

introduction of Req. 1246.

PRESIDENT: Senator Warner, please.

SENATOR WARNER: Mr. President and members of the Legislature, LB(sic) 1246 is similar, well, not similar, but it deals in the same area of some legislation you are going to be dealing with a little bit later this morning on underground storage tank. This has nothing to do with it directly, but under current charges that are made, there are two charges made in the process of inspection of tanks, and this would consolidate those charges. It raises, for the registration fee, I believe from 7.50 to 15, and inspection fees are 15. It consolidates those into one payment rather than two separate payments at 25, which actually would be a couple, a \$2.50 increase at the low end, \$5 reduction at the high end, but the real purpose of the bill is to provide the mechanism for funding to the Fire Marshal's Office for the inspection that they are currently required to do, and without the funding mechanism there, at least as things would stand, there is no funds available for those inspections, and as I indicated, overall it makes very little change in the mechanism...or the total cost of funding but it is necessary in order to provide the funds to go to the Fire Marshal for those people to do the inspections. I would move the bill's introduction.

PRESIDENT: The question is the introduction of the bill. All those in favor vote aye, opposed nay. Record, Mr. Clerk, please.

CLERK: 31 ayes, 1 nay, Mr. President, on the introduction of Req. 1246.

PRESIDENT: The bill is introduced.

CLERK: Mr. President, new bills. (Read LB 813, LB 814, LB 815, and LB 816 for the first time by title. See pages 1840-41 of the Legislative Journal.)

Mr. President, Senator Warner would now move to suspend Rule 3, Section 4(e) and 13, Rule 6, Section 1 so as to place LB 813, LB 814, LB 815, and LB 816 on direct General File.

children involved or something, I would hate to see somebody be penalized...

SPEAKER BARRETT: One minute.

SENATOR WARNER: ...when in every sense they are separate units but they happened to be organized just for convenience and management effectiveness.

SENATOR LAMB: You know, I don't think management has anything to do with it. It comes down to the ownership of the property and how that is organized. Now if you have separate corporations you would have separate entities. If you have a father-son operation, no matter what size it is, if it was not, say it was not incorporated or if it was incorporated, the ownership would be what prevails and how you file your income tax on that is really, as I understand it, the thing that guides the Department of Revenue in how they apply it. I don't think the management would have a thing to do with it and I don't think the gymnastics that some people go through to get around the \$50,000 limit on farming operations would really have anything to do with this. It wouldn't make any difference whether you owned the machinery or did not own the machinery or supplied the labor, supplied the other expenses or not, in my opinion.

SPEAKER BARRETT: Senator Abboud. Senator Abboud, please. Senator Lamb, anything further?

SENATOR LAMB: I would move to recess until one-thirty, Mr. Chairman.

SPEAKER BARRETT: Anything to read in, Mr. Clerk?

CLERK: Mr. President, I have an explanation of vote by Senator Kristensen. Senators Wehrbein and Ashford would like to add their names to LB 813, LB 814 and LB 815 and LB 816 as co-introducers. (See page 1845 of the Legislative Journal.) That is all that I have.

SPEAKER BARRETT: Thank you. The motion by Senator Lamb is to recess until one-thirty. Those in favor say aye. Opposed no. Carried, we are recessed.

transfer for the next biennium to the General Fund in an amount of 10.5 million one year and 8.1 the next year, as was scheduled in planning documents for the coming biennium. I would move the bill be advanced.

PRESIDENT: Thank you. The question is, shall the bill be advanced? All those in favor vote aye, opposed nay. Record, Mr. Clerk, please.

CLERK: 25 ayes, 0 nays, Mr. President, on the advancement of LB 310.

PRESIDENT: LB 310 is advanced. LB 815.

CLERK: LB 815, Mr. President, introduced by the Appropriations Committee. (Read title.) The bill was read the first time on April 21st, Mr. President. It was reported directly to General File.

PRESIDENT: Senator Warner, please.

SENATOR WARNER: Mr. President, LB 815 establishes the Cash Fund in the Political Accountability Commission in order that there are some copies of documents that are requested which they can charge for the paper that those charges will have a place to be deposited and pay for the cost of processing and the paper as is requested. The appropriation bill authorizes a \$10,000 expenditure of these kind of Cash Funds and we did reduce the General Fund in an amount of \$5,000 for at least the first year to see how much funds they can generate for this...for these costs. I'm not sure it will be totally self-financing but then the bill also has some language harmonizing provisions relating to the cost of providing the copies and the amount that may be charged which must be uniform, up to 50 but not to exceed 50 cents a page and, again, that's constitutionally required. If you authorize an agency to make a charge, the Legislature must set a framework within which that charge can be determined and in this case it would not be...would not exceed 50 cents per sheet.

PRESIDENT: Thank you. Any further discussion on the advancement of the bill? If not, the question is the advancement of LB 815. All those in favor vote aye, opposed nay. Record, Mr. Clerk, please.

CLERK: 29 ayes, 0 nays, Mr. President, on adoption of the motion to advance LB 815.

PRESIDENT: LB 815 is advanced. LB 816.

CLERK: LB 816, Mr. President, introduced by the Appropriations Committee. (Read title.) The bill was introduced on April 21, referred directly to General File, Mr. President.

PRESIDENT: Senator Warner, please.

SENATOR WARNER: Mr. President and members of the Legislature, LB 816 was a bill brought to us during the appropriation process in the committee by the Fire Marshall's Office in order to provide the funding for inspection as required by statute of underground tanks by the fire...by the Fire Marshall. A portion of the...well, these provisions were, in fact, a part of LB 682 which is still in committee and this portion dealing with the registration fees and where they are to be deposited was...I do not believe was a part of the reason for the bill not being advanced from committee yet but being held for further study. But this portion is necessary in order to provide the funding of...that the Fire...for the Fire Marshall's Office, inspections that they are required to make. Under current law, there are two charges that are made on underground tanks. There is the registration fee which is related to size and it ranges from 7.50 to a maximum of \$15 and in addition there is a current inspection fee of \$15. You add those two together which would be...well, it would be the situation currently why an individual would be paying either 22.50 at a minimum, combination registration and inspection fee, or a maximum of 30, which are two levels of \$15 for the same thing. This makes a single standard fee of \$25 which includes both registration and inspection. It would be, in effect reducing the maximum by \$5 and increasing the minimum by \$2.50, but I assume it's much simpler for administrative purposes in this form. Currently, those funds that are collected from the registration goes to Environmental Control for cleanup. Under LB 816, as I indicated in committee, the funding would have gone to the Fire Marshall for his operations just as is true of LB 816. Federal funds will be used for cleanup and if other provisions come along for funding, those would also be available but the monies from the registration collection fee that is consolidated will go to the Fire Marshall, estimated receipts in the vicinity of \$375,000 for which they will be included in the A bill that follows.

CLERK: Mr. President, the next amendment I have to the bill is by Senator Kristensen.

SPEAKER BARRETT: Senator Kristensen, please.

SENATOR KRISTENSEN: Thank you, Mr. Speaker. The amendment which I have is one that has received a considerable amount of discussion this afternoon from a variety of people to myself and from a variety of people in the Rotunda, and this amendment deals with putting \$18 million directly into state aid for education. I'm very serious about this amendment, however, I'm not sure that now is the time or the place to do that, and I believe it's important to move this budget bill along. There's another vehicle that I may look at to put this amendment there and so, in that spirit, to move this along, I would pull this amendment with the sincerity that the amendment is valid and I believe has some very good points and one that needs to be discussed before this session is over. But I will pull it at the time, thank you.

SPEAKER BARRETT: Thank you, Senator Kristensen. It is withdrawn.

CLERK: I have nothing further on the bill, Mr. President.

SPEAKER BARRETT: Thank you. Senator Warner.

SENATOR WARNER: Mr. President, I move that LB 813 be advanced.

SPEAKER BARRETT: Any discussion? Senator Moore? Thank you. Shall LB 813 be advanced? Those in favor say aye. Opposed no. Carried. The bill is advanced. Anything for the record before we go to LB 814, Mr. Clerk?

CLERK: Mr. President, I have one item. I have an A bill, LB 815A by Senator Smith. It's a bill for an act to appropriate funds to implement LB 815. That's all that I have, Mr. President.

SPEAKER BARRETT: Thank you. Moving then to LE 814.

CLERK: Mr. President, the first item on LB 814 are Enrollment and Review amendments.

SENATOR LAMB: The motion fails. Mr. Clerk.

CLERK: Mr. President, I have nothing further on the bill.

SENATOR LAMB: Is there any further discussion on LB 305? Raise the call. Senator Warner.

SENATOR WARNER: Mr. President, I move that LB 305 be advanced.

SENATOR LAMB: Those in support of advancing the bill signify by saying aye. Those opposed no. The bill is advanced.

CLERK: Mr. President, the next bill is LB 815. First, I have no Enrollment and Review amendments, Mr. President. The first amendment I have to the bill, Senator Smith, you had an amendment, Senator. I understand you want to withdraw this first amendment. Senator Smith. Senator, you had an amendment printed on page 2381. I understand you want to withdraw that one. Mr. President, Senator Smith would move to amend. Senator, I have AM1869 in front of me, on page 2407 of the Journal.

SENATOR LAMB: The Chair recognizes Senator Smith.

SENATOR SMITH: Thank you, Mr. Chairman. Mr. Clerk, did you say AM...what?

CLERK: AM1869, Senator.

SENATOR SMITH: I hope I have the right one.

CLERK: The one you withdrew, Senator, was 1841. That's the one you withdrew.

SENATOR SMITH: All right, thank you. This amendment, basically, sets up in the Charitable Gaming Commission an investigative petty Cash Fund. And the purpose of it is to provide money for Charitable Gaming investigators prospectively rather than retrospectively so that, in other words, they don't have to spend out-of-pocket money in order to do the things that they do in their sort of...when they're going out and checking and investigating and so on. It's similar to what we have set up in other like, for instance, the State Patrol, in use of under cover drug purchases. They have the Cash Fund which is

established so that those investigators can utilize that Cash Fund for the costs that are incurred in doing their job, rather than having to pay out of pocket and then be reimbursed for it later on. We're not asking for increased spending. The money is just...it's already being spent for reimbursement but it just gives them the money ahead of time, it's there ahead of time so that they can utilize it in the carrying out of their job and their duties. Basically, that's it. It establishes a Cash Fund. There is a cap on it of \$5,000 and that money comes from the Charitable Gaming Fund, Cash Fund. I would answer any questions or if there are no questions, I would certainly ask for the amendment to be adopted.

SENATOR LAMB: The Chair recognizes Senator Warner to address the amendment by Senator Smith.

SENATOR WARNER: Mr. President and members of the Legislature, I have no particular objection to the amendment but I do think there isn't any question but what there is not a...there is a germaneness issue that properly address...should be a rule suspension first. It's deals solely with the political accountability. It does create Cash Fund in that agency and this is also creating a Cash Fund so there is...I have no concern about constitutional two-subject matter issue but, at least based on the germaneness that we have been using, this is certainly a totally different agency. It's an appropriate bill but I think it would be consistent that we ought to suspend the rule on germaneness to adopt it rather than ignore it just to be consistent with what we have been doing.

SENATOR LAMB: Senator Smith, do you wish to address this question?

SENATOR SMITH: Well, first of all, I would like to have you make a ruling if you would. But I have no problem with suspending the rules if we can do that but it would...but I would ask you if you think that it possibly could be germane because we are establishing a Cash Fund. This is the reason we chose LB 815 because the purpose of the amendment is to establish a Cash Fund and in the bill itself they are establishing a Cash Fund and that's the reason we selected this bill to attach the amendment to. Just suspend the rules?

SENATOR LAMB: Thank you, Senator Smith. The Chair rules that the motion is not germane because it does delve into a somewhat

May 17, 1989

different area.

SENATOR SMITH: Mr. Chairman, we do have...we're bringing...we're...we prepared a request to suspend the rules.

CLERK: Mr. President, Senator Smith would move to suspend Rule 7, Section 3(d), the germaneness rule, so as to permit consideration of her amendment.

SENATOR LAMB: Is there discussion in regard to the suspension motion? Senator Smith, did you care to discuss the suspension motion?

SENATOR SMITH: I would just ask the body to support the suspension motion.

SENATOR LAMB: Seeing no other lights, those in support of suspending the rules indicate by voting aye, those opposed no. Have you all voted on the suspension motion? Thirty votes required. Record, Mr. Clerk.

CLERK: 30 ayes, 0 nays, Mr. President, on suspension of Rule 7, Section 3(d).

SENATOR LAMB: The germaneness rule has been suspended. Senator Smith.

SENATOR SMITH: Thank you, Mr. Chairman. I don't believe I need to discuss it anymore because everybody else here has their versions of what it is. I would just ask everyone to give me a green on it. Thank you.

SENATOR LAMB: Is there any other discussion in regard to the motion? Senator Haberman.

SENATOR HABERMAN: Well, Senator Smith...or Mr. President and members of the body, may I ask Senator Smith a question, please?

SENATOR LAMB: Senator Smith, would you respond?

SENATOR SMITH: Yes.

SENATOR HABERMAN: Senator Smith, as I understand it, this Cash Fund can be...go up to \$10,000. Is that correct?

SENATOR SMITH: Ten thousand dollars in any one year.

SENATOR HABERMAN: Well, can it go up...does it go up at \$500 a time, or a \$1,000 a crack, or how fast can it accumulate?

SENATOR SMITH: They can...they replenish the fund. The idea of it, Senator Haberman, is that this is no new money. It's just the fact that they get paid...they have...the money is there for them so that they don't have to pay out of their pockets before they do it and then get reimbursed following it. So there is no difference in the way this happens except for the fact that we establish a \$5,000 fund.

SENATOR HABERMAN: Well, can it jump \$5,000 a clatter?

SENATOR SMITH: Can it jump? Yes, it can.

SENATOR HABERMAN: Not \$1,000 but it can just five, five and five, up to ten, right?

SENATOR SMITH: It can only go five and five in one year and that makes ten.

SENATOR HABERMAN: Thank you, Mr. President. I'm not going to call Senator Smith a big spender or anything like that, but, thank you very much for answering my questions.

SENATOR LAMB: Seeing no other lights, Senator Smith, would you care to close on your motion? Senator Smith waives closing. The motion is the adoption of the motion by Senator Smith. Those in support vote aye, those opposed no. Have you all voted? Record, Mr. Clerk.

CLERK: 27 ayes, 0 nays, Mr. President, on adoption of Senator Smith's amendment to the bill.

SENATOR LAMB: Senator Smith's amendment has been adopted. Any other discussion on the bill, LB 815? If not, Senator Warner.

SENATOR WARNER: Mr. President, I move that LB 815 be advanced.
