all funds deposited therein by this state for benefit purposes. The separate book account for this state shall also include the state’s proportionate share of earnings from the Unemployment Trust Fund, from which no other state is permitted to make withdrawals. If and when the Unemployment Trust Fund ceases to exist or such separate book account is no longer maintained, all money, properties, or securities therein belonging to the Unemployment Compensation Fund of this state shall be transferred to the treasurer of the Unemployment Compensation Fund.

(2) If advances to the Unemployment Trust Fund under Title XII of the federal Social Security Act are necessary, any interest required to be paid on such advances shall be paid in a timely manner and shall not be paid by this state, directly or indirectly, by an equivalent reduction in state unemployment taxes or otherwise, from amounts in the Unemployment Compensation Fund.

48-621 Employment Security Administration Fund; Employment Security Special Contingent Fund; created; use; investment; federal funds; treatment.

(1) The administrative fund shall consist of the Employment Security Administration Fund and the Employment Security Special Contingent Fund. Each fund shall be maintained as a separate and distinct account in all respects, as follows:

(a) There is hereby created in the state treasury a special fund to be known as the Employment Security Administration Fund. All money credited to this fund is hereby appropriated and made available to the Commissioner of Labor. All money in this fund shall be expended solely for the purposes and in the amounts found necessary as defined by the specific federal programs, state statutes, and contract obligations for the proper and efficient administration of all programs of the Department of Labor. The fund shall consist of all money appropriated by this state and all money received from the United States of America or any agency thereof, including the Department of Labor and the Railroad Retirement Board, or from any other source for such purpose. Money
received from any agency of the United States or any other state as compensation for services or facilities supplied to such agency, any amounts received pursuant to any surety bond or insurance policy for losses sustained by the Employment Security Administration Fund or by reason of damage to equipment or supplies purchased from money in such fund, and any proceeds realized from the sale or disposition of any equipment or supplies which may no longer be necessary for the proper administration of such programs shall also be credited to this fund. All money in the Employment Security Administration Fund shall be deposited, administered, and disbursed in the same manner and under the same conditions and requirements as provided by law for other special funds in the state treasury. Any balances in this fund, except balances of money therein appropriated from the General Fund of this state, shall not lapse at any time. Fund balances shall be continuously available to the commissioner for expenditure consistent with the Employment Security Law. Any money in the Employment Security Administration Fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act; and

(b) There is hereby created in the state treasury a special fund to be known as the Employment Security Special Contingent Fund. Any money in the Employment Security Special Contingent Fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act. All money collected under section 48-655 as interest on delinquent contributions, less refunds, shall be credited to this fund from the clearing account of the Unemployment Compensation Fund at the end of each calendar quarter. Such money shall not be expended or available for expenditure in any manner to permit substitution for, or a corresponding reduction in, federal funds which, in the absence of such money, would be available to finance expenditures for the administration of the unemployment insurance law. However, nothing in this section shall prevent the money in the Employment Security Special Contingent Fund from being used as a revolving fund to cover necessary and proper expenditures under the law for which federal, state, or contractual funds are owed but have not yet been received. Upon receipt of such funds, covered expenditures shall be charged against such funds. Money in the Employment Security Special Contingent Fund may only be used by the Commissioner of Labor as follows:

(i) To replace within a reasonable time any money received by this state pursuant to section 302 of the federal Social Security Act, as amended, and required to be paid under section 48-622;

(ii) To meet special extraordinary and contingent expenses which are deemed essential for good administration but which are not provided in grants from the Secretary of Labor of the United States. No expenditures shall be made from this fund for this purpose except on written authorization by the Governor at the request of the Commissioner of Labor; and

(iii) To be transferred to the Job Training Cash Fund.

(2)(a) Money credited to the account of this state in the Unemployment Trust Fund by the United States Secretary of the Treasury pursuant to section 903 of the Social Security Act may not be requisitioned from this state’s account or used except:
(i) For the payment of benefits pursuant to section 48-619; and

(ii) For the payment of expenses incurred for the administration of the Employment Security Law and public employment offices. Money requisitioned or used for this purpose must be pursuant to a specific appropriation by the Legislature. Any such appropriation law shall specify the amount and purposes for which the money is appropriated and must be enacted before expenses may be incurred and money may be requisitioned. Such appropriation is subject to the following conditions:

(A) Money may be obligated for a limited period ending not more than two years after the effective date of the appropriation law; and

(B) An obligated amount shall not exceed the aggregate amounts transferred to the account of this state pursuant to section 903 of the Social Security Act less the aggregate of amounts used by this state pursuant to the Employment Security Law and amounts charged against the amounts transferred to the account of this state.

(b) For purposes of subdivision (2)(a)(ii)(B) of this section, amounts appropriated for administrative purposes shall be charged against transferred amounts when the obligation is entered into.

(c) The appropriation, obligation, and expenditure or other disposition of money appropriated under this subsection shall be accounted for in accordance with standards established by the United States Secretary of Labor.

(d) Money appropriated as provided in this subsection for the payment of administration expenses shall be requisitioned as needed for the payment of obligations incurred under such appropriation. Upon requisition, administration expenses shall be credited to the Employment Security Administration Fund from which such payments shall be made. Money so credited shall, until expended, remain a part of the Employment Security Administration Fund. If not immediately expended, credited money shall be returned promptly to the account of this state in the Unemployment Trust Fund.

(e) Notwithstanding subdivision (2)(a) of this section, money credited with respect to federal fiscal years 1999, 2000, and 2001 shall be used solely for the administration of the unemployment compensation program and are not subject to appropriation by the Legislature.

48-622 Funds lost and improper expenditures; replacement; reimbursement.

This state recognizes its obligation to replace, and hereby pledges the faith of this state that funds will be provided in the future, and applied to the replacement of, any money received from the Secretary of Labor of the United States under Title III of the Social Security Act, any unencumbered balances in the Employment Security Administration Fund, any money granted to this state pursuant to the Wagner-Peyser Act, and any money made available by the state or its political subdivisions and matched by such money granted to this state pursuant to the Wagner-Peyser Act, which the Secretary of Labor finds has, because of any action or contingency, been lost or has been expended for purposes other than, or in amounts in excess of, those found necessary by the Secretary of Labor for the proper administration of the Employment Security Law. To the extent possible such money shall be promptly replaced by money appropriated for such purpose from the Employment Security Special Contingent Fund of this state to the Employment Security Administration Fund for expenditure as provided in section 48-621.

(3) If and when the state unemployment insurance tax ceases to exist as determined by the Governor, all money then in the State Unemployment Insurance Trust Fund less accrued interest shall be immediately transferred to the credit of the state’s account in the Unemployment Trust Fund, any provision of law in this state relating to the deposit, administration, release, or disbursement of money in the possession or custody of this state to the contrary notwithstanding. The determination to eliminate the state unemployment insurance tax shall be based on the solvency of the state’s account in the Unemployment Trust Fund and the need for training of Nebraska workers. Accrued

(3) The Administrative Costs Reserve Account is created within the Nebraska Training and Support Cash Fund. Money shall be allocated from the Nebraska Training and Support Cash Fund to the Administrative Costs Reserve Account in amounts sufficient to pay the anticipated administrative costs identified in subsection (2) of this section.

   (b) A representative of employees in Nebraska;
   (c) A representative of the public;

The guidelines shall give priority to training that contributes to the expansion of the Nebraska workforce and increasing the pool of highly skilled workers in Nebraska.

(4) By December 31 of each year, the Department of Labor shall provide a report to the Governor covering the activities of the program financed by the Nebraska Training and Support Cash Fund for the previous fiscal year. All benefits provided in the Employment Security Law shall be payable from the Unemployment Compensation Fund. All benefits shall be paid through employment offices in accordance with rules and regulations adopted and promulgated by the Commissioner of Labor.

48-624 Benefits; weekly benefit amount; calculation.

For any benefit year beginning on or after January 1, 2018:

(1) An individual’s weekly benefit amount shall be one-half of his or her average weekly wage rounded down to the nearest even whole dollar amount,
§ 48-624

LABOR

but shall not exceed one-half of the state average weekly wage as annually determined under section 48-121.02;

(2) For purposes of this section, an individual's average weekly wage shall equal the wages paid for insured work in the highest quarter of the base period divided by thirteen; and

(3) Any change in the weekly benefit amounts prescribed in this section or in the maximum annual benefit amount prescribed in section 48-626 shall be applicable for the calendar year following the annual determination made pursuant to section 48-121.02.

48-625 Benefits; weekly payment; how computed.

(1) Each eligible individual who is unemployed in any week shall be paid with respect to such week a benefit in an amount equal to his or her full weekly benefit amount if he or she has wages payable to him or her with respect to such week equal to one-fourth of such benefit amount or less. In the event he or she has wages payable to him or her with respect to such week greater than one-fourth of such benefit amount, he or she shall be paid with respect to that week an amount equal to the individual's weekly benefit amount less that part of wages payable to the individual with respect to that week in excess of one-fourth of the individual's weekly benefit amount. In the event there is any deduction from such individual’s weekly benefit amount because of earned wages pursuant to this subsection or as a result of the application of section 48-628.02, the resulting benefit payment, if not an exact dollar amount, shall be computed to the next lower dollar amount.

(2) Any amount of unemployment compensation payable to any individual for any week, if not an even dollar amount, shall be rounded to the next lower full dollar amount.

The percentage of benefits and the percentage of extended benefits which are federally funded may be adjusted in accordance with the Balanced Budget and Emergency Deficit Control Act of 1985, Public Law 99-177.

48-626 Benefits; maximum annual amount; determination.

(1) For any benefit year beginning before October 1, 2018, any otherwise eligible individual shall be entitled during any benefit year to a total amount of benefits equal to whichever is the lesser of (a) twenty-six times his or her benefit amount or (b) one-third of his or her wages in the employment of each employer per calendar quarter of his or her base period; except that when any individual has been separated from his or her employment with a base period employer under the circumstances under which he or she was or could have been determined disqualified under section 48-628.10 or 48-628.12, the total benefit amount based on the employment from which he or she was so separated shall be reduced by an amount equal to the number of weeks for which he or she is or would have been disqualified had he or she filed a claim immediately after the separation, multiplied by his or her weekly benefit amount, but not more than one reduction may be made for each separation. In no event shall the benefit amount based on employment for any employer be reduced to less than one benefit week when the individual was or could have been determined disqualified under section 48-628.12.

(2) For any benefit year beginning on or after October 1, 2018, any otherwise eligible individual shall be entitled during any benefit year to a total amount of benefits equal to whichever is the lesser of (a) twenty-six times his or her weekly benefit amount or (b) one-third of his or her wages in the employment of each employer per calendar quarter of his or her base period; except that when any individual has been separated from his or her employment with a base period employer under circumstances under which he or she was or could have been determined disqualified under section 48-628.10 or 48-628.12, the total benefit amount based on the employment from which he or she was so separated shall be reduced by an amount determined pursuant to subsection (3) of this section, but not more than one reduction may be made for each separation. In no event shall the benefit amount based on employment for any employer be reduced to less than one benefit week when the individual was or could have been determined disqualified under section 48-628.12.

(3) For purposes of determining the reduction of benefits described in subsection (2) of this section:

(a) If the claimant has been separated from his or her employment under circumstances under which he or she was or could have been determined disqualified under section 48-628.12, his or her total benefit amount shall be reduced by:

(i) Two times his or her weekly benefit amount if he or she left work voluntarily for the sole purpose of accepting previously secured, permanent, full-time, insured work, which he or she does accept, which offers a reasonable expectation of betterment of wages or working conditions, or both, and for which he or she earns wages payable to him or her; or

(ii) Thirteen times his or her weekly benefit amount if he or she left work voluntarily without good cause for any reason other than that described in subdivision (3)(a)(i) of this section; and
§ 48-626 LABOR

(b) If the claimant has been separated from his or her employment under circumstances under which he or she was or could have been determined disqualified under section 48-628.10, his or her total benefit amount shall be reduced by fourteen times his or her weekly benefit amount.

(4) For purposes of sections 48-623 to 48-626, wages shall be counted as wages for insured work for benefit purposes with respect to any benefit year only if such benefit year begins subsequent to the date on which the employer by whom such wages were paid has satisfied the conditions of section 48-603 or subsection (3) of section 48-661 with respect to becoming an employer.

(5) In order to determine the benefits due under this section and sections 48-624 and 48-625, each employer shall make reports, in conformity with reasonable rules and regulations adopted and promulgated by the commissioner, of the wages of any claimant. If any employer fails to make such a report within the time prescribed, the commissioner may accept the statement of such claimant as to his or her wages, and any benefit payments based on such statement of earnings, in the absence of fraud or collusion, shall be final as to the amount.

The duration of maximum benefits is not affected by discharge for ordinary misconduct. Grand Island Baking Co. v. Frantz, 141 Neb. 803, 4 N.W.2d 921 (1942).

48-627 Benefits; eligibility conditions; availability for work; requirements.

An unemployed individual shall be eligible to receive benefits with respect to any week, only if the Commissioner of Labor finds:

(1) He or she has registered for work at an employment office, is actively searching for work, and thereafter reports at an employment office in accordance with such rules and regulations as the commissioner may adopt and promulgate. The commissioner may, by rule and regulation, waive or alter any of the requirements of this subdivision as to individuals attached to regular jobs and as to such other types of cases or situations if the commissioner finds that compliance with such requirements would be oppressive or inconsistent with the purposes of the Employment Security Law;

(2) He or she has made a claim for benefits in accordance with section 48-629;

(3)(a) He or she is able to work and is available for work.

(b) No individual, who is otherwise eligible, shall be deemed ineligible, or unavailable for work, because he or she is on vacation without pay during such week, if such vacation is not the result of his or her own action as distinguished from any collective action by a collective-bargaining agent or other action beyond his or her individual control, and regardless of whether he or she was notified of the vacation at the time of his or her hiring.
(c) An individual who is otherwise eligible shall not be deemed unavailable for work or failing to engage in an active work search solely because such individual is seeking part-time work if the majority of the weeks of work in an individual’s base period include part-time work. For purposes of this subdivision, seeking only part-time work shall mean seeking less than full-time work having comparable hours to the individual’s part-time work in the base period, except that the individual must be available for work at least twenty hours per week.

(d) Receipt of a non-service-connected total disability pension by a veteran at the age of sixty-five or more shall not of itself bar the veteran from benefits as not able to work.

(e) An otherwise eligible individual while engaged in a training course approved for him or her by the commissioner shall be considered available for work for the purposes of this section.

(f) An inmate sentenced to and in custody of a penal or custodial institution shall be considered unavailable for work for purposes of this section;

4. He or she has been unemployed for a waiting period of one week. No week shall be counted as a week of unemployment for the purpose of this subdivision (a) unless it occurs within the benefit year, which includes the week with respect to which he or she claims payment of benefits, (b) if benefits have been paid with respect thereto, or (c) unless the individual was eligible for benefits with respect thereto, as provided in sections 48-627, 48-627.01, 48-628, and 48-628.02 to 48-628.12, except for the requirements of this subdivision; and

5. He or she is participating in reemployment services at no cost to such individual as directed by the commissioner, such as job search assistance services, if the individual has been determined to be likely to exhaust regular benefits and to need reemployment services pursuant to a profiling system established by rule and regulation of the commissioner which is in compliance with section 303(j)(1) of the federal Social Security Act, unless the commissioner determines that:

(a) The individual has completed such services; or

(b) There is justifiable cause for the claimant’s failure to participate in such services.

Without an order from the sentencing court granting the privilege to leave the jail for work, an inmate was not “available” for work under this section. Robinson v. Commissioner of Labor, 267 Neb. 579, 675 N.W.2d 683 (2004).

This section describes weekly requirements for continuing eligibility and does not address the reasons why a person became unemployed or threshold questions of eligibility. Ponderosa Villa v. Hughes, 224 Neb. 627, 399 N.W.2d 813 (1987).

A lump-sum severance allowance paid to a claimant is not to be prorated to the calendar quarters immediately following the date of payment in order to determine whether the monetary eligibility requirements of subdivision (e) of this section have been met. Sorensen v. Meyer, 220 Neb. 457, 370 N.W.2d 173 (1985).

48-627.01 Benefits; monetary eligibility; earned wages; adjustment.

(1) In addition to the requirements of section 48-627, for any benefit year beginning on or after January 1, 2018, an unemployed individual shall be monetarily eligible to receive benefits if the commissioner finds he or she has:

(a) Earned total wages for employment by employers equal to not less than four thousand one hundred forty-five dollars and seventy-four cents within his or her base period. Of such total wages, at least one thousand eight hundred fifty dollars shall have been paid in one quarter in his or her base period and eight hundred dollars shall have been paid in a second quarter of his or her base period; and

(b) Earned wages in insured work of at least six times his or her weekly benefit amount for the previous benefit year subsequent to filing the claim which establishes the previous benefit year.

(2) Beginning on January 1, 2019, and each January 1 thereafter, the amount which an individual is required to earn within his or her base period under subdivision (1)(a) of this section shall be adjusted annually. The adjusted amount shall be equal to the then current amount adjusted by the cumulative percentage change in the Consumer Price Index for All Urban Consumers published by the Federal Bureau of Labor Statistics for the one-year period ending on the previous September 30. If such adjusted amount is not a whole dollar amount, the adjusted amount shall be rounded down to the nearest whole dollar amount.

(3) For purposes of this section:

(a) For the determination of monetary eligibility, wages paid within a base period shall not include wages from any calendar quarter previously used to establish a valid claim for benefits; and

(b) For benefit purposes, wages shall be counted as wages for insured work with respect to any benefit year only if such benefit year begins subsequent to the date on which the employer, by whom such wages were paid, has satisfied the conditions of section 48-603 or subsection (3) of section 48-661 with respect to becoming an employer.

48-628 Benefits; conditions disqualifying applicant; exceptions.

(1) An individual shall be disqualified for benefits for any week of unemployment in which the commissioner finds he or she has failed, without good cause, to apply for available, suitable work when so directed by the employment office or the commissioner, to accept suitable work offered him or her, or to return to his or her customary self-employment, if any, and for the twelve weeks immediately thereafter. The total benefit amount to which he or she is then entitled shall be reduced by an amount equal to the number of weeks for which he or she has been disqualified by the commissioner.

(2) In determining whether or not any work is suitable for an individual, the commissioner shall consider the following:

(a) The degree of risk involved to the individual's health, safety, and morals;
(b) His or her physical fitness and prior training;
(c) His or her experience and prior earnings;
(d) His or her length of unemployment and prospects for securing local work in his or her customary occupation; and
(e) The distance of the available work from his or her residence.

(3) Notwithstanding any other provisions of the Employment Security Law, no work shall be deemed suitable and benefits shall not be denied under such law to any otherwise eligible individual for refusing to accept new work under any of the following conditions:

(a) If the position offered is vacant due directly to a strike, lockout, or other labor dispute;
(b) If the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality; or
(c) If, as a condition of being employed, the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization.

(4) Notwithstanding any other provisions in this section relating to failure to apply for or a refusal to accept suitable work, no otherwise eligible individual shall be denied benefits with respect to any week in which he or she is in training with the approval of the commissioner.

(5) No individual shall be disqualified for refusing to apply for available, full-time work or accept full-time work under subsection (1) of this section solely because such individual is seeking part-time work if the majority of the weeks of work in an individual’s base period include part-time work. For purposes of this subsection, seeking only part-time work shall mean seeking less than full-time work having comparable hours to the individual's part-time work in the base period, except that the individual must be available for work at least twenty hours per week.

§ 48-628
LABOR

1. Eligibility for benefits
2. Voluntary termination of employment
3. Stoppage of work
4. Misconduct
5. Miscellaneous

1. Eligibility for benefits

In the circumstances of multiple employment, a decision to voluntarily leave part-time employment without good cause does not disqualify one from receiving full unemployment compensation against which the statutory disqualification is to apply. McClemens v. United Parcel Serv., 218 Neb. 451, 355 N.W.2d 147 (1983).

When determining if an employee, discharged for violating a company rule forbidding company employees from having contact with prior employees, is to be disqualified from receiving benefits under this statute, it must be determined if the rule has a reasonable relationship to the employer’s interest. Rule here held not to be so related to the employer’s interest. Snyder Industries, Inc. v. Otto, 212 Neb. 40, 321 N.W.2d 77 (1982).

The disqualification of employees of educational institutions and professional athletes for unemployment benefits under this provision does not include professional symphony musicians. The provisions of the unemployment compensation act should be liberally construed in favor of those claiming benefits under it. Hanlon v. Boden, 209 Neb. 169, 306 N.W.2d 858 (1981).

Pursuant to subsection (5)(b) of this section, receipt of workers’ compensation temporary disability benefits disqualifies a person from receiving unemployment benefits unless the amount of workers’ compensation benefits is less than the amount recoverable for unemployment. In that situation, the individual is entitled to the difference. Hernandez v. JBS USA, 20 Neb. App. 634, 828 N.W.2d 765 (2013).

For purposes of subdivision (7) of this section, a student is not “registered for full attendance” and therefore disqualified from receiving unemployment benefits if the student’s educational program allows him or her to remain “available for work” pursuant to section 48-627(3). Lecuona v. Cramer, 14 Neb. App. 770, 714 N.W.2d 786 (2006).

2. Voluntary termination of employment

In the context of subsection (1)(a) of this section, to leave work voluntarily means to sever the employment relationship with the intent not to return to, or to intentionally terminate, the employment. Lancaster Cty. Sch. Dist. No. 0001 v. State Dept. of Labor, 260 Neb. 108, 615 N.W.2d 441 (2000).

Pursuant to subsection (1)(a) of this section, an employee has “good cause” for voluntarily leaving employment if the employee’s decision to leave is prompted by a circumstance which has some justifiably reasonable connection with or relation to the conditions of the employment. Lancaster Cty. Sch. Dist. No. 0001 v. State Dept. of Labor, 260 Neb. 108, 615 N.W.2d 441 (2000).

For purposes of subsection (a)(1) of this section, an employee has not “left work voluntarily without good cause” when the employee voluntarily resigns from work but is subsequently terminated by the employer during the notice period. Dillard Dept. Stores v. Polinsky, 247 Neb. 821, 530 N.W.2d 637 (1995).

An employee who has engaged in no misconduct and who desires to keep his or her employment, but nonetheless resigns because the employer has clearly manifested that the employment will be terminated, has not left his or her employment “voluntarily,” as that term is used in subsection (a)(1) of this section. Perkins v. Equal Opportunity Comm., 234 Neb. 359, 451 N.W.2d 91 (1990).

An employee has good cause for voluntarily leaving employment if the employee’s decision to leave is prompted by a circumstance which has some justifiably reasonable connection with or relation to the conditions of the employment. Stackley v. State, 222 Neb. 767, 386 N.W.2d 884 (1986).

A change in work hours, absent some compelling circumstance, does not constitute good cause for leaving employment under subsection (a)(1) of this section. Montclair Nursing Center v. Wills, 220 Neb. 547, 371 N.W.2d 121 (1985).

Employee failed to meet burden of proof as to good cause of employment termination where employee failed to offer competent medical evidence to substantiate claim that her health would be affected by a change in work hours. Montclair Nursing Center v. Wills, 220 Neb. 547, 371 N.W.2d 121 (1985).

An employer acts within the meaning of subsection (a) of this section by removing duties after a job change due to the physical incapacity to carry out those particular duties. Norman v. Sorensen, 220 Neb. 408, 370 N.W.2d 147 (1985).

To leave work voluntarily means to intentionally terminate the employment, but such leaving is with good cause if it has some justifiably reasonable connection with or relation to the conditions of employment. Mc Clemens v. United Parcel Serv., 218 Neb. 649, 358 N.W.2d 748 (1984).

The burden of proof is on the employee to show that he involuntarily left his employment or did so with good cause. Taylor v. Collateral Control Corp., 218 Neb. 432, 355 N.W.2d 788 (1984).

One is disqualified for benefits if, by leaving work voluntarily and without good cause, one thereby makes oneself unemployed. Each job and the facts of its termination must be...

considered separately with regard to disqualification for bene-

Evidence held to show that claimant left work voluntarily. To
leave work voluntarily under this section means to intentionally
sever the employment relationship with the intent not to return
to, or intentionally terminate, the employment. Gastineau v.
Tomahawk Oil Co., Limited, 211 Neb. 537, 319 N.W.2d 107
(1982).

An employee who desires to retain his employment but re-
signs because the employer has clearly indicated that if he does
not resign his employment will be terminated has not left his
employment voluntarily. School Dist. No. 20 v. Commissioner of

A wife who voluntarily leaves her employment for the sole and
only reason of being with her husband in another city does so
without good cause and disqualifies herself as a claimant for
Olsen, 141 Neb. 776, 4 N.W.2d 923 (1942).

An employee who leaves work voluntarily has the burden to
prove that he or she left employment with good cause. Speed-
way Motors v. Commissioner of Labor, 1 Neb. App. 606, 510
N.W.2d 341 (1993).

3. Stoppages of work

A work stoppage cannot be determined solely on the basis of
the proportionate number of employees affected. Bell Fed. Cred-

Depending on the facts of the case, various factors become
relevant as to the determination of a work stoppage within the
meaning of subsection (d) of this section. Bell Fed. Credit Union

One disqualified from receiving benefits under subdivision (d)
of this section can avoid continued disqualification if the em-
ployer fails to prove that for the week in question, the cause of
work stoppage is the labor dispute. IBP, Inc. v. Aanenson, 234
Neb. 603, 452 N.W.2d 59 (1990).

No work stoppage occurred where workers’ refusing to cross
a picket line resulted in a four and nine-tenths percent loss in
production, together with a two and nine-tenths percent loss of
total work hours; there was no total operational shutdown at the
plant; ninety-eight percent of the affected positions were filled
by the end of the first week following the establishment of the
picket line; and the company informed the Department of Labor
that no work stoppage had occurred. George A. Hormel & Co. v.
Haar, 229 Neb. 284, 426 N.W.2d 281 (1988).

One who is a member of the same grade or class of workers
participating in a labor dispute is ineligible for unemployment

Members of nonstriking unions and nonunion employees who
are not participating in or financing or directly interested in a
labor dispute which caused a work stoppage and who do not
belong to a grade or class of workers who, immediately before the
commencement of the stoppage, were members employed at
the premises at which the stoppage occurs, and are participat-
ing in, financing, or directly interested in the labor dispute,
are not disqualified from receiving benefits. An employee is not
directly interested in a labor dispute within the meaning of this
provision merely because the employee may obtain a benefit by
reason of the labor dispute. Gilmore Constr. Co. v. Miller, 213
Neb. 133, 327 N.W.2d 628 (1982).

Disqualification for benefits exists when unemployment is due
to stoppage of work because of a labor dispute. A. Burchman

Where a labor dispute develops into a strike, causing a sub-
stantial stoppage of work in the business of the employer,
the employees striking are not entitled to benefits under the Unem-
N.W.2d 689 (1942).

The term stoppage of work, as used in Unemployment Compen-
sation Act, means a substantial curtailment of work in an
employing establishment. Deshler Broom Factory v. Kinney,
140 Neb. 889, 2 N.W.2d 332 (1942).

4. Misconduct

An employee’s actions do not rise to the level of misconduct if
the individual is merely unable to perform the duties of the job.
Meyers v. Nebraska State Penitentiary, 280 Neb. 958, 791
N.W.2d 607 (2010).

Under subsection (2) of this section, an individual shall be
disqualified for unemployment benefits for misconduct related
958, 791 N.W.2d 607 (2010).

The degree of damage caused should not be a determining
factor in whether an employee engaged in misconduct under
subsection (2) of this section. Instead, the focus should be on
the employee’s culpability as demonstrated by his or her conduct
and intentions. NEBCO, Inc. v. Murphy, 280 Neb. 145, 784
N.W.2d 447 (2010).

Misconduct has been defined, pursuant to this section, as
behavior evidencing (1) wanton and willful disregard of the
employer’s interests, (2) deliberate violation of rules, (3) disre-
gard of standards of behavior which the employer may rightly
expect from the employee; or (4) negligence which manifests
culpability, wrongful intent, evil design, or intentional and sub-
stantial disregard of the employer’s interests or of the employ-
eer’s duties and obligations. Douglas Cty. Sch. Dist. 001 v.

In order for a violation of an employee’s rule to constitute
misconduct, the rule must bear a reasonable relationship to the
employer’s interests. Dolan v. Svitač, 247 Neb. 410, 527 N.W.2d

Under subsection (b) of this section, conduct of a governmen-
tal employee which evidences a conscious and intentional disre-
gard of standards of behavior which his or her governmental
employer would have a right to expect from such employee
certifies misconduct in connection with the employee’s em-
ployment, where continued employment would create a genuine
threat to the integrity of the governmental employer and reflect
unfavorably upon the governmental employer in the eyes of the
general public. Poore v. City of Minden, 237 Neb. 78, 464

An employee who is discharged for misconduct may be dis-
qualified from unemployment compensation benefits. Caudill v.

The term “misconduct,” as used in subsection (b) of this
section, includes behavior that evidences wanton and willful
disregard of the employer’s interests; deliberate violations of
rules; disregard of standards of behavior rightfully expected
from the employee; or negligence which manifests culpability,
wrongful intent, evil design, or intentional and substantial disre-
gard of the employer’s interests or of the employee’s duties and

Failure to cooperate with an employer which is attempting to

method constitutes misconduct in connection with the employ-
eer’s work sufficient to disqualify the employee from receiving

ical justification for prolonged absences from employment, when
an employee has stated that such justification will be furnished,
also constitutes sufficient misconduct in connection with the
employee’s work. Tuma v. Omaha Public Power Dist., 226 Neb.
§ 48-628.01 Benefits; disqualification; receipt of other unemployment benefits.

An individual shall be disqualified for benefits for any week with respect to which, or a part of which, he or she has received or is seeking unemployment benefits under an unemployment compensation law of any other state or of the United States. If the appropriate agency of such other state or of the United States finally determines that he or she is not entitled to such unemployment benefits, the disqualification provided in this section shall not apply.

48-628.02 Benefits; disqualification; receipt of other remuneration.

(1) An individual shall be disqualified for benefits for any week in which he or she is receiving or has received remuneration in the form of:

- The receipt of workers’ compensation benefits for temporary total disability is not a disqualifying event for unemployment benefits.
- The requirement of subdivision (c) of this section, that a lump-sum severance allowance be prorated, is intended to prevent a claimant from receiving double payments for the same period of time in the form of unemployment benefits and severance compensation.

5. Miscellaneous

The language of subsection (5)(b) of this section in its current form does not include temporary total disability as a disqualifying event for the receipt of unemployment benefits.

In an appeal regarding disqualification under subsection (b) of this section, the Supreme Court retreats factual questions de novo on the record and reaches conclusions independent of those reached by the district court. Jensen v. Mary Lanning Memorial Hosp., 233 Neb. 66, 443 N.W.2d 891 (1989).

Subsection (c) of this section disqualifies unemployed persons refusing suitable work from receiving benefits. This subsection does not apply to employed persons who reject denotations. Ponderosa Villa v. Hughes, 224 Neb. 627, 399 N.W.2d 813 (1987).

The correct inquiry in cases where an employed person refuses a demotion and quits is whether the employee left with or without good cause. Ponderosa Villa v. Hughes, 224 Neb. 627, 399 N.W.2d 813 (1987).

In an appeal regarding disqualification of benefits under this section, the Supreme Court retreats factual questions de novo on the record and reaches conclusions independent of those reached by the district court. O’Keeffe v. Tabitha, Inc., 224 Neb. 574, 399 N.W.2d 798 (1987).

The burden of proof under subsection (a)(1) of this section is upon the employee to show that he or she left his or her employment for good cause.

While absences due to illness may not constitute an employee’s misconduct, an employee’s chronic and excessive absenteeism demonstrates a wanton and willful disregard of the employer’s interests for the purpose of this section. O’Keeffe v. Tabitha, Inc., 224 Neb. 574, 399 N.W.2d 798 (1987).

Misconduct under subsection (b) of this section is defined as behavior which evidences (1) wanton and willful disregard of the employer’s interests, (2) deliberate violation of rules, (3) disregard of standards of behavior which the employer can rightfully expect from the employee, or (4) negligence which manifests culpability, wrongful intent, evil design, or intentional and substantial disregard of the employer’s interests or of the employee’s duties and obligations.

The falsifying of entries by an employee of his employer’s work records constitutes misconduct. What constitutes misconduct is a fact question. In order for a violation of an employer’s rules to constitute misconduct, it is necessary that the rule be a reasonable one.

Misconduct within the meaning of this statute is a deliberate, willful, or wanton disregard of an employer’s interest or of the standards of behavior which the employer has a right to expect of his employees, or carelessness or negligence of such a degree or recurrence as to manifest culpability, wrongful intent, or evil design.

Excessive absences from work, except when excused or authorized by employment rules, may constitute misconduct.

Misconduct, under this section, is the deliberate, willful, or wanton disregard of an employer’s interest or of the standards of behavior which the employer has a right to expect of his employees, or carelessness or negligence of such a degree or recurrence as to manifest culpability, wrongful intent, or evil design.

5. Miscellaneous

The language of subsection (5)(b) of this section in its current form does not include temporary total disability as a disqualifying event for the receipt of unemployment benefits.

(a) Wages in lieu of notice or a dismissal or separation allowance;
(b) Vacation leave pay, including that received in a lump sum or upon separation from employment;
(c) Compensation for temporary disability under the workers’ compensation law of any state or under a similar law of the United States;
(d) Retirement or retired pay, pension, annuity, or other similar periodic payment under a plan maintained or contributed to by a base period or chargeable employer; or
(e) A gratuity or a bonus from an employer, paid after termination of employment, on account of prior length of service, or disability not compensated under the workers’ compensation law.

(2) Payments described in subsection (1) of this section that are made in a lump sum shall be prorated in an amount which is reasonably attributable to such week. If the prorated remuneration is less than the benefits which would otherwise be due, he or she shall be entitled to receive for such week, if otherwise eligible, benefits reduced by the amount of such remuneration. The prorated remuneration shall be considered wages for the quarter to which it is attributed.

(3) Military service-connected disability compensation payable under 38 U.S.C. chapter 11 and primary insurance benefits payable under Title II of the Social Security Act, as amended, or similar payments under any act of Congress shall not be deemed to be disqualifying or deductible from the benefit amount.

(4) No deduction shall be made for the part of any retirement pension which represents return of payments made by the individual. In the case of a transfer by an individual or his or her employer of an amount from one retirement plan to a second qualified retirement plan under the Internal Revenue Code, the amount transferred shall not be deemed to be received by the claimant until actually paid from the second retirement plan to the claimant.

(5) No deduction shall be made for any benefit received under a supplemental unemployment benefit plan described in subdivision (35)(g) of section 48-602.

(6) No deduction shall be made for any supplemental payments received by a claimant under the provisions of subsection (b) of section 408 of Title IV of the Veterans’ Readjustment Assistance Act of 1952.

48-628.03 Benefits; disqualification; student.

(1) An individual shall be disqualified for benefits for any week of unemployment if such individual is a student unless the major portion of his or her wages for insured work during his or her base period was for services performed while attending school. Attendance at a school, college, or university for training purposes, under a plan approved by the commissioner for such individual, shall not be disqualifying.

(2) For purposes of this section, student means an individual who is registered for full-time status at and regularly attends an established school, college, university, training facility, or other educational institution or who is on vacation during or between two successive academic years or terms.

(c) Was permanently residing in the United States under color of law at the time such services were performed, including an alien who was lawfully present in the United States as a result of the application of section 212(d)(5) of the Immigration and Nationality Act, 8 U.S.C. 1182(d)(5).

(2) Any data or information required of individuals applying for benefits to determine whether benefits are not payable to them because of their alien status shall be uniformly required from all applicants for benefits. In the case of an individual whose application for benefits would otherwise be approved, no determination that benefits to such individual are not payable because of his or her alien status shall be made except upon a preponderance of the evidence.

48-628.05 Benefits; disqualification; sports or athletic events.

individual performs such services in the first of such academic years or terms, and there is a reasonable assurance that such individual will perform such services in the second of such academic years or terms. If benefits are denied to any individual for any week under this subdivision and such individual was not offered an opportunity to perform such services for the educational institution for the second of such academic years or terms, such individual shall be entitled to a retroactive payment of the benefits for each week for which the individual filed a timely claim for benefits and for which benefits were denied solely by reason of this subdivision;

(5) In any capacity described in subdivision (1) or (2) of this section if such week commences during an established and customary vacation period or holiday recess if such individual performs such services in the period immediately before such vacation period or holiday recess, and there is a reasonable assurance that such individual will perform such services in the period immediately following such vacation period or holiday recess.

48-628.07 Benefits; training.

(1) Notwithstanding any other provisions of the Employment Security Law, no otherwise eligible individual shall be denied benefits for any week because he or she is in training approved under section 236(a)(1) of the federal Trade Act of 1974, 19 U.S.C. 2296(a)(1). Such an individual shall not be denied benefits by reason of leaving work to enter such training if the work left is not suitable employment or because of the application to any such week in training of provisions of the Employment Security Law, or any applicable federal unemployment compensation law, relating to availability for work, active search for work, or refusal to accept work.

(2) For purposes of this section, suitable employment means, with respect to an individual, work of a substantially equal or higher skill level than the individual’s past adversely affected employment, as defined for purposes of the federal Trade Act of 1974, and wages for such work at not less than eighty percent of the individual’s average weekly wage as determined for purposes of such act.

48-628.09 Benefits; disqualification; labor dispute.

(1) An individual shall be disqualified for benefits for any week with respect to which the commissioner finds that his or her total unemployment is due to a stoppage of work which exists because of a labor dispute at the factory, establishment, or other premises where he or she is or was last employed. This section shall not apply if it is shown to the satisfaction of the commissioner that:

(a) The individual is not participating in, financing, or directly interested in the labor dispute which caused the stoppage of work; and

(b) He or she does not belong to a grade or class of workers that includes members who, immediately before the commencement of the stoppage, were employed at the premises where the stoppage occurs and who are participating, financing, or directly interested in the dispute.

(2) If in any case, separate branches of work, which are commonly conducted as separate businesses in separate premises, are conducted in separate departments of the same premises, each such department shall, for purposes of this section, be deemed to be a separate factory, establishment, or other premises.

48-628.10 Benefits; disqualification; discharge for misconduct.

(1) An individual shall be disqualified for benefits for the week in which he or she has been discharged for misconduct connected with his or her work, if so found by the commissioner, and for the fourteen weeks immediately thereafter.

(2) If the commissioner finds that the individual was discharged for misconduct that was not gross, flagrant, and willful or unlawful but which included being under the influence of any intoxicating beverage or any controlled substance listed in section 28-405 not prescribed by a physician licensed to practice medicine or surgery while the individual is on the worksite or while the individual is engaged in work for the employer, the commissioner shall cancel all wage credits earned as a result of employment with the discharging employer.

(3) If the commissioner finds that the individual's misconduct was gross, flagrant, and willful, or was unlawful, the commissioner shall totally disqualify such individual from receiving benefits with respect to wage credits earned prior to discharge for such misconduct.

(1) For any benefit year beginning before October 1, 2018:

(a) For the week in which he or she has left work voluntarily without good cause, if so found by the commissioner, and for the thirteen weeks immediately thereafter. For purposes of this subdivision, a temporary employee of a temporary help firm has left work voluntarily without good cause if the temporary employee does not contact the temporary help firm for reassignment upon completion of an assignment and the temporary employee has been advised by the temporary help firm of his or her obligation to contact the temporary help firm upon completion of assignments and has been advised by the temporary help firm that the temporary employee may be denied benefits for failure to do so; or

(b) For the week in which he or she has left work voluntarily for the sole purpose of accepting previously secured, permanent, full-time, insured work, if so found by the commissioner, and for the two weeks immediately thereafter. For this subdivision to apply, such work shall:

For purposes of this subdivision, a temporary employee of a temporary help firm has left work voluntarily without good cause if the temporary employee does not contact the temporary help firm for reassignment upon completion of an assignment and the temporary employee has been advised by the temporary help firm of his or her obligation to contact the temporary help firm upon completion of assignments and has been advised by the temporary help firm that the temporary employee may be denied benefits for failure to do so.

(ii) (A) The construction worksite of the job which the worker quit was more than fifty miles from his or her place of residence, (B) the new construction job was fifty or more miles closer to his or her residence than the job which he or she quit, and (C) the worker actually worked twenty days or more at the new job unless the new job was terminated by a contract cancellation.

(1) As used in the Employment Security Law, unless the context otherwise requires:

(a) Extended benefit period means a period which begins with the third week after a week for which there is a state “on” indicator and ends with either of the following weeks, whichever occurs later: (i) The third week after the first week for which there is a state “off” indicator or (ii) the thirteenth consecutive week of such period, except that no extended benefit period may begin by reason of a state “on” indicator before the fourteenth week following the end of a prior extended benefit period which was in effect with respect to this state;

(b) Extended benefits means benefits, including benefits payable to federal civilian employees and to ex-servicemen or ex-servicewomen pursuant to 5 U.S.C. chapter 85, payable to an individual for weeks of unemployment in his or her eligibility period;

(c) Eligibility period of an individual means the period consisting of the weeks in his or her benefit year which begin in an extended benefit period and, if his or her benefit year ends within such extended benefit period, any weeks thereafter which begin in such period. Notwithstanding any other provision of the Employment Security Law, if the benefit year of any individual ends within an extended benefit period, the remaining balance of extended benefits that such individual would, but for this section, be entitled to receive in that extended benefit period, with respect to weeks of unemployment beginning after the end of the benefit year, shall be reduced, but not below zero, by the product of the number of weeks for which the individual received any amounts as trade readjustment allowances within that benefit year multiplied by the individual’s weekly benefit amount for extended benefits;

(d) Exhaustee means an individual who, with respect to any week of unemployment in his or her eligibility period:

(i) Has received, prior to such week, all of the regular benefits that were available to him or her under the Employment Security Law of this state or under the unemployment insurance law of any other state, including dependents’ allowances and benefits payable to federal civilian employees and ex-servicemen or ex-servicewomen under 5 U.S.C. chapter 85, in his or her current benefit year that includes such week, except for the purposes of this subdivision, an individual shall be deemed to have received all of the regular benefits that were available to him or her although as a result of a pending
appeal with respect to wages or employment or both wages and employment that were not considered in the original monetary determination in his or her benefit year, he or she may subsequently be determined to be entitled to added regular benefits; or (B) his or her benefit year having expired prior to such week, has no, or insufficient, wages or employment or both wages and employment on the basis of which he or she could establish a new benefit year that would include such week;

(ii) Has no right to unemployment benefits or allowances, as the case may be, under the Railroad Unemployment Insurance Act, the Trade Expansion Act of 1962, the Automotive Products Trade Act of 1965, and such other federal laws as are specified in regulations issued by the United States Secretary of Labor; and

(iii) Has not received and is not seeking unemployment benefits under the unemployment compensation law of Canada, but if he or she is seeking such benefits and the appropriate agency finally determines that he or she is not entitled to benefits under such law, he or she is considered an exhaustee;

(e) Rate of insured unemployment means the percentage, used by the commissioner in determining whether there is a state “on” or state “off” indicator, derived by dividing (i) the average weekly number of individuals filing claims for regular compensation under the Employment Security Law for weeks of unemployment with respect to the most recent thirteen-consecutive-week period, as determined by the commissioner on the basis of his or her reports to the United States Secretary of Labor, by (ii) the average monthly employment covered under the Employment Security Law for the first four of the most recent six completed calendar quarters ending before the end of such thirteen-week period;

(f) Regular benefits means benefits payable to an individual under the Employment Security Law of this state or under the unemployment insurance law of any other state, including benefits payable to federal civilian employees and to ex-servicemen or ex-servicewomen pursuant to 5 U.S.C. chapter 85, other than extended benefits;

(g) State “off” indicator means a week for which the commissioner determines that, for the period consisting of such week and the immediately preceding twelve weeks, neither subdivision (1)(h)(i) or (1)(h)(ii) of this section was satisfied; and

(h) State “on” indicator means a week for which the commissioner determines that, for the period consisting of such week and the immediately preceding twelve weeks, the rate of insured unemployment, not seasonally adjusted, under the Employment Security Law: (i) Equalled or exceeded one hundred twenty percent of the average of such rates for the corresponding thirteen-week period ending in each of the preceding two calendar years and equaled or exceeded five percent or (ii) equaled or exceeded six percent.

(2) Except when the result would be inconsistent with the other provisions of this section, as provided in the rules and regulations of the commissioner, the provisions of the Employment Security Law which apply to claims for or payment of regular benefits shall apply to claims for and payment of extended benefits. An individual shall be eligible to receive extended benefits with respect to any week of unemployment in his or her eligibility period only if the commissioner finds that with respect to such week:

(a) Such individual is an exhaustee;
EMPLOYMENT SECURITY § 48-628.15

(b) Such individual has satisfied the requirements of the Employment Security Law for the receipt of regular benefits that are applicable to individuals claiming extended benefits, including not being subject to a disqualification for the receipt of benefits;

(c) Sections 48-628.15 and 48-628.16 do not apply; and

(d) Such individual has been paid wages for insured work during the individual’s base period equal to at least one and one-half times the wages paid in that calendar quarter of the individual’s base period in which such wages were highest.

(3) The weekly extended benefit amount payable to an individual for a week of total unemployment in his or her eligibility period shall be an amount equal to the weekly benefit amount payable to him or her during his or her applicable benefit year. The total extended benefit amount payable to any eligible individual with respect to his or her applicable benefit year shall be the least of the following amounts:

(a) Fifty percent of the total amount of regular benefits which were payable to him or her under the Employment Security Law in his or her applicable benefit year; or

(b) Thirteen times his or her weekly benefit amount which was payable to him or her under the Employment Security Law for a week of total unemployment in the applicable benefit year.

(4) Whenever an extended benefit period is to become effective in this state as a result of a state “on” indicator or an extended benefit period is to be terminated in this state as a result of a state “off” indicator, the commissioner shall make an appropriate public announcement. Computations required to determine the rate of insured unemployment shall be made by the commissioner in accordance with regulations prescribed by the United States Secretary of Labor. Any amount of extended benefits payable to any individual for any week, if not an even dollar amount, shall be rounded to the next lower full dollar amount.

(5) Notwithstanding any other provision of the Employment Security Law, during an extended benefit period, the Governor may provide for the payment of emergency unemployment compensation pursuant to Public Law 110-252, as amended, or any substantially similar federal unemployment compensation paid entirely from federal funds to individuals prior to the payment of extended benefits pursuant to this section and sections 48-628.15 and 48-628.16.

48-628.15 Extended benefits; eligibility; seek or accept suitable work; suitable work, defined.

(1) An individual shall be ineligible for payment of extended benefits for any week of unemployment in his or her eligibility period if the commissioner finds that during such period (a) he or she failed to accept any offer of suitable work or failed to apply for any suitable work to which he or she was referred by the
§ 48-628.15 LABOR

commissioner or (b) he or she failed to actively engage in seeking work as prescribed under subsection (5) of this section.

(2) Any individual who has been found ineligible for extended benefits by reason of subsection (1) of this section shall also be denied benefits beginning with the first day of the week following the week in which such failure occurred and until he or she (a) has been employed in each of four subsequent weeks, whether or not consecutive, and (b) has earned remuneration equal to not less than four times the extended weekly benefit amount.

(3) For purposes of this section, the term suitable work means, with respect to any individual, any work which is within such individual’s capabilities and for which the gross average weekly remuneration payable for the work exceeds the sum of the individual’s average weekly benefit amount payable to him or her during his or her applicable benefit year, plus the amount, if any, of supplemental unemployment compensation benefits as defined in section 501(c)(17)(D) of the Internal Revenue Code payable to such individual for such week. Such work must also pay wages equal to the higher of the federal minimum wage or the applicable state or local minimum wage. No individual shall be denied extended benefits for failure to accept an offer or referral to any job which meets the definition of suitability contained in this subsection if (a) the position was not offered to such individual in writing or was not listed with the employment service, (b) such failure could not result in a denial of benefits under the definition of suitable work for regular benefit claimants in section 48-628, to the extent that the criteria of suitability in that section are not inconsistent with the provisions of this subsection, or (c) the individual furnishes satisfactory evidence to the commissioner that his or her prospects for obtaining work in his or her customary occupation within a reasonably short period are good. If such evidence is deemed satisfactory for this purpose, the determination of whether any work is suitable with respect to such individual shall be made in accordance with the definition of suitable work in section 48-628 without regard to the definition specified by this subsection.

(4) Notwithstanding the provisions of subsection (3) of this section to the contrary, no work shall be deemed to be suitable work for an individual which does not accord with the labor standard provisions set forth under subsection (3) of section 48-628, nor shall an individual be denied benefits if such benefits would not be deniable by reason of subsection (4) of section 48-628.

(5) For the purposes of subsection (1) of this section, an individual shall be treated as actively engaged in seeking work during any week if the individual has engaged in a systematic and sustained effort to obtain work during such week and the individual furnishes tangible evidence that he or she has engaged in such effort during such week.

(6) The state employment service shall refer any claimant entitled to extended benefits under this section to any suitable work which meets the criteria prescribed in subsection (3) of this section.

(7) An individual shall not be eligible to receive extended benefits with respect to any week of unemployment in his or her eligibility period if such individual has been disqualified for benefits under section 48-628, 48-628.10, or 48-628.12 unless such individual has earned wages for services performed in subsequent employment in an amount not less than four hundred dollars.

(3) If an individual begins to receive unemployment benefits under this section while enrolled in a training program described in subsection (1) of this section during a benefit year, such individual shall continue to receive such benefits so long as he or she continues to make satisfactory progress in such training program, except that such benefits shall not exceed twenty-six times
the individual's weekly benefit amount for the most recent benefit year as determined under section 48-624.

48-629 Claims; rules and regulations for filing.

Claims for benefits shall be made in accordance with such rules and regulations as the commissioner may adopt and promulgate. Each employer shall post and maintain printed statements of such rules and regulations in places readily accessible to individuals in his or her service and shall make available to each such individual, at the time he or she becomes unemployed, a printed statement of such rules and regulations. Such printed statements shall be supplied by the commissioner to each employer without cost to the employer.

Claims for benefits were filed under this section. A. Borchman Sons v. Carpenter, 166 Neb. 322, 89 N.W.2d 123 (1958).

48-629.01 Claims; advisement to claimant; amounts deducted; how treated.

(1) An individual filing a new claim for unemployment compensation shall, at the time of the filing of such claim, be advised that:

(a) Unemployment compensation is subject to federal and state income tax;

(b) Requirements exist pertaining to estimated tax payments;

(c) The individual may elect to have federal income tax withheld from the individual’s payment of unemployment compensation at the amount specified in the Internal Revenue Code;

(d) The individual may elect to have state income tax withheld from the individual’s payment of unemployment compensation at the rate of five percent; and

(e) The individual shall be permitted to change a previously elected withholding status.

(2) Amounts deducted and withheld from unemployment compensation for federal income tax purposes shall remain in the Unemployment Compensation Fund until transferred to the federal Internal Revenue Service as a payment of income tax. Amounts deducted and withheld from unemployment compensation for state income tax purposes shall remain in the Unemployment Compensa-
sation Fund until transferred to the Department of Revenue as a payment of income tax.

(3) The commissioner shall follow all procedures specified by the United States Department of Labor and the federal Internal Revenue Service pertaining to the deducting and withholding of income tax.

(4) Amounts shall be deducted and withheld under this section only after amounts are deducted and withheld for any overpayments of unemployment compensation, child support obligations, or any other amounts required to be withheld under the Employment Security Law.

48-630 Claims; determinations by adjudicator.

(1) A determination upon a claim filed pursuant to section 48-629 shall be made promptly by a representative designated by the commissioner, hereinafter referred to as an adjudicator.

(2) A determination shall include a statement as to whether and in what amount claimant is entitled to benefits for the week with respect to which the determination is made. A determination with respect to the first week of a benefit year shall also include a statement as to whether the claimant has been paid the wages required under section 48-627.01, and, if so, the first day of the benefit year, his or her weekly benefit amount, and the maximum total amount of benefits payable to him or her with respect to such benefit year. Whenever any claim involves the application of the provisions of section 48-628.09, the adjudicator shall promptly transmit his or her full findings of fact, with respect to such section, to the commissioner, who, on the basis of the evidence submitted and such additional evidence as he or she may require, shall affirm, modify, or set aside such findings of fact and transmit to the adjudicator a decision upon the issue involved under such section, which shall be deemed to be the decision of the adjudicator. All claims arising out of the same alleged labor dispute may be considered at the same time.

(3) In the event a claim is denied, a determination shall state the reasons therefor. Regardless of the outcome, the parties shall be promptly notified of the determination, together with the reasons therefor, and such determination shall be deemed to be the final decision on the claim, unless an appeal is filed with the department in the manner prescribed in section 48-634.

(4) Any benefits for which a claimant has been found eligible shall not be withheld because of an appeal filed under section 48-634, and such benefits shall be paid until a hearing officer has rendered a decision modifying or reversing the determination allowing such benefits if the claimant is otherwise eligible. Any benefits received by any person to which he or she had been found not entitled, under a redetermination or decision pursuant to sections 48-630 to 48-638, shall be treated as erroneous payments in accordance with section 48-665.

§ 48-630

Deputy commissioner of labor is agent who is required initially to make determination of case. Beecham v. Falstaff Brewing Corporation, 150 Neb. 792, 36 N.W.2d 233 (1949).

48-631 Claims; redetermination; time; notice; appeal.

(1) The adjudicator may reconsider a determination if he or she finds that:
   (a) An error in computation or identity has occurred in connection with the determination;
   (b) Wages of the claimant pertinent to such determination, but not considered in connection therewith, have been newly discovered; or
   (c) Benefits have been allowed or denied or the amount of benefits has been set based on misrepresentations of fact.

(2) No such redetermination shall be made after two years from the date of the original determination.

(3) Notice of any redetermination shall be promptly given to the parties entitled to notice of the original determination, in the manner prescribed in section 48-630 with respect to notice of an original determination.

(4) If the amount of benefits is increased or decreased by a redetermination, an appeal therefrom may be filed solely with respect to the matters involved in such increase or decrease in the manner and subject to the limitations provided in section 48-634. Subject to the same limitations and for the same reasons, the Commissioner of Labor may reconsider the determination, in any case in which the final decision has been rendered by a hearing officer or a court, and may apply to the hearing officer or court which rendered such final decision to issue a revised decision. In the event that an appeal involving an original determination is pending as of the date a redetermination is issued, such appeal, unless withdrawn, shall be treated as an appeal of the redetermination.

48-632 Claims; determination; notice; persons entitled; employer; rights; duties.

(1) Notice of a determination upon a claim shall be promptly given to the claimant by electronic notice or by mailing such notice to his or her last-known address. A claimant shall elect to receive either electronic notice or mailed notice when he or she files a new claim or establishes a new benefit year. A claimant may change his or her election at any time. In addition, notice of any determination, together with the reasons therefor, shall be promptly given in the same manner to any employer from whom the claimant received wages on or after the first day of the base period for his or her most recent claim if such employer has indicated prior to the determination, in such manner as required by rule and regulation of the commissioner, that such individual may be ineligible or disqualified under any provision of the Employment Security Law. An employer shall provide information to the department in respect to the request for information within ten days after the mailing or electronic transmission of a request.

(2) If the employer provided information pursuant to subsection (6) of section 48-652 on the claim establishing the previous benefit year but did not receive a determination because of no involvement of base period wages and there are
wages from that employer in the base period for the most recent claim, the employer shall be provided the opportunity to provide new information that such individual may be ineligible or disqualified under any provision of the Employment Security Law on the current claim. This subsection shall not apply to employers who did not receive a determination because the separation was determined to result from a lack of work.

(3) If an employer fails to provide information to the department within the time period specified in subsection (1) of this section, the employer shall forfeit any appeal rights otherwise available pursuant to section 48-634.

48-634 Administrative appeal; notice; time allowed; hearing; parties.

(1) The claimant or any other party entitled to notice of a determination as provided in section 48-632 may file an appeal from such determination with the department.

(2) An appeal must be in writing or in accordance with rules and regulations adopted and promulgated by the commissioner and must be delivered and received within twenty days after the date of mailing of the notice of determination to the parties’ last-known address or, if such notice is not mailed, after the date of delivery of such notice of determination, except that for good cause shown an appeal filed outside the prescribed time period may be heard.

(3) In accordance with section 303 of the federal Social Security Act, 42 U.S.C. 503, the commissioner shall provide the opportunity for a fair hearing before an impartial hearing officer on each appeal.

(4) Unless the appeal is withdrawn, a hearing officer, after affording the parties reasonable opportunities for a fair hearing, shall make findings and conclusions and on the basis thereof affirm, modify, or reverse such determination.

(5) If an appeal involves a question as to whether services were performed by the claimant in employment or for an employer, a hearing officer shall give special notice of such issue and of the pendency of the appeal to the employer and to the commissioner, both of whom shall be parties to the proceeding and be afforded a reasonable opportunity to adduce evidence bearing on such question.

(6) The parties shall be promptly notified of a hearing officer’s decision and shall be furnished with a copy of the decision and the findings and conclusions in support of the decision.

(7) The commissioner shall be a party entitled to notice in any proceeding involving a claim for benefits before a hearing officer.

A notice of appeal filed pursuant to this section, which is properly addressed and to which sufficient postage has been affixed, shall be valid if it is deposited in the United States mail within ten days after the mailing of the notice of the deputy's determination. Parson v. Chizek, 201 Neb. 754, 272 N.W.2d 48 (1978).

Administrative appeal within division is provided. A Borchman Sons v. Carpenter, 166 Neb. 322, 89 N.W.2d 123 (1958).

48-635 Administrative appeal; procedure; rules of evidence; record.

(1) The presentation of disputed claims and the conduct of hearings and appeals shall be in accordance with the rules and regulations adopted and promulgated by the commissioner for determining the rights of the parties, whether or not such rules and regulations conform to common-law or statutory rules of evidence and other technical rules of procedure.

(2) A full and complete record shall be kept of all proceedings in connection with the disputed claims.

(3) All testimony at any hearing upon a disputed claim shall be recorded, but need not be transcribed unless the disputed claim is further appealed.

48-636 Administrative appeal; decision; conclusiveness.

Except insofar as reconsideration of any determination is had under sections 48-630 to 48-632, any right, fact, or matter in issue, directly passed upon or necessarily involved in a determination or redetermination which has become final, or in a decision on appeal which has become final, shall be conclusive for all the purposes of the Employment Security Law as between the Commissioner of Labor, the claimant, and all employers who had notice of such determination, redetermination, or decision. Subject to appeal proceedings and judicial review as provided in sections 48-634 to 48-644, any determination, redetermination, or decision as to rights to benefits shall be conclusive for all the purposes of such law and shall not be subject to collateral attack by any employer.

White v. Ardan, Inc., 230 Neb. 11, 430 N.W.2d 27 (1988).

48-637 Administrative appeal; decision; effect in subsequent proceeding; certification of question.

The final decisions of a hearing officer and the principles of law declared by him or her in arriving at such decisions, unless expressly or impliedly overruled by a later decision of a hearing officer or by a court of competent jurisdiction, shall be binding upon the commissioner and any adjudicator in subsequent proceedings which involve similar questions of law, except that if in connection with any subsequent proceeding the commissioner or an adjudicator has

serious doubt as to the correctness of any principle so declared, he or she may certify his or her findings of fact in such case together with the question of law involved to a hearing officer who, after giving notice and reasonable opportunity for hearing upon the law to all parties to such proceedings, shall thereupon certify to the commissioner, such adjudicator, and such parties his or her answer to the question submitted. If the question thus certified to a hearing officer arises in connection with a claim for benefits, a hearing officer in his or her discretion may remove to himself or herself the entire proceedings on such claim and, after proceeding in accordance with the requirements of sections 48-634 to 48-643 with respect to proceedings before a hearing officer, shall render his or her decision upon the entire claim.

**48-638 Appeal to district court; procedure.**

(1) Any party to the proceedings before a hearing officer may appeal the hearing officer’s decision by filing a petition (a) in the district court of the county in which the individual claiming benefits claims to have been last employed or in which such claimant resides, (b) in any district court of this state upon which the parties may agree, or (c) if neither subdivision (1)(a) or (b) of this section applies, then in the district court of Lancaster County.

(2) If the commissioner is not the petitioning party, he or she shall be a party defendant in every appeal. Such appeal shall otherwise be governed by the Administrative Procedure Act.

(3) An appeal may be taken from the decision of the district court to the Court of Appeals in accordance with the Administrative Procedure Act.

(4) No bond shall be required as a condition of initiating a proceeding for judicial review or entering an appeal from the decision of the court upon such review. Costs which would be otherwise taxed to a claimant shall be taxed in such courts to the commissioner regardless of the result of the action unless justice and equity otherwise require. Notwithstanding any general statute to the contrary, no filing fee shall be charged by a hearing officer or by the clerk of any court for any service required by sections 48-634 to 48-638.

(5) In any proceeding for judicial review pursuant to this section, the commissioner may be represented by any qualified attorney employed and designated by the commissioner for that purpose or, at the commissioner’s request, by the Attorney General.

§ 48-638

In an appeal to the district court under this section by the Commissioner of Labor the filing of the transcript required by the statute is not jurisdictional. (iii)(A) If the support obligation is not based on a foreign support order entered pursuant to section 43-1729 and the individual requests a hearing, the
Department of Health and Human Services shall hold a hearing within fifteen days of the date of receipt of the request. The hearing shall be in accordance with the Administrative Procedure Act. The assignment shall be held in abeyance pending the outcome of the hearing. The department shall notify the individual and the commissioner of its decision within fifteen days of the hearing; and

48-648 Combined tax; employer; payment; rules and regulations governing; related corporations or limited liability companies; professional employer organization.

(1) With respect to wages for employment, combined tax shall accrue and become payable by each employer not otherwise entitled to make payments in lieu of contributions for each calendar year in which he or she is subject to the Employment Security Law. Such combined tax shall become due and be paid by each employer to the commissioner for the State Unemployment Insurance Trust Fund and the Unemployment Trust Fund in such manner and at such times as the commissioner may, by rule and regulation, prescribe. Such combined tax shall not be deducted, in whole or in part, from the wages of individuals in such employer’s employ.

(2) The commissioner may require any employer whose annual payroll for either of the two preceding calendar years has equaled or exceeded one hundred thousand dollars to file combined tax returns and pay combined taxes owed by an electronic method approved by the commissioner, except when the employer establishes to the satisfaction of the commissioner that filing the combined tax return or payment of the tax by an electronic method would create a hardship for the employer.

(3) In the payment of any combined tax, a fractional part of a cent shall be disregarded unless it amounts to one-half cent or more, in which case it shall be increased to one cent. If the combined tax due for any reporting period is less than five dollars, the employer need not remit the combined tax.

(4) If two or more related corporations or limited liability companies concurrently employ the same individual and compensate such individual through a common paymaster which is one of such corporations or limited liability companies, each such corporation or limited liability company shall be considered to have paid as remuneration to such individual only the amounts actually disbursed by it to such individual and shall not be considered to have paid as remuneration to such individual amounts actually disbursed to such individual by another of such corporations or limited liability companies. An employee of a wholly owned subsidiary shall be considered to be concurrently employed by the parent corporation, company, or other entity and the wholly owned subsidiary whether or not both companies separately provide remuneration.

(5) The professional employer organization shall report and pay combined tax, penalties, and interest owed for wages earned by worksite employees under the client’s employer account number using the client’s combined tax rate. The client is liable for the payment of unpaid combined tax, penalties, and interest owed for wages paid to worksite employees, and the worksite employees shall be considered employees of the client for purposes of the Employment Security Law.

(6) The Commissioner of Labor may require by rule and regulation that each employer subject to the Employment Security Law shall submit to the commissioner quarterly wage reports on such forms and in such manner as the
commissioner may prescribe. The commissioner may require any employer whose annual payroll for either of the two preceding calendar years has equaled or exceeded one hundred thousand dollars to file wage reports by an electronic method approved by the commissioner, except when the employer establishes to the satisfaction of the commissioner that filing by an electronic method would create a hardship for the employer. The quarterly wage reports shall be used by the commissioner to make monetary determinations of claims for benefits.

48-648.01 Repealed. Laws 2017, LB172, § 89.

48-648.02 Wages, defined.

(1) For tax years beginning before January 1, 2020, as used in sections 48-648 and 48-649 to 48-649.04 only, the term wages shall not include that part of the remuneration paid to an individual by an employer or by the predecessor of such employer with respect to employment within this or any other state during a calendar year which exceeds nine thousand dollars unless that part of the remuneration is subject to a federal law imposing a tax against which credit may be taken for contributions required to be paid into a state unemployment fund.

(2) For tax years beginning on or after January 1, 2020, as used in sections 48-648 and 48-649 to 48-649.04 only:

(a) Except as to employers assigned to category twenty under section 48-649.03, the term wages shall not include that part of the remuneration paid to an individual by an employer or by the predecessor of such employer with respect to employment within this or any other state during a calendar year which exceeds nine thousand dollars unless that part of the remuneration is subject to a federal law imposing a tax against which credit may be taken for contributions required to be paid into a state unemployment fund; and

(b) For employers assigned to category twenty under section 48-649.03, the term wages shall not include that part of the remuneration paid to an individual by an employer or by the predecessor of such employer with respect to employment within this or any other state during a calendar year which exceeds twenty-four thousand dollars unless that part of the remuneration is subject to a federal law imposing a tax against which credit may be taken for contributions required to be paid into a state unemployment fund.

48-649 Combined tax rate.

The commissioner shall, for each calendar year, determine the combined tax rate applicable to each employer on the basis of his or her actual experience in the payment of contributions and with respect to benefits charged against his or
EMPLOYMENT SECURITY § 48-649.02

her separate experience account in accordance with sections 48-649.01 to 48-649.04.

Under the Nebraska Employment Security Law, the contribution type of financing as provided by section 48-649, R.R.S. 1943, and reimbursement financing under section 48-660.01, R.R.S.1943, are separate and distinct systems, and a nonprofit organization must elect to use one or the other. West Nebraska General Hospital v. Hanlon, 208 Neb. 173, 302 N.W.2d 694 (1981).

48-649.01 State unemployment insurance tax rate.

(1) By December 1 of each calendar year, the commissioner shall determine the state unemployment insurance tax rate for the following year based on information available through the department. The state unemployment insurance tax rate shall be zero percent if:

(a) The average balance in the State Unemployment Insurance Trust Fund at the end of any three months in the preceding calendar year is greater than one percent of state taxable wages for the same preceding year; or

(b) The balance in the State Unemployment Insurance Trust Fund equals or exceeds thirty percent of the average month end balance of the state’s account in the Unemployment Trust Fund for the three lowest calendar months in the preceding year.

(2) If the state unemployment insurance tax rate is determined to be zero percent pursuant to subsection (1) of this section, the contribution rate for all employers shall equal one hundred percent of the combined tax rate.

(3) If the state unemployment insurance tax rate is not zero percent as determined in this section, the combined tax rate shall be divided so that not less than eighty percent of the combined tax rate equals the contribution rate and not more than twenty percent of the combined tax rate equals the state unemployment insurance tax rate except for employers who are assigned a combined tax rate of five and four-tenths percent or more. For those employers, the state unemployment insurance tax rate shall equal zero and their combined tax rate shall equal their contribution rate.

48-649.02 Employer’s combined tax rate before benefits have been payable.

(1) Until benefits have been payable from and chargeable to an employer’s experience account throughout the preceding four calendar quarters and wages for employment have been paid by the employer in each of the two preceding four-calendar-quarter periods, the employer’s combined tax rate shall be:

(a) For employers not engaged in the construction industry, the lesser of the value of the state’s average combined tax rate as determined pursuant to section 48-649.03 or two and five-tenths percent; and
(b) For employers engaged in the construction industry, the value of the category twenty rate determined pursuant to section 48-649.03.

(2) In no event shall the combined tax rate under subsection (1) of this section be less than one and twenty-five hundredths percent.

(3) For any employer who has not paid wages for employment during each of the two preceding four-calendar-quarter periods ending on September 30, but has paid wages for employment in any two four-calendar-quarter periods, regardless of whether such four-calendar-quarter periods are consecutive, such employer’s combined tax rate for the following tax year shall be:

(a) The highest combined tax rate for employers with a positive experience account balance if the employer’s experience account balance exhibits a positive balance as of September 30 of the year of rate computation; or

(b) The standard rate if the employer’s experience account exhibits a negative balance as of September 30 of the year of rate computation.

48-649.03 Employer’s combined tax rate once benefits payable from experience account; experience factor.

(1) Once benefits have been payable from and chargeable to an employer’s experience account throughout the preceding four calendar quarters and wages for employment have been paid by the employer in each of the two preceding four-calendar-quarter periods, the employer’s combined tax rate shall be calculated according to this section. The combined tax rate shall be based upon the employer’s experience rating record and determined from the employer’s reserve ratio.

(2) The employer’s reserve ratio is the percent obtained by dividing (a) the amount by which the employer’s contributions credited from the time the employer first or most recently became an employer, whichever date is later, and up to and including September 30 of the year the rate computation is made, plus any part of the employer’s contributions due for that year paid on or before October 31 of such year, exceed the employer’s benefits charged during the same period, by (b) the employer’s average annual taxable payroll for the sixteen-consecutive-calendar-quarter period ending September 30 of the year in which the rate computation is made. For an employer with less than sixteen consecutive calendar quarters of contribution experience, the employer’s average taxable payroll shall be determined based upon the four-calendar-quarter periods for which contributions were payable.

(3) Each eligible experience rated employer shall be assigned to one of twenty rate categories with a corresponding experience factor as follows:

Eligible experience rated employers shall be assigned to rate categories from highest to lowest according to their experience reserve ratio, with category one assigned to accounts with the highest reserve ratios and category twenty assigned to accounts with the lowest reserve ratios. Each category shall be limited to no more than five percent of the state’s total taxable payroll, except that:

(a) Any employer with a portion of its taxable wages falling into two consecutive categories shall be assigned to the lower category;

(b) No employer with a reserve ratio calculated to five decimal places equal to the similarly calculated reserve ratio of another employer shall be assigned to a higher rate than the employer to which it has the equal reserve ratio; and

(c) No employer with a positive experience account balance shall be assigned to category twenty.

(4) The state’s reserve ratio shall be calculated annually by dividing the amount available to pay benefits in the Unemployment Trust Fund and the State Unemployment Insurance Trust Fund as of September 30, plus any amount of combined tax owed by employers eligible for and electing annual payment status for the four most recent quarters ending on September 30 in accordance with rules and regulations adopted by the commissioner, by the state’s total wages from the four calendar quarters ending on September 30. For purposes of this section, total wages means all remuneration paid by an employer in employment. The state’s reserve ratio shall be applied to the table in this subsection to determine the yield factor for the upcoming rate year.

The commissioner may adjust the yield factor determined pursuant to the preceding table to a lower scheduled yield factor if the state’s reserve ratio is
1.00 percent or greater. Once the yield factor for the upcoming rate year has been determined, it is multiplied by the amount of unemployment benefits paid from combined tax during the four calendar quarters ending September 30 of the preceding year. The resulting figure is the planned yield for the rate year. The planned yield is divided by the total taxable wages for the four calendar quarters ending September 30 of the previous year and carried to four decimal places to create the average combined tax rate for the rate year.

(5) The average combined tax rate is assigned to rate category twelve as established in subsection (3) of this section. Rates for each of the remaining nineteen categories are determined by multiplying the average combined tax rate by the experience factor associated with each category and carried to four decimal places. Employers who are delinquent in filing their combined tax reports as of October 31 of any year shall be assigned to category twenty for the following calendar year unless the delinquency is corrected prior to December 31 of the year of rate calculation.

(6) In addition to required contributions, an employer may make voluntary contributions to the fund to be credited to his or her account. Voluntary contributions by employers may be made up to the amount necessary to qualify for one rate category reduction. Voluntary contributions received after January 10 shall not be used in rate calculations for the same calendar year.

(7) As used in sections 48-648 to 48-654, the term payroll means the total amount of wages during a calendar year, except as otherwise provided in section 48-654, by which the combined tax was measured.

48-649.04 State or political subdivision; combined tax; election to make payments in lieu of contributions.

(1) The state or any of its political subdivisions and any instrumentality of one or more of the foregoing or any other governmental entity for which services in employment as provided in subdivision (4)(a) of section 48-604 are performed shall be required to pay combined tax on wages paid for services rendered in its or their employment on the same basis as any other employer who is liable for the payment of combined tax under the Employment Security Law, unless the state or any political subdivision thereof and any instrumentality of one or more of the foregoing or any other governmental entity for which such services are performed files with the commissioner its written election not later than thirty days after such employer becomes subject to this section to become liable to make payments in lieu of contributions in an amount equal to the full amount of regular benefits plus the full amount of extended benefits paid during each calendar quarter that is attributable to service in employment of such electing employer.

(2) Eligible employers electing to make payments in lieu of contributions shall not be liable for combined tax payments.

(3) The commissioner, after the end of each calendar quarter, shall notify any such employer that has elected to make payments in lieu of contributions of the amount of benefits for which it is liable to pay pursuant to its election that have been paid that are attributable to service in its employment and the employer so notified shall reimburse the fund within thirty days after receipt of such notice.
(4) Any employer which makes an election in accordance with this section to become liable for payments in lieu of contributions shall continue to be liable for payments in lieu of contributions for all benefits paid based upon wages paid for service in employment of such employer while such election is effective. Any such election shall continue until such employer files with the commissioner, not later than December 1 of any calendar year, a written notice terminating its election as of December 31 of that year. Upon termination of the election, such employer shall again be liable for the payment of contributions and for the reimbursement of such benefits as may be paid based upon wages paid for services in employment of such employer while such election was effective.

(5) The commissioner may require any employer subject to this section whose annual payroll for either of the two preceding calendar years has equaled or exceeded one hundred thousand dollars to pay the amount owed pursuant to this section by an electronic method approved by the commissioner, except when the employer establishes to the satisfaction of the commissioner that payment by an electronic method would create a hardship for the employer.

48-650 Combined tax rate; determination of employment; notice; review; redetermination; proceedings; appeal.

The commissioner shall determine the rate of combined tax applicable to each employer pursuant to sections 48-649 to 48-649.04 and may determine, at any time during the year, whether services performed by an individual were employment or for an employer. Any such determination shall become conclusive and binding upon the employer unless, within thirty days after the prompt mailing of notice thereof to his or her last-known address or in the absence of mailing within thirty days after the delivery of such notice, the employer files an appeal with the department in accordance with rules and regulations adopted and promulgated by the commissioner. No employer shall have standing, in any proceeding involving his or her combined tax rate or combined tax liability, to contest the chargeability to his or her account of any benefits paid in accordance with a determination, redetermination, or decision pursuant to sections 48-629 to 48-644 except upon the ground that the services on the basis of which such benefits were found to be chargeable did not constitute services performed in employment for him or her and only in the event that he or she was not a party to such determination, redetermination, or decision or to any other proceedings under the Employment Security Law in which the character of such services was determined. A full and complete record shall be kept of all proceedings in connection with such hearing. All testimony at any such hearing shall be recorded but need not be transcribed unless there is a further appeal. The employer shall be promptly notified of a hearing officer’s decision which shall become final unless the employer or the commissioner appeals within thirty days after the date of service of the decision of the hearing officer. The appeal shall otherwise be governed by the Administrative Procedure Act.

A petition for judicial review of the Nebraska Commissioner of Labor's determination of an employer's unemployment insurance contributions must be filed in the county where the first adjudicated hearing of a disputed claim took place. Metro Renovation v. State, 249 Neb. 337, 543 N.W.2d 715 (1996).

Judicial review of decision of the Nebraska Appeal Tribunal reviewing a decision under this section of the Nebraska Department of Labor, Division of Employment, may only be had in the District Court of Lancaster County. Whitehouse Energy Savers v. Hanlon, 214 Neb. 572, 334 N.W.2d 802 (1983).

48-651 Employer's account; benefit payments; notice; effect.

(1) The commissioner may provide for the following by rule and regulation:

(a) Periodic notification to employers of benefits paid and chargeable to their accounts or of the status of such accounts; and

(b) Notification to all base period employers of any individual of the establishment of such individual's benefit year.

(2) Any such notification, in the absence of an application for redetermination filed in such manner and within such period as the commissioner may prescribe, shall become conclusive and binding upon the employer for all purposes. Such redeterminations, made after notice and opportunity for hearing, and the commissioner's findings of fact in connection therewith may be introduced in any subsequent administrative or judicial proceedings involving the determination of the combined tax rate of any employer for any calendar year.

48-652 Employer's experience account; reimbursement account; combined tax; liability; termination; reinstatement.

(1)(a) A separate experience account shall be established for each employer who is liable for payment of combined tax. Whenever and wherever in the Employment Security Law the terms reserve account or experience account are used, unless the context clearly indicates otherwise, such terms shall be deemed interchangeable and synonymous and reference to either of such accounts shall refer to and also include the other.

(b) A separate reimbursement account shall be established for each employer who is liable for payments in lieu of contributions. All benefits paid with respect to service in employment for such employer shall be charged to his or her reimbursement account, and such employer shall be billed for and shall be liable for the payment of the amount charged when billed by the commissioner. Payments in lieu of contributions received by the commissioner on behalf of each such employer shall be credited to such employer's reimbursement account, and two or more employers who are liable for payments in lieu of contributions may jointly apply to the commissioner for establishment of a group account for the purpose of sharing the cost of benefits paid that are attributable to service in the employ of such employers. The commissioner shall adopt and promulgate such rules and regulations as he or she deems necessary with respect to applications for establishment, maintenance, and termination of group accounts authorized by this subdivision.
(2) All contributions paid by an employer shall be credited to the experience account of such employer. State unemployment insurance tax payments shall not be credited to the experience account of each employer. Partial payments of combined tax shall be credited so that at least eighty percent of the combined tax payment excluding interest and penalty is credited first to contributions due. Contributions with respect to prior years which are received on or before January 31 of any year shall be considered as having been paid at the beginning of the calendar year. All voluntary contributions which are received on or before January 10 of any year shall be considered as having been paid at the beginning of the calendar year.

(3)(a) Each experience account shall be charged only for benefits based upon wages paid by such employer. No benefits shall be charged to the experience account of any employer if:

(i) Such benefits were paid on the basis of a period of employment from which the claimant (A) left work voluntarily without good cause, (B) left work voluntarily due to a nonwork-connected illness or injury, (C) left work voluntarily with good cause to escape abuse as defined in section 42-903 between household members as provided in subdivision (1) of section 48-628.13, (D) left work from which he or she was discharged for misconduct connected with his or her work, (E) left work voluntarily and is entitled to unemployment benefits without disqualification in accordance with subdivision (3), (5), or (11) of section 48-628.13, or (F) was involuntarily separated from employment and such benefits were paid pursuant to section 48-628.17; and

(ii) The employer has filed timely notice of the facts on which such exemption is claimed in accordance with rules and regulations adopted and promulgated by the commissioner.

(b) No benefits shall be charged to the experience account of any employer if such benefits were paid during a week when the individual was participating in training approved under section 236(a)(1) of the federal Trade Act of 1974, 19 U.S.C. 2296(a)(1).

(c) Each reimbursement account shall be charged only for benefits paid that were based upon wages paid by such employer in the base period that were wages for insured work solely by reason of section 48-627.01.

(d) Benefits paid to an eligible individual shall be charged against the account of his or her most recent employers within his or her base period against whose accounts the maximum charges hereunder have not previously been made in the inverse chronological order in which the employment of such individual occurred. The maximum amount so charged against the account of any employer, other than an employer for which services in employment as provided in subdivision (4)(a) of section 48-604 are performed, shall not exceed the total benefit amount to which such individual was entitled as set out in section 48-626 with respect to base period wages of such individual paid by such employer plus one-half the amount of extended benefits paid to such eligible individual with respect to base period wages of such individual paid by such employer. The commissioner shall adopt and promulgate rules and regulations determining the manner in which benefits shall be charged against the account of several employers for whom an individual performed employment during the same quarter or during the same base period.

(4)(a) An employer’s experience account shall be terminated one calendar year after such employer has ceased to be subject to the Employment Security
Law, except that if the commissioner finds that an employer’s business is closed solely because one or more of the owners, officers, partners, or limited liability company members or the majority stockholder entered the armed forces of the United States, or of any of its allies, such employer’s account shall not be terminated and, if the business is resumed within two years after the discharge or release from active duty in the armed forces of such person or persons, the employer’s experience account shall be deemed to have been continuous throughout such period.

(b) An experience account terminated pursuant to this subsection shall be reinstated if:

(i) The employer becomes subject again to the Employment Security Law within one calendar year after termination of such experience account;

(ii) The employer makes a written application for reinstatement of such experience account to the commissioner within two calendar years after termination of such experience account; and

(iii) The commissioner finds that the employer is operating substantially the same business as prior to the termination of such experience account.

(5) All money in the Unemployment Compensation Fund shall be kept mingled and undivided. In no case shall the payment of benefits to an individual be denied or withheld because the experience account of any employer does not have a total of contributions paid in excess of benefits charged to such experience account.

(6)(a) For benefit years beginning before September 3, 2017, if an individual’s base period wage credits represent part-time employment for a contributory employer and the contributory employer continues to employ the individual to the same extent as during the base period, then the contributory employer’s experience account shall not be charged if the contributory employer has filed timely notice of the facts on which such exemption is claimed in accordance with rules and regulations adopted and promulgated by the commissioner.

(b) For benefit years beginning on or after September 3, 2017, if an individual’s base period wage credits represent part-time employment for an employer and the employer continues to employ the individual to the same extent as during the base period, then the employer’s experience account, in the case of a contributory employer, or the employer’s reimbursement account, in the case of a reimbursable employer, shall not be charged if the employer has filed timely notice of the facts on which such exemption is claimed in accordance with rules and regulations prescribed by the commissioner.

(7) If a contributory employer responds to the department’s request for information within the time period set forth in subsection (1) of section 48-632 and provides accurate information as known to the employer at the time of the response, the employer’s experience account shall not be charged if the individual’s separation from employment is voluntary and without good cause as determined under section 48-628.12.

EMPLOYMENT SECURITY § 48-654

Effective date August 28, 2021.

Where employees have left work voluntarily without good cause or have been discharged for misconduct, an employer is not charged with benefits paid to its employees. Fauss v. Messerly, 200 Neb. 326, 263 N.W.2d 668 (1978).

48-654 Employer’s experience account; acquisition by transferee-employer; transfer; contribution rate.

(1) Subject to section 48-654.01, any employer that acquires the organization, trade, or business, or substantially all the assets of another employer shall immediately notify the commissioner of the acquisition and may, pursuant to rules and regulations adopted and promulgated by the commissioner, assume the position of such acquired employer with respect to the resources and liabilities of such acquired employer’s experience account as if no change with respect to such acquired employer’s experience account has occurred.

(2) The commissioner may provide by rule and regulation for partial transfers of experience accounts, except that such partial transfers of accounts shall be construed to allow computation and fixing of contribution rates only where an employer has transferred at any time a definable and segregable portion of his or her payroll and business to a transferee-employer.

(3) For an acquisition which occurs during either of the first two calendar quarters of a calendar year or during the fourth quarter of the preceding calendar year, a new rate of contributions, payable by the transferee-employer with respect to wages paid by him or her after midnight of the last day of the calendar quarter in which such acquisition occurs and prior to midnight of the following September 30, shall be computed in accordance with this section. For the purpose of computing such new rate of contributions, the computation date with respect to any such acquisition shall be September 30 of the preceding calendar year and the term payroll shall mean the total amount of wages by which contributions to the transferee’s account and to the transferor’s account were measured for four calendar quarters ending September 30 preceding the computation date.

This section, which allows an acquiring organization to assume the position of its predecessor with respect to the latter’s experience account, is referring to the contribution rate of that employer. The experience account balance is used to determine the rate at which the employer must contribute, and it is not a cash account which may be treated as a liquid asset. West Nebraska General Hospital v. Hanlon, 208 Neb. 173, 302 N.W.2d 694 (1981).
48-654.01 Employer’s experience account; transferable; when; violation; penalty.

(1) For purposes of this section:

(a) Knowingly means having actual knowledge of or acting with deliberate ignorance or reckless disregard of the prohibition involved;

(b) Person means an individual, a partnership, a limited liability company, a corporation, or any other legally recognized entity;

(c) Trade or business includes the employer’s workforce; and

(d) Violates or attempts to violate includes intent to evade, misrepresentation, or willful nondisclosure.

(2) Notwithstanding any other provision of law, the following shall apply regarding assignment of combined tax rates and transfer of an employer’s experience account:

(a) If an employer transfers its trade or business, or a portion thereof, to another employer and, at the time of the transfer, there is substantially common ownership, management, or control of the two employers, then the employer’s experience account attributable to the transferred trade or business shall be transferred to the employer to whom such business is transferred. The rates of both employers shall be recalculated in accordance with section 48-654. The transfer of some or all of an employer’s workforce to another employer shall be considered a transfer of trade or business when, as the result of such transfer, the transferring employer no longer performs trade or business with respect to the transferred workforce and such trade or business is performed by the employer to whom the workforce is transferred. If, following a transfer of experience under this subdivision, the commissioner determines that a substantial purpose of the transfer of trade or business was to obtain a lower combined tax rate, then the experience rating accounts of the employers involved shall be combined into a single account and a single rate assigned to such account; or

(b) Whenever a person is not an employer at the time it acquires the trade or business of an employer, the employer’s experience account of the acquired business shall not be transferred to such person if the commissioner finds that the business was acquired solely or primarily for the purpose of obtaining a lower combined tax rate. Instead, such person shall be assigned the new employer combined tax rate under sections 48-649 and 48-649.02. In determining whether the business was acquired solely or primarily for the purpose of obtaining a lower combined tax rate, the commissioner shall use objective factors which may include:

(i) The cost of acquiring the business;

(ii) Whether the person continued the business enterprise of the acquired business;

(iii) How long such business enterprise was continued; or

(iv) Whether a substantial number of new employees were hired for performance of duties unrelated to the business activity conducted prior to the acquisition.

(3)(a) If a person knowingly violates or attempts to violate this section, or if a person knowingly advises another person in a way that results in a violation of this section and:
(ii) The person is not an employer, such person shall be subject to a civil penalty of not more than five thousand dollars.

(b) In addition to any civil penalties that may apply under this subsection, such person shall be guilty of a Class IV felony.

(4) The commissioner shall establish procedures to identify the transfer or acquisition of a business for purposes of evading combined tax liability.

48-655 Combined taxes; payments in lieu of contributions; collections; set-offs; interest; actions; setoff against federal income tax refund; procedure.

(1) Combined taxes or payments in lieu of contributions unpaid on the date on which they are due and payable, as prescribed by the commissioner, shall bear interest at the rate of one and one-half percent per month from such date until payment, plus accrued interest, is received by the commissioner, except that no interest shall be charged subsequent to the date of the erroneous payment of an amount equal to the amount of the delayed payment into the unemployment trust fund of another state or to the federal government. Interest collected pursuant to this section shall be paid in accordance with subdivision (1)(b) of section 48-621. If, after due notice, any employer defaults in any payment of combined taxes or payments in lieu of contributions or interest thereon, the amount due may be collected (a) by civil action in the name of the commissioner and the employer adjudged in default shall pay the costs of such action, (b) by setoff against any state income tax refund due the employer pursuant to sections 77-27,197 to 77-27,209, or (c) as provided in subsection (2) of this section. Civil actions brought under this section to collect combined taxes or interest thereon or payments in lieu of contributions or interest thereon from an employer shall be heard by the court at the earliest possible date and shall be entitled to preference upon the calendar of the court over all other civil actions except petitions for judicial review under section 48-638.

(2) The commissioner may recover a covered unemployment compensation debt, as defined in 26 U.S.C. 6402, by setoff against a liable party’s federal income tax refund. Such setoff shall be made in accordance with such section and United States Treasury regulations and guidelines adopted pursuant thereto. The commissioner shall notify the debtor that the commissioner plans to recover the debt through setoff against any federal income tax refund, and the debtor shall be given sixty days to present evidence that all or part of the liability is either not legally enforceable or is not a covered unemployment compensation debt. The commissioner shall review any evidence presented and determine that the debt is legally enforceable and is a covered unemployment compensation debt before proceeding further with the offset. The amount recovered, less any administrative fees charged by the United States Treasury,
shall be credited to the debt owed. Any determination rendered under this subsection that the liable party’s federal income tax refund is not subject to setoff does not require the commissioner to amend the commissioner’s initial determination that formed the basis for the proposed setoff.

48-655.01 State; jurisdiction over employer; when.

Employing one or more individuals to perform service within this state shall constitute sufficient contact with this state for the exercise of personal jurisdiction over such employer in any action under sections 48-655 to 48-655.02.

48-655.02 Combined taxes; courts; jurisdiction; actions.

The courts of this state shall in the manner provided in sections 48-655 to 48-655.02 entertain actions to collect combined taxes or interest thereon for which liability has accrued under the employment security law of any other state or of the federal government.

48-656 Combined taxes; report or return; requirements; assessment; notice; protest; penalty.

(1) If any employer fails to file a report or return required by the commissioner for the determination of combined taxes, the commissioner may make such reports or returns or cause them to be made and determine the combined taxes payable, on the basis of such information as he or she may be able to obtain, and shall collect the combined taxes as determined together with any interest thereon due under section 48-655. The commissioner shall immediately notify the employer of the assessment, in writing, by registered or certified mail, in the usual course, and such assessment shall be final unless the employer protests such assessment within fifteen days after the mailing of the notice. If the employer protests such assessment, the employer shall have an opportunity to be heard by a hearing officer upon written request therefor. After the hearing, the hearing officer shall immediately notify the employer in writing of his or her decision, and the assessment, if any, shall be final upon issuance of such notice.

(2) If any employer files a report or return required by the commissioner for the determination of combined taxes but fails to pay all or some part of the combined taxes actually due for the reported period, the commissioner may determine the combined taxes actually payable on the basis of such information as he or she may be able to obtain and shall collect the combined taxes as determined together with any interest due under section 48-655. The commissioner shall immediately notify the employer of the assessment, in writing by registered or certified mail in the usual course, and such assessment shall be
final unless the employer protests such assessment within fifteen days after the mailing of the notice. If the employer protests such assessment, the employer shall have an opportunity to be heard by a hearing officer upon a written request therefor. After the hearing, the hearing officer shall immediately notify the employer in writing of his or her decision and the assessment, if any, shall be final upon issuance of such notice.

(3) Any employer or any officer or agent of an employer who fails to file a required quarterly combined tax report and wage schedule by the tenth day of the second month following the end of the calendar quarter shall pay a penalty to the commissioner of one-tenth of one percent of the total wages paid during the quarter, except that the penalty shall not be less than twenty-five nor more than two hundred dollars. For good cause shown, the commissioner may waive the penalty in accordance with rules and regulations adopted and promulgated by the commissioner. The commissioner shall remit any penalty collected to the State Treasurer who shall credit it to the pool account of the Employment Security Special Contingent Fund.

48-657 Combined tax or interest; default; lien; contracts for public works; requirements.

(1)(a) If any employer defaults in any payment of combined tax or interest, the commissioner may make in any manner feasible and cause to be filed as a secured transaction as provided in article 9, Uniform Commercial Code, and in the real estate mortgage records of any county in which such employer is engaged in business or owns real or personal property, a statement, under oath, showing the amount of combined tax and interest in default, which statement, when filed for record, shall operate as a lien and mortgage on all of the real and personal property of the employer, subject only to the liens of prior record, and the property of such employer shall be subject to seizure and sale for the payment of such combined taxes and interest. Such lien on personal property may be enforced or dissolved in the manner provided by article 9, Uniform Commercial Code, and such liens on real estate may be enforced or dissolved in the manner provided by Chapter 25, article 21, in the enforcing and dissolving of real estate mortgages. This subdivision shall only apply to liens filed prior to May 1, 1999.

(b) A lien for unpaid combined taxes filed or recorded pursuant to subdivision (a) of this subsection shall lapse at the earlier of its expiration date or the fifth anniversary of the filing or recording date, unless the commissioner files a notice of continuation in the place of the original filing or recording and with the appropriate filing officer in the manner provided for in the Uniform State Tax Lien Registration and Enforcement Act before such lien lapses. A notice of continuation shall include all of the information required by the act, the date of the filing or recording of the original lien, and a statement that the original lien is to be continued for ten years. Thereafter, such lien shall be enforced and notices of continuation filed in accordance with the act.

(c) On and after May 1, 1999, if any employer defaults in any payment of combined tax or interest, the commissioner may file a lien against such
employer in accordance with the Uniform State Tax Lien Registration and Enforcement Act. Such liens shall set forth the amount of combined tax and interest in default and shall be continued and enforced as provided in the Uniform State Tax Lien Registration and Enforcement Act.

(2) It shall be the duty of the State of Nebraska, or any department or agency thereof, county boards, the contracting board of all cities, villages, and school districts, all public boards empowered by law to enter into a contract by public bidding for the erecting and finishing or the repairing of any public building, bridge, highway, or other public structure or improvement, and any officer or officers so empowered by law to enter into such contract to provide in such contract that the person, persons, firm, or corporation to whom the contract is awarded will pay to the Unemployment Compensation Fund of the State of Nebraska and the State Unemployment Insurance Trust Fund unemployment combined tax and interest due under the Employment Security Law on wages paid to individuals employed in the performance of such contract.

(3) No contract referred to in subsection (2) of this section shall be entered into by the State of Nebraska, a department or agency thereof, an officer or officers, or a board referred to in such subsection unless the contract contains the proviso mentioned in such subsection.

(4) Before final payment may be made on the final three percent of any such contract awarded on or after June 1, 1957, the State of Nebraska, department or agency thereof, officer or officers, or board awarding the contract must have received from the contractor a written clearance from the commissioner certifying that all payments then due of combined tax or interest which may have arisen under such contract have been made by the contractor or his or her subcontractor to the Unemployment Compensation Fund.

(5) The final three percent of any such contract referred to in subsection (4) of this section may be paid if the contractor has supplied a bond with a satisfactory surety company guaranteeing full payment to the Unemployment Compensation Fund and the State Unemployment Insurance Trust Fund of all combined tax and interest due under the Employment Security Law.

48-660.01 Benefits; nonprofit organizations; combined tax; payments in lieu
of contributions; election; notice; appeal; lien; liability.

(1) Benefits paid to employees of nonprofit organizations shall be financed in
accordance with this section. For the purpose of this section, a nonprofit
organization is an organization, or group of organizations, described in subdivi-
sion (9) of section 48-603.

(2)(a) Any nonprofit organization which is, or becomes, subject to the
Employment Security Law shall pay combined tax under sections 48-648 to
48-661 unless it elects, in accordance with this subsection, to pay to the
commissioner for the unemployment fund an amount, equal to the amount of
regular benefits and of one-half of the extended benefits paid, that is attribut-
able to service in the employ of such nonprofit organization, to individuals for
weeks of unemployment which begin during the effective period of such
election.
LABOR § 48-660.01

(b) Any nonprofit organization which is, or becomes, subject to the Employment Security Law may elect to become liable for payments in lieu of contributions for a period of not less than twelve months beginning with the date on which such subjectivity begins by filing a written notice of its election with the commissioner not later than thirty days immediately following the date of the determination of such subjectivity.

(c) Any nonprofit organization which makes an election in accordance with subdivision (b) of this subsection shall continue to be liable for payments in lieu of contributions until it files with the commissioner a written notice terminating its election not later than thirty days prior to the beginning of the taxable year for which such termination shall first be effective.

(d) Any nonprofit organization which has been paying combined tax under the Employment Security Law may change to a reimbursable basis by filing with the commissioner not later than thirty days prior to the beginning of any taxable year a written notice of election to become liable for payments in lieu of contributions. Such election shall not be terminable by the organization for that and the next year.

(e) The commissioner may for good cause extend the period within which a notice of election, or a notice of termination, must be filed and may permit an election to be retroactive but not any earlier than with respect to benefits paid after December 31, 1969.

(f) The commissioner, in accordance with such rules and regulations as he or she may adopt and promulgate, shall notify each nonprofit organization of any determination which he or she may make of its status as an employer and of the effective date of any election which it makes and of any termination of such election. Such determinations shall be subject to redetermination and appeal, and the appeal shall be in accordance with the Administrative Procedure Act.

(3) Payments in lieu of contributions shall be made in accordance with this subsection as follows:

(a) At the end of each calendar quarter, or at the end of any other period as determined by the commissioner, the commissioner shall bill each nonprofit organization, or group of such organizations, which has elected to make payment in lieu of contributions for an amount equal to the full amount of regular benefits plus one-half of the amount of extended benefits paid during such quarter or other prescribed period that is attributable to service in the employ of such organization;

(b) Payment of any bill rendered under subdivision (a) of this subsection shall be made not later than thirty days after such bill was mailed to the last-known address of the nonprofit organization or was otherwise delivered to it unless there has been an application for review and redetermination in accordance with subdivision (d) of this subsection;

(c) Payments made by any nonprofit organization under this subsection shall not be deducted or deductible, in whole or in part, from the remuneration of individuals in the employ of the organization;

(d) The amount due specified in any bill from the commissioner shall be conclusive on the organization unless, not later than thirty days after the bill was mailed to its last-known address or otherwise delivered to it, the organization files an application for redetermination by the commissioner setting forth the grounds for such application. The commissioner shall promptly review and
reconsider the amount due specified in the bill and shall thereafter issue a redetermination in any case in which such application for redetermination has been filed. Any such redetermination shall be conclusive on the organization unless the organization appeals the redetermination, and the appeal shall be in accordance with the Administrative Procedure Act; and

(e) Past-due payments of amounts in lieu of contributions shall be subject to the same interest that, pursuant to section 48-655, applies to past-due contributions, and the commissioner may file a lien against such nonprofit organization in accordance with the Uniform State Tax Lien Registration and Enforcement Act. Such liens shall set forth the amount of payments in lieu of contributions and interest in default and shall be enforced as provided in the Uniform State Tax Lien Registration and Enforcement Act.

(4) If any nonprofit organization is delinquent in making payments in lieu of contributions as required under subsection (3) of this section, the commissioner may terminate such organization’s election to make payments in lieu of contributions as of the beginning of the next taxable year, and such termination shall be effective for that and the next taxable year.

(5) Each employer that is liable for payments in lieu of contributions shall pay to the commissioner for the fund the amount of regular benefits plus the amount of one-half of extended benefits paid that are attributable to service in the employ of such employer. If benefits paid to an individual are based on wages paid by more than one employer and one or more of such employers are liable for payments in lieu of contributions, the amount payable to the fund by each employer that is liable for such payments shall be determined in accordance with section 48-652.

48-661 Employer; election to become subject to Employment Security Law; written election to become or cease to be an employer; termination of coverage.

(1) Except as otherwise provided in subsections (2) and (3) of this section, any employer not otherwise subject to the Employment Security Law, who is or becomes an employer subject to such law within any calendar year, shall be subject to such law during the whole of such calendar year.

(2) Except as otherwise provided in subsection (3) of this section, an employer, other than an employer subject by reason of subdivision (4)(a) of section 48-604, shall cease to be an employer subject to the Employment Security Law only as of January 1 of any calendar year, if he or she files with the commissioner, on or before January 31 of such year, a written application for termination of coverage, and the commissioner finds: (a) That there were no twenty different days, each day being in a different calendar week, within the preceding calendar year within which such employer employed one or more individuals in employment subject to such law and there was no calendar
quarter within the preceding calendar year in which such employer paid wages for employment in the total sum of fifteen hundred dollars or more; (b) if the employer is subject by reason of subdivision (9) of section 48-603 there were no twenty different days, each being in a different calendar week, within the preceding calendar year in which such employer employed four or more individuals in employment subject to that section; (c) if the employer is subject by reason of subdivision (10) of section 48-603 there were no twenty different days, each being in a different calendar week, within the preceding calendar year in which such employer employed ten or more individuals in employment subject to that section and there was no calendar quarter within the preceding calendar year in which such employer paid remuneration in cash for employment subject to that section in the total sum of twenty thousand dollars or more; or (d) if the employer is subject by reason of subdivision (11) of section 48-603 there was no calendar quarter within the preceding calendar year in which such employer paid cash remuneration in the total sum of one thousand dollars or more for services in employment subject to that section.

The commissioner may on his or her motion terminate the coverage of any employer who has not made such written request, but is otherwise eligible to terminate. Any employer whose entire experience account has been transferred to another employer under section 48-654 may request termination as of the date of such transfer if such request is made within thirty days after the determination is made allowing the transfer.

(3) An employer not otherwise subject to the Employment Security Law, who files with the commissioner his or her written election to become an employer subject thereto for not less than two calendar years, shall, with the written approval of such election by the commissioner, become an employer subject thereto to the same extent as all other employers, as of the date stated in such approval, and shall cease to be subject thereto as of January 1 of any calendar year subsequent to such two calendar years, only if on or before January 31 of such year, he or she has filed with the commissioner a written notice to that effect. Any employer of any person in this state for whom services that do not constitute employment as defined in section 48-604 are performed, may file with the commissioner a written election that all such services performed by individuals in his or her employ in one or more distinct establishments or places of business shall be deemed to constitute employment for all the purposes of the Employment Security Law for not less than two calendar years. Upon the written approval of such election by the commissioner, such services shall be deemed to constitute employment subject to such law from and after the date stated in such approval. Such services shall cease to be deemed employment subject hereto as of January 1 of any calendar year subsequent to such two calendar years, only if on or before January 31 of such year such employer has filed with the commissioner a written notice to that effect.

48-662 State employment service; establishment; functions; funds available; agreements authorized.

The state employment service is hereby established in the Department of Labor, State of Nebraska. The commissioner of such department, in the conduct of such service, shall establish and maintain free public employment offices in such number and in such places as may be necessary for the proper administration of the Employment Security Law and for the purpose of performing such functions as are within the purview of the Act of Congress entitled An act to provide for the establishment of a national employment system and for cooperation with the states in the promotion of such system, and for other purposes, approved June 6, 1933, (48 Stat. 113; 29 U.S.C. 49 (c)), as amended, herein referred to as the Wagner-Peyser Act. The provisions of the Act of Congress are hereby accepted by this state and the Department of Labor is hereby designated and constituted the agency of this state for the purposes of such act. All money received by this state under the Act of Congress shall be paid into the Employment Security Administration Fund and shall be expended solely for the maintenance of the state system of public employment offices. There shall also be credited to the Employment Security Administration Fund for the same purpose, any sums appropriated by the Legislature from the General Fund of the state for the purposes of maintaining public employment offices or of matching funds granted under the Wagner-Peyser Act. For the purpose of establishing and maintaining free public employment offices and promoting the use of their facilities, the commissioner is authorized to enter into agreements with the Railroad Retirement Board, any other agency of the United States or of this or any other state charged with the administration of any law whose purposes are reasonably related to the purposes of the Employment Security Law, any political subdivision of this state, or any private nonprofit organization and as a part of such agreements may accept money, services, or quarters as a contribution to the maintenance of the state system of public employment offices or as reimbursement for services performed. All money received for such purposes shall be paid into the Employment Security Administration Fund.

48-663 Benefits; prohibited acts by employee; penalty; limitation of time for prosecution.

Whoever obtains or increases any benefit or other payment under sections 48-623 to 48-629 or under an employment security law of any other state, the federal government, or a foreign government, either for himself or herself or for any other person, (1) by making a false statement or representation knowing it to be false by oral, written, or electronic communication that can be attributed to such person by use of a personal identification number or other identification process or (2) by knowingly failing to disclose a material fact shall be guilty of a Class III misdemeanor. Each such false statement or representation or failure to disclose a material fact shall constitute a separate offense. Prosecution under this section may be instituted within three years after the time the
offense was committed in any county where any part of the crime was committed, including the county in which the person received the benefits.  

48-663.01 Benefits; false statements by employee; forfeit; appeal; failure to repay overpayment of benefits; penalty; levy authorized; procedure; failure or refusal to honor levy; liability.

(1)(a) Notwithstanding any other provision of this section, or of section 48-627 or 48-663, an individual who willfully fails to disclose amounts earned during any week with respect to which benefits are claimed by him or her or who willfully fails to disclose or has falsified as to any fact which would have disqualified him or her or rendered him or her ineligible for benefits during such week, shall forfeit all or part of his or her benefit rights, as determined by an adjudicator, with respect to uncharged wage credits accrued prior to the date of such failure or to the date of such falsifications.

(b) In addition to any benefits which he or she may be required to repay pursuant to subdivision (1)(a) of this section, if an overpayment is established pursuant to this section, an individual shall be required to pay to the department a penalty equal to fifteen percent of the amount of benefits received as a result of such willful failure to disclose or falsification. All amounts collected pursuant to this subdivision shall be remitted for credit to the Unemployment Compensation Fund.

(c) An appeal may be taken from any determination made pursuant to subdivision (1)(a) of this section in the manner provided in section 48-634.

(2)(a) If any person liable to repay an overpayment of unemployment benefits resulting from a determination under subdivision (1)(a) of this section and pay the penalty required under subdivision (1)(b) of this section fails or refuses to repay such overpayment and pay any penalty assessed within twelve months after the date the overpayment determination becomes final, the commissioner may issue a levy on salary, wages, or other regular payments due to or received by such person and such levy shall be continuous from the date the levy is served until the amount of the levy is satisfied. Notice of the levy shall be mailed to the person whose salary, wages, or other regular payment is levied upon at his or her last-known address not later than the date that the levy is served. Exemptions or limitations on the amount of salary, wages, or other regular payment that can be garnished or levied upon by a judgment creditor shall apply to levies made pursuant to this section. Appeal of a levy may be made in the manner provided in section 48-634, but such appeal shall not act as a stay of the levy.

(b) Any person upon whom a levy is served who fails or refuses to honor the levy without cause may be held liable for the amount of the levy up to the value of the assets of the person liable to repay the overpayment that are under the control of the person upon whom the levy is served at the time of service and thereafter.

Any employer, whether or not subject to the Employment Security Law, or any officer or agent of such an employer or any other person who makes a false statement or representation knowing it to be false, or who knowingly fails to disclose a material fact, to prevent or reduce the payment of benefits to any individual entitled thereto, to obtain benefits for an individual not entitled thereto, to avoid becoming or remaining subject to such law, or to avoid or reduce any contribution or other payment required from an employer under sections 48-648 and 48-649 to 48-649.04, or who willfully fails or refuses to make any such contributions or other payment or to furnish any reports required under the Employment Security Law or to produce or permit the inspection or copying of records as required under such law, shall be guilty of a Class III misdemeanor. Each such false statement or representation or failure to disclose a material fact and each day of such failure or refusal shall constitute a separate offense. An individual employer, partner, corporate officer, or member of a limited liability company or limited liability partnership who willfully fails or refuses to make any combined tax payment shall be jointly and severally liable for the payment of such combined tax and any penalties and interest owed thereon. When an unemployment benefit overpayment occurs, in whole or in part, as the result of a violation of this section by an employer, the amount of the overpayment recovered shall not be credited back to such employer’s experience account.

(1) Any person who has received any sum as benefits under the Employment Security Law to which he or she was not entitled shall be liable to repay such sum to the commissioner for the fund. Any such erroneous benefit payments shall be collectible (a) without interest by civil action in the name of the commissioner, (b) by offset against any future benefits payable to the claimant with respect to the benefit year current at the time of such receipt or any benefit year which may commence within three years after the end of such current benefit year, except that no such recoupment by the withholding of future benefits shall be had if such sum was received by such person without fault on his or her part and such recoupment would defeat the purpose of the Employment Security Law or would be against equity and good conscience, (c) by setoff against any state income tax refund due the claimant pursuant to sections 77-27,197 to 77-27,209, or (d) as provided in subsection (2) of this section.

(2) The commissioner may recover a covered unemployment compensation debt, as defined in 26 U.S.C. 6402, by setoff against a liable party’s federal income tax refund. Such setoff shall be made in accordance with such section and United States Treasury regulations and guidelines adopted pursuant thereto. The commissioner shall notify the debtor that the commissioner plans to recover the debt through setoff against any federal income tax refund, and the

697 Reissue 2021
debtor shall be given sixty days to present evidence that all or part of the liability is either not legally enforceable or is not a covered unemployment compensation debt. The commissioner shall review any evidence presented and determine that the debt is legally enforceable and is a covered unemployment compensation debt before proceeding further with the offset. The amount recovered, less any administrative fees charged by the United States Treasury, shall be credited to the debt owed. Any determination rendered under this subsection that the liable party’s federal income tax refund is not subject to setoff does not require the commissioner to amend the commissioner’s initial determination that formed the basis for the proposed setoff.

The time limitations provided for in sections 25-206 and 25-218 do not infringe upon the Department of Labor’s ability to collect an overpayment by setoff under this section. McCoy v. Albin, 298 Neb. 297, 903 N.W.2d 902 (2017).

48-665.01 Benefits; unlawful payments from foreign state or government; recovery.
Any person who has received any sum as benefits to which he or she was not entitled from any agency which administers an employment security law of another state or foreign government and who has been found liable to repay benefits received under such law may be required to repay to the commissioner for such state or foreign government the amount found due. Such amount, without interest, may be collected (1) by civil action in the name of the commissioner acting as agent for such agency, (2) by offset against any future benefits payable to the claimant under the Employment Security Law for any benefit year which may commence within three years after the claimant was notified such amount was due, except that no such recoupment by the withholding of future benefits shall be had if such sum was received by such person without fault on his or her part and such recoupment would defeat the purpose of the Employment Security Law or would be against equity and good conscience, (3) by setoff against any state income tax refund due the claimant pursuant to sections 77-27,197 to 77-27,209, or (4) as provided in subsection (2) of section 48-665.

48-666 Violations; general penalty.
Any person who shall willfully violate any provision of the Employment Security Law or any order, rule, or regulation thereunder, the violation of which is made unlawful or the observance of which is required under the terms of such law, and for which a penalty is neither prescribed in such law nor provided by any other applicable statute, shall be guilty of a Class III misdemeanor. Each day such violation continues shall be a separate offense.

48-667 Commissioner of Labor; civil and criminal actions; representation.

(1) In any civil action to enforce the Employment Security Law, the commissioner and the state may be represented by any qualified attorney who is employed by the commissioner and is designated by him or her for this purpose or at the commissioner’s request by the Attorney General.

(2) All criminal actions for violation of any provision of the Employment Security Law or of any rules or regulations issued pursuant thereto shall be prosecuted by the county attorney of any county in which the violation, or a part thereof, occurred.

48-668 Unemployment compensation; services performed in another state; arrangements with other states.

(1) The commissioner is hereby authorized to enter into arrangements with the appropriate and duly authorized agencies of other states or the federal government, or both, whereby:

(a) Services performed by an individual for a single employer for which services are customarily performed by such individual in more than one state shall be deemed to be services performed entirely within any one of the states in which (i) any part of such individual’s service is performed, (ii) such individual has his or her residence, or (iii) the employer maintains a place of business, if there is in effect, as to such services, an election by an employer with the acquiescence of such individual, approved by the agency charged with the administration of such state’s unemployment compensation law, pursuant to which services performed by such individual for such employer are deemed to be performed entirely within such state;

(b) Service performed by not more than three individuals, on any portion of a day but not necessarily simultaneously, for a single employer which customarily operates in more than one state shall be deemed to be service performed entirely within the state in which such employer maintains the headquarters of his or her business if there is in effect, as to such service, an approved election by an employer with the affirmative consent of each such individual, pursuant to which service performed by such individual for such employer is deemed to be performed entirely within such state;

(c) Potential rights to benefits under the Employment Security Law may constitute the basis for payment of benefits by another state or the federal government and potential rights to benefits accumulated under the law of another state or the federal government may constitute the basis for the payment of benefits by this state. Such benefits shall be paid under the Employment Security Law or under the law of such state or the federal government or under such combination of the provisions of both laws, as may be agreed upon as being fair and reasonable to all affected interests. No such arrangement shall be entered into unless it contains provisions for reimbursement to the fund for such benefits as are paid on the basis of wages and service subject to the law of another state or the federal government, and provision for reimbursement from the fund for such benefits as are paid by another state or the federal government on the basis of wages and service subject to the Employment Security Law. Reimbursements paid from the fund pursuant to
this section shall be deemed to be benefits for the purposes of the Employment Security Law; and

(d) Wages, upon the basis of which an individual may become entitled to benefits under an employment security law of another state or of the federal government, shall be deemed to be wages for insured work for the purpose of determining his or her benefits under the Employment Security Law; and wages for insured work, on the basis of which an individual may become entitled to benefits under the Employment Security Law, shall be deemed to be wages on the basis of which unemployment insurance is payable under such law of another state or of the federal government. No such arrangement shall be entered into unless it contains provisions for reimbursement to the fund for such of the benefits paid under the Employment Security Law upon the basis of such wages and provision for reimbursement from the fund for such benefits paid under such other law upon the basis of wages for insured work, as the commissioner finds will be fair and reasonable to all affected interests. Reimbursement paid from the fund pursuant to this section shall be deemed to be benefits for the purposes of the Employment Security Law.

(2) Notwithstanding any other provisions of this section, the commissioner shall participate in any arrangements for the payment of benefits on the basis of combining an individual’s wages and employment covered under the Employment Security Law with his or her wages and employment covered under the unemployment compensation laws of other states which are approved by the United States Secretary of Labor in consultation with the state unemployment compensation agencies as reasonably calculated to assure the prompt and full payment of benefits in such situations and which include provisions for (a) applying the base period of a single state law to a claim involving the combining of an individual’s wages and employment covered under two or more state unemployment compensation laws and (b) avoiding the duplicate use of wages and employment by reason of such combining. However, no benefits paid pursuant to an agreement to combine wages entered into under this subsection shall be charged against any employer’s experience account if the employer’s experience account, under the same or similar circumstances, would not be charged under the Employment Security Law. Benefits received by a claimant pursuant to an agreement entered into under this subsection to which he or she is not entitled shall be credited to an employer’s experience account or reimbursement account in the same manner as claims paid based solely upon the laws of this state.

48-668.01 Unemployment compensation; services performed in another state; arrangements with other states; alter.

If after entering into an arrangement provided by sections 48-668 to 48-668.03 the commissioner finds that the employment security law of any state or of the federal government participating in such arrangement has been changed in a material respect, the commissioner shall make a new finding as to
whether such arrangement shall be continued with such state or with the federal government.

48-668.02 Unemployment compensation; services performed in another state; reimbursements to and from other states.

Reimbursements paid from the fund pursuant to subdivisions (1)(c) and (1)(d) of section 48-668 shall be deemed to be benefits for the purposes of the Employment Security Law. The commissioner is authorized to make to other state or federal agencies and to receive from such other state or federal agencies reimbursements from or to the fund in accordance with arrangements entered into pursuant to section 48-668.

48-668.03 Unemployment compensation; services performed in foreign country; facilities and services; utilize.

To the extent permissible under the laws and Constitution of the United States, the commissioner is authorized to enter into or cooperate in arrangements whereby facilities and services provided under the Employment Security Law and facilities and services provided under the unemployment compensation law of any foreign government may be utilized for the taking of claims and the payment of benefits under the unemployment insurance law of this state or under a similar law of such government.

48-670 Federal law; adjudged unconstitutional, invalid, or stayed; effect.

If Public Law 94-566 or the federal acts it amends is adjudged unconstitutional or invalid in its application or stayed pendente lite by any court of competent jurisdiction, then the coverage under the Employment Security Law of those employees of any political subdivision is automatically stayed or repealed.

48-671 City or village; levy a tax; when; limitation.

Any city or village of the state which makes any contributions or payments required to be made by the Employment Security Law shall levy a tax in order to defray the cost to such city or village in meeting the obligations arising by reason of such law. Such tax shall be in excess of and in addition to all other taxes now or hereafter authorized to be levied by such city. The revenue so raised shall be limited to the amount needed to defray the cost to such city or
§ 48-671 LABOR

village in meeting the obligations arising by reason of the Employment Security Law and shall be used for no other purpose.

48-672 Short-time compensation program created.

Sections 48-672 to 48-683 create the short-time compensation program.

48-673 Short-time compensation program; terms, defined.

For purposes of sections 48-672 to 48-683:

(1) Affected unit means a specified plant, department, shift, or other definable unit which includes three or more employees to which an approved short-time compensation plan applies;

(2) Commissioner means the Commissioner of Labor or any delegate or subordinate responsible for approving applications for participation in a short-time compensation plan;

(3) Health and retirement benefits means employer-provided health benefits and retirement benefits under a defined benefit plan, as defined in section 414(j) of the Internal Revenue Code, or contributions under a defined contribution plan, as defined in section 414(i) of the Internal Revenue Code, which are incidents of employment in addition to the cash remuneration earned;

(4) Short-time compensation means the unemployment benefits payable to employees in an affected unit under an approved short-time compensation plan, as distinguished from the unemployment benefits otherwise payable under the Employment Security Law;

(5) Short-time compensation plan means a plan submitted by an employer, for written approval by the commissioner, under which the employer requests the payment of short-time compensation to workers in an affected unit of the employer to avert layoffs;

(6) Unemployment compensation means the unemployment benefits payable under the Employment Security Law other than short-time compensation and includes any amounts payable pursuant to an agreement under any federal law providing for compensation, assistance, or allowances with respect to unemployment; and

(7) Usual weekly hours of work means the usual hours of work for full-time or part-time employees in the affected unit when that unit is operating on its regular basis, not to exceed forty hours and not including hours of overtime work.

48-674 Short-time compensation program; participation; application; form; contents.

An employer wishing to participate in the short-time compensation program shall submit a signed written short-time compensation plan to the commissioner for approval. The commissioner shall develop an application form to request approval of a short-time compensation plan and an approval process. The application shall include:

Reissue 2021  702
(1) The affected unit or units covered by the plan, including the number of full-time or part-time employees in such unit, the percentage of employees in the affected unit covered by the plan, identification of each individual employee in the affected unit by name, social security number, and the employer’s unemployment tax account number, and any other information required by the commissioner to identify plan participants;

(2) A description of how employees in the affected unit will be notified of the employer’s participation in the short-time compensation plan if such application is approved, including how the employer will notify those employees in a collective-bargaining unit as well as any employees in the affected unit who are not in a collective-bargaining unit. If the employer will not provide advance notice to employees in the affected unit, the employer shall explain in a statement in the application why it is not feasible to provide such notice;

(3) A requirement that the employer identify the usual weekly hours of work for employees in the affected unit and the specific percentage by which their hours will be reduced during all weeks covered by the plan. An application shall specify the percentage of reduction for which a short-time compensation plan application may be approved which shall be not less than ten percent and not more than sixty percent. If the plan includes any week for which the employer regularly provides no work due to a holiday or other plant closing, then such week shall be identified in the application;

(4)(a) Certification by the employer that, if the employer provides health and retirement benefits to any employee whose usual weekly hours of work are reduced under the program, such benefits will continue to be provided to employees participating in the short-time compensation program under the same terms and conditions as though the usual weekly hours of work had not been reduced or to the same extent as other employees not participating in the short-time compensation program.

(b) For defined benefit retirement plans, the hours that are reduced under the short-time compensation plan shall be credited for purposes of participation, vesting, and accrual of benefits as though the usual weekly hours of work had not been reduced. The dollar amount of employer contributions to a defined contribution plan that are based on a percentage of compensation may be less due to the reduction in the employee’s compensation.

(c) Notwithstanding subdivisions (4)(a) and (b) of this section, an application may contain the required certification when a reduction in health and retirement benefits scheduled to occur during the duration of the plan will be applicable equally to employees who are not participating in the short-time compensation program and to those employees who are participating;

(5) Certification by the employer that the aggregate reduction in work hours is in lieu of layoffs, temporary or permanent layoffs, or both. The application shall include an estimate of the number of employees who would have been laid off in the absence of the short-time compensation plan;

(6) Certification by the employer that the short-time compensation program shall not serve as a subsidy of seasonal employment during the off-season, nor as a subsidy of temporary part-time or intermittent employment;

(7) Agreement by the employer to: Furnish reports to the commissioner relating to the proper conduct of the plan; allow the commissioner access to all records necessary to approve or disapprove the plan application and, after approval of a plan, to monitor and evaluate the plan; and follow any other
directives the commissioner deems necessary for the agency to implement the
plan and which are consistent with the requirements for short-time compensa-
tion plan applications;

(8) Certification by the employer that participation in the short-time compensa-
tion plan and its implementation is consistent with the employer’s obligations
under applicable federal and state laws;

(9) The effective date and duration of the plan that shall expire not later than
the end of the twelfth full calendar month after the effective date;

(10) Certification by the employer that it has obtained the written approval of
any applicable collective-bargaining unit representative and has notified all
affected employees who are not in a collective-bargaining unit of the proposed
short-time compensation plan;

(11) Certification by the employer that it will not hire additional part-time or
full-time employees for the affected unit while the short-time compensation
plan is in effect; and

(12) Any other provision added to the application by the commissioner that
the United States Secretary of Labor determines to be appropriate for purposes
of a short-time compensation program.

48-675 Short-time compensation program; commissioner; decision; eligibili-
ty.

(1) The commissioner shall approve or disapprove a short-time compensation
plan in writing within thirty days after its receipt and promptly communicate
the decision to the employer. A decision disapproving the plan shall clearly
identify the reasons for the disapproval. The disapproval shall be final, but the
employer shall be allowed to submit another short-time compensation plan for
approval not earlier than forty-five days after the date of the disapproval.

(2)(a) A short-time compensation plan will only be approved for a contributo-
ry employer that (a) is eligible for experience rating under section 48-649.03,
(b) has a positive balance in the employer’s experience account, (c) has filed all
quarterly reports and other reports required under the Employment Security
Law, and (d) has paid all obligation assessments, contributions, interest, and
penalties due through the date of the employer’s application.

(b) A short-time compensation plan will only be approved for an employer
liable for making payments in lieu of contributions that has filed all quarterly
reports and other reports required under the Employment Security Law and
has paid all obligation assessments, payments in lieu of contributions, interest,
and penalties due through the date of the employer’s application.

48-676 Short-time compensation program; plan; effective date; notice of
approval; expiration; revocation; termination.

(1) A short-time compensation plan shall be effective on the date that is
mutually agreed upon by the employer and the commissioner, which shall be
specified in the notice of approval to the employer. The plan shall expire on the
date specified in the notice of approval, which shall be either the date at the
end of the twelfth full calendar month after its effective date or an earlier date
mutually agreed upon by the employer and the commissioner.
(2) If a short-time compensation plan is revoked by the commissioner under section 48-677, the plan shall terminate on the date specified in the commissioner’s written order of revocation.

(3) An employer may terminate a short-time compensation plan at any time upon written notice to the commissioner. Upon receipt of such notice from the employer, the commissioner shall promptly notify each member of the affected unit of the termination date.

(4) An employer may submit a new application to participate in another short-time compensation plan at any time after the expiration or termination date.

48-677 Short-time compensation program; plan; revocation; procedure; grounds; order.

(1) The commissioner may revoke approval of a short-time compensation plan for good cause at any time, including upon the request of any of the affected unit’s employees. The revocation order shall be in writing and shall specify the reasons for the revocation and the date the revocation is effective.

(2) The commissioner may periodically review the operation of each employer’s short-time compensation plan to assure that no good cause exists for revocation of the approval of the plan. Good cause shall include, but not be limited to, failure to comply with the assurances given in the plan, unreasonable revision of productivity standards for the affected unit, conduct or occurrences tending to defeat the intent and effective operation of the short-time compensation plan, and violation of any criteria on which approval of the plan was based.

48-678 Short-time compensation program; plan; modification; request; decision; employer; report.

(1) An employer may request a modification of an approved plan by filing a written request with the commissioner. The request shall identify the specific provisions proposed to be modified and provide an explanation of why the proposed modification is appropriate for the short-time compensation plan. The commissioner shall approve or disapprove the proposed modification in writing within thirty days after receipt and promptly communicate the decision to the employer.

(2) The commissioner may approve a request for modification of the plan based on conditions that have changed since the plan was approved if the modification is consistent with and supports the purposes for which the plan was initially approved. A modification does not extend the expiration date of the original plan, and the commissioner shall promptly notify the employer whether the plan modification has been approved and, if approved, the effective date of the modification.

(3) An employer is not required to request approval of a plan modification from the commissioner if the change is not substantial, but the employer must report every change to the plan to the commissioner promptly and in writing. The commissioner may terminate an employer’s plan if the employer fails to meet this reporting requirement. If the commissioner determines that the
§ 48-678 LABOR

reported change is substantial, the commissioner shall require the employer to request a modification to the plan.

48-679 Short-time compensation program; individual; eligibility.

An individual is eligible to receive short-time compensation with respect to any week only if the individual is monetarily eligible for unemployment compensation, not otherwise disqualified for unemployment compensation, and:

(1) During the week, the individual is employed as a member of an affected unit under an approved short-time compensation plan, which was approved prior to that week, and the plan is in effect with respect to the week for which short-time compensation is claimed;

(2) Notwithstanding any other provisions of the Employment Security Law relating to availability for work and actively seeking work, the individual is available for the individual’s usual hours of work with the short-time compensation employer, which may include, for purposes of this section, participating in training to enhance job skills that is approved by the commissioner such as employer-sponsored training or training funded under the federal Workforce Innovation and Opportunity Act, 29 U.S.C. 3101 et seq.; and

(3) Notwithstanding any other provision of law, an individual covered by a short-time compensation plan is deemed unemployed in any week during the duration of such plan if the individual’s remuneration as an employee in an affected unit is reduced based on a reduction of the individual’s usual weekly hours of work under an approved short-time compensation plan.

48-680 Short-time compensation program; weekly benefit amount; provisions applicable to individuals.

(1) The short-time compensation weekly benefit amount shall be the product of the regular weekly unemployment compensation amount for a week of total unemployment multiplied by the percentage of reduction in the individual’s usual weekly hours of work.

(2) An individual may be eligible for short-time compensation or unemployment compensation, as appropriate, except that no individual shall be eligible for combined benefits in any benefit year in an amount more than the maximum entitlement established for regular unemployment compensation, nor shall an individual be paid short-time compensation benefits for more than fifty-two weeks under a short-time compensation plan.

(3) The short-time compensation paid to an individual shall be deducted from the maximum entitlement amount of unemployment compensation established for that individual’s benefit year.

(4) Provisions applicable to unemployment compensation claimants shall apply to short-time compensation claimants to the extent that they are not inconsistent with short-time compensation provisions. An individual who files an initial claim for short-time compensation benefits shall receive a monetary determination.

(5) The following provisions apply to individuals who work for both a short-time compensation employer and another employer during weeks covered by the approved short-time compensation plan:
(a) If combined hours of work in a week for both employers does not result in a reduction of at least ten percent, or, if higher, the minimum percentage of reduction required to be eligible for a short-time compensation, of the usual weekly hours of work with the short-time employer, the individual shall not be entitled to short-time compensation;

(b) If the combined hours of work for both employers results in a reduction equal to or greater than ten percent, or, if higher, the minimum percentage reduction required to be eligible for short-time compensation, of the usual weekly hours of work for the short-time compensation employer, the short-time compensation payable to the individual is reduced for that week and is determined by multiplying the weekly unemployment benefit amount for a week of total unemployment by the percentage by which the combined hours of work have been reduced by ten percent, or, if higher, the minimum percentage reduction required to be eligible for short-time compensation, or more of the individual’s usual weekly hours of work. A week for which benefits are paid under this subdivision shall be reported as a week of short-time compensation; and

(c) If an individual worked the reduced percentage of the usual weekly hours of work for the short-time compensation employer and is available for all his or her usual hours of work with the short-time compensation employer, and the individual did not work any hours for the other employer, either because of the lack of work with that employer or because the individual is excused from work with the other employer, the individual shall be eligible for short-time compensation for that week. The benefit amount for such week shall be calculated as provided in subsection (1) of this section.

(6) An individual who is not provided any work during a week by the short-time compensation employer, or any other employer, and who is otherwise eligible for unemployment compensation shall be eligible for the amount of unemployment compensation to which he or she would otherwise be eligible.

(7) An individual who is not provided any work by the short-time compensation employer during a week, but who works for another employer and is otherwise eligible, may be paid unemployment compensation for that week subject to the disqualifying income and other provisions applicable to claims for regular compensation.

48-681 Short-time compensation; charged to employer’s experience account.

Short-time compensation shall be charged to the employer’s experience account in the same manner as unemployment compensation is charged. Employers liable for payments in lieu of contributions shall have short-time compensation attributed to service in their employ in the same manner as unemployment compensation is attributed.

48-682 Short-time compensation; when considered exhaustee.

An individual who has received all of the short-time compensation or combined unemployment compensation and short-time compensation available in a benefit year shall be considered an exhaustee for purposes of extended benefits.
under section 48-628.14 and, if otherwise eligible under such section, shall be eligible to receive extended benefits.

48-683 Short-time compensation program; department; funding; report.

(1) The department shall not use General Funds to implement the short-time compensation program. The department shall use any and all available federal funds to implement the short-time compensation program, including, but not limited to, federal funds distributed to the state under sections 903(c), 903(d), 903(f), and 903(g) of the federal Social Security Act, as amended.

(2) The department shall submit an annual report to the Governor and electronically to the Legislature on the short-time compensation program trends, including the number of employers filing short-time compensation program plans, the number of layoffs averted through the use of the short-time compensation program, the amount of short-time compensation program benefits paid, and other information pertinent to the short-time compensation program.

4. Miscellaneous

1. Constitutionality

The statutes which give the Court of Industrial Relations jurisdiction over public employees are not unconstitutional. American Fed. of S., C. & M. Emp. v. Department of Public Institutions, 195 Neb. 253, 237 N.W.2d 841 (1976).

To pass scrutiny of Constitution of the United States, Nebraska Court of Industrial Relations, in case within its jurisdiction, must be deemed to have sufficient power to fully vindicate, preserve, and protect a federal constitutional right. Teamsters Pub. Emp. U. Loc. 594 v. City of West Point, 338 F.Supp. 927 (D. Neb. 1972).

2. Jurisdiction of commission

A mere request by a union for information regarding employee transfer lists and test results which is declined by the employer does not constitute an industrial dispute. Neb. Pub. Emp. v. City of Omaha, 235 Neb. 768, 457 N.W.2d 429 (1990).

A uniquely personal termination of employment does not constitute an industrial dispute, notwithstanding the fact it may involve a controversy concerning terms, tenure, or conditions of employment. Wood v. Tesch, 222 Neb. 654, 386 N.W.2d 436 (1986).

The Commission of Industrial Relations has jurisdiction, that is, authorized power, to resolve industrial disputes between agencies or departments of the State of Nebraska and their employees. State Code Agencies Ed. Assn. v. Department of Pub. Insts., 219 Neb. 555, 364 N.W.2d 44 (1985).

The authority of the Court of Industrial Relations, now Commission of Industrial Relations, is limited to industrial disputes, as defined in this section. University Police Officers Union v. University of Nebraska, 203 Neb. 4, 277 N.W.2d 529 (1979).

The University of Nebraska has the primary authority for establishing its own schedule of wages, terms and conditions of employment, and hours of labor but when an industrial dispute, as defined in this section, arises, the Commission of Industrial Relations acquires jurisdiction for the limited purpose of resolving such dispute. University Police Officers Union v. University of Nebraska, 203 Neb. 4, 277 N.W.2d 529 (1979).

3. Bargaining units

House officers of the University of Nebraska Medical Center are employees of the state entitled to participate in an appropriate bargaining unit. House Officers Assn. v. University of Nebraska Medical Center, 198 Neb. 697, 255 N.W.2d 258 (1977).

Supervisory or managerial personnel may not enter into a bargaining unit with rank and file employees and may not retain the same bargaining agent. Nebraska Assn. of Pub. Emp. v. Nebraska Game & Parks Commission, 197 Neb. 175, 247 N.W.2d 449 (1976).

4. Miscellaneous

Employees lose the statutory protection of the Industrial Relations Act for conduct or speech if it is flagrant misconduct, which includes, but is not limited to, statements or actions that (1) are of an outrageous and insubordinate nature, (2) compromise the public employer’s ability to accomplish its mission, or (3) disrupt discipline, as well as conduct that is clearly outside the bounds of any protection such as assault and battery or racial discrimination. Omaha Police Union Local 101 v. City of Omaha, 274 Neb. 70, 736 N.W.2d 375 (2007).

Public employees belonging to a labor organization have the protected right to engage in conduct and make remarks, including publishing statements through the media, concerning wages, hours, or terms and conditions of employment. Omaha Police Union Local 101 v. City of Omaha, 274 Neb. 70, 736 N.W.2d 375 (2007).

The Commission of Industrial Relations must balance the employee’s right to engage in protected activity, which permits some leeway for impulsive behavior, against the employer’s right to maintain order and respect for its supervisory staff. Factors that the commission may consider, but would not necessarily be determinative, include: (1) the place and subject matter of the conduct or speech, (2) whether the employee’s conduct or speech was impulsive or designed, (3) whether the conduct or speech was provoked by the employer’s conduct, and (4) the nature of the intemperate language or conduct. Omaha Police Union Local 101 v. City of Omaha, 274 Neb. 70, 736 N.W.2d 375 (2007).

The Industrial Relations Act is not only an attempt to level the employment playing field, but is also a mechanism designed to protect the citizens of Nebraska from the effects and consequences of labor strife in public sector employment. Omaha Police Union Local 101 v. City of Omaha, 274 Neb. 70, 736 N.W.2d 375 (2007).

School districts are employers and teachers are employees within terms of this act. Sidney Education Assn. v. School Dist. of Sidney, 189 Neb. 540, 203 N.W.2d 762 (1973).

48-802 Public policy.

To make operative the provisions of section 9, Article XV, of the Constitution of Nebraska, the public policy of the State of Nebraska is hereby declared to be as follows:

(1) The continuous, uninterrupted and proper functioning and operation of the governmental service including governmental service in a proprietary capacity and of public utilities engaged in the business of furnishing transportation for hire, telephone service, telegraph service, electric light, heat, or power service, gas for heating or illuminating, whether natural or artificial, or water service, or any one or more of them, to the people of Nebraska are hereby declared to be essential to their welfare, health, and safety. It is contrary to the public policy of the state to permit any substantial impairment or suspension of the operation of governmental service, including governmental service in a proprietary capacity or any such utility by reason of industrial disputes therein. It is the duty of the State of Nebraska to exercise all available means and every power at its command to prevent the same so as to protect its citizens from any dangers, perils, calamities, or catastrophes which would result therefrom. It is therefore further declared that governmental service, including governmental service in a proprietary capacity, and the service of such public utilities are clothed with a vital public interest and to protect the same it is necessary that the relations between the public employers and public employees in such industries be regulated by the State of Nebraska to the extent and in the manner provided in the Industrial Relations Act;

(2) No right shall exist in any natural or corporate person or group of persons to hinder, delay, limit, or suspend the continuity or efficiency of any governmental service or governmental service in a proprietary capacity of this state, either by strike, lockout, or other means; and

(3) No right shall exist in any natural or corporate person or group of persons to hinder, delay, limit, or suspend the continuity or efficiency of any public utility service, either by strike, lockout, or other means.

If the Commission of Industrial Relations finds that an accused party has committed a prohibited practice under subsection (2) of section 48-825, it has the authority to order an appropriate remedy, and such authority is to be liberally construed to effectuate the public policy enunciated in this section. Operating Engrs. Local 571 v. City of Plattsmouth, 265 Neb. 817, 660 N.W.2d 480 (2003).

It is the public interest in having uninterrupted public service that is principally sought to be protected by the Commission of Industrial Relations Act, not the creation of a specialty forum for the trying of breach of contract cases by public employees. Transport Workers of America v. Transit Authority of City of Omaha, 205 Neb. 26, 286 N.W.2d 102 (1979).

Supervisory or managerial personnel may not enter into a bargaining unit with rank and file employees and may not retain the same bargaining agent. Nebraska Assn. of Pub. Emp. v. Nebraska Game & Parks Commission, 197 Neb. 178, 247 N.W.2d 449 (1976).

While there are many nebulous areas that may overlap working conditions, school boards should not be required to enter into negotiations which are predominately of educational policy, management prerogatives, or statutory duties of the board of education. School Dist. of Seward Education Assn. v. School Dist. of Seward, 188 Neb. 772, 199 N.W.2d 752 (1972).

(3) Subsection (2) of this section does not apply to public employers subject to the State Employees Collective Bargaining Act.

48-812 Commission; proceedings; appeal.

Except as modified by the commission under section 48-809 or the other provisions of the Industrial Relations Act, proceedings before the commission shall conform to the code of civil procedure applicable to the district courts of the state and appeals from its final orders shall be taken in the same manner and time as appeals from the district court, except that an order determining a bargaining unit or units shall not be appealable until after the results of the election have been certified by the commission. Appeals shall be heard and disposed of in the appellate court in the manner provided by law.

1. Right to appeal

A party appealing from an order of the Commission of Industrial Relations is not required to file a motion for new trial before the commission as a prerequisite to an appeal to the Nebraska Supreme Court. Fraternal Order of Police v. County of Adams, 205 Neb. 682, 289 N.W.2d 535 (1980); Plattsmouth Police Dept. Collective Bargaining Committee v. City of Plattsmouth, 205 Neb. 567, 288 N.W.2d 729 (1980).

In the absence of a specific statute requiring it, the filing of a motion for new trial is not a prerequisite to the appeal of a decision of an administrative body. This section creates no such requirement for appeals from the Commission of Industrial Relations. Plattsmouth Pol. Dept. Collective Bargaining Committee v. City of Plattsmouth, 205 Neb. 567, 288 N.W.2d 729 (1980).

An order of the Court of Industrial Relations establishing bargaining units is a final order under this section, and becomes immediately appealable. American Assn. of University Professors v. Board of Regents, 198 Neb. 243, 253 N.W.2d 1 (1977).

2. Manner of consideration

In reviewing the findings and order of the Commission of Industrial Relations, the Supreme Court will only consider whether the order of the commission is supported by substantial evidence, whether the commission acted within the scope of its authority, and whether its action was arbitrary, capricious, or unreasonable. Fraternal Order of Police v. County of Adams, 205 Neb. 682, 289 N.W.2d 535 (1980).

Appeals from the Court of Industrial Relations are to be heard and disposed de novo, but the superior position of the original trier of fact is to be respected and accorded great weight. 3. Miscellaneous

Adversary proceedings before the Commission of Industrial Relations must conform to the code of civil procedure applicable to district courts. IAFF Local 831 v. City of No. Platte, 215 Neb. 89, 337 N.W.2d 716 (1983).

An intervenor in a proceeding before the Commission of Industrial Relations may be required to make a reasonable showing of interest in support of the intervention. American Assn. of University Professors v. Board of Regents, 203 Neb. 628, 279 N.W.2d 621 (1979).
§ 48-813

LABOR

The respondent shall include its final offer, as voted by the respondent, the governing body, or the bargaining unit or as considered pursuant to a ratification process, with its answer. Within fourteen days after filing of the answer, the parties shall vote to accept or reject or consider pursuant to a ratification process the other’s final offer and file a subsequent pleading indicating the result. The vote concerning the governing body’s final offer shall be published on its agenda and held where the public may attend. The commission shall not enter a final order on wages or conditions of employment unless both parties have rejected the others’ final offer. This subsection does not apply to public employers subject to the State Employees Collective Bargaining Act.

(3) When a petition is filed to resolve an industrial dispute, a hearing shall mandatorily be held within sixty days from the date of filing thereof. A recommended decision and order in cases arising under section 48-818, an order in cases not arising under section 48-818, and findings if required, shall mandatorily be made and entered thereon within thirty days after such hearing. The time requirements specified in this section may be extended for good cause shown on the record or by agreement of the parties. Failure to meet such mandatory time requirements shall not deprive the commission of jurisdiction. However, if the commission fails to hold a hearing on the industrial dispute within sixty days of filing or has failed to make a recommended decision and order, and findings of fact if required, in cases arising under section 48-818, or an order, and findings of fact if required, in cases not arising under section 48-818, and findings, within thirty days after the hearing and good cause is not shown on the record or the parties to the dispute have not jointly stipulated to the enlargement of the time limit, then either party may file an action for mandamus in the district court for Lancaster County to require the commission to hold the hearing or to render its order and findings if required. For purposes of this section, the hearing on an industrial dispute shall not be deemed completed until the record is prepared and counsel briefs have been submitted, if such are required by the commission.

(4) Any party, including the State of Nebraska or any of its employer-representatives as defined in section 81-1371 or any political subdivision of the State of Nebraska, may waive such notice and may enter a voluntary appearance in any matter in the commission. The giving of such notice in such manner shall subject the public employers, the labor organizations, and the persons therein to the jurisdiction of the commission.

The commission shall provide itself with a proper seal and shall have the power and authority to issue subpoenas and to compel the attendance of witnesses and parties and to compel the production of relevant books, correspondence, files, records, and accounts of any person, corporation, association, or labor organization affected, and to make any and all investigations necessary to ascertain the truth in regard to the matters before the commission. Subpoenas for the production of books, correspondence, files, records and accounts shall be issued by the commission only after notice to the owner and person in possession thereof and opportunity to be heard as to the relevancy of such subpoena.

48-816 Preliminary proceedings; commission; powers; duties; collective bargaining; posttrial conference.

(1)(a) After a petition has been filed under section 48-811, the clerk shall immediately notify the commission which shall promptly take such preliminary proceedings as may be necessary to ensure prompt hearing and speedy adjudication of the industrial dispute. The commission may, upon its own initiative or upon request of a party to the dispute, make such temporary findings and orders as necessary to preserve and protect the status of the parties, property, and public interest involved pending final determination of the issues. In the event of an industrial dispute between a public employer and a public employee or a labor organization when such public employer and public employee or labor organization have failed or refused to bargain in good faith concerning the matters in dispute, the commission may order such bargaining to begin or resume, as the case may be, and may make any such order or orders as appropriate to govern the situation pending such bargaining. The commission shall require good faith bargaining concerning the terms and conditions of employment of its employees by any public employer. Upon the request of either party, the commission shall require the parties to an industrial dispute to submit to mediation or factfinding. Before July 1, 2012, upon the request of both parties, a special master may be appointed if the parties are within the provisions of section 48-811.02. On and after July 1, 2012, upon the request of either party, a resolution officer may be appointed if the parties are within the provisions of section 48-818.01. The commission shall appoint mediators, factfinders, or before July 1, 2012, special masters and on and after such date resolution officers for such purpose. Such orders for bargaining, mediation, factfinding, or before July 1, 2012, a special master proceeding and on and after such date a resolution officer proceeding may be issued at any time during
the pendency of an action to resolve an industrial dispute. To bargain in good
faith means the performance of the mutual obligation of the public employer
and the labor organization to meet at reasonable times and confer in good faith
with respect to wages, hours, and other terms and conditions of employment or
any question arising thereunder and the execution of a written contract incor-
porating any agreement reached if requested by either party, but such obliga-
tion does not compel either party to agree to a proposal or require the
making of a concession.

(b) In negotiations between a municipality, municipally owned utility, or
county and a labor organization, staffing related to issues of safety shall be
mandatory subjects of bargaining and staffing relating to scheduling work, such
as daily staffing, staffing by rank, and overall staffing requirements, shall be
permissive subjects of bargaining.

(2) Except as provided in the State Employees Collective Bargaining Act,
public employers may recognize employee organizations for the purpose of
negotiating collectively in the determination of and administration of griev-
ances arising under the terms and conditions of employment of their public
employees as provided in the Industrial Relations Act and may negotiate and
enter into written agreements with such employee organizations in determining
such terms and conditions of employment.

(3)(a) Except as provided in subdivisions (b) and (c) of this subsection, a
supervisor shall not be included in a single bargaining unit with any other
public employee who is not a supervisor.

(b) All firefighters and police officers employed in the fire department or
police department of any municipality in a position or classification subor-
dinate to the chief of the department and his or her immediate assistant or
assistants holding authority subordinate only to the chief shall be presumed to
have a community of interest and may be included in a single bargaining unit
represented by a public employee organization for the purposes of the Industri-
al Relations Act. Public employers shall be required to recognize a public
employees bargaining unit composed of firefighters and police officers holding
positions or classifications subordinate to the chief of the fire department or
police department and his or her immediate assistant or assistants holding
authority subordinate only to the chief when such bargaining unit is designated
or elected by public employees in the unit.

(c) All administrators employed by a Class V school district shall be presumed
to have a community of interest and may join a single bargaining unit com-
posed otherwise of teachers and other certificated employees for purposes of
the Industrial Relations Act, except that the following administrators shall be
exempt: The superintendent, associate superintendent, assistant superintendent,
secretary and assistant secretary of the board of education, executive director,
administrators in charge of the offices of state and federal relations and
research, chief negotiator, and administrators in the immediate office of the
superintendent. A Class V school district shall recognize a public employees
bargaining unit composed of teachers and other certificated employees and
administrators, except the exempt administrators, when such bargaining unit is
formed by the public employees as provided in section 48-838 and may
recognize such a bargaining unit as provided in subsection (2) of this section.
In addition, all administrators employed by a Class V school district, except the
exempt administrators, may form a separate bargaining unit represented either
by the same bargaining agent for all collective-bargaining purposes as the teachers and other certificated employees or by another collective-bargaining agent of such administrators’ choice. If a separate bargaining unit is formed by election as provided in section 48-838, a Class V school district shall recognize the bargaining unit and its agent for all purposes of collective bargaining. Such separate bargaining unit may also be recognized by a Class V school district as provided in subsection (2) of this section.

(4) When a public employee organization has been certified as an exclusive collective-bargaining agent or recognized pursuant to any other provisions of the Industrial Relations Act, the appropriate public employer shall be and is hereby authorized to negotiate collectively with such public employee organization in the settlement of grievances arising under the terms and conditions of employment of the public employees as provided in such act and to negotiate and enter into written agreements with such public employee organizations in determining such terms and conditions of employment, including wages and hours.

(5) Upon receipt by a public employer of a request from a labor organization to bargain on behalf of public employees, the duty to engage in good faith bargaining shall arise if the labor organization has been certified by the commission or recognized by the public employer as the exclusive bargaining representative for the public employees in that bargaining unit.

(6) A party to an action filed with the commission may request the commission to send survey forms or data request forms. The requesting party shall prepare its own survey forms or data request forms and shall provide the commission the names and addresses of the entities to whom the documents shall be sent, not to exceed twenty addresses in any case. All costs resulting directly from the reproduction of such survey or data request forms and the cost of mailing such forms shall be taxed by the commission to the requesting party. The commission may (a) make studies and analyses of and act as a clearinghouse of information relating to conditions of employment of public employees throughout the state, (b) request from any government, and such governments are authorized to provide, such assistance, services, and data as will enable it properly to carry out its functions and powers, (c) conduct studies of problems involved in representation and negotiation, including, but not limited to, those subjects which are for determination solely by the appropriate legislative body, and make recommendations from time to time for legislation based upon the results of such studies, (d) make available to public employee organizations, governments, mediators, factfinding boards and joint study committees established by governments, and public employee organizations statistical data relating to wages, benefits, and employment practices in public and private employment applicable to various localities and occupations to assist them to resolve complex issues in negotiations, and (e) establish, after consulting representatives of public employee organizations and administrators of public services, panels of qualified persons broadly representative of the public to be available to serve as mediators, before July 1, 2012, special masters and on and after such date resolution officers, or members of factfinding boards.

(7)(a) Except for those cases arising under section 48-818, the commission shall make findings of facts in all cases in which one of the parties to the dispute requests findings. Such request shall be specific as to the issues on which the party wishes the commission to make findings of fact.
§ 48-816 LABOR

(b) In cases arising under section 48-818, findings of fact shall not be required of the commission unless both parties to the dispute stipulate to the request and to the specific issues on which findings of fact are to be made.

(c) If findings of fact are requested under subdivision (a) or (b) of this subsection, the commission may require the parties making the request to submit proposed findings of fact to the commission on the issues on which findings of facts are requested.

(d) In cases arising under section 48-818, the commission shall issue a recommended decision and order, which decision and order shall become final within twenty-five days of entry unless either party to the dispute files with the commission a request for a posttrial conference. If such a request is filed, the commission shall hold a posttrial conference within ten days of receipt of such request and shall issue an order within ten days after holding such posttrial conference, which order shall become the final order in the case. The purpose of such posttrial conference shall be to allow the commission to hear from the parties on those portions of the recommended decision and order which is not based upon or which mischaracterizes evidence in the record and to allow the commission to correct any such errors after having heard the matter in a conference setting in which all parties are represented.

2. Collective bargaining units

Deputy assessor, deputy clerk, and deputy treasurer are considered statutory supervisors due to authority granted to those positions by state law. IBEW Local Union No. 1597 v. Sack, 280 Neb. 858, 793 N.W.2d 147 (2010).

A deviation clause in a teacher contract falls under the category of “wages, hours, and other terms of employment, or any question arising thereunder,” as stated in subsection (1) of this section, and is a subject of mandatory bargaining. Pursuant to subsection (3)(a) of this section, a single bargaining unit cannot include supervisors and those whom the supervisors responsibly direct. PLPSO v. Papillion/La Vista School Dist., 252 Neb. 308, 562 N.W.2d 335 (1997).

The enactment of subsection (3)(c) of this section, exempting certain Class V school district administrators from the operation of subsection (3)(a), does not evidence a legislative purpose or intent to permit like administrators in school districts of whatever class to do the same. 3. Miscellaneous

Good faith bargaining includes the execution of a written contract incorporating the terms of an agreement reached pursuant to subsection (1) of this section. Scottsbluff Police Off. Assn. v. City of Scottsbluff, 282 Neb. 676, 805 N.W.2d 320 (2011).

Police response time to a two-officer 911 emergency dispatch call relates to officer safety, and, thus, the manner in which it is determined affects a condition of employment. Omaha Police Union Local 101 v. City of Omaha, 274 Neb. 70, 736 N.W.2d 375 (2007).

Subsection (1) of this section requires good faith bargaining, but only after a petition has been filed invoking the jurisdiction of the commission. Subsection (4) of this section does not require good faith bargaining; it simply authorizes public employers to negotiate with unions regarding the settlement of grievances and the establishment of written agreements as to wages, hours, and other conditions of employment. Subsection (5) of this section requires good faith bargaining, but only after an employer receives a request to bargain from the union. This section, unlike the National Labor Relations Act, does not establish a duty to bargain. Without this statutory authorization, a public employer would not have the right to bargain with public employees. Kuhl v. Skinner, 245 Neb. 794, 515 N.W.2d 641 (1994).

**48-817 Commission; findings; decisions; orders.**

After the hearing and any investigation, the commission shall make all findings, findings of fact, recommended decisions and orders, and decisions and orders in writing, which findings, findings of fact, recommended decisions and orders, and decisions and orders shall be entered of record. Except as provided in the State Employees Collective Bargaining Act, the final decision and order or orders shall be in effect from and after the date therein fixed by the commission, but no such order or orders shall be retroactive except as provided otherwise in the Industrial Relations Act. Except as provided otherwise in the Industrial Relations Act, in the making of any findings or orders in connection with any such industrial dispute, the commission shall give no consideration to any evidence or information which it may obtain through an investigation or otherwise receive, except matters of which the district court might take judicial notice, unless such evidence or information is presented and made a part of the record in a hearing and opportunity is given, after
reasonable notice to all parties to the controversy of the initiation of any investigation and the specific contents of the evidence or information obtained or received, to rebut such evidence or information either by cross-examination or testimony.

The provision prohibiting a retroactive order means that the orders of the Court of Industrial Relations cannot apply to a period prior to that embraced within the dispute submitted to it.

**48-818 Commission; findings; order; powers; duties; orders authorized; modification.**

(1) Except as provided in the *State Employees Collective Bargaining Act*, the findings and order or orders may establish or alter the scale of wages, hours of labor, or conditions of employment, or any one or more of the same. In making such findings and order or orders, the commission shall establish rates of pay and conditions of employment which are comparable to the prevalent wage rates paid and conditions of employment maintained for the same or similar work of workers exhibiting like or similar skills under the same or similar working conditions. In establishing wage rates the commission shall take into consideration the overall compensation presently received by the employees, having regard not only to wages for time actually worked but also to wages for time not worked, including vacations, holidays, and other excused time, and all benefits received, including insurance and pensions, and the continuity and stability of employment enjoyed by the employees. Any order or orders entered may be modified on the commission’s own motion or on application by any of the parties affected, but only upon a showing of a change in the conditions from those prevailing at the time the original order was entered.

(2) For purposes of industrial disputes involving public employers other than school districts, educational service units, and community colleges with their certificated and instructional employees and public employers subject to the *State Employees Collective Bargaining Act*:

(a) Job matches shall be sufficient for comparison if (i) evidence supports at least a seventy percent match based on a composite of the duties and time spent performing those duties and (ii) at least three job matches per classification are available for comparison. If three job matches are not available, the commission shall base its order on the historic relationship of wages paid to such position over the last three fiscal years, for which data is available, as compared to wages paid to a position for which a minimum of three job matches are available;

(b) The commission shall adhere to the following criteria when establishing an array:

(i) Geographically proximate public employers and Nebraska public employers are preferable for comparison;

(ii) The preferred size of an array is seven to nine members. As few as five members may be chosen if all array members are Nebraska employers. The
commission shall include members mutually agreed to by the parties in the array;

(iii) If more than nine employers with job matches are available, the commission shall limit the array to nine members, based upon selecting array members with the highest number of job matches at the highest job match percentage;

(iv) Nothing in this subdivision (2)(b) of this section shall prevent parties from stipulating to an array member that does not otherwise meet the criteria in such subdivision, and nothing in such subdivision shall prevent parties from stipulating to less than seven or more than nine array members;

(v) The commission shall not require a balanced number of larger or smaller employers or a balanced number of Nebraska or out-of-state employers;

(vi) If the array includes a public employer in a metropolitan statistical area other than the metropolitan statistical area in which the employer before the commission is located, only one public employer from such metropolitan statistical area may be included in the array;

(vii) Arrays for public utilities with annual revenue of five hundred million dollars or more shall include both comparable public and privately owned utilities. Arrays for public utilities with annual revenue of less than five hundred million dollars may include both comparable public and privately owned utilities. Public utilities that produce radioactive material and energy pursuant to section 70-627.02 shall have at least four members in its array that produce radioactive material and energy when employees directly involved in this production are included in the bargaining unit. For public utilities that generate, transmit, and distribute power, the array shall include members that also perform these functions. For a public utility serving a city of the primary class, the array shall only include public power districts in Nebraska that generate, transmit, and distribute power and any out-of-state utilities whose number of meters served is not more than double or less than one-half of the number of meters served by the public utility serving a city of the primary class unless evidence establishes that there are substantial differences which cause the work or conditions of employment to be dissimilar;

(viii) In constructing an array for a public utility, the commission shall use fifty-mile concentric circles until it reaches the optimum array pursuant to subdivision (2)(b)(ii) of this section; and

(ix) For a statewide public utility that provides service to a majority of the counties in Nebraska, any Nebraska public or private job match may be used without regard to the population or full-time equivalent employment requirements of this section, and any out-of-state job match may be used if the full-time equivalent employment of the out-of-state employer is no more than double and no less than one-half of the full-time equivalent employment of the bargaining unit of the statewide public utility in question;

(c) In determining same or similar working conditions, the commission shall adhere to the following:

(i) Public employers in Nebraska shall be presumed to provide same or similar working conditions unless evidence establishes that there are substantial differences which cause the work or conditions of employment to be dissimilar;

(ii) Public employers shall be presumed to provide the same or similar working conditions if (A) for public employers that are counties or municipali-
ties, the population of such public employer is not more than double or less than one-half of the population of the public employer before the commission, unless evidence establishes that there are substantial differences which cause the work or conditions of employment to be dissimilar, (B) for public employers that are public utilities, the number of such public employer’s employees is not more than double or less than one-half of the number of employees of the public employer before the commission, unless evidence establishes that there are substantial differences which cause the work or conditions of employment to be dissimilar, or (C) for public employers that are school districts, educational service units, or community colleges with noncertificated and noninstructional school employees, the student enrollment of such public employer is not more than double or less than one-half of the student enrollment of the public employer before the commission, unless evidence establishes that there are substantial differences which cause the work or conditions of employment to be dissimilar;

(iii)(A) Public employers located within a metropolitan statistical area who meet the population requirements of subdivision (2)(c)(ii)(A) of this section, if the public employer is a county or municipality, or the student enrollment requirements of subdivision (2)(c)(ii)(C) of this section, if the public employer is a school district or an educational service unit, shall be presumed to provide the same or similar working conditions if the metropolitan statistical area population in which they are located is not more than double or less than one-half the metropolitan statistical area population of the public employer before the commission, unless evidence establishes that there are substantial differences which cause the work or conditions of employment to be dissimilar.

(B) The presumption created by subdivision (2)(c)(iii)(A) of this section may be overcome in situations where evidence establishes that there are substantial similarities which cause the work or conditions of employment to be similar, allowing the commission to consider public employers located within a metropolitan statistical area even if the metropolitan statistical area population in which that employer or employers are located is more than double or less than one-half the metropolitan statistical area population of the public employer before the commission. The burden of establishing sufficient similarity is on the party seeking to include a public employer pursuant to this subdivision (2)(c)(iii)(B) of this section; and

(iv) Public employers other than public utilities which are not located within a metropolitan statistical area shall not be compared to public employers located in a metropolitan statistical area. For purposes of this subdivision, metropolitan statistical area includes municipalities with populations of fifty thousand inhabitants or more;

(d) Prevalent shall be determined as follows: (i) For numeric values, prevalent shall be the midpoint between the arithmetic mean and the arithmetic median. For fringe benefits, prevalent shall be the midpoint between the arithmetic mean and the arithmetic median as long as a majority of the array members provide the benefit; and (ii) for nonnumeric comparisons, prevalent shall be the mode that the majority of the array members provide if the compared-to benefit is similar in nature. If there is no clear mode, the benefit or working condition shall remain unaltered by the commission;

(e) For any out-of-state employer, the parties may present economic variable evidence and the commission shall determine what, if any, adjustment is to be
made if such evidence is presented. The commission shall not require that any such economic variable evidence be shown to directly impact the wages or benefits paid to employees by such out-of-state employer;

(f) In determining total or overall compensation, the commission shall value every economic item even if the year in question has expired. The commission shall require that all wage and benefit levels be leveled over the twelve-month period in dispute to account for increases or decreases which occur in the wage or benefit levels provided by any array member during such twelve-month period;

(g) In cases filed pursuant to this subsection (2) of this section, the commission shall not be bound by the usual common law or statutory rules of evidence or by any technical or formal rules of procedure, other than those adopted by rule pursuant to section 48-809. The commission shall receive evidence relating to array selection, job match, and wages and benefits which have been assembled by telephone, electronic transmission, or mail delivery, and any such evidence shall be accompanied by an affidavit from the employer or any other person with personal knowledge which affidavit shall demonstrate the affiant’s personal knowledge and competency to testify on the matters thereon. The commission, with the consent of the parties to the dispute, and in the presence of the parties to the dispute, may contact an individual employed by an employer under consideration as an array member by telephone to inquire as to the nature or value of a working condition, wage, or benefit provided by that particular employer as long as the individual in question has personal knowledge about the information being sought. The commission may rely upon information gained in such inquiry for its decision. Opinion testimony shall be received by the commission based upon evidence provided in accordance with this subdivision. Testimony concerning job match shall be received if job match inquiries were conducted by telephone, electronic transmission, or mail delivery if the witness providing such testimony verifies the method of such job match inquiry and analysis;

(h) In determining the value of defined benefit and defined contribution retirement plans and health insurance plans or health benefit plans, the commission shall use an hourly rate value calculation as follows:

(i) Once the array has been chosen, each array member and the public employer of the subject bargaining unit shall provide a copy of its most recent defined benefit pension actuarial valuation report. Each array member and the public employer of the subject bargaining unit shall provide the most recent copy of its health insurance plans or health benefit plans, covering the preceding twelve-month period, with associated employer and employee costs, to the parties and the commission. Each array member shall also provide information concerning premium equivalent payments and contributions for health savings accounts. Each array member and the public employer of the subject bargaining unit shall indicate which plans are most used. The plans that are most used shall be used for comparison;

(ii) Once the actuarial valuation reports are received, the parties shall have thirty calendar days to determine whether to have the pensions actuarially valued at an hourly rate value other than equal. The hourly rate value for defined benefit plans shall be presumed to be equal to that of the array selected unless one or both of the parties presents evidence establishing that the actuarially derived annual normal cost of the pension benefit for each job
classification in the subject bargaining unit is above or below the midpoint of
the average normal cost. Consistent methods and assumptions are to be applied
to determine the annual normal cost of any defined benefit pension plan of the
subject bargaining unit and each array member. For this purpose, the entry age
normal actuarial cost method is recommended. The actuarial assumptions that
are selected for this purpose should reflect expectations for a defined benefit
pension plan maintained for the employees of the subject bargaining unit and
acknowledge the eligibility and benefit provisions for each respective defined
benefit pension plan. In this regard, different eligibility and benefit provisions
may suggest different retirement or termination of employment assumptions.
The methods and assumptions shall be attested to by an actuary holding a
current membership with the American Academy of Actuaries. Any party who
requests or presents evidence regarding actuarial valuation of a defined benefit
plan shall be responsible for costs associated with such valuation and testimo-
ny. The actuarial valuation is presumed valid, unless a party presents compe-
tent actuarial evidence that the valuation is invalid;

(iii) The hourly rate value for defined contribution plans shall be established
upon comparison of employer contributions;

(iv) The hourly rate value for health insurance plans or health benefit plans
shall be established based upon the public employer's premium payments,
premium equivalent payments, and public employer and public employee
contributions to health savings accounts;

(v) The commission shall not compare defined benefit plans to defined
contribution plans or defined contribution plans to defined benefit plans; and

(vi) The commission shall order increases or decreases in wage rates by job
classification based upon the hourly rate value for health-related benefits,
benefits provided for retirement plans, and wages;

(i) For benefits other than defined benefit and defined contribution retirement
plans and health insurance plans or health benefit plans, the commission shall
issue an order based upon a determination of prevalency as determined under
subdivision (2)(d) of this section; and

(j) The commission shall issue an order regarding increases or decreases in
base wage rates or benefits as follows:

(i) The order shall be retroactive with respect to increases and decreases to
the beginning of the bargaining year in dispute;

(ii) The commission shall determine whether the hourly rate value of the
bargaining unit’s members or classification falls within a ninety-eight percent
to one hundred two percent range of the array’s midpoint. If the hourly rate
value falls within the ninety-eight percent to one hundred two percent range,
the commission shall order no change in wage rates. If the hourly rate value is
less than ninety-eight percent of the midpoint, the commission shall enter an
order increasing wage rates to ninety-eight percent of the midpoint. If the
hourly rate value is more than one hundred two percent of the midpoint, the
commission shall enter an order decreasing wage rates to one hundred two
percent of the midpoint. If the hourly rate value is more than one hundred
seven percent of the midpoint, the commission shall enter an order reducing
wage rates to one hundred two percent of the midpoint in three equal annual
reductions. If the hourly rate value is less than ninety-three percent of the
midpoint, the commission shall enter an order increasing wage rates to ninety-
eight percent of the midpoint in three equal annual increases. If the commis-
sion finds that the year in dispute occurred during a time of recession, the applicable range will be ninety-five percent to one hundred two percent. For purposes of this subdivision (2)(d) of this section, recession occurrence means the two nearest quarters in time, excluding the immediately preceding quarter, to the effective date of the contract term in which the sum of the net state sales and use tax, individual income tax, and corporate income tax receipts are less than the same quarters for the prior year. Each of these receipts shall be rate and base adjusted for state law changes. The Department of Revenue shall report and publish such receipts on a quarterly basis;

(iii) The parties shall have twenty-five calendar days to negotiate modifications to wages and benefits. If no agreement is reached, the commission’s order shall be followed as issued; and

(iv) The commission shall provide an offset to the public employer when a lump-sum payment is due because benefits were paid in excess of the prevalent as determined under subdivision (2)(d) of this section or when benefits were paid below the prevalent as so determined but wages were above prevalent.

In industrial disputes involving governmental services, the Commission of Industrial Relations is empowered to establish rates of pay and conditions of employment comparable to those prevalent for the same or similar work of workers exhibiting like or similar skills under the same or similar working conditions. Employers selected for the comparative array must be like or similar skills under the same or similar working conditions. University Police Officers Union v. University of Nebraska, 203 Neb. 4, 277 N.W.2d 529 (1979).

The Commission of Industrial Relations is without the power to declare that interest shall be due on its orders from the date of their entry since the power is not specifically conferred by statute, and such a construction is not necessary to accomplish the plain purpose of the act. IBEW Local 763 v. Omaha P.P. Dist., 209 Neb. 335, 307 N.W.2d 795 (1981).

The Commission of Industrial Relations has no jurisdiction to hear breach of contract cases. Such cases must be heard in a court of competent jurisdiction. The Commission of Industrial Relations also lacks jurisdiction to grant declaratory or equitable relief, both of which are judicial functions and may not be exercised by an administrative agency. State Coll. Ed. Assoc. & Chadron State Coll. v. Bd. of Trustees, 205 Neb. 107, 286 N.W.2d 433 (1979); Transport Workers of America v. Transit Authority of City of Omaha, 205 Neb. 26, 286 N.W.2d 102 (1979).

The Commission of Industrial Relations does not have authority to alter the terms of an existing agreement. Transport Workers of America v. Transit Authority of City of Omaha, 205 Neb. 26, 286 N.W.2d 102 (1979).

The Commission of Industrial Relations cannot in a section 48-818 case obtain evidence on its own motion unless the moving party has first made a prima facie case of noncomparability with prevalent conditions. General Driver and Helpers Union v. City of West Point, 204 Neb. 238, 281 N.W.2d 772 (1979).

The Commission of Industrial Relations’ authority is limited to the provisions of this section which, at the time, provide that Commission of Industrial Relations’ findings and orders may only establish or alter the scale of wages, hours of labor, or condition of employment. University Police Officers Union v. University of Nebraska, 203 Neb. 4, 277 N.W.2d 529 (1979).

While Court of Industrial Relations may not order a school district to enter into a contract, it has the power to settle a dispute. School Dist. of Seward Education Assn. v. School Dist. of Seward, 188 Neb. 772, 199 N.W.2d 752 (1972).

2. Establishing wage rates

Employees have no vested right to placement on the top step of a new pay plan based upon 1 year of employment, and the employer does not act arbitrarily or capriciously in placing the
§ 48-818  LABOR

In a case to establish or alter the scale of wages under this section, the burden is on the moving party to demonstrate that existing wages are not comparable to the prevalent wage rate. Douglas Cty. Health Dept. Emp. Assn. v. Douglas Cty., 229 Neb. 301, 427 N.W.2d 28 (1988).

Where large number of job classifications exist and established lines of progression and relationships are present, key job classifications may be utilized to establish wages, provided reasonable requirements of prevalence and relevance are met. IBEW Local 1536 v. City of Fremont, 216 Neb. 357, 345 N.W.2d 291 (1984).

With regard to comparability, the Commission of Industrial Relations will enter an order either adjusting condition of employment or find subject city’s condition to be lesser or greater than prevalent and adjust overall compensation accordingly. IBEW Local 1536 v. City of Fremont, 216 Neb. 357, 345 N.W.2d 291 (1984).

The Commission of Industrial Relations is required to consider every possible array which is sufficiently representative so as to determine whether the wage paid or benefits given are comparable. The Commission of Industrial Relation’s determination of an array consisting of Nebraska counties excluding outstate counties fully complied with the statutory standard. Lincoln Co. Sheriff’s Emp. Assn. v. Co. of Lincoln, 216 Neb. 274, 343 N.W.2d 735 (1984).

Absent evidence to show dissimilarities of work performed, or working conditions, where there are local comparisons which can or should be made, the Commission of Industrial Relations cannot disregard them and create an array which is not reflective of the local labor market. The use of the “key job” classification system in situations involving a large number of employees classifications is approved. AFSCME Local No. 2088 v. County of Douglas, 208 Neb. 511, 304 N.W.2d 368 (1981).

Determinations made as to the acceptance and rejection of proposed “comparables” were within the expertise of the commission, were made after consideration and comparison of the evidence, and were arrived at by methods in accord with the requirements of this section, and are affirmed. Fraternal Order of Police v. County of Adams, 205 Neb. 682, 299 N.W.2d 535 (1980).

Prevalent wage rates for firemen must be determined by comparison with wages paid for comparable services in similar labor markets, determined upon the factors in this section, and adjusted for economic dissimilarities shown to exist with the compared markets. Lincoln Fire Fighters Assn. v. City of Lincoln, 198 Neb. 174, 252 N.W.2d 607 (1977).

In establishing wages, the Court of Industrial Relations must consider overall compensation, including fringe benefits, and it may compare with wages in similar labor markets. Omaha Assn. of Firefighters v. City of Omaha, 194 Neb. 456, 231 N.W.2d 710 (1975).

In selecting school districts for purpose of comparison, the ultimate question is whether those selected are sufficiently similar to the subject district and in establishing wage rates the entire situation, including fringe benefits, should be considered. Crete Education Assn. v. School Dist. of Crete, 193 Neb. 245, 226 N.W.2d 752 (1975).

3. Miscellaneous

Act establishing Court of Industrial Relations does not violate any constitutional provision and the standards for its guidance are adequate. Orleans Education Assn. v. School Dist. of Orleans, 193 Neb. 675, 229 N.W.2d 172 (1975).

This section lists the factors that the Court of Industrial Relations should consider in establishing wage scales, hours of labor, and conditions of employment. International Brotherhood of Electrical Workers v. City of Hastings, 179 Neb. 455, 138 N.W.2d 822 (1965).

48-818.01 School districts, educational service units, and community colleges; collective bargaining; timelines; procedure; resolution officer; powers; duties; action filed with commission; when; collective-bargaining agreement; contents.

(1) The Legislature finds that it is in the public’s interest that collective bargaining involving school districts, educational service units, and community colleges and their certificated and instructional employees commence and conclude in a timely fashion consistent with school district budgeting and financing requirements. To that end, the timelines in this section shall apply when the public employer is a school district, educational service unit, or community college.

(2) On or before September 1 of the year preceding the contract year in question, the certificated and instructional employees’ collective-bargaining agent shall request recognition as bargaining agent. The governing board shall respond to such request not later than the following October 1. A request for recognition need not be filed if the certificated and instructional employees’ bargaining agent has been certified by the commission as the exclusive collective-bargaining agent. On or before November 1 of the year preceding the contract year in question, negotiations shall begin. There shall be no fewer than four negotiations meetings between the certificated and instructional employees’ collective-bargaining agent and the governing board’s bargaining agent. Either party may seek a bargaining order pursuant to subsection (1) of section 48-816 at any stage in the negotiations. If an agreement is not reached on or before the following February 8, the parties shall submit to mandatory mediation or factfinding as ordered by the commission pursuant to sections 48-811
and 48-816 unless the parties mutually agree in writing to forgo mandatory mediation or factfinding.

(3)(a) The mediator or factfinder as ordered by the commission under subsection (2) of this section shall be a resolution officer. The commission shall provide the parties with the names of five individuals qualified to serve as the resolution officer. If the parties cannot agree on an individual, each party shall alternately strike names. The remaining individual shall serve as the resolution officer.

(b) The resolution officer may:

(i) Determine whether the issues are ready for adjudication;

(ii) Identify for resolution terms and conditions of employment that are in dispute and which were negotiated in good faith but upon which no agreement was reached;

(iii) Accept stipulations;

(iv) Schedule hearings;

(v) Prescribe rules of conduct for conferences;

(vi) Order additional mediation if necessary;

(vii) Take any other action which may aid in resolution of the industrial dispute; and

(viii) Consult with a party ex parte only with the concurrence of all parties.

(c) The resolution officer shall choose the most reasonable final offer on each issue in dispute. In making such choice, he or she shall consider factors relevant to collective bargaining between public employers and public employees, including comparable rates of pay and conditions of employment as described in subsection (1) of section 48-818. The resolution officer shall not apply strict rules of evidence. Persons who are not attorneys may present cases to the resolution officer.

(d) If either party to a resolution officer proceeding is dissatisfied with the resolution officer’s decision, such party shall have the right to file an action with the commission seeking a determination of terms and conditions of employment pursuant to subsection (1) of section 48-818. Such action shall not constitute an appeal of the resolution officer’s decision, but rather shall be heard by the commission as an action brought pursuant to subsection (1) of section 48-818. The commission shall resolve, pursuant to the mandates of such section, all of the issues identified by either party and which were recognized by the resolution officer as an industrial dispute. If parties have not filed with the commission pursuant to subsection (6) of this section, the decision of the resolution officer shall be deemed final and binding.

(4) For purposes of this section, issue means broad subjects of negotiation which are presented to the resolution officer pursuant to this section. All aspects of wages are a single issue, all aspects of insurance are a single issue, and all other subjects of negotiations classified in broad categories are single issues.

(5) On or before March 25 of the year preceding the contract year in question or within twenty-five days after the certification of the amounts to be distributed to each local school district pursuant to the Tax Equity and Educational Opportunities Support Act as provided in section 79-1022 for the
§ 48-818.01 LABOR

contract year in question, whichever occurs last in time, negotiations, mediation, and factfinding shall end.

(6) If an agreement for the contract year in question has not been achieved on or before the date for negotiation, mediation, or factfinding to end in subsection (5) of this section, either party may, within fourteen days after such date, file a petition with the commission pursuant to section 48-811 and subsection (1) of section 48-818 to resolve the industrial dispute for the contract year in question. The commission shall render a decision on such industrial dispute on or before September 15 of the contract year in question.

(7) Any existing collective-bargaining agreement will continue in full force and effect until superseded by further agreement of the parties or by an order of the commission. The parties may continue to negotiate unresolved issues by mutual agreement while the matter is pending with the commission.

(8) All collective-bargaining agreements shall be written and executed by representatives of the governing board and representatives of the certificated and instructional employees’ bargaining unit. The agreement shall contain at a minimum the following:

(a) A salary schedule or objective method of determining salaries;

(b) A description of benefits being provided or agreed upon including a specific level of coverage provided in any group insurance plan, a dollar amount, or percentage of premiums to be paid, and by whom; and

(c) A provision that the existing agreement will continue until replaced by a successor agreement or as amended by a final order of the commission.

48-818.02 School district, educational service unit, or community college; total compensation; considerations.

When determining total compensation pursuant to subsection (1) of section 48-818 for a school district, educational service unit, or community college with their certificated and instructional employees, the commission shall consider the employer’s contribution to retirement plans and health insurance premiums, premium equivalent payments, or cash equivalent payments and any other costs, including Federal Insurance Contributions Act contributions, associated with providing such benefits.

48-818.03 School district, educational service unit, or community college; wage rates; commission; duties; orders authorized.

When establishing wage rates pursuant to subsection (1) of section 48-818 for a school district, educational service unit, or community college with their certificated and instructional employees, the commission shall determine whether the total compensation of the members of the bargaining unit or classification falls within a ninety-eight percent to one hundred two percent range of the array’s midpoint. If the total compensation falls within the ninety-eight percent to one hundred two percent range, the commission shall order no change in wage rates. If the total compensation is less than ninety-eight percent
of the midpoint, the commission shall enter an order increasing wage rates to ninety-eight percent of the midpoint. If the total compensation is more than one hundred two percent of the midpoint, the commission shall enter an order decreasing wage rates to one hundred two percent of the midpoint. If the total compensation is more than one hundred seven percent of the midpoint, the commission shall enter an order increasing wage rates to ninety-eight percent of the midpoint in three equal annual increases. If the commission finds that the year in dispute occurred during a time of recession, the applicable range will be ninety-five percent to one hundred two percent. For purposes of this section, recession occurrence means the two nearest quarters in time, excluding the immediately preceding quarter, to the effective date of the contract term in which the sum of the net state sales and use tax, individual income tax, and corporate income tax receipts are less than the same quarters for the prior year. Each of these receipts shall be rate and base adjusted for state law changes. The Department of Revenue shall report and publish such receipts on a quarterly basis.

### 48-819 Commission; orders; effect; contempt.

Orders, temporary or final, entered by the Commission of Industrial Relations shall be binding on all parties involved therein and shall be deemed to be of the same force and effect as like orders entered by a district court and shall be enforceable in appropriate proceedings in the courts of this state. Failure on the part of any person to obey any order, decree or judgment of the Commission of Industrial Relations, either temporary or final, shall constitute a contempt of such tribunal in all cases where a similar failure to obey a similar order, decree or judgment of a district court would constitute a contempt of such tribunal, and upon application to the appropriate district court of the state shall be dealt with as would a similar contempt of the said district court.

Once an order is entered by the Commission of Industrial Relations, the rights of the parties are established, but a suit to enforce those rights must be brought in the district court; and, while an order of the commission, once sued upon, may bear prejudgment interest, the commission is not authorized to order payment of interest as part of its order. IBEW Local 763 v. Omaha P.P. Dist., 209 Neb. 335, 307 N.W.2d 795 (1981).

The Commission of Industrial Relations cannot enforce its own order, it must resort to the appropriate district court.

### 48-819.01 Commission; power to make findings and enter orders; when.

Whenever it is alleged that a party to an industrial dispute has engaged in an act which is in violation of any of the provisions of the Industrial Relations Act, or which interferes with, restrains, or coerces employees in the exercise of the rights provided in such act, the commission shall have the power and authority to make such findings and to enter such temporary or permanent orders as the commission may find necessary to provide adequate remedies to the injured party or parties, to effectuate the public policy enunciated in section 48-802, and to resolve the dispute.

§ 48-819.01

The Commission on Industrial Relations' issuance of cease and desist orders is the equivalent of the commission ordering a party to cease and desist violating provisions of the Industrial Relations Act. Such orders are appropriate and adequate remedies under this section and subsection (2) of section 48-825. Crete Ed. Assn. v. Saline Cty. Sch. Dist. No. 76-0002, 265 Neb. 8, 654 N.W.2d 166 (2002).

Under the facts presented in this case, the order of the Commission on Industrial Relations to post notices regarding the employer's violation of the Industrial Relations Act was not an appropriate and adequate remedy under this section and subsection (2) of section 48-825. Crete Ed. Assn. v. Saline Cty. Sch. Dist. No. 76-0002, 265 Neb. 8, 654 N.W.2d 166 (2002).

The Commission of Industrial Relations has the authority to allow interest on an award. IAFF Local 831 v. City of No. Platte, 215 Neb. 89, 337 N.W.2d 716 (1983).

48-821 Public service; interference; coercion; violation; penalty.

It shall be unlawful for any person:

1. To hinder, delay, limit or suspend the continuity or efficiency of any governmental service or any governmental service in a proprietary capacity, or the service of any public utility, by lockout, strike, slowdown, or other work stoppage;

2. To coerce, instigate, induce, conspire with, intimidate or encourage any person to participate in any lockout, strike, slowdown or other work stoppage, which would hinder, delay, limit or suspend the continuity or efficiency of any governmental service or governmental service in a proprietary capacity, or the service of any public utility; or

3. To aid or assist any such lockout, strike, slowdown, or other work stoppage by giving direction or guidance in the conduct of any such lockout, strike, slowdown or other work stoppage or by providing funds for the conduct or direction thereof, or for the payment of strike, unemployment or other benefits to those participating therein.

Any person who willfully violates any of the provisions of this section shall be guilty of a Class I misdemeanor.

48-822 Employees; no requirement to work without consent.

No provision of the Industrial Relations Act shall be construed to require an employee to work without his or her consent, or to make illegal the quitting of his or her job or withdrawal from his or her place of employment unless done in concert or by agreement with others.

48-823 Act; liberal construction; commission; powers.

The Industrial Relations Act and all grants of power, authority, and jurisdiction made in such act to the commission shall be liberally construed to effectuate the public policy enunciated in section 48-802. All incidental powers necessary to carry into effect the Industrial Relations Act are hereby granted to and conferred upon the commission.

48-824 Labor negotiations; prohibited practices.

1. It is a prohibited practice for any public employer, public employee, public employee organization, or collective-bargaining agent to refuse to negotiate in good faith with respect to mandatory topics of bargaining.

Reissue 2021 736
(2) It is a prohibited practice for any public employer or the public employer’s negotiator to:

(a) Interfere with, restrain, or coerce employees in the exercise of rights granted by the Industrial Relations Act;

(b) Dominate or interfere in the administration of any public employee organization;

(c) Encourage or discourage membership in any public employee organization, committee, or association by discrimination in hiring, tenure, or other terms or conditions of employment;

(d) Discharge or discriminate against a public employee because the employee has filed an affidavit, petition, or complaint or given any information or testimony under the Industrial Relations Act or because the public employee has formed, joined, or chosen to be represented by any public employee organization;

(e) Refuse to negotiate collectively with representatives of collective-bargaining agents as required by the Industrial Relations Act;

(f) Deny the rights accompanying certification or recognition granted by the Industrial Relations Act; and

(g) Refuse to participate in good faith in any impasse procedures for public employees as set forth in the Industrial Relations Act.

(3) It is a prohibited practice for any public employee, public employee organization, or bargaining unit or for any representative or collective-bargaining agent to:

(a) Interfere with, restrain, coerce, or harass any public employee with respect to any of the public employee’s rights granted by the Industrial Relations Act;

(b) Interfere with, restrain, or coerce a public employer with respect to rights granted by the Industrial Relations Act or with respect to selecting a representative for the purposes of negotiating collectively on the adjustment of grievances;

(c) Refuse to bargain collectively with a public employer as required by the Industrial Relations Act; and

(d) Refuse to participate in good faith in any impasse procedures for public employees as set forth in the Industrial Relations Act.

(4) The expressing of any view, argument, or opinion, or the dissemination thereof, whether in written, printed, graphic, or visual form, is not evidence of any unfair labor practice under any of the provisions of the Industrial Relations Act if such expression contains no threat of reprisal or force or promise of benefit.

dispute is filed with the Commission of Industrial Relations. IBEW Local 763 v. Omaha Pub. Power Dist., 280 Neb. 889, 791 N.W.2d 310 (2010).

The purpose of this section is to provide public sector employees with the protection from unfair labor practices that private sector employees enjoy under the National Labor Relations Act, by making refusal to negotiate in good faith regarding mandatory bargaining topics a prohibited practice. IBEW Local 763 v. Omaha Pub. Power Dist., 280 Neb. 889, 791 N.W.2d 310 (2010).

In an appeal from a Commission of Industrial Relations order regarding prohibited practices stated in this section, an appellate court will affirm a factual finding of the commission, if, considering the whole record, a trier of fact could reasonably conclude that the finding is supported by a preponderance of the competent evidence. Omaha Police Union Local 101 v. City of Omaha, 274 Neb. 70, 736 N.W.2d 375 (2007).

The "deliberate and reckless untruth" standard of the National Labor Relations Act is not the appropriate method to analyze the speech of public service employees under the Industrial Relations Act. Omaha Police Union Local 101 v. City of Omaha, 274 Neb. 70, 736 N.W.2d 375 (2007).

48-825 Labor negotiations; prohibited practices; complaints; procedure.

(1) A proceeding against a party alleging a violation of section 48-824 is commenced by filing a complaint with the commission within one hundred eighty days after the alleged violation thereby causing a copy of the complaint to be served upon the accused party. The accused party has ten days within which to file a written answer to the complaint. If the commission determines that the complaint has no basis in fact, the commission may dismiss the complaint. If the complaint has a basis in fact, the commission shall set a time for hearing. The parties may be represented by counsel, summon witnesses, and request the commission to subpoena witnesses on the requester’s behalf.

(2) The commission shall file its findings of fact and conclusions of law. If the commission finds that the party accused has committed a prohibited practice, the commission, within thirty days after its decision, shall order an appropriate remedy. Any party may petition the district court for injunctive relief pursuant to the rules of civil procedure.

(3) Any party aggrieved by any decision or order of the commission may, within thirty days after the date such decision or order is filed, appeal to the Court of Appeals.

(4) Any order or decision of the commission may be modified, reversed, or set aside by the appellate court on one or more of the following grounds and no other:

(a) If the commission acts without or in excess of its powers;
(b) If the order was procured by fraud or is contrary to law;
(c) If the facts found by the commission do not support the order; and
(d) If the order is not supported by a preponderance of the competent evidence on the record considered as a whole.

In an appellate court’s review of orders and decisions of the Commission of Industrial Relations involving an industrial dispute over wages and conditions of employment, the appellate court’s standard of review is as follows: Any order or decision of the commission may be modified, reversed, or set aside by the appellate court on one or more of the following grounds and no other: (1) If the commission acts without or in excess of its powers, (2) if the order was procured by fraud or is contrary to law, (3) if the facts found by the commission do not support the order, and (4) if the order is not supported by a preponderance of the competent evidence on the record considered as a whole. Hymanus Ed. Assn. v. Grant Cty. Sch. Dist. No. 38-0011, 269 Neb. 956, 698 N.W.2d 45 (2003).

If the Commission of Industrial Relations finds that an accused party has committed a prohibited practice under subsection (2) of this section, it has the authority to order an appropriate remedy, and such authority is to be liberally construed to effectuate the public policy enunciated in section 48-802. Oper-
The Commission on Industrial Relations’ issuance of cease and desist orders is the equivalent of the commission ordering a party to cease and desist violating provisions of the Industrial Relations Act. Such orders are appropriate and adequate remedies under subsection (2) of this section and section 48-819.01.

Under the facts presented in this case, the order of the Commission on Industrial Relations to post notices regarding the employer’s violation of the Industrial Relations Act was not an appropriate and adequate remedy under subsection (2) of this section and section 48-819.01. Crete Ed. Assn. v. Saline Cty. Sch. Dist. No. 76-0002, 265 Neb. 8, 654 N.W.2d 166 (2002).

48-838 Collective bargaining; questions of representation; elections; non-member employee duty to reimburse; when.

(1) The commission shall determine questions of representation for purposes of collective bargaining for and on behalf of public employees and shall make rules and regulations for the conduct of elections to determine the exclusive collective-bargaining agent for public employees, except that in no event shall a
contract between a public employer and an exclusive collective-bargaining agent act as a bar for more than three years to any other party seeking to represent public employees, nor shall any contract bar for more than three years a petition by public employees seeking an election to revoke the authority of an agent to represent them. Except as provided in the State Employees Collective Bargaining Act, the commission shall certify the exclusive collective-bargaining agent for employees affected by the Industrial Relations Act following an election by secret ballot, which election shall be conducted according to rules and regulations established by the commission.

(2) The election shall be conducted by one member of the commission who shall be designated to act in such capacity by the presiding officer of the commission, or the commission may appoint the clerk of the district court of the county in which the principal office of the public employer is located to conduct the election in accordance with the rules and regulations established by the commission. Except as provided in the State Employees Collective Bargaining Act, the commission shall also determine the appropriate unit for bargaining and for voting in the election, and in making such determination, the commission shall consider established bargaining units and established policies of the public employer. It shall be presumed, in the case of governmental subdivisions such as municipalities, counties, power districts, or utility districts with no previous history of collective bargaining, that units of public employees of less than departmental size shall not be appropriate.

(3) Except as provided in the State Employees Collective Bargaining Act, the commission shall not order an election until it has determined that at least thirty percent of the employees in an appropriate unit have requested in writing that the commission hold such an election. Such request in writing by an employee may be in any form in which an employee specifically either requests an election or authorizes the employee organization to represent him or her in bargaining, or otherwise evidences a desire that an election be conducted. Such request of an employee shall not become a matter of public record. No election shall be ordered in one unit more than once a year.

(4) Except as provided in the State Employees Collective Bargaining Act, the commission shall only certify an exclusive collective-bargaining agent if a majority of the employees voting in the election vote for the agent. A certified exclusive collective-bargaining agent shall represent all employees in the appropriate unit with respect to wages, hours, and conditions of employment, except that such right of exclusive recognition shall not preclude any employee, regardless of whether or not he or she is a member of a labor organization, from bringing matters to the attention of his or her superior or other appropriate officials.

Any employee may choose his or her own representative in any grievance or legal action regardless of whether or not an exclusive collective-bargaining agent has been certified. If an employee who is not a member of the labor organization chooses to have legal representation from the labor organization in any grievance or legal action, such employee shall reimburse the labor organization for his or her pro rata share of the actual legal fees and court costs incurred by the labor organization in representing the employee in such grievance or legal action.

The certification of an exclusive collective-bargaining agent shall not preclude any public employer from consulting with lawful religious, social, frater-
nal, or other similar associations on general matters affecting public employees so long as such contracts do not assume the character of formal negotiations in regard to wages, hours, and conditions of employment. Such consultations shall not alter any collective-bargaining agreement which may be in effect.

48-842 State employees; jurisdiction of commission; restricted.

The jurisdiction of the Commission of Industrial Relations to establish salary or base salary levels or other terms of compensation for state employees shall not be invoked before the end of the 1987 regular session of the Legislature and if so invoked shall only be effective beginning with fiscal year 1987-88 and each fiscal year thereafter. The Legislature may, during the 1987 regular session, prohibit by law any order of the Commission of Industrial Relations relating to state employees for fiscal year 1987-88 if it finds such order will be inconsistent with any legislation passed during the 1987 regular session dealing with collective bargaining by state employees. The Legislature hereby finds and declares that the State Employees Collective Bargaining Act is inconsistent with an order relating to state employees for fiscal year 1987-88 and therefore such orders shall be prohibited.

48-901 Public policy.

The public policy of the state as to employment relations in the furtherance of which sections 48-901 to 48-912 are passed is declared to be as follows:

(1) It recognizes that there are three major interests involved, namely: That of the public, the employee, and the employer. These three interests are to a considerable extent interrelated. It is the policy of the state to protect and promote each of these interests with due regard to the situation and to the rights of the others.

(2) Industrial peace, regular and adequate income for the employee, and uninterrupted production of goods and services are promotive of all of these interests. They are largely dependent upon the maintenance of fair, friendly and mutually satisfactory employment relations and the availability of suitable machinery for the peaceful adjustment of whatever controversies may arise. It is recognized that certain employers, including farmers and farmer cooperatives, in addition to their general employer problems, face special problems arising from perishable commodities and seasonal production which require adequate consideration. It is also recognized that whatever may be the rights of disputants with respect to each other in any controversy regarding employment relations, they should not be permitted, in the conduct of their controversy, to intrude directly into the primary rights of third parties to earn a livelihood, transact business and engage in the ordinary affairs of life by any lawful means and free from molestation, interference, restraint or coercion.

(3) Negotiation of terms and conditions of work should result from voluntary agreement between employer and employee. For the purpose of such negotiation an employee has the right, if he desires, to associate with others in organizing and bargaining collectively through representatives of his own choosing, without intimidation or coercion from any source.

(4) It is the policy of the state, in order to preserve and promote the interests of the public, the employee, and the employer alike, to establish standards of
fair conduct in employment relations and to provide a convenient and expeditious method through the courts by which these interests may have their respective rights and obligations adjudicated. While limiting individual and group rights of aggression and defense, the state substitutes processes of justice for the more primitive methods of trial by combat.

Any organization with which either the employer or such majority is affiliated may be considered a party to the labor dispute;
(3) Employer shall mean a person who engages the services of an employee, and includes any person acting on behalf of an employer within the scope of his or her authority, express or implied, but shall not include the state or any political subdivision thereof, or any labor organization or anyone acting in behalf of such organization other than when it is acting as an employer in fact;

AGE DISCRIMINATION

Section
48-1001. Act, how cited; discrimination in employment because of age; policy; declaration of purpose.
48-1002. Terms, defined.

48-1001 Act, how cited; discrimination in employment because of age; policy; declaration of purpose.
(1) Sections 48-1001 to 48-1010 shall be known and may be cited as the Age Discrimination in Employment Act.

(2)(a) The Legislature hereby finds that the practice of discriminating in employment against properly qualified persons because of their age is contrary to American principles of liberty and equality of opportunity, is incompatible with the Constitution, deprives the state of the fullest utilization of its capacities for production, and endangers the general welfare.

(b) Hiring bias against workers forty years or more of age deprives the state of its most important resource of experienced employees, adds to the number of
persons receiving public assistance, and deprives older people of the dignity and status of self-support.

(c) The right to employment otherwise lawful without discrimination because of age, where the reasonable demands of the position do not require such an age distinction, is hereby recognized as and declared to be a right of all the people of the state which shall be protected as provided in the act.

(d) It is hereby declared to be the policy of the state to protect the right recognized and declared in subdivision (2)(c) of this section and to eliminate all such discrimination to the fullest extent permitted. The Age Discrimination in Employment Act shall be construed to effectuate such policy.

In an age discrimination suit brought under the Act Prohibiting Unjust Discrimination in Employment Because of Age, the jury is not to be instructed on the elements which constitute a submissible case. Although the ultimate burden of persuasion by a preponderance of the evidence in an age discrimination action at all times remains with plaintiff, the method of proof is for plaintiff to prove a prima facie case; if plaintiff succeeds in proving a prima facie case, defendant has the burden of articulating some legitimate, nondiscriminatory reason for its action. Should defendant succeed in so doing, plaintiff must establish by a preponderance of the evidence that the legitimate reasons offered by defendant were not its true reasons, but a pretext for discrimination. Humphrey v. Nebraska Public Power Dist., 243 Neb. 872, 503 N.W.2d 211 (1993).

The federal practice for cases arising under the federal Age Discrimination in Employment Act of 1967, 29 U.S.C. sec. 621 et seq. (1982), may be instructive as to cases arising under the subject act Allen v. AT&T Technologies, 228 Neb. 503, 423 N.W.2d 424 (1988).

The state, through its Legislature, has acted to prohibit unjust discrimination in employment because of age. Midwest Employers Council, Inc. v. City of Omaha, 177 Neb. 877, 131 N.W.2d 609 (1964).

48-1002 Terms, defined.

For purposes of the Age Discrimination in Employment Act:

(1) Person includes one or more individuals, partnerships, limited liability companies, associations, labor organizations, corporations, business trusts, legal representatives, or any organized group of persons;

(2) Employer means any person having in his or her employ twenty or more employees for each working day in each of twenty or more calendar weeks in the current or preceding calendar year and includes the State of Nebraska, governmental agencies, and political subdivisions, regardless of the number of employees, any person acting for or in the interest of an employer, directly or indirectly, and any party whose business is financed in whole or in part under the Nebraska Investment Finance Authority Act, but such term does not include (a) the United States, (b) a corporation wholly owned by the government of the United States, or (c) an Indian tribe;

(3) Labor organization means any organization of employees which exists for the purpose, in whole or in part, of collective bargaining or of dealing with employers concerning grievances, terms, or conditions of employment, or for other mutual aid or protection in connection with employment;

(4) Employee means an individual employed by any employer; and

(5) Employment agency means any person regularly undertaking with or without compensation to procure employees for an employer or to procure for employees opportunities to work for an employer and includes an agent of such a person, but does not include an agency of the United States, except that such
term does include the United States Employment Service and the system of state and local employment services receiving federal assistance.

Nebraska Investment Finance Authority Act, see section 58-201.

For the purpose of defining an employer under Nebraska’s age discrimination act, two distinct entities may be considered a single employer if the two businesses have (1) interrelated operations, (2) centralized control of labor relations, (3) common management, and (4) common ownership or financial control. Billingsley v. BFM Liquor Mgmt., 264 Neb. 56, 645 N.W.2d 791 (2002).

**48-1003 Limitation on prohibitions; practices not prevented or precluded.**

(1) The prohibitions of the Age Discrimination in Employment Act shall be limited to the employment of individuals who are forty years or more of age.

(2) Nothing contained in the act shall be construed as making it unlawful for an employer, employment agency, or labor organization (a) to take action otherwise prohibited under the act when age is a bona fide occupational qualification reasonably necessary to the normal operation of the particular business, or when the differentiation is based on reasonable factors other than age, such as physical conditions; or (b) to discharge or otherwise discipline an employee for good cause.

**48-1004 Unlawful employment practices; enumerated.**

(1) It shall be an unlawful employment practice for an employer:

(a) To refuse to hire, to discharge, or otherwise to discriminate against any individual with respect to the employee’s terms, conditions, or privileges of employment, otherwise lawful, because of such individual’s age, when the reasonable demands of the position do not require such an age distinction; or

(b) To willfully utilize in the hiring or recruitment of individuals for employment otherwise lawful, any employment agency, placement service, training school or center, labor organization, or any other source which so discriminates against individuals because of their age.

(2) It shall be an unlawful employment practice for any labor organization to so discriminate against any individual or to limit, segregate, or classify its membership in any way which would deprive or tend to deprive an individual of otherwise lawful employment opportunities, or would limit such employment opportunities or otherwise adversely affect his or her status as an employee or would affect adversely his or her wages, hours, or employment.

(3) It shall be an unlawful employment practice for an employment agency to fail or refuse to refer for employment or otherwise to discriminate against any individual because of such individual’s age or to classify or refer for employment any individual on the basis of his or her age.
(4) It shall be an unlawful employment practice for any employer, employment agency, or labor organization to discharge, expel, or otherwise discriminate against any person because he or she opposed any unlawful employment practice specified in the Age Discrimination in Employment Act or has filed a charge or suit, testified, participated, or assisted in any proceeding under the act.

1. Ultimate issue

Although the burden of production shifts between the plaintiff and the employer, the plaintiff retains the ultimate burden of persuasion, and the ultimate question is discrimination or retaliation vel non. Oldfield v. Nebraska Machinery Co., 296 Neb. 469, 894 N.W.2d 278 (2017).

The ultimate issue in an age discrimination case is whether age was a determining factor in the employer's decision to take the adverse employment action. Oldfield v. Nebraska Machinery Co., 296 Neb. 469, 894 N.W.2d 278 (2017).

To survive summary judgment in a discrimination case, the nonmoving party must do more than simply create a factual dispute as to the issue of pretext; he or she must offer sufficient evidence for a reasonable trier of fact to infer discrimination. Oldfield v. Nebraska Machinery Co., 296 Neb. 469, 894 N.W.2d 278 (2017).

Once an age discrimination case has been fully tried on the merits, the focus is on the ultimate question of whether the employer intentionally discriminated against the employee and not on the adequacy of a party's showing at any particular stage of the trial. Although an employer's proffered reason for discharging an employee may not be truthful, that in and of itself does not prove a pretext; the pretext must be shown to be a pretext for discrimination. Synacek v. Omaha Cold Storage, 247 Neb. 244, 526 N.W.2d 91 (1995).

2. Miscellaneous

One isolated comment about retirement is not enough to demonstrate pretext for purposes of age discrimination. Oldfield v. Nebraska Machinery Co., 296 Neb. 469, 894 N.W.2d 278 (2017).

The McDonnell Douglas Corp. v. Green, 411 U.S. 792, 93 S. Ct. 1817, 36 L. Ed. 2d 668 (1973), framework is a procedural device of order of proof and production, designed to force an employer to reveal information that is available only to the employer, i.e., any unstated reasons for the adverse employment action, as well as any discretionary factors underlying its decision. Oldfield v. Nebraska Machinery Co., 296 Neb. 469, 894 N.W.2d 278 (2017).

After the plaintiff proves a prima facie case of age discrimination in a suit brought under the disparate impact theory, the employer must show the employment practice is related to job performance or justified by job necessity. Although intent is irrelevant in a disparate impact theory, the plaintiff may then rebut the defendant's reason of business necessity by showing that an alternative practice lacking a discriminatory effect would satisfy the employer's legitimate interests. Allen v. AT&T Technologies, 228 Neb. 503, 423 N.W.2d 424 (1988).

Although the ultimate burden of persuasion by a preponderance of the evidence at all times remains with the plaintiff, the method of proof is for the plaintiff to prove a prima facie case; if the plaintiff succeeds in so doing, the defendant has the burden of articulating some legitimate, nondiscriminatory reason for its action. Should the defendant succeed in so doing, the plaintiff must establish by a preponderance of the evidence that the legitimate reasons offered by the defendant were a pretext for discrimination. Allen v. AT&T Technologies, 228 Neb. 503, 423 N.W.2d 424 (1988).

Following the lead of federal courts, a plaintiff may show pretext in an age discrimination case brought under the disparate treatment theory by showing either that the employment decision was motivated by a discriminatory reason or by showing the employer's stated reason is not worthy of credence. Allen v. AT&T Technologies, 228 Neb. 503, 423 N.W.2d 424 (1988).

Following the lead of the federal courts, a plaintiff may establish a prima facie case of age discrimination by virtue of disparate treatment by showing that (1) she or he was in the protected age category, (2) she or he met the applicable qualifications, (3) despite those qualifications she or he was not promoted, and (4) other employees of similar qualifications, who were not members of a protected group, were promoted at the time plaintiff's request for a promotion was denied. Allen v. AT&T Technologies, 228 Neb. 503, 423 N.W.2d 424 (1988).

In order to prove a prima facie case of retaliation, a plaintiff must show she or he was not promoted following protected activities of which the employer was aware. Allen v. AT&T Technologies, 228 Neb. 503, 423 N.W.2d 424 (1988).

To prove a prima facie case of disparate impact in an age discrimination suit under the federal Age Discrimination in Employment Act of 1967, 29 U.S.C. sec. 621 et seq. (1982), the plaintiff must show (1) an outwardly neutral employment practice, and (2) a significantly adverse or disproportionate impact on the protected age group produced by the facially neutral employment practice. Allen v. AT&T Technologies, 228 Neb. 503, 423 N.W.2d 424 (1988).

48-1005 Violations; penalty.

Any person who violates any provision of the Age Discrimination in Employment Act or who forcibly resists, opposes, impedes, intimidates, or interferes with the Equal Opportunity Commission or any of its duly authorized representatives while engaged in its, his, or her duties under the act shall be guilty of a Class III misdemeanor. No person shall be imprisoned under this section except for a second or subsequent conviction.

48-1007 Equal Opportunity Commission; enforcement; powers.

The Age Discrimination in Employment Act shall be administered by the Equal Opportunity Commission as established by section 48-1116. The commission shall have the power (1) to make delegations, to appoint such agents and employees and to pay for technical assistance, including legal assistance, on a fee-for-service basis, as it deems necessary to assist it in the performance of its functions under the act, (2) to cooperate with other federal, state, and local agencies and to cooperate with and furnish technical assistance to employers, labor organizations, and employment agencies to aid in effectuating the purposes of the act, (3) to make investigations, to issue or cause to be served interrogatories, and to require keeping of records necessary or appropriate for the administration of the act, and (4) to bring civil action in its name in any court of competent jurisdiction against any person deemed to be violating the act to compel compliance with the act or to enjoin any such person from continuing any practice that is deemed to be in violation of the act. The commission may seek judicial enforcement through the office of the Attorney General to require the answering of interrogatories and to gain access to evidence or records relevant to the charge under investigation.

48-1008 Alleged violation; aggrieved person; complaint; investigation; civil action, when; filing, effect; written change; limitation on action; respondent; file written response; commission; powers.

(1) Any person aggrieved by a suspected violation of the Age Discrimination in Employment Act shall file with the Equal Opportunity Commission a formal complaint in such manner and form prescribed by the commission. The commission shall make an investigation and may initiate an action to enforce the rights of such employee under the provisions of the act. If the commission does not initiate an action within sixty days after receipt of a complaint, the person aggrieved may bring a civil action in any court of competent jurisdiction for such legal or equitable relief as will effectuate the purposes of the act. Filing of an action by either the commission or the person aggrieved shall be a bar to the filing of the action by the other.

(2) A written charge alleging violation of the Age Discrimination in Employment Act shall be filed within three hundred days after the occurrence of the alleged unlawful employment practice, and notice of the charge, including a statement of the date, place, and circumstances of the alleged unlawful employment practice, shall be served upon the person against whom such charge is made within ten days thereafter.

(3) A respondent shall file with the commission a written response to the written charge of violation within thirty days after service upon the respondent. Failure to file a written response within thirty days, except for good cause shown, shall result in a mandatory reasonable cause finding against the respondent by the commission. Failure by any complainant to cooperate with the commission, its investigators, or its staff, except for good cause shown, shall result in dismissal of the complaint by the commission.
§ 48-1008 LABOR

(4) In connection with any investigation of a charge filed under this section, the commission or its authorized agents may, at any time after a charge is filed, issue or cause to be served interrogatories and shall have at all reasonable times access to, for the purposes of examination, and the right to copy any evidence or records of any person being investigated or proceeded against that relate to unlawful employment practices covered by the act and are relevant to the charge under investigation. The commission may seek preparation of and judicial enforcement of any legal process or interrogatories through the office of the Attorney General.

48-1009 Court; jurisdiction; relief.

In any action brought to enforce the Age Discrimination in Employment Act, the court shall have jurisdiction to grant such legal or equitable relief as the court deems appropriate to effectuate the purposes of the act, including judgments compelling employment, reinstatement, or promotion, or enforcing liability for amounts deemed to be unpaid minimum wages or unpaid overtime compensation.

The proper procedure under this section is for the trial court to submit the damages issue to the jury, if one is empaneled, and reserve ruling on a plaintiff's requested equitable relief until after the jury renders a verdict. A trial court should then enter an order on the jury verdict and reserve entering judgment until after the court has considered any requests for equitable relief. Billingsley v. BFM Liquor Mgmt., Inc., 259 Neb. 992, 613 N.W.2d 478 (2000).

Age discrimination cases that seek mandatory injunctions as well as damages are equitable in nature. A jury empaneled in an equity case is advisory only. Synacek v. Omaha Cold Storage, 247 Neb. 244, 526 N.W.2d 91 (1995).

48-1010 Suits against governmental bodies; authorized.

The state, governmental agencies, and political subdivisions may be sued upon claims arising under the Age Discrimination in Employment Act in the same manner as provided by such act for suits against other employers.

48-1101 Purpose.

It is the policy of this state to foster the employment of all employable persons in the state on the basis of merit regardless of their race, color, religion, sex, disability, or national origin and to safeguard their right to obtain and hold employment without discrimination because of their race, color, religion, sex, disability, or national origin. Denying equal opportunity for employment because of race, color, religion, sex, disability, or national origin is contrary to the principles of freedom and is a burden on the objectives of the public policy of this state. The policy of this state does not require any person to employ an applicant for employment because of his or her race, color, religion, sex, disability, or national origin, and the policy of this state does not require any employer, employment agency, labor organization, or joint labor-management committee to grant preferential treatment to any individual or to any group because of race, color, religion, sex, disability, or national origin.

It is the public policy of this state that all people in Nebraska, both with and without disabilities, shall have the right and opportunity to enjoy the benefits of living, working, and recreating within this state. It is the intent of the Legislature that state and local governments, Nebraska businesses, Nebraska labor organizations, and Nebraskans with disabilities understand their rights and responsibilities under the law regarding employment discrimination and the prevention of discrimination on the basis of disability.

1. Burden-shifting framework

The three-part burden-shifting framework from McDonnell Douglas Corp. v. Green, 411 U.S. 792, 93 S. Ct. 1817, 36 L. Ed. 2d 688 (1973), is not the exclusive method of proving disparate treatment and was never intended to be rigid, mechanized, or ritualistic. Hartley v. Metropolitan Util. Dist., 294 Neb. 870, 885 N.W.2d 675 (2016).

In a discrimination suit brought under the provisions of the Nebraska Fair Employment Practice Act, the evidence presented on the issue of discrimination against a disabled person shall be as follows: (1) The complainant has the burden of proving a prima facie case of discrimination; (2) if the complainant succeeds in proving that prima facie case, the burden shifts to the respondent to articulate some legitimate, nondiscriminatory reason for the employee’s rejection or discharge from employment; and (3) should the respondent carry the burden, the complainant must then have an opportunity to prove by a preponderance of the evidence that the legitimate reasons offered by the respondent were not its true reasons, but were a pretext for discrimination. A plaintiff alleging he or she was subjected to retaliatory action based upon opposing or refusing to participate in a practice or action which was unlawful only has to show a reasonable, good faith belief such practice or action was unlawful. Haffke v. Signal, 88, 306 Neb. 625, 947 N.W.2d 103 (2020).

In order to show retaliation under the Nebraska Fair Employment Practice Act, a plaintiff must establish (1) he or she engaged in protected conduct, (2) he or she was subjected to an adverse employment action, and (3) there was a causal connection between the protected conduct and the adverse action. Haffke v. Signal 88, 306 Neb. 625, 947 N.W.2d 103 (2020).

A prima facie case of discrimination may be proved by showing (1) that the complainant is a member of a protected class within the meaning of the Nebraska Fair Employment Practice Act; (2) that the complainant is qualified for the position of employment sought; (3) that the complainant applied for and was rejected or discharged from that position; and (4) that after the complainant was rejected or discharged, the job remained open. IBP, Inc. v. Sands, 252 Neb. 573, 563 N.W.2d 353 (1997).

Persons seeking relief under this section must allege a violation by an employer of 15 or more persons. Steier v. Crosier Fathers of Hastings, 242 Neb. 16, 492 N.W.2d 870 (1992).

The purpose of the Fair Employment Practice Act is to establish a policy by the state to foster the employment of employable persons; the state policy does not require an employer to grant preferential treatment to any individual or group because of race, color, religion, sex, disability, or national origin. 1. Major life activities

Concentrating, thinking, and communicating are major life activities under subdivision (9) of this section. Marshall v. EyeCare Specialties, 293 Neb. 91, 876 N.W.2d 372 (2016).

Under subdivision (9) of this section, “major life activities” are those activities that are of central importance to daily life. Marshall v. EyeCare Specialties, 293 Neb. 91, 876 N.W.2d 372 (2016).

Under subdivision (9) of this section, to be substantially limited in the major life activity of working, the plaintiff must show that he or she was significantly restricted in the ability to perform either a class of jobs or a broad range of jobs in various classes as compared to the average person having comparable training, skills, and abilities. Marshall v. EyeCare Specialties, 293 Neb. 91, 876 N.W.2d 372 (2016).

2. Drug use

Drug addiction is an impairment under subdivision (9) of this section, but it is not a disability unless it substantially limits a major life activity or is perceived by the employer to substantially limit a major life activity. Marshall v. EyeCare Specialties, 293 Neb. 91, 876 N.W.2d 372 (2016).

To show that an employer regarded an employee as disabled under subdivision (9)(c) of this section, the employer must demonstrate either that (1) despite having no impairment at all, the employer mistakenly believed that the employee had an impairment that substantially limited one or more major life activities, or (2) the employee had a nonlimiting impairment that the employer mistakenly believed substantially limited one or more major life activities. 48-1104 Unlawful employment practice for an employer.

It shall be an unlawful employment practice for an employer:

(1) To fail or refuse to hire, to discharge, or to harass any individual, or otherwise to discriminate against any individual with respect to compensation, terms, conditions, or privileges of employment, because of such individual’s race, color, religion, sex, disability, marital status, or national origin; or

(2) To limit, advertise, solicit, segregate, or classify employees in any way which would deprive or tend to deprive any individual of employment opportunities or otherwise adversely affect such individual’s status as an employee, because of such individual’s race, color, religion, sex, disability, marital status, or national origin.

2. Miscellaneous

1. Burden-shifting framework

Although the burden of production shifts between the plaintiff and the employer, the plaintiff retains the ultimate burden of persuasion, and the ultimate question is discrimination or retaliation vel non. Oldfield v. Nebraska Machinery Co., 296 Neb. 469, 894 N.W.2d 278 (2017).

The McDonnell Douglas Corp. v. Green, 411 U.S. 792, 93 S. Ct. 1817, 36 L. Ed. 2d 668 (1973), framework is a procedural device of order of proof and production, designed to force an employer to reveal information that is available only to the employer, i.e., any unstated reasons for the adverse employment action, as well as any discretionary factors underlying its decision. Oldfield v. Nebraska Machinery Co., 296 Neb. 469, 894 N.W.2d 278 (2017).

To survive summary judgment in a discrimination case, the nonmoving party must do more than simply create a factual dispute as to the issue of pretext; he or she must offer sufficient evidence for a reasonable trier of fact to infer discrimination. Oldfield v. Nebraska Machinery Co., 296 Neb. 469, 894 N.W.2d 278 (2017).

The procedure to be followed in presenting evidence relevant to a question about discrimination against a disabled person is:

(1) The complainant has the burden of proving a prima facie case of discrimination; (2) the respondent then must articulate some legitimate, nondiscriminatory reason for the rejection or firing; and (3) the complainant must then have an opportunity to prove by a preponderance of the evidence that the legitimate reasons offered by the respondent were not its true reasons, but were a pretext for discrimination. Father Flanagan’s Boys’ Home v. Goerke, 224 Neb. 731, 401 N.W.2d 461 (1987).

2. Miscellaneous

Generally, a temporal connection between the protected conduct and the adverse employment action by itself is not enough to present a genuine factual issue on retaliation. Oldfield v. Nebraska Machinery Co., 296 Neb. 469, 894 N.W.2d 278 (2017).

A mere showing that one was not interviewed or hired for a position is insufficient to establish a violation of the Fair Employment Practice Act because in order to recover for a violation, complainant must prove by a preponderance of the evidence that complainant was refused hire on the basis of sex. It is not a violation of this section to refuse to hire a woman to the position of a police patrolman when in each instance, there were better qualified male applicants available for the position, even if the male applicants with the higher test scores were added to the list after the score of the female applicant had placed her at the top of the list. Apart from an exception for summary judgments, in a discrimination action brought under the Nebraska Fair Employment Practice Act, a court evaluates the evidence under the three-part burden-shifting framework from McDonnell Douglas Corp. v. Under that framework, (1) the plaintiff has the burden of proving a prima facie case of discrimination; (2) if the plaintiff proves a prima facie case, the burden shifts to the employer to articulate some legitimate, nondiscriminatory reason for the adverse employment action; and (3) if the employer articulates a nondiscriminatory reason for its action, the employee maintains the burden of proving that the stated reason was pretextual. (1) When referring to a qualified individual with a disability, discrimination shall include:

(a) Limiting, segregating, or classifying a job applicant or employee in a way that adversely affects the opportunities or status of the applicant or employee because of the disability of the applicant or employee;

(b) Participating in a contractual or other arrangement or relationship that has the effect of subjecting a qualified individual with a disability to discrimination in the application or employment process, including a relationship with an employment agency, a labor union, an organization providing fringe benefits to an employee of the covered entity, or an organization providing training and apprenticeship programs;

(f) Denying employment opportunities to a job applicant or employee who is otherwise a qualified individual with a disability if the denial is based upon the need of such covered entity to make reasonable accommodation to the physical or mental impairments of the employee or applicant;

(g) Using qualification standards, employment tests, or other selection criteria that screen out or tend to screen out an individual with a disability or a class of individuals with disabilities unless the standard, test, or other selection criteria, as used by the covered entity, is shown to be job-related for the position in question and is consistent with business necessity;

(h) Failing to select and administer tests concerning employment in the most effective manner to ensure that, when the test is administered to a job applicant
or employee who has a disability that impairs sensory, manual, or speaking skills, the test results accurately reflect the skills, aptitude, or whatever other factor of the applicant or employee that the test purports to measure rather than reflecting the impaired sensory, manual, or speaking skills of the employee or applicant except when such skills are the factors that the test purports to measure;

(i) Conducting a medical examination or making inquiries of a job applicant as to whether the applicant is an individual with a disability or as to the nature or severity of the disability, except that:

(i) A covered entity may make preemployment inquiries into the ability of an applicant to perform job-related functions;

A covered entity may conduct voluntary medical examinations, including voluntary medical histories, which are part of an employee health program available to employees at the worksite and may make inquiries into the ability of an employee to perform job-related functions if the information obtained regarding the medical condition or history of the employee is subject to the requirements in subdivisions (1)(i)(iii)(B) and (C) of this section.

(2) When referring to an individual who is pregnant, who has given birth, or who has a related medical condition, discrimination shall include:

c) Utilizing standards, criteria, or methods of administration (i) that have the effect of discrimination on the basis of pregnancy, childbirth, or related medical conditions or (ii) that perpetuate the discrimination against others who are subject to common administrative control;

d) Not making reasonable accommodations to the known physical limitations of an individual who is pregnant, who has given birth, or who has a related medical condition and who is an applicant or employee unless such covered entity can demonstrate that the accommodation would impose an undue hardship on the operation of the business of the covered entity;

e) Denying employment opportunities to a job applicant or employee who is pregnant, who has given birth, or who has a related medical condition if the denial is based upon the need of such covered entity to make reasonable accommodation to the physical limitations due to the pregnancy, childbirth, or related medical conditions of the employee or applicant;

(f) Using qualification standards, employment tests, or other selection criteria that screen out or tend to screen out an individual or a class of individuals who are pregnant, who have given birth, or who have a related medical condition unless the standard, test, or other selection criteria, as used by the covered entity, is shown to be job-related for the position in question and is consistent with business necessity;

(j) Taking adverse action against an employee in the terms, conditions, or privileges of employment for requesting or using a reasonable accommodation to the known limitations related to the pregnancy, childbirth, or related medical conditions of the employee.

A covered employer’s failure to make reasonable accommodations for a qualified individual’s known physical or mental limitations is discrimination, unless the employer demonstrates that accommodating the individual’s limitations would impose an undue hardship on business operations. Arens v. NEBCO, Inc., 291 Neb. 834, 870 N.W.2d 1 (2015).

Former subdivision (9)(c) of this section applies to entrance examinations of applicants who have been offered employment, whereas former subsection (10) applies to medical examinations of employees. The latter is prohibited unless the employer shows that the examination is job-related and consistent with business necessity. Arens v. NEBCO, Inc., 291 Neb. 834, 870 N.W.2d 1 (2015).

Psychological counseling is usually a medical examination under former subsection (10) of this section. Arens v. NEBCO, Inc., 291 Neb. 834, 870 N.W.2d 1 (2015).

The court erred in excluding the testimony of an employee’s expert that was relevant to establishing the employee’s permanent disability, the employer’s knowledge of his disability, and whether he had previously performed his job with accommodations that the employer had considered reasonable. Arens v. NEBCO, Inc., 291 Neb. 834, 870 N.W.2d 1 (2015).

The threshold fact of consequence in a disability discrimination action is whether the plaintiff is a qualified individual with a disability—i.e., one who can perform the essential functions of the job with or without reasonable accommodations. Arens v. NEBCO, Inc., 291 Neb. 834, 870 N.W.2d 1 (2015).

Under former subsection (10) of this section, an employer’s doubts about an employee’s ability to perform the essential functions of a job may be created by an employee’s request for accommodations, frequent absences, or request for leave because of his or her medical condition. Such doubts can also be raised by the employer’s knowledge of an employee’s behavior that poses a direct threat to the employee or others. Arens v. NEBCO, Inc., 291 Neb. 834, 870 N.W.2d 1 (2015).

Under former subsection (10) of this section, to show a business necessity for requiring an employee to submit to a medical examination, an employer has the burden to show that (1) the business necessity is vital to the business; (2) it has a legitimate, nondiscriminatory reason to doubt the employee’s ability to perform the essential functions of his or her duties; and (3) the examination is no broader than necessary. There must be significant evidence that could cause a reasonable person to inquire as to whether an employee is still capable of performing his job. An employee’s behavior cannot be merely annoying or inefficient to justify an examination; rather, there must be genuine reason to doubt whether that employee can perform job-related functions. Arens v. NEBCO, Inc., 291 Neb. 834, 870 N.W.2d 1 (2015).

Under former subsection (10) of this section, whether an employer requires similarly situated employees to submit to a medical examination is relevant to whether the employer considers such examinations a business necessity. But any comparison between employees must be made with an eye to the ultimate inquiry, i.e., the necessity of the examination of the plaintiff employee. An employer’s disparate treatment of employees regarding medical examinations cannot override substantial evidence that the employer had good reason to doubt the employee’s ability to perform the essential functions of the job. Arens v. NEBCO, Inc., 291 Neb. 834, 870 N.W.2d 1 (2015).

(1) The occupancy of such position, or access to the premises in or upon which any part of the duties of such position is performed or is to be performed, is subject to any requirement imposed in the interest of the national security of the United States under any security program in effect pursuant to or administered under any statute of the United States or any Executive Order of the President; and

(2) Such individual has not fulfilled or has ceased to fulfill that requirement.

48-1111 Different standards of compensation, conditions, or privileges of employment; lawful employment practices; effect of pregnancy and related medical conditions.

(1) Except as otherwise provided in the Nebraska Fair Employment Practice Act, it shall not be an unlawful employment practice for an employer to apply different standards of compensation, or different terms, conditions, or privileges of employment pursuant to a bona fide seniority or merit system or a system which measures earnings by quantity or quality of production or to employees who work in different locations, if such differences are not the result of an intention to discriminate because of race, color, religion, sex, disability, marital status, or national origin, nor shall it be an unlawful employment practice for an employer to give and to act upon the results of any professionally developed ability test if such test, its administration, or action upon the results is not designed, intended, or used to discriminate because of race, color, religion, sex, disability, marital status, or national origin.

It shall not be an unlawful employment practice for a covered entity to deny privileges of employment to an individual with a disability when the qualification standards, tests, or selection criteria that screen out or tend to screen out or otherwise deny a job or benefit to an individual with a disability:

(a) Have been shown to be job-related and consistent with business necessity and such performance cannot be accomplished by reasonable accommodation, as required by the Nebraska Fair Employment Practice Act and the federal Americans with Disabilities Act of 1990; or
§ 48-1111 LABOR

(b) Include a requirement that an individual shall not pose a direct threat, involving a significant risk to the health or safety of other individuals in the workplace, that cannot be eliminated by reasonable accommodation.

It shall not be an unlawful employment practice to refuse employment based on a policy of not employing both husband and wife if such policy is equally applied to both sexes.

(2) Except as otherwise provided in the Nebraska Fair Employment Practice Act, women affected by pregnancy, childbirth, or related medical conditions shall be treated the same for all employment-related purposes, including receipt of employee benefits, as other persons not so affected but similar in their ability or inability to work, and nothing in this section shall be interpreted to provide otherwise.

This section shall not require an employer to provide employee benefits for abortion except when medical complications have arisen from an abortion.

Nothing in this section shall preclude an employer from providing employee benefits for abortion under fringe benefit programs or otherwise affect bargaining agreements in regard to abortion.

A regulated interstate carrier, subject to superior federal law, had a valid defense to state statutes regarding employment discrimination based upon disability. Ranger Division v. Bayne, 214 Neb. 251, 333 N.W.2d 891 (1983).

48-1112 Indians; preferential treatment.

Nothing in the Nebraska Fair Employment Practice Act shall apply to any business or enterprise on or near an Indian reservation with respect to any publicly announced employment practice of such business or enterprise under which a preferential treatment is given to any individual because he or she is an Indian living on or near a reservation.

48-1113 Preferential treatment; when not required.

Nothing in the Nebraska Fair Employment Practice Act shall be interpreted to require any employer, employment agency, labor organization, or joint labor-management committee subject to the act to grant preferential treatment to any individual or to any group because of the race, color, religion, sex, disability, marital status, or national origin of such individual or group on account of an imbalance which may exist with respect to the total number or percentage of persons of any race, color, religion, sex, disability, marital status, or national origin employed by any employer, referred or classified for employment by any employment agency or labor organization, admitted to membership or classified by any labor organization, or admitted to, or employed in, any apprenticeship or other training program, in comparison with the total number or percentage of persons of such race, color, religion, sex, disability, marital status, or national origin in any community, section, or other area, or in the available work force in any community, section, or other area.

48-1114 Opposition to unlawful practice; participation in investigation; communication regarding employee wages, benefits, or other compensation; discrimination prohibited.

(1) It shall be an unlawful employment practice for an employer to discriminate against any of his or her employees or applicants for employment, for an employment agency to discriminate against any individual, or for a labor organization to discriminate against any member thereof or applicant for membership, because he or she (a) has opposed any practice made an unlawful employment practice by the Nebraska Fair Employment Practice Act, (b) has made a charge, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing under the act, (c) has opposed any practice or refused to carry out any action unlawful under federal law or the laws of this state, or (d) has inquired about, discussed, or disclosed information regarding employee wages, benefits, or other compensation. This subdivision (d) shall not apply to instances in which an employee who has authorized access to the information regarding wages, benefits, or other compensation of other employees as a part of such employee’s job functions discloses such information to a person who does not otherwise have authorized access to such information, unless such disclosure is in response to a charge or complaint or in furtherance of an investigation, proceeding, hearing, or other action, including an investigation conducted by the employer.

(2) Nothing in this subsection or subdivision (1)(d) of this section shall be contrary to applicable state or federal law or:

(a) Create an obligation for any employer or employee to disclose information regarding employee wages, benefits, or other compensation;

(b) Permit an employee, without the written consent of the employer, to disclose proprietary information, trade secret information, or information that is otherwise subject to a legal privilege or protected by law. For purposes of this subdivision, proprietary information does not include information regarding employee wages, benefits, or other compensation;

(c) Permit an employee to disclose information regarding wages, benefits, or other compensation of other employees to a competitor of the employer;

(d) Apply to employers which are exempt from the Nebraska Fair Employment Practice Act under section 48-1102;

(e) Permit an employee to discuss information regarding employee wages, benefits, or other compensation during working hours, as defined in existing workplace policies, or in violation of specific contractual obligations; or

(f) Permit an employee to disseminate information regarding employee wages, benefits, or other compensation to the general public. For purposes of this subdivision, general public does not include public officials, judicial officers, legislators, trade associations, or other reasonable third parties for the employee’s mutual aid or protection.

(3) The changes made to this section by Laws 2019, LB217, shall not be construed so as to impair or affect the obligation of any lawful contract in existence prior to September 1, 2019.

§ 48-1114  LABOR

A plaintiff must establish a prima facie case of retaliation under this section by showing (1) he or she engaged in protected conduct, (2) he or she was subjected to an adverse employment action, and (3) there was a causal connection between the protected conduct and the adverse action. Knapp v. Ruser, 297 Neb. 639, 901 N.W.2d 81 (2017).

The unlawful practice, the opposition to which is protected by subsection (3) of this section, is that of the employer and not that of fellow employees. Wolfe v. Becton Dickinson & Co., 266 Neb. 53, 662 N.W.2d 589 (2003).

A violation of the provision of the Nebraska Fair Employment Practice Act prohibiting employers from discriminating against an employee who has opposed any practice or refused to carry out any action unlawful under federal or state law must include either the employee’s opposition to an unlawful practice of the employer or the employee’s refusal to honor an employer’s demand that the employee do an unlawful act. Bonn v. City of Omaha, 19 Neb. App. 874, 814 N.W.2d 114 (2012).

The evil addressed by provision of the Nebraska Fair Employment Practice Act prohibiting employers from discriminating against an employee who has opposed any practice or refused to carry out any action unlawful under federal law or the laws of the state is the exploitation of the employee’s power over the employee when used to coerce the employee to endorse, through participation or acquiescence, the unlawful acts of the employer. Bonn v. City of Omaha, 19 Neb. App. 874, 814 N.W.2d 114 (2012).

The Nebraska Fair Employment Practice Act makes it unlawful for an employer to discriminate against its employee on the basis of the employee’s opposition to an unlawful practice. Bonn v. City of Omaha, 19 Neb. App. 874, 814 N.W.2d 114 (2012).

The provision of the Nebraska Fair Employment Practice Act prohibiting employers from discriminating against an employee who has opposed any practice or refused to carry out any action unlawful under federal or state law and reasonable policy dictate that an employee’s opposition to any unlawful act of the employer, whether or not the employer pressures the employee to actively join in the illegal activity, is protected under the act. Bonn v. City of Omaha, 19 Neb. App. 874, 814 N.W.2d 114 (2012).

The public safety auditor for the city did not oppose an unlawful employment practice or refuse to honor the city’s demand that she do an unlawful act by publishing her report critical of the police department’s practices regarding traffic stops of minorities, as required to support her retaliation claim under the Nebraska Fair Employment Practice Act against the city following her termination; the auditor’s claim was based on her contention that she was fired for opposing unlawful practices of the city, but the unlawful practices that the auditor opposed were the alleged discriminatory tactics by some police officers against minority members of the public, rather than unlawful practices of the city. Bonn v. City of Omaha, 19 Neb. App. 874, 814 N.W.2d 114 (2012).

The term “practice,” as used in the Nebraska Fair Employment Practice Act provision making it unlawful for an employer to discriminate against an employee because he has opposed any practice unlawful under federal or state law, refers to an unlawful practice of the employer, not unlawful or prohibited actions of coemployees. Bonn v. City of Omaha, 19 Neb. App. 874, 814 N.W.2d 114 (2012).

An individual who has opposed discriminatory employment practices is protected by this section of the Nebraska Fair Employment Practice Act, making it unlawful for an employer to discriminate against an employee because he or she has opposed any practice unlawful under federal law or the laws of Nebraska. Hellevang v. Union Pacific RR Co., 13 Neb. App. 818, 703 N.W.2d 134 (2005).

48-1115 Notice of employment; preference or discrimination; race, color, religion, sex, disability, marital status, national origin; unlawful; exception.

It shall be an unlawful employment practice for an employer, labor organization, or employment agency to print or publish or cause to be printed or published any notice or advertisement relating to employment by such an employer or membership in or any classification or referral for employment by such a labor organization, or relating to any classification or referral for employment by such an employment agency, indicating any preference, limitation, specification, or discrimination based on race, color, religion, sex, disability, marital status, or national origin, except that such a notice or advertisement may indicate a preference, limitation, specification or discrimination based on religion, sex, disability, marital status, or national origin when religion, sex, disability, marital status, or national origin is a bona fide occupational qualification for employment.

48-1116 Equal Opportunity Commission; members; appointment; term; quorum; compensation; executive director; representation.

There is hereby established an Equal Opportunity Commission to consist of seven members to be appointed by the Governor. Terms of members shall be three years. As the terms of the members expire, the Governor shall appoint or reappoint the members of the commission for terms of three years to succeed the members whose terms expire. The commission shall elect one member to serve as chairperson of the commission.
Four members of the commission shall constitute a quorum for the purpose of conducting the business thereof. Any action of the commission shall require at least four votes. A vacancy in the commission shall not impair the right of the remaining members to exercise all the powers of the commission.

Members of the commission shall receive fifty dollars per day for their services and shall be reimbursed for expenses incurred in the performance of their duties as provided in sections 81-1174 to 81-1177. Reimbursement shall be for not more than two regular meetings per month and not more than three training sessions for any one fiscal year. Any member of the commission may be removed by the Governor for inefficiency, neglect of duty, misconduct, or malfeasance in office after being given a written statement of the charges and an opportunity to be heard thereon.

The commission shall establish and maintain its principal office in the city of Lincoln and such other offices within the state as it may deem necessary. The commission may meet and function at any place within the state. The commission shall appoint an executive director who shall be directly responsible to the commission. The executive director may appoint such assistants, clerks, agents, and other employees as such executive director may deem necessary, fix their compensation within the limitations provided by law, and prescribe duties of such employees. The executive director may appoint additional staff as the commission deems necessary.

The Attorney General shall represent and appear for the commission in all actions and proceedings involving any question under the Nebraska Fair Employment Practice Act, the Nebraska Fair Housing Act, or section 20-123, 20-124, or 20-132 and shall aid in any investigation or hearing had under either act or any of such sections. The commission shall have an official seal which shall be judicially noticed.

§ 48-1117 LABOR

(4) To attempt to eliminate unfair employment practices by means of conference, mediation, conciliation, arbitration, and persuasion;

(5) To require that every employer, employment agency, and labor organization subject to the act shall (a) make and keep such records relevant to the determinations of whether unlawful employment practices have been or are being committed, (b) preserve such records for such periods, and (c) make such reports therefrom, as the commission shall prescribe by regulation or order, after public hearing, as reasonable, necessary, or appropriate for the enforcement of the act or the regulations or orders thereunder. The commission shall, by regulation, require each employer, labor organization, and joint labor-management committee subject to the act which controls an apprenticeship or other training program to maintain such records as are reasonably necessary to carry out the purposes of the act, including, but not limited to, a list of applicants who wish to participate in such program, including the chronological order in which such applications were received, and to furnish to the commission, upon request, a detailed description of the manner in which persons are selected to participate in the apprenticeship or other training program. Any employer, employment agency, labor organization, or joint labor-management committee which believes that the application to it of any regulation or order issued under this section would result in undue hardship may either apply to the commission for an exemption from the application of such regulation or order or bring a civil action in the district court for the district where such records are kept. If the commission or the court, as the case may be, finds that the application of the regulation or order to the employer, employment agency, or labor organization in question would impose an undue hardship, the commission or the court, as the case may be, may grant appropriate relief;

(6) To report, not less than once every two years, to the Clerk of the Legislature and the Governor, on the hearings it has conducted and the decisions it has rendered, the other work performed by it to carry out the purposes of the act, and to make recommendations for such further legislation concerning abuses and discrimination because of race, color, religion, sex, disability, marital status, or national origin, as may be desirable. The report shall also include the number of complaints filed under the act alleging a violation of subdivision (2) of section 48-1107.01 and the resolution of such complaints. The report submitted to the Clerk of the Legislature shall be submitted electronically. Each member of the Legislature shall receive an electronic copy of the report required by this subdivision by making a request for it to the chairperson of the commission; and

(7) To adopt and promulgate rules and regulations necessary to carry out the duties prescribed in the act.

48-1118 Unlawful practice; charge; time for filing; prescreening procedure and determination; investigation; confidential informal actions; procedure; violation; penalty; interrogatories.

Reissue 2021 768
(1) Whenever it is charged in writing under oath or affirmation by or on behalf of a person or persons claiming to be aggrieved and such charge sets forth the facts upon which it is based that an employer, employment agency, or labor organization has engaged in an unlawful employment practice, the commission staff shall furnish such employer, employment agency, or labor organization with a copy of such charge within ten days, including a statement of the date, place, and circumstances of the alleged unlawful employment practice. Prior to initiating any investigation, the commission staff shall screen a charge pursuant to an established, clearly defined prescreening procedure to determine subject matter jurisdiction to handle such charge. Any charge without sufficient subject matter jurisdiction shall not be investigated and notice of such prescreening determination shall be promptly conveyed by the executive director to the person claiming to be aggrieved. When a charge is determined to be within the subject matter jurisdiction of the commission, the commission staff shall make an investigation of such charge, but such charge shall not be made public by the commission. If the executive director determines after such investigation that there is not reasonable cause to believe that the charge is true, the executive director shall dismiss the charge and promptly notify the person claiming to be aggrieved and the respondent of his or her action. If the executive director determines after such investigation that there is reasonable cause to believe that the charge is true, the commission shall endeavor to eliminate any such alleged unlawful employment practice and settle any claim by informal methods of conference, conciliation, persuasion, mediation, or arbitration. The settlement efforts shall be scheduled and completed within thirty days of the probable cause finding. Nothing said or done during and as a part of such endeavors may be made public by the commission without the written consent of the parties or used as evidence in a subsequent proceeding. Any officer or employee of the commission who makes public in any manner whatever any information in violation of this subsection shall be guilty of a Class III misdemeanor except as provided in subdivision (3) of section 48-1117.

(2) A written charge of violation of the Nebraska Fair Employment Practice Act shall be filed within three hundred days after the occurrence of the alleged unlawful employment practice and notice of the charge, including a statement of the date, place, and circumstances of the alleged unlawful employment practice, shall be served upon the person against whom such charge is made within ten days thereafter.

(3) A respondent shall be required to file with the commission a written response to the written charge of violation within thirty days after service upon the respondent. Failure to file a written response within thirty days, except for good cause shown, shall result in a mandatory reasonable cause finding against the respondent by the executive director. Failure by any complainant to cooperate with the commission, its investigators, or staff, except for good cause shown, shall result in dismissal of the complaint by the executive director.

(4) In connection with any investigation of a charge filed under this section, the commission or its authorized agents may, at any time after a charge is filed, issue or cause to be served interrogatories and shall have at all reasonable times access to, for the purposes of examination, and the right to copy any evidence or records of any person being investigated or proceeded against that relate to unlawful employment practices covered by the act and are relevant to the charge under investigation. The commission may seek preparation of and
§ 48-1118  LABOR

judicial enforcement of any legal process or interrogatories through the office of the Attorney General.

The 300-day statute of limitations began to run on the date that the employer notified the employee that she had been placed on furlough and that her employment would terminate months later if she did not obtain another position with the employer before that later date. Brown v. Regional West Med. Ctr., 300 Neb. 937, 916 N.W.2d 590 (2018).

Generally, when a private individual brings a discrimination action against an employer covered by the Nebraska Fair Employment Practice Act, the Nebraska Equal Opportunity Commission is not a proper party to any subsequent appeal. Zalkins Peerless Co. v. Nebraska Equal Opp. Comm., 217 Neb. 289, 348 N.W.2d 846 (1984).

One hundred eighty day statute of limitations under Fair Employment Practices Act may not be applied in federal civil rights action. Chambers v. Omaha Public School Dist., 536 F.2d 222 (8th Cir. 1976).

48-1119 Unlawful practice; complaint; notice; hearing; witnesses; evidence; findings; civil action authorized; order.

(1) In case of failure to eliminate any unlawful employment practice by informal methods of conference, conciliation, persuasion, mediation, or arbitration, the commission may order a public hearing. If such hearing is ordered, the commission shall cause to be issued and served a written notice, together with a copy of the complaint, requiring the person, employer, labor organization, or employment agency named in the complaint, hereinafter referred to as respondent, to answer such charges at a hearing before the commission at a time and place which shall be specified in such notice. Such hearing shall be within the county where the alleged unlawful employment practice occurred. The complainant shall be a party to the proceeding, and in the discretion of the commission any other person whose testimony has a bearing on the matter may be allowed to intervene therein. Both the complainant and the respondent, in addition to the commission, may introduce witnesses at the hearing. The respondent may file a verified answer to the allegations of the complaint and may appear at such hearing in person and with or without counsel. Testimony or other evidence may be introduced by either party. All evidence shall be under oath and a record thereof shall be made and preserved. Such proceedings shall, so far as practicable, be conducted in accordance with the rules of evidence applicable in the district courts of the State of Nebraska, and shall be of public record.

(2) No person shall be excused from testifying or from producing any book, document, paper, or account in any investigation, or inquiry by, or hearing before the commission when ordered to do so, upon the ground that the testimony or evidence, book, document, paper, or account required of such person may tend to incriminate such person in or subject such person to penalty or forfeiture; but no person shall be prosecuted, punished, or subjected to any forfeiture or penalty for or on account of any act, transaction, matter, or thing concerning which such person shall have been compelled under oath to testify or produce documentary evidence, except that no person so testifying shall be exempt from prosecution or punishment for any perjury committed by such person in his or her testimony. Such immunity shall extend only to a natural person who, in obedience to a subpoena, gives testimony under oath or produces evidence, documentary or otherwise, under oath. Nothing in this subsection shall be construed as precluding any person from claiming any right or privilege available to such person under the fifth amendment to the Constitution of the United States.

Reissue 2021 770
(3) After the conclusion of the hearing, the commission shall, within ten days of the receipt of the transcript or the receipt of the recommendations from the hearing officer, make and file its findings of fact and conclusions of law and make and enter an appropriate order. The hearing officer need not refer to the page and line numbers of the transcript when making his or her recommendation to the commission. Such findings of fact and conclusions of law shall be in sufficient detail to enable a court on appeal to determine the controverted questions presented by the proceedings and whether proper weight was given to the evidence. If the commission determines that the respondent has intentionally engaged in or is intentionally engaging in any unlawful employment practice, it shall issue and cause to be served on such respondent an order requiring such respondent to cease and desist from such unlawful employment practice and order such other affirmative action as may be appropriate which may include, but shall not be limited to, reinstatement or hiring of employees, with or without backpay. Backpay liability shall not accrue from a date more than two years prior to the filing of the charge with the commission. Interim earnings or amounts earnable with reasonable diligence by the person or persons discriminated against shall operate to reduce the backpay otherwise allowable.

(4) A complainant who has suffered physical, emotional, or financial harm as a result of a violation of section 48-1104 or 48-1114 may, at any stage of the proceedings prior to dismissal, file an action directly in the district court of the county where such alleged violation occurred. If the complainant files a district court action on the charge, the complainant shall provide written notice of such filing to the commission, and such notification shall immediately terminate all proceedings before the commission. The district court shall file and try such case as any other civil action, and any successful complainant shall be entitled to appropriate relief, including temporary or permanent injunctive relief, general and special damages, reasonable attorney’s fees, and costs.

(5) No order of the commission shall require the admission or reinstatement of an individual as a member of a labor organization or the hiring, reinstatement, or promotion of an individual as an employee, or the payment to him or her of any backpay, if such individual was refused admission, suspended, or expelled, or was refused employment or advancement or was suspended or discharged for any reason other than discrimination on account of race, color, religion, sex, disability, marital status, or national origin or in violation of section 48-1114. If the commission finds that a respondent has not engaged in any unfair employment practice, it shall within thirty days state its findings of fact and conclusions of law. A copy of any order shall be served upon the person against whom it runs or his or her attorney and notice thereof shall be given to the other parties to the proceedings or their attorneys. Such order shall take effect twenty days after service thereof unless otherwise provided and shall continue in force either for a period which may be designated therein or until changed or revoked by the commission.

(6) Except as provided in subsection (4) of this section, until a transcript of the record of the proceedings is filed in the district court as provided in section 48-1120, the commission may, at any time upon reasonable notice and in such a manner it shall deem proper, modify or set aside, in whole or in part, any finding or order made by it.

§ 48-1119  LABOR

Under subsection (3) of this section, in order to show a prima facie case of discrimination, the plaintiff must show that the discrimination was intentional. Lincoln County Sheriff’s Office v. Horne, 228 Neb. 473, 423 N.W.2d 412 (1988).

Backpay awards under the Nebraska Fair Employment Practice Act must be reduced by earnings or amounts earnable with reasonable diligence by the person or persons discriminated against. Once an unlawfully discharged employee produces evidence in support of his claim for backpay, contending that he was unable to find comparable work, the employer has the burden of showing that the discharged employee did not exercise reasonable diligence in mitigating his damages. Airport Inn v. Nebraska Equal Opp. Comm., 217 Neb. 852, 353 N.W.2d 727 (1984).

48-1120 Appeal; procedure; attorney’s fees; failure to appeal; effect.

(1) Any party to a proceeding before the commission aggrieved by such decision and order and directly affected thereby may appeal the decision and order, and the appeal shall be in accordance with the Administrative Procedure Act.

(2) In any action or proceeding under the Nebraska Fair Employment Practice Act wherein an appeal is lodged in the district court, the court, in its discretion, may allow the prevailing party reasonable attorney’s fees as part of the costs.

(3) If a respondent does not appeal an order, the commission may obtain a decree of the court for the enforcement of such order upon showing that respondent is subject to the commission’s jurisdiction and resides or transacts business within the county in which the petition for enforcement is brought.

1. Standard of review
2. Attorney’s fees
3. Miscellaneous

1. Standard of review

On appeal to the district court from an order of the Nebraska Equal Opportunity Commission, the review is by trial de novo upon the record. On further appeal to the Supreme Court, the district court’s findings will not be disturbed if they are supported by substantial evidence. Hinzman v. Richman Gordman, 219 Neb. 875, 367 N.W.2d 131 (1985).

On appeal of review by the district court of an order of the Nebraska Equal Opportunity Commission, the Supreme Court will not disturb the district court’s findings if they are supported by substantial evidence. Zalkins Peerless Co. v. Nebraska Equal Opp. Comm., 217 Neb. 289, 348 N.W.2d 846 (1984).

The standard of review to be applied in review by the district court and the Supreme Court of an order entered by the Nebraska Equal Opportunity Commission is whether the findings of the commission in support of such order are unreasonable or arbitrary or not supported by a preponderance of the evidence. The court shall affirm if the finding is supported by substantial evidence on the record. Nebraska P.P. Dist. v. Lacy, 215 Neb. 462, 339 N.W.2d 286 (1983).

On appeal to district court from an order of the Equal Opportunity Commission, review is de novo upon the record to determine whether the order was based upon substantial evidence. Farmer v. Richman Gordman Stores, Inc., 203 Neb. 222, 278 N.W.2d 332 (1979).

Upon an appeal to the district court from an order of the Equal Opportunity Commission, the district court review is de novo upon the record. Snygg v. City of Scottsbluff Police Dept., 201 Neb. 16, 266 N.W.2d 76 (1978).

2. Attorney’s fees

The plain meaning of subsection (6) of this section is to permit an award of attorney’s fees only where they were necessarily incurred in determining an issue over which the district court had jurisdiction. Nebraska Dept. of Correctional Servs. v. Carroll, 222 Neb. 307, 383 N.W.2d 740 (1986).
While awarding of attorney fees under this section is discretionary with the district court, absent special circumstances, the failure to award such fees is an abuse of discretion. Williams v. Goodyear Tire & Rubber Co., 219 Neb. 748, 366 N.W.2d 132 (1985).

Unless there are special circumstances a prevailing plaintiff, under the Nebraska Fair Employment Practice Act, should be awarded a reasonable attorney fee for all stages of the proceedings. In any action or proceeding under the Nebraska Fair Employment Practice Act, the district court, in its discretion, may allow the prevailing party a reasonable attorney fee. Airport Inn v. Nebraska Equal Opp. Comm., 217 Neb. 852, 353 N.W.2d 727 (1984).

3. Miscellaneous

This section requires the filing of a petition and a certified copy of the transcript of proceedings before the Nebraska Equal Opportunity Commission within 30 days from the date of the NEOC’s final order in order to confer jurisdiction on the district court. Transcon Lines, Inc., v. O’Neal, 230 Neb. 31, 429 N.W.2d 718 (1988).

There has been no entry of the order of the Nebraska Equal Opportunity Commission until the date that written evidence of that order has been prepared, authoritatively signed, and placed of record in the public files of such commission. Lincoln Co. Sheriff’s Office v. Horne, 221 Neb. 867, 381 N.W.2d 159 (1986).

Substantial compliance with this section will be adequate to meet the requirements thereof. Held facts of this case constituted substantial compliance. Ranger Division v. Bayne, 214 Neb. 251, 333 N.W.2d 891 (1983).

Since award of back pay by commission would be equivalent to similar award in federal court and appeal is provided for, state administrative remedy is adequate. Gilliam v. City of Omaha, 331 F.Supp. 4 (D. Neb. 1971).

48-1120.01 Action in district court; deadline; notice by commission.

The deadline for filing an action directly in the district court is ninety days after the complainant receives notice of the last action the commission will take on the complaint or charge. When entering the last action on the complaint or charge, the commission shall issue written notice of such ninety-day deadline to the complainant by certified mail, return receipt requested. The last action on the complaint or charge includes the issuance of the final order after hearing, the determination of reasonable cause or no reasonable cause, and any other administrative action which ends the commission’s involvement with the complaint or charge.

48-1121 Posting excerpts of law.

Every employer, employment agency, and labor organization subject to the Nebraska Fair Employment Practice Act shall post in a conspicuous place or places on his, her, or its premises a notice to be prepared or approved by the commission which shall set forth excerpts of the act and such other relevant information which the commission deems necessary to explain the act.

48-1122 Contracts with state and political subdivisions; requirements.

Every contract to which the state or any of its political subdivisions is a party shall contain a provision requiring the contractor and his subcontractors not to discriminate against any employee or applicant for employment, to be employed in the performance of such contract, with respect to his hire, tenure, terms, conditions, or privileges of employment, because of his race, color, religion, sex, disability, or national origin.

48-1123 Violations; penalty.

Any person, employer, labor organization, or employment agency who or which willfully resists, prevents, impedes, or interferes with the commission or any of its members or representatives in the performance of duty under the Nebraska Fair Employment Practice Act or willfully violates an order of the
§ 48-1123  
LABOR

commission shall be guilty of a Class III misdemeanor. Procedure for the review of the order shall not be deemed to be such willful conduct.

48-1124 Construction of act.

Nothing contained in the Nebraska Fair Employment Practice Act shall be deemed to repeal any of the provisions of the civil rights law, any other law of this state, or any municipal ordinance relating to discrimination because of race, creed, color, religion, sex, disability, or national origin.

48-1125 Act, how cited.

Sections 48-1101 to 48-1125 shall be known and may be cited as the Nebraska Fair Employment Practice Act.

48-1126 State and governmental agencies; suits against.

The state and governmental agencies created by the state may be sued upon claims arising under the Nebraska Fair Employment Practice Act in the same manner as provided by such law for suits against other employers.

wage rate for an additional ninety-day period while the new employee is
participating in on-the-job training which (1) requires technical, personal, or
other skills which are necessary for his or her employment and (2) is approved

An employer shall not pay the training wage rate if the hours of any other
employee are reduced or if any other employee is laid off and the hours or
position to be filled by the new employee is substantially similar to the hours or
position of such other employee. An employer shall not dismiss or reduce the
hours of any employee with the intention of replacing such employee or his or
her hours with a new employee receiving the training wage rate.

48-1209 is employed.

The court in which any action is brought under this subsection shall, in addition to any judgment awarded to the plaintiff or plaintiffs, allow costs of the action and reasonable attorney's fees to be paid by the defendant. In any proceedings brought pursuant to this subsection, the employee shall not be required to pay any filing fee or other court costs necessarily incurred in such proceedings.

48-1207 Bargaining collectively; sections not applicable.

The city council may, by ordinance, at any time, change, fix or revise the salaries of the officers or members of the police and fire departments of such cities, but in no instance shall the minimum salary of any officer or member be less than three hundred fifty dollars per month.

(b) SEX DISCRIMINATION

48-1219 Discriminatory wage practices based on sex; policy.

(1) The practice of discriminating on the basis of sex by paying wages to employees of one sex at a lesser rate than the rate paid to employees of the opposite sex for comparable work on jobs which have comparable requirements:

(a) Unjustly discriminates against the person receiving the lesser rate;
(b) Leads to low worker morale, high turnover, and frequent labor unrest;
(c) Discourages workers paid at the lesser wage rates from training for higher level jobs;
(d) Curtails employment opportunities, decreases workers' mobility, and increases labor costs;
(e) Impairs purchasing power and threatens the maintenance of an adequate standard of living by such workers and their families;
(f) Prevents optimum utilization of the state’s available labor resources; and
(g) Threatens the well-being of citizens of this state, and adversely affects the general welfare.

(2) It is therefore declared to be the policy of this state through exercise of its police power to correct and, as rapidly as possible, to eliminate discriminatory wage practices based on sex.

48-1220 Terms, defined.

As used in sections 48-1219 to 48-1227.01, unless the context otherwise requires:

(1) Employee shall mean any individual employed by an employer, including individuals employed by the state or any of its political subdivisions including public bodies;

(2) Employer shall mean any person engaged in an industry who has two or more employees for each working day in each of twenty or more calendar weeks in the current or preceding calendar year, any agent of such person, and any party whose business is financed in whole or in part under the Nebraska Investment Finance Authority Act, and includes the State of Nebraska, its governmental agencies, and political subdivisions, regardless of the number of employees, but such term shall not include the United States, a corporation wholly owned by the government of the United States, or an Indian tribe;

(3) Wage rate shall mean all compensation for employment including payment in kind and amounts paid by employers for employee benefits as defined by the commission in regulations issued under sections 48-1219 to 48-1227;

(4) Employ shall include to suffer or permit to work;

(5) Commission shall mean the Equal Opportunity Commission; and

(6) Person shall include one or more individuals, partnerships, limited liability companies, corporations, legal representatives, trustees, trustees in bankruptcy, or voluntary associations.

48-1221 Prohibited acts.

(1) No employer shall discriminate between employees in the same establishment on the basis of sex, by paying wages to any employee in such establishment at a wage rate less than the rate at which the employer pays any employee of the opposite sex in such establishment for equal work on jobs which require equal skill, effort and responsibility under similar working conditions. Wage differentials are not within this prohibition where such payments are made pursuant to: (a) An established seniority system; (b) a merit increase system; or (c) a system which measures earning by quantity or quality of production or any factor other than sex.

(2) An employer who is paying a wage differential in violation of the provisions of sections 48-1219 to 48-1227 shall not, in order to comply with it, reduce the wage rates of any employee.

(3) No person shall cause or attempt to cause an employer to discriminate against any employee in violation of the provisions of sections 48-1219 to 48-1227.

(4) No employer may discharge or discriminate against any employee by reason of any action taken by such employee to invoke or assist in any manner the enforcement of the provisions of sections 48-1219 to 48-1227.

When bringing a claim of wage discrimination based on sex under subsection (1) of this section, a plaintiff must first establish a prima facie case by showing by a preponderance of the evidence that (1) the plaintiff was paid less than a person of the opposite sex employed in the same establishment; (2) for equal work on jobs requiring equal skill, effort, and responsibility; (3) which were performed under similar working conditions. If a plaintiff establishes a prima facie case of wage discrimination based on sex, the burden then shifts to the defendant to prove one of the affirmative defenses set forth in subsection (1) of this section. Knapp v. Ruser, 297 Neb. 639, 901 N.W.2d 31 (2017).

48-1222 Equal Opportunity Commission; powers.

(1) The commission shall have the power and the duty to carry out the provisions of sections 48-1219 to 48-1227.

(2) For this purpose, the commission shall have the power to enter the place of employment of any employer to inspect and copy payrolls and other employment records, to compare character of work and operations on which persons employed by him are engaged, to question such person, and to obtain such other information as is reasonably necessary to the administration and enforcement of the provisions of sections 48-1219 to 48-1227.

(3) The commission shall have power to examine witnesses under oath, and to require by subpoena the attendance and testimony of witnesses and the production of any documentary evidence relating to the subject matter of any investigation undertaken pursuant to this section. Witnesses summoned by the commission shall be paid the same fees as are allowed witnesses attending the district court. In the event of the failure of a person to attend, testify or produce documents under or in response to a subpoena, the district court for the county in which the appearance is requested on application of the commission may issue an order requiring such person to appear before the commission, or to produce documentary evidence, and any failure to obey such order of the court may be punished by the court as a contempt thereof.

(4) The commission is authorized to endeavor to eliminate pay practices unlawful under the provisions of sections 48-1219 to 48-1227, by informal methods of conference, conciliation and persuasion, and to supervise the payment of wages owing to any employee under the provisions of sections 48-1219 to 48-1227.

(5) The commission shall have power to issue such regulations, not inconsistent with the purpose of sections 48-1219 to 48-1227, as it deems necessary or appropriate to carry out its provisions.

48-1223 Violation of sections; damages; attorney's fees; agreements, effect; action; order of court.

(1) Any employer who violates the provisions of section 48-1221 shall be liable to the employee or employees affected in the amount of their unpaid wages, and, in instances of willful violation, in employee suits under subsection (2) of this section up to an additional equal amount as liquidated damages.

(2) Action to recover such liability may be maintained in any court of competent jurisdiction by any one or more employees for and in behalf of himself or themselves and other employees similarly situated. The court in such action shall, in cases of violation in addition to any judgment awarded to the plaintiff or plaintiffs, allow a reasonable attorney's fee to be paid by the defendant, and costs of the action.
§ 48-1223  LABOR

(3) No agreement by any such employee to work for less than the wage to which such employee is entitled under the provisions of sections 48-1219 to 48-1227 shall be a bar to any such action or to a voluntary wage restitution of the full amount due under the provisions of sections 48-1219 to 48-1227.

(4) At the written request of any employee claiming to have been paid less than the wage to which he may be entitled under the provisions of sections 48-1219 to 48-1227, the commission may bring any legal action necessary on behalf of the employee to collect such claim for unpaid wages. The commission shall not be required to pay the filing fee, or other costs, in connection with such action. The commission shall have power to join various claims against the employer in one cause of action.

(5) In proceedings under the provisions of this section, the court may order other affirmative action as appropriate, including reinstatement of employees discharged in violation of the provisions of sections 48-1219 to 48-1227.

(6) The commission shall have power to petition any court of competent jurisdiction to restrain violations of section 48-1221 and for such affirmative relief as the court may deem appropriate, including restoration of unpaid wages and reinstatement of employees, consistent with the purpose of sections 48-1219 to 48-1227.

48-1224 Limitation of action.

Court action under the provisions of sections 48-1219 to 48-1227 may be commenced no later than four years after the cause of action accrues.

48-1225 Records; employer keep and maintain; contents.

Every employer subject to the provisions of sections 48-1219 to 48-1227 shall make, keep, and maintain such records of the wages and wage rates, job classifications, and other terms and conditions of employment of the persons employed by him, and shall preserve such records for such periods of time, and shall make such reports therefrom as the commission shall prescribe.

48-1226 Copy or abstract of sections; post; furnish employers.

Every person subject to the provisions of sections 48-1219 to 48-1227 shall keep an abstract or copy of sections 48-1219 to 48-1227 posted in a conspicuous place in or about the premises wherein any employee is employed. Employers shall be furnished copies of abstracts of sections 48-1219 to 48-1227 by the state on request without charge.

48-1227 Violations; penalty.

(1) Any person who violates any provision of sections 48-1219 to 48-1227, or who discharges or in any other manner discriminates against any employee because such employee has made any complaint to his employer, the commission, or any other person, or has instituted, or caused to be instituted any proceeding under or related to sections 48-1219 to 48-1227, or has testified or
is about to testify in any such proceeding, shall be guilty of a Class III misdemeanor.

(2) Any employer who violates the provisions of sections 48-1219 to 48-1227 by failing to keep the records required hereunder, or to furnish such records to the commission upon request, or who falsifies such records, or who hinders, delays, or otherwise interferes with the commission in the performance of its duties in the enforcement of the provisions of sections 48-1219 to 48-1227, or refuses official entry into any place of employment which it is authorized by the provisions of sections 48-1219 to 48-1227 to inspect, shall be guilty of a Class V misdemeanor.

The Nebraska Wage Payment and Collection Act does not prohibit employers from discharging employees, and it does not provide employees with any substantive rights. Coffey v. Planet Group, 287 Neb. 834, 845 N.W.2d 255 (2014).

The Nebraska Wage Payment and Collection Act applies only to actions to recover wages due an employee for labor or services performed for an employer. Heimbouch v. Victorio Ins. Serv., Inc., 220 Neb. 279, 369 N.W.2d 620 (1985).

#### 48-1229 Terms, defined.

For purposes of the Nebraska Wage Payment and Collection Act, unless the context otherwise requires:

(1) Employee means any individual permitted to work by an employer pursuant to an employment relationship or who has contracted to sell the goods or services of an employer and to be compensated by commission. Services performed by an individual for an employer shall be deemed to be employment, unless it is shown that (a) such individual has been and will continue to be free from control or direction over the performance of such services, both under his or her contract of service and in fact, (b) such service is either outside the usual course of business for which such service is performed or such service is performed outside of all the places of business of the enterprise for which such service is performed, and (c) such individual is customarily engaged in an independently established trade, occupation, profession, or business. This sub-
division is not intended to be a codification of the common law and shall be considered complete as written;

(2) Employer means the state or any individual, partnership, limited liability company, association, joint-stock company, trust, corporation, political subdivision, or personal representative of the estate of a deceased individual, or the receiver, trustee, or successor thereof, within or without the state, employing any person within the state as an employee;

(3) Federally insured financial institution means a state or nationally chartered bank or a state or federally chartered savings and loan association, savings bank, or credit union whose deposits are insured by an agency of the United States Government;

(4) Fringe benefits includes sick and vacation leave plans, disability income protection plans, retirement, pension, or profit-sharing plans, health and accident benefit plans, and any other employee benefit plans or benefit programs regardless of whether the employee participates in such plans or programs;

(5) Payroll debit card means a stored-value card issued by or on behalf of a federally insured financial institution that provides an employee with immediate access for withdrawal or transfer of his or her wages through a network of automatic teller machines. Payroll debit card includes payroll debit cards, payroll cards, and paycards; and

(6) Wages means compensation for labor or services rendered by an employee, including fringe benefits, when previously agreed to and conditions stipulated have been met by the employee, whether the amount is determined on a time, task, fee, commission, or other basis. Paid leave, other than earned but unused vacation leave, provided as a fringe benefit by the employer shall not be included in the wages due and payable at the time of separation, unless the employer and the employee or the employer and the collective-bargaining representative have specifically agreed otherwise. Unless the employer and employee have specifically agreed otherwise through a contract effective at the commencement of employment or at least ninety days prior to separation, whichever is later, wages includes commissions on all orders delivered and all orders on file with the employer at the time of separation of employment less any orders returned or canceled at the time suit is filed.

1. Vacation and sick leave
2. Consideration as wages
3. Miscellaneous

1. Vacation and sick leave

Former employees were not entitled to paid time off compensation under the Nebraska Wage Payment and Collection Act where they did not meet the written employment agreement’s stated conditions to earn paid time off. Drought v. Marsh, 304 Neb. 860, 937 N.W.2d 229 (2020).

Under the 2007 amendments to this section, unused “paid time off” hours constitute unused vacation leave when the only stipulated condition for earning the hours is the rendering of services and an employee has an absolute right to take this time off for any purpose that he or she wishes. In that circumstance, an employee’s unused paid time off hours are wages that an employer must pay upon separation of employment. Fisher v. PayFlex Systems USA, 285 Neb. 808, 829 N.W.2d 703 (2013).

The Nebraska Wage Payment and Collection Act does not prohibit an employer from providing a sick leave benefit which may be used only in the event of illness or injury and which has no monetary value upon termination of employment if it is not so used. Loves v. World Ins. Co., 277 Neb. 359, 773 N.W.2d 348 (2009).

The Nebraska Wage Payment and Collection Act does not prohibit an employer from providing a sick leave benefit which may be used only in the event of illness or injury and which has no monetary value upon termination of employment if it is not so used. Loves v. World Ins. Co., 276 Neb. 936, 758 N.W.2d 640 (2008).

Under the plain language of subsection (4) of this section, unused sick leave is not a part of wages payable to a separating

Accrued vacation time, which is part of an employment agreement, is due and payable as wages upon termination of employment. Roseland v. Strategic Staff Mgmt., 272 Neb. 434, 722 N.W.2d 499 (2006).

2. Consideration as wages

An appellate court will consider a payment a wage subject to the Nebraska Wage Payment and Collection Act if (1) it is compensation for labor or services, (2) it was previously agreed to, and (3) all the conditions stipulated have been met. Timberlake v. Douglas County, 291 Neb. 387, 865 N.W.2d 786 (2015).

The list of fringe benefits under the former subsection (3) of this section is not exclusive. Under the former subsection (4), "injured on duty" agreed-upon benefits for employees who are injured while performing a high-risk duty are wages that an employee can earn just by rendering the specified services. Timberlake v. Douglas County, 291 Neb. 387, 865 N.W.2d 786 (2015).

A payment will be considered a wage subject to the Nebraska Wage Payment and Collection Act if (1) it is compensation for labor or services, (2) it was previously agreed to, and (3) all the conditions stipulated have been met. Eikmeier v. City of Omaha, 280 Neb. 173, 783 N.W.2d 795 (2010).

Payments pursuant to a severance agreement that were not earned and did not accrue through continued employment are not compensation for labor or services rendered, and therefore, the employee is not entitled to attorney fees. Eikmeier v. City of Omaha, 280 Neb. 173, 783 N.W.2d 795 (2010).

Pursuant to subsection (3) of this section, deferred compensation constitutes wages under the Nebraska Wage Payment and Collection Act. Sindelar v. Canada Transp., Inc., 246 Neb. 559, 520 N.W.2d 203 (1994).

Where an employment contract provides for the sharing of possible financial losses, sums collected under such a provision are not "benefits" which could be considered "wages" under subsection (3) of this section. Brown v. Clayton Brokerage Co., 238 Neb. 646, 472 N.W.2d 381 (1991).

Where an employment agreement provides for sharing of possible financial losses, sums collected under such a provision are not "benefits" which could be considered "wages" under subsection (3) of this section. Waite v. A. S. Battiato Co., 238 Neb. 151, 469 N.W.2d 766 (1991).

An employee’s share of the profits of his employer under a profit-sharing plan can be wages within the meaning of subsection (3) of this section. Suess v. Lee Sapp Leasing, 229 Neb. 755, 428 N.W.2d 899 (1988).

Subdivision (4) of this section provides that the term “wages” includes orders on file with the employer at the time of termination of employment. Thus, an employment agreement policy which clearly conflicts with such definition of wages, even though said policy is common within the industry, is void because it is prohibited by the Nebraska Wage Payment and Collection Act. Sanford v. Clear Channel Broadcasting, 14 Neb. App. 908, 719 N.W.2d 312 (2006).

Overtime wages can be claimed under the Nebraska Wage Payment and Collection Act only if those overtime wages were previously agreed to by the employer and the employee. Nonetheless, even in the absence of a previous agreement concerning overtime compensation, compensation for overtime can be claimed under the federal Fair Labor Standards Act for hours worked in excess of 40 during a given week. Freeman v. Central States Health & Life Co., 2 Neb. App. 803, 515 N.W.2d 131 (1994).

3. Miscellaneous

Statutory definitions applied to facts to reach conclusion that route salesman is an employee within the meaning of the Nebraska Wage Payment and Collection Act. Rudolf v. Tombstone Pizza Corp., 214 Neb. 276, 333 N.W.2d 673 (1983).

District court erred in finding that plaintiffs were not employees under the definition provided by this section. Tracy v. Tracy, 7 Neb. App. 143, 581 N.W.2d 96 (1998).

48-1230 Employer; regular paydays; altered; notice; deduct, withhold, or divert portion of wages; when; wage statement; use of payroll debit card; conditions; unpaid wages; when due.

(1) Except as otherwise provided in this section, each employer shall pay all wages due its employees on regular days designated by the employer or agreed upon by the employer and employee. Thirty days’ written notice shall be given to an employee before regular paydays are altered by an employer. An employer may deduct, withhold, or divert a portion of an employee’s wages only when the employer is required to or may do so by state or federal law or by order of a court of competent jurisdiction or the employer has a written agreement with the employee to deduct, withhold, or divert.

(2) On each regular payday, the employer shall deliver or make available to each employee, by mail or electronically, or shall provide at the employee’s normal place of employment during employment hours for all shifts a wage statement showing, at a minimum, the identity of the employer, the hours for which the employee was paid, the wages earned by the employee, and deductions made for the employee. However, the employer need not provide information on hours worked for employees who are exempt from overtime under the federal Fair Labor Standards Act of 1938, under 29 C.F.R. part 541, unless the employer has established a policy or practice of paying to or on behalf of exempt employees overtime, or bonus or a payment based on hours worked, whereupon the employer shall send or otherwise provide a statement to the
§ 48-1230  LABOR

exempt employees showing the hours the employee worked or the payments made to the employee by the employer, as applicable.

(3) When an employer elects to pay wages with a payroll debit card, the employer shall comply with the compulsory-use requirements prescribed in 15 U.S.C. 1693k. Additionally, the employer shall allow an employee at least one means of fund access withdrawal per pay period, but not more frequently than once per week, at no cost to the employee for an amount up to and including the total amount of the employee’s net wages, as stated on the employee’s earnings statement. An employer shall not require an employee to pay any fees or costs incurred by the employer in connection with paying wages with a payroll debit card.

(4) Except as otherwise provided in section 48-1230.01:

(a) Whenever an employer, other than a political subdivision, separates an employee from the payroll, the unpaid wages shall become due on the next regular payday or within two weeks of the date of termination, whichever is sooner; and

(b) Whenever a political subdivision separates an employee from the payroll, the unpaid wages shall become due within two weeks of the next regularly scheduled meeting of the governing body of the political subdivision if such employee is separated from the payroll at least one week prior to such meeting, or if an employee of a political subdivision is separated from the payroll less than one week prior to the next regularly scheduled meeting of the governing body of the political subdivision, the unpaid wages shall be due within two weeks of the following regularly scheduled meeting of the governing body of the political subdivision.

Application of the Wage Payment and Collection Act does not affect the need to satisfy the requisites of pursuing a claim against a city of the metropolitan class. Thompson v. City of Omaha, 235 Neb. 346, 455 N.W.2d 538 (1990).

48-1230.01 Employer; unpaid wages constituting commissions; duties.

Whenever an employer separates an employee from the payroll, the unpaid wages constituting commissions shall become due on the next regular payday following the employer’s receipt of payment for the goods or services from the customer from which the commission was generated. The employer shall provide an employee with a periodic accounting of outstanding commissions until all commissions have been paid or the orders have been returned or canceled by the customer.

48-1231 Employee; claim for wages or unlawful retaliation or discrimination; suit; judgment; costs and attorney's fees; failure to furnish wage statement; penalty.

(1) An employee having a claim for wages which are not paid within thirty days of the regular payday designated or agreed upon may institute suit for such unpaid wages in the proper court. If an employee establishes a claim and secures judgment on the claim, such employee shall be entitled to recover the
full amount of the judgment and all costs of such suit, including reasonable attorney’s fees. If the cause is taken to an appellate court and the employee recovers a judgment, the appellate court shall award reasonable attorney’s fees to the employee. If the employee fails to recover a judgment in excess of the amount that may have been tendered within thirty days of the regular payday by an employer, such employee shall not recover the attorney’s fees provided by this subsection. If the court finds that no reasonable dispute existed as to the fact that wages were owed or as to the amount of such wages, the court may order the employee to pay the employer’s attorney’s fees and costs of the action as assessed by the court.

(2) If an employee works for an employer that is not subject to the Nebraska Fair Employment Practice Act and such employee is aggrieved by a violation of section 48-1235, the employee may bring a suit against such employer in the proper court to recover the damages sustained by reason of such violation. If an employee prevails in a suit brought pursuant to this subsection, such employee shall be entitled to recover the full amount of the judgment and all costs of such suit, including reasonable attorney’s fees. If the cause is taken to an appellate court and the employee recovers a judgment, the appellate court shall award reasonable attorney’s fees to the employee.

(3) An employer who fails to furnish a wage statement under subsection (2) of section 48-1230 shall be guilty of an infraction as defined in section 29-431 and shall be subject to a fine pursuant to section 29-436.

(4) If an employee institutes suit against an employer under subsection (1) or (2) of this section, any citation that is issued against such employer under section 48-1234 and that relates directly to the facts in dispute shall be admitted into evidence unless specifically excluded by the court. If a citation has been contested as described in subsection (3) of section 48-1234, it shall not be admitted into evidence under this subsection until after such contest has been resolved.

(4) Any employer who has an unpaid citation for a violation of the Nebraska Wage Payment and Collection Act shall be barred from contracting with the state or any political subdivision until such citation is paid. If a citation has
been contested as described in subsection (3) of this section, it shall not be considered an unpaid citation under this subsection until after such contest has been resolved.

(1)(a) Any county, municipality, or other political subdivision, instrumentality, or agency of the State of Nebraska, except any agency subject to sections 84-1504 to 84-1506 or section 85-106, 85-320, or 85-606.01, may enter into an agreement to defer a portion of any individual’s compensation derived from such county, municipality, or other political subdivision, instrumentality, or agency to a future period in time pursuant to section 457 of the Internal Revenue Code. Such plan of deferred compensation may provide for the deferral of an individual’s compensation on either a pretax basis or an after-tax Roth contribution basis under a qualified Roth contribution program pursuant to section 402A of the Internal Revenue Code. Such deferred compensation plan shall be voluntary and shall be available to all regular employees and elected officials except as otherwise provided in this section.

(b) This section shall not authorize an entity excepted from this section pursuant to subdivision (1)(a) of this section to modify a plan of deferred compensation or establish a separate plan of deferred compensation. This section shall not require either the Public Employees Retirement Board or the Nebraska Public Employees Retirement Systems to modify a plan of deferred compensation established pursuant to sections 84-1504 to 84-1506 to allow for after-tax Roth contributions pursuant to a qualified Roth contributions program under section 402A of the Internal Revenue Code.
DEFERRED COMPENSATION § 48-1401

(2) All compensation to be deferred under this section may never exceed the total compensation to be received by the individual from the employer or exceed the limits established by the Internal Revenue Code for such a plan.

(3) All compensation deferred under the plan, all property and rights purchased with the deferred compensation, and all investment income attributable to the deferred compensation, property, or rights shall be held in trust for the exclusive benefit of participants and their beneficiaries by the county, municipality, or other political subdivision, instrumentality, or agency until such time as payments are made under the terms of the deferred compensation plan.

(4) The county, municipality, or other political subdivision, instrumentality, or agency shall designate its treasurer or an equivalent official, including the State Treasurer, to be the custodian of the funds and securities of the deferred compensation plan.

(5) The county, municipality, or other political subdivision, instrumentality, or agency may invest the compensation to be deferred under an agreement in or with: (a) Annuities; (b) mutual funds; (c) banks; (d) savings and loan associations; (e) trust companies qualified to act as fiduciaries in this state; (f) an organization established for the purpose of administering public employee deferred compensation retirement plans and authorized to do business in the State of Nebraska; or (g) investment advisers as defined in the federal Investment Advisers Act of 1940.

(6) The deferred compensation program authorized under this section shall exist and serve in addition to, and shall not be a part of, any existing retirement or pension system provided for state, county, municipal, or other political subdivision, instrumentality, or agency employees, or any other benefit program.

(7) Any compensation deferred under such a deferred compensation plan, including an individual’s compensation deferred on either a pretax basis or an after-tax Roth contribution basis under a qualified Roth contribution program pursuant to section 402A of the Internal Revenue Code, shall continue to be included as regular compensation for the purpose of computing the retirement, pension, or social security contributions made or benefits earned by any employee.

(8) (a) Any sum so deferred on a pretax basis shall not be included in the computation of any federal or state taxes withheld on behalf of any such individual at the time of deferral.

(b) Any sum so deferred on an after-tax Roth contribution basis pursuant to a qualified Roth contribution program under section 402A of the Internal Revenue Code shall be included in the computation of any federal or state taxes withheld on behalf of any such individual at the time of deferral.

(9) The state, county, municipality, or other political subdivision, instrumentality, or agency shall not be responsible for any investment results entered into by the individual in the deferred compensation agreement.

(10) All compensation deferred under the plan, including compensation deferred on either a pretax basis or an after-tax Roth contribution basis under a qualified Roth contribution program pursuant to section 402A of the Internal Revenue Code, all property and rights purchased with the deferred compensation, and all investment income attributable to the deferred compensation, property, or rights shall not be subject to garnishment, attachment, levy, the

operation of bankruptcy or insolvency laws, or any other process of law whatsoever and shall not be assignable.

(11) Nothing contained in this section shall in any way limit, restrict, alter, amend, invalidate, or nullify any deferred compensation plan previously instituted by any county, municipality, or other political subdivision, instrumentality, or agency of the State of Nebraska, and any such plan is hereby authorized and approved.

(12) If a county has not established a deferred compensation plan pursuant to this section, each individual may require that the county enter into an agreement with the individual to defer a portion of such individual’s compensation and place it under the management and supervision of the state deferred compensation plan created pursuant to sections 84-1504 to 84-1506. If such an agreement is made, the county shall designate the State Treasurer as custodian of such deferred compensation funds and such deferred compensation funds shall become a part of the trust administered by the Public Employees Retirement Board or the Nebraska Public Employees Retirement Systems pursuant to sections 84-1504 to 84-1506. Nothing in this subsection shall require a plan of deferred compensation that is administered by the Public Employees Retirement Board or the Nebraska Public Employees Retirement Systems pursuant to sections 84-1504 to 84-1506 to provide for the ability of an individual to defer compensation on an after-tax Roth contribution basis pursuant to a qualified Roth contribution program under section 402A of the Internal Revenue Code.

(13) For purposes of this section, individual means (a) any person designated by the county, municipality, or other political subdivision, instrumentality, or agency of the State of Nebraska, except any agency subject to sections 84-1504 to 84-1506 or section 85-106, 85-320, or 85-606.01, as a permanent part-time or full-time employee of the county, municipality, or other political subdivision, instrumentality, or agency and (b) a person under contract providing services to the county, municipality, or other political subdivision, instrumentality, or agency and who has entered into a contract with such county, municipality, political subdivision, instrumentality, or agency to have compensation deferred prior to August 28, 1999.

Effective date August 28, 2021.

48-1501. Sheltered workshop, defined.
48-1502. Sheltered workshop; negotiate contracts; conditions.
48-1503. Governmental subdivisions; direct negotiation for products and services; considerations; procedures; contract requirements.
48-1504. Conduct prohibited.
48-1505. Violations; penalty.
48-1506. Home rule charter cities; direct negotiation for products and services.

Reissue 2021
48-1501 Sheltered workshop, defined.

As used in sections 48-1501 to 48-1506, unless the context otherwise requires, sheltered workshop shall mean a facility in Nebraska operated by a public agency or a private nonprofit corporation organized for the primary purpose of employment of and service to physically or mentally disabled clients in a program of rehabilitation. Such facility shall be certified as a sheltered workshop, a work activity center, or an equivalent by an independent accrediting agency and comply with the Fair Labor Standards Amendments of 1966, Public Law No. 89-601, 80 Stat. 830, as a sheltered workshop or a work activity center.

48-1502 Sheltered workshop; negotiate contracts; conditions.

To negotiate contracts pursuant to sections 48-1501 to 48-1506, a sheltered workshop shall:

(1) Employ a minimum of ten physically or mentally disabled clients;

(2) Provide disabled clients with a wage at a level consistent with their health, efficiency, and general well-being as required by Chapter 48, article 12;

(3) Provide a controlled work environment and a program designed to enable the disabled client enrolled in the program to progress toward normal living and develop, as far as possible, his or her capacity, performance, and relationship with other persons; and

(4) Provide a work experience sufficiently diverse to accommodate the needs of each disabled client enrolled in the program.

48-1503 Governmental subdivisions; direct negotiation for products and services; considerations; procedures; contract requirements.

Whenever the State of Nebraska, any department or any agency thereof, or any county, municipality, school district, township, or other governmental subdivision is required to advertise for bids pursuant to any statutes of the State of Nebraska, it may directly negotiate and contract for products and services with a sheltered workshop. Direct negotiation for products and services, notwithstanding the procedures for public lettings pursuant to sections 73-101 to 73-106, may be conducted if the department, agency, or subdivision gives consideration to the following elements:

(1) Whether the product or service contracted for is supplied by the sheltered workshop at a fair market price;

(2) Whether the product or service meets the specifications of the department, agency, or subdivision;

(3) The ability, capacity, and skill of the sheltered workshop to perform the contract required;

(4) The character, integrity, reputation, judgment, experience, and efficiency of the sheltered workshop;
§ 48-1503  LABOR

(5) Whether the sheltered workshop can perform the contract within the time specified;
(6) The quality of performance of previous contracts;
(7) The previous and existing compliance by the sheltered workshop with laws relating to the contract;
(8) The life-cost of the product or service in relation to the purchase price and specific use of the item; and
(9) The performance of the product or service, taking into consideration any commonly accepted tests and standards of product usability and user requirements.

An agency, subdivision, or city under home rule charter shall furnish prior public notice of its intention to enter into such contract, the general nature of the proposed work, and the name of the person to be contacted for additional information by any sheltered workshop interested in contracting for such work.

Any contract negotiated pursuant to this section shall be in writing and shall be made available to the public by the purchasing party upon request. (4) Non-English-speaking worker has the same meaning as non-English-speaking employee in section 48-2208; and

48-1703 Act; exclusions.

The following shall be excluded from the Farm Labor Contractors Act:

(1) Any individual who engages in a farm labor contracting activity on behalf of a farm, processing establishment, cannery, gin, packing shed, or nursery, which is owned and operated exclusively by such individual or a member of his or her immediate family, if such activities are performed only for such operation and exclusively by such individual or family member, but without regard to whether such individual has incorporated or otherwise organized for business purposes;

(2) Any common carrier which would be a farm labor contractor solely because it is engaged in transporting any migrant or seasonal agricultural worker. For purposes of this section, a common carrier is one which holds itself out to the general public to engage in transportation of passengers for hire, whether over regular or irregular routes, and which holds a valid certificate or authorization for such purposes from an appropriate local, state, or federal agency;

(3) Any labor organization as defined under applicable state law;

(6) Employees of exempt employers; and

(7) Any operation which has a workforce comprised of eighty percent or more individuals who are seventeen years of age or younger and which has obtained a certificate of exemption from the department. Any operator who meets the requirements of this subdivision shall be issued such certificate by the department. The department shall adopt and promulgate rules and regulations necessary to carry out this subdivision.

48-1704 Farm labor contractor; license; form; contents.

(1) Except as otherwise provided by the Farm Labor Contractors Act, no person shall act as a farm labor contractor and engage in farm labor contracting activity unless such person holds a valid license issued by the department.

(2) Farm labor contractor licenses may be issued by the department only as follows:

(a) To an individual operating as a sole proprietor under the person's own name or under an assumed business name registered with the state;

(b) To two or more individuals operating as a partnership under their own names or under an assumed business name registered with the state; and
(c) To a corporation, limited liability company, or cooperative association authorized to do business in Nebraska.

(3) An application for a license as a farm labor contractor shall be sworn to by the applicant and shall be written on a form prescribed by the department. The form shall include, but not be limited to, the following:

(a) The applicant’s name and Nebraska address, all other temporary and permanent addresses the applicant uses or knows will be used in the future, and, if the applicant is an individual, the applicant’s social security number;

(b) Information on all motor vehicles to be used by the applicant in operations as a farm labor contractor, including the license number and state of licensure, the vehicle number, and the name and address of the vehicle owner for all vehicles used for farm labor contracting activity;

(c) Whether or not the applicant was ever denied a license under the Farm Labor Contractors Act or in any other jurisdiction under a similar law or had such a license revoked or suspended; and

(d) The names and addresses of all persons financially interested, whether as partners, limited liability company members, shareholders, associates, or profit sharers in the applicant’s proposed operations as a farm labor contractor, together with the amount of their respective interests, and whether or not, to the best of the applicant’s knowledge, any of such persons was ever denied a license under the act or in any other jurisdiction or had such a license revoked or suspended.

48-1705 Applicant; proof of financial responsibility; payment of wage claims; procedure.

(1) Each applicant shall submit with the application and shall continually maintain proof of financial responsibility to ensure the prompt payment of wages of employees and other obligations that may arise under the Farm Labor Contractors Act. The proof shall be in the form of a corporate surety bond of a company licensed to do business in the State of Nebraska, a cash deposit, or a deposit the equivalent of cash. The department shall determine the amount of surety required, except that such amount shall not be less than five thousand dollars. In lieu of such surety, the farm labor contractor may establish a savings account at a financial institution in Nebraska in the name of the Commissioner of Labor as trustee for the employees of the farm labor contractor, and others as their interest may appear, and deliver the evidence of the account and the ability to withdraw funds to the department under terms approved by the department. No farm labor contractor license shall be issued to any applicant who has an unsatisfied final judgment of a court or decision of an administrative agency which would be covered by the bond or deposit required by the act against himself or herself. All corporate surety bonds filed under this section shall be executed to cover liability for a period of one year, during which the bond cannot be canceled or otherwise terminated.

(2) The surety company or the department shall make prompt and periodic payments on the farm labor contractor’s liability to the extent of the total sum of the bond or deposit. Payments shall be made in the following manner:
(a) Payment shall be made based upon priority of wage claims over advances made by the grower or producer of agricultural commodities;

(b) Payment in full of all sums due to each person who presents adequate proof of a claim; and

(c) If there are insufficient funds to pay in full, the person next entitled to payment shall be paid in part.

(3) All claims against the bond or deposit shall be unenforceable unless request for payment of a judgment or other form of adequate proof of liability or a notice of the claim has been sent by certified mail to the surety or the department within six months from the end of the year for which the bond or deposit has been made.

(4) If the department has not received notice of the claim within six months after a farm labor contractor is no longer required to provide and maintain a surety bond or deposit, the department shall terminate and surrender any bond or any deposit under control of the department to the person who is entitled thereto upon receiving appropriate proof of such entitlement.

(5) The surety bond or deposit shall be payable to the Commissioner of Labor and shall be conditioned upon:

(a) Payment in full of all sums due on wage claims of employees; and

(b) Payment by the farm labor contractor of all sums due to the grower or producer of agricultural commodities for advances made to or on behalf of the farm labor contractor.

48-1706 Application fee.

Each application shall be accompanied by a fee. The Commissioner of Labor shall establish the amount of the fee, which shall not exceed seven hundred fifty dollars, by rule and regulation. The fee shall be established with due regard for the costs of administering the Farm Labor Contractors Act. All fees so collected shall be deposited in the Contractor and Professional Employer Organization Registration Cash Fund.

48-1708 Department; adopt rules and regulations.

The department shall adopt and promulgate rules and regulations reasonably necessary for the administration and enforcement of the Farm Labor Contractors Act.

48-1709 Notice; posting.

Every farm labor contractor covered by the Farm Labor Contractors Act shall post conspicuously upon the premises where employees working under the contractor are employed, in both English and Spanish, a notice specifying the contractor’s compliance with the act and the name and Nebraska address of the
surety on the bond or a notice that a deposit in lieu of the bond has been made with the department together with the address of the department.

48-1710 Department; licensing duties; license; protest; term; renewal; fee.

(1) The department shall conduct an investigation of each applicant’s character, competence, and reliability and any other matters relating to the applicant’s operations as a farm labor contractor.

(2) The department shall issue a license within fifteen days of receipt of the application if the department determines that the applicant is of satisfactory character, competence, and reliability.

(3) Any person may protest the issuance of a license to any applicant at any time by filing with the department a written statement detailing such person’s reasons for protesting.

(4) The licensing year shall run from April 1 to the following March 31 and each license shall expire on March 31 following the date of its issuance unless sooner revoked by the department.

(5) A license shall be renewed annually upon payment in advance of the required fee, except that the Commissioner of Labor may require any person seeking renewal to file a new application and may conduct a new investigation of the applicant’s character, competence, and reliability and any other matters relating to the applicant’s operations as a farm labor contractor.

(6) On its own initiative or upon receipt of a complaint or notice that a farm labor contractor is in violation of the Farm Labor Contractors Act, the department shall conduct an investigation of such contractor.

48-1711 Farm labor contractor; duties.

(8) The department shall maintain a list of professional employer organizations registered under the act that is readily available to the public by electronic or other means.

(9) The department may prescribe forms necessary to promote the efficient administration of this section.

(10) The department shall, to the extent practical, permit by rule and regulation the acceptance of electronic filings, including applications, documents, reports, and other filings required by the department. Such rule and regulation may provide for the acceptance of electronic filings and other assurance by an independent and qualified entity approved by the department that provides satisfactory assurance of compliance acceptable to the department consistent with or in lieu of the requirements of this section and section 48-2705. Such rule and regulation shall permit a professional employer organization to authorize the entity approved by the department to act on the professional employer organization’s behalf in complying with the registration requirements of the act, including electronic filings of information and payment of registration fees. Use of such an approved entity shall be optional and not mandatory for a registrant. Nothing in this subsection shall limit or change the department’s authority to register or terminate registration of a professional employer organization or to investigate or enforce any provision of the act.

(11) All records, reports, and other information obtained from a professional employer organization under the act, except to the extent necessary for the proper administration of the act by the department, shall be confidential and shall not be published or open to public inspection other than to public employees in the performance of their public duties.

(ii) If the financial statement submitted to the department indicates a deficit in working capital, a bond, certificate of deposit, escrow account, or irrevocable letter of credit in an amount that is not less than one hundred thousand dollars plus an amount that is sufficient to cover that deficit.
(2) The commitment described in subdivision (1)(b) of this section shall be in a form approved by the department, shall be held in a depository designated by the department, and shall secure the payment by the professional employer organization or professional employer organization group of any wages, salaries, employee benefits, workers’ compensation insurance premiums, payroll taxes, unemployment insurance contributions, or other amounts that are payable to or with respect to an employee performing services for a client if the professional employer organization or professional employer organization group does not make those payments when due. The commitment shall be established in favor of or be made payable to the department, for the benefit of the state and any employee to whom or with respect to whom the professional employer organization or professional employer organization group does not make a payment described in this subsection when due. The professional employer organization or professional employer organization group shall file with the department any agreement, instrument, or other document that is necessary to enforce the commitment against the professional employer organization or professional employer organization group, against any relevant third party, or both.

48-2706 Co-employment relationship; restrictions; rights and obligations; professional employer agreement; contents; written notice to employee; posting of notice; responsibilities of client; liability; sales tax liability; health benefit plan.

(1) No person shall knowingly enter into a co-employment relationship in which less than a majority of the employees of the client in this state are covered employees or in which less than one-half of the payroll of the client in this state is attributable to covered employees.

(2) Except as specifically provided in the Professional Employer Organization Registration Act or in the professional employer agreement, in each co-employment relationship:

(a) The client shall be entitled to exercise all rights and shall be obligated to perform all duties and responsibilities otherwise applicable to an employer in an employment relationship;

(b) The professional employer organization shall be entitled to exercise only those rights and obligated to perform only those duties and responsibilities specifically required by the act or in the professional employer agreement. The rights, duties, and obligations of the professional employer organization as co-employer with respect to any covered employee shall be limited to those arising pursuant to the professional employer agreement and the act during the term of co-employment by the professional employer organization of such covered employee; and

(c) Unless otherwise expressly agreed by the professional employer organization and the client in a professional employer agreement, the client retains the exclusive right to direct and control the covered employees as is necessary to conduct the client’s business, to discharge any of the client’s fiduciary responsibilities, or to comply with any licensure requirements applicable to the client or to the covered employees.

(3) Except as specifically provided in the Professional Employer Organization Registration Act, the co-employment relationship between the client and the
professional employer organization, and between each co-employer and each covered employee, shall be governed by the professional employer agreement. Each professional employer agreement shall include the following:

(a) The allocation of rights, duties, and obligations as described in this section;

(b) A provision that the professional employer organization shall have responsibility to pay wages to covered employees; to withhold, collect, report, and remit payroll-related and unemployment taxes; and, to the extent the professional employer organization has assumed responsibility in the professional employer agreement, to make payments for employee benefits for covered employees. For purposes of this section, wages does not include any obligation between a client and a covered employee for payments beyond or in addition to the covered employee’s salary, draw, or regular rate of pay, such as bonuses, commissions, severance pay, deferred compensation, profit sharing, or vacation, sick, or other paid time off pay, unless the professional employer organization has expressly agreed to assume liability for such payments in the professional employer agreement;

(c) A provision that the professional employer organization shall have a right to hire, discipline, and terminate a covered employee as may be necessary to fulfill the professional employer organization’s responsibilities under the act and the professional employer agreement. The client shall have a right to hire, discipline, and terminate a covered employee; and

(d) A provision that the responsibility to obtain workers’ compensation coverage for covered employees and for other employees of the client from an insurer licensed to do business in this state and otherwise in compliance with all applicable requirements shall be specified in the professional employer agreement in accordance with section 48-2709. The client shall not be relieved of its obligations under the Nebraska Workers’ Compensation Act to provide workers’ compensation coverage in the event that the professional employer organization fails to obtain workers’ compensation insurance for which it has assumed responsibility.

(4) With respect to each professional employer agreement entered into by a professional employer organization, such professional employer organization shall provide written notice to each covered employee affected by such agreement. The professional employer organization shall provide, and the client shall post in a conspicuous place at the client’s worksite, the following:

(a) Notice of the general nature of the co-employment relationship between and among the professional employer organization, the client, and any covered employees; and

(b) Any notice required by the state relating to unemployment compensation and the minimum wage.

(5) Except to the extent otherwise expressly provided by the applicable professional employer agreement:

(a) A client shall be solely responsible for the quality, adequacy, or safety of the goods or services produced or sold in the client’s business;

(b) A client shall be solely responsible for (i) directing, supervising, training, and controlling the work of the covered employees with respect to the business activities of the client or when such employees are otherwise acting under the express direction and control of the client and (ii) the acts, errors, or omissions
of the covered employees with regard to such activities or when such employees are otherwise acting under the express direction and control of the client;

(c) A client shall not be liable for the acts, errors, or omissions of a professional employer organization or of any covered employee of the client and a professional employer organization when such covered employee is acting under the express direction and control of the professional employer organization;

(d) Nothing in this subsection shall limit any contractual liability or obligation specifically provided in a professional employer agreement; and

(e) A covered employee is not, solely as the result of being a covered employee of a professional employer organization, an employee of the professional employer organization for purposes of general liability insurance, fidelity bonds, surety bonds, employer’s liability which is not covered by workers’ compensation, or liquor liability insurance carried by the professional employer organization unless the covered employee is included for such purposes by specific reference in the professional employer agreement and in any applicable prearranged employment contract, insurance contract, or bond.

(6) When a professional employer organization obtains workers’ compensation coverage for its clients that is written by an authorized insurer, it shall not be considered to be an insurer based on its provision of workers’ compensation insurance coverage to a client, even if the professional employer organization charges the client a different amount than it is charged by the authorized insurer.

(7) For purposes of this state or any county, municipality, or other political subdivision thereof:

(a) Covered employees whose services are subject to sales tax shall be deemed the employees of the client for purposes of collecting and levying sales tax on the services performed by the covered employee. Nothing contained in the Professional Employer Organization Registration Act shall relieve a client of any sales tax liability with respect to its goods or services;

(b) Any tax or assessment imposed upon professional employer services or any business license or other fee which is based upon gross receipts shall allow a deduction from the gross income or receipts of the business derived from performing professional employer services that is equal to that portion of the fee charged to a client that represents the actual cost of wages and salaries, benefits, workers’ compensation, payroll taxes, withholding, or other assessments paid to or on behalf of a covered employee by the professional employer organization under a professional employer agreement;

(c) Any tax assessed or assessment or mandated expenditure on a per capita or per employee basis shall be assessed against the client for covered employees and against the professional employer organization for its employees who are not covered employees co-employed with a client. Any benefit or monetary consideration that meets the requirements of mandates imposed on a client and that is received by covered employees through the professional employer organization either through payroll or through benefit plans sponsored by the professional employer organization shall be credited against the client’s obligation to fulfill such mandates; and

(d) In the case of a tax or an assessment imposed or calculated upon the basis of total payroll, the professional employer organization shall be eligible to apply
§ 48-2706  LABOR

any small business allowance or exemption available to the client for the
covered employees for the purpose of computing the tax.

(8) A professional employer organization shall not offer its covered employees
any health benefit plan which is not fully insured by an authorized insurer.

48-2707 Funds; records.
Any funds held by the professional employer organization in a fiduciary
capacity shall be recorded separately and held in a fiduciary capacity on behalf
of each client. The professional employer organization shall keep copies of all
the records pertaining to such deposits and withdrawals and, upon request of a
client, shall furnish the client with an accounting and copies of the records.

48-2708 Retirement and employee welfare benefit plans.
(1) A client and a professional employer organization shall each be deemed
an employer under the laws of this state for purposes of sponsoring retirement
and employee welfare benefit plans for its covered employees.

(2) A fully insured employee welfare benefit plan offered to the covered
employees of a single professional employer organization shall be for purposes
of state law a single employee welfare benefit plan and shall not be considered
a multiple employer welfare arrangement, as defined in section 44-7603, and
shall be exempt from the registration requirements of the Multiple Employer
Welfare Arrangement Act.

(3) For purposes of the Small Employer Health Insurance Availability Act, a
professional employer organization shall be considered the employer of all of
its covered employees and all covered employees of any client participating in a
health benefit plan sponsored by a single professional employer organization
shall be considered employees of the professional employer organization. Sub-
ject to any eligibility requirements imposed by the plan or policy, the insurer
shall accept and insure all employees of the client and all beneficiaries of those
employees.

48-2709 Workers’ compensation coverage; allocation of responsibility; infor-
mation to administrator of Nebraska Workers’ Compensation Court; notice;
posting; contents; notice of cancellation, nonrenewal, or termination; rights of
client.

(1) The responsibility to obtain workers’ compensation coverage for employ-
ees covered by the professional employer agreement and for other employees of
the client shall be allocated in the professional employer agreement to the
client, the professional employer organization, or both, in accordance with this
section. If any such responsibility is allocated to the professional employer
organization, the professional employer organization shall:
(a) Advise the client of the provisions of subdivisions (9) and (10) of section 48-115;

(b) Advise the client of its obligation to obtain an additional workers’ compensation insurance policy if the professional employer organization’s policy limits coverage to co-employees as specified in the professional employer agreement; and

(c) Provide the client with the name of the insurer providing coverage, the policy number, claim notification instructions, and any itemized charges that are to be made for workers’ compensation coverage within ten days after enrollment.

(2)(a) If all employees of the client are not covered employees under the professional employer agreement, then a workers’ compensation insurance policy obtained by the professional employer organization to cover employees of the client may be written to limit coverage to those employees who are co-employees of the professional employer organization and the client. If a professional employer organization’s policy limits coverage to co-employees as specified in the professional employer agreement, then the client shall obtain an additional workers’ compensation insurance policy. The policy obtained by the client shall be written to cover any and all employees not covered by the professional employer organization’s policy, including any potential new or unknown employees. All insurance policies issued pursuant to this subsection shall be subject to and shall comply with the requirements of this subsection and any rule or regulation adopted by the Department of Insurance.

(b) If all employees of the client are covered employees under the professional employer agreement, then a workers’ compensation insurance policy obtained by the professional employer organization to cover employees of the client must be written to cover any and all employees of the client, including potential new or unknown employees that may not be covered employees under the agreement.

(c) A professional employer organization shall not split coverage that it obtains for a client between two or more policies.

(d) A professional employer organization shall not split coverage for its direct-hire employees between two or more policies.

(e) The Department of Insurance may adopt and promulgate rules and regulations to implement this subsection.

(3) If the professional employer agreement allocates responsibility to the professional employer organization to obtain workers’ compensation coverage only for co-employees, then the professional employer organization shall provide the following information to the administrator of the Nebraska Workers’ Compensation Court. Such information shall be provided for any such professional employer agreement in effect on January 1, 2012, and prior to the effective date of any new professional employer agreement or any amendment of an agreement adding such a provision after January 1, 2012, and shall be provided in a form and manner prescribed by the administrator:

(a) The names and addresses of the client and the professional employer organization;

(b) The effective date of the professional employer agreement;

(c) A description of the employees covered under the professional employer agreement;
(d) Evidence that any and all other employees of the client are covered by a valid workers’ compensation insurance policy; and

(e) Any other information the administrator may require regarding workers’ compensation coverage of the professional employer organization, the client, or the covered employees.

(4) If workers’ compensation coverage for a client’s employees covered by the professional employer agreement and for other employees of the client is not entirely available in the voluntary market, then assigned risk workers’ compensation coverage written subject to section 44-3,158 may only be written on a single policy that covers all employees and co-employees of the client. Assigned risk workers’ compensation insurance for the professional employer organization may also be written, but only on a basis that covers its direct-hire employees and excludes employees and co-employees of its clients. The Department of Insurance may adopt and promulgate rules and regulations to implement this subsection.

(5) If a master policy or multiple coordinated policy providing coverage to a client is obtained by a professional employer organization, then the professional employer organization shall provide the client with a notice that the client shall conspicuously post at its workplace. Such notice shall provide the name and address of the workers’ compensation insurer and the individual to whom claims shall be directed. If more than one workers’ compensation insurer provides coverage for employees and co-employees of the client, the client shall post such information for all such workers’ compensation insurers.

(6) Both the client and the professional employer organization shall be considered the employer for purposes of coverage under the Nebraska Workers’ Compensation Act. The protection of the exclusive remedy provision of the act shall apply to the professional employer organization, to the client, and to all covered employees and other employees of the client regardless of which co-employer obtains such workers’ compensation coverage.

(7) If a client receives notice of the cancellation, nonrenewal, or termination of workers’ compensation coverage obtained by the professional employer organization, then the client may withdraw from the professional employer agreement without penalty unless the client is notified by the professional employer organization of replacement coverage within fifteen days after the notice.

(8) A professional employer organization shall not impose any fee increase on a client based on the actual or anticipated cost of workers’ compensation coverage without giving the client at least thirty days’ advance notice and an opportunity to withdraw from the professional employer agreement without penalty.

(9) The professional employer organization shall not make any materially inaccurate, misleading, or fraudulent representations to the client regarding the cost of workers’ compensation coverage. If the professional employer organization charges the client an itemized amount for workers’ compensation coverage, the professional employer organization shall provide the client with an accurate and concise description of the basis upon which it was calculated and the services that are included. A professional employer organization shall not charge a client an itemized amount for workers’ compensation coverage that is materially inconsistent with the actual amounts that the professional employer organization is charged by the insurer, given reasonably anticipated loss-
sensitive charges, if applicable, reasonable recognition of the professional employer organization’s costs, and a margin for profit.

Such fees shall not exceed those reasonably necessary for the administration of the Professional Employer Organization Registration Act.

(2) Fees imposed pursuant to this section shall be remitted to the State Treasurer for credit to the Contractor and Professional Employer Organization Registration Cash Fund.

48-2711 Prohibited acts; violation; penalty; disciplinary action; powers of department; rules and regulations.

(2) Disciplinary action may be taken by the department:

(a) Against a person for violation of subsection (1) of this section;

(b) Against a professional employer organization or a controlling person of a professional employer organization upon the conviction of a professional employer organization or a controlling person of a professional employer organization of a crime that relates to the operation of the professional employer organization or the ability of a registrant or a controlling person of a registrant to operate a professional employer organization;

(c) Against a professional employer organization or a controlling person of a professional employer organization for knowingly making a material misrepresentation to an insurer, an insurance producer, the department, or other governmental agency; or
§ 48-2711 LABOR

(d) Against a professional employer organization or a controlling person of a professional employer organization for a willful violation of the act or any order or regulation issued by the department under the act.

(3)(a) Upon finding, after notice and opportunity for hearing, that a professional employer organization, a controlling person of a professional employer organization, or a person offering professional employer services has violated one or more provisions of this section, and subject to any appeal required, the department may:

(i) Deny an application for registration;
(ii) Revoke, restrict, or refuse to renew a registration;
(iii) Impose an administrative penalty in an amount not to exceed one thousand dollars for each material violation;
(iv) Place the registrant on probation for the period and subject to conditions that the department specifies; or
(v) Issue a cease and desist order.

(b) A decision by the department under this subsection may be appealed in accordance with the Administrative Procedure Act.

49-101 Common law; applicability.

So much of the common law of England as is applicable and not inconsistent with the Constitution of the United States, with the organic law of this state, or with any law passed or to be passed by the Legislature of this state, is adopted and declared to be law within the State of Nebraska.

1. Applicability of common law

Antenuptial contracts were void at common law. Dorschorst v. Dorshorst, 174 Neb. 886, 120 N.W.2d 32 (1963).

Common law was adopted governing relation of landlord and tenant. Wright v. Barclay, 151 Neb. 94, 36 N.W.2d 649 (1949).

Doctrine of demonstrative legacies is in force in Nebraska. In re Estate of Lewis, 148 Neb. 592, 28 N.W.2d 427 (1947).

In this jurisdiction we have adopted the common law of England as governing the relation of landlord and tenant. Roberts v. Rogers, 129 Neb. 298, 261 N.W. 354 (1935).

At common law, there was no incapacity of spendthrifts, and this rule is in force in this state. Taylor v. Koenigstein, 128 Neb. 568, 237 N.W. 153, 78 A.L.R. 597 (1931).

Doctrine of charitable uses, being administered as part of common-law jurisprudence, has not been transplanted to this state, and in administration and enforcement of such trusts, courts may exercise only judiciary powers. St. James Orphan Asylum v. City of Omaha, 183 Neb. 430, 160 N.W.2d 805 (1968).

Doctrine of the right of privacy was not recognized in the common law. Brunson v. Ranko Army Store, 161 Neb. 519, 73 N.W.2d 803 (1955).

Common law with respect to partition has been modified by statute in this state. Baskins v. Krepecik, 153 Neb. 36, 43 N.W.2d 624 (1950).

Mortgage by deposit of title deeds without writing is not effective in this state. Bloomfield State Bank v. Miller, 55 Neb. 243, 75 N.W. 569 (1898).

Whether writ of prohibition may be allowed in this state, in aid of appellate jurisdiction, is doubtful. State ex rel. King v. Hall, 47 Neb. 579, 66 N.W. 642 (1896).

City of Lincoln could not claim sovereign right to priority of payment out of assets of bankrupt trust company under theory that common-law authorizes it, inasmuch as such a rule is inconsistent with Nebraska legislation, and the reason on which the common-law rule was based does not exist. City of Lincoln v. Ricketts, 84 F.2d 795 (8th Cir. 1936).

3. Inconsistent with needs

Action for personal injuries resulting from negligence does not abate on death of wrongdoer before commencement of action, but may be brought against his estate. In re Grainger’s Estate, 121 Neb. 338, 237 N.W. 153, 78 A.L.R. 597 (1931).

4. Miscellaneous

If a defendant is denied his right to appeal because of counsel’s failure to timely file notice of appeal, the proper means to attack such denial is a motion for postconviction relief and not a motion for writ of error coram nobis. A motion for writ of error coram nobis reaches only matters of fact unknown to the applicant at the time of judgment, not discoverable through reasonable diligence, and which, if known by the court, would have prevented entry of judgment. State v. Johnson, 243 Neb. 758, 502 N.W.2d 477 (1993).

Absence of statute granting interest in improvements to lessee at time school land lease entered required application of rules of this section. State v. Bardsley, 185 Neb. 629, 177 N.W.2d 599 (1970).

Doctrine of the right of privacy was not recognized in the common law. Brunson v. Ranko Army Store, 161 Neb. 519, 73 N.W.2d 803 (1955).
The common law is flexible, and by its own principles adapts itself to varying conditions. State v. Tautges, Rerat & Welch, 146 Neb. 439, 20 N.W.2d 232 (1945).

Term common law refers to that general system of law prevailing in England and most of the United States, by derivation from England, as distinguished from Roman or civil law system, in force in this territory prior to Louisiana Purchase. Williams v. Miles, 68 Neb. 463, 94 N.W. 705 (1903), 96 N.W. 151 (1903).

Rule that in adopting a statute from another state Legislature also adopts construction put upon it by that state is not absolute. Rhea v. State, 63 Neb. 461, 88 N.W. 789 (1902).

Whether rule of common law, that statutes in derogation thereof are to be strictly construed, is in force in this state, is doubted. Kearney Electric Co. v. Laughlin, 45 Neb. 390, 63 N.W. 941 (1895).

The plaintiff’s characterization of his action as one seeking damages for misappropriation of his name and image could not serve as a means to escape the rule announced by the Nebraska Supreme Court that under Nebraska law one has no right to control the use of his name and image. Carson v. National Bank of Commerce Trust & Sav., 501 F.2d 1082 (8th Cir. 1974).

**REPEAL OF STATUTES; EFFECT**

Section

49-301. Repeal of statutes; pending actions not affected.

49-302. Repeal of law repealing former law; effect.

49-303. Repeal of statutes; deferred operative date; effect.
§ 49-301 LAW

49-301 Repeal of statutes; pending actions not affected.

Whenever a statute shall be repealed, such repeal shall in no manner affect pending actions founded thereon, nor causes of action not in suit that accrued prior to any such repeal, except as may be provided in such repealing statute.

Source: G.S.1873, c. 79, § 2, p. 1056; R.S.1913, § 3709; C.S.1922, § 3097; C.S.1929, § 49-301; R.S.1943, § 49-301.

1. Pending actions
An administrative proceeding is a “pending action” within the meaning of this section when the agency's final order is rendered. Morris v. Wright, 221 Neb. 837, 381 N.W.2d 139 (1986); In re Application of Ochseiner, 216 Neb. 480, 344 N.W.2d 632 (1984).

A pending action before an administrative board is not a “pending action” within the meaning of general savings statute. Schilk v. School Dist. No. 107, 207 Neb. 448, 299 N.W.2d 527 (1980).

A petition to detach land from a school district filed with the board created by section 79-403, is not a pending action within the meaning of this section. Clark v. Sweet, 187 Neb. 232, 188 N.W.2d 889 (1971).

Rights under statutes repealed were preserved in pending proceedings before the State Railway Commission. United Mineral Products Co. v. Nebraska Railroads, 177 Neb. 802, 131 N.W.2d 388 (1964).

It is not presumed that, in repeal of criminal statute, Legislature intended to cause dismissal of pending prosecution. Lower v. State, 109 Neb. 590, 191 N.W. 674 (1923).

Repeal of statute will not affect pending suit to enforce right founded thereon. Thompson v. West, 59 Neb. 677, 82 N.W. 13 (1899).

Effect of repeal on pending proceeding, and legislative powers, is discussed. Kleckner v. Turk, 45 Neb. 176, 63 N.W. 469 (1895).

A suit pending to enforce a right or remedy conferred solely by statute is abated by the unconditional repeal of such statute before judgment. Globe Pub. Co. v. State Bank of Nebraska at Crete, 41 Neb. 175, 59 N.W. 683 (1894).

2. Causes of action not in suit
General saving statute preserves right of action on claim for deficiency judgment in suit to foreclose mortgage not due nor in litigation at time act was passed without a special saving clause. Stowers v. Stuck, 131 Neb. 409, 268 N.W. 310 (1936).

Right to a deficiency judgment in an action based upon a mortgage executed before, but matured after, act of 1897 abolishing deficiency judgments was preserved. Burrows v. Vanderberg, 69 Neb. 43, 95 N.W. 57 (1903).

Section relates only to causes of action accrued before such repeal. City of Lincoln v. First Nat. Bank of Lincoln, 67 Neb. 401, 53 N.W. 698 (1901).

3. Construction of statutes
The simultaneous repeal and reenactment of the same statutory provisions is ordinarily construed to be an affirmation or continuation of the original provisions rather than a true repeal. Where a statute has been repealed and substantially reenacted with additions or changes, the additions or changes are treated as amendments effective from the time when the new statute goes into effect. Dairyland Power Co-op v. State Bd. of Equal., 238 Neb. 696, 472 N.W.2d 363 (1991).

A general savings statute providing that if a statute is repealed such repeal shall in no manner affect pending actions nor causes of action not in suit which accrued prior to such repeal, except as may be provided in the repealing statute, relates to substantive and not procedural law. Denver Wood Products Co. v. Frye, 202 Neb. 286, 275 N.W.2d 67 (1979).

The rule that punishment for an act is mitigated by amendment before final judgment does not apply where a new statute does not merely lessen the punishment but defines new categories of crimes and taken as a whole evidences a legislative intent that the penalty provision thereof not apply retroactively. State v. Trowbridge, 194 Neb. 582, 234 N.W.2d 598 (1975).

This saving clause on appeal applies to both civil and criminal statutes. State v. Goham, 187 Neb. 34, 187 N.W.2d 305 (1971).

Where a criminal statute is amended by mitigating the punishment after commission of a prohibited act but before final judgment, the punishment is that provided by the amendatory act unless the Legislature has specifically provided otherwise. State v. Randolph, 186 Neb. 297, 183 N.W.2d 225 (1971).

Repeal of a statute does not affect pending cases, nor accrued causes of action except as may be provided in the repealing statute. State v. Duitsman, 186 Neb. 39, 180 N.W.2d 685 (1970).

This section does not apply when the Legislature expressly provides that repealing act shall apply retroactively. Davis v. General Motors Acceptance Corp., 176 Neb. 865, 127 N.W.2d 907 (1964).

General saving statute relates to substantive and not to procedural law. Lindgren v. School Dist. of Bridgeport, 170 Neb. 279, 102 N.W.2d 599 (1960).

The general saving clause applies as though it were expressly incorporated in a legislative act. State ex rel. City of Grand Island v. Union Pacific R. Co., 152 Neb. 772, 42 N.W.2d 867 (1950).

Statutes in pari materia should be construed together. State v. Omaha Elevator Co., 75 Neb. 637, 106 N.W. 979 (1906), 110 N.W. 874 (1906).
That accrued prior to any such repeal refers to time that obligation, out of which action arose, came into existence. Hunter v. Lang, 5 Neb. Unof. 323, 98 N.W. 690 (1904).

4. Miscellaneous

This section points the way for the Legislature in dealing with a resolution as distinguished from a statute. State v. Goham, 191 Neb. 639, 216 N.W.2d 869 (1974).

Where, in amending a statute, the Legislature specifically provides that such amendment shall take effect immediately, and shall apply to pending cases and to all cases hereafter brought, such act is controlling over general saving clause. City of Fremont v. Dodge County, 130 Neb. 856, 266 N.W. 771 (1936).

Effect of repealing clause that certain sections and all acts and parts of acts in conflict are repealed is discussed. State ex rel. Adair v. Drexel, 74 Neb. 776, 105 N.W. 174 (1905).

Interpretation of statute by court of last resort is binding upon all departments of government. State ex rel. Norton v. Van Camp, 36 Neb. 91, 54 N.W. 113 (1893).

Where intention is not doubtful and amendatory act is not incongruous with title and scope of amended statute, amendment is valid. Fenton v. Yule, 27 Neb. 758, 43 N.W. 1140 (1889).

49-302 Repeal of law repealing former law; effect.

Whenever a law shall be repealed, which repealed a former law, the former law shall not thereby be revived unless specially provided for.

Act amendatory of unconstitutional act is invalid. City of Plattsmouth v. Murphy, 74 Neb. 749, 105 N.W. 293 (1905).

Repeals by implication are not favored and such construction of a statute repealing another will not be adopted unless made necessary by evident intent of Legislature. Schafer v. Schafer, 71 Neb. 708, 99 N.W. 482 (1904); Dawson County v. Clark, 58 Neb. 756, 79 N.W. 822 (1899).

49-303 Repeal of statutes; deferred operative date; effect.

When any act of the Legislature provides for a deferred operative date and also contains a repeal section, the action of a subsequent Legislature in postponing or accelerating such operative date whether by reference to the session laws or to the sections of the act as caused to be printed by the Revisor of Statutes shall act as a corresponding postponement or acceleration of the operative date of the repeal section without the necessity of specific reference thereto unless the Legislature specifically and clearly expresses a different intent.

   Unless such construction would be inconsistent with the manifest intent of the Legislature, heads supplied in compilation of sections enacted after passage of this section do not constitute any part of the law enacted. Cosentino v. City of Omaha, 186 Neb. 407, 183 N.W.2d 475 (1971).

(a) GENERAL PROVISIONS

49-1401 Act, how cited.

Sections 49-1401 to 49-14,142 shall be known and may be cited as the Nebraska Political Accountability and Disclosure Act.

The constitutionality of the Nebraska Political Accountability and Disclosure Act is generally irrelevant to a disciplinary proceeding. Ordinarily, a respondent has no standing to challenge the act. *State ex rel. NSBA v. Douglas*, 227 Neb. 1, 416 N.W.2d 515 (1987).

49-1402 Legislative findings.

The Legislature finds:

(1) That the public interest in the manner in which election campaigns are conducted has increased greatly in recent years, creating a need for additional disclosure and accountability;

(2) That there is a compelling state interest in ensuring that the state and local elections are free of corruption and the appearance of corruption and that...
this can only be achieved if (a) the sources of funding of campaigns are fully disclosed and (b) the use of money in campaigns is fully disclosed;

(3) That it is essential to the proper operation of democratic government that public officials and employees be independent and impartial, that governmental decisions and policy be made in the proper channels of governmental structure, and that public office or employment not be used for private gain other than the compensation provided by law; and

(4) That the attainment of one or more of these ends is impaired when there exists, or appears to exist, a substantial conflict between the private interests of a public official and his or her duties as such official; and that although the vast majority of public officials and employees are dedicated and serve with high integrity, the public interest requires that the law provide greater accountability, disclosure, and guidance with respect to the conduct of public officials and employees.

49-1403 Definitions, where found.

For purposes of the Nebraska Political Accountability and Disclosure Act, unless the context otherwise requires, the definitions found in sections 49-1404 to 49-1444 shall be used.

49-1404 Administrative action, defined.

Administrative action shall mean any decision on, or proposal, consideration, enactment, or defeat of any rule, regulation, or other official policy action or nonaction by any executive agency, or any policy matter which is within the official jurisdiction of an executive agency.

49-1405 Ballot question, defined.

The Legislature finds that in sponsoring a lottery, the state undertakes a unique enterprise which can succeed only if the public has confidence in the integrity of the lottery and the process by which government decisions relating to the lottery are made. The Legislature finds that there is a compelling state interest in ensuring the integrity and the appearance of integrity of elections for state elective office and of the state-sponsored lottery. The Legislature further finds that the practice of contributions being given to candidates for state elective offices by individuals or entities holding contracts with the state to supply goods or services in connection with the state-sponsored lottery for significant monetary prizes contributes to actual corruption or the appearance of corruption and diminishes public confidence in government and in the state-
sponsored lottery. The Legislature finds that sections 49-1476.01 and 49-1476.02 are consistent with these findings.

(2) An action to void any contract shall be brought within one year after discovery of circumstances suggesting the existence of a violation.

(3) Any such decree voiding such contract may, to meet the ends of justice, provide for the reimbursement of any person for the reasonable value of all money, goods, material, labor, or services furnished under the contract, to the extent that the state or political subdivision has benefited thereby.

(4) Sections 49-14,102 and 49-14,103 shall not apply to a contract for labor which is negotiated or is being negotiated pursuant to the laws of this state.

Information copied from campaign statements, registration forms, activity reports, statements of financial interest, and other filings required by the Nebraska Political Accountability and Disclosure Act shall not be sold or used by any person for the purpose of soliciting contributions or for commercial purposes, except that (1) the name and address of any political committee or entity specified in subsection (1) of section 49-1469 may be used for soliciting contributions from such committee or entity and (2) the use of information copied or otherwise obtained from statements, forms, reports, and other filings required by the act in newspapers, magazines, books, or other similar communications is permissible as long as the principal purpose of using such information is not to communicate any contributor information listed thereon for the purpose of soliciting contributions or for other commercial purposes.

Prohibition by this section of use of public information for "other political campaign purposes" as applied in this case, placed an impermissible burden on protected speech and is struck down for being overbroad. Provision in this statute which prohibits use of information for harassment purposes is held to be so vague as to be constitutionally infirm and is therefore struck down. Fowler v. Neb. Account. and Disclosure Comm., 213 Neb. 462, 330 N.W.2d 136 (1983).

49-14,135 Violation of confidentiality; perjury; penalty.

(1) Except as otherwise provided in the Nebraska Political Accountability and Disclosure Act, any person who violates the confidentiality of a commission proceeding pursuant to the act shall be guilty of a Class III misdemeanor.

(2) A person who willfully affirms or swears falsely in regard to any material matter before a commission proceeding pursuant to the act shall be guilty of a Class IV felony.

49-14,136 Statute of limitations.
Prosecution for violation of the Nebraska Political Accountability and Disclosure Act shall be commenced within three years after the date on which the violation occurred.

49-14,137 Discipline of public officials or employees; effect of act.
The penalties prescribed in the Nebraska Political Accountability and Disclosure Act do not limit the power of the Legislature to discipline its own members or impeach a public official and do not limit the power of agencies or commissions to discipline officials or employees.

49-14,138 Local laws of political subdivisions; effect of act.
No political subdivision or municipality within the State of Nebraska in which candidates for their elective offices or elected officials are subject to the requirements of the Nebraska Political Accountability and Disclosure Act shall require compliance with local provisions governing campaign receipts and expenditures or financial disclosures which are different from those established by the act.

49-14,139 Forms; distribution.

The Clerk of the Legislature shall file the certificates presented by members, and make a roll of the members who thus appear to be elected. The persons thus appearing to be elected members shall proceed to elect such other officers as may be required for the time being.

50-102 Members; credentials committee; report; when waived.

(1) When the Legislature is temporarily organized it shall elect a committee of five by ballot, which committee shall examine and report upon the credentials of those claiming to be elected members, and, when such report is made, those reported as elected shall proceed to the permanent organization of the Legislature. The Legislature shall be the sole judge of the election returns and qualifications of its own members.

(2) The Legislature may waive the requirements set forth in subsection (1) of this section whenever it is reasonably apparent to the members of the Legislature that there is not, or is not likely to be, a contest of any election result. If the provisions of subsection (1) are waived, the Legislature may, by rule, provide for the certification of members elected to the Legislature.

50-103 Oaths; members may administer.

Any member may administer oaths in the Legislature, and while acting on a committee may administer oaths on the business of such committee.

Although this section provides that any member of the Legislature "May administer oaths in the Legislature, and while acting on a committee may administer oaths on the business of such committee" no Nebraska statute requires that an oath be administered to individuals testifying before a legislative committee. State v. Douglas, 222 Neb. 833, 388 N.W.2d 801 (1986).

50-104 Speech; legislative privilege.

No member of the Legislature shall be questioned in any other place for any speech or words spoken in debate in the Legislature.

50-105 Contempt, defined; punishment.

The Legislature has power and authority to punish as a contempt by fine or imprisonment, or either of them, the offense of knowingly arresting a member in violation of his privilege; of assaulting or threatening to assault a member, or threatening to do him any harm, in person or property, for anything said or done as a member thereof; of attempting, by menace or other corrupt means, to control or influence a member in giving his vote, or to prevent his giving it; of disorderly or contemptuous conduct tending to disturb its proceedings; of refusing to attend or to be sworn or to be examined as a witness before the Legislature or a committee, when duly summoned; of assaulting or preventing any person going to the Legislature, or its committee, by order thereof, knowing the same; of rescuing or attempting to rescue any person arrested by order of the Legislature, knowing of such arrest; and of knowingly injuring any officer of the Legislature in the discharge of his duties as such.

Although this section authorizes the Legislature to hold in contempt a person refusing to be sworn, when required by a committee of the Legislature pursuant to a rule of the Nebraska Unicameral, the statute does not explicitly require an oath to be administered to persons testifying before a committee. State v. Douglas, 222 Neb. 833, 388 N.W.2d 801 (1986).

50-106 Contempt; imprisonment; maximum sentence.

Imprisonment for contempt of the Legislature shall not be for more than six hours, and shall be in the jail of the county in which the Legislature may be sitting.

50-107 Contempt; maximum fine.

Should a fine be imposed for any offense mentioned in section 50-105, it shall not exceed fifty dollars.

50-108 Contempt; fines and imprisonment; how effected.

Fines and imprisonment shall be only by virtue of an order of the Legislature, entered on its journal stating the grounds therefor. Imprisonment shall be effected by a warrant, under the hand of the presiding officer for the time being, countersigned by the Clerk of the Legislature, running in the name of the state and directed to the sheriff of the proper county. Under such warrant, the officer of the Legislature, sheriff, and jailer will be authorized to arrest and detain the person.

50-109 Contempt; fines; collection.

Fines shall be collected by virtue of a similar warrant, directed to any proper officer of the county in which the offender has property, and executed in the same manner as executions for fines issued by courts of justice, and the proceeds shall be paid into the state treasury.

§ 50-110 LEGISLATURE

50-110 Contempt; punishment; effect on other proceedings.

Punishment for contempt, as provided in sections 50-105 to 50-109, is no bar to any other proceedings, civil or criminal, for the same offense.

50-111 Legislature; officers; how selected.

The officers of the Legislature shall consist of a speaker, chief clerk, assistant clerk, sergeant at arms, and such other officers as may be deemed necessary for the proper transaction of business, to be elected by the Legislature upon the recommendation of the Executive Board of the Legislative Council, except that the board shall make no recommendation as to the speaker.

There shall be paid to each of the several officers, except the speaker, named in section 50-111 for their official services such salaries as shall be fixed by the Executive Board of the Legislative Council, unless otherwise directed by the Legislature.

Entries found in legislative journals prevail over evidence furnished by enrolled bill. Webster v. City of Hastings, 59 Neb. 563, 81 N.W. 510 (1900).

50-114.01 Clerk; daily journal; prepare; compile after session.

The Clerk of the Legislature shall prepare a daily journal of the proceedings of the Legislature. The Legislative Journal shall be compiled by the clerk after each regular session of the Legislature.

50-114.02 Clerk; charges; authorized.

The Clerk of the Legislature shall be authorized to make such charges, subject to the approval of the Executive Board of the Legislative Council, to recover costs and expenses of (1) copying files and records in the clerk’s possession, (2) preparing certificates, (3) handling and mailing individual bills and bill subscriptions, and (4) such publications as may be authorized by the Legislature or the Executive Board of the Legislative Council.

50-449 Youth Rehabilitation and Treatment Center-Geneva; legislative findings.

The Legislature finds that in the summer of 2019, the Department of Health and Human Services notified the Health and Human Services Committee of the Legislature of deteriorating conditions at the Youth Rehabilitation and Treatment Center-Geneva. Such conditions necessitated the relocation of female youth from the Youth Rehabilitation and Treatment Center-Geneva due to living conditions posing a threat to the health, safety, and welfare of the female youth residing at the facility under court order. The Health and Human Services Committee of the Legislature found, through a series of public hearings and comments during the 2019 interim, that there was a breakdown in the day-to-day operations of the Youth Rehabilitation and Treatment Center-Geneva, including (1) disrepair of the facilities making them uninhabitable, (2) inadequate staffing, (3) a lack of proper behavioral or mental health services and treatment programming, and (4) a lack of health care, including, but not limited to, medication management. The Department of Health and Human Services has released a business plan to reorganize the youth rehabilitation and treatment center model in Nebraska on a condensed timeline without consultation or input from the Legislature or stakeholders with experience and expertise in youth rehabilitation and treatment. The safety, quality of life, and right to
a safe treatment environment for these youth is of the utmost concern to the Legislature, and it is clear the Youth Rehabilitation and Treatment Center-Geneva has reached a critical point in its ability to care for the female youth entrusted to its care.

REVIEW OF BOARDS AND COMMISSIONS

Section
50-1301. Legislative findings.
50-1302. Government, Military and Veterans Affairs Committee; report.
50-1303. Government, Military and Veterans Affairs Committee; conduct evaluation.
50-1304. Duty to furnish information; report and evaluation assistance.

50-1301 Legislative findings.

The Legislature finds that state government actions have produced an in-
crease in the numbers of boards, commissions, and similar entities that sup-
port, advise, direct, or administer various state programs. The process has
evolved without sufficient legislative and executive oversight and without a
system of checks and balances. Because the Legislature is responsible for the
expenditure of public money and the shaping of the administration of state
government and is held accountable for fiscal policy, the Legislature should also be responsible for the termination, continuation, or modification of such boards, commissions, and similar entities so that it may be assured that its directives have been faithfully carried out.

### 50-1302 Government, Military and Veterans Affairs Committee; report.

(1) Every four years, beginning in 2008, the Government, Military and Veterans Affairs Committee of the Legislature shall prepare and publish a report pertaining to boards, commissions, and similar entities created by law that are made part of or are placed in the executive branch of state government. The committee may also include entities created by executive order or by an agency director. The report shall be submitted electronically to the Legislature on December 1 of such year.

(2) The report shall include, but not be limited to, the following:

(a) The name of each board, commission, or similar entity;

(b) The name of a parent agency, if any;

(c) The statutory citation or other authorization for the creation of the board, commission, or entity;

(d) The number of members of the board, commission, or entity and how the members are appointed;

(e) The qualifications for membership on the board, commission, or entity;

(f) The number of times the board, commission, or entity is required to meet during the year and the number of times it actually met;

(g) Budget information of the board, commission, or entity for the four most recently completed fiscal years; and

(h) A brief summary of the accomplishments of the board, commission, or entity for the past four years.

### 50-1303 Government, Military and Veterans Affairs Committee; conduct evaluation.

(1) The Government, Military and Veterans Affairs Committee of the Legislature may randomly select and conduct an evaluation of any board, commission, or similar entity. An evaluation conducted by the committee shall include, but not be limited to, the following:

(a) A review of the basic assumptions underlying the creation of the board, commission, or entity;

(b) A statement of the impact and effectiveness of the programs, policies, services, or activities administered by, or under the supervision of, the board, commission, or entity; and

(c) A recommendation as to whether the board, commission, or entity should be terminated, continued, or modified.

(2) If the committee believes that a more extensive evaluation of a board, commission, or entity is necessary, the chairperson of the committee, on the committee’s behalf, may request the Legislative Performance Audit Committee
§ 50-1303

LEGISLATURE

to conduct a performance audit pursuant to the Legislative Performance Audit Act. Nothing in this section shall be construed to give requests for performance audits under this section priority over other requests under consideration by the Legislative Performance Audit Committee.

50-1304 Duty to furnish information; report and evaluation assistance.

(2) The Government, Military and Veterans Affairs Committee of the Legislature shall use its staff and may also request assistance from the Director of Research of the Legislature, the Legislative Fiscal Analyst, or any other division within the Legislature as may be necessary in the performance of the duties set forth in sections 50-1301 to 50-1304.

(e) If the respondent member is in default as a collector and custodian of public money or property; or

(f) For any other cause which shows that another person was legally elected.

(2) When the misconduct is on the part of an election commissioner, a county clerk, an inspector, a judge or clerk of election, a member of a counting or canvassing board, or an employee of the election commissioner or county clerk, it shall be insufficient to set aside the election unless the vote of the county or precinct would change the result as to that office.

The Legislature shall return such ballots or notarized copies of such ballots to the election commissioner or county clerk at the conclusion of the election contest.

The election commissioner or county clerk shall make return to the writ, under his or her hand and official seal, of all the facts which either of the parties may desire and which appear from the ballots to affect or relate to the contested election. After the examination of the ballots is completed, the election commissioner or county clerk shall again securely seal the ballots as they were and preserve and destroy them as provided by law in the same manner as if they had not been opened. The certificate of the election commissioner or county clerk certifying the total number of votes received by a candidate shall be prima facie evidence of the facts stated in the certificate, but the persons present at the examination of the ballots may be heard as witnesses to contradict the certificate.

50-1520 Jurisdiction to hear challenge.
Pursuant to Article III, section 10, of the Constitution of Nebraska, the Legislature is vested with the jurisdiction to hear any challenge to the qualifications of a member of the Legislature and is the judge of the elections, returns, and qualifications of its members.

§ 51-201

Public libraries; establishment; tax; amount authorized; limitation; library fund; county library; election required; merger authorized.

The city council of any city, the board of trustees of any incorporated village, the county board of any county, and the electors of any township at their annual town meeting shall have the power to establish a public library free of charge for the use of the inhabitants of such city, village, county, or township.

Any such council, board, or electors may also contract for the use of a public library already established and may levy a tax of not more than ten and five-tenths cents on each one hundred dollars upon the taxable value of all the taxable property in such city, village, county, or township annually to be levied and collected in like manner as other taxes in such city, village, county, or township, except that when any county discontinues township organization, the county shall levy and collect a tax of not more than ten and five-tenths cents on each one hundred dollars for such public library. The levy shall be subject to sections 77-3442 and 77-3443. The amount collected from such levy shall be known as the library fund.

Before establishing a county library, the county board shall submit the question to the voters of the county at a general election pursuant to section 32-559, including only incorporated and unincorporated areas which do not have a public library, and a majority of the voters voting on the question of whether to establish a county library shall authorize the establishment of such county library and the levying of the tax. A city, village, or township within the county that has a public library may merge with the county library, if established, upon a majority vote pursuant to section 51-201.04. When such questions are submitted and carried, the county board shall include the county library in its next succeeding estimate and levy. Such submission shall not be required when the board levies a tax for the purpose of contracting for use of a public library already established. When the county board makes a levy for a county library or for the purpose of contracting for use of a public library already established, the county board shall omit from the levy of the library tax all property within the limits of any city, village, or township in such county which already maintains a library by public tax unless the voters of the city, village, or township have voted to merge with the county library.

The method of merger of libraries provided in this section and sections 51-201.03 to 51-201.07 shall not be construed as the exclusive way to merge libraries or library facilities. Nothing in such sections shall prohibit a county, city, village, or township from entering into an agreement pursuant to the Interlocal Cooperation Act or the Joint Public Agency Act relating to library services.

2. Nonbasic services shall include, but not be limited to, use of:

   a. Photocopying equipment;
   b. Telephones, facsimile equipment, and other telecommunications equipment;
   c. Media equipment;
   d. Personal computers; and
   e. Videocassette recording and playing equipment.

§ 51-201.02 Legislative findings.

The Legislature finds and declares that public libraries perform services which are vitally important for the maintenance of an educated and democratic society, including, but not limited to, providing information which stimulates thought, awareness, and involvement in issues of public interest and providing avenues for intellectual and cultural growth and enjoyment. The Legislature further finds that an educated and culturally aware society is increasingly important in an economy in which Nebraskans must compete on a global scale. It is the intent of the Legislature that Nebraskans will help lead the nation into the world of the twenty-first century.

(1) The city council of any city, the board of trustees of any incorporated village, the county board of any county, and the electors of any township at their annual town meeting shall have the power to establish a museum for the use of the inhabitants of such city, village, county, or township or to contract for the use of a museum already established and may levy a tax of not more than seven cents on each one hundred dollars upon the taxable value of all the taxable property within the city, village, township, or county to be levied each year and collected in like manner as other taxes in such city, village, county, or township and to be known as the museum fund. The levy shall be part of the levy of the city, village, county, or township and shall be subject to sections 77-3442 and 77-3443.

(2) When the county board makes a levy for a county museum, it shall omit from the levy of the museum tax all property within the limits of any city, village, or township in such county which already maintains a museum by public tax. Before establishing such county museum or levying such tax, the county board shall submit the question to the voters of the county and a majority of the voters voting thereon shall have authorized the establishment of such county museum and the levying of the tax. Such questions shall be submitted at a general election only, and when so submitted and carried, it is hereby made the duty of the county board to include the county museum in its next succeeding estimate and levy.

(3) The electors of the county may discontinue such levy by vote of the people in the same manner that the initial levy was authorized, except that the proposition to discontinue such levy shall be placed on the ballot by the county board of such county at a general election only when requested to do so by a petition signed by at least twenty percent of the legal voters of such county based on the total vote cast for Governor at the last general election in the county.

The report shall be in writing and verified by affidavit of the proper officers of such board.

51-511 Museum; conveyance of real estate or other property; procedure; applicability of section.

The museum board may, by resolution of the majority of the board, direct the sale, conveyance, or disposition of any real estate or other property owned by the museum board or by the museum upon such terms and conditions as the museum board deems in the best interest of the museum, except that the provisions of this section shall not include any items or property subject to the
Unmarked Human Burial Sites and Skeletal Remains Protection Act or the federal Native American Graves Protection and Repatriation Act, 25 U.S.C. 3001 et seq. The museum board shall properly document the sale, conveyance, or disposition of any real estate or other property, including a brief description of the real estate or other property, the disposition made, the name of the recipient of the real estate or other property, the amount tendered or a description and stated value of real estate or other property received in exchange, and the date of the transaction. Such bonds shall be of such tenure, form, and denominations, be payable in such installments, at such time or times not exceeding forty years from their date, and at such place or places, bear interest at such rate or rates payable at such place or places and evidenced in such manner, be redeemable prior to maturity with or without premium, and contain such other provisions not inconsistent with the provisions of this section as the governing body of the issuing city, village, county or township shall determine. All bonds issued under the authority of this section and all interest coupons applicable thereto shall be construed to be negotiable instruments despite the fact that they are payable solely from a specified source. Such bonds may be sold at public or private sale in such manner and at such times as may be determined by the governing body of the issuer. Any bonds issued under
the provisions of this section and at any time outstanding may at any time and from time to time be refunded by the issuing agency by the issuance of its refunding bonds in such amount as the governing body may deem necessary but not exceeding an amount sufficient to refund the principal of the bonds to be so refunded, together with any unpaid interest thereon and any premiums necessary to be paid in connection therewith. Such refunding may be either by sale of the refunding bonds and the application of the proceeds thereof for the payment of the bonds to be refunded thereby or by exchange of the refunding bonds for the bonds to be refunded thereby.

51-704 Acquisition of title to loaned property; when.

Subject to any existing security interest in the property, a museum may acquire title to property on permanent loan or loaned for a specified term that has expired if:

(1) The museum gives written notice that the museum is terminating the loan of the property;
(2) The notice that the loan of the property is being terminated includes a statement containing substantially the following information:

The records of (name of museum) indicate that you have property on loan to it. The institution wishes to terminate the loan. If you desire to claim the property, you must contact the institution, establish your ownership of the property, and make arrangements to collect the property. If you fail to do so promptly, you will be considered to have donated the property to the institution; and

(3) The lender does not respond to the notice of termination provided under subdivision (1) of this section within one year after receipt of the notice by filing a notice of intent to preserve an interest in the property on loan.

51-705 Acquisition of title to undocumented property; when.

Subject to any existing security interest in the property, a museum may acquire title to undocumented property held by the museum for at least seven years as follows:

(1) The museum must give notice as provided in subsection (3) of section 51-703 that the museum is asserting title to the undocumented property;
(2) The notice that the museum is asserting title to the property must include a statement containing substantially the following information:

The records of (name of museum) fail to indicate the owner of record of certain property in its possession. The museum hereby asserts title to the following property: (general description of property). If you claim ownership or other legal interest in this property, you must contact the museum, establish ownership of the property, and make arrangements to collect the property. If you fail to do so within three years, you will be considered to have waived any claim you may have had to the property; and

(3) If a claimant or lender does not respond to the notice provided in subdivision (2) of this section within three years by giving a written notice of
intent to retain an interest in the property on loan, the museum’s title to the property becomes absolute.

51-706 Preservation of interest in loaned property; notice; contents.

(1) A notice of intent to preserve an interest in property on loan to a museum filed pursuant to the Museum Property Act shall be in writing and contain all of the following information:

(a) A description of the property adequate to enable the museum to identify the property;

(b) Documentation sufficient to establish the claimant as owner of the property or a holder of a security interest in the property;

(c) A statement attesting to the truth, to the best of the signer’s knowledge, of all information included in or with the notice; and

(d) The signature, under penalty of perjury, of the claimant or a person authorized to act on behalf of the claimant.

(2) The museum need not retain a notice which does not meet the requirements set forth in subsection (1) of this section. If the museum does not intend to retain a notice for this reason, the museum shall promptly notify the claimant at the address given on the notice that the museum believes the notice is ineffective to preserve an interest and the reasons for the insufficiency. The fact that a museum retains a notice under section 51-710 does not mean that the museum accepts the sufficiency or accuracy of the notice or that the notice is effective to preserve an interest in property on loan to the museum.

51-707 Conservation measures; authorized; effect.

(1) Unless there is a written loan agreement to the contrary, a museum may apply conservation measures to loaned property if immediate action is required to protect the property on loan or to protect other property in the custody of the museum, or the property on loan has become a hazard to the health and safety of the public or of the museum’s staff, and:

(a) The museum cannot reach the lender at the lender’s last address of record so that the museum and the lender can promptly agree on a solution; or

(b) The lender will not agree to the protective measures the museum recommends, yet is unwilling or unable to terminate the loan and retrieve the property.

(2) If a museum applies conservation measures under subsection (1) of this section, the museum:

(a) Has a lien on the property and on the proceeds from any disposition of the property for the costs incurred by the museum; and

(b) Is not liable for injury to or loss of the property if the museum:

(i) Had a reasonable belief at the time the action was taken that the action was necessary to protect the property on loan or other property in the custody of the museum or that the property on loan constituted a hazard to the health and safety of the public or the museum’s staff; and
(ii) Exercised reasonable care in the choice and application of the conservation measures.

51-708 Limitation of actions; liability.

(1) An action shall not be brought against a museum for damages because of injury to or loss of property loaned to the museum more than three years from the date the museum gives the lender or claimant notice of the injury or loss or ten years from the date of the injury or loss, whichever occurs earlier.

(2) An action shall not be brought against a museum to recover property on loan more than one year after the date the museum gives the lender or claimant notice of its intent to terminate the loan or notice of acquisition of title to undocumented property.

(3) An action shall not be brought against a museum to recover property on loan more than seven years from the date of the last written contact between the lender or claimant and the museum as evidenced by the museum’s records.

(4) A lender or claimant is considered to have donated loaned property to the museum if the lender fails to file an action to recover the property on loan to the museum within the time periods specified in subsections (1) through (3) of this section.

(5) Notwithstanding subsections (3) and (4) of this section, a lender or claimant who was not given notice as provided in the Museum Property Act that the museum intended to terminate a loan as provided in section 51-704 and who proves that the museum received an adequate notice of intent to preserve an interest in loaned property, which satisfies all of the requirements of section 51-706, within the seven years immediately preceding the filing of an action to recover the property, may recover the property or, if the property has been disposed of, the reasonable value of the property at the time it was disposed of plus interest at the legal rate.

(6) A museum is not liable at any time, in the absence of a court order, for returning property to the original lender even if a claimant other than the lender has filed a notice of intent to preserve an interest in property. If a person claims competing interests in property in the possession of a museum, the burden is upon the claimant to prove the interest in an action in equity initiated by a claimant. A museum is not liable at any time for returning property to an uncontested claimant who produced reasonable proof of ownership or the existence of a security interest pursuant to section 51-706.

51-709 Obligations to lender or claimant.

In order to take title pursuant to the Museum Property Act, a museum has the following obligations to a lender or claimant:

(1) The museum shall retain all written records regarding the property for at least three years after the date of taking title pursuant to the act;

(2) The museum shall keep written records on all loaned property acquired pursuant to section 51-704. Records shall contain the following information:

(a) The lender’s name, address, and telephone number;

(b) The claimant’s name, address, and telephone number;
(c) The nature and terms of the loan; and
(d) The beginning date of the loan period, if known; and
(3) The museum is responsible for notifying a lender or claimant of the museum’s change of address or dissolution.

51-710 Records; maintenance and retention.

Beginning on July 19, 1996, a museum shall at a minimum maintain and retain the following records, either as originals or accurate copies, for a period of not less than twenty-five years:

(1) A notice of intent to preserve an interest in property, if any;
(2) The loan agreement, if any;
(3) A receipt or ledger for property delivered to an owner or claimant; and
(4) Records containing the following information, as available, for property in the museum’s possession:
   (a) The lender’s name, address, and telephone number;
   (b) The claimant’s name, address, and telephone number;
   (c) The donor’s name, address, and telephone number;
   (d) The seller’s name, address, and telephone number;
   (e) The nature and terms of the transaction (loan for specified term, loan for unspecified term, donation, purchase, etc.); and
   (f) The beginning date of the loan period or transaction date.

51-711 Lender or claimant; duty to notify museum; when.

(1) The lender or claimant of property on loan to a museum shall notify the museum of a change of address or change in ownership of the property. Failure to notify the museum of these changes may result in the lender’s or claimant’s loss of rights in the property.

(2) The lender or claimant of property on loan to a museum may file with the museum a notice of intent to preserve an interest in the property as provided for in section 51-706. The filing of a notice of intent to preserve an interest in property on loan to a museum does not validate or make enforceable any claim which would be extinguished under the terms of a written agreement or which would otherwise be invalid or unenforceable.

51-712 Death of owner of property; effect.

Loaned property in the possession of a museum at the time of the owner’s death which would otherwise escheat to the state shall not so escheat but shall become the property of the museum to which it is loaned.

Such notice shall be given in writing and shall specify the nature and amount of the claim or demand, and shall be delivered to the president or vice president, superintendent, agent or the managing director or chief engineer in charge of that portion of the work, or any portion of the railroad, canal, viaduct, bridge or ditch upon which such labor is performed.

§ 52-116 LIENS

52-116 Railroad and similar construction; lien for labor or material; to what attaches.

When material shall have been furnished, or labor performed in the construction, repair, and equipment of any railroad, canal, bridge, viaduct or other similar improvement, such laborer and materialman, contractor, or subcontractor, shall have a lien therefor, and such lien therefor shall extend and attach to the erections, excavations, embankments, bridges, roadbed, and all land upon which the same may be situated, including the rolling stock thereto appertaining and belonging, all of which, including the right-of-way, shall constitute the excavation, erection or improvement provided for and mentioned in sections 52-115 to 52-117.

Mortgage, given prior to construction, mortgagees being promoters, is subject to liens. Waiver of lien is not inferred from taking collateral security. Kilpatrick v. Kansas City & B. R. Co., 38 Neb. 620, 57 N.W. 664 (1894).

52-117 Railroad and similar construction; lien for labor or material; statement of claim; filing; time limit; duration.

Every person, whether contractor or subcontractor or materialman, who wishes to avail himself of the provisions of section 52-116 shall file with the register of deeds of the county in which the building, erection, excavation or other similar improvement to be charged with the lien, is situated, a just and true statement or account of the demand due him after allowing all credits, setting forth the time when such material was furnished or labor performed, and when completed, containing a correct description of the property to be charged with the lien and verified by affidavit. Such verified statement or account must be filed by a principal contractor within ninety days, and by a subcontractor within sixty days from the date on which the last of the material shall have been furnished, or the last of the labor is performed; but a failure or omission to file the same within the periods last aforesaid shall not defeat the lien, except against purchasers or encumbrancers in good faith without notice, whose rights accrued after the sixty or ninety days, as the case may be, and before any claim for the lien was filed; Provided, when a lien is claimed upon a railway, the subcontractor shall have sixty days from the last day of the month in which such labor was done or material furnished within which to file his claim therefor. Such lien shall continue for the period of two years, and any person holding such lien may proceed to obtain a judgment for the amount of his account thereon by civil action. When any suit or suits shall be commenced on such accounts within the time of such lien, the lien shall continue until such suit or suits are finally determined and satisfied.

In case of lien of subcontractor, claim must have been filed within sixty days. McPhee v. Kay, 30 Neb. 62, 46 N.W. 223 (1890).

52-118 Public building construction; bond required for benefit of laborers, mechanics, and suppliers; exception.

Action will lie by unpaid materialman against sureties on bond of contractor for public building, although bond was not conditioned as required by this section, and, since statute requires such bond to provide for payment of material and labor, it will be so construed. Nye-Schneider-Fowler Co. v. Roese, 103 Neb. 614, 173 N.W. 605 (1919).

One furnishing labor or material in construction of building may maintain action against contractor and sureties, and no act or neglect of contractor will defeat right. Forburger Stone Co. v. Lion Bonding & Surety Co., 103 Neb. 202, 170 N.W. 897 (1919).

Subcontractor has no cause of action against department or agency in absence of express or implied contract and must look to contractor or his bond for payment. Boyd v. Benkelman Public Housing Authority, 188 Neb. 69, 195 N.W.2d 230 (1972).

Materialman or supplier can be a subcontractor; factors in determination discussed in holding one who sold and delivered gravel to road construction site to be a subcontractor: purpose and construction of section discussed. McEllhose v. Universal Surety Co., 182 Neb. 847, 158 N.W.2d 228 (1968).

52-118.01 Public building construction; bond; claim for unpaid labor or material; action; procedure.

Every person who has furnished labor or material in the prosecution of the work provided for in the contract set out in subsection (1) of section 52-118, in respect of which a bond is or bonds are furnished under such section, and who has not been paid in full therefor before the expiration of a period of ninety days after the day on which the last of the labor was done or performed by him or her or material was furnished or supplied by him or her for which such claim is made shall have the right to sue on such bond or bonds for the amount or the balance thereof unpaid at the time of the institution of such suit and to prosecute the action to final execution and judgment for the sum or sums justly due him or her. Any person having a direct contractual relationship with a subcontractor but no contractual relationship, express or implied, with the contractor furnishing such bond or bonds shall have a right of action upon the bond or bonds upon giving written notice to the contractor within four months from the date on which such person did or performed the last of the labor or furnished or supplied the last of the material for which such claim is made, stating with substantial accuracy the amount claimed and the name of the party to whom the material was furnished or supplied or for whom the labor was done or performed. Such notice shall be served by mailing the same by registered or certified mail, postage prepaid, in an envelope addressed to the contractor at any place he or she maintains an office or conducts his or her business or his or her residence or in any other manner in which a notice may be served.

Proviso in this section limits the right to bring suit on bond required by section 52-118 to those materialmen, laborers, and subcontractors who deal directly with the prime contractor and those materialmen, laborers, and subcontractors who, lacking express or implied contractual relationship with the prime contractor, have direct contractual relationship with a subcontractor and who give the statutory notice of their claims to the prime contractor. The action shall be in the name of the party claiming the benefits of this action.

For the purposes of subsection (1) of section 52-118, equipment which is rented for a project covered by such subsection under a lease with an option to purchase shall be considered to be equipment rented under a straight lease agreement not to exceed the reasonable rental value of the equipment during the period such equipment is actually used on such project and unless and until the option to purchase is validly exercised under the contract.

Final settlement under public building contract is a determination made and recorded in accordance with established administrative practice by the officer or department in charge that the contract has been completed and final payment is due. Zimmerman's Electric, Inc. v. Fidelity & Deposit Co., 194 Neb. 248, 231 N.W.2d 342 (1975).

52-123 Failure to apply payments received on lawful claims; unlawful; failure to discharge lien; prima facie evidence of intent to deprive or defraud.

It shall be unlawful for any person, firm, or corporation who has taken a contract for the erection, improvement, repair, or removal of any house, mill, manufactory, or building of any kind for another, and has received payment in whole or in part upon such contract, to fail to apply the money so received, or so much thereof as may be necessary for that purpose, in payment of the lawful claims of such laborers or materialmen as could otherwise have a right to file a laborers’ or materialmen’s lien against such house or other structure, with the intent thereby to deprive or defraud the owner or person so paying the person, firm or corporation receiving payment, of his funds without discharging the liens, unless such person, firm, or corporation, taking such contract, shall have received and delivered to the owner of the property the written waiver of lien from all persons who otherwise would have a right to file a lien thereon. In any prosecution under sections 52-123 and 52-124 of the person, firm, or corpora-
tion so receiving payment, when it shall be shown in evidence that any lien for labor or materials existed in favor of any laborer or materialman and that such lien has been filed within the time and at the place as provided by law for the filing of such liens and that such person, firm, or corporation charged has received payment without discharging the lien to the extent of the funds received by him, the fact of acceptance of such payment without having discharged the lien within ten days after receipt of such payment shall be prima facie evidence of intent to deprive or defraud on the part of the person, firm, or corporation so receiving payment.

In this section the words “with the intent thereby to deprive or defraud,” should be read as though it read “with the fraudulent intent thereby to deprive.” State v. McConnell, 201 Neb. 84, 266 N.W.2d 219 (1978).

This section does not make the general contractor an agent or trustee for laborers or materialmen in receiving payments from the property owners, nor does it make the amounts so received a trust fund. State v. McConnell, 201 Neb. 84, 266 N.W.2d 219 (1978).

No express trust arises by operation of this statute and, therefore, 11 U.S.C. 35(a)(14), which prescribes release of debt created by fraud of bankrupt when acting in a fiduciary capacity, does not apply to bankrupt contractor who failed to meet requirements of section 52-123. Matter of Dloogoff, 600 F.2d 166 (8th Cir. 1979).

52-124 Failure to apply payments for lawful claims; failure to discharge lien; penalty.

Any person, firm, or corporation, the members of any firm, or the officers of any corporation, violating the provisions of section 52-123 shall be guilty of a Class II misdemeanor.

(b) NEBRASKA CONSTRUCTION LIEN ACT

52-125 Act, how cited.

Sections 52-125 to 52-159 shall be known and may be cited as the Nebraska Construction Lien Act.

**Source:** Laws 1981, LB 512, § 1.

52-126 Sections, purpose.

Sections 52-125 to 52-159 creates, and provides for the attachment and enforceability of, a lien against real estate in favor of a person furnishing services or materials under a real estate improvement contract. Except as provided in sections 52-125 to 52-159, no nonconsensual lien arises against real estate by reason of improvements made thereon.

52-127 Terms, defined.

As used in sections 52-125 to 52-159, unless the context otherwise requires:

(1) Claimant shall mean a person having a right to a lien under sections 52-125 to 52-159 upon real estate and includes his or her successor in interest;

(2) Contract price shall mean the amount agreed upon by the contracting parties for performing services and furnishing materials covered by the con-
tract, increased or diminished by the price of change orders or extras, amounts attributable to altered specifications, or breach of contract, including but not limited to defects in workmanship or materials. Liquidation of damages between the owner and a prime contractor does not diminish the contract price as to other claimants. If no price is agreed upon by the contracting parties, contract price shall mean the reasonable value of all services or materials covered by the contract;

(3) Contracting owner shall mean a person who owns real estate and who, personally or through an agent, enters into a contract, express or implied, for the improvement of the real estate;

(4) Construction lien or lien shall mean a lien arising under sections 52-125 to 52-159, and shall not include a security interest;

(5) Notice of commencement shall mean the notice specified in section 52-145, whether recorded by an owner or by a claimant;

(6) Notice of termination shall mean a notice terminating a notice of commencement;

(7) Prime contract shall mean any real estate improvement contract made between the contracting owner and a prime contractor;

(8) Prime contractor shall mean any person who makes a real estate improvement contract with a contracting owner;

(9) Services shall not include financing or activities in connection with financing;

(10) Construction security interest shall mean a security interest created by a security agreement that contains a legend on the first page clearly stating that it is a Construction Security Agreement and that secures an obligation which the debtor incurred for the purpose of making an improvement of the real estate in which the security interest is given if the instrument recorded to perfect the interest states that it is a construction security interest;

(11) Good faith shall mean honesty in fact and the observance of reasonable standards of fair dealing in the conduct or transaction involved;

(12) Judicial proceeding shall mean action at law or suit in equity, and any other proceeding in which rights are judicially determined;

(13) To record shall mean to present to the register of deeds for the county where the land is situated a document which he or she accepts and either enters in a daily log or notes thereon an identifying number, regardless of whether under applicable law the register of deeds is directed to file the document or otherwise to maintain a record of it. Recorded and recording have corresponding meanings;

(14) Record location shall mean the location, whether book and page, document number, electronic retrieval code, or other specific place, of a document in the public records accessible in the same recording office where the document containing the reference to the location is found; and

(15) Security interest shall mean a consensual interest in real estate which secures payment or performance of an obligation.

52-128 Contracting owner; presumption of agency.

For the purpose of determining whether an owner is a contracting owner, agency is presumed, in the absence of clear and convincing evidence to the contrary, between employer and employee, between spouses, between joint tenants, and among tenants in common.

52-129 Protected party, residential real estate, defined.

(1) Protected party shall mean:
   (a) An individual who contracts to give a real estate security interest in, or to buy or to have improved, residential real estate all or a part of which he or she occupies or intends to occupy as a residence;
   (b) A person obligated primarily or secondarily on a contract to buy or have improved residential real estate or on an obligation secured by residential real estate if, at the time he or she becomes obligated, he or she is related to an individual who occupies or intends to occupy all or a part of the real estate as a residence; or
   (c) With respect to a security agreement, a person who acquires residential real estate and assumes or takes subject to the obligation of a prior protected party under the real estate security agreement.

(2) Residential real estate shall mean, in relation to a protected party, real estate, improved or to be improved, containing not more than four dwelling units and no nonresidential uses for which the protected party is a lessor. A condominium unit that is otherwise residential real estate remains so even though the condominium development contains more than four dwelling units or units used for nonresidential purposes.

One must intend to occupy the real estate as a residence to be considered a protected party. Midlands Rental & Mach., Inc. v. Christensen Ltd., 252 Neb. 806, 566 N.W.2d 115 (1997).

52-130 Real estate improvement contract, defined.

(1) Except as provided in subsection (2) of this section, real estate improvement contract shall mean an agreement to perform services, including labor, or to furnish materials for the purpose of producing a change in the physical condition of land or of a structure including:
   (a) Alteration of the surface by excavation, fill, change in grade, or change in a shore, bank, or flood plain of a stream, swamp, or body of water;
   (b) Construction or installation on, above, or below the surface of land;
   (c) Demolition, repair, remodeling, or removal of a structure previously constructed or installed;
   (d) Seeding, sodding, or other landscaping operation;
   (e) Surface or subsurface testing, boring, or analyzing; and
CONSTRUCTION LIEN § 52-133

(f) Preparation of plans, surveys, or architectural or engineering plans or drawings for any change in the physical condition of land or structures whether or not used incident to producing a change in physical condition of the real estate.

(2) A contract for the mining or removal of timber, minerals, gravel, soil, sod, or things growing on land, or other similar contracts in which the activity is primarily for the purpose of realizing upon the disposal or removal of the objects removed, or a contract for the planting, cultivation, or harvesting of crops or for the preparation of the soil for planting of crops, is not a real estate improvement contract.

General cleanup activities in preparation for sale of property are inconsistent with the property changes contemplated and required by this section for a valid construction lien. Taylor v. Taylor, 277 Neb. 617, 764 N.W.2d 101 (2009).

52-131 Construction lien; existence; amount; priority; enforcement.

(1) A person who furnishes services or materials pursuant to a real estate improvement contract has a construction lien, only to the extent provided in the Nebraska Construction Lien Act, to secure the payment of his or her contract price.

(2) A lien arises under the act only if the claimant records a lien within the time specified by section 52-137.

(3) Real estate to which a construction lien attaches is specified by section 52-133, and limitations on the existence of a lien for materials are specified by section 52-134.

(4) The amount of a claimant’s lien is specified by section 52-136. The content of the notice of the right to assert a lien to be given to the owner under section 52-136 is specified by section 52-135.

(5) The priority of a claimant’s lien as against other construction-lien claimants is specified in section 52-138, and priority as against claimants other than construction-lien claimants is specified in section 52-139.

(6) Foreclosure of a lien under the act is governed by section 52-155, and the time within which an action to foreclose must be brought by section 52-140.

52-132 Public property; exempt from lien.

Notwithstanding the provisions on existence of a construction lien of section 52-131, no lien attaches under sections 52-125 to 52-159 to real estate owned by the state, a county, a municipality, or other governmental agency or political subdivision.

52-133 Real estate subject to construction lien.

(1) If at the time a construction lien is recorded there is a recorded notice of commencement covering the improvement pursuant to which the lien arises,
the lien is on the contracting owner’s real estate described in the notice of commencement.

(2) Except as provided in subsection (3) of this section, if at the time a construction lien is recorded there is no recorded notice of commencement covering the improvement pursuant to which the lien arises, the lien is on the contracting owner’s real estate being improved or directly benefited.

(3) If a claimant who recorded a lien while there was no recorded notice of commencement covering the real estate later records a notice of commencement, his or her lien is on the contracting owner’s real estate described in the notice of commencement.

(4) If as a part of an improvement on his or her real estate or for the purpose of directly benefiting his or her real estate an owner contracts for improvements on real estate not owned by him or her, persons who furnish services or materials in connection with that improvement have a lien against the contracting owner’s real estate being improved or directly benefited to the same extent as if the improvement had been on the contracting owner’s real estate.

(5) If a recorded notice of commencement covers more than one lot in a platted subdivision of record, a claimant may apportion his or her lien to the various lots covered by the notice of commencement in any proportion he or she chooses and states in his or her recorded lien, including assigning all his or her lien to a particular lot.

(6) If a recorded lien does not contain an apportionment as provided in subsection (5) of this section, the owner may make demand on the claimant to make an apportionment and, if the claimant does not, within thirty days after the demand, make an apportionment by recording an amendment of the recorded lien, the owner may make a good faith apportionment by recording an owner’s statement of apportionment. Notwithstanding the fact that the owner did not in fact give the notice to apportion referred to in this subsection or for any other reason was not entitled to record a statement of apportionment, or did not make a good faith apportionment, the apportionment is conclusive in favor of persons acquiring interests in the real estate after the statement of apportionment is recorded.

52-134 Lien for materials; conditions; limitations.

(1) A lien for furnishing materials arises only if:

(a) They are supplied with the intent, shown by the contract of sale, the delivery order, delivery to the site by the claimant or at his or her direction, or by other evidence, that they be used in the course of construction of, or incorporated into, the improvement in connection with which the lien arises; and

(b) They are either:

(i) Incorporated in the improvement or consumed as normal wastage in construction operations;

(ii) Specially fabricated for incorporation in the improvements and not readily resalable in the ordinary course of the fabricator’s business even though not actually incorporated in the improvement;
(iii) Used for the construction or for the operation of machinery or equipment used in the course of construction and not remaining in the improvement, subject to diminution by the salvage value of those materials; or

(iv) Tools, appliances, or machinery used on the particular improvement, but a lien for supplying tools, appliances, or machinery used on the improvement is limited as provided by subsection (3) of this section.

(2) The delivery of materials to the site of the improvement, whether or not by the claimant, creates a presumption that they were used in the course of construction or were incorporated into the improvement.

(3) A lien arising for the supplying of tools, appliances, or machinery under subdivision (1)(b)(iv) of this section is limited as follows:

(a) If they are rented, the lien is for the reasonable rental value for the period of actual use and any reasonable periods of nonuse taken into account in the rental contract; and

(b) If they are purchased, the lien is for the price but arises only if they were purchased for use in the course of the particular improvement and have no substantial value to the purchaser after the completion of the improvement on which they were used.

Subsection (3)(a) of this section requires that the reasonable rental value of equipment be determined in setting the amount of a lien, regardless of the monetary amount by which the value of the real estate is actually increased by the use of the rented equipment. Midlands Rental & Mach., Inc. v. Christensen Ltd., 252 Neb. 806, 566 N.W.2d 115 (1997).

Testimony of a witness with personal knowledge is sufficient evidence to demonstrate that items listed on a construction lien were actually used. Mid-America Maintenance v. Bill Morris Ford, 232 Neb. 920, 442 N.W.2d 869 (1989).

52-135 Notice of right to assert lien; contents; optional notice to contracting owner; notice, when effective; applicability of section.

(1) At any time after a claimant has entered into the contract under which he or she may claim a lien under the Nebraska Construction Lien Act, he or she may give notice of the right to assert a lien to the contracting owner. The notice of the right to assert a lien must be in writing, state that it is a notice of a right to assert a lien against real estate for services or materials furnished in connection with improvement of the real estate, and contain:

(a) The name of the claimant and the address to which the owner or others may send communications to the claimant;

(b) The name and address of the person with whom the claimant contracted;

(c) The name of the owner against whom a lien is or may be claimed;

(d) A general description of the services or materials provided or to be provided;

(e) A description sufficient to identify the real estate against which the lien is or may be claimed;

(f) A statement that the claimant is entitled to record a lien;

(g) The amount unpaid to the claimant for services or materials, whether or not due, or if no amount is fixed by the contract, a good faith estimate of the amount designated as an estimate; and

(h) The following statement in type no smaller than that used in providing the information required by subdivisions (1)(a) through (1)(g) of this subsection:
Warning. If you did not contract with the person giving this notice, any future payments you make in connection with this project may subject you to double liability.

(2) A claimant may notify the contracting owner, either in the notice of the right to assert a lien or separately, that the claimant must be notified of the recording of any termination of the notice of commencement. The notice to the owner must be in writing and, if not part of the notice of the right to assert a lien, shall contain the information specified in subdivisions (1)(a) through (1)(e) of this section. In addition, the notice shall state that a written notice of the recording of any notice of termination must be given to the claimant at least three weeks before the effective date of the notice of termination.

(3) The claimant shall send a copy of a recorded lien to the contracting owner within ten days after recording, and the recording shall be within the time specified for the filing of liens under section 52-137.

(4) If the contracting owner has held out another person as contracting owner, either by naming that person in the notice of commencement or otherwise, a notice directed to and received by that person is effective against the contracting owner.

(5) If the contracting owner has held out a fictitious or nonexisting person as contracting owner either by naming that person in the notice of commencement or otherwise, a notice to that fictitious or nonexisting person delivered at an address held out by the contracting owner as the address of the fictitious or nonexisting person is effective against the contracting owner.

(6) This section shall apply to a lien claimant only when the contracting owner is a protected party.

This section applies only to protected parties, and although a party that may eventually claim a lien may, if it so desires, give notice of lien liability to the contracting owner, such notice is not required. Midlands Rental & Mach., Inc. v. Christensen Ltd., 252 Neb. 806, 566 N.W.2d 115 (1997).

52-136 Amount of lien.

(1) Subject to subsection (3) of this section:

(a) The lien of a prime contractor is for the unpaid part of his or her contract price; and

(b) Except as against a protected party contracting owner, the lien of a claimant other than a prime contractor is for the amount unpaid under the claimant’s contract.

(2) Except as modified by subsections (4) and (5) of this section, as against a protected party contracting owner, the lien of a claimant other than a prime contractor is for the lesser of:

(a) The amount unpaid under the claimant’s contract; or

(b) The amount unpaid under the prime contract through which the claimant claims at the time the contracting owner receives the claimant’s notice of the right to assert a lien.

(3) The lien of a claimant is reduced by the sum of the liens of claimants who claim through him or her.

(4) If a protected party contracting owner’s lien liability under a particular prime contract as provided in subsection (5) of this section is less than the sum of claims of all claimants claiming through that particular prime contractor:
§ 52-137

(a) Lien claimants whose liens attach at different times have liens in the order of attachment until the owner’s lien liability is exhausted; and

(b) Among claimants whose liens attach, or may attach, at the same time, each claimant’s lien is for his or her pro rata portion of the amount of the contracting owner’s lien liability to claimants whose liens attach at that time.

(5) A protected party contracting owner’s lien liability under a particular prime contract is the prime contract price less payments properly made thereon. A payment is properly made on a prime contract to the extent that the payment:

(a) Is made in good faith before the receipt by the contracting owner of a copy of a recorded lien or of a notice of the right to assert a lien; or

(b) If made after receipt by the contracting owner of a copy of a recorded lien or of a notice of the right to assert a lien, is made in good faith and leaves unpaid a part of the prime contract price sufficient to satisfy the unpaid claims of all claimants who have provided a copy of a recorded lien or who have given notice of the right to assert a lien and whose claims are not being satisfied by the payment.

A potential purchaser’s interest in a property does not satisfy the requirements of “contracting owner” under subsection (3) of section 52-127, and, therefore, potential purchasers cannot limit their liability under subsection (5) of this section for construction liens properly recorded before the filing of their own title document. Lincoln Lumber Co. v. Lancaster, 260 Neb. 585, 618 N.W.2d 676 (2000).

The provisions of this section make it clear that a prime contractor is not entitled to payment from the owner until the liens of the subcontractors are satisfied. Action Heating & Air Cond. v. Petersen, 229 Neb. 796, 429 N.W.2d 1 (1988).

Under this section, regardless of whether a claimant other than a prime contractor has substantially performed his or her contract, the claimant is entitled to a lien for the reasonable value of the labor he or she has performed and the material he or she has furnished. Sorenson v. Dager, 8 Neb. App. 729, 601 N.W.2d 564 (1999).

52-137 Attachment and enforcement of lien; recording required; time limitation; attachment, when.

(1) A claimant’s lien does not attach and may not be enforced unless, after entering into the contract under which the lien arises and not later than one hundred twenty days after his or her final furnishing of services or materials, he or she has recorded a lien.

(2) If a lien is recorded while a notice of commencement is effective as to the improvement in connection with which the lien arises, the lien attaches as of the time the notice is recorded, even though visible commencement occurred before the notice is recorded. A notice of commencement is not effective until recording and, after recording, is effective until its lapse. A notice of commencement lapses at the earlier of its expiration as provided in subsection (2) of section 52-145 or the date it is terminated by a notice of termination as provided in section 52-146.

(3) If a lien is recorded while there is no recorded notice of commencement covering the improvement in connection with which the lien arises, the lien attaches at the earlier of visible commencement of the improvement or the recording of the lien, but if visible commencement has occurred before or within thirty days after the lapse of the last notice of commencement covering the improvement:

(a) The lien attaches at the time the lien is recorded if the lien is recorded within thirty days after lapse of the last effective notice of commencement; or

Under this section, regardless of whether a claimant other than a prime contractor has substantially performed his or her contract, the claimant is entitled to a lien for the reasonable value of the labor he or she has performed and the material he or she has furnished. Sorenson v. Dager, 8 Neb. App. 729, 601 N.W.2d 564 (1999).
(b) The lien relates back to and attaches thirty-one days after the termination date if the lien is recorded more than thirty days after lapse of the last effective notice of commencement.

(4) If new construction is the principal improvement involved and the materials, excavation, preparation of an existing structure, or other preparation are readily visible on a reasonable inspection of the real estate, visible commencement occurs when:

(a) Materials are delivered to the real estate to which the lien attaches preparatory to construction;

(b) Excavation on the real estate to which the lien attaches is begun; or

(c) Preparation of an existing structure to receive the new construction, or other preparation of the real estate to which the lien attaches, is begun.

(5) In all cases not covered by subsection (4) of this section the time visible commencement occurs is to be determined by the circumstances of the case.

The prime purpose of a notice of commencement is to eliminate as a controvertible question of fact the time of visible commencement of operations by providing a method to determine this time with certainty. Borrenpohl v. DaBeers Properties, 276 Neb. 426, 755 N.W.2d 39 (2008).

52-138 Priority among lien claimants.

(1) All liens attaching at the same time have equal priority and share the amount received upon foreclosure of the liens and available for distribution to construction lien claimants in the same ratio as the ratio of the particular lien bears to the total of all liens attaching at the same time.

(2) Except as provided by subsection (3) of this section, liens attaching at different times have priority in the order of attachment.

(3) A claimant who records a notice of commencement after he or she has recorded a lien has only equal priority with claimants who record a lien while the notice of commencement is effective. Any priority which the claimant gained over third parties by recording his or her notice of lien is preserved for the benefit of all claimants having equal priority under this subsection.

52-139 Priority of construction liens as against claims other than construction lien claims.

(1) Except as provided in this section, a construction lien has priority over adverse claims against the real estate as if the construction-lien claimant were a purchaser for value without knowledge who had recorded at the time his or her lien attached.

(2) Except as provided in subsection (3) of this section, a construction lien has priority over subsequent advances made under a prior recorded security interest if the subsequent advances are made with knowledge that the lien has attached.

(3) Notwithstanding knowledge that the construction lien has attached, or the advance exceeds the maximum amount stated in the recorded security agreement and whether or not the advance is made pursuant to a commitment, a subsequent advance made under a security agreement recorded before the construction lien attached has priority over the lien if:
(a) The subsequent advance is made under a construction security agreement and is made in payment of the price of the agreed improvements;

(b) The subsequent advance is made or incurred for the reasonable protection of the security interest in the real estate, such as payment for real property taxes, hazard insurance premiums, or maintenance charges imposed under a condominium declaration or other covenant; or

(c) The subsequent advance was applied to the payment of any lien or encumbrance which was prior to the construction lien.

(4) To the extent that a subsequent security interest is given to secure funds used to pay a debt secured by a security interest having priority over a construction lien under this section, the subsequent security interest is also prior to the construction lien.

(5) Even though notice of commencement has been recorded, a buyer who is a protected party takes free of all construction liens that are not of record at the time his or her title document is recorded.

52-140 Duration of lien; demand to institute judicial proceedings; continuation of lien during pendency of proceeding.

(1) Except as provided in subsections (2) and (3) of this section, a lien that has become enforceable as provided in sections 52-125 to 52-159 continues enforceable for two years after recording of the lien.

(2) Except as provided in subsection (3) of this section, if an owner, holder of a security interest, or other person having an interest in the real estate gives the claimant written demand to institute a judicial proceeding within thirty days, the lien lapses unless within thirty days after receipt of the written demand, the claimant institutes judicial proceedings or records an affidavit that the total contract price is not yet due under the contract for which he or she recorded the lien.

(3) If a judicial proceeding to enforce a lien is instituted while a lien is effective under subsection (1) or (2) of this section, the lien continues during the pendency of the proceeding.

52-141 Surety bond; notice recorded; no lien attaches to real estate; bond, requirements; copy to claimant; action against surety.

(1) A lien does not attach to the real estate on behalf of any claimant claiming through a particular prime contractor if the owner or the prime contractor has procured from a surety company authorized to do business in this state a bond meeting the requirements of this section and has recorded a notice of surety bond.

(2) The bond must obligate the surety company, to the extent of the penal sum of the bond, to pay all sums due to construction lien claimants other than the prime contractor for services and materials supplied pursuant to the contract under which the lien would otherwise arise.

(3) The penal sum of the bond shall be not less than:

(a) Fifty percent of the contract price, if the prime contract price is not more than one million dollars;
§ 52-141  LIENS

(b) Forty percent of the contract price, if the prime contract price is more than one million dollars and not more than five million dollars;

(c) Two million, five hundred thousand dollars, if the prime contract price is more than five million dollars.

(4) The person procuring the bond shall furnish on request a true copy at cost of reproduction to any claimant and is liable to the requesting claimant for any damages caused by failure, without justification, to furnish a copy.

(5) A claimant may not recover under the bond provided for in this section unless he or she:

(a) Institutes suit against the surety within one year after the completion of his or her performance or within any longer period of time permitted by the terms of the bond; and

(b) If he or she is a claimant not having a direct contract relationship with the prime contractor, within ninety days after completion of his or her performance gives the prime contractor written notice of the amount due.

(6) A claimant having a claim under the bond may proceed directly against the surety. A judicial proceeding on the bond may be maintained separately from and without bringing a judicial proceeding against the prime contractor and without complying with the notice and recording procedures of sections 52-125 to 52-159. In any judicial proceeding brought on the bond the court shall award to the prevailing party reasonable attorney’s fees and court costs.

(7) The obligation of a surety under this section is not affected by any change or modification of the contract between the prime contractor and the contracting owner, but the total liability of the surety may not exceed the penal sum of the bond.

52-142 Substitution of collateral; release of lien; procedure.

(1) Any person having an interest in real estate may release the real estate from liens which have attached to it by:

(a) Depositing in the office of the clerk of the district court of the county in which the lien is recorded a sum of money in cash, certified check, or other bank obligation, or a surety bond issued by a surety company authorized to do business in this state, in an amount sufficient to pay the total of the amounts claimed in the liens being released plus fifteen percent of such total; and

(b) Recording, as provided in section 52-151, a certificate of the clerk of the district court showing that the deposit has been made.

(2) The clerk of the district court has an obligation to accept the deposit and issue the certificate.

(3) Upon release of the real estate from a lien under this section, the claimant’s rights are transferred from the real estate to the deposit or surety bond and the claimant may establish his or her claim under sections 52-125 to 52-159. In any judicial proceeding brought on the bond the court shall award to the prevailing party reasonable attorney’s fees and court costs.

52-143 Obligation of claimant to furnish information to other lien claimant; damages; applicability of section.

(1) A prime contractor, on request, is obligated to furnish the following information within a reasonable time, not exceeding ten days, to any person entitled to claim a lien through him or her:

(a) A description of the real estate being improved sufficient to identify it;
(b) The name and address of the contracting owner with whom the prime contractor contracted; and
(c) Whether there is a surety bond and, if so, the name of the surety.

(2) At the request of any person who may claim a lien through him or her, any claimant other than a prime contractor must furnish, within a reasonable time not exceeding five days, the name of the person who contracted for the furnishing by the claimant of the materials or services in connection with which the lien claim may arise.

(3) A person who fails to furnish information as required by this section is liable to the requesting party for actual damages or two hundred dollars as liquidated damages.

(4) This section shall apply only when the real estate improvement contract is with a protected party.

52-144 Waiver of construction lien rights; what constitutes; validity; effect.

(1) A written waiver of construction lien rights signed by a claimant requires no consideration and is valid and binding, whether signed before or after the materials or services were contracted for or furnished. Ambiguities in a written waiver are construed against the claimant.

(2) A written waiver waives all construction lien rights of the claimant as to the improvement to which the waiver relates unless the waiver is specifically limited to a particular lien right or a particular portion of the services or materials furnished.

(3) A waiver of lien rights does not affect any contract rights of the claimant otherwise existing.

(4) Acceptance of a promissory note or other evidence of debt is not a waiver of lien rights unless the note or other instrument expressly so declares.

52-145 Notice of commencement; by whom filed; contents; recording; duration; extension.

(1) A notice of commencement must be signed by the contracting owner, be denominated notice of commencement, and state:

(a) The real estate being or intended to be improved or directly benefited, with a description thereof sufficient for identification;
(b) The name and address of the contracting owner, his or her interest in the real estate, and the name and address of the fee simple title holder, if other than the contracting owner; and
(c) That if, after the notice of commencement is recorded, a lien is recorded as to an improvement covered by the notice of commencement, the lien has priority from the time the notice of commencement is recorded.

(2) The notice of commencement may state its duration, but if a duration is stated of less than six months from the time of recording, the duration of the notice is six months. If no duration is stated, the duration of the notice is one year after the recording.

(3) The notice of commencement may state that it is limited to a particular improvement project, or portion thereof, on the real estate. But the limitation is not effective unless the particular improvement, or portion thereof, to which it applies is stated with sufficient specificity that a claimant, by reasonable inquiry, can determine whether his or her contract is covered by the notice of commencement.

(4) A contracting owner may extend the duration of a notice of commencement by recording before the lapse thereof a continuation statement signed by him or her which refers to the record location and date of recording of the notice of commencement and states the date to which the notice of commencement’s duration is extended.

(5) If no notice of commencement applies to an improvement, any claimant who is entitled to record a lien may record a notice of commencement denominated notice of commencement, claimant recording, signed by him or her, stating:

(a) In accordance with subsection (10) of this section, the real estate being or intended to be improved or directly benefited, with a description thereof sufficient for identification;

(b) The name and address of the contracting owner against whom the notice of commencement is effective;

(c) The name and address of the claimant recording the notice of commencement;

(d) The name and address of the person with whom the claimant contracted with respect to the improvement;

(e) A brief description of the services or materials provided, or to be provided, by the claimant for the improvement; and

(f) That if, after the notice of commencement is recorded, a lien is recorded as to an improvement covered by the notice of commencement, the lien has priority from the time the notice of commencement is recorded.

(6) A claimant recording a notice of commencement, not later than the day it is recorded, must send a copy thereof to the contracting owner. The claimant is liable to the contracting owner for any damages caused by failure to comply with this subsection.

(7) Sections 52-125 to 52-159 apply equally to all notices of commencement, but as to a notice of commencement recorded by a claimant:

(a) Notwithstanding any stated duration, the duration is one year after the recording; and

(b) The limitation under subsection (3) of this section is not effective.

(8) Unless a notice of commencement is limited to a particular improvement project, or portion thereof, it covers all improvements made on the real estate
described therein whether or not they were contemplated at the time of the recording.

(9) Unless a notice of commencement provides otherwise, it covers improvements made on real estate not owned by the contracting owner if, under subsection (4) of section 52-133, a lien arises against the contracting owner’s real estate described in the notice of commencement as a result of the improvements.

(10) A notice of commencement recorded by a claimant under subsection (5) of this section may describe all or any part of the contracting owner’s real estate being improved or directly benefited.

52-146 Termination of notice of commencement; procedure.

(b) Sending, at least three weeks before the effective date of the notice of termination, a copy of the notice of termination, showing the date it was recorded, to all claimants who have requested that the owner notify them of the recording of a notice of termination;

(c) Publishing a notice of the recording of the notice of termination, which notice must comply with the provisions of subsection (2) of this section and be published at least once a week for three consecutive weeks in a newspaper having general circulation in the county where the recording occurs, the last publication of which must be at least five days before the stated termination date; and

(d) Recording an affidavit stating that notice of the recorded notice of termination has been sent to all claimants who have requested notice and that publication has been made. The affidavit must state the newspaper and dates of publication and include a copy of the published notice.

(2) The published notice of the recording of the notice of termination must contain the information required for the notice of termination under subsection (1) of this section, a statement of the date on which the notice of termination was recorded, and a statement that all lien claims for which a notice of lien is not recorded by the termination date may be defeated by a transfer of the real estate.
§ 52-146 LIENS

(1) A recorded lien may be amended by an additional recording at any time during the period allowed for recording the original lien. An amendment adding real estate or increasing the amount of lien claimed is effective as to the additional real estate or increased amount only from the time the amendment is recorded.

(2) A recorded lien may be amended after the period allowed for recording the original lien for the purpose of:

(a) Reducing the amount of the lien;

(b) Reducing the real estate against which the lien is claimed; or

(c) Making an apportionment of the lien among lots of a platted subdivision of record.

(2) Even though an assignment has been recorded, an owner may continue to deal with the original claimant as to the claim until the owner receives notice of the assignment and a direction that no arrangements or payments may be made without the assignee’s consent. If requested by the owner, the assignee must furnish reasonable proof that an assignment has been made and unless he or she does so, the owner may pay the assignor.
(3) Unless a statement of assignment is recorded, the assignee need not be a party to any judicial proceeding to foreclose a security interest, lien, or other encumbrance.
(4) The failure to record an assignment does not otherwise affect its validity.

The demand must refer by record location to the recorded lien under which it was given, and state the date demand was given to institute judicial proceedings and the names of the owner and the claimant.

(2) A claimant who has received demand to institute judicial proceedings may record, in the office in which the lien was recorded, a statement that the total contract price is not yet due under the contract for which the lien was recorded. The statement must refer to the recorded lien by its record location and give the names of the owner and the claimant.

§ 52-153 Owner’s statement of apportionment of lien; recording; contents.

CONSTRUCTION LIEN § 52-157

(3) A statement under subdivision (1)(a) of this section or a judgment under subdivision (1)(c) of this section must refer by record location to the notice of lien to which it applies.

52-155 Proceeding to enforce lien.

(1) Except as otherwise provided in this section, the rules applicable to a civil action apply to a proceeding to foreclose liens under sections 52-125 to 52-159.

(2) In a proceeding to foreclose a lien, all claimants having recorded liens may join as plaintiffs and those who do not join as plaintiffs may be joined as defendants. Any person who records a lien or acquires an interest in real estate after the commencement of the foreclosure proceeding may be made a defendant before judgment.

(3) The court shall determine the amount due or owing to each claimant and direct foreclosure of the liens against the real estate. Foreclosure may be by any method available for foreclosure of security interests in real estate, or otherwise, as ordered by the court.

This section does not limit foreclosure on a construction lien to the mortgage foreclosure statutes, but instead provides that the court may utilize any method available for foreclosure, including but not limited to the mortgage foreclosure statutes. Tilt-Up Concrete, Inc. v. Star City/Federal, Inc., 261 Neb. 64, 621 N.W.2d 502 (2001).

52-156 Recording of notice of termination before abandonment or completion; owner; liability.

(1) If a contracting owner records a notice of termination before abandonment or substantial completion of all the improvements covered by the notice of commencement being terminated, he or she is personally liable to any lien claimant to the extent that the claimant is unable to realize on a lien because the notice of termination was recorded before abandonment or substantial completion.

(2) A notice of termination is effective even though the owner, under subsection (1) of this section, may be personally liable to lien claimants by reason of his or her recording the notice of termination.

52-157 Remedies for wrongful conduct.

(1) If a person is wrongfully deprived of benefits to which he or she is entitled under sections 52-125 to 52-159 by conduct other than that described in section 52-156:

(a) He or she is entitled to damages; and

(b) The court may make orders restraining the owner or other person, or ordering them to proceed on appropriate terms and conditions.

(2) If in bad faith a claimant records a lien, overstates the amount for which he or she is entitled to a lien, or refuses to execute a release of a lien, the court may:

(a) Declare his or her lien void; and

(b) Award damages to the owner or any other person injured thereby.
§ 52-157

LIENS

(3) Damages awarded under this section may include the costs of correcting the record and reasonable attorney’s fees.

To act with bad faith, one must know his or her lien is invalid or overstated or act with reckless disregard as to such facts. Chicago Lumber Co. of Omaha v. Selvera, 282 Neb. 12, 809 N.W.2d 469 (2011).

While this section states that damages awarded may include reasonable attorney fees, it does not mandate the award of such fees. Model Interiors v. 2566 Leavenworth, LLC, 19 Neb. App. 56, 809 N.W.2d 775 (2011).

52-159 Substitution of terms; Revisor of Statutes; duties.

Whenever in the statutes of Nebraska, unless the context otherwise requires, the term mechanic’s lien or words referring to such term occur they shall be taken to mean and apply to construction lien as used in sections 52-125 to 52-159. ARTICLE 4

LIEN OF PHYSICIAN, NURSE, OR HOSPITAL

Section
52-401. Lien; scope and operation; exception; reduction, when; claim of lien; notice; priority of claims; access to records.
52-402. Physician, defined.

52-401 Lien; scope and operation; exception; reduction, when; claim of lien; notice; priority of claims; access to records.

Whenever any person employs a physician, nurse, chiropractor, or hospital to perform professional service or services of any nature, in the treatment of or in connection with an injury, and such injured person claims damages from the party causing the injury, such physician, nurse, chiropractor, or hospital, as the case may be, shall have a lien upon any sum awarded the injured person in judgment or obtained by settlement or compromise on the amount due for the usual and customary charges of such physician, nurse, chiropractor, or hospital applicable at the times services are performed, except that no such lien shall be valid against anyone coming under the Nebraska Workers’ Compensation Act. For persons covered under private medical insurance or another private health benefit plan, the amount of the lien shall be reduced by the contracted discount or other limitation which would have been applied had the claim been submitted for reimbursement to the medical insurer or administrator of such other health benefit plan. The measure of damages for medical expenses in personal injury claims shall be the private party rate, not the discounted amount.

In order to prosecute such lien, it shall be necessary for such physician, nurse, chiropractor, or hospital to serve a written notice upon the person or corporation from whom damages are claimed that such physician, nurse, chiropractor, or hospital claims a lien for such services and stating the amount due and the nature of such services, except that whenever an action is pending in court for the recovery of such damages, it shall be sufficient to file the notice of such lien in the pending action.
A physician, nurse, chiropractor, or hospital claiming a lien under this section shall not be liable for attorney’s fees and costs incurred by the injured person in securing the judgment, settlement, or compromise, but the lien of the injured person’s attorney shall have precedence over the lien created by this section.

Upon a written request and with the injured person’s consent, a lienholder shall provide medical records, answers to interrogatories, depositions, or any expert medical testimony related to the recovery of damages within its custody and control at a reasonable charge to the injured person.

2. **Usual and customary charges**

   In this section, the phrase “usual and customary charges” acts as a cap; it prevents the lien from being an amount greater than what the health care provider typically charges other patients for the services that it provided to the injured party. Midwest Neurosurgery v. State Farm Ins. Cos., 268 Neb. 642, 686 N.W.2d 572 (2004).

3. **Miscellaneous**

   By perfecting the lien created under this section before the tort-feasor pays the judgment or settlement to the patient, the health care provider creates an obligation on the tort-feasor to ensure that the provider’s bill will be satisfied from the funds that the tort-feasor owes to the patient. Midwest Neurosurgery v. State Farm Ins. Cos., 268 Neb. 642, 686 N.W.2d 572 (2004).

   If a tort-feasor’s insurer impairs a lien created under this section, then the insurer is directly liable to the health care provider for the amount that would have been necessary to satisfy the lien. Midwest Neurosurgery v. State Farm Ins. Cos., 268 Neb. 642, 686 N.W.2d 572 (2004).

   A hospital lien which attaches prior to a patient’s filing for bankruptcy relief is unaffected by the patient’s discharge in bankruptcy. An insurance company breaches its duty to a hospital not to impair the hospital’s rights under its lien by settling directly with a patient rather than making payment to the hospital. Alegent Health v. American Family Ins., 265 Neb. 312, 656 N.W.2d 906 (2003).

   The recovery of the full amount owed to a lienholder, less the lienholder’s proportionate share for attorney fees and litigation expenses, operates to fully satisfy debt owed under this section. National Acct. Sys. of Lincoln v. Glasscock, 247 Neb. 620, 529 N.W.2d 529 (1995).

   This section requires a pro rata reduction of medical provider’s lien for any fees due patient’s counsel. In re Guardianship & Conservatorship of Bloomquist, 246 Neb. 711, 523 N.W.2d 352 (1994).

   The proper party defendant in a suit to enforce a hospital lien is generally the party responsible for the patient’s injuries, not that party’s insurer. A hospital lien attaches upon admission of the patient to the hospital for treatment and is thereafter enforceable against the patient, but perfection is required to enforce the lien against third parties. Upon perfection of a lien by a hospital, a duty arises on the part of the tort-feasor’s insurer not to impair the hospital’s lien, and if such an insurer settles directly with the injured party despite the existence of a perfected lien, it has breached that duty and is liable directly to the hospital. At least substantial compliance with the notice requirements of the hospital lien statute is necessary to perfect such a lien, and actual knowledge that the hospital is treating the patient alone is not sufficient. West Neb. Gen. Hosp. v. Farmers Ins. Exch., 239 Neb. 281, 475 N.W.2d 901 (1991).

   The underlying common law contractual obligation between a patient and a medical provider is not affected by a statutory lien. If a patient receives medical services, he or she is always responsible for payment irrespective of whether there is a financially responsible tort-feasor against whom a statutory lien can be asserted in the event of a settlement or judgment in the patient’s favor. The patient’s personal liability for medical services remains intact irrespective of the lien statute. In re Conservatorship of Marshall, 10 Neb. App. 589, 634 N.W.2d 300 (2001).

   A lien that has been perfected under the law of the state where the hospital service was rendered constitutes a valid lien upon any award, judgment, or settlement, regardless of where the event which caused the injury occurred or of the residence of the injured party or the party causing the injury. THRESHER’S LIEN

Section
52-501. Thresher’s, combiner’s, cornsheller’s, or mechanical cornpicker’s lien; perfection; financing statement; filing; enforcement; fee.
52-502. Lien; effect; not assignable; landlord’s share exempt.
52-504. Lien satisfied; financing statement; termination.

52-501 Thresher’s, combiner’s, cornsheller’s, or mechanical cornpicker’s lien; perfection; financing statement; filing; enforcement; fee.

(1)(a) The owner or operator of any threshing machine or combine used in threshing, combining, or hulling grain or seed, (b) the owner or operator of any mechanical cornpicker or mechanical cornhusker used in picking or husking corn, and (c) the owner or operator of any cornsheller used in shelling corn shall have and hold a lien upon such grain, seed, or corn which he or she shall thresh, combine, hull, pick, husk, or shell with such machine to secure the payment to him or her of the charges agreed upon by the person for whom the threshing, combining, hulling, picking, husking, or shelling was done or, if no charges are agreed upon, for such charges as may be reasonable for such threshing, combining, hulling, picking, husking, or shelling.

(2) A lien created under this section shall be perfected as provided in article 9, Uniform Commercial Code. Any financing statement filed to perfect such lien shall contain or have attached thereto (a) the name and address and the social security number or federal tax identification number of the owner or operator claiming the lien, (b) the name and address and the social security number or federal tax identification number, if known, of the person for whom the threshing, combining, hulling, picking, husking, or shelling was done, (c) the amount due for such threshing, combining, hulling, picking, husking, or shelling, (d) the amount of grain, seed, or corn covered by the lien, (e) the place where the grain, seed, or corn is located, and (f) the date on which the threshing, combining, hulling, picking, husking, or shelling was done. Such financing statement shall be filed within thirty days after the threshing, combining, hulling, picking, husking, or shelling was done. The failure to include the social security number or federal tax identification number shall not render any filing unperfected. At the time the lien is filed, the lienholder shall send a copy to the person for whom the threshing, combining, hulling, picking, husking, or shelling was done.
(3) In the event the person for whom the threshing, combining, hulling, picking, husking, or shelling was done desires to sell or deliver the grain, seed, or corn so threshed, combined, hulled, picked, husked, or shelled to a grain elevator or to any other person, such person desiring to sell or deliver the grain, seed, or corn shall notify the consignee or purchaser that the threshing, combining, hulling, picking, husking, or shelling bill has not been paid, and the lien created under this section on such grain, seed, or corn shall shift to the purchase price thereof in the hands of the purchaser or consignee. In the event the grain, seed, or corn is sold or consigned with the consent or knowledge of the person entitled to a lien created under this section within thirty days after the date of such threshing, combining, hulling, picking, husking, or shelling, such lien shall not attach to the grain, seed, or corn or to the purchase price thereof unless the person entitled to the lien notifies the purchaser in writing of the lien.

(4) A lien created under this section shall be treated in all respects as an agricultural lien as provided in article 9, Uniform Commercial Code, and may be enforced in the manner and form provided for the enforcement of secured transactions as provided in article 9, Uniform Commercial Code, except that such enforcement shall be instituted within thirty days after the filing of the lien. The fee for filing, amending, or releasing such lien shall be the same as set forth in section 9-525, Uniform Commercial Code.

(5) Effective January 1, 2015, this section applies to a lien created under this section regardless of when the lien was created.

An action to declare a lien void because there is no underlying debt is an action at law. Lone Cedar Ranches v. Jandebeur, 246 Neb. 769, 523 N.W.2d 364 (1994).

The sole and only purpose of the thresher’s lien law is to give notice of the existence of a lien by the person who combined the grain to all prospective purchasers of grain and to owners thereof within 30 days after completion of combining. The holder of a thresher’s lien has the same rights of enforcement given to owners of secured interests, including the remedy of replevin. A thresher’s lien is remedial in nature and requires liberal construction so that a purchaser may not escape the statute by merely paying the seller in advance. Honstein Trucking v. Sandhills Bref, Inc., 209 Neb. 422, 308 N.W.2d 331 (1981).

§ 52-502 Lien; effect; not assignable; landlord’s share exempt.

A lien created under section 52-501 shall not attach to such grain, seed, or corn in the hands of an innocent purchaser or dealer in the usual course of trade unless all the notices provided for in such section shall have been given. In the event the threshing, combining, hulling, picking, husking, or shelling was done on rented or leased land, the lien shall not apply to the landlord’s or lessor’s share of the grain, seed, or corn. The lien shall not be assignable.

Such disposition shall not occur until thirty days after the mailing of a written notice of the intended disposition by certified mail, return receipt requested, to the last-known address of the owner of the personal property to be disposed of, and to any lien or security interest holder.

52-603 Lien; how satisfied; sale.
In accordance with the terms of the notice given as provided by section 52-601.01, a sale of the goods for reasonable value may be had to satisfy any valid claim of the claimant for which the claimant has a lien on the goods. The balance, if any, of such proceeds shall be delivered to the county treasurer of the county in which the sale was made. The treasurer of the county in which the property was sold shall issue his or her receipt for the balance of
such proceeds. The county treasurer shall make proper entry in the books of his or her office of all such proceeds paid over to him or her, and shall hold the money for a period of five years, and immediately thereafter pay the same into the school fund of the proper county, to be appropriated for the support of the schools, unless the owner of the property sold, his or her legal representatives, or any lienholder or security interest holder of record whose lien or security interest has not previously been satisfied shall, within such period of five years after such proceeds have been deposited with the treasurer, furnish satisfactory evidence of the ownership of such property or satisfactory evidence of the lien or security interest, in which event he, she, or they shall be entitled to receive from the county treasurer the amount so deposited with him or her.

52-605 Redemption.

At any time before the goods are so sold, any person claiming a right of property or possession therein may pay the claimant the amount necessary to satisfy his lien, and pay the reasonable expenses and liabilities incurred in serving notices of advertising and preparing for sale up to the time of such payment. The claimant shall deliver the goods to the person making such payment if he is a person entitled to the possession of the goods on the payment of charges thereon.

52-1103. Lien; time for filing; date of attachment; enforcement.
52-1104. Lien satisfied; financing statement; termination.

52-1101 Lien; scope.

A person, including a firm or corporation, who contracts or agrees with another (1) to furnish any fertilizer, soil conditioner, or agricultural chemical, (2) to furnish machinery and equipment for the application of such products, or (3) to perform work or labor in the application of such products shall have a lien for the agreed charges, or in the absence of an agreement, for the reasonable charges and costs of satisfying such lien, upon the crops produced within one year upon the land where such product was applied, the machinery or equipment for application was used, or the work or labor of application was performed, upon the proceeds from the sale of the crops, and upon livestock and the proceeds from the sale of such livestock when the crops have been fed to such livestock in a way that the identity of the crops has been lost.

Under this section, a valid fertilizer lien is created at the time products, labor, or machinery is supplied, and section 52-1103 establishes the priority of that lien. A lien must be filed within sixty days of the delivery, or that lien, though still valid on crops produced within one year of the date the product was supplied and on proceeds for the sale of such crops, will not have priority over subsequent lienholders. Commerce Sav. Scottsbluff v. F.H. Schafer Elev., 231 Neb. 288, 436 N.W.2d 151 (1989).

52-1102 Lien; perfection; financing statement; filing; fee.

A lien created under section 52-1101 shall be perfected as provided in article 9, Uniform Commercial Code. Any financing statement filed to perfect such lien shall contain or have attached thereto (1) the name and address and the social security number or federal tax identification number, if known, of the person to whom any product, machinery, or equipment was furnished or for whom work or labor was performed, (2) the name and address and the social security number or federal tax identification number of the person claiming the lien, (3) the last date upon which such product, machinery, or equipment was furnished or work or labor was performed under the contract, and (4) the amount due for the product, machinery, or equipment furnished or work or labor performed. The failure to include the social security number or federal tax identification number shall not render any filing unperfected. At the time the lien is filed, the lienholder shall send a copy to the person to whom the product, machinery, or...
equipment was furnished or for whom the work or labor was performed. The fee for filing, amending, or releasing such lien shall be the same as set forth in section 9-525, Uniform Commercial Code.

### 52-1103 Lien; time for filing; date of attachment; enforcement.

In order to be valid against subsequent lienholders, any lien created under section 52-1101 shall be filed within one hundred twenty days after the last date upon which the product, machinery, or equipment was furnished or work or labor was performed under the contract, but in no event shall it have priority over prior lienholders unless prior lienholders have agreed to the contract in writing. Such lien shall attach as of the date of filing. Such lien shall be treated in all respects as an agricultural lien as provided in article 9, Uniform Commercial Code, and may be enforced in the manner and form provided for the enforcement of secured transactions as provided in article 9, Uniform Commercial Code. Effective January 1, 2015, this section applies to a lien created under section 52-1101 regardless of when the lien was created.

Effective date August 28, 2021.

Under section 52-1101, a valid fertilizer lien is created at the time products, labor, or machinery is supplied, and this section establishes the priority of that lien. The Secretary of State shall design and implement a central filing system for effective financing statements. The Secretary of State shall be the system operator. The system shall provide a means for filing effective financing statements or notices of such financing statements on a statewide basis. The system shall include requirements:

(1) That an effective financing statement or notice of such financing statement shall be filed in the office of the Secretary of State. A debtor's residence shall be presumed to be the residence shown on the filing. The showing of an improper residence shall not affect the validity of the filing. The filing officer shall mark the statement or notice with a consecutive file number and with the date and hour of filing and shall hold the statement or notice or a microfilm or other digital copy thereof for public inspection. In addition, the filing officer shall index the statements and notices according to the name of the debtor and shall note in the index the file number and the address of the debtor given in the statement;

(2) That the Secretary of State compile information from all effective financing statements or notices filed with the Secretary of State into a master list (a) organized according to farm product, (b) arranged within each such product (i) in alphabetical order according to the last name of the individual debtors or, in the case of debtors doing business other than as individuals, the first word in the name of such debtors, (ii) in numerical order according to the approved unique identifier of the debtors, (iii) geographically by county, and (iv) by crop year, and (c) containing the information referred to in subdivision (4) of section 52-1307;

(3) That the Secretary of State cause the information on the master list to be published in lists (a) by farm product arranged alphabetically by debtor and (b) by farm product arranged numerically by the debtor’s approved unique identifier. If a registered buyer so requests, the list or lists for such buyer may be limited to any county or group of counties where the farm product is produced or located or to any crop year or years or a combination of such identifiers;
(4) That all buyers of farm products, commission merchants, selling agents, and other persons may register with the Secretary of State to receive or obtain lists described in subdivision (3) of this section. Any buyer of farm products, commission merchant, selling agent, or other person conducting business from multiple locations shall be considered as one entity. Such registration shall be on an annual basis. The Secretary of State shall provide the form for registration which shall include the name and address of the registrant and the list or lists described in subdivision (3) of this section which such registrant desires to receive or obtain. A registration shall not be completed until the form provided is properly completed and received by the Secretary of State accompanied by the proper registration fee. The fee for annual registration shall be thirty dollars.

A registrant shall pay an additional annual fee to receive or obtain lists described in subdivision (3) of this section. For each farm product list, the fee shall be an amount determined by the Secretary of State not to exceed two hundred dollars per year.

The Secretary of State shall maintain a record of the registrants and the lists and contents of the lists received or obtained by the registrants for a period of five years;

(5) That the lists as identified pursuant to subdivision (4) of this section be distributed or published by the Secretary of State not more often than once every month and not less often than once every three months as determined by the Secretary of State. The Secretary of State may provide for the distribution or publication of the lists on any medium and establish reasonable charges for such lists, not to exceed the charges provided for in subdivision (4) of this section.

The Secretary of State shall, by rule and regulation, establish the dates upon which the distributions or publications will be made, the dates after which a filing of an effective financing statement will not be reflected on the next distribution or publication of lists, and the dates by which a registrant must complete a registration to receive or obtain the next list; and

(6) That the Secretary of State remove lapsed and terminated effective financing statements or notices of such financing statements from the master list prior to preparation of the lists required to be distributed or published by subdivision (5) of this section.

Effective financing statements or any amendments or continuations of effective financing statements originally filed in the office of the county clerk that have been indexed and entered on the Secretary of State’s central filing system need not be retained by the county filing office and may be disposed of or destroyed.

The Secretary of State shall apply to the Secretary of the United States Department of Agriculture for (a) certification of the central filing system and (b) approval of the system or method of selecting an approved unique identifier.

The Secretary of State shall remit any funds received pursuant to subdivision (4) of this section to the State Treasurer for credit to the Secretary of State Cash Fund.

LIENS § 52-1312

Sections 52-1301 through 52-1321 were not intended to remove regular U.C.C. provisions regarding the creation, perfection, or priority of security interests. Battle Creek State Bank v. Preusker, 253 Neb. 502, 571 N.W.2d 294 (1997).

52-1314 Filing of continuation statement; requirements; insolvency proceedings; effect.

Succeeding
continuation statements may be filed in the same manner to continue the effectiveness of the original statement.

(2) Any continuation statement that is filed electronically shall include an electronic signature of the secured party which may consist of a signature recognized under section 86-611 or an access code or any other identifying word or number assigned by the Secretary of State that is unique to a particular filer.

(1) Whenever there is no outstanding secured obligation and no commitment to make advances, incur obligations, or otherwise give value, the secured party shall notify the debtor in writing of his or her right to have a notice of lapse of his or her effective financing statement filed which shall lead to the removal of his or her name from the files and lists compiled by the Secretary of State. In lieu of such notice, the secured party may acquire a waiver of the debtor of such right and a request by the debtor that his or her effective financing statement be retained on file. Such notice may be given or waiver acquired by the secured party at any time prior to the time specified in this subsection for giving the notice.

(2) If the secured party does not furnish the notice or obtain the waiver specified in subsection (1) of this section, the secured party shall, within ten days of final payment of all secured obligations, provide the debtor with a written notification of the debtor's right to have a notice of lapse filed. The secured party shall on written demand by the debtor send the debtor a notice of lapse to the effect that he or she no longer claims a security interest under the effective financing statement, which shall be identified by file number. The notice of lapse need only be signed, authorized, or otherwise authenticated by the secured party.

(3) If the affected secured party fails to send a notice of lapse within ten days after proper demand, pursuant to subsection (2) of this section, he or she shall be liable to the debtor for any loss caused to the debtor by such failure.

(4) On presentation to the Secretary of State of a notice of lapse, he or she shall treat it as a termination statement and note it in the index. If he or she has received the notice of lapse in duplicate, he or she shall return one copy of the notice of lapse to the filing party stamped to show the time of receipt thereof.

(5) There shall be no fee for filing a notice of lapse or termination statement.

(2) The Secretary of State shall provide a system that assigns an identifying number to each inquiry made pursuant to subsection (1) of this section. Such number shall be given to the inquiring party at the time of the oral response and shall be included in the written confirmation. The Secretary of State and the county clerks shall maintain a record of inquiries made under this section identifying who made the inquiry, on whom the inquiry was made, and the date of the inquiry.

(3) The Secretary of State may provide for a computerized system for inquiry and confirmation which may be used in lieu of the inquiry and confirmation under subsection (1) of this section. When such a system is implemented and used, it shall have the same effect as an inquiry and confirmation under subsection (1) of this section.

(4) The county clerk and Secretary of State and their employees or agents shall be exempt from all personal liability as a result of any error or omission in providing information as required by this section except in cases of willful misconduct or gross negligence.

Such waiver or release of the security interest shall not serve to establish or alter in any way security interest or lien priorities under Nebraska law.

### § 52-1403 Lien-notification statement; lender response.

Within fifteen calendar days after receiving a lien-notification statement, the lender shall respond to the supplier with either:

(1) A letter of commitment for part or all of the amount in the lien-notification statement and, if the letter of commitment is for only part of the amount in the lien-notification statement, then a copy of the partial commitment shall be sent to the person to whom the agricultural production input was furnished or is to be furnished; or

(2) A written refusal to issue a letter of commitment, and a copy of such refusal shall be sent to the person to whom the agricultural production input was furnished or is to be furnished.

**Source:** Laws 1987, LB 101, § 3.
§ 52-1404 Lender response; effect.

If the lender responds with a letter of commitment, the supplier may not obtain a lien for the amount stated in the letter of commitment. If the lender responds with a written refusal to issue a letter of commitment, the rights of the lender and the supplier are not affected by sections 52-1401 to 52-1411, and any prior perfected lien of the lender under the Uniform Commercial Code shall retain its established priority.

52-1405 Lender; failure to respond; effect.

If a lender does not respond to the supplier within fifteen calendar days after receiving the lien-notification statement:

(1) If the agricultural production input is feed for livestock, a supplier who furnishes the feed has an agricultural production input lien which has priority over any security interest of the lender for the unpaid retail cost of such feed. Such lien may not exceed the amount, if any, that the sales price of the livestock exceeds the greater of the fair market value of the livestock at the time the lien attaches or the acquisition price of the livestock; or

(2) For all other agricultural production input, a supplier who furnishes such agricultural production input has an agricultural production input lien which has priority over any security interest of the lender in the specified crops or their proceeds for the lesser of:

(a) The amount stated in the lien-notification statement; or

(b) The unpaid retail cost of the agricultural production input identified in the lien-notification statement.

52-1406 Lien; attachment; when.

(1) The agricultural production input lien attaches to:

(a) The existing crops upon the land where a furnished agricultural chemical was applied or, if crops are not planted, the next production crop where a furnished agricultural chemical was applied within sixteen months following the last date on which the agricultural chemical was applied;

(b) The crops produced from furnished seed;

(c) The crops produced, harvested, or processed using a furnished petroleum product or furnished electricity. If the crops are grown on leased land and the lease provides for payment in crops, the lien does not attach to the lessor’s portion of the crops. The lien continues in crop products and proceeds, except the lien does not continue in grain after a cash sale; or

(d) All livestock consuming the feed and continues in livestock products and proceeds.

(2) An agricultural production input lien attaches when the agricultural production input is furnished by the supplier to the purchaser.

52-1407 Lien; perfection; financing statement; filing; priority; enforcement; fee.

(1) An agricultural production input lien shall be perfected as provided in article 9, Uniform Commercial Code. Any financing statement filed to perfect
such lien shall contain or have attached thereto the information required in subsection (2) of section 52-1402 and shall be filed within three months after the last date that the agricultural production input was furnished. The failure to include the social security number or federal tax identification number shall not render any filing unperfected. Perfection occurs as of the date such financing statement is filed.

(2) An agricultural production input lien that is not perfected has the priority of an unperfected security interest under section 9-322, Uniform Commercial Code.

(3) An agricultural production input lien shall be treated in all respects as an agricultural lien as provided in article 9, Uniform Commercial Code, and may be enforced in the manner and form provided for the enforcement of secured transactions as provided in article 9, Uniform Commercial Code. For purposes of enforcement of the lien, the lienholder is the secured party and the person to whom the agricultural production input was furnished is the debtor, and each has the respective rights and duties of a secured party and a debtor under article 9, Uniform Commercial Code.

(4) The fee for filing, amending, or releasing such lien shall be the same as set forth in section 9-525, Uniform Commercial Code.

(5) Effective January 1, 2015, this section applies to a lien created under this section regardless of when the lien was created.

52-1408 Lien; enforcement procedures; extinguishment.

An action to enforce an agricultural production input lien may be brought in the district court in a county where some part of the crop or livestock was located after the lien is perfected. A lien-notification statement may be amended, except for the amount demanded, by leave of the court in the furtherance of justice. An agricultural production input lien is extinguished if an action to enforce the lien is not brought within eighteen months after the date the lien-notification statement is filed.

52-1409 Lien satisfied; financing statement; termination.

When an agricultural production input lien is satisfied, any financing statement filed to perfect that lien shall be terminated in the manner and form provided in article 9, Uniform Commercial Code.

52-1410 Sections, how construed.

Nothing in sections 52-1401 to 52-1410 shall be construed to negate or affect the provisions of Chapter 52, articles 2, 5, 7, 9, 11, 12, and 15, and Chapter 54, article 2.

§ 52-1411 Bankruptcy; effect.

HOMEOWNERS’ ASSOCIATION

Section

52-2001. Lien; foreclosure; notice; priority; costs and attorney’s fees; homeowners’ association; furnish statement; restrictions on lien; payments to escrow account; use.

52-2001 Lien; foreclosure; notice; priority; costs and attorney’s fees; homeowners’ association; furnish statement; restrictions on lien; payments to escrow account; use.

(1) A homeowners’ association has a lien on a member’s real estate for any assessment levied against real estate from the time the assessment becomes due and a notice containing the dollar amount of such lien is recorded in the office where mortgages or deeds of trust are recorded. The homeowners’ association’s lien may be foreclosed in like manner as a mortgage on real estate but the homeowners’ association shall give reasonable notice of its action to all lienholders of real estate whose interest would be affected. Unless the homeowners’ association declaration or agreement otherwise provides, fees, charges, late charges, and interest charged are enforceable as assessments under this section. If an assessment is payable in installments, the full amount of the assessment may be a lien from the time the first installment thereof becomes due.

(2) A lien under this section is prior to all other liens and encumbrances on real estate except (a) liens and encumbrances recorded before the recordation of the declaration or agreement, (b) a first mortgage or deed of trust on real estate recorded before the notice required under subsection (1) of this section has been recorded for a delinquent assessment for which enforcement is sought, and (c) liens for real estate taxes and other governmental assessments
or charges against real estate. The lien under this section is not subject to the homestead exemption pursuant to section 40-101.

(3) Unless the declaration or agreement otherwise provides, if two or more homeowners’ associations have liens for assessments created at any time on the same real estate, those liens have equal priority.

(4) A lien for unpaid assessments is extinguished unless proceedings to enforce the lien are instituted within three years after the full amount of the assessments becomes due.

(5) This section does not prohibit actions to recover sums for which subsection (1) of this section creates a lien or prohibit a homeowners’ association from taking a deed in lieu of foreclosure.

(6) A judgment or decree in any action brought under this section must include costs and reasonable attorney’s fees for the prevailing party.

(7) The homeowners’ association, upon written request, shall furnish to a homeowners’ association member a recordable statement setting forth the amount of unpaid assessments against his or her real estate. The statement must be furnished within ten business days after receipt of the request and is binding on the homeowners’ association, the governing board, and every homeowners’ association member.

(8) The homeowners’ association declaration, agreements, bylaws, rules, or regulations may not provide that a lien on a member’s real estate for any assessment levied against real estate relates back to the date of filing of the declaration or that such lien takes priority over any mortgage or deed of trust on real estate recorded subsequent to the filing of the declaration and prior to the recording by the association of the notice required under subsection (1) of this section.

(9) In the event of a conflict between the provisions of the declaration and the bylaws, rules, or regulations or any other agreement of the homeowners’ association, the declaration prevails except to the extent the declaration is inconsistent with this section.

(10)(a) The homeowners’ association may require a person who purchases restricted real estate on or after September 6, 2013, to make payments into an escrow account established by the homeowners’ association until the balance in the escrow account for that restricted real estate is in an amount not to exceed six months of assessments.

(b) All payments made under this subsection and received on or after September 6, 2013, shall be held in an interest-bearing checking account in a bank, savings bank, building and loan association, or savings and loan association in this state under terms that place these payments beyond the claim of creditors of the homeowners’ association. Upon request by an owner of restricted real estate, the homeowners’ association shall disclose the name of the financial institution and the account number where the payments made under this subsection are being held. The homeowners’ association may maintain a single escrow account to hold payments made under this subsection from all of the owners of restricted real estate. If a single escrow account is maintained, the homeowners’ association shall maintain separate accounting records for each owner of restricted real estate.

(c) The payments made under this subsection may be used by the homeowners’ association to satisfy any assessments attributable to an owner of
Restricted real estate for which assessment payments are delinquent. To the extent that the escrow deposit or any part thereof is applied to offset any unpaid assessments of an owner of restricted real estate, the homeowners’ association may require such owner to replenish the escrow deposit.

(d) The homeowners’ association shall return the payments made under this subsection, together with any interest earned on such payments, to the owner of restricted real estate when the owner sells the restricted real estate and has fully paid all assessments.

(e) Nothing in this subsection shall prohibit the homeowners’ association from establishing escrow deposit requirements in excess of the amounts authorized in this subsection pursuant to provisions in the homeowners’ association’s declaration.

(11) For purposes of this section:

(a) Declaration means any instruments, however denominated, that create the homeowners’ association and any amendments to those instruments;

(b)(i) Homeowners’ association means an association whose members consist of a private group of fee simple owners of residential real estate formed for the purpose of imposing and receiving payments, fees, or other charges for:

(A) The use, rental, operation, or maintenance of common elements available to all members and services provided to the member for the benefit of the member or his or her real estate;

(B) Late payments of assessments and, after notice and opportunity to be heard, the levying of fines for violations of homeowners’ association declarations, agreements, bylaws, or rules and regulations; or

(C) The preparation and recordation of amendments to declarations, agreements, resale statements, or statements for unpaid assessments; and

(ii) Homeowners’ association does not include a co-owners association organized under the Condominium Property Act or a unit owners association organized under the Nebraska Condominium Act; and

(c) Real estate means the real estate of a homeowners’ association member as such real estate is specifically described in the member’s homeowners’ association declaration or agreement.

52-2101 Act, how cited.

Sections 52-2101 to 52-2108 shall be known and may be cited as the Commercial Real Estate Broker Lien Act.

52-2102 Terms, defined.

For purposes of the Commercial Real Estate Broker Lien Act:

(1) Commercial real estate means any real estate other than real estate containing no more than four residential units or real estate on which no buildings or structures are located and that is zoned for single-family residential use. Commercial real estate does not include single-family residential units such as condominiums, townhouses, or homes in a subdivision when sold, leased, or otherwise conveyed on a unit-by-unit basis, even though these units may be a part of a larger building or parcel of real estate containing more than four residential units;

(2) Commission means any and all compensation that may be due a commercial real estate broker for performance of licensed services; and

(3) Commission agreement means a written agreement with a designated commercial real estate broker as required by subsections (2) through (6) of section 76-2422.

52-2103 Lien; amount; attachment; when; notice of lien; recording; notice of lien for future commission; how treated.

(1) A commercial real estate broker shall have a lien upon commercial real estate or any interest in that commercial real estate that is the subject of a purchase, lease, or other conveyance to a buyer or tenant of an interest in the commercial real estate in the amount of commissions that the commercial real estate broker is due.

(b) The lien shall be available only to the commercial real estate broker named in a commission agreement signed by an owner or buyer or their respective authorized agents as applicable and is not available to an employee, agent, subagent, or independent contractor of a commercial real estate broker.

(2) A lien under this section shall attach to commercial real estate or any interest in the commercial real estate when:

(a) The commercial real estate broker is entitled to a commission provided in a commission agreement signed by the owner, buyer, or their respective authorized agents, as applicable; and

(b) The commercial real estate broker records a notice of lien in the office of the register of deeds of the county in which the commercial real estate is located, prior to the actual conveyance or transfer of the commercial real estate against which the commercial real estate broker is claiming a lien, except as provided in this section. The lien shall attach as of the date of the recording of the notice of lien and shall not relate back to the date of the commission agreement.
(3) In the case of a lease, including a sublease or an assignment of a lease, the notice of lien shall be recorded not later than ninety days after the tenant takes possession of the leased premises. The lien shall attach as of the recording of the notice of lien and shall not relate back to the date of the commission agreement.

(4)(a) If a commercial real estate broker is due an additional commission as a result of future actions, including, but not limited to, the exercise of an option to expand the leased premises or to renew or extend a lease pursuant to a commission agreement signed by the then owner, the commercial real estate broker may record its notice of lien at any time after execution of the lease or other commission agreement which contains such option, but not later than ninety days after the event or occurrence on which the future commission is claimed occurs.

(b) In the event that the commercial real estate is sold or otherwise conveyed prior to the date on which a future commission is due, and if the commercial real estate broker has filed a valid notice of lien prior to the sale or other conveyance of the commercial real estate, then the purchaser or transferee shall be deemed to have notice of and shall take title to the commercial real estate subject to the notice of lien. If a commercial real estate broker claiming a future commission fails to record its notice of lien for future commission prior to the recording of a deed conveying legal title to the commercial real estate to the purchaser or transferee, then such commercial real estate broker shall not claim a lien on the commercial real estate. This subsection shall not limit or otherwise affect claims or defenses a commercial real estate broker or owner or any other party may have on any other basis, in law or in equity.

(5) If a commercial real estate broker has a commission agreement as described in subdivision (4)(a) of this section with a prospective buyer, then the lien shall attach upon the prospective buyer purchasing or otherwise accepting a conveyance or transfer of the commercial real estate and the recording of a notice of lien by the commercial real estate broker in the office of the register of deeds of the county in which the commercial real estate, or any interest in the commercial real estate, is located, within ninety days after the purchase or other conveyance or transfer to the buyer or tenant. The lien shall attach as of the date of the recording of the notice of lien and shall not relate back to the date of the commission agreement.

52-2104 Notice of lien; mailing of notice required; effect on lien.

The commercial real estate broker shall, within ten days after recording its notice of lien, either mail a copy of the notice of lien to the owner of record of the commercial real estate by registered or certified mail at the address of the owner stated in the commission agreement on which the claim for lien is based or, if no such address is given, then to the address of the commercial real estate on which the claim of lien is based. Mailing of the copy of the notice of lien is effective when deposited in a United States mailbox with postage prepaid. The commercial real estate broker’s lien shall be unenforceable if mailing or service of the copy of notice of lien does not occur at the time and in the manner required by this section.

52-2105 Notice of lien; contents.

The notice of lien shall state the name of the commercial real estate broker, the name as reflected in the commercial real estate broker’s records of any person the commercial real estate broker believes to be an owner of the commercial real estate on which the lien is claimed, the name as reflected in the commercial real estate broker’s records of any person whom the commercial real estate broker believes to be obligated to pay the commission under the commission agreement, a description legally sufficient for identification of the commercial real estate upon which the lien is claimed, and the amount for which the lien is claimed. The notice of lien shall recite that the information contained in the notice is true and accurate to the knowledge of the signatories. The notice of lien shall be signed by the commercial real estate broker or by a person authorized to sign on behalf of the commercial real estate broker and shall be notarized.

52-2106 Lien; period of enforceability.

(1) Except as provided in subsections (2) and (3) of this section, a lien that has become enforceable as provided in section 52-2103 shall continue to be enforceable for two years after the recording of the lien.

(2) Except as provided in subsection (3) of this section, if an owner, holder of a security interest, mortgage, or trust deed, or other person having an interest in the commercial real estate gives the commercial real estate broker written demand to institute a judicial proceeding within thirty days, the lien lapses unless, within thirty days after receipt of the written demand, the commercial real estate broker institutes judicial proceedings.

(3) If a judicial proceeding to enforce a lien is instituted while a lien is effective under subsection (1) or (2) of this section, the lien continues during the pendency of the proceeding.

52-2107 Priority of liens.

(1) Recorded liens, mortgages, trust deeds, and other encumbrances on commercial real estate, including a recorded lien securing revolving credit and future advances for a loan, recorded before the date the commercial real estate broker’s lien is recorded, shall have priority over the commercial real estate broker’s lien.

(2) A construction lien claim that is recorded after the commercial real estate broker’s notice of lien but that relates back to a date prior to the recording date of the commercial real estate broker’s notice of lien has priority over the commercial real estate broker’s lien.

(3) A purchase-money lien executed by the buyer of commercial real estate in connection with a loan for which any part of the proceeds are used to pay the purchase price of the commercial real estate has priority over a commercial real estate broker’s lien claimed for the commission owed by the buyer against the commercial real estate purchased by the buyer.

§ 52-2108 Release of lien; procedure; escrow established or interpleader filed; recording of document required; failure to file; additional procedures.

(1) Whenever a notice of a commercial real estate broker’s lien has been recorded, the record owner of the commercial real estate may have the lien released by depositing funds equal to the full amount stated in the notice of lien plus fifteen percent to be applied towards any lien under section 52-2103. These funds shall be held in escrow by such person and by such process which may be agreed to by the parties, either in the commission agreement or otherwise, for the payment to the commercial real estate broker or otherwise for resolution for their dispute or, in the absence of any such mutually agreed person or process, the funds may be deposited with the district court by the filing of an interpleader. Upon such deposit of funds by interpleader, the commercial real estate shall be considered released from such lien or claim of lien. Upon written notice to the commercial real estate broker that the funds have been escrowed or an interpleader filed, the commercial real estate broker shall, within ten business days, record in the office of the register of deeds where the notice of commercial real estate broker’s lien was filed pursuant to section 52-2103 a document stating that the lien is released and the commercial real estate released by an escrow established pursuant to this section or by interpleader. If the commercial real estate broker fails to file such document, the person holding the funds may sign and file such document and deduct from the escrow the reasonable cost of preparing and filing the document. Upon the filing of such document, the commercial real estate broker shall be deemed to have an equitable lien on the escrow funds pending a resolution of the commercial real estate broker’s claim for payment and the funds shall not be paid to any person, except for such payment to the holder of the funds as set forth in this section, until a resolution of the commercial real estate broker’s claim for payment has been agreed to by all necessary parties or ordered by a court having jurisdiction.

(2) Except as otherwise provided in this section, whenever a commercial real estate broker’s lien has been recorded and an escrow account is established either from the proceeds from the transaction, conveyance, or any other source of funds computed as one hundred fifteen percent of the amount of the claim for lien, then the lien against the commercial real estate shall be extinguished and immediately become a lien on the funds contained in the escrow account. The requirement to establish an escrow account, as provided in this section, shall not be cause for any party to refuse to complete or close the transaction.

Amendment to this section, made by Chapter 5, Seventy-fourth Extraordinary Session of the Legislature, 1963, was unconstitutional because not within the Governor's call. Arrow Club, Inc. v. Nebraska Liquor Control Commission, 177 Neb. 686, 131 N.W.2d 134 (1964).

Although organized as private club, evidence established that it was operated as private business of an individual. State ex rel. Fitzgerald v. Kubik, 167 Neb. 219, 92 N.W.2d 533 (1958).

Nowhere in the statutes relating to the liquor laws is there any requirement that an applicant show need before obtaining a license and the Nebraska Liquor Control Commission cannot do so by rule; therefore, rules 2 and 13, which require such a showing, are invalid. Bond v. Nebraska Liquor Control Comm., 210 Neb. 663, 316 N.W.2d 600 (1982).

The Liquor Control Commission has the power to regulate all phases of the control of manufacture, distribution, sale, and traffic in intoxicating liquors. J K & J, Inc. v. Nebraska Liquor Control Commission, 194 Neb. 413, 231 N.W.2d 694 (1975).

The Nebraska Liquor Control Commission has power to regulate distribution and sale of alcoholic liquors. T & N P Co., Inc. v. Nebraska Liquor Control Commission, 189 Neb. 708, 204 N.W.2d 809 (1973).

Power to regulate all phases of control of manufacture, distribution, sale and traffic in intoxicating liquors is vested exclusively in the Liquor Control Commission. City of Lincoln v. Nebraska Liquor Control Commission, 181 Neb. 277, 147 N.W.2d 803 (1967).

The Liquor Control Commission has the power to regulate all phases of the control of manufacture, distribution, sale, and traffic in intoxicating liquors. State ex rel. Nebraska Beer Wholesalers Assn. v. Young, 153 Neb. 395, 44 N.W.2d 806 (1950).

(iv) 200 to 300 barrel daily capacity, tier four;
(v) 300 to 400 barrel daily capacity, tier five;
(vi) 400 to 500 barrel daily capacity, tier six;
(vii) 500 barrel daily capacity, or more, tier seven.

(b) For purposes of this subsection, daily capacity means the average daily barrel production for the previous twelve months of manufacturing operation. If no such basis for comparison exists, the manufacturing licensee shall pay in advance for the first year’s operation a fee of five hundred dollars.

(4) There shall be five classes of nonbeverage users’ licenses: Class 1, Class 2, Class 3, Class 4, and Class 5.

(5) In lieu of a manufacturer’s, a retailer’s, or a wholesaler’s license, there shall be a license to operate issued for a craft brewery, a farm winery, or a microdistillery.

(6)(a) There shall be six classes of retail licenses:

(i) Class A: Beer only, for consumption on the premises;

(ii) Class B: Beer only, for consumption off the premises, sales in the original packages only;

(iii) Class C: Alcoholic liquor, for consumption on the premises and off the premises, sales in original packages only except as provided in subdivision (6)(a)(vi) of this section and subsection (2) of section 53-123.04. If a Class C license is held by a nonprofit corporation, it shall be restricted to consumption on the premises only. A Class C license may have a sampling designation restricting consumption on the premises to sampling, but such designation shall not affect sales for consumption off the premises under such license;

(iv) Class D: Alcoholic liquor, including beer, for consumption off the premises, sales in the original packages only, except as provided in subdivision (6)(a)(vi) of this section and subsection (2) of section 53-123.04;

(v) Class I: Alcoholic liquor, for consumption on the premises except as provided in subsection (5) of section 53-123.04; and

(vi) Class J: Alcoholic liquor, including beer, for consumption off the premises, sales in the original packages only, for a retail licensee whose annual gross revenue from the sale of alcohol does not exceed twenty percent of the licensee’s total annual gross revenue from all retail sales.

(b) All applicable license fees shall be paid by the applicant or licensee directly to the city or village treasurer in the case of premises located inside the corporate limits of a city or village and directly to the county treasurer in the case of premises located outside the corporate limits of a city or village.

(7) There shall be four types of shipping licenses as described in section 53-123.15: Manufacturers, vintage wines, manufacture direct sales, and retail direct sales.

(8) There shall be two types of wholesale licenses: Alcoholic liquor and beer only. The annual fee shall be paid for the first and each additional wholesale place of business operated in this state by the same licensee and wholesaling the same product.

(9) There shall be a bottle club license. All applicable license fees shall be paid by the applicant or licensee directly to the city or village treasurer in the case of premises located inside the corporate limits of a city or village and directly to the county treasurer in the case of premises located outside the corporate limits of a city or village.

(10) The license year, unless otherwise provided in the Nebraska Liquor Control Act, shall commence on May 1 of each year and shall end on the
following April 30, except that the license year for a Class C license shall commence on November 1 of each year and shall end on the following October 31. During the license year, no license shall be issued for a sum less than the amount of the annual license fee as fixed in section 53-124.01, regardless of the time when the application for such license has been made, except that (a) when there is a purchase of an existing licensed business and a new license of the same class is issued or (b) upon the issuance of a new license for a location which has not been previously licensed, the license fee and occupation taxes shall be prorated on a quarterly basis as of the date of issuance.

Operative date May 26, 2021.

It was error for the Nebraska Liquor Control Commission to refuse a license on grounds of “unfair competition” when the applicant was not advised ahead of time that that issue would be considered by the commission. A license may not be denied solely on the grounds that it might give one business a “competitive edge” over others in the area. Halbert v. Nebraska Liquor Control Commission, 206 Neb. 687, 294 N.W.2d 864 (1980).

There is a difference between nonprofit corporation license and bottle club license. Arrow Club, Inc. v. Nebraska Liquor Control Commission, 177 Neb. 686, 131 N.W.2d 134 (1964).

Despite absence of severance clause, ordinance which provided several distinct and separate grounds upon which to base revocation of liquor licenses was not rendered invalid in its entirety by reason of invalidity of some portions. Clark v. City of Fremont, 377 F.Supp. 327 (D. Neb. 1974).

53-124.01 Fees for annual licenses.

(1) The fees for annual licenses finally issued by the commission shall be as provided in this section and section 53-124.

(2) Airline license . . . $100

(3) Boat license . . . $50

(4) Bottle club license . . . $300

Any conditions placed on a Class D-1, Class E, Class F, Class H, Class J, Class K, or bottle club license by the local governing body or the commission prior to May 1, 2005, shall continue to apply to the license issued to such holder on such date.

53-124.11 Special designated license; issuance; procedure; fee.

(1) The commission may issue a special designated license for sale or consumption of alcoholic liquor at a designated location to a retail licensee, a craft brewery licensee, a microdistillery licensee, a farm winery licensee, the holder of a manufacturer’s license issued pursuant to subsection (2) of section 53-123.01, a municipal corporation, a fine arts museum incorporated as a nonprofit corporation, a religious nonprofit corporation which has been exempted from the payment of federal income taxes, a political organization which has been exempted from the payment of federal income taxes, or any other nonprofit corporation the purpose of which is fraternal, charitable, or public service and which has been exempted from the payment of federal income taxes, under conditions specified in this section. The applicant shall demonstrate meeting the requirements of this subsection.

(2) No retail licensee, craft brewery licensee, microdistillery licensee, farm winery licensee, holder of a manufacturer’s license issued pursuant to subsection (2) of section 53-123.01, organization, or corporation enumerated in subsection (1) of this section may be issued a special designated license under this section for more than six calendar days in any one calendar year. Only one special designated license shall be required for any application for two or more consecutive days. This subsection shall not apply to any holder of a catering license.

(3) Except for any special designated license issued to a holder of a catering license, there shall be a fee of forty dollars for each day identified in the special designated license. Such fee shall be submitted with the application for the special designated license, collected by the commission, and remitted to the State Treasurer for credit to the General Fund. The applicant shall be exempt from the provisions of the Nebraska Liquor Control Act requiring an application or renewal fee and the provisions of the act requiring the expiration of
forty-five days from the time the application is received by the commission prior to the issuance of a license, if granted by the commission. The retail licensees, craft brewery licensees, microdistillery licensees, farm winery licensees, holders of manufacturer’s licenses issued pursuant to subsection (2) of section 53-123.01, municipal corporations, organizations, and nonprofit corporations enumerated in subsection (1) of this section seeking a special designated license shall file an application on such forms as the commission may prescribe. Such forms shall contain, along with other information as required by the commission, (a) the name of the applicant, (b) the premises for which a special designated license is requested, identified by street and number if practicable and, if not, by some other appropriate description which definitely locates the premises, (c) the name of the owner or lessee of the premises for which the special designated license is requested, (d) sufficient evidence that the holder of the special designated license, if issued, will carry on the activities and business authorized by the license for himself, herself, or itself and not as the agent of any other person, group, organization, or corporation, for profit or not for profit, (e) a statement of the type of activity to be carried on during the time period for which a special designated license is requested, and (f) sufficient evidence that the activity will be supervised by persons or managers who are agents of and directly responsible to the holder of the special designated license.

(4) No special designated license provided for by this section shall be issued by the commission without the approval of the local governing body. The local governing body may establish criteria for approving or denying a special designated license. The local governing body may designate an agent to determine whether a special designated license is to be approved or denied. Such agent shall follow criteria established by the local governing body in making his or her determination. The determination of the agent shall be considered the determination of the local governing body unless otherwise provided by the local governing body. For purposes of this section, the local governing body shall be the city or village within which the premises for which the special designated license is requested are located or, if such premises are not within the corporate limits of a city or village, then the local governing body shall be the county within which the premises for which the special designated license is requested are located.

(5) If the applicant meets the requirements of this section, a special designated license shall be granted and issued by the commission for use by the holder of the special designated license. All statutory provisions and rules and regulations of the commission that apply to a retail licensee shall apply to the holder of a special designated license with the exception of such statutory provisions and rules and regulations of the commission so designated by the commission and stated upon the issued special designated license, except that the commission may not designate exemption of sections 53-180 to 53-180.07. The decision of the commission shall be final. If the applicant does not qualify for a special designated license, the application shall be denied by the commission.

(6) A special designated license issued by the commission shall be mailed or delivered electronically to the city, village, or county clerk who shall deliver such license to the licensee upon receipt of any fee or tax imposed by such city, village, or county.

Violation of any provision of this section or section 53-124.12 or any rules or regulations adopted and promulgated pursuant to such sections occurring during an event being catered by such licensee may be cause to revoke, cancel, or suspend the class of retail license issued under section 53-124 held by such licensee.

53-124.14 Applicants outside cities and villages; airport authorities; Nebraska State Fair Board; issuance of licenses; when permitted.

(1) The commission may license the sale of alcoholic liquor at retail in the original package to applicants who reside in any county in which there is no incorporated city or village or in which the county seat is not located in an incorporated city or village if the licensed premises are situated in an unincorporated village having a population of twenty-five inhabitants or more as determined by the most recent federal decennial census or the most recent revised certified count by the United States Bureau of the Census.

(3) For purposes of this section, local governing body means the governing body of the city or village within which the farmers market for which the permit is requested is located or, if such farmers market is not within the
§ 53-124.17 LIQUORS

corporate limits of a city or village, local governing body means the governing
body of the county within which the farmers market for which the permit is

(4) No permit shall be granted under this section without the approval of the
local governing body and the submission of a safety and security plan contain-

promotional farmers market special designated license. The local governing
body may establish criteria for approving or denying a permit. The local
governing body may designate an agent to determine whether a permit is to be
approved or denied. Such agent shall follow criteria established by the local
governing body in making the determination. The determination of the agent
shall be considered the determination of the local governing body unless
otherwise provided by the local governing body.

(5) The decision of the local governing body shall be final. If the applicant
does not qualify for a permit to use the promotional farmers market special
designated license to sell or dispense alcoholic liquor, including beer, for
consumption at a farmers market, the permit shall be denied.

(6) The city, village, or county clerk shall deliver confirmation of the permit

12, or any similar offense under a prior criminal statute or in another state,
except that any additional requirements imposed by this subdivision on May 18,
1983, shall not prevent any person holding a license on such date from

May 18, 1983, (6) a person whose license issued under the Nebraska Liquor
Control Act has been revoked for cause, (7) a person who at the time of

for such license upon initial application, (8) a partnership, unless one of the
partners is a resident of Nebraska and unless all the members of such partner-
ship are otherwise qualified to obtain a license, (9) a limited liability company,
if any officer or director of the limited liability company or any member having
an ownership interest in the aggregate of more than twenty-five percent of such
company would be ineligible to receive a license under this section for any
reason other than the reasons stated in subdivisions (1) and (3) of this section, or if a manager of a limited liability company licensee would be ineligible to receive a license under this section for any reason, (10) a corporation, if any officer or director of the corporation or any stockholder owning in the aggregate more than twenty-five percent of the stock of such corporation would be ineligible to receive a license under this section for any reason other than the reasons stated in subdivisions (1) and (3) of this section, or if a manager of a corporate licensee would be ineligible to receive a license under this section for any reason. In exercising discretion to refuse license, Nebraska Liquor Control Commission may consider factors in addition to those set out in this section. T & N P Co., Inc. v. Nebraska Liquor Control Commission, 189 Neb. 708, 204 N.W.2d 809 (1973).

§ 53-128 Transferred to section 53-116.02.

§ 53-129 Retail, bottle club, craft brewery, and microdistillery licenses; premises to which applicable; temporary expansion; procedure.

(1) Except as otherwise provided in subsection (3) of this section, retail, bottle club, craft brewery, and microdistillery licenses issued under the Nebraska Liquor Control Act apply only to that part of the premises described in the application approved by the commission and in the license issued on the application. For retail, bottle club, and microdistillery licenses, only one location shall be described in each license. For craft brewery licenses, up to five separate physical locations may be described in each license.

(2) After such license has been granted for the particular premises, the commission, with the approval of the local governing body and upon proper showing, may endorse upon the license permission to add to, delete from, or abandon the premises described in such license and, if applicable, to move from the premises to other premises approved by the local governing body. In order to obtain such approval, the retail, bottle club, craft brewery, or microdistillery licensee shall file with the local governing body a request in writing and a statement under oath which shows that the premises, as added to or deleted from or to which such move is to be made, comply in all respects with the requirements of the act. No such addition, deletion, or move shall be made by any such licensee until the license has been endorsed to that effect in writing by the local governing body and by the commission and the licensee furnishes proof of payment of the renewal fee prescribed in subsection (4) of section 53-131.

(3)(a) A retail, bottle club, craft brewery, or microdistillery licensee may apply to the local governing body for a temporary expansion of its licensed premises to an immediately adjacent area owned or leased by the licensee or to an immediately adjacent street, parking lot, or alley, not to exceed fifty days for calendar year 2020 and, for each calendar year thereafter, not to exceed fifteen days per calendar year. The temporary area shall otherwise comply with all requirements of the Nebraska Liquor Control Act.

(b) The licensee shall file an application with the local governing body which shall contain (i) the name of the applicant, (ii) the premises for which a
temporary expansion is requested, identified by street and number if practicable and, if not, by some other appropriate description which definitely locates the premises, (iii) the name of the owner or lessee of the premises for which the temporary expansion is requested, (iv) sufficient evidence that the licensee will carry on the activities and business authorized by the license for himself, herself, or itself and not as the agent of any other person, group, organization, or corporation, for profit or not for profit, (v) a statement of the type of activity to be carried on during the time period for which a temporary expansion is requested, and (vi) sufficient evidence that the temporary expansion will be supervised by persons or managers who are agents of and directly responsible to the licensee.

(c) No temporary expansion provided for by this subsection shall be granted without the approval of the local governing body. The local governing body may establish criteria for approving or denying a temporary expansion. The local governing body may designate an agent to determine whether a temporary expansion is to be approved or denied. Such agent shall follow criteria established by the local governing body in making the determination. The determination of the agent shall be considered the determination of the local governing body unless otherwise provided by the local governing body.

(d) For purposes of this section, the local governing body shall be that of the city or village within which the premises for which the temporary expansion is requested are located or, if such premises are not within the corporate limits of a city or village, then the local governing body shall be that of the county within which the premises for which the temporary expansion is requested are located.

(e) The decision of the local governing body shall be final. If the applicant does not qualify for a temporary expansion, the temporary expansion shall be denied by the local governing body.

(f) The city, village, or county clerk shall deliver confirmation of the temporary expansion to the licensee upon receipt of any fee or tax imposed by such city, village, or county.

If a named licensee desires to relocate the license, the licensee may do so under the provisions of this section by making application to either the Nebraska Liquor Control Commission or the local governing body. The relocation of a license from its issued premises to new premises is dependent upon approval by the local governing body. City of Lincoln v. Nebraska Liquor Control Comm., 208 Neb. 630, 304 N.W.2d 922 (1981).

An agreement between lessor and lessee that lessee will apply for a license for the premises, and will not seek permission to transfer it to another location, and upon expiration of the lease will assist lessor in obtaining a license for the premises is not void. Greco v. Bonacci, 194 Neb. 685, 234 N.W.2d 904 (1975).

Where licensee stored alcoholic beverages in an unauthorized area without permission of the commission and permitted part of licensed premises to be used for gambling, suspension of license was authorized and reasonable. O’Connor v. Nebraska Liquor Control Commission, 191 Neb. 436, 215 N.W.2d 635 (1974).

Purpose of this section is to provide a short procedure for change of location of business of licensee. City of Lincoln v. Nebraska Liquor Control Commission, 181 Neb. 277, 147 N.W.2d 803 (1967).
(1) New licenses to manufacturers, wholesalers, railroads, airlines, boats, special party buses, pedal-pub vehicles, and nonbeverage users of alcoholic liquor may be issued by the commission upon (a) written application in duplicate filed in the manner and on such forms as the commission prescribes and in which the applicant for a beer wholesale license sets forth the sales territory in Nebraska in which it is authorized by a manufacturer or manufacturers to sell their brand or brands and the name of such brand or brands, (b) receipt of bond, (c) payment in advance of the nonrefundable application fee of forty-five dollars and the license fee, and (d) such notice and hearing as the commission fixes by its own order.

(2) A notice of such application shall be served upon the manufacturer or manufacturers listed in any application for a beer wholesale license and upon any existing wholesaler licensed to sell the brand or brands in the described sales territory.

(3) A license so issued may be renewed without formal application upon payment of license fees and a renewal fee of forty-five dollars prior to or within thirty days after the expiration of the license. The payment of such fees shall be an affirmative representation and certification by the licensee that all answers contained in an application, if submitted, would be the same in all material respects as the answers contained in the last previous application. The commission may at any time require a licensee to submit an application.

53-130.01 Beer; manufacturers and shippers; file notice; contents.

Every manufacturer or shipper of beer shall, before commencing or continuing business, file with the commission a notice in writing stating the name of the person, company, corporation, or firm, the names of the members of any such company or firm, the place of residence of such persons, a legal description of the premises on which the office of the manufacturer or shipper is situated and the title to such premises, and the name of the owner thereof.

53-131 Retail, bottle club, craft brewery, and microdistillery licenses; application; fees; notice of application to city, village, or county; cigar shop; information required; renewal; fee.

(1) Any person desiring to obtain a new license to sell alcoholic liquor at retail, a bottle club license, a craft brewery license, or a microdistillery license shall file with the commission:

(a) An application upon forms prescribed by the commission, including the information required by subsection (3) of this section for an application to operate a cigar shop;
§ 53-131.01

(b) The license fee if under sections 53-124 and 53-124.01 such fee is payable to the commission, which fee shall be returned to the applicant if the application is denied; and

(c) The nonrefundable application fee in the sum of four hundred dollars, except that the nonrefundable application fee for an application for a cigar shop shall be one thousand dollars.

(2) The commission shall notify the clerk of the city or village in which such license is sought or, if the license sought is not sought within a city or village, the county clerk of the county in which such license is sought, of the receipt of the application and shall include one copy of the application with the notice. No such license shall be issued or denied by the commission until the expiration of the time allowed for the receipt of a recommendation of denial or an objection requiring a hearing under subdivision (1)(a) or (b) of section 53-133.

During the period of forty-five days after the date of receipt by mail or electronic delivery of such application from the commission, the local governing body of such city, village, or county may make and submit to the commission recommendations relative to the granting or refusal to grant such license to the applicant.

(3) For an application to operate a cigar shop, the application shall include proof of the cigar shop's annual gross revenue as requested by the commission and such other information as requested by the commission to establish the intent to operate as a cigar shop. The commission may adopt and promulgate rules and regulations to regulate cigar shops. The rules and regulations existing on August 1, 2014, applicable to cigar bars shall apply to cigar shops until amended or repealed by the commission.

(4) For renewal of a license under this section, a licensee shall file with the commission an application, the license fee as provided in subdivision (1)(b) of this section, and a renewal fee of forty-five dollars.

Failure to obtain approval to relocate a license pursuant to section 53-129, R.R.S.1943 does not mean that another license may not be sought under this section. City of Lincoln v. Nebraska Liquor Control Comm., 208 Neb. 630, 304 N.W.2d 922 (1981).

City council's resolution approving applicant's request for Class C license includes, by implication, a recommendation for a Class D license. Winkelmann v. Nebraska Liquor Control Commission, 198 Neb. 481, 253 N.W.2d 307 (1977).

Applications to provide license were properly filed under this section. City of Lincoln v. Nebraska Liquor Control Commission, 181 Neb. 277, 147 N.W.2d 803 (1967).

Application for package liquor license was properly made to Liquor Control Commission. Allen v. Nebraska Liquor Control Commission, 179 Neb. 767, 140 N.W.2d 413 (1966).

This section provides for the issuance of a license to sell alcoholic liquor including beer at retail, and is controlling over another section declaring public policy in favor of separate sale. Hanson v. Gass, 130 Neb. 685, 267 N.W. 403 (1936).

53-131.01 License; application; form; contents; criminal history record check; verification; false statement; penalty.
§ 53-131.01 LIQUORS

(1) The application for a new license shall be submitted upon such forms as the commission may prescribe. Such forms shall contain (a) the name and residence of the applicant and how long he or she has resided within the State of Nebraska, (b) the particular premises for which a license is desired designating the same by street and number if practicable or, if not, by such other description as definitely locates the premises, (c) the name of the owner of the premises upon which the business licensed is to be carried on, (d) a statement that the applicant is a resident of Nebraska and legally able to work in Nebraska, that the applicant and the spouse of the applicant are not less than twenty-one years of age, and that such applicant has never been convicted of or pleaded guilty to a felony or been adjudged guilty of violating the laws governing the sale of alcoholic liquor or the law for the prevention of gambling in the State of Nebraska, except that a manager for a corporation applying for a license shall qualify with all provisions of this subdivision as though the manager were the applicant, except that the provisions of this subdivision shall not apply to the spouse of a manager-applicant, (e) a statement that the applicant intends to superintend in person the management of the business licensed and that if so licensed he or she will superintend in person the management of the business, and (g) such other information as the commission may from time to time direct. The applicant shall also submit two legible sets of fingerprints to be furnished to the Federal Bureau of Investigation through the Nebraska State Patrol for a national criminal history record check and the fee for such record check payable to the patrol.

(2) The application shall be verified by the affidavit of the petitioner made before a notary public or other person duly authorized by law to administer oaths. If any false statement is made in any part of such application, the applicant or applicants shall be deemed guilty of perjury, and upon conviction thereof the license shall be revoked and the applicant subjected to the penalties provided by law for that crime.

53-132 Retail, bottle club, craft brewery, or microdistillery license; commis-.....
proposed within the city, village, or county where the premises described in the
application are located, (b) the applicant can conform to all provisions and
requirements of and rules and regulations adopted pursuant to the Nebraska
Liquor Control Act, (c) the applicant has demonstrated that the type of manage-
ment and control to be exercised over the premises described in the application
will be sufficient to insure that the licensed business can conform to all
provisions and requirements of and rules and regulations adopted pursuant to
the act, and (d) the issuance of the license is or will be required by the present
or future public convenience and necessity.

(3) In making its determination pursuant to subsection (2) of this section the
commission shall consider:

(a) The recommendation of the local governing body;

(b) The existence of a citizens’ protest made in accordance with section
53-133;

(c) The existing population of the city, village, or county and its projected
growth;

(d) The nature of the neighborhood or community of the location of the
proposed licensed premises;

(e) The existence or absence of other retail licenses, bottle club licenses, craft
brewery licenses, or microdistillery licenses with similar privileges within the
neighborhood or community of the location of the proposed licensed premises
and whether, as evidenced by substantive, corroborative documentation, the
issuance of such license would result in or add to an undue concentration of
licenses with similar privileges and, as a result, require the use of additional
law enforcement resources;

(f) The existing motor vehicle and pedestrian traffic flow in the vicinity of the
proposed licensed premises;

(g) The adequacy of existing law enforcement;

(h) Zoning restrictions;

(i) The sanitation or sanitary conditions on or about the proposed licensed
premises; and

(j) Whether the type of business or activity proposed to be operated in
conjunction with the proposed license is and will be consistent with the public
interest.

(4) Retail licenses, bottle club licenses, craft brewery licenses, or microdistil-
ivery licenses issued or renewed by the commission shall be mailed or delivered
to the clerk of the city, village, or county who shall deliver the same to the
licensee upon receipt from the licensee of proof of payment of (a) the license fee
if by the terms of subsection (6) of section 53-124 the fee is payable to the
treasurer of such city, village, or county, (b) any fee for publication of notice of
hearing before the local governing body upon the application for the license, (c)
the fee for publication of notice of renewal as provided in section 53-135.01,
and (d) occupation taxes, if any, imposed by such city, village, or county except
as otherwise provided in subsection (6) of this section. Notwithstanding any
ordinance or charter power to the contrary, no city, village, or county shall
impose an occupation tax on the business of any person, firm, or corporation
licensed under the act and doing business within the corporate limits of such
city or village or within the boundaries of such county in any sum which

exceeds two times the amount of the license fee required to be paid under the act to obtain such license.

(5) Each license shall designate the name of the licensee, the place of business licensed, and the type of license issued.

(6) Class J retail licensees shall not be subject to occupation taxes under subsection (4) of this section.

1. License issuance allowed
2. License issuance denied
3. Miscellaneous

1. License issuance allowed

In administrative hearing for license not required by section 53-133(1), where evidence fails to establish valid ground for denial, this section requires that license be issued. Hadlock v. Nebraska Liquor Control Commission, 193 Neb. 721, 228 N.W.2d 887 (1975).

In the absence of protest within three days, license must be issued. State ex rel. Smith v. Nebraska Liquor Control Commission, 152 Neb. 676, 42 N.W.2d 297 (1950).

License issues as a matter of course under certain conditions. Leeman v. Vocelka, 149 Neb. 702, 32 N.W.2d 274 (1948).

2. License issuance denied

A district court's decision reversing the Nebraska Liquor Control Commission's approval of a class D liquor license was affirmed where the district court properly considered all the factors listed in subsection (3) and where the court's decision was not arbitrary, capricious, or unreasonable. Orchard Hill Neighborhood v. Orchard Hill Mercantile, 274 Neb. 154, 738 N.W.2d 820 (2007).

Recommendation of denial of license by local governing body to commission may be enough to justify denial. Kerrey's, Inc. v. Nebraska Liquor Control Comm., 213 Neb. 442, 329 N.W.2d 364 (1983).

3. Miscellaneous

The limit to two times the amount of the license fee required to be paid under the act to obtain such license.

In order to issue a retail liquor license, the Nebraska Liquor Control Commission must find that each of the conditions specified in subsections (2)(a) through (d) of this section are satisfied, and in making its determination whether such conditions are satisfied, the commission must consider each of the factors listed in subsections (3)(a) through (j) of this section. City of Lincoln v. Nebraska Liquor Control Comm., 261 Neb. 783, 626 N.W.2d 518 (2001).

Subsection (2) of this section (Reissue 1984) describes the general standards by which initial applicants are judged to be fit to obtain a liquor license and to follow the rules and regulations that bear on license holders. This statute, however, is not itself a rule or regulation which can be violated by a current licensee and subject the licensee to cancellation under the power given the Nebraska Liquor Control Commission by sections 53-116.01 and 53-117.08. Grand Island Latin Club v. Nebraska Liquor Control Comm., 251 Neb. 61, 554 N.W.2d 778 (1996).

For purposes of this section, there is no close approximation between purchasing off-sale liquor at a grocery store and purchasing and consuming liquor in an “on premises” establishment. Hy-Vee Food Stores v. Nebraska Liquor Control Comm., 242 Neb. 752, 497 N.W.2d 647 (1993).

The applicant for a liquor license has the burden of proof, at the hearing before the Nebraska Liquor Control Commission, to show that the issuance of the license is or will be required by the present or future public convenience and necessity. Richards v. Nebraska Liquor Control Comm., 221 Neb. 542, 378 N.W.2d 667 (1985).

Failure by liquor commission to make fact findings and conclusions of law makes its order irregular, which requires remand to make appropriate findings. McChesney v. City of No. Platte, 216 Neb. 416, 343 N.W.2d 925 (1984).

This section provides for the issuance of a license to sell alcoholic liquor, including beer, at retail, and is controlling over another section declaring public policy in favor of separate sale. Hanson v. Gass, 130 Neb. 685, 267 N.W. 403 (1936).
§ 53-133 Retail, bottle club, craft brewery, and microdistillery licenses; hearing; when held; procedure.

(1) The commission shall set for hearing before it any application for a retail license, bottle club license, craft brewery license, or microdistillery license relative to which it has received:

(a) Within forty-five days after the date of receipt of such application by the city, village, or county clerk, a recommendation of denial from the city, village, or county;

(b) Within ten days after the receipt of a recommendation from the city, village, or county, or, if no recommendation is received, within forty-five days after the date of receipt of such application by the city, village, or county clerk, objections in writing by not less than three persons residing within such city, village, or county, protesting the issuance of the license. Withdrawal of the protest does not prohibit the commission from conducting a hearing based upon the protest as originally filed and making an independent finding as to whether the license should or should not be issued;

(c) Within forty-five days after the date of receipt of such application by the city, village, or county clerk, objections by the commission or any duly appointed employee of the commission, protesting the issuance of the license; or

(d) An indication on the application that the location of a proposed retail or bottle club establishment is within one hundred fifty feet of a church as described in subsection (2) of section 53-177 and a written request by the church for a hearing.

(2) Hearings upon such applications shall be in the following manner: Notice indicating the time and place of such hearing shall be mailed or electronically delivered to the applicant, the local governing body, each individual protesting a license pursuant to subdivision (1)(b) of this section, and any church affected as described in subdivision (1)(d) of this section, at least fifteen days prior to such hearing. The notice shall state that the commission will receive evidence for the purpose of determining whether to approve or deny the application. Mailing or electronic delivery to the attorney of record of a party shall be deemed to fulfill the purposes of this section. The commission may receive evidence, including testimony and documentary evidence, and may hear and question witnesses concerning the application. The commission shall not use electronic delivery with respect to an applicant, a protestor, or a church under this section without the consent of the recipient to electronic delivery.

§ 53-133 LIQUORS

53-134 Retail, bottle club, craft brewery, microdistillery, and entertainment district licenses; city and village governing bodies; county boards; powers, functions, and duties.

The local governing body of any city or village with respect to licenses within its corporate limits and the local governing body of any county with respect to licenses not within the corporate limits of any city or village but within the county shall have the following powers, functions, and duties with respect to retail, bottle club, craft brewery, microdistillery, and entertainment district licenses:

1. To cancel or revoke for cause retail, craft brewery, microdistillery, or entertainment district licenses to sell or dispense alcoholic liquor or bottle club licenses, issued to persons for premises within its jurisdiction, subject to the right of appeal to the commission;

2. To enter or to authorize any law enforcement officer to enter at any time upon any premises licensed under the Nebraska Liquor Control Act to determine whether any provision of the act, any rule or regulation adopted and promulgated pursuant to the act, or any ordinance, resolution, rule, or regulation adopted by the local governing body has been or is being violated and at such time examine the premises of such licensee in connection with such determination. Any law enforcement officer who determines that any provision of the act, any rule or regulation adopted and promulgated pursuant to the act, or any ordinance, resolution, rule, or regulation adopted by the local governing body has been or is being violated shall report such violation in writing to the executive director of the commission (a) within thirty days after determining that such violation has occurred, (b) within thirty days after the conclusion of an ongoing police investigation, or (c) within thirty days after the verdict in a prosecution related to such an ongoing police investigation if the prosecuting attorney determines that reporting such violation prior to the verdict would jeopardize such prosecution, whichever is later;

3. To receive a signed complaint from any citizen within its jurisdiction that any provision of the act, any rule or regulation adopted and promulgated pursuant to the act, or any ordinance, resolution, rule, or regulation relating to alcoholic liquor has been or is being violated and to act upon such complaints in the manner provided in the act;

4. To receive retail license fees, bottle club license fees, craft brewery license fees, and microdistillery license fees as provided in sections 53-124 and 53-124.01 and entertainment district license fees as provided in section 53-123.17 and pay the same, after the license has been delivered to the applicant, to the city, village, or county treasurer;

5. To examine or cause to be examined any applicant or any retail licensee, bottle club licensee, craft brewery licensee, microdistillery licensee, or entertainment district licensee upon whom notice of cancellation or revocation has been served as provided in the act, to examine or cause to be examined the books and records of any applicant or licensee except as otherwise provided for bottle club licensees in section 53-123.08, and to hear testimony and to take proof for its information in the performance of its duties. For purposes of obtaining any of the information desired, the local governing body may authorize its agent or attorney to act on its behalf;
(6) To cancel or revoke on its own motion any license if, upon the same notice and hearing as provided in section 53-134.04, it determines that the licensee has violated any of the provisions of the act or any valid and subsisting ordinance, resolution, rule, or regulation duly enacted, adopted, and promulgated relating to alcoholic liquor. Such order of cancellation or revocation may be appealed to the commission within thirty days after the date of the order by filing a notice of appeal with the commission. The commission shall handle the appeal in the manner provided for hearing on an application in section 53-133;

(7) Upon receipt from the commission of the notice and copy of application as provided in section 53-131, to fix a time and place for a hearing at which the local governing body shall receive evidence, either orally or by affidavit from the applicant and any other person, bearing upon the propriety of the issuance of a license. Notice of the time and place of such hearing shall be published in a legal newspaper in or of general circulation in such city, village, or county one time not less than seven and not more than fourteen days before the time of the hearing. Such notice shall include, but not be limited to, a statement that all persons desiring to give evidence before the local governing body in support of or in protest against the issuance of such license may do so at the time of the hearing. Such hearing shall be held not more than forty-five days after the date of receipt of the notice from the commission, and after such hearing the local governing body shall cause to be recorded in the minute record of their proceedings a resolution recommending either issuance or refusal of such license. The clerk of such city, village, or county shall mail to the commission by first-class mail, postage prepaid, a copy of the resolution which shall state the cost of the published notice, except that failure to comply with this provision shall not void any license issued by the commission. If the commission refuses to issue such a license, the cost of publication of notice shall be paid by the commission from the security for costs;

(8) To review and authorize an application by a retail, bottle club, craft brewery, farm winery, or microdistillery licensee for a temporary expansion of its licensed premises within the jurisdiction of the local governing body to an immediately adjacent area owned or leased by the licensee or to an immediately adjacent street, parking lot, or alley, not to exceed fifty days for calendar year 2020 and, for each calendar year thereafter, not to exceed fifteen days per calendar year, as provided in sections 53-123.12 and 53-129; and

(9) To review and authorize an application by a craft brewery, farm winery, or microdistillery licensee that holds a promotional farmers market special designated license for a permit to use such promotional farmers market special designated license to sell or dispense alcoholic liquor, which the holder is licensed to produce, at a farmers market within the jurisdiction of the local governing body as provided in section 53-124.17. The local governing body shall electronically notify the commission within five days after authorization of any permit pursuant to this subdivision.

53-134.01 Class C license holder; limited bottling endorsement; application; fee; conditions of sale.

(1) The holder of a Class C license may obtain a limited bottling endorsement for such license as prescribed in this section. The endorsement shall be issued for the same period and may be renewed in the same manner as the Class C license. A limited bottling endorsement may not be used in conjunction with a special designated license.

(2) A licensee desiring to obtain a limited bottling endorsement for a license shall file with the commission an application upon such forms as the commission prescribes and a fee of three hundred dollars payable to the commission.

(3) The holder of a limited bottling endorsement may sell beer for consumption off the licensed premises in sealed containers filled as provided in this subsection if:

(a) The sale occurs on the licensed premises of the licensee during the hours the licensee is authorized to sell beer;

(b) The licensee uses sanitary containers purchased by the customer from the licensee or exchanged for containers previously purchased by the customer from the licensee. The containers shall prominently display the endorsement holder’s trade name or logo or some other mark that is unique to the endorsement holder and shall hold no more than sixty-four ounces;

(c) The licensee seals the container in a manner designed so that it is visibly apparent whether the sealed container has been tampered with or opened or seals the container and places the container in a bag designed so that it is visibly apparent whether the sealed container has been tampered with or opened; and

(d) The licensee provides a dated receipt to the customer and attaches a copy of the dated receipt to the sealed container or, if the sealed container is placed in a bag, to the bag.

§ 53-134.02 Local governing bodies; authority under act.

Local governing bodies shall only have authority to approve applications and deny licenses pursuant to the Nebraska Liquor Control Act.

§ 53-134.03 Retail, bottle club, craft brewery, and microdistillery licenses; regulation by cities and villages.

The governing bodies of cities and villages are authorized to regulate by ordinance, not inconsistent with the Nebraska Liquor Control Act, the business of all retail, bottle club, craft brewery, or microdistillery licensees carried on within the corporate limits of the city or village.

Where city had not by ordinance attempted to regulate the location of the place of business of licensee, commission could grant license over objection of city. City of Lincoln v. Nebraska Liquor Control Commission, 181 Neb. 277, 147 N.W.2d 803 (1967).

Power to regulate sale of beer lies in local municipality. Phelps Inc. v. City of Hastings, 152 Neb. 651, 42 N.W.2d 300 (1950).

Despite absence of severance clause, ordinance which provided several distinct and separate grounds upon which to base revocation of liquor licenses was not rendered invalid in its entirety by reason of invalidity of some portions. Clark v. City of Fremont, 377 F.Supp. 327 (D. Neb. 1977).

§ 53-134.04 Violations by retail licensee or bottle club licensee; complaints of residents; hearings.

Any five residents of the city or village shall have the right to file a complaint with the local governing body of such city or village stating that any retail licensee or bottle club licensee subject to the jurisdiction of such local governing body has been or is violating any provision of the Nebraska Liquor Control Act or the rules or regulations issued pursuant to the act. Such complaint shall be in writing in the form prescribed by the local governing body and shall be signed and sworn to by the parties complaining. The complaint shall state the particular provision, rule, or regulation believed to have been violated and the facts in detail upon which belief is based. If the local governing body is satisfied that the complaint substantially charges a violation and that from the facts alleged there is reasonable cause for such belief, it shall set the matter for hearing within ten days from the date of the filing of the complaint and shall serve notice upon the licensee of the time and place of such hearing and of the particular charge in the complaint. The complaint shall in all cases be disposed of by the local governing body within thirty days from the date the complaint was filed by resolution thereof, which resolution shall be deemed the final order for purposes of appeal to the commission as provided in section 53-1,115.

§ 53-135 Retail or bottle club licenses; automatic renewal; conditions.

A retail or bottle club license issued by the commission and outstanding may be automatically renewed by the commission without formal application upon
§ 53-135  LIQUORS

payment of the renewal fee and license fee if payable to the commission prior to or within thirty days after the expiration of the license. The payment shall be an affirmative representation and certification by the licensee that all answers contained in an application, if submitted, would be the same in all material respects as the answers contained in the last previous application. The commission may at any time require a licensee to submit an application, and the commission shall at any time require a licensee to submit an application if requested in writing to do so by the local governing body.

If a licensee files an application form in triplicate original upon seeking renewal of his or her license, the application shall be processed as set forth in section 53-131.

An appeal from the district court’s decision reversing the Nebraska Liquor Control Commission’s approval of a class D liquor license under section 53-135.02 was not moot despite the expiration of the original license during the pendency of an appeal, because a licensee has a constitutionally protected interest in obtaining the renewal of an existing license, and that interest would be jeopardized if the license were wrongfully taken away. Orchard Hill Neighborhood v. Orchard Hill Mercantile, 274 Neb. 154, 738 N.W.2d 820 (2007).

An administrative agency is limited in authority to those powers granted to it by statute. Thus, without a showing by the Nebraska Liquor Control Commission or the objecting city that a renewal applicant did not meet one of the renewal requirements of this section and section 53-135.02, the commission could not demand that the applicant submit a long-form liquor license application. Grand Island Latin Club v. Nebraska Liquor Cont. Comm., 251 Neb. 61, 554 N.W.2d 778 (1996).

A liquor license which has been renewed by the Nebraska Liquor Control Commission pursuant to this section cannot be revoked by action of a city council. Luet, Inc. v. City of Omaha, 247 Neb. 831, 530 N.W.2d 633 (1995).

The language of section 53-150 and this section discloses a legislative intent to codify a practice of approving an application for continuation of an existing liquor license in the absence of a change of circumstances indicated on the licensee’s renewal application. Pump & Pantry, Inc. v. City of Grand Island, 233 Neb. 191, 444 N.W.2d 312 (1989).

53-135.01 Retail licenses; bottle club licenses; renewal; notice.

The city, village, or county clerk shall cause to be published in a legal newspaper in or of general circulation in such city, village, or county, one time between January 10 and January 30 of each year, individual notice of the right of automatic renewal of each retail liquor and beer license and each bottle club license, except that notice of the right of automatic renewal of Class C licenses shall be published between the dates of July 10 and July 30 of each year within such city, village, or county, in substantially the following form:

NOTICE OF RENEWAL OF RETAIL LIQUOR OR BOTTLE CLUB LICENSE

Notice is hereby given pursuant to section 53-135.01 that a liquor license [or bottle club license] may be automatically renewed for one year from May 1, 20____, or November 1, 20____, for the following retail liquor [or bottle club] licensee:

(Name of Licensee) (Address of licensed premises)

Notice is hereby given that written protests to the issuance of automatic renewal of license may be filed by any resident of the city (village or county) on or before February 10, 20____, or August 10, 20____, in the office of the city (village or county) clerk and that in the event protests are filed by three or more such persons, hearing will be had to determine whether continuation of the license should be allowed.

(Name)
City (village or county) Clerk

Upon the conclusion of any hearing required by this section, the local governing body may request a licensee to submit an application as provided in section 53-135.

### 53-135.02 Licenses; renewal; no vested right.

Any licensee may renew his, her, or its license at the expiration thereof in the manner set forth in section 53-135 if the licensee is then qualified to receive a license and the premises for which such renewal license is sought are the same premises licensed under the license to be renewed and are suitable for such purpose. The renewal privilege provided for in this section shall not be construed as a vested right which shall in any case prevent the commission from decreasing the number of licenses to be issued within its jurisdiction.

An appeal from the district court’s decision reversing the Nebraska Liquor Control Commission’s approval of a class D liquor license under this section was not moot despite the expiration of the original license during the pendency of an appeal, because a licensee has a constitutionally protected interest in obtaining the renewal of an existing license, and that interest would be jeopardized if the license were wrongfully taken away. Orchard Hill Neighborhood v. Orchard Hill Mercantile, 274 Neb. 154, 738 N.W.2d 820 (2007).

An administrative agency is limited in authority to those powers granted to it by statute. Thus, without a showing by the Nebraska Liquor Control Commission or the objecting city that a renewal applicant did not meet one of the renewal requirements of this section and section 53-135, the commission could not demand that the applicant submit a long-form liquor license application. Grand Island Latin Club v. Nebraska Liq. Cont. Comm., 251 Neb. 154, 554 N.W.2d 778 (1996).

As the result of the renewal privilege established by this section, a licensee is entitled to renewal of a liquor license, that is, continuation of an existing license, if at the time for renewal the licensee meets the requirements which existed when the license to be renewed was initially issued. Pump & Pantry, Inc. v. City of Grand Island, 233 Neb. 191, 444 N.W.2d 312 (1989).

The language of section 53-135 and this section discloses a legislative intent to codify a practice of approving an application for continuation of an existing liquor license in the absence of a change of circumstances indicated on the licensee’s renewal application. Pump & Pantry, Inc. v. City of Grand Island, 233 Neb. 191, 444 N.W.2d 312 (1989).

District court cannot enjoin hearing by municipality with respect to issuance or revocation of liquor license. Leeman v. Vocelka, 149 Neb. 702, 32 N.W.2d 274 (1948).

### 53-136 Cigar shops; legislative findings; legislative intent.

1. The Legislature finds that allowing smoking in cigar shops as a limited exception to the Nebraska Clean Indoor Air Act does not interfere with the original intent that the general public and employees not be unwillingly subjected to second-hand smoke. This exception poses a de minimis restriction on the public and employees given the limited number of cigar shops compared to other businesses that sell alcohol, cigars, and pipe tobacco, and any member of the public should reasonably expect that there would be second-hand smoke in a cigar shop given the nature of the business and could choose to avoid such exposure.

2. The Legislature finds that (a) cigars and pipe tobacco have different characteristics than other forms of tobacco such as cigarettes, (b) cigars are customarily paired with various spirits such as cognac, single malt whiskey, bourbon, rum, rye, port, and others, and (c) unlike cigarette smokers, cigar and pipe smokers may take an hour or longer to enjoy a cigar or pipe while cigarettes simply serve as a mechanism for delivering nicotine. Cigars paired with selected liquor creates a synergy unique to the particular pairing similar to...
wine paired with particular foods. Cigars are a pure, natural product wrapped in a tobacco leaf that is typically not inhaled in order to enjoy the taste of the smoke, unlike cigarettes that tend to be processed with additives and wrapped in paper and are inhaled. Cigars have a different taste and smell than cigarettes due to the fermentation process cigars go through during production. Cigars tend to cost considerably more than cigarettes, and their quality and characteristics vary depending on the type of tobacco plant, the geography and climate where the tobacco was grown, and the overall quality of the manufacturing process. Not only does the customized blending of the tobacco influence the smoking experience, so does the freshness of the cigars, which is dependent on how the cigars were stored and displayed. These variables are similar to fine wines, which can also be very expensive to purchase. It is all of these variables that warrant a customer wanting to sample the product before making such a substantial purchase.

(3) The Legislature finds that exposure to second-hand smoke is inherent in the selling and sampling of cigars and pipe tobacco and that this exposure is inextricably connected to the nature of selling this legal product, similar to other inherent hazards in other professions and employment.

(4) It is the intent of the Legislature to allow cigar and pipe smoking in cigar shops that meet specific statutory criteria not inconsistent with the fundamental nature of the business. This exception to the Nebraska Clean Indoor Air Act is narrowly tailored in accordance with the intent of the act to protect public places and places of employment.

(1) The holder of a cigar shop license shall not allow a person under twenty-one years of age to smoke or purchase any product in the cigar shop.

(2) The licensee shall post a sign on all entrances to the cigar shop, on the outside of each door, in a conspicuous location slightly above or next to the door, with the following statement: SMOKING OF CIGARS AND PIPES IS ALLOWED INSIDE THIS BUSINESS. SMOKING OF CIGARETTES IS NOT ALLOWED.

(3) Beginning November 1, 2015, the licensee shall provide to the commission a copy of a waiver signed prior to employment by each employee on a form prescribed by the commission. 53-138 Pedal-pub vehicle license; activities authorized; licensee; duties.

(1) The commission may issue a license to a person to operate a pedal-pub vehicle in this state. Each pedal-pub vehicle license shall expire on April 30 of each year. state by the same owner. Each owner shall keep a duplicate of such license posted in each pedal-pub vehicle where alcoholic liquor is sold or consumed. No further license shall be required or tax levied by any county, city, or village for the privilege of operating a pedal-pub vehicle for the purpose of selling and allowing the consumption of alcoholic liquor while on or in a pedal-pub vehicle.

(2) The holder of a pedal-pub vehicle license may sell alcoholic liquor in individual drinks to customers who are twenty-one years of age or older to consume while they are on or in the pedal-pub vehicle and may allow such customers to consume alcoholic liquor not purchased from the licensee while the customers are on or in the pedal-pub vehicle. The licensee shall serve alcoholic liquor in opaque plastic containers that prominently display the licensee's trade name or logo or some other mark that is unique to the licensee under the licensee's pedal-pub vehicle license and shall require the use of such containers for the consumption of alcoholic liquor not purchased from the licensee.

(3) No customer shall take any open container of alcoholic liquor from the pedal-pub vehicle or consume the alcoholic liquor after leaving the pedal-pub vehicle. A customer may take unopened containers of alcoholic liquor not purchased from the licensee from the pedal-pub vehicle.

(4) The licensee shall not allow open containers of alcoholic liquor to leave the pedal-pub vehicle. The licensee shall be responsible for picking up and disposing of any litter or other waste or any personal property that originates from the pedal-pub vehicle and lands on public or private property.

The State Treasurer shall credit three hundred ninety-five dollars of each four-hundred-dollar application fee and forty dollars of each forty-five-dollar application fee and each renewal fee to the General Fund and the remaining five dollars to the Nebraska Liquor Control Commission Rule and Regulation Cash Fund to be used for providing licensees with materials pursuant to section 53-117.05. All retail and bottle club license fees received by the city or village treasurer, as the case may be, shall inure to the school fund of the district lying wholly or partially within the corporate limits of such city or village. 53-149 Licenses; term; sale of premises; temporary operating permit; false information; penalty; license not assignable or inheritable; exception; effect of death or bankruptcy of licensee.

(1) A license shall be purely a personal privilege, good for not to exceed one year after issuance unless sooner revoked as provided in the Nebraska Liquor Control Act, and shall not constitute property, nor shall it be subject to attachment, garnishment, or execution, nor shall it be alienable or transferable, voluntarily or involuntarily, or subject to being encumbered or hypothecated.

(2) A license issued under the act terminates immediately upon the sale of the licensed premises named in such license. The purchaser or transferee may submit an application for a license under the act prior to closing such sale or transfer. While such application is pending, the purchaser may request and obtain a temporary operating permit from the commission which shall authorize the purchaser to continue the business which was conducted on the purchased premises under the terms and conditions of the terminated license for ninety days or until the purchaser has obtained a license in its own name, whichever occurs sooner. Prior to the issuance of a temporary operating permit, the purchaser shall supply the commission with documentation from the seller that the seller is current on all accounts with any wholesaler under section 53-123.02. A seller who provides false information regarding such accounts is guilty of a Class IV misdemeanor for each offense. In the absence of such temporary operating permit, the purchaser shall not manufacture, store, or sell alcoholic liquor on the purchased premises until the purchaser has obtained a license in the purchaser’s own name. If the application is withdrawn by the applicant or is denied by the commission, the previous license may be reinstated at the discretion of the commission upon request by the previous licensee.

(3) A license shall not descend by the laws of testate or intestate devolution, but it shall cease upon the death of the licensee, except that (a) executors or administrators of the estate of any deceased licensee, when such estate consists in part of alcoholic liquor, or a partnership or limited liability company upon the death of one or more of the partners or members, may continue the business of the sale or manufacture of alcoholic liquor under order of the appropriate court and may exercise the privileges of the deceased or deceased partner or member after the death of such decedent until the expiration of such license, but if such license would have expired within two months following the death of the licensee, the license may be renewed by the administrators or executors with the approval of the appropriate court for a period not to exceed one additional year; or (b) when a license is issued to a husband and wife, as colicensees with rights of survivorship, upon the death of one spouse the survivor may exercise all rights and privileges under such license in his or her own name. The trustee of any insolvent or bankrupt licensee, when such estate consists in part of alcoholic liquor, may continue the business of the sale or manufacture of alcoholic liquor under order of the appropriate court and may exercise the privileges of the insolvent or bankrupt licensee until the expiration of such license.

§ 53-149 LIQUORS

1. License is personal privilege
2. Rights of licensee
3. Miscellaneous

1. License is personal privilege

The payment of rent to a lessor based on a percentage of sales does not create a partnership between the lessor and lessee in violation of this section, which states that a liquor license is a privilege personal to the grantee, nor does it violate rules 20 and 14(E) of the Nebraska Liquor Control Commission, which prohibit any partner from sharing in profits arising from the granting of any liquor license. Department of Banking, Receiver v. Wilken, 217 Neb. 796, 352 N.W.2d 145 (1984).

Fact that license is a privilege does not prevent license holder from complaining of unconstitutional rules and regulations. Terry Carpenter, Inc. v. Nebraska Liquor Control Commission, 175 Neb. 26, 120 N.W.2d 374 (1963).

A license to sell liquors is purely a personal privilege and not transferable. Stevens v. Fall, 133 Neb. 610, 276 N.W. 401 (1937).

2. Rights of licensee

A liquor license is not such a property right as will be protected by injunction. Leeman v. Vocelka, 149 Neb. 702, 32 N.W.2d 274 (1948).

License to sell liquors is not alienable, transferable, or subject to encumbrance or hypothecation. Marsh & Marsh, Inc. v. Carmichael, 136 Neb. 797, 287 N.W. 616 (1939).

3. Miscellaneous

An agreement between lessor and lessee that lessee will apply for a license for the premises, and will not seek permission to transfer it to another location, and upon expiration of the lease will assist lessor in obtaining a license for the premises is not void. (f) TAX

53-160 Tax on manufacturer and wholesaler; amount; exemption; duties of commission.

(1) For the purpose of raising revenue, a tax is imposed upon the privilege of engaging in business as a manufacturer or a wholesaler at a rate of thirty-one cents per gallon on all beer; ninety-five cents per gallon for wine, except for wines produced and released from bond in farm wineries; six cents per gallon for wine produced and released from bond in farm wineries; and three dollars and seventy-five cents per gallon on alcohol and spirits manufactured and sold by such manufacturer or shipped for sale in this state by such wholesaler in the course of such business. The gallonage tax imposed by this subsection shall be imposed only on alcoholic liquor upon which a federal excise tax is imposed.

(2) Manufacturers or wholesalers of alcoholic liquor shall be exempt from the payment of the gallonage tax on such alcoholic liquor upon satisfactory proof,
including bills of lading furnished to the commission by affidavit or otherwise as the commission may require, that such alcoholic liquor was manufactured in this state but shipped out of the state for sale and consumption outside this state.

(3) Dry wines or fortified wines manufactured or shipped into this state solely and exclusively for sacramental purposes and uses shall not be subject to the gallonage tax.

(4) The gallonage tax shall not be imposed upon any alcoholic liquor, whether manufactured in or shipped into this state, when sold to a licensed nonbeverage user for use in the manufacture of any of the following when such products are unfit for beverage purposes: Patent and proprietary medicines and medicinal, antiseptic, and toilet preparations; flavoring extracts, syrups, food products, and confections or candy; scientific, industrial, and chemical products, except denatured alcohol; or products for scientific, chemical, experimental, or mechanical purposes.

(5) The gallonage tax shall not be imposed upon the privilege of engaging in any business in interstate commerce or otherwise, which business may not, under the Constitution and statutes of the United States, be made the subject of taxation by this state.

(6) The gallonage tax shall be in addition to all other occupation or privilege taxes imposed by this state or by any municipal corporation or political subdivision thereof.

(7) The commission shall collect the gallonage tax and shall account for and remit to the State Treasurer at least once each week all money collected pursuant to this section. If any alcoholic liquor manufactured in or shipped into this state is sold to a licensed manufacturer or wholesaler of this state to be used solely as an ingredient in the manufacture of any beverage for human consumption, the tax imposed upon such manufacturer or wholesaler shall be reduced by the amount of the taxes which have been paid as to such alcoholic liquor so used under the Nebraska Liquor Control Act. The net proceeds of all revenue arising under this section shall be credited to the General Fund.

53-160.01 Tax on manufacturer and wholesaler; instrumentality of armed forces of United States; resale; exemption.

No excise taxes of this state, direct or indirect, shall be imposed upon the sale, use, delivery, or storage of articles of merchandise to any instrumentality of the armed forces of the United States engaged in resale activities, except
§ 53-160.01 LIQUORS

those state excise taxes which may be specifically authorized by the various acts of the Congress of the United States.

53-160.02 Near beer; regulation.

The manufacture, distribution, sale, and purchase of near beer shall be subject to all provisions of the Nebraska Liquor Control Act, except taxation provisions, to which the manufacture, distribution, sale, and purchase of beer are subject.

53-160.03 Beer-related crop; tax credit; calculation; application; contents; approval; notice.

(1) The Legislature finds that encouraging manufacturers of beer to use beer-related crops grown in this state in their manufacturing operations stimulates the creation of jobs and investments in small communities in this state, encourages the use of lands upon which beer-related crops may be grown, and provides tax revenue to the state which would not otherwise be realized. It is the intent of the Legislature to encourage the use of such beer-related crops by providing a nonrefundable tax credit as provided in this section.

(2) For purposes of this section, beer-related crop means barley or hops.

(3) A nonrefundable credit against the tax imposed in section 53-160 shall be allowed to any manufacturer of beer if at least ten percent of the beer-related crops used by such manufacturer in the previous calendar year were grown in this state. The credit shall be an amount equal to the percentage specified in subsection (4) of this section multiplied by the total amount of tax paid under section 53-160 in the previous calendar year on the first twenty thousand barrels of beer sold by such manufacturer.

(4) The percentage used to determine the credit shall be as follows:

(a) If at least ten percent but less than forty percent of the beer-related crops used by the manufacturer in the previous calendar year were grown in this state, the percentage used to determine the credit shall be fifteen percent;

(b) If at least forty percent but less than seventy percent of the beer-related crops used by the manufacturer in the previous calendar year were grown in this state, the percentage used to determine the credit shall be twenty-five percent; and

(c) If at least seventy percent of the beer-related crops used by the manufacturer in the previous calendar year were grown in this state, the percentage used to determine the credit shall be thirty-five percent.

(5) A manufacturer of beer shall apply for the credit to the commission on a form prescribed by the commission. The application shall be submitted on or before January 25 of each year and shall contain the following information:

(a) The name of the manufacturer;

(b) The total number of barrels of beer sold and the total amount of tax paid under section 53-160 during the previous calendar year;

(c) The percentage of beer-related crops used by the manufacturer in the previous calendar year that were grown in this state; and
(d) Such other information as required by the commission to verify that the manufacturer is qualified to receive the credit allowed under this section and to calculate the amount of the credit.

(6) If the manufacturer of beer qualifies for the credit, the commission shall approve the application and notify the manufacturer of the amount of the credit approved. The manufacturer may then claim the credit on the reports due each month under section 53-164.01 as an offset against the taxes due pursuant to such reports until the credit is fully utilized or until the following December 31, whichever occurs first.

53-160.04 Ready-to-drink cocktails; tax on manufacturer or wholesaler; amount; exemption; duties of commission.

(1) Notwithstanding any other provision of the Nebraska Liquor Control Act, for the purpose of raising revenue, a tax is imposed upon the privilege of engaging in business as a manufacturer or a wholesaler of ready-to-drink cocktails at a rate of ninety-five cents per gallon. The gallonage tax imposed by this section shall be imposed only on alcoholic liquor upon which a federal excise tax is imposed.

(2) Manufacturers or wholesalers of ready-to-drink cocktails shall be exempt from the payment of the gallonage tax imposed by this section on such products upon satisfactory proof, including bills of lading furnished to the commission by affidavit or otherwise as the commission may require, that such ready-to-drink cocktails were manufactured in this state but shipped out of this state for sale and consumption outside this state.

(3) The gallonage tax imposed by this section shall be in addition to all other occupation or privilege taxes imposed by this state or by any municipal corporation or political subdivision thereof.

(4) The commission shall collect the gallonage tax on ready-to-drink cocktails and shall account for and remit to the State Treasurer at least once each week all money collected pursuant to this section. If any spirits manufactured in or shipped into this state are sold to a licensed manufacturer or wholesaler of this state to be used solely as an ingredient in the manufacture of ready-to-drink cocktails for human consumption, the tax imposed upon such manufacturer or wholesaler shall be reduced by the amount of the taxes which have been paid as to such spirits so used under the Nebraska Liquor Control Act. The net proceeds of all revenue arising under this section shall be credited to the General Fund.

Operative date July 1, 2021.

53-160.08 Transferred to section 53-178.01.

53-161  Beer; credit for tax paid; when allowed.

The commission shall allow credit to any wholesaler for tax paid under section 53-160 (1) for beer shipped out of this state for sale and consumption outside of the state or (2) for beer returned to the manufacturer for credit, substitution, or replacement, and such credit shall be allowed whether such beer is a part of the original inventory of such wholesaler or returned to such wholesaler by a licensee authorized to purchase beer from a wholesaler.

53-162  Alcoholic liquor shipped from another state; tax imposed.

For the purpose of raising revenue, a tax is imposed upon persons holding a shipping license issued pursuant to subsection (4) or (5) of section 53-123.15 who ship alcoholic liquor to individuals pursuant to section 53-192 and for which the required taxes in the state of purchase or this state have not been paid. The tax, if due, shall be paid by the holder of the shipping license issued pursuant to subsection (4) or (5) of section 53-123.15. The amount of the tax shall be imposed as provided in section 53-160. The tax shall be collected by the commission, except that the tax shall not be due until December 31 of the year in which the purchase was made. The tax shall be delinquent if unpaid within twenty-five days after December 31. The revenue from the tax shall be credited to the General Fund. The commission shall adopt and promulgate rules and regulations to carry out this section.

53-163  Commission; rounding of amounts on returns or reports; authorized.

When the commission finds that the administration of the state alcohol excise tax laws might be more efficiently and economically conducted, the commission may require or allow for rounding of all amounts on returns or reports, including amounts of tax. Amounts shall be rounded to the nearest dollar with amounts ending in fifty cents or more rounded to the next highest dollar.

53-164.01  Alcoholic liquor; tax; payment; report; penalty; bond; sale to instrumentality of armed forces; credit for tax paid.

Payment of the tax provided for in section 53-160 on alcoholic liquor shall be paid by the manufacturer or wholesaler as follows:

(1)(a) All manufacturers or wholesalers, except farm winery producers, whether inside or outside this state shall, on or before the twenty-fifth day of each calendar month following the month in which shipments were made,
submit a report to the commission upon forms furnished by the commission showing the total amount of alcoholic liquor in gallons or fractional parts thereof shipped by such manufacturer or wholesaler, whether inside or outside this state, during the preceding calendar month;

(b) All beer wholesalers shall, on or before the twenty-fifth day of each calendar month following the month in which shipments were made, submit a report to the commission upon forms furnished by the commission showing the total amount of beer in gallons or fractional parts thereof shipped by all manufacturers, whether inside or outside this state, during the preceding calendar month to such wholesaler;

(c)(i) Except as provided in subdivision (ii) of this subdivision, farm winery producers which paid less than one thousand dollars of excise taxes pursuant to section 53-160 for the previous calendar year and which will pay less than one thousand dollars of excise taxes pursuant to section 53-160 for the current calendar year shall, on or before the twenty-fifth day of the calendar month following the end of the year in which wine was packaged and released from bond, submit a report to the commission upon forms furnished by the commission showing the total amount of wine in gallons or fractional parts thereof packaged and released from bond by such producer during the preceding calendar year; and

(ii) Farm winery producers which paid one thousand dollars or more of excise taxes pursuant to section 53-160 for the previous calendar year or which become liable for one thousand dollars or more of excise taxes pursuant to section 53-160 during the current calendar year shall, on or before the twenty-fifth day of each calendar month following the month in which wine was packaged and released from bond, submit a report to the commission upon forms furnished by the commission showing the total amount of wine in gallons or fractional parts thereof packaged and released from bond by such producer during the preceding calendar month. A farm winery producer which becomes liable for one thousand dollars or more of excise taxes pursuant to section 53-160 during the current calendar year shall also pay such excise taxes immediately;

(d) A craft brewery shall, on or before the twenty-fifth day of each calendar month following the month in which the beer was released from bond for sale, submit a report to the commission on forms furnished by the commission showing the total amount of beer in gallons or fractional parts thereof produced for sale by the craft brewery during the preceding calendar month;

(e) A microdistillery shall, on or before the twenty-fifth day of each calendar month following the month in which the distilled liquor was released from bond for sale, submit a report to the commission on forms furnished by the commission showing the total amount of distilled liquor in gallons or fractional parts thereof produced for sale by the microdistillery during the preceding calendar month; and

(f) Reports submitted pursuant to subdivision (a), (b), or (c) of this subdivision shall also contain a statement of the total amount of alcoholic liquor, except beer, in gallons or fractional parts thereof shipped to licensed retailers inside this state and such other information as the commission may require;

(2) The wholesaler or farm winery producer shall at the time of the filing of the report pay to the commission the tax due on alcoholic liquor, except beer, shipped to licensed retailers inside this state at the rate fixed in accordance
§ 53-164.01 LIQUORS

with section 53-160. The tax due on beer shall be paid by the wholesaler on beer shipped from all manufacturers;

(3) The tax imposed pursuant to section 53-160 shall be due on the date the report is due less a discount of one percent of the tax on alcoholic liquor for submitting the report and paying the tax in a timely manner. The discount shall be deducted from the payment of the tax before remittance to the commission and shall be shown in the report to the commission as required in this section. If the tax is not paid within the time provided in this section, the discount shall not be allowed and shall not be deducted from the tax;

(4) If the report is not submitted by the twenty-fifth day of the calendar month or if the tax is not paid to the commission by the twenty-fifth day of the calendar month, the following penalties shall be assessed on the amount of the tax: One to five days late, three percent; six to ten days late, six percent; and over ten days late, ten percent. In addition, interest on the tax shall be collected at the rate of one percent per month, or fraction of a month, from the date the tax became due until paid;

(5) No tax shall be levied or collected on alcoholic liquor manufactured inside this state and shipped or transported outside this state for sale and consumption outside this state;

(6) In order to insure the payment of all state taxes on alcoholic liquor, together with interest and penalties, persons required to submit reports and payment of the tax shall, at the time of application for a license under sections 53-124 and 53-124.01, enter into a surety bond with corporate surety, both the bond form and surety to be approved by the commission. Subject to the limitations specified in this subdivision, the amount of the bond required of any taxpayer shall be fixed by the commission and may be increased or decreased by the commission at any time. In fixing the amount of the bond, the commission shall require a bond equal to the amount of the taxpayer’s estimated maximum monthly excise tax ascertained in a manner as determined by the commission. Nothing in this section shall prevent or prohibit the commission from accepting and approving bonds which run for a term longer than the license period. The amount of a bond required of any one taxpayer shall not be less than one thousand dollars. The bonds required by this section shall be filed with the commission; and

(7) When a manufacturer or wholesaler sells and delivers alcoholic liquor upon which the tax has been paid to any instrumentality of the armed forces of the United States engaged in resale activities as provided in section 53-160.01, the manufacturer or wholesaler shall be entitled to a credit in the amount of the tax paid in the event no tax is due on such alcoholic liquor as provided in such section. The amount of the credit, if any, shall be deducted from the tax due on the following monthly report and subsequent reports until liquidated.

53-164.02 Evasion of liquor tax; acts forbidden; violations; penalty.

It shall be unlawful for any person to evade or attempt to evade the payment of tax on any alcoholic liquor in any manner whatever, and upon conviction thereof, in addition to the penalty prescribed for the violation of the Nebraska Liquor Control Act, such person shall forfeit and pay, as a part of costs in such action, double the amount of the tax so evaded or attempted to be evaded. Any person who violates this section shall be guilty of a Class II misdemeanor.

(g) MANUFACTURER’S AND WHOLESALER’S RECORD AND REPORT

53-165 Manufacturer and wholesaler; monthly report to commission of manufacture and sale; manufacturer or shipper; certification; record keeping.

(h) KEG SALES

53-167.01 Legislative findings.

The Legislature finds that every year hundreds of people, many of them teenagers, are seriously injured or killed as a result of alcohol-related accidents. In recognition of such facts it is the intent of the Legislature, through the implementation of section 53-167.02, to protect the public health, safety, and welfare of all Nebraskans.

53-167.02 Keg sales; requirements; keg identification number; violation; penalty.

(1) When any person licensed to sell alcoholic liquor at retail sells alcohol for consumption off the premises in a container with a liquid capacity of five or more gallons or eighteen and ninety-two hundredths or more liters, the seller shall record the date of the sale, the keg identification number, the purchaser’s name and address, and the number of the purchaser’s motor vehicle operator’s license, state identification card, or military identification, if such military identification contains a picture of the purchaser, together with the purchaser’s signature. Such record shall be on a form prescribed by the commission and shall be kept by the licensee at the retail establishment where the purchase was made for not less than six months.

(2) The commission shall adopt and promulgate rules and regulations which require the licensee to place a label on the alcohol container, which label shall at least contain a keg identification number and shall be on a form prescribed by the commission. Such label shall be placed on the keg at the time of retail sale. The licensee shall purchase the forms referred to in this section from the commission. The cost incurred to produce and distribute such forms shall be reasonable and shall not exceed the reasonable and necessary costs of producing and distributing the forms. Any money collected by the commission relating to the sale of such forms shall be credited to the Nebraska Liquor Control Commission Rule and Regulation Cash Fund.

(3) The keg identification number for each container shall be registered with the commission. The records kept pursuant to this section shall be available for inspection by any law enforcement officer during normal business hours or at any other reasonable time. Any person violating this section shall, upon conviction, be guilty of a Class III misdemeanor.

(2) A licensee may require a deposit of not more than the replacement cost of the container described in section 53-167.02 from a person purchasing alcohol for consumption off the premises. Such deposit may be retained by the licensee, in the amount of actual damages, if upon return the container or any associated equipment is damaged or if the keg identification number has been unlawfully tampered with, altered, or removed and such tampering, alteration, or removal has been reported to a law enforcement officer.

53-175 Liquor; acquisition from other than licensed dealer; when unlawful.

It shall be unlawful for any person to purchase, receive, acquire, accept, or possess any alcoholic liquor acquired from any person other than one duly licensed to handle alcoholic liquor under the Nebraska Liquor Control Act unless within the specific exemptions or exceptions provided in the act. No licensed retailer of alcoholic liquor shall purchase such liquor other than from a licensed wholesaler who has his or her place of business within this state. Nothing in this section shall prohibit the sale or exchange among collectors of commemorative bottles or uniquely designed decanters which contain alcoholic liquor.

53-176 Sale or delivery to unauthorized person forbidden; suspension, cancellation, or revocation of license.

No manufacturer or wholesaler shall sell or deliver any package containing alcoholic liquor manufactured or distributed by such manufacturer or wholesaler for resale unless the person to whom such package is sold or delivered is authorized to receive such package in accordance with the Nebraska Liquor Control Act. The commission shall suspend, cancel, or revoke the license of any manufacturer or wholesaler who violates this section.

53-177 Sale at retail; bottle club license; restrictions as to locality.

(1) Except as otherwise provided in subsection (2) of this section, no license shall be issued for the sale at retail of any alcoholic liquor or for a bottle club within one hundred fifty feet of any church, school, hospital, or home for indigent persons or for veterans and their wives or children. This prohibition does not apply (a) to any location within such distance of one hundred fifty feet
for which a license to sell alcoholic liquor at retail or for a bottle club has been
granted by the commission for two years continuously prior to making of
application for license, (b) to hotels offering restaurant service, to regularly
organized clubs, or to restaurants, food shops, or other places where sale of
alcoholic liquor is not the principal business carried on, if such place of
business so exempted was established for such purposes prior to May 24, 1935,
or (c) to a college or university in the state which is subject to section
53-177.01.

(2) If a proposed location for the sale at retail of any alcoholic liquor or for a
bottle club is within one hundred fifty feet of any church, a license may be
issued if the commission gives notice to the affected church and holds a hearing
as prescribed in section 53-133 if the affected church submits a written request
for a hearing.

The plain, ordinary, and popular meaning of the word
"church" includes a building in which people assemble for the
worship of God and for the administration of such offices and
services as pertain to that worship, a building used predomi-
nantly for the honor of God and religion, and a place where
persons regularly assemble for worship. A building which is
used predominantly for the honor of a religion would likewise
include buildings in which people assemble for non-Christian
worship, such as a mosque, a synagogue, or a temple. City of

Distance between church and place where intoxicating liquor
is sold is measured in a straight line between the nearest walls
of the two buildings. Calvary Baptist Church v. Coonrad, 163
Neb. 25, 77 N.W.2d 821 (1956).

53-177.01 Sale for consumption on premises or bottle club operation near
campus of college or university; restrictions; commission; waiver; application;
contents; written approval of governing body of college or university.

(1) No alcoholic liquor shall be sold for consumption on the premises within
three hundred feet from the campus of any college or university in the state,
except that this section:

(a) Does not prohibit a nonpublic college or university from contracting with
an individual or corporation holding a license to sell alcoholic liquor at retail
for the purpose of selling alcoholic liquor at retail on the campus of such
college or university at events sanctioned by such college or university but does
prohibit the sale of alcoholic liquor at retail by such licensee on the campus of
such nonpublic college or university at student activities or events; and

(b) Does not prohibit sales of alcoholic liquor by a community college
culinary education program pursuant to section 53-124.15.

(2) Except as otherwise provided in subsection (4) of this section, the
commission may waive the three-hundred-foot restriction in subsection (1) of
this section taking into consideration one or more of the following:

(a) The impact of retail sales of alcoholic liquor for consumption on the
premises on the academic mission of the college or university;

(b) The impact on students and prospective students if such sales were
permitted on or near campus;

(c) The impact on economic development opportunities located within or in
proximity to the campus; and

(d) The waiver would likely reduce the number of applications for special
designated licenses requested by the college or university or its designee.
(3) To apply for a waiver under this section, the applicant shall submit a written application to the commission. The commission shall notify the governing body of the affected college or university when the commission receives an application for a waiver. The application shall include:

(a) The address of the location for which the waiver is requested;
(b) The name and type of business for which the waiver is requested; and
(c) A description of the justification for the waiver explaining how the proposed location complies with the findings prescribed in subsection (2) of this section.

(4) The commission shall not waive the three-hundred-foot restriction in subsection (1) of this section without written approval from the governing body of the college or university or its designee if the physical location of the property which is the subject of the requested waiver is (a) surrounded by property owned by the college or university including any public or private easement, street, or right-of-way adjacent to the property owned by the college or university or (b) adjacent to property on two or more sides owned by the college or university including any public or private easement, street, or right-of-way adjacent to the property owned by the college or university.

(5) No bottle club shall be operated within three hundred feet from the campus of any college or university in the state.

53-178 Sale at retail; forbidden in dwelling or lodging house; exceptions.

Except in the case of hotels and clubs, no alcoholic liquor shall be manufactured or sold at retail or wholesale upon any premises which have any access which leads from such premises to any other portion of the same building or structure used for dwelling or lodging purposes and permitted to be used or kept accessible for use by the public. This section does not prevent any connection between such premises and such other portion of the building or structure which is used only by the licensee or his or her family and personal guests.

53-178.01 Licensee; sale to person within motor vehicle; prohibited; exceptions.

(1) No licensee shall sell alcoholic liquor, including beer, to any person for consumption off the licensed premises while such person is in any manner within any motor vehicle except as provided in subsection (2) of this section.

(2)(a) A business holding a Class B, Class C, Class D, Class L, Class Y, or Class Z license to sell alcoholic liquor at retail may sell alcoholic liquor authorized under such license to a person twenty-one years of age or older within a motor vehicle if (a) the alcoholic liquor is sold along with food, (b) the motor vehicle is in park, and (c) the alcoholic liquor is placed in the trunk of the motor vehicle or the area behind the last upright seat of such motor vehicle if the area is not normally occupied by the driver or a passenger and the motor vehicle is not equipped with a trunk.
(b) A licensee which sells alcoholic liquor in the manner authorized under this section shall provide notice to the commission during initial licensure or at the time of the licensee’s annual renewal regarding such sales.

(2) Any person who manufactures spirits at any place within the state without having first obtained a valid license to do so under the act shall be guilty of a Class I misdemeanor for a first offense and a Class IV felony for a second or subsequent offense.

(3) Each day any person engages in business as a manufacturer, wholesaler, retailer, or bottle club in violation of the act shall constitute a separate offense.

(4) In any prosecution in which a person is charged with an offense arising out of the failure to obtain a valid license as provided in subdivision (1)(a) or (b) or subsection (2) of this section, evidence of the failure of the accused to produce such license upon demand shall constitute prima facie proof that a license has not been issued by the commission to such person.

It is a penal offense for owner and operator of a truck, who has not been designated as a carrier of alcoholic liquor or granted a permit, to transport from another state a cargo of unstamped alcoholic liquors, consigned to a bonded warehouse in this state. State v. Hyslop, 131 Neb. 681, 269 N.W. 512 (1936).

#### 53-1,101 Owner of premises or agent knowing of violations; penalty.

If the owner of the licensed premises or any person from whom the licensee derives the right to possession of such premises, or the agent of such owner or
§ 53-1,101  LIQUORS

person, knowingly permits the licensee to use such licensed premises in violation of the terms of the Nebraska Liquor Control Act, such owner, agent, or other person shall be deemed guilty of a violation of the act to the same extent as such licensee and be subject to the same punishment.

§ 53-1,102 Violations by agent or employee of licensee; deemed act of licensee, when.

Every act or omission of whatsoever nature constituting a violation of any of the provisions of the Nebraska Liquor Control Act by any officer, director, manager, or other agent or employee of any licensee, if such act is committed or omission is made with the authorization, knowledge, or approval of the licensee, shall be deemed and held to be the act of such employer or licensee, and such employer or licensee shall be punishable in the same manner as if such act or omission had been done or omitted by him or her personally.

§ 53-1,103 False branding; penalty.

Any person who knowingly possesses, sells, ships, transports, or in any way disposes of any alcoholic liquor under any other than the proper name or brand known to the trade as designating the kind and quality of the contents of the package or other containers of such alcoholic liquor or who causes any such act to be done shall forfeit to the state such alcoholic liquor and such packages and containers and shall be subject to the punishment and penalties provided for violation of the Nebraska Liquor Control Act.

§ 53-1,104 Violations by licensee; suspension, cancellation, or revocation of license; cash penalty in lieu of suspending sales; election authorized.

(1) Any licensee which sells or permits the sale of any alcoholic liquor not authorized under the terms of such license on the licensed premises or in connection with such licensee’s business or otherwise shall be subject to suspension, cancellation, or revocation of such license by the commission.

(2) When an order suspending a license to sell alcoholic liquor becomes final, the licensee may elect to pay a cash penalty to the commission in lieu of suspending sales of alcoholic liquor for the designated period if such election is not prohibited by order of the commission. Except as otherwise provided in subsection (3) of this section, for the first such suspension for any licensee, the penalty shall be fifty dollars per day, and for a second or any subsequent suspension, the penalty shall be one hundred dollars per day.

(3)(a) For a second suspension for violation of section 53-180 or 53-180.02 occurring within four years after the date of the first suspension, the commission, in its discretion, may order that the licensee be required to suspend sales of alcoholic liquor for a period of time not to exceed forty-eight hours and that the licensee may not elect to pay a cash penalty. The commission may use the required suspension of sales of alcoholic liquor penalty either alone or in
conjunction with suspension periods for which the licensee may elect to pay a cash penalty. For purposes of this subsection, second suspension for violation of section 53-180 shall include suspension for a violation of section 53-180.02 following suspension for a violation of section 53-180 and second suspension for violation of section 53-180.02 shall include suspension for a violation of section 53-180 following suspension for a violation of section 53-180.02;

(b) For a third or subsequent suspension for violation of section 53-180 or 53-180.02 occurring within four years after the date of the first suspension, the commission, in its discretion, may order that the licensee be required to suspend sales of alcoholic liquor for a period of time not to exceed fifteen days and that the licensee may not elect to pay a cash penalty. The commission may use the required suspension of sales of alcoholic liquor penalty either alone or in conjunction with suspension periods for which the licensee may elect to pay a cash penalty. For purposes of this subsection, third or subsequent suspension for violation of section 53-180 shall include suspension for a violation of section 53-180.02 following suspension for a violation of section 53-180 and third or subsequent suspension for violation of section 53-180.02 shall include suspension for a violation of section 53-180 following suspension for a violation of section 53-180.02; and

(c) For a first suspension based upon a finding that a licensee or an employee or agent of the licensee has been convicted of possession of a gambling device on a licensee’s premises in violation of sections 28-1107 to 28-1111, the commission, in its discretion, may order that the licensee be required to suspend sales of alcoholic liquor for thirty days and that the licensee may not elect to pay a cash penalty. For a second or subsequent suspension for such a violation of sections 28-1107 to 28-1111 occurring within four years after the date of the first suspension, the commission shall order that the license be canceled.

(4) For any licensee which has no violation for a period of four years consecutively, any suspension shall be treated as a new first suspension.

(5) The election provided for in subsection (2) of this section shall be filed with the commission in writing one week before the suspension is ordered to commence and shall be accompanied by payment in full of the sum required by this section. If such election has not been received by the commission by the close of business one week before the day such suspension is ordered to commence, it shall be conclusively presumed that the licensee has elected to close for the period of the suspension and any election received later shall be absolutely void and the payment made shall be returned to the licensee. The election shall be made on a form prescribed by the commission. The commission shall remit all funds collected under this section to the State Treasurer for distribution in accordance with Article VII, section 5, of the Constitution of Nebraska.

(6) Recognizing that suspension of the license of a licensee domiciled outside of the state poses unique enforcement difficulties, the commission may, at its discretion, mandate that a licensee domiciled outside of the state pay the cash penalty found in subsection (2) of this section rather than serve the suspension.

§ 53-1,105 Sufficiency of charge of violation; sufficiency of proof.

In any indictment, information, affidavit, or complaint charging the violation of any of the provisions of the Nebraska Liquor Control Act, it shall be sufficient to charge that the accused unlawfully manufactured, sold, offered for sale, kept for sale, delivered, or otherwise unlawfully disposed of alcoholic liquor without any further or more specific description of such liquor, and proof of any kind of alcoholic liquor unlawfully manufactured, sold, offered for sale, kept for sale, delivered, or otherwise unlawfully disposed of shall be sufficient proof as to the character or kind of alcoholic liquor.

§ 53-1,106 Charge of violation; sufficiency of allegations; second offense; proof; former conviction.

In any indictment, information, complaint, or affidavit charging the violation of any of the provisions of the Nebraska Liquor Control Act, it shall not be necessary to allege the quantity or kind of such alcoholic liquor further than to allege that it was alcoholic liquor. In case of sale, keeping for sale, or delivering, it shall not be necessary to set out the name of the person to whom sale or delivery has been made. In any prosecution for a second offense, it shall not be necessary to state in the indictment, complaint, or affidavit the record of the former conviction, but it shall be sufficient briefly to allege such conviction. In any prosecution for an offense, no indictment, information, complaint, or affidavit shall state or allege and no consideration shall be given to the record of a former filing of an indictment, information, complaint, or affidavit, or the record of a former conviction, which is four years old or older. Proof of sale, delivery, or unlawful disposition of alcoholic liquor to any person not authorized by the act to purchase or receive the same shall be sufficient to sustain the allegation of unlawful sale, delivery, or disposition.

§ 53-1,107 Complaint, indictment, or information; contents; sufficiency.

In any indictment, information, complaint, or affidavit against any one or more individuals charging the violation of the Nebraska Liquor Control Act, separate offenses under the act may be joined in the same indictment, information, complaint, or affidavit and the accused may be prosecuted and convicted upon all or any of such counts so joined the same as upon separate indictments, information, complaint, or affidavits and judgment may be rendered on each count upon which there is a conviction. In any indictment, information, complaint, or affidavit for any violation of the act, it shall not be necessary to describe the place where the offense was committed except to allege that it was committed in the county wherein the prosecution was had unless the particular
place where the violation occurred constitutes one of specific ingredients of the offense and it shall not be necessary to negative any of the exceptions contained in the act or to state the day or the hour when the offense was committed unless the day or hour constitutes a special element or ingredient of the offense.

### § 53-1,108 Search warrants issued on complaint; form.

Whenever complaint is made in writing, verified by affidavit, to any judge of any court having cognizance of criminal offenses, that complainant has just and reasonable grounds to believe and does believe that alcoholic liquor is manufactured, possessed, kept for sale, used, or transported in violation of the Nebraska Liquor Control Act, or any mash, still, or other property designed for the manufacture of alcoholic liquor is possessed in any premises which are not licensed under the act, particularly describing and designating such property in such complaint, the judge may issue a search warrant. No search warrant shall be necessary for the inspection or search of any premises licensed under the act. The property seized on any such warrant shall not be taken from the officer seizing the same on any writ of replevin or other like process. Each complaint shall be substantially in the following form:

53-1,109 Search warrants; contents; directed to peace officer.

If the judge before whom any such complaint is made is satisfied that there is reasonable cause for such belief, he or she shall issue a warrant directed to any peace officer having jurisdiction, commanding him or her to enter the house, building, premises, boat, vehicle, receptacle, or other place described and designated with particularity and to make diligent and careful search for alcoholic liquor manufactured, possessed, or kept for sale, contrary to the Nebraska Liquor Control Act, and if any such alcoholic liquor is found, to seize the same, together with the vessels containing the same, and all property, implements, furniture, and vehicles kept or used for the purpose of violating, or with which to violate any of the provisions of the act, and to bring the same and any and all persons, if there are any, in whose possession they are found, before the judge who issued the warrant or some other judge having cognizance of the case.

53-1,111 Search warrants; search and seizure of property; sale; disposition of proceeds; arrests.

Upon the issuance of any search warrant pursuant to section 53-1,108, it shall be the duty of the officers executing the same to enter the house, building, premises, boat, vehicle, receptacle, or other place described, either in the daytime or nighttime, by force if necessary and to remove and confiscate any alcoholic liquor manufactured, possessed, or kept for sale contrary to the terms of the Nebraska Liquor Control Act and any machinery, equipment, or material used in connection therewith and to hold such property until all prosecution arising out of such search and seizure shall have ended and determined. It shall be the duty of the officers executing such search warrant to arrest any person or persons found using or in possession or control of such alcoholic liquor, articles, or things. All alcoholic liquor unlawfully manufactured, stored, kept, sold, or otherwise disposed of, and the containers thereof, and all equipment used or fit for use in the manufacture or production of the same which are
found at or about any still or outfit for the unlawful manufacture of alcoholic liquor on unlicensed premises are hereby declared contraband, and no right of property shall be or exist in any person owning, furnishing, or possessing any such property, liquor, material, or equipment, but all such property, articles, and things, including alcoholic liquor, shall be sold upon an order of the court as provided in section 53-1,113, and the proceeds thereof shall be disposed of in the manner provided for the disposition of license money under the Constitution of Nebraska.

The court, if satisfied that the property so seized and held was at the time of its seizure being kept or used, or was fit for use in the unlawful manufacture or production of alcoholic liquor, shall make an order that (a) the commission dispose of any alcoholic liquor in accordance with the Nebraska Liquor Control Act and (b) any other property and effects be sold by such officer subject to the time, place, manner, and notice of such sale set by the order.

(2) Nothing contained in the Nebraska Liquor Control Act shall be considered to authorize the sale of any alcoholic liquor unlawfully manufactured fit for human consumption which comes into the possession of any officer or the commission by seizure, confiscation, or forfeiture under the provisions of the act without the payment of all taxes and inspection fees required by the laws of this state and of the United States, and all such unlawfully manufactured alcoholic liquor which is unfit for human consumption shall be destroyed.

Service upon any attorney of record for any such party shall be deemed to be service upon such party. Each party appearing before the commission shall enter his or her appearance and indicate to the commission his or her address for such service. The commission shall receive and consider such application for a rehearing within thirty days after its filing with the executive director of the commission. If such application for rehearing is granted, the commission shall proceed as promptly as possible to consider the matters presented by such application. No appeal shall be allowed from any decision of the commission except as provided in section 53-1,116.

(3) Upon final disposition of any proceeding, costs shall be paid by the party or parties against whom a final decision is rendered. (1) City police, county sheriffs, officers of the Nebraska State Patrol, and any other such law enforcement officer with power to arrest for traffic violations may take a person who is intoxicated and in the judgment of the officer dangerous to himself, herself, or others, or who is otherwise incapacitated, from any public or quasi-public property. An officer removing an intoxicated person from public or quasi-public property shall make a reasonable effort to take such intoxicated person to his or her home or to place such person in any hospital, clinic, or mental health substance use treatment center or with a medical doctor as may be necessary to preserve life or to prevent injury. Such effort at placement shall be deemed reasonable if the officer contacts those facilities or doctors which have previously represented a willingness to accept and treat such individuals and which regularly do accept such individuals. If such efforts are unsuccessful or are not feasible, the officer may then place such intoxicated person in civil protective custody, except that civil protective custody shall be used only as long as is necessary to preserve life or to prevent injury, and under no circumstances for longer than twenty-four hours.

(2) The placement of such person in civil protective custody shall be recorded at the facility or jail to which he or she is delivered and communicated to his or her family or next of kin, if they can be located, or to such person designated by the person taken into civil protective custody.

(3) The law enforcement officer who acts in compliance with this section shall be deemed to be acting in the course of his or her official duty and shall not be criminally or civilly liable for such actions.

(4) The taking of an individual into civil protective custody under this section shall not be considered an arrest. No entry or other record shall be made to indicate that the person has been arrested or charged with a crime.

(5) The Department of Health and Human Services shall not deny issuance or renewal of a license under the Health Care Facility Licensure Act to a mental health substance use treatment center on the basis that the mental health substance use treatment center utilizes locked rooms to provide civil protective custody services if the mental health substance use treatment center is otherwise in compliance with the applicable rules and regulations of the department and if a person placed into civil protective custody in the mental health substance use treatment center is not kept in a locked room after such person is no longer a danger to himself or herself or other patients or staff of the mental health substance use treatment center.

(b) Public property means any public right-of-way, street, highway, alley, park, or other state, county, or municipally owned property; and

Any agreement which is in existence on April 18, 1989, shall be renewed in a manner consistent with sections 53-201 to 53-223, and the provisions of such sections may be incorporated by reference in the agreement. Nothing in such sections shall prevent a supplier from making a one-time appointment, for a period not to exceed ninety days, of a wholesaler to temporarily service a sales territory not designated to another wholesaler until such time as a wholesaler is appointed by the supplier. The wholesaler who is designated to service the sales territory during the period of temporary service shall not be in violation of such sections and, with respect to the temporary sales territory, shall not have any of the rights provided under sections 53-218 and 53-220. (7) Require a wholesaler to assent to any condition, stipulation, or provision limiting the wholesaler’s right to sell the brand or brands of beer or other products of any other supplier unless the acquisition of the brand or brands or products of another supplier would materially impair or adversely affect the wholesaler’s quality of service, sales, or ability to compete effectively in representing the brand or brands of the supplier presently being sold by the wholesaler. The supplier shall have the burden of proving that such acquisition of such other brand or brands or products would have such effect;

(8) Require a wholesaler to purchase one or more brands of beer or other products in order for the wholesaler to purchase another brand or brands of beer for any reason. This subdivision shall not govern dock prices;

(15) Take any action against a wholesaler who files a complaint regarding an alleged violation by the supplier of a federal, state, or local law, rule, or regulation in retaliation for such complaint;

(2) Sell or deliver beer to a retail licensee located outside the sales territory designated to the wholesaler by the supplier of a particular brand or brands of beer, except that during a period of temporary service interruption impacting a particular sales territory, a wholesaler who normally services the impacted sales territory shall file with the Nebraska Liquor Control Commission and give to the affected supplier written notice designating the specific wholesaler or wholesalers, not disapproved by the supplier, who will service the sales territory during the period of temporary service interruption and the approximate length of time of the service interruption. Each wholesaler designated to temporarily service a sales territory shall be a wholesaler who has a current agreement with a supplier for the brand or brands affected. When the temporary service interruption is over, the wholesaler who normally services the sales territory shall notify the commission, the supplier, and the wholesaler or wholesalers servicing the sales territory on a temporary basis of this fact in writing, and any wholesaler servicing the sales territory on a temporary basis shall cease servicing the sales territory upon receipt of the notice. (c) Good cause for the amendment, modification, forced resignation, cancellation, termination, nonrenewal, or discontinuance.

(2) For each amendment, modification, cancellation, termination, nonrenewal, or discontinuance, the supplier shall have the burden of proving that it has acted in good faith, that the notice requirements under this section have been complied with, and that there was good cause for the amendment, modification, cancellation, termination, nonrenewal, or discontinuance.

(3) Notwithstanding any agreement and except as to new products and as otherwise provided in this section and in addition to the time limits set forth in subdivision (4)(e) of this section, the supplier shall furnish written notice of the amendment, modification, cancellation, termination, nonrenewal, or discontinuance of an agreement to the wholesaler not less than thirty days before the effective date of the amendment, modification, cancellation, termination, nonrenewal, or discontinuance. The notice shall be sent by certified mail and shall contain:

(a) There is a failure by the wholesaler to comply with a provision of the agreement which is both reasonable and of material significance to the business relationship between the wholesaler and the supplier;

(b) The supplier first acquired knowledge of the failure described in subdivision (a) of this subsection not more than twenty-four months before the date notification was given pursuant to subsection (3) of this section;
(c) The wholesaler was given notice by the supplier of failure to comply with the agreement within twenty-four months of such failure;

(d) The wholesaler was afforded a reasonable opportunity to assert good faith efforts to comply with the agreement within the time limits provided for in subdivision (e) of this subsection; and

(e) The wholesaler has been afforded thirty days in which to submit a plan of corrective action to comply with the agreement and an additional ninety days to cure such noncompliance in accordance with the plan.

(5) Notwithstanding subsections (1) and (3) of this section, a supplier may cancel, terminate, fail to renew, or discontinue an agreement immediately upon written notice given in the manner and containing the information required by subsection (3) of this section if:

(b) The wholesaler’s state or federal license is revoked or suspended by the appropriate regulatory agency and the wholesaler cannot service the wholesaler’s sales territory for more than sixty-one days;

(b) The wholesaler failed to confine its sales of a brand or brands to retailers in its designated sales territory. This subdivision shall not apply if there is a dispute between two or more wholesalers as to the boundaries of the assigned territory and the boundaries cannot be determined by a reading of the description contained in the agreements between the supplier and the wholesalers;

(c) A wholesaler who has failed to pay for beer ordered and delivered in accordance with established terms with the supplier fails to make full payment within two business days after receipt of written notice of the delinquency and demand for immediate payment from the supplier;

(d) A wholesaler intentionally has made a transfer of the wholesaler’s business, other than a transfer to a designated member or pursuant to a loan
agreement or debt instrument, without prior written notice to the supplier and has failed, within thirty days from the receipt of written notice from the supplier of its intent to terminate on the ground of such transfer, to reverse the transfer of the wholesaler’s business;

(e) A wholesaler intentionally has made a transfer of his or her business, other than a transfer to a designated member, although the wholesaler has prior to the transfer received from the supplier a timely notice of disapproval of the transfer in accordance with sections 53-201 to 53-223; or

(f) The wholesaler intentionally ceases or ceases for a period of more than thirty-one days to carry on business with respect to any of the supplier’s brand or brands previously serviced by a wholesaler in its sales territory designated by the supplier unless such cessation is due to a force beyond the control of the wholesaler or to a labor dispute and the wholesaler has made good faith efforts to overcome such events. This subdivision shall affect only that brand or brands with respect to which the wholesaler ceased to carry on business.

(7) Notwithstanding subsections (1), (3), (5), and (6) of this section, a supplier may cancel, terminate, not renew, or discontinue an agreement upon not less than thirty days’ written notice if the supplier discontinues production or discontinues distribution in this state of all the brands sold by the supplier to the wholesaler. Nothing in this section shall prohibit a supplier from (a) upon not less than thirty days’ written notice, discontinuing the distribution of any particular brand or package of beer or (b) conducting test marketing of a new brand of beer or of a brand of beer which is not currently being sold in this state if the supplier has notified the Nebraska Liquor Control Commission in writing of its plans to test market. The notice to the commission shall describe the market area in which the test will be conducted, the name or names of the wholesaler or wholesalers who will be selling the beer, the name or names of the brand of beer being tested, and the period of time, not to exceed eighteen months, during which the testing will take place.

Each wholesaler shall, to the extent permitted by the Nebraska Liquor Control Act and the rules and regulations adopted and promulgated pursuant to such act:

During a period of temporary service interruption impacting a particular wholesaler’s sales territory, the wholesaler who normally services the sales territory shall file with the Nebraska Liquor Control Commission and serve on his or her suppliers a written notice stating that a temporary service interruption has occurred and indicating the anticipated duration of the temporary service interruption.
