SPEAKER BARRETT: Thank you. Senator Moore.

SENATOR MOORE: Mr. Speaker, I move we adjourn and, providing we can get here, I...we adjourn until Monday morning, March 6th.

SPEAKER BARRETT: Thank you. You have heard the motion to

For that reason...that is the single substantive change in the bill with respect to undoing a line of cases and that was the goal. With that, I would ask for the advancement of LB 423.

SENATOR LABEDZ: Thank you, Senator Landis. Senator Landis was closing on the advancement of LB 423. All those in favor vote aye, opposed nay. Have you all voted? Actually, they haven't. We're voting on the advancement of LB 423. Please vote.

SENATOR LANDIS: Senator Labedz, even though it is the lunch hour and I know that there are claims on our mind and our stomach that compete with doing our duty here, if necessary perhaps a call of the house might...unless, Senator Haberman, let's say, oh, he's already done his work. Well...gosh, do you think we're going to have to call for a call of the house?

SENATOR LABEDZ: You have the floor, you have the microphone.

SENATOR LANDIS: Senator Labedz, I guess I'll have to call for a call of the house. I don't want to, but let's take call in votes during the pendency of the call...oh, wait a second here. Maybe I don't need a call of the house.

SENATOR LABEDZ: Thank you, Senator Landis. We're voting on the advancement of LB 423. Please vote. Record, Mr. Clerk.

ASSISTANT CLERK: 25 ayes, 0 nays on the advancement of the bill.

SENATOR LABEDZ: LB 423 is advanced. Mr. Clerk, LB 509.

ASSISTANT CLERK: Madam President, LB 509 was introduced by Senator Scofield. (Title read.) The bill was read for the first time on the 18th of January. It was referred to the Transportation Committee. They report the bill advanced to General File.

SENATOR LABEDZ: Senator Scofield.

SENATOR SCOFIELD: Thank you, Senator Labedz. If all of you that just came back will bear with me, I will do this very quickly and shouldn't take much of your time. Just a little bit of background. The Branch Rail Revitalization Council was an entity that we created in 1980 to provide for the revitalization of branch rail lines. All of the members of that council are

appointed by the Governor and they currently include one branch rail shipper, one railroad management employee, one Public Service Commissioner, one representative from the State Rail Planning Agency which is currently contracted to the Department of Roads and three members of the general public. My amendment would simply say one of those members of the general public would be, we'd substitute for that an actual railroad employee, a maintenance of way employee with the notion that this would give a particular area of expertise on this Branch Rail Revitalization Committee of people that actually work on maintaining safe railroads in the state. That is the whole bill. With that brief explanation, I would ask that you advance it.

SENATOR LABEDZ: Thank you, Senator Scofield. Any further discussion on the advancement of 509? Senator Scofield, there are no further lights. Would you like to close? Senator Scofield waives closing. We're voting now on the advancement of LB 509. All those in favor vote aye, opposed nay. Have you all voted? Record, Mr. Clerk.

ASSISTANT CLERK: 25 ayes, 0 nays on the advancement of the bill.

SENATOR LABEDZ: LB 509 is advanced. Mr. Clerk, LB 793.

ASSISTANT CLERK: LB 793 was introduced by Senator Hartnett. (Title read.) The bill was read for the first time on January 19. It was referred to Revenue Committee. They report the bill to General File.

SENATOR LABEDZ: Senator Landis, I understand that you will move for the advancement of LB 793.

SENATOR LANDIS: It's true, Madam Speaker, I will. This was introduced by Paul Hartnett and reported out unanimously by the Revenue Committee. It amends our sales tax law to include satellite programming and satellite television signal descrambling or decoding devices within the definition of gross receipts for sales tax services. It does not change Nebraska law with respect to what is practiced as far as what is taxable or not. The subjects of these bills are already the subject of tax collections by the Department of Revenue but the bill is necessary to clarify the statute so that there is no question of the right to the department to collect the tax. In other words,

chemicals. There are other bills coming up this session that deal with solid waste disposal that I hope that we'll get to yet this session. So I think that there are people in this body who are committed to doing something in respect to the environment and I take some exception to the statements made by Senator Chambers on the fact that this body is not interested. I think we are interested and I think the message is beginning to come across to us that we need to begin to look at the environment, whether we come from the country or the city, it's just as important to all of us. So I support the bill and other bills. Hopefully, it will be forthcoming this session.

SPEAKER BARRETT: That is correct. You are in order, yes. Proceed.

SENATOR SCHMIT: Well, thank you, Mr. President and members. I appreciate this explanation of the budget this morning, and I know that although it was an overview it was detailed and there will be, no doubt, many other legislators who will have questions, and I want to ask the indulgence of the body this morning because of an issue which is of considerable importance to all of us, I believe, and to myself, in particular, and to all of those who are associated with agriculture, in particular also. Agency 60 on page 112, the Gasohol Committee, Senator Warner pointed out that the committee has appropriated for '89-90 only \$1,670,626 of that total 17 million plus money and I want to say at this time that there will probably be a lot of comment about that in the future, but I have discussed it just
