

introduction of Req. 1246.

PRESIDENT: Senator Warner, please.

SENATOR WARNER: Mr. President and members of the Legislature, LB(sic) 1246 is similar, well, not similar, but it deals in the same area of some legislation you are going to be dealing with a little bit later this morning on underground storage tank. This has nothing to do with it directly, but under current charges that are made, there are two charges made in the process of inspection of tanks, and this would consolidate those charges. It raises, for the registration fee, I believe from 7.50 to 15, and inspection fees are 15. It consolidates those into one payment rather than two separate payments at 25, which actually would be a couple, a \$2.50 increase at the low end, \$5 reduction at the high end, but the real purpose of the bill is to provide the mechanism for funding to the Fire Marshal's Office for the inspection that they are currently required to do, and without the funding mechanism there, at least as things would stand, there is no funds available for those inspections, and as I indicated, overall it makes very little change in the mechanism...or the total cost of funding but it is necessary in order to provide the funds to go to the Fire Marshal for those people to do the inspections. I would move the bill's introduction.

PRESIDENT: The question is the introduction of the bill. All those in favor vote aye, opposed nay. Record, Mr. Clerk, please.

CLERK: 31 ayes, 1 nay, Mr. President, on the introduction of Req. 1246.

PRESIDENT: The bill is introduced.

CLERK: Mr. President, new bills. (Read LB 813, LB 814, LB 815, and LB 816 for the first time by title. See pages 1840-41 of the Legislative Journal.)

Mr. President, Senator Warner would now move to suspend Rule 3, Section 4(e) and 13, Rule 6, Section 1 so as to place LB 813, LB 814, LB 815, and LB 816 on direct General File.

children involved or something, I would hate to see somebody be penalized...

SPEAKER BARRETT: One minute.

SENATOR WARNER: ...when in every sense they are separate units but they happened to be organized just for convenience and management effectiveness.

SENATOR LAMB: You know, I don't think management has anything to do with it. It comes down to the ownership of the property and how that is organized. Now if you have separate corporations you would have separate entities. If you have a father-son operation, no matter what size it is, if it was not, say it was not incorporated or if it was incorporated, the ownership would be what prevails and how you file your income tax on that is really, as I understand it, the thing that guides the Department of Revenue in how they apply it. I don't think the management would have a thing to do with it and I don't think the gymnastics that some people go through to get around the \$50,000 limit on farming operations would really have anything to do with this. It wouldn't make any difference whether you owned the machinery or did not own the machinery or supplied the labor, supplied the other expenses or not, in my opinion.

SPEAKER BARRETT: Senator Abboud. Senator Abboud, please. Senator Lamb, anything further?

SENATOR LAMB: I would move to recess until one-thirty, Mr. Chairman.

SPEAKER BARRETT: Anything to read in, Mr. Clerk?

CLERK: Mr. President, I have an explanation of vote by Senator Kristensen. Senators Wehrbein and Ashford would like to add their names to LB 813, LB 814 and LB 815 and LB 816 as co-introducers. (See page 1845 of the Legislative Journal.) That is all that I have.

SPEAKER BARRETT: Thank you. The motion by Senator Lamb is to recess until one-thirty. Those in favor say aye. Opposed no. Carried, we are recessed.

LB 682, 815, 816

CLERK: 29 ayes, 0 nays, Mr. President, on adoption of the motion to advance LB 815.

PRESIDENT: LB 815 is advanced. LB 816.

CLERK: LB 816, Mr. President, introduced by the Appropriations Committee. (Read title.) The bill was introduced on April 21, referred directly to General File, Mr. President.

PRESIDENT: Senator Warner, please.

SENATOR WARNER: Mr. President and members of the Legislature, LB 816 was a bill brought to us during the appropriation process in the committee by the Fire Marshall's Office in order to provide the funding for inspection as required by statute of underground tanks by the fire...by the Fire Marshall. A portion of the...well, these provisions were, in fact, a part of LB 682 which is still in committee and this portion dealing with the registration fees and where they are to be deposited was...I do not believe was a part of the reason for the bill not being advanced from committee yet but being held for further study. But this portion is necessary in order to provide the funding of...that the Fire...for the Fire Marshall's Office, inspections that they are required to make. Under current law, there are two charges that are made on underground tanks. There is the registration fee which is related to size and it ranges from 7.50 to a maximum of \$15 and in addition there is a current inspection fee of \$15. You add those two together which would be...well, it would be the situation currently why an individual would be paying either 22.50 at a minimum, combination registration and inspection fee, or a maximum of 30, which are two levels of \$15 for the same thing. This makes a single standard fee of \$25 which includes both registration and inspection. It would be, in effect reducing the maximum by \$5 and increasing the minimum by \$2.50, but I assume it's much simpler for administrative purposes in this form. Currently, those funds that are collected from the registration goes to Environmental Control for cleanup. Under LB 816, as I indicated in committee, the funding would have gone to the Fire Marshall for his operations just as is true of LB 816. Federal funds will be used for cleanup and if other provisions come along for funding, those would also be available but the monies from the registration collection fee that is consolidated will go to the Fire Marshall, estimated receipts in the vicinity of \$375,000 for which they will be included in the A bill that follows.

It's two inspectors and one support staff in the amount of \$80,000 and then there will be a reimbursement to seven delegated authorities for their inspection activity at a 100,000. Those are where cities, larger cities, have their own inspection people that the city...state contracts with. And then the balance of the funds at about \$195,000 will be used to offset the loss of federal funds in this program that the Fire Marshall currently is using, about 180,000 of these funds that no longer will be...federal funds that no longer will be available. So the purpose of the entire bill is to...is to authorize a uniform inspection registration fee; number two, authorize that the funds be spent by the Fire Marshall for their inspection and will, as a practical matter, then provide two additional inspectors paid to those urban areas that have inspections that the state contracts with and then the balance of 195,000 will be utilized to offset loss of federal funds. I would move the bill be advanced. I have explained both the A bill and the bill itself but I would move that the bill be advanced.

PRESIDENT: Thank you. Senator Owen Elmer, please.

SENATOR ELMER: Thank you, Mr. President. As a member of the Natural Resources Committee, I merely wanted to affirm what Senator Warner had said about the bill being held in committee was not because of the tank fees that the Fire Marshall does require for his inspections but because of some language that was included in the bill relative to the Department of Environmental Control that we all were visiting with and had some problems with. And this portion of the bill is required by the Fire Marshall and I would suggest that we go ahead and advance this bill.

PRESIDENT: Thank you. Senator Warner, did you wish to close on the...on the...

SENATOR WARNER: I move to advance...

PRESIDENT: ...advancement?

SENATOR WARNER: ...the bill, Mr. President.

PRESIDENT: The question is the advancement of the bill. All those in favor vote aye, opposed nay. I need a little bit more help, ladies and gentlemen. Record, Mr. Clerk, please.

CLERK: 26 ayes, 0 nays, Mr. President, on the advancement of 816.

PRESIDENT: The bill is advanced. LB 816A, please.

CLERK: Mr. President, 816A, by Senator Warner. (Read title.)

PRESIDENT: Senator Warner.

SENATOR WARNER: Mr. President and members of the Legislature, this is the A bill. I think I neglected to indicate earlier that the fee change occurs January 1st of next year and so the first year's appropriation is only for the first...or, excuse me, for the last six months of the current fiscal year that...which we are appropriating and then the second year is for the...for the full year. But I indicated those amounts earlier discussing the bill so I would move the A bill be advanced.

PRESIDENT: Senator Moore, please. No. All right, the question is, shall the bill be advanced? All those in favor vote aye, opposed nay. Record, Mr. Clerk, please.

CLERK: 25 ayes, 0 nays, Mr. President, on the motion to advance 816A.

PRESIDENT: LB 816A is advanced. Next bill, Mr. Clerk.

CLERK: Mr. President, LB 525 was a bill originally introduced by Senators Scofield, Baack and Weihing. (Read title.) The bill was reported to Appropriations Committee for public hearing, advanced to General File, Mr. President. I do have committee amendments pending by the Appropriations Committee.

PRESIDENT: Okay, Senator Scofield, are you...

SENATOR SCOFIELD: Thank you, Mr. President. This bill has been gutted and essentially the committee amendments become the bill, which I will let the Chairman discuss. This is simply a new bill, so you can disregard the title. The only thing that's relevant to the original bill is some intent language in the final section, I believe it's Section 6 of the bill, that addresses specifically accreditation standards for Morrill Hall. Other than that, there are a variety of proposals within this

LB 816

CLERK: Mr. President, the next bill is LB 816. The first amendment I have to the bill is by Senator Landis.

SPEAKER BARRETT PRESIDING

SPEAKER BARRETT: Senator Landis. Anyone prepared to handle the amendment? Welcome, Senator Landis.

SENATOR LANDIS: Thank you, Mr. Speaker, members of the Legislature. I am going to assume, Mr. Clerk, that this has to do with the Athletic Commission, 15 percent rebate mechanism.

CLERK: I believe it does, yes, sir.

SENATOR LANDIS: Thank you very much, Mr. Clerk. The Government Committee was introduced to the Damon Runyon Day this year when I brought a bill on professional boxing in this state. We had "Mouse" and "Scooter" and "Squeeze" and other characters that showed up that day to argue whether or not they should have EEGs and the like. One of the provisions of that bill was a provision that allowed the Athletic Commission to keep its cash funds. Currently, they have a 15 percent rebate into the General Fund. Twice in recent years, \$50,000 have been taken out of their cash funds. This amounts to \$4,500. It is an amount of money that they can spend during cash flow problem months in the summer for payroll, rent and travel. It would also allow them to attend the annual meeting of the National Athletic Commissioners, and this says, basically, the Athletic Commission Cash Funds will stay with the Athletic Commission. There will not be 15 percent rebate back into the General Fund. This same treatment has occurred for a number of other cash agencies. I ask for it to happen in this case as well. Thank you.

SPEAKER BARRETT: Discussion? Senator Warner, followed by Senator Wesely.

SENATOR WARNER: Mr. President, I would first raise the issue of germaneness. This bill deals solely with establishing of some fees for the Fire Marshal, and the amendment as proposed has no relationship to the base bill as it stands. I would also like to speak on the amendment after you rule on germaneness.

SPEAKER BARRETT: Thank you. Senator Landis, would you care to make a comment?

SENATOR LANDIS: No, I just thought it might be a sleepy day. I will be happy to suspend the rules and offer this amendment through the suspension of the rules.

SPEAKER BARRETT: Are you,...

SENATOR LANDIS: I will so move.

SPEAKER BARRETT: He so moved. Senator Landis moves to suspend the germaneness rule in order to consider his amendment. Is there discussion? Senator Wesely, did you care to discuss the motion to suspend?

SENATOR WESELY: Yeah, I would rise in support of the rule suspension as well. I have been contacted by Jerry McGinn of the Athletic Commission. I don't know if everybody else got the letter or not, but it certainly appears to me to be a small matter, and we could certainly help them out, so I would support the rules suspension.

SPEAKER BARRETT: Thank you. Senator Morrissey, did you care to discuss...thank you. There are no other lights then, specifically...

SENATOR WARNER: My light is on.

SPEAKER BARRETT: Senator Warner, I am sorry.

SENATOR WARNER: So is my mind. Well, Mr. President and members of the Legislature, I may as well make the discussion on the rules suspension and let it go at that. It is true, it is a small matter. There are...in terms of dollars...there are six or seven agencies, as I recall, in which there is a 15 percent deposit of, these are cash funded agencies, deposit to the General Fund that has been in effect for many, many years, as a matter of fact, and this is one of them. I guess there is nine of them. There have been bills introduced from time to time to eliminate that 15 percent and, as I recall, for all of them it used to be...it would be about \$400,000 reduction in the General Fund if they were all done. The history of the 15 percent is somewhat logical when it was initiated because most of those 15 percents was prior to the time that we established the Department of Administrative Services and made charges for space and utilization of equipment, and that 15 percent was for the

purpose of cash funded agencies paying part of the cost for the maintenance and the other services that the State Office Building or the State Capitol, wherever they were housed, would pay. Then with the establishment of DAS and those charges were made, and so to some extent, there is a double charge in effect. My only concern with this is we have authorized General Fund for the Athletic Commission. It is true that those funds were reduced back in '80 or '81 a couple of times, when we were in budget crunches, and we did replace part of those funds with General Fund authorization, although it was subject to "if needed" type of thing, and I do not recall that the Athletic Commission actually used any of the General Fund Authorization that they, in fact, still have. My concern with doing just one is that there is really no more logic to do one than there is to do all nine. If you do all nine, it has at least a \$400,000 impact. But it seems to me that the agency is not under a funding crunch that I am aware of at the moment, does have additional General Fund authorization that is in excess of the 4,500 here, by quite a bit, authorization, and I see no need to make this change at this time. There is logic, however, to look at all these agencies and adjust that statutory provision that has been there for a long time, and I see no reason to make the change here just for this one. All of them ought to be addressed at one time.

SPEAKER BARRETT: Thank you. On the motion to suspend, any other discussion? Anything further, Senator Landis?

SENATOR LANDIS: I will close briefly. The notion that all of the commissions ought to be examined is not an unreasonable one. However, the Legislature, on at least a couple of occasions, have reached in and done exactly what we are doing today. The Nebraska Brand Inspection and Theft Prevention Fund, the State Racing Commission were specific legislative exemptions from what I understand in the legislative history in which the Legislature has done exactly what it does today, and that is to describe in this situation a need for the money. There is a cash flow problem in the summer. The commission raised this money on their own. It is a rule that has some people in and some people out. It is not a clearly drawn line. That line has been blurred in the past and I think the case was made well in the Government Committee. I urge the suspension of the rules and the adoption of the amendment.

SPEAKER BARRETT: Thank you. The question is the suspension of

Rule 2, Section 2 in order to consider the amendment offered by Senator Landis. Those in favor of the rule suspension vote aye, opposed nay. Have you all voted? Please vote if you would care to vote. Record, please.

SENATOR LANDIS: I can see the KO on the board. I am down for the count here and old "Canvasback" Landis says go ahead and record and let's move on.

CLERK: 13 ayes, 9 nays, Mr. President, on the motion to suspend the rules.

SPEAKER BARRETT: Motion fails.

CLERK: Mr. President, Senator Haberman would move to amend the bill.

SPEAKER BARRETT: Senator Haberman.

SENATOR HABERMAN: Well, Mr. President, members of the body, the Cash Fund issue has interested me for many, many years, and before this session started, I did some research on the Cash Fund, and my information shows that the Cash Fund earns interest each year of \$13 million. My amendment states that 80 percent of that or \$10 million will be returned to the General Fund. Now the money in the Cash Fund does not include General, Cash Reserve, Construction, Federal Funds, Revolving Funds or Trust Funds, and it does not affect any Retirement Pension Funds. This is just pure interest from the Cash Funds that each agency earns off of their cash. Ten million dollars seems like a pretty good piece of change and it still leaves \$3 million in each of their Cash Funds. However, due to I am sure that the germaneness rule is going to be raised, and I am sure that our smiling Speaker is going to rule the way I wouldn't want him to rule, I will pursue this further during the interim and introduce legislation that will be proper to take care of this matter and, therefore, I withdraw my amendment. Thank you, Mr. Speaker.

SPEAKER BARRETT: Thank you, Senator Haberman, and discretion is the better part.

CLERK: Mr. President, I have nothing further on the bill.

SPEAKER BARRETT: Senator Warner.

sheet, you will look at the line that talks about this bill, Cash Reserve Fund Transfers. Basically, we're paying \$18 million to the Cash Reserve Fund. As I mentioned in this bill on earlier debate and as we talked about the other budget reserve fund that Senator Warner moved to put in LB 525, I mentioned that I would prefer to put some money aside in this bill. What this amendment would do is basically not repay that \$18 million and would maintain the fund balance at \$50 million. And so it would be a method of salting some money away to the tune of \$18 million. Though I like the idea of that and, as I mentioned the other...I like the idea of doing that, and, as I mentioned the other day when we debated LB 525, I...even though it rained a little bit this week, I'm still concerned about the long term ramifications of the budget that we're...that we are developing and sending to the Governor, I would like us to put some money aside for a reserve fund but for a variety of reasons, I guess, maybe I have ran enough amendments that haven't gotten anywhere this week that I don't feel like running one more and I guess I will just withdraw it.
