LB 99 vote aye, opposed nay. Have you all voted? Record, Mr. Clerk.

ASSISTANT CLERK: 28 ayes, 0 nays on the advancement of the bill.

SENATOR LABEDZ: LB 99 is advanced to E & R Initial. Mr. Clerk, LB 323.

ASSISTANT CLERK: LB 323 was introduced by Senator Landis. (Read title.) The bill was referred to the Health and Human Services Committee and was reported to General File.

SENATOR LABEDZ: Senator Landis.

SENATOR LANDIS: Thank you, Mr. Speaker, members of the Legislature. LB 323 was introduced on behalf of the Nebraska Optometric Association by myself. It basically seeks to reinstate the language that was, at one time, called into question by the Attorney General, in 1987. It adds some language that indicates that testing of optometrists protects the health, safety and welfare of the citizens of the State of Nebraska, indicates that new licensees, who seek an optometric license in this state, must take a test which includes all of the relevant areas of the optometric practice. And in so doing that means that anybody who wants an optometric license will have to be able to do all of the scope of practice, including, by the way, the issue of eye drops. Now, there are some individuals who do not now have the training in that area and they are previously licensed by Nebraska. Unless they get a special endorsement, they can't use eye drops. New licensees will have to be able to take a test, including that area in the scope of practice. It does not, in any way, expand the practice of optometry. It's been reviewed by the Nebraska Medical Association, who does not oppose this change. It simply seeks to do that which the Legislature meant to do in 1986, which because of the way it was worded the Attorney General said had some problems to it, and now we go back and give back to the Optometric Board of Examiners the obligations to use these tests for new licensees across the entire breadth of practice for optometrists. I move for the advancement of 323.

SENATOR LABEDZ: Thank you, Senator Landis. Senator Bernard-Stevens, on the advancement of LB 323.

March 30, 1989

LB 143, 323

SENATOR BERNARD-STEVENS: Senator Landis, I just wanted to clarify for myself the American Medical Association, the optometrists, the ophthalmologists, they all see eye-to-eye on this bill?

SENATOR LANDIS: That's good, that's rich, that's good. Yes, yes, in fact, they do, Senator Bernard-Stevens.

SENATOR BERNARD-STEVENS: Thank you, I see much clearer now on this bill. Thank you.

SENATOR LABEDZ: Is there any further discussion on LB 323?

SENATOR LANDIS: Not after that.

SENATOR LABEDZ: Senator Landis, closing? Senator Landis waives closing. We're voting on the advancement to E & R Initial LB 323. All those in favor vote aye, opposed nay. Have you all voted? Record, Mr. Clerk.

ASSISTANT CLERK: 26 ayes, 0 nays on the advancement of the bill.

SENATOR LABEDZ: LB 323 is advanced. Mr. Clerk, LB 143.

ASSISTANT CLERK: Madam President, LB 143 was introduced by Senator Baack. (Read title.) The bill was read for the first time on January 5, was referred to the Education Committee, which returns it to General File.

SENATOR LABEDZ: Senator Baack.

SENATOR BAACK: Yes, Madam Chair and members. LB 143 is a purely technical bill. What it does is it eliminates some obsolete language that was put in for the technical community colleges and their state aid distribution formula, was put in in 1985, I believe, and provided for a phase-in, the phase-in years, covered '84-85, '85-86, '86-87, and then the three year phase-in was gone. The only problem they've run into with this is some of their auditors have looked at this a couple of times and, not understanding that the phase-in is over, they wonder why this language is still in place. This would simply eliminate this language. The bill is probably actually almost a revisor's bill in its intent. So, with that, I would just urge advancement of the bill.

chemicals. There are other bills coming up this session that deal with solid waste disposal that I hope that we'll get to yet this session. So I think that there are people in this body who are committed to doing something in respect to the environment and I take some exception to the statements made by Senator Chambers on the fact that this body is not interested. I think we are interested and I think the message is beginning to come across to us that we need to begin to look at the environment, whether we come from the country or the city, it's just as important to all of us. So I support the bill and other bills. Hopefully, it will be forthcoming this session.

CLERK: Mr. President, Senator Landis would move to return Legislative Bill 323 to Select File for a specific amendment. The amendment is on page 2104.

SPEAKER BARRETT: Senator Landis.

SENATOR LANDIS: Mr. Speaker, members of the Legislature, the Policy Review Office of the Governor's Office saw that there might be potential constitutional difficulty in retaining an old closed classification which had given the Attorney General's Office difficulty with its concept in earlier years. We met with the PRO and with the Department of Health, with the assistance of the Attorney General, and realized that, to make sure that we met the standards that were appropriate, that we needed to have open classifications. Therefore, this amendment says that optometrists who graduate from this date forward, when coming into the state either from Nebraska or from outstate, will be tested on the full range of the optometric scope of practice. People who have graduated heretofore, however, will take an exam of one of three levels, either the level that is for everything or, if they wish to, they may have the old scope of practice without any use of eye drops, or the use of eye drops in a diagnostic sense or a therapeutic sense, and that that will be offered to people who live in the state and outside

of the state in an evenhanded manner. There is no difficulty from any competing interests. The Attorney General's Opinion...the Attorney General has issued an Opinion that with this amendment the bill is constitutional. I offer the adoption of the amendment. Thank you.

SPEAKER BARRETT: The question is the return of the bill. Any discussion? If not, shall the bill be returned? All in favor vote aye, opposed nay. Please record.

CLERK: 27 ayes, no nays, Mr. President, on the motion to return the bill.

SPEAKER BARRETT: The bill is returned. Senator Landis, anything further on the amendment?

CLERK: 25 ayes, no nays, Mr. President, on adoption of the amendment.

CLERK: Mr. President, the next bill is LB 423. Senator Landis would move to return the bill. The amendment, Mr. President, is on page 1737 of the Journal.

SPEAKER BARRETT: Senator Landis.

SENATOR LANDIS: Mr. Speaker, members of the Legislature, this is the Uniform Fraudulent Transfers Act, and there were two variations from the uniform language suggested by Nebraska real estate practitioners. The first was to ensure that the normal four-year statute of limitations apply to insider transfers rather than the newer one-year limitation found in the bill. I
