county, school district and other governmental subdivisions, and then in the Section 2, we specify city or village and put them under the State Investment Office. Was there a reason why we didn't treat the school districts and the counties and the other subdivisions as we did the cities and villages.

SENATOR LANDIS: In fact, no one had the presence of mind to ask the League of Municipalities why they had drafted the bill that way. There were no county representatives and I think we looked at the new language, not the old language. You raise a fair question. On the other hand, the counties haven't asked to be in the bill either, so...

SENATOR PIRSCH: Okay, thank you. That answers my question. Thank you.

PRESIDENT: Thank you. Senator Landis, please.

SENATOR LANDIS: I will waive.

PRESIDENT: All right. Senator Weihing, would you like to close on the advancement to E & R Initial?

SENATOR WEIHING: In order to clarify what can be done with regards to the cities and villages in the use of their surplus funds, I request that this be advanced to, this LB 221 be advanced to the next stage of legislation here.

PRESIDENT: Senator Lynch, he was closing. Okay, the question is the advancement of LB 221. All those in favor vote aye, opposed nay. Record, Mr. Clerk, please.

CLERK: 29 ayes, 0 nays, Mr. President, on the advancement of LB 221.

PRESIDENT: The bill is advanced. Do you have anything for the record, Mr. Clerk?

CLERK: Mr. President, I do. Your Committee on Revenue, whose Chair is Senator Hall, reports LB 198 to General File, LB 209 to General File, LB 459 General File, LB 458 General File with amendments, LB 63 indefinitely postponed, LB 104 indefinitely postponed, LB 193 indefinitely postponed, LB 294 indefinitely postponed, all signed by Senator Hall. Judiciary Committee, whose Chair is Senator Chizek, reports LB 116 to General File,

SPEAKER BARRETT: LB 459 is advanced. LB 458.

CLERK: 458 offered by the Revenue Committee. (Title read.) The bill was introduced on January 13, Mr. President, referred to the Revenue Committee, advanced to General Committee. I do have Revenue Committee amendments pending.

SPEAKER BARRETT: To the committee amendments, Chairman Hall.

SENATOR HALL: Thank you, Mr. President and members. Again, this is a technical bill that was brought to the committee by the Revenue Department. This one is half as long as the last one, it is only six pages, and it deals with, again, the issue of income tax and how it is determined. There were a couple of omissions again that...with regard to 773 but these are much more technical and if you will bear with me I will try to explain them to the best of my ability. But the committee amendment was brought to us by John Cederberg who is a partner in Touche-Ross and who was quite actively involved in the development of 773. John was there at the birth of 773 and has continued to follow the progress of that legislation and the impact that it has had on his industry. He brought three different amendments to the committee, two of which the committee, through consultation with the department, determined that were not necessary at this time. They dealt with things such as foreign mutual funds that no one could determine if anyone in the State of Nebraska even had investments in there, but probably was a good point on his part. It's just that there was no need at this time to enact that into statute, at least that was the opinion of the Revenue Department as well as the opinion of the committee. But the one committee amendment that we did adopt with the blessings of the Revenue Committee dealt with the alternative minimum tax, federal alternative minimum tax proposal that would allow Nebraskans to use this in determining their alternative minimum tax and basically what it does in a nutshell, it avoids counting the state income taxes twice when you calculate the tax. It's a very long and drawn out process with regard to showing you that. It would take about four or five pages in a handout and Mr. Cederberg did have that, walked us through it and left us as confused as before he made the presentation, but it is a positive aspect for the taxpayers of Nebraska in that it does allow them the use of the federal minimum tax that we have not had in the past and it corrects a problem with regard to basically being taxed twice

when the calculation is put together. So with that, if there are questions, again, I will try to answer them but it is an extremely technical although very positive change and I would urge the adoption of the committee amendments.

SPEAKER BARRETT: Thank you. Discussion on the committee amendments as explained by Senator Hall. If not, those in favor of the adoption of the committee amendments to LB 458 vote aye, opposed nay. Please record.

CLERK: 25 ayes, 0 nays, Mr. President, on adoption of committee amendments.

SPEAKER BARRETT: The committee amendments are adopted. Senator Hall, on the bill.

SENATOR HALL: Again, as I stated earlier, there are basically two changes that LB 458 would enact and again I would urge you to take out the bill book and look at the summary and purpose of changes that is laid out there for you by committee staff. The two changes deal with unintended consequences that were laid out because of 773. The first would allow deducting the state income tax refund in 1987 which were deducted under the Internal Revenue Code but not under the Revenue Act of 1967. In other words, people who fell into the window of 1987 when the law was there, the old law was in effect still, were in many cases unable to be able to deduct the taxes that were...the income tax refunds received in 1987 and in order to allow for that this change needs to take place. It is a...it will only be a one-time kind of change in that it only will be effective for the tax year 1987. It goes back and allows those people to be able to deduct them with regard to their Nebraska tax. They were deducted under their federal tax but it would now allow them to do that under their state taxes. Because of the change in law with regard to 1988, you get your refunds for the tax year 1987 and in 1988 and they were not taxable prior, they are taxable now and there is a problem there so we needed to allow for that change. The second change would allow for repaid income which an individual takes as a federal tax credit and this applies basically to individuals who receive bonuses, bonuses, for example, that are paid for sales to be achieved and they have to be paid back. This doesn't happen very often but it does happen to a group of people who basically sell for a living, do it on commission, but may receive that in advance. They have not, for example, hit their goal and they have to

return some or all of that in a subsequent year. This would allow for that the individual be able to deduct the federal credit. Now we, Nebraska law picks up the federal deduction but we do not allow for the federal credit. LB 458 would allow for the federal credit to be picked up. It, again, was an oversight with the passage of LB 773 that was totally unintended but was one that we are correcting now through LB 458. The chart that I passed out to you that Senator Hannibal asked me about which is difficult at best to understand, if you look at the top bracket there where we call people ordinary taxpayers, those are folks who pay taxes. They are withdrawn from...they receive a bi-monthly or monthly check, they have their taxes withdrawn at the time that they are paid. The bottom folks are the people that we're dealing with. Many of these are individuals who pay their taxes on a quarterly basis, they pay estimated taxes, they may be self-employed or whatever. And these individuals, under LB 458, many times did not...as you all know, your taxes for the fourth quarter when you pay an estimated tax is not due until January 31 of the following year.

SPEAKER BARRETT: One minute.

SENATOR HALL: So what happens there is that in this case those folks were not able to...they were not included in the taxable income, or they were included in the taxable income for 1988, fourth quarter of 1987 so basically what they were doing is being taxed twice for that income. LB 458 would correct that situation. With that, Mr. President, I would urge the adoption or, excuse me, the advancement of LB 458.

SPEAKER BARRETT: Thank you. Discussion? Senator Hall, I did cut you just a bit short. If you'd like...

SENATOR HALL: Mr. President, I thought that was intentional and you didn't hear me complain and I would urge the adoption and passage of LB 458.

SPEAKER BARRETT: Thank you for that charitable comment. Those in favor of the advancement of LB 458 please vote aye, opposed nay. Have you all voted? Please record.

CLERK: 28 ayes, 0 nays, Mr. President, on the advancement of 458.

SPEAKER BARRETT: LB 458 is advanced. LB 116.

SENATOR CHAMBERS: Mr. Chairman and members of the Legislature, this is the bill which is increasing the penalty on prostitution to try to bring state law into compliance with Omaha's ordinance. I am offering an amendment that would prevent any person who is a party to the act of prostitution or the solicitation of prostitution from testifying against the other party. This is a crime which can only exist if two people are involved. Society, as I pointed out on General File, has decided to place the onus on the female member or participant. In Omaha, there is a problem with male prostitutes, homosexual, and probably some heterosexual, but that is not the problem that the businessmen ever discuss or express any concern about. So even when it comes to one who is engaging in prostitution selling his body or her body, the one who does the selling that is to be condemned and placed under this heavy punishment is the
