LB 1, 280-288

LR 3

CLERK: Mr. President, LR 3 is offered by Senator Baack and a number of the members. It is found on page 108. (Read.)

PRESIDENT: Senator Baack, please.

SENATOR BAACK: Mr. President and members, I bring this resolution in memory of my predecessor, Senator Clark from Sidney, and for his family who remains. I did allow an opportunity for all of the members who are still in the body that served with Senator Clark and most of them signed the resolution. I would also say that our Lieutenant Governor did an excellent job at the memorial service for Senator Clark in commemorating his service to the state and to his community. So, with that, I would urge your adoption of the resolution. Thank you.

PRESIDENT: Thank you. You've heard the motion. All those in favor vote aye, opposed nay. Have you all voted on the resolution? Record, Mr. Clerk.

CLERK: 31 ayes, 0 nays, Mr. President, on adoption of LR 3.

PRESIDENT: Senator Labedz, please.

SENATOR LABEDZ: Thank you, Mr. President. Before I start on the 17 bills, the revisor bills, I want to remind the senators to avoid the temptation to amend these bills, which are bills designed to correct errors made in prior years, and bills which

January 26, 1989

LB 115, 283

ASSISTANT CLERK: 30 ayes, 0 nays on the motion to advance the bill.

SPEAKER BARRETT: LB 115 is advanced. LB 283.

ASSISTANT CLERK: LB 283 was introduced by the Transportation Committee. (Read title.) The bill was read for the first time on January 10. It was referred to the Transportation Committee. They report the bill to General File, Mr. President.

SPEAKER BARRETT: Thank you. The Chairman of the Transportation Committee, Senator Lamb.

SENATOR LAMB: Thank you, Speaker Barrett. LB 283 is the Motor Vehicles Department, commonly called, clean-up bill. It has about four parts that are of some interest. The first part of the bill just eliminates a conflict in our present statute. We have one statute which says that the auxiliary driving lamp should be 15 inches above the ground, and another section says it be 12 inches above the ground. So this bill just makes it 12 inches, and so it eliminates the 15 inch, the ambiguity there. Number two, new definition of a commercial vehicle, a commercial trailer, and the local commercial truck and local trucks are merged into a single definition since LB 224 enacted previously changed the radius of operation of a local commercial vehicle to coincide with that of a local vehicle. So there is no necessity to have two definitions in the statutes that is now both definitions are the same. The third part of the bill has to do with nonresident owners gainfully employed or present in Nebraska. They operate a passenger car. They must title and register such car in the manner of a Nebraska resident, and this kind of language is supplemented with new language which provides that any person who operates in this state a passenger car owned by a nonresident for thirty continuous days or more shall title and register such car as a Nebraska resident. And the fourth part of the bill, current law provides that all payments received by the Department of Motor Vehicles to cover the costs of audits of apportioned registered vehicles shall be paid to the State Treasurer for deposit to the General Fund. The bill would have such funds deposited by the treasurer to the Interstate Registration Operations Cash Fund. This matches reimbursements with expenditures. It is the departments belief that when these activities, these prorated activities were changed from funding by the General Fund to the Interstate

Registration Operations Cash Fund, this particular portion of the statute did not get changed. And that, basically, is the bill, Mr. Chairman.

SPEAKER BARRETT: Thank you. Any discussion on 283? Anything further, Senator Lamb? Thank you. Those in favor of the advancement of LB 283 please vote aye, opposed nay. Record, please.

CLERK: 32 ayes, 0 nays, Mr. President, on the advancement of LB 283.

SPEAKER BARRETT: LB 283 is advanced. LB 284.

CLERK: Mr. President, LB 284 is a bill introduced by the Transportation Committee and signed by its members. (Read title.) The bill was introduced on January 10, referred to the Transportation Committee for public hearing, advanced to General File. I have no amendments to the bill, Mr. President.

SPEAKER BARRETT: Chairman Lamb, please.

SENATOR LAMB: Thank you, Mr. President. LB 284 deals with identification cards. You will recall a few years ago we established a system of identification cards primarily for those people who do not have drivers' licenses in this state. The drivers' licenses have sort of become an identification card, and those people who do not have drivers' licenses do not have the benefits of that card for identification purposes. So the identification card which has been in existence will undergo some changes in this bill. Currently, the card never expires, and that is changed. It is changed, all the conditions concerning the card are now or would be under this bill some very similar to those with the driver's license. The cards will be issued by the county treasurer following application to the driver's license examiner, and that tightens it up somewhat because previously those cards were issued by the county treasurer only upon showing one form of identification. The cards will bear a color photo of the holder, a different color background shall be utilized for minors. In order to get the card, you have to have two forms of identification rather than one. Cards shall expire upon the birthday in the first year after issuance in which the holder's age is divisible by four which is similar to drivers' licenses, and the fee will be \$10. Those valid for less than four years are at a lesser rate; three

that this body cannot solve through legislation, though Senator Wesely would try. We have an amendment that I am proposing that can say we are concerned with our young. We do want to stop sampling to our young and we hope that we can get the message across to our young, please, do not smoke cigarettes, tobacco products and use smokeless tobacco.

SPEAKER BARRETT: Your time has expired.

SENATOR BERNARD-STEVENS: If we can get it across as a nation, as a society, if people in here can also put themselves to the same test, we might get somewhere. The bill will not get us any closer. My amendment will take us a small step and I will regrettably say, it is an unfortunate small step but a small step is better than none.

SPEAKER BARRETT: Time has expired.

SENATOR BERNARD-STEVENS: Thank you, Mr. President.

SPEAKER BARRETT: Thank you. The question before the body is the adoption of the Bernard-Stevens amendment to LB 48. Those in favor please vote aye, opposed nay. Have you all voted? Please record.

SPEAKER BARRETT: Senator Goodrich, would you care to adjourn us.

LB 115, 261, 283

PRESIDENT: Senator Rod Johnson.

SENATOR R. JOHNSON: Mr. President, I'd move the advancement of LB 261.

PRESIDENT: You've heard the motion. All in favor say aye. Opposed nay. It is advanced. LB 115.

CLERK: LB 115, Senator, I have no amendments to the bill.

PRESIDENT: Senator Rod Johnson.

SENATOR R. JOHNSON: Mr. President, I'd move the advancement of 115.

PRESIDENT: You've heard the motion. All in favor say aye. Opposed nay. It is advanced. LB 283.

CLERK: Mr. President, I do have amendments to 283. The first item are Enrollment and Review amendments, Senator.

PRESIDENT: Senator Rod Johnson.

SENATOR R. JOHNSON: Mr. President, I'd move the E & R amendments.

PRESIDENT: You've heard the motion. All in favor say aye. They are adopted.

CLERK: Mr. President, the first amendment I have to the bill is by Speaker Barrett. The amendment is found on page 524 of the Journal.

PRESIDENT: Senator Barrett, please.

SPEAKER BARRETT: Thank you, Mr. President, and members. My little amendment to LB 283 is an effort to increase the penalty for vandalism of road signs. And the amendment is to...speaks to this general clean-up bill from the Motor Vehicles Department. I've discussed it with Transportation Chairman Lamb and I consider this, and I believe he does too, a very friendly amendment. The amendment comes to me because of a suggestion by several constituents. In my particular area, vandalism of road signs has become a very serious problem, costing some of those counties out there from 15 to 18 hundred dollars per month. And

this simply makes intentionally vandalizing a road sign a Class II misdemeanor and it would require restitution. That essentially is it, Mr. President. I would move that the amendment be adopted.

PRESIDENT: Senator Lamb, please.

SENATOR LAMB: Mr. President and members, I concur that this is a friendly amendment and would support the amendment.

PRESIDENT: Senator Barrett, would you like to close on your motion?

SPEAKER BARRETT: I, again, would urge the body to adopt the amendment. Thanks.

PRESIDENT: Excuse me, your light came on, Senator Wesely.

SENATOR WESELY: Yes, Mr. President, I'd just like to ask Speaker Barrett, what is the current penalty? Is there no penalty now for vandalizing a road sign? And, if there is a penalty, what is it?

SPEAKER BARRETT: It's, Senator Wesely, as I understand it, it's now an infraction.

SENATOR WESELY: Oh, an infraction.

SPEAKER BARRETT: Only an infraction, and I believe the penalty is \$100 or less, if that. It's not a misdemeanor, it's simply an infraction, and some of the signs are costing more than \$100 to replace.

SENATOR WESELY: So, now we'd go from an infraction at \$100 or less, to a Class II misdemeanor with restitution. What kind of penalties are possible under a Class II misdemeanor?

SPEAKER BARRETT: Class II misdemeanor, I believe, is \$500 and six months, or both.

SENATOR WESELY: That would be a maximum. Is there a minimum?

SPEAKER BARRETT: Maximum, maximum, yes.

SENATOR WESELY: Is there a minimum on the....Is there a minimum

on a Class II misdemeanor?

SPEAKER BARRETT: I don't think there is a minimum. No minimum, I'm told no minimum.

SENATOR WESELY: No minimum. So what would happen is somebody takes a shotgun to a stop sign or something and really...I'm just trying to wonder, depending on the maliciousness, the judge would determine what the penalty would be, is that part of it?

SPEAKER BARRETT: Well, we're talking about only vandalism, shooting a stop sign is now a Class III misdemeanor.

SENATOR WESELY: Oh.

SPEAKER BARRETT: Yes.

SENATOR WESELY: What are we talking about in terms of vandalism then? Spray painting, or...

SPEAKER BARRETT: We're talking...we're making vandalism the same as stealing a sign, which is a Class II misdemeanor. We're making them concurrent.

SENATOR WESELY: What exactly would be vandalism? Would that be like spray painting the sign or...

SPEAKER BARRETT: Yes, yes.

SENATOR WESELY: ...something like that.

SPEAKER BARRETT: Um-huh.

SENATOR WESELY: Okay, thank you.

PRESIDENT: Okay, the question is the adoption of the Barrett motion. All those in favor vote aye, opposed nay. Record, Mr. Clerk, please.

CLERK: 31 ayes, 0 nays, Mr. President, on adoption of Senator Barrett's amendment.

PRESIDENT: The Barrett amendment is adopted.

CLERK: Mr. President, Senator Coordsen would move to amend the

bill. (Coordsen amendment is on page 532 of the Legislative Journal.)

PRESIDENT: Thank you. Senator Coordsen, please.

SENATOR COORDSEN: Thank you, Mr. President, members of the body. My amendment is a simple little deletion of words. On page 7 of 283, it addresses a problem that I've known that existed for several years that I, quite frankly, had put out of my mind until yesterday when I had a phone call from a constituent and they asked the question, when are you people going to do something about the words "NOT FOR HIRE" on farm truck license plates? This is basically unnecessary language because in the section of statute that deals with farm plates, farm plates...farm trucks, or trucks licensed as farm trucks can most specifically not be used commercially. There are a number of women in the country who drive farm trucks, and this is where I have gotten the complaints from. They object strenuously, in some cases, to driving a vehicle, the license plates of which contain the words "NOT FOR HIRE". I think when they bring the loads of grain, or whatever, to the elevator, they are subjected to a certain amount of teasing from some of the men, whether that is right or wrong, apparently that is what happens. I know this is a fairly recent addition to the farm truck license plates. There may be someone on the floor that can address the reason for placing that on the plates. But, in fact, it doesn't change the meaning of the farm plate. And, as I indicate, it is offensive to some of the people in the State of Nebraska who do, through the course of their lives, drive a farm truck on the public road. I would urge the adoption of this amendment.

PRESIDENT: Thank you. Senator Lamb, please.

SENATOR LAMB: Mr. President, members, Senator Coordsen, do we have your amendment on our desks, or could you tell me what your...

SENATOR COORDSEN: I will tell you exactly what the amendment does. On the 25th line, one page 7 of 283, it deletes "and the words NOT FOR HIRE".

SENATOR LAMB: Mr. President, members, I rise to oppose the amendment. This is Pat Morehead's bill from last year. We killed that one in committee. It was the decision of the committee that that was not a good idea last year. She...her

bill was slightly different, it did substitute the word "private" for "NOT FOR HIRE". And my wife sat through the hearing there and she was somewhat offended because in all the years that she's driven a farm truck she has never been accosted by anybody, though, that took those words "NOT FOR HIRE" literally. So, that did offend her somewhat. So we killed that bill. But, seriously, I don't think we should do that. This issue has not had a public hearing. It did have a public hearing last year. And basically the reason those words are in there is because the trucking industry objects to taking them out. As a farmer and a rancher, I have no opposition to leaving those on there. And, if the truckers would rather have those on there, that specifically reminds people that those trucks are not for hire, I think we should leave them in there. This is not the proper forum to be considered to take those words out of there. So I would certainly strongly oppose the amendment by Senator Coordsen.

PRESIDENT: Thank you. Senator Beyer.

SENATOR BEYER: Well, Mr. Speaker and colleagues, I would just voice my support of Senator Lamb. We heard this bill, this bill has not been heard this year. It's an amendment that is being tacked on on the floor without a public hearing. We've had this over the years. Part of the trouble has been is that there is still a lot of farmers out there that do use their trucks beyond what they are supposed to. And when we put this part in the bill, years ago, it was hoped that psychologically this would help and it would also help some of the elevators in the fact that if the farmer come in and had somebody else's grain on they could bring it to their attention that they were not to be hired. So this is basically what it was in there for. I would also oppose the amendment.

PRESIDENT: Thank you. Senator Coordsen and Senator Haberman.

SENATOR COORDSEN: Thank you, Mr. President. I would apologize to the members of the Transportation Committee for the lack of introducing this as a formal bill this year, but quite frankly, as I indicated in my opening testimony, this was brought to me Monday of this week, this particular concern. I don't disagree with the opposition as to the intent, but how much do we need to put on license plates? The law specifically states that you cannot use a farm truck, or a truck licensed as a farm truck for commercial purposes. How many other warnings do we need to put

out? I don't think even aside from the complaints that I have received, and I think some of the other members of the body may well have, that this is necessary language. It was put on to please some group of people at some time in the past as a favor to them. Maybe it's time to take it off as a favor to simplicity in government. Thank you, sir.

PRESIDENT: Thank you. Senator Haberman, then Senator Scofield.

SENATOR HABERMAN: Mr. President, members of the body, Senator Beyer, your argument is a little weak as we adopt thousands of amendments to bills that do not have public hearings. Senator Lamb, since we have brought our spouses into this debate, I would like to tell you that my spouse has told me that she does not like the words "NOT FOR HIRE" on our license plates, as I understand somebody might have said something to her about it. I really don't understand the rationale of putting on a license plate "NOT FOR HIRE". Now I can remember when somebody got up on this floor and said, we don't want the names of the counties on the license plates, and they proceeded to tell us why, because of some of the names of the counties. And I'm not going to say what they are, because you all know what they are. So I would rise to support Senator Coordsen's amendment as I really can't find any rationale, as I say, to have it on there, and it is offensive. Maybe we ought to have the Governor and Senator Chambers keep track of these remarks that are being made to the ladies and then have them investigated, that we're doing on other racial remarks. So I would support your amendment, Senator Coordsen, and thank you.

PRESIDENT: Thank you. Senator Scofield, then Senator Hefner.

SENATOR SCOFIELD: Mr. President and members, I just thought I should stand up and defend my friend, poor lonesome George back here. (Laughter.) My Mother does not very often drive a farm truck. We do have a couple of pickups that have farm plates. Since I have caught a certain amount of abuse at home from time to time, and a request for this language, and I know we went through this last year, I thought it was only right that I stand up and commend Senator Coordsen for his sensitivity, realizing that there are other groups out there that are not at all excited about this change. Nevertheless, I think it is offensive to many women in the state, and I've certainly had it called to my attention by others, in addition to my Mom. So I thought I should, in deference to Mom and in defense of Senator

February 1, 1989

LB 58, 283, 284

Coordsen, I should stand up and put in my two cents worth, and that's it.

PRESIDENT: Thank you. Senator Hefner, please.

SENATOR HEFNER: Question.

PRESIDENT: Thank you. You are the last one, so it won't be necessary, but thank you anyway. Senator Coordsen, would you like to close on your amendment?

SENATOR COORDSEN: Thank you, Mr. President. Only to say that this does not remove the words "Farm" which is plainly printed on every license plate which is enough indication that this is not a commercial vehicle. So this does not remove that. It simply removes the superfluous language "NOT FOR HIRE". With that, I would move the amendment.

PRESIDENT: The question is the adoption of the Coordsen amendment. All those in favor vote aye, opposed nay. Record, Mr. Clerk, please.

CLERK: 12 ayes, 16 nays, Mr. President, on adoption of the amendment.

PRESIDENT: The amendment fails.

CLERK: Nothing further on this bill, Mr. President.

PRESIDENT: Senator Moore, on the advancement of the bill.

SENATOR MOORE: I move we advance LB 283.

PRESIDENT: You've heard the motion. All in favor say aye. Opposed nay. It is advanced. LB 284.

CLERK: LB 284, Senator, I have no amendments to the bill.

PRESIDENT: Senator Lindsay, please.

SENATOR LINDSAY: Mr. President, I move that LB 284 be advanced.

PRESIDENT: You've heard the motion. All in favor say aye. Opposed nay. It is advanced. LB 58, please, and we have a request for a machine vote on this.
