SENATOR WEIHING: Mr. President and members of the Legislature, I request to move this bill because I feel it is much more in the medical area, the health area, and, therefore, it should be first heard, if it is heard at all, in the Health and Human Services Committee. This bill is one which deals with cholesterol. Cholesterol has become a daily word within our

PRESIDENT: The house is under call. Will you please return to your desks and record your presence. Those not in the Chamber, please return to the Chamber and record your presence. Unauthorized personnel, please leave the floor. Please look up to see if your light is on, and if it isn't, please turn it on. Thank you. A roll call has been requested, so we will be taking a roll call in a minute. Looking for Senator Ashford, Senator Baack, Senator Warner, Senator Chambers, Senator Goodrich, Senator Langford, Senator Hall. We are looking for Senator Goodrich now and Senator Chambers. Senator Wesely, I understand Senator Chambers is on his way and they are looking for Senator Goodrich. All right, we will go ahead with the roll call vote, and the question is the advancement of LB 338. Mr. Clerk, please.

CLERK: (Roll call vote taken. See page 644 of the Legislative Journal.) 26 ayes, 14 nays, Mr. President, on the advancement of the bill.

PRESIDENT: LB 338 advances. Move on to LB 378. The call is raised.

CLERK: Mr. President, LB 378 was a bill that was introduced by Senators Schellpeper and Dierks. (Read title.) The bill was introduced on January 12, referred to the Health Committee. The bill was advanced to General File. I do have committee amendments pending, Mr. President. (See page 499 of the Legislative Journal.)

PRESIDENT: Senator Wesely, the committee amendments, please.

SENATOR WESELY: Thank you, Mr. President and members. LB 378 is a bill brought to us by two members of the Health and Human Services Committee, Senator Schellpeper and Senator Dierks. It would create an Office of Rural Health under the Department of Health, and the committee amendments clarify the bill in allowing for the Office of Rural Health to charge a fee for providing assistance to a community. Of course, that would be determined by the office in conjunction with the community but would allow for that action. In addition, the advisory committee that is created under the bill would be increased by three members, a physician, an optometrist, and a physician's assistant would be included, and also there is a sunset on the advisory committee so that, hopefully, we can deal with this problem and see some progress made within a five-year period.

So I would ask for the adoption of the committee amendments.

PRESIDENT: Have you finished, Senator?

SENATOR WESELY: Yes.

PRESIDENT: Okay, thank you. The question is the adoption of the committee amendments. All those in favor vote aye, opposed nay. Need a little help, thanks. Record, Mr. Clerk, please.

CLERK: 26 ayes, 0 nays, Mr. President, on adoption of committee amendments.

PRESIDENT: We are back on the advancement of the bill. Okay, Senator Schellpeper, did you wish to explain the bill to us.

SENATOR SCHELLPEPER: Thank you, Mr. President and members. Yes, this is a bill that came out of a task force that we had last summer. There is a lot of rural communities out there that are having trouble with their finding doctors, with their hospitals, they can't keep their hospitals open. What this bill will do, it will take some doctors, some nurses, some optometrists, hospital administrators, some city people, anybody that is involved in rural health, and try to improve their rural health issues. And what it does, it sets up an 11 member advisory board that will go around and just try to help these rural communities. And it would mainly be to not really give them, in fact, it wouldn't give them any money. It would just be to help them to find doctors, to move them to maybe have a satellite office in a certain town. It would also try to help the hospital. There are some federal grant money out there, and this would also help them to apply for that there grant money. And I think it is something that these rural communities need in order to have or to keep and to also obtain doctors, and to keep their hospitals. Thank you.

PRESIDENT: Any further discussion? If not, the question is the advancement of the bill. All those in favor vote aye, opposed nay. Record, Mr. Clerk, please.

CLERK: 27 ayes, 0 nays, Mr. President, on the advancement of 378.

PRESIDENT: LB 378 advances. LB 391.
