CLERK:      Yes, Mr. President, I do. Your Committee on Transportation whose Chair is Senator Lamb reports LB 101 to General File with amendments attached. Signed by Senator Lamb as Chair. (See page 737 of the Legislative Journal.)

I have notice of hearing from the Natural Resources Committee, signed by Senator Schmit as Chair. That's all that I have, Mr. President.

PRESIDENT: Move on to LB 502.

CLERK:      Mr. President, 502 was a bill introduced by Senator Elmer. (Read title.) The bill was introduced on January 18, referred to Natural Resources, advanced to General File. I have no amendments to the bill, Mr. President.

PRESIDENT: Senator Elmer, please. Just a moment, Senator Elmer. (Gavel.) Shall we hold it down so we can hear the speakers, please. Senator Elmer.

SENATOR ELMER: Thank you, Mr. President, and members, LB 502 is a bill brought forth by the irrigation districts. Originally, when the Nebraska Uniform Budget Act was passed it was implied that public power districts and irrigation districts were exempt from the act, since they levy no direct tax dollars. In a court case, courts ruled that public power districts were subject to submit the budgets to the state auditor and from that the auditor has implied that the irrigation districts should also be a part of the act. Now, irrigation districts are much like a small business. They have 10 to 20 employees. They levy use fees on the people that use the services that they offer and irrigate their districts. If they were subject to this act, it would require that they go to much more legal lengths with auditors and accountants, add to their costs to submit their budgets to the state auditor. The auditor requires that this budget be submitted by August 25th of each year. And, of course, irrigation districts being very seasonal in their

operations prepare their budget at much different times besides. Since there are no tax dollars involved and since it's a small enterprise, this...these requirements really are not necessary, serve the public no real service and part of the bill does require that the budget they prepare, which they all do as part of doing business, would be available to the public, the people that they serve or anyone else that might be interested in their principal offices during their regular business hours. The bill was advanced by unanimous vote. It had no opponents. It would qualify for consent file. And I would ask for your advancement of the bill.

PRESIDENT: Thank you. Any further discussion? If not, the question is the advancement of the bill. All those in favor vote aye, opposed nay. Have you all voted? Record, Mr. Clerk, please.

CLERK: 25 ayes, 0 nays on the advancement of 502, Mr. President.

PRESIDENT: LB 502 advances. LB 281.

CLERK: LB 281, Mr. President, was a bill that was introduced by the Transportation Committee and signed by its members. (Read title.) The bill was introduced on January 10, referred to Transportation, advanced to General File. I have no amendments to the bill, Mr. President.

PRESIDENT: Senator Lamb, please.

SENATOR LAMB: Yes, Mr. President and members, this is the bill that was brought to the Transportation Committee by the Department of Motor Vehicles. In September of 1988, the Supreme Court raised the issue of whether or not an out-of-state citation without a court seal was authenticated under Nebraska law and may be used to revoke an operator's license after accumulation of 12 points. The court held that the seal of the court must appear on the document if it is to be introduced into evidence for a court of law. Some states, such as Kansas, provide to Nebraska a copy of the citation which contains the court seal. However, the Supreme Court's decision has caused the department to send back the tickets, such as in Iowa, when 12 points have been accumulated by the individual. Sending back every ticket that does not contain the seal before the individual has accumulated 12 points is impractical, as
