PRESIDENT NICHOL PRESIDING

PRESIDENT: Good morning, ladies and gentlemen. Welcome to the George W. Norris Legislative Chamber. We have with us today, as chaplain of the day, Reverend Jim McGaffin, who is with the Victory Outreach in Omaha, Nebraska. He is in Senator Lynch's district. Reverend McGaffin. Would you please rise for the invocation.

REVEREND MCGAFFIN: (Prayer offered.)

PRESIDENT: Senator Lynch, for what purpose do you rise?

SENATOR LYNCH: Request personal privilege, just for a private comment, if I could. I wanted to mention that Reverend McGaffin is the son of Jim McGaffin, who was WOW News Director for a long time, TV, in Omaha. And many of you knew Jim, and I thought I should mention that. So you might remember and recognize more of his mother than his father in Reverend McGaffin. We're sure pleased to have you here today, Reverend.

PRESIDENT: Okay, thank you. Roll call, please.

CLERK: I have a quorum present, Mr. President.

PRESIDENT: Thank you. Any corrections to the Journal today?

CLERK: No corrections, Mr. President.

PRESIDENT: Any messages, reports or announcements?

CLERK: Mr. President, your Committee on Enrollment and Review respectfully reports they have carefully examined and reviewed LB 338 and recommend that same be placed on Select File with E & R amendments attached; LB 378, Select File with E & R; LB 391, Select File with E & R; LB 74, Select File; LB 398, Select File; LB 499, Select File with E & R amendments; LB 238, Select File with E & R; and LB 263, Select File. All signed by Senator Lindsay as Chair. (See pages 654-56 of the Legislative Journal.)

Mr. President, Senator Wehrbein would like to print amendments to LB 155 in the Journal. New resolution, LR 29, offered by Senator Langford. (Read brief summary of resolution. See pages 656-55 of the Journal.) That will be laid over,

Department of Environmental Control to construct or modify publicly owned sewage treatment works. The amendments proposed by LB 623 are for the most part the result of a statutory review by the U.S. EPA. Most of the comments from EPA had to do with clarification of fund and account management. Other substantive changes proposed by the bill are the creation of a discounted interest rate for short-term loans and the expansion of the definition of eligible items for construction. This is a relatively minor bill. I would ask that the bill be advanced.

SPEAKER BARRETT: Any discussion? If not, Senator Lamb, any closing statement? Thank you. Those in favor of the advancement of LB 623 to E & R Initial vote aye, opposed nay. Voting on the advancement of the bill. Record, please.

ASSISTANT CLERK: 27 ayes, 0 nays on the advancement of the bill, Mr. President.

SPEAKER BARRETT: LB 623 is advanced. The Chair is pleased to take a moment, before we proceed to one last bill, to introduce some guests of Senators Chizek and Hannibal in the north balcony. We have 30 seventh grade students from Millard North Middle School and their assistant principal and five other adults. Would you people please stand and be recognized by the Legislature. Thank you. We're glad to have you with us. Mr. Clerk, LB 155.

ASSISTANT CLERK: LB 155 was introduced by Senators Rogers and Pirsch. (Read title.) The bill was read for the first time on the fifth of January, was referred to the Transportation Committee. They report the bill back to General File with committee amendments attached, Mr. President.

SPEAKER BARRETT: Senator Lamb, Chair of the committee, please.

SENATOR LAMB: Yes, Mr. President, members, this is a bill that has to do with sunscreens, windows, the dark, dark windows in cars. I'll not explain the bill, but I will only note that this will place some restrictions on sunscreening. I think it's primarily...the primary interest has been by law enforcement officers because they feel threatened when they walk up to a vehicle with dark windows. The committee amendment only provide a couple of exceptions whereby this sunscreening, dark sunscreening can be allowed. One is if the State Patrol or a law enforcement agency decides that they should grant a waiver

of the standards of this bill, they may do it under certain conditions. And really what we're thinking about is if the President of the United States comes to Nebraska, as he does from time to time, that perhaps those standards should be waived for security purposes, and allow the President not to be in violation of the law if he wants to have dark windows on his limousine. The other exemption has to do with funeral coaches, it would allow dark suncreening in funeral coaches. I would ask that the committee amendments be adopted.

SPEAKER BARRETT: Thank you. Amendment on the desk.

ASSISTANT CLERK: Mr. President, I do have an amendment to the committee amendments from Senator Wehrbein. It's found on page 656 of the Journal.

SPEAKER BARRETT: Senator Rogers, will you handle the amendment, please.

SENATOR ROGERS: Yes, Mr. Speaker and members. It's a very simple amendment. If you don't have your book open, I'll just read it. On page 1, line 5, after "security" insert "or for medical reasons based on an affidavit signed by a licensed physician". It seems as though Senator Wehrbein has a constituent that was in a bad...anhydrous, or some sort of a bad, bad burn, and he cannot stand sunlight, so that is where this amendment come from. I move for its adoption.

SPEAKER BARRETT: Thank you. Discussion on the amendment to the committee amendments? I have two lights. Senator Hall. On the bill, thank you. Senator Lamb.

SENATOR LAMB: Mr. President, members, I support the amendment that Senator Wehrbein is suggesting. I think it is logical that in some cases there may be a medical problem that direct sunlight would have an adverse effect on the individual in the car, and that medical exemption should be allowed.

SPEAKER BARRETT: Thank you. Senator Moore. Thank you. Any other discussion on the amendment to the amendment? Anything further, Senator Rogers?

SENATOR ROGERS: No, move for the adoption.

SPEAKER BARRETT: Thank you. Those in favor of the adoption of

the amendment please vote aye, opposed nay. Record, please.

ASSISTANT CLERK: 13 ayes, 0 nays on the adoption of the Wehrbein amendment to the committee amendments, Mr. President.

SPEAKER BARRETT: The amendment to the amendment is adopted. Back to the committee amendment. Senator Moore, on the committee amendment, as amended. Thank you. Anyone else care to discuss it? Senator Hall.

SENATOR HALL: Thank you, Mr. Speaker, members. Senator Lamb, on the committee amendments, would you yield to a question?

SPEAKER BARRETT: Senator Lamb.

SENATOR LAMB: Not just Republican Presidents.

SENATOR HALL: Senator Lamb, that is not even close to what I was going to ask you about. (Laughter.) Howard, the amendment, you talked about exempting out funeral cars, basically, limousines that function in a funeral procession. In Omaha, and I know in Council Bluffs, many of the funeral homes in Omaha do not own their own cars, they rent them from a limousine service. These cars would function both in a capacity as a limousine, depending on who rented them for the day, and also in a funeral procession. Does the bill or the committee amendments allow for these cars to function in both capacities? We also have limousine services in Omaha, as well, and I think there are some here in Lincoln. The question being they have a dual purpose, in order to be able to justify their costs, and in order to make money, on one hand it sounds like they'd be exempt if they were functioning in a funeral. Are they exempt under the capacity as a limousine service?

SENATOR LAMB: Not in my opinion. The committee amendment states this act shall not apply to the side or rear windows of funeral coaches, hearses or other vehicles operated in the normal course of business by a funeral establishment. So, what the committee's idea and what I think the bill says is, or the amendment says is that while they are operating in the capacity as a funeral capacity then it would be legal. But then if they are going down to the corner drug store that would not be legal, just to be....

SENATOR HALL: So, in other words, in all practical purposes

then these folks, in order to...because half their business, roughly, is in providing limousine services. Kids rent them to go to proms and things like that, some dignitaries come in, they rent them. The other half of their business is in the funeral busin...renting them to funeral homes to use in their...in the funeral processions. So, for all practical purposes they would have to remove the...change the windows and have them only clear glass, basically, in order to comply because there would be no way that they could really...

SENATOR LAMB: I think that is correct, Senator Hall.

SENATOR HALL: Would...and maybe I should ask Senator Rogers if there would be...he'd be amenable to an amendment that would allow for folks who operate a limousine service to be exempted as well. We don't need to do that now. I would just as soon we adopt the committee amendments and advance the bill, but I would like to address that between now and Select File, if I could. Thank you, Mr. President.

SPEAKER BARRETT: Thank you. Senator Kristensen.

SENATOR KRISTENSEN: Mr. Speaker, I just had a question for Senator Moore.

SPEAKER BARRETT: Senator Moore, would you respond?

SENATOR MOORE: Yes.

SENATOR KRISTENSEN: Senator Moore, does your motorcycle helmet have tinted glass on the front?

SENATOR MOORE: Mine does.

SENATOR KRISTENSEN: Do you believe that would come under this bill as well?

SENATOR MOORE: I didn't think that it would but, if it would, I would go get a clear shield.

SENATOR KRISTENSEN: Thank you.

SPEAKER BARRETT: Senator Rogers.

SENATOR ROGERS: Mr. Speaker and body, I was just going to, in

regard to what Tim Hall said, I don't know, we can see what we can do about it. But maybe these sort of limousines could have some sort of a curtain on the inside, which some of them do, that they can pull down and then they can raise it up. But we can talk about that.

SPEAKER BARRETT: Thank you. Would you care to close on the committee amendments? Thank you. The question is the adoption of the committee amendments to LB 155. All in favor vote aye, opposed nay. Please record.

ASSISTANT CLERK: 25 ayes, 0 nays on the adoption of committee amendments, Mr. President.

SPEAKER BARRETT: The committee amendments are adopted. Senator Rogers, would you care to discuss the bill as amended?

SENATOR ROGERS: I think, Mr. Speaker and members, with some of the amendments, I think probably basically everyone knows what this does, is to get away from the dark, dark windows. They mention about law enforcement, they are some of the people that had come to me originally. Also, you can talk to some motorists, if you're just driving down the street and you pull up to an intersection, it's very hard to see the reaction of that person that is maybe going to cut in front of you or something like that. I'd also mention some people said, well what is a 35 percent light, and what is a 25 percent light reflection? What does that look like? If they would care to stop in our office, we have some samples of this that the...basically the one and only distributor in Omaha, Nebraska that sells this, and he brought a sample in of which patrolmen will probably have some of them because it's very hard to just visually look at it. But these samples explain. This particular dealer in Omaha also helped write the bill, he's the man that sells most of this stuff in the State of Nebraska. But if someone would like to see the samples, stop in the office, we can show you what the different lights are on the front and on the back. Unless there are some questions, that's all I have to say at this time.

SPEAKER BARRETT: Thank you. Any discussion? Seeing none, those in favor of the advancement of LB 155 to E & R Initial please vote aye, opposed nay. Please record.

ASSISTANT CLERK: 25 ayes, 0 nays on the advancement of the

SENATOR WITHEM: Yes, Mr. President, members of the body, this is, I believe AM801, is that correct?

CLERK: Yes, sir.

SENATOR WITHEM: Okay, AM801 to this bill is the Education Data Center Act that we debated on Select File a couple of weeks ago. It had a good, thorough discussion of the bill on General File. A number of concerns were brought to my attention. These amendments are my attempt to deal with those. The amendments has been distributed and I'll just walk you through it. The first part of it is merely technical, making the term Nebraska define the elementary-secondary schools so we know we're talking only about our own state. Secondly, Senator Labeledz raised the question on General File as to whether we were going to be studying the financing of private schools. I indicated that was my intent to do so. This amendment inserts the word "public" after...before the schools that we're talking about studying their finances. Senator Scofield, I believe it was, indicated wanting to see more input by school officials. We have an advisory committee that is established. It originally had three

SPEAKER BARRETT: Senator Chambers, on your amendment.

SENATOR CHAMBERS: Mr. Chairman, let me look at this, because my amendment may have already been adopted.

SPEAKER BARRETT: Fine.

SENATOR CHAMBERS: Mr. Chairman and members of the Legislature, I am on the bill now. I was thinking of a different bill. The amendment says that the provisions of this bill shall apply prospectively or from the date that the bill takes effect, and in order that there will be no confusion, nothing unfair to anybody, we are setting up a new system. We are loosening certain legal requirements so that when that is done I think those kind of activities ought to...the bill should apply only after the bill takes effect. So that is what the amendment would do. It doesn't change anything in the bill, which I don't like. I don't like the bill. But if you are going to have a bill like this, where you can have a noncertified document used in this state for the purpose of depriving an individual of a right or a privilege, then the least you can do is say that it will apply only to things that occur after the date that the bill is passed.

SPEAKER BARRETT: Thank you. Discussion. Senator Lamb, followed by Senator Lindsay.

SENATOR LAMB: Yes, Mr. President and members, you will remember that there was extended discussion about this bill previously. This has to do with points taken off your license from other states, and this bill allows the Department of Motor Vehicles to certify that in fact you have been convicted in another state, and that the record is true and correct. We have gotten an Attorney General's Opinion on the bill in regard to whether it violates the rules of evidence. The Attorney General's Opinion has been positive.
