LR 193-206

Journal.) 17 ayes, 19 nays, Mr. President, on adoption of the amendment.

PRESIDENT: The amendment fails. Do you have anything further, Mr. Clerk, on it?

CLERK: Mr. President, I have items for the record, if I may.

PRESIDENT: Please.

CLERK: New A bill, LB 289A, by Senator Schmit. (Read by title for the first time. See page 2231 of the Legislative Journal.) LB 817 is reported to Select File, Mr. President. Senator Wesely has amendments to LB 813. (See pages 2231-32 of the Legislative Journal.) Study resolutions LR 193, LR 194, LR 195, LR 196, LR 197, LR 198 are offered by Senator Schmit, all calling for studies. (See pages 2232-35 of the Legislative Journal.) LR 199 by Senator Hefner, study resolution. LR 200, LR 201, LR 202, LR 203, LR 204, offered by Senator Wesely, study resolutions. LR 205 and LR 206 by Senator Schmit, also study resolutions. Mr. President, all those will be referred to the Reference Committee. (See pages 2235-40 of the Legislative Journal.)

Mr. President, Senator Hartnett would move to amend by striking original Section 39.

SENATOR HARTNETT: Mr. President and members of the body, 39 is...

PRESIDENT: Senator Hartnett.

SENATOR HARTNETT: ...is Section 39, Program 928, constructs a fine arts building at the University of Nebraska at Omaha. It appropriates money, '89-90 of 1,907,000, and '90-91 of 5,769,000, and in '91-92 of 3,674,000.

PRESIDENT: Thank you. Senator Warner, please, followed by Senator Ashford.

SENATOR WARNER: Mr. President, others will be talking in more detail. I just want to make a couple of remarks, particularly in view of the discussion we had just in the previous item. You will recall that there was \$160,000 appropriated last time, planning money. And, based upon that, then construction ought

LR 211 at the request of the Nebraska Power Association. The Nebraska Power Association and its various members are deeply concerned by the fact that the Congress continues to pass laws such as the Tax Reform Act of 1986 that make it increasingly difficult and more expensive for state and local governments to use tax exempt bond financing. Tax exempt bond financing is a single most important source of revenue for state and local governments to use for roads and bridges, schools, waste water treatment, gas, utilities, solid waste management, drinking water facilities and that sort of public expenditure. The loss of this financing tool would probably add 20 to 30 percent to the cost of borrowing for state and local governments. This, of course, is just one more method whereby the various taxpayers have to increase their cost to government and in some ways it's rather an insidious method. The passage of LR 211 would send a signal to our congressional delegation and others that the continued use of this financing tool is critical to local government's ability to provide basic local services. I would be glad to answer any questions you might have and, if not, I would move for the adoption of the resolution.

SPEAKER BARRETT: Thank you. Any discussion? If not, those in favor of the adoption of LR 211 please vote aye, opposed nay. Record, please.

CLERK: 29 ayes, 0 nays, Mr. President, on adoption of LR 211.

SPEAKER BARRETT: The resolution is adopted. General File, A bill, Mr. Clerk.

CLERK: Mr. President, LB 289A was introduced by Senator Schmit. (Read title.)

SPEAKER BARRETT: Senator Schmit, please.

SENATOR SCHMIT: Mr. President and members, LB 289A is the financial support bill for LB 289, the so-called underground tank cleanup bill. As you know, there have been somewhat deep concerns expressed recently relative to the substantial environmental cost and impact of the various leaks that have been caused by a substantial number of different kinds of tanks that have been buried underground in some instances for many, many years. LB 289 is an attempt to provide and create a fund for that cleanup effort and at this time we need the A bill. There will be some additional amendments to LB 289 which should

May 15, 1989

LB 289A

substantially, if not totally, reduce the dependence upon the General Fund monies. The entire cost of the bill should be cash funded as we move into the implementation of the bill. I move for the implementation, for the introduction of the bill.

SPEAKER BARRETT: Thank you. Any discussion? If not, those in favor of the adoption of 289A please vote aye, opposed nay. Record, please.

CLERK: 27 ayes, 0 nays, Mr. President, on the motion to advance LB 289A.

SPEAKER BARRETT: LB 289A is advanced. Members, please return to your seats for Final Reading. Members will return to your seats for Final Reading. Unauthorized personnel, leave the floor. Before proceeding into our Final Reading agenda, let me share with members some thoughts that I do have for the remainder of the week, if I may have your attention, please. You have the agenda before you for today, the 83rd day, and as we move toward Friday evening, which will be our last day to amend and return, it is my hope that we can get started on the addendum which you have on your desks today as well. Obviously, that would come rather late in the day today. On today's agenda, the bills that are listed to be amended or be returned or not returned, as the case may be, have some what I consider rather substantive amendments on them. It is not my plan to read any of these bills today but to try to determine whether or not they are to be returned. It is also my hope that we will be able to use discretion in getting through the agenda today so that we can get started on the addendum that you have on your desks. Tomorrow we will start on the budget, budget bills on Select File and, if time allows, additional bills that are being returned to Select File for amendments. The earliest the budget can be read is Friday, with a rule suspension, so you might keep that for future reference as well. Wednesday, May 17th, bills on Final Reading which are to be returned for amendments; Select File, priority bills that failed to advance on General File. For all intents and purposes, General File is finished for this session. There are General File priority bills which failed to advance. They might be considered, time permitting. That is a great big question. Thursday, a continuation of Wednesday's agenda and Final Reading of bills without A bills; again Select File, priority bills which failed to advance on Select File, time permitting, again, a large question. Friday, read budget bills, read bills with A bills attached that were not returned,

PRESIDENT NICHOL PRESIDING

PRESIDENT: Senator Kristensen, please.

SENATOR KRISTENSEN: Thank you, Mr. President. Mr. Clerk, is that the one that is printed on page 2149?

CLERK: Yes, sir.

SENATOR KRISTENSEN: Thank you. Mr. President and members of the body, I almost shudder to say this but I think this might be one of the amendments to this bill that shouldn't receive a whole lot of controversy. What it is, and it deals with two things in specifics, most of you have probably been contacted by constituents of Senator Morrissey, myself, or Senator Dierks. You have probably seen people with their frustration levels at their highest, not only on the floor, but in the halls, and certainly within the communities that have been picked as potential host sites for this facility. One of the common themes, at least when I go out and do town hall meetings in those areas, is that there is a lot of tensions, a lot of scared people, a lot of people that have some grave concerns about the future of not only just their own personal lives and their farms and their communities but what is perceived about these farms and communities, and about what sort of image and cloud is going to be cast over them in the future, if they are selected, or the fact that they are just under consideration. I had several people come to me, and in particular a couple of ministers who are doing a lot of good work in that area in terms of counseling, and they have received a rash of people searching for some answers and some consoling, and, if for nothing else, just how to cope with this anxiety. The way we cope in here is we call the question, we take our votes, they are either up or they are down, and we can go on with the issues because we know

SPEAKER BARRETT: Thank you. Senator Langford.

SENATOR LANGFORD: Call the question, please.

SPEAKER BARRETT: The question has been called. Do I see five hands? I do. Shall debate cease? Those in favor vote aye, opposed nay. Record.

CLERK: 26 ayes, 0 nays to cease debate, Mr. President.

SPEAKER BARRETT: Debate ceases. The motion is the advancement of the bill. Senator Schmit, anything further?

SENATOR SCHMIT: Mr. President and members, I just want to say once again that I deeply appreciate the tolerance of the Legislature on this particular bill. It is a very important bill, as Senator Morrissey has said, and Senator Schellpeper, and others. We all understand that. Senator Hefner understands it better than most of us but it is a deeply important bill. We are going to be back again and again and again, but I would encourage you to participate this summer when we hold interim hearings on this issue and other environmental issues, because they are going to become more and more important as the years progress, and many of you...many are much younger than I am, you are going to have to work with those problems a lot longer than I have to, so I would hope you would become deeply involved and try to resolve these issues as we proceed and I know that the industry appreciates your concern and your tolerance. I know that those of us in the rural areas, particularly, as Senator Landis pointed out, appreciate your concern, and as we hold those hearings this summer, please try to participate and come out so that we can resolve these issues in an unhurried manner. I move for the adoption...or advancement of the bill.

SPEAKER BARRETT: The question is the advancement of the bill to E & R Engrossing. All in favor say aye. Opposed no. The ayes have it. Carried. The bill is advanced. To the A bill.

CLERK: Mr. President, LB 289A, I have no amendments to the bill.

SPEAKER BARRETT: Senator Lindsay.

SENATOR LINDSAY: Mr. President, I move that LB 289A be

advanced.

SPEAKER BARRETT: Shall LB 289A be advanced? Those in favor say aye. Opposed no. Carried. The bill is advanced. To LB 639.

CLERK: Mr. President, the next bill, 689, the first item I have, LB 639, Mr. President, E & R amendments, first of all, Senator.

SPEAKER BARRETT: Senator Lindsay.

SENATOR LINDSAY: Mr. President, I move the adoption of the E & R amendments to LB 639.

SPEAKER BARRETT: Shall the E & R amendments to 639 be adopted? All in favor say aye. Opposed no. Carried. They are adopted.

CLERK: Mr. President, the next motion I have is one to indefinitely postpone the bill. It is offered by Senator Wesely.

SPEAKER BARRETT: Senator Wesely, please.

SENATOR WESELY: Thank you. Mr. Speaker, members, I am going to review for you historically the situation with the Department of Economic Development and cite to you example after example of why I think we are opening up, again, flexibility is what we are calling for under this bill, the flexibility to a department that has ignored the will of the Legislature. I think it has flaunted its executive power too often for us to allow this sort of flexibility to be allowed under the law. I want to start back with the passage of LB 965, which is what is being amended here today. That was passed in 1986. Now 1986 is a mere three years ago, but as I counted, there are 20 of you that weren't here at that time, 20 new senators that have come onto the Legislature in 78, 79...I mean '87, '88, and '89. So there are 20 of you that aren't around and don't have the history involved, and I would like to give you a little bit of that institutional memory so you understand a little bit of why this is an important issue. Back in 1986, we followed up on a 1985 ad hoc committee on economic development which I chaired trying to look at problems that were identified with the Department of Economic Development. Now this was back at a time when we had...

SENATOR LABEDZ: I request a roll call vote.

SPEAKER BARRETT: Roll call vote has been requested. Please record your presence. Check in, please. Senator Moore. Senator Nelson, please. Senator Goodrich. Senator Bernard-Stevens, for what purpose?

SENATOR BERNARD-STEVENS: I would just like to request reverse order.

SPEAKER BARRETT: Reverse order has been requested. Senator Schmit. Thank you. On the motion to advance the bill. Mr. Clerk, roll call in reverse order.

CLERK: (Roll call vote taken. See page 2535 of the Legislative Journal.) 25 ayes, 17 nays, Mr. President, on the motion to advance.

SPEAKER BARRETT: Motion prevails, the bill is advanced. The call is raised. Anything for the record?

CLERK: Mr. President, amendments to be printed by Senator Schmit to LB 289A; and Senator Warner to LB 651A; Senator Landis to LB 272A. That's all that I have, Mr. President. (See pages 2536-42 of the Legislative Journal.)

SPEAKER BARRETT: Mr. Clerk, let's move back to the issue of LB 228, I believe it was, the bill that is to be returned from the Governor's office.

CLERK: LB 228 has been returned from the Governor's office pursuant to action by the Legislature. I now have a motion, Mr. President, to reconsider the Final Reading vote on LB 228. That motion is offered by Senator McFarland. Senator McFarland is excused, however.

SPEAKER BARRETT: Senator Withem, would you please handle it.

SENATOR WITHEM: Yes, again I'd be happy to. A few moments ago

Teachers buy books. Teachers buy supplies for kids that don't have them. They take money right out of their own pockets and give it to kids. And so it's...I guess that's one of the reasons why I feel very strongly about giving the money directly to teachers. Senator Warner's remarks struck a chord with me and reminded me of all the contributions that I know that individual teachers make to kids. And so I would urge us to get on with it. Let's pass this bill. It's time we did something for teachers.

SPEAKER BARRETT: Senator Schellpeper.

SENATOR SCHELLPEPER: I will give my time to Senator Moore.

SPEAKER BARRETT: Senator Moore.

SENATOR MOORE: Yes, Mr. Speaker. just to say I guess it's time to withdraw this. I apologize to the...to the original supporters of this bill, at least, because I think some of them wanted to read it tonight and because if my amendment was adopted, they couldn't, but I think it makes it a better bill, obviously, a bill that I can now support and I think there has been some fights among some varying entities on this bill. I think now we've got a bill that really does help education in the state. And, with that, I withdraw the amendment. The last things I will say on LB...the last things that all of us will say on LB 89 and come Monday we'll pass the bill over to the Governor.

SPEAKER BARRETT: Thank you. It is withdrawn. Anything further, Mr. Clerk?

CLERK: Nothing further on that bill, Mr. President.

SPEAKER BARRETT: Thank you. Record your presence, please. We are technically under call. Return to your seats and record your presence. Any members outside the Chamber, please return and check in. Senators Ashford, Pirsch. Senator Elmer, please. Senator Haberman. Senator Pirsch, please record your presence. Senator Scofield, only one missing, may we proceed? Members, return to your seats. CLERK: (Roll call vote read. See page 2601 of the Legislative Journal.) 22 ayes, 20 nays, Mr. President.

SPEAKER BARRETT: Motion fails. Moving to LB 705, Mr. Clerk. All right, that bill moves to Final Reading. We then proceed to LB 289A.

CLERK: Mr. President, Senator Schmit would move to return LB 289A to Select File for a specific amendment. The amendment is on page 2536.

SPEAKER BARRETT: (Gavel.) Senator Schmit.

SENATOR SCHMIT: Mr. President and members, this is a technical amendment that replaces General Fund appropriations with Cash Funds, which reflect the amendments which we made to LB 289 yesterday, makes some minor adjustments in the agency's administrative costs for the fire marshal and the DEC. It actually reduces some of their expenditures and some of their costs, and I move for the adoption of the amendment.

SPEAKER BARRETT: Any discussion? Seeing none, those in favor then of the return of the bill to Select File vote aye, opposed nay. Record, please.

CLERK: 32 ayes, no nays, on adoption of Senator Schmit's amendment, Mr. President.

SPEAKER BARRETT: The amendment is adopted. Senator Schmit.

SENATOR SCHMIT: Mr. President, I move that the bill be readvanced to E & R Engrossing.

SPEAKER BARRETT: Thank you. The motion is to readvance the bill. All in favor say aye. Opposed no. Ayes have it. Motion carried. The bill is readvanced. To LB 651A.

CLERK: Mr. President, the LB 651A, the motion I have, Senator Warner, you had one printed, Senator. I understand you want to withdraw that one.

SPEAKER BARRETT: It's withdrawn.

CLERK: Mr. President, Senator Warner would move to return the bill. (The Warner amendment, AM1945, appears on page 2537 of the Legislative Journal.)

SENATOR WARNER: Mr. President, I move adoption of the amendment that I thought was also printed, but, in any event, either motion was for the purpose of adding the E...the emergency clause which was inadvertently left off of the amendment. This is the bill that deals with the distribution of student scholarship aid and without the emergency clause attached to the bill, why, there would be some problems in disbursing the funds for scholarships because the money would not be available till August 24, so the bill is just to move it back to do it. The difference between the two is the first one was a...one on the sheet up there, just add the emergency clause, and the second one was drafted by E & R so it's correct as to form, and that's

SENATOR SCOFIELD: Mr. President and members, I intend to withdraw this motion, but I wanted to make a couple of remarks on this and I don't see Senator Landis but if he's around I'll give him the rest of my time to address this. You will recall that I have raised, throughout the debate on this, except on the first round, which just simply wasn't around in time to visit about this bill, but I have had some concerns and Senator Landis's office has worked closely with us on this bill and I think the constitutional questions that have been raised have largely been resolved. But if you refer to the most recent Attorney General's Opinion, there are still some policy questions on this bill that cause me some concern and, as you will recall, the other day when Senator Landis pulled this bill back for yet another amendment proposed by Kutak Rock, he admitted...I think his words were, I don't know beans about some of this, and I had to agree with him. It's been very difficult to figure out how this whole process works and I would reiterate some observations on LB 311 that I made on the last round of debate in that I think this bill represents a significant change in that I think the State of Nebraska may, in fact, be inserted into the scheme in place of where financial institutions have previously been. And even though it has repeatedly been made...the point has repeatedly been made that we have, quote, to use Senator Landis's words, "built a wall here" to separate state funds from those other funds. Not understanding yet the
