Currently the federal government is involved in running the program. We are the only state currently that is not involved in having some state role in this program. The federal government has been financing it and has their personnel running the program in Nebraska. This bill would allow the Department of Agriculture to become the lead agency in developing a state program that would be run by state personnel. LB 271 653A, 653

SENATOR SCHMIT: Thank you Senator Kristensen. While I support the amendment, the lack of a proper appeal to property tax evaluation under LB 271 was one of the principle reasons why many individuals voted against the bill and, to the extent that this amendment would modify and correct that problem, it is a step in the right direction. I'm not sure that it is all that we need but it is an improvement and I would support the amendment.

SPEAKER BARRETT: Senator Landis anything further? Thank you. Senator Kristensen, would you care to close? Thank you. The question is then the adoption of the amendment offered by Senator Kristensen to LB 653. Those in favor vote aye, opposed nay. Please record.

CLERK: 25 ayes, 0 nays, Mr. President, on adoption of Senator Kristensen's amendment.

SPEAKER BARRETT: The amendment is adopted.

CLERK: Mr. President, I am back to your amendment, Senator.

SENATOR HALL: (Mike not activated.) ...withdraw that amendment.

SPEAKER BARRETT: It is withdrawn.

CLERK: Mr. President, I have nothing further on the bill.

SPEAKER BARRETT: Senator Lindsay. Senator Hall, please.

SENATOR HALL: I'd move LB 653 be advanced to E & R.

SPEAKER BARRETT: Shall LB 653 be advanced to E & R? All in favor say aye. Opposed no. Ayes have it, the motion carried, the bill is advanced. The A bill, Mr. Clerk.

CLERK: Mr. President, LB 653A, I have no amendments to the bill.

SPEAKER BARRETT: Senator Lindsay.

SENATOR LINDSAY: Mr. President, I move that LB 653A be advanced to E & R.

LB 653A, 761

SPEAKER BARRETT: Shall LB 653A be advanced? All in favor vote aye. Opposed no. Ayes have it, the bill is advanced. The next bill, Mr. Clerk.

CLERK: Mr. President, the next bill is LB 761. I have E & R amendments first of all, Senator.

SPEAKER BARRETT: Chairman Lindsay.

SENATOR LINDSAY: Mr. President, I would move the adoption of the E & R amendments to LB 761.

SPEAKER BARRETT: Shall the E & R amendments be adopted to 761? Those in favor say aye. Opposed no. Carried, they are adopted.

CLERK: Mr. President, the first amendment I have to the bill is by Senator Chambers.

SPEAKER BARRETT: Senator Chambers.

CLERK: Your amendment is on page 1761, Senator.

SENATOR CHAMBERS: Mr. Chairman and members of the Legislature, I know this is a good and just amendment, but I just want to get the exact language so that I can bring you up to date on what it is that we want to do to correct an intolerable situation of some kind. Yes, members of the Legislature, if you will look on page 1761 or if you choose not to, I will tell you what this amendment does. This amendment deals with the makeup of the monitoring committee and this amendment had been offered on General File and came very close to being adopted. As with some others in this area, had everybody been here who was sympathetic to this, I believe it would have been added to the bill. What this amendment would do is allow one of the representatives of the municipalities to be a nonresident of the state. The rationale is quite simple and before I take all of my time to elaborate I will see what opposition may develop. But the rationale is based on the idea that a representative takes the place of and speaks for another. Many times the only thing that other may know enough to do is to select a representative. We're dealing with this nuclear waste facility, we're dealing with very technical scientific matters, the kind that would not ordinarily be understood and certainly not mastered by a person in a city, let alone a small rural community where there would be no anticipation that such knowledge would be necessary.

Would you folks please stand and be welcomed by the Legislature. Thank you very much. We're glad you could visit us this afternoon. Anything for the record, Mr. Clerk?

And a new A bill, Mr. President, LB 817A by Senator Conway. (Read title for the first time as found on page 2413 of the Legislative Journal.)

Mr. President, the next amendment to LB 813 is by Senator Chambers.

SPEAKER BARRETT: Senator Chambers.

SENATOR CHAMBERS: Mr. Chairman and members of the Legislature, this is an amendment that would raise the salary of the Parole Board. If you look for the pink sheet on your desk, you will find it. This is a matter that I had been working on for a number of years and last year there was an indication given to me by the Governor's Chief of Staff that she would support this proposition. We have finally discussed it and reached an accord

we continue to raise those monies so we can operate state government at a healthy level. Even though we have expended additional dollars this year and, as many would like to say, gone hog wild, I don't believe we have. I think what the Legislature has done is prudently address each and every issue, whether it be the budget or capital construction, and made decisions and made decisions based on information that they had. And I think we made good decisions. I don't agree with them all. Many of you don't agree with certain decisions that we made. The fact of the matter is that we deliberated and debated those as a body. A majority of the body felt that those expenditures needed to be made. We made them. Now what we need to do is protect the base that brought us the ability to make those expenditures, protect that base, not just for today but on into the future. I would urge you very strongly to return LB 739 to strike the enacting clause because it is not a bill that I think at this point in time we need to pass. Should the revenues continue to flow in as they have in the past in some of our one-time expenditures, as in LB 84, and the capital construction budget go away, revenues continue to come in...

SPEAKER BARRETT: Time.

SENATOR HALL: ...maybe we need to address the issue of reducing that income tax bracket. But, at the least, if this should fail, I have an amendment up to strike Section 2 which would be the two credits which break new ground, as I said before, dealing with the issue of loss of the base and that I would hope at least the body would address. But today, at this moment, I would urge you to return this bill to Select File so the issue of 739 can basically go away and we can pay for the, I think, good public policy that we advanced over the last week. I would urge the return of the bill.

SPEAKER BARRETT: Thank you. While the Legislature is in session and capable of transacting business, I propose to sign and I do sign LB 630, LB 640, LB 653, LB 653A, LB 683 and LB 683A, LB 705 and LB 710. Discussion on the motion to return the bill to Select File offered by Senators McFarland and Hall. Senator Abboud, followed by Senators Wesely, Lamb, Nelson and Hefner.

SENATOR ABBODD: Mr. President, colleagues, I oppose any attempts to return this bill because I feel that any amendments that are attached to this bill at this late a date in the
