PASTOR CARR: (Prayer offered.)

CLERK: Quorum present, Mr. President.

SPEAKER BARRETT: Thank you. Any corrections to the Journal?

CLERK: I have no corrections, Mr. President.

SPEAKER BARRETT: Messages, announcements, reports?

CLERK: Mr. President, your Committee on Enrollment and Review respectfully reports they have carefully examined and reviewed LB 587 and recommend that same be placed on Select File; LB 379, LB 46, LB 388 and LB 145, LB 237, LB 418, LB 506, LB 449, LB 449A and LB 54, all placed on Select File, some of which have E & R amendments attached. (See pages 1059-66 of the Legislative Journal.)

Mr. President, Business and Labor Committee reports LB 630 to General File; LB 315 to General File with amendments; LB 288, indefinitely postponed; LB 316, indefinitely postponed, LB 411, indefinitely postponed, and LB 652, indefinitely postponed, those signed by Senator Coordsen as Chair of the Business and Labor Committee. (See pages 1067-69 of the Legislative Journal.)

Mr. President, a series of priority bill designations. Senator Withem, as Chair of Education, has selected LB 259 and LB 651. Mr. President, Senator Nelson has selected LB 447; Senator Langford, LB 211; Senator Coordsen, LB 182; Senator McFarland, LB 437; Senator Byars, LB 809; Senator Withem, LB 247; and Senator Crosby selected LB 356, Mr. President.

I have an Attorney General's Opinion addressed to Senator Hefner

Mr. President, I would ask the body's unanimous consent to bracket the bill until next year.

SPEAKER BARRETT: You have heard the request to bracket until January 1 of 1990, the unanimous consent request. If there are no objections, so be it. The bill is bracketed. The next bill, Mr. Clerk, one...excuse me, LB 630.

CLERK: Mr. President, LB 630 was a bill that was introduced by the Business and Labor Committee and signed by its membership. (Read title.) The bill was introduced on January 19, referred to Business and Labor, advanced to General File. I have no amendments, Mr. President.

SPEAKER BARRETT: Senator Coordsen.

SENATOR COORDSEN: Thank you, Mr. Speaker, members of the body. LB 630 was brought to the Business and Labor Committee by the Department of Labor. The Department of Labor has the responsibility for inspecting freight and passenger elevators in the State of Nebraska. This is not grain type elevators we are talking about, but rather passenger and freight elevators. Several years ago there was a bill enacted that defined the freight and passenger elevators and further required that the Commissioner of Labor was to adopt by regulation the most recent version of the American National Standard Safety Code for elevator inspection. And what has happened with the past several years is that this code is revised nearly annually, and we find that the problem that exist with the elevator inspectors from the Department of Labor that go out are using rules and regulations because of the lag time in adopting new rules and regulations that are not the most current. So LB 630 would change the statute basically to say that the rules and regulations may conform generally to the standard found in the American National Safety Code as published by the American Society of Mechanical Engineers. It would remove from law the requirement for a public hearing every time there was a change in the national code. So it would speed the process up, wouldn't change anything, and would allow the Department of Labor to use the most recent safety standards in inspecting freight and passenger elevators in the State of Nebraska. With that, I would move for the advancement of the bill.

SPEAKER BARRETT: Any discussion? If not, thank you. The question is, shall LB 630 be advanced to E & R. Those in favor

goes below a quorum, because right now there is no provision in our statutes for the...for the Secretary of State to hold special elections for those two entities. There are provisions for providing for all other entities but those two don't have any. The specific example happened in Ord recently where they...their hospital board fell below a quorum. They...there was a real process in trying to determine how they were going to get back to a quorum. Because they were under a quorum, they couldn't appoint other members. This provides a procedure for doing that. That's what the amendment does. Thank you.

we continue to raise those monies so we can operate state government at a healthy level. Even though we have expended additional dollars this year and, as many would like to say, gone hog wild, I don't believe we have. I think what the Legislature has done is prudently address each and every issue, whether it be the budget or capital construction, and made decisions and made decisions based on information that they had. And I think we made good decisions. I don't agree with them all. Many of you don't agree with certain decisions that we made. The fact of the matter is that we deliberated and debated those as a body. A majority of the body felt that those expenditures needed to be made. We made them. Now what we need to do is protect the base that brought us the ability to make those expenditures, protect that base, not just for today but on into the future. I would urge you very strongly to return LB 739 to strike the enacting clause because it is not a bill that I think at this point in time we need to pass. Should the revenues continue to flow in as they have in the past in some of our one-time expenditures, as in LB 84, and the capital construction budget go away, revenues continue to come in...

SPEAKER BARRETT: Time.

SENATOR HALL: ...maybe we need to address the issue of reducing that income tax bracket. But, at the least, if this should fail, I have an amendment up to strike Section 2 which would be the two credits which break new ground, as I said before, dealing with the issue of loss of the base and that I would hope at least the body would address. But today, at this moment, I would urge you to return this bill to Select File so the issue of 739 can basically go away and we can pay for the, I think, good public policy that we advanced over the last week. I would urge the return of the bill.

SPEAKER BARRETT: Thank you. While the Legislature is in session and capable of transacting business, I propose to sign and I do sign LB 630, LB 640, LB 653, LB 653A, LB 683 and LB 683A, LB 705 and LB 710. SENATOR ABBODD: Mr. President, colleagues, I oppose any attempts to return this bill because I feel that any amendments that are attached to this bill at this late a date in the
