CLERK: 16 ayes, 0 nays to cease debate, Mr. President.

language of the law did not clarify or capture that notion. There's an additional attempt to clarify language and strike the definition of a term which is not used in Supervision, Rehabilitation and Liquidation Acts, in 44-802 and 44-4803. Lastly, it indicates that there is a change here to more closely follow the NAIC commission model on Supervision, Rehabilitation Act by providing that a violation and order of the Director of Insurance would be subject to a criminal penalty or a civil penalty, but not both. We put language in the bill last year that passed that measure that indicated it would be both, but in fact it should be an either/or situation, but not both. For that reason I would move the adoption of this largely housekeeping measure brought to us by the Department of Insurance. Thank you.

PRESIDENT: Any further discussion? If not, the question is the advancement of the bill. All those in favor vote aye, opposed nay. I need a little help. Record, Mr. Clerk, please.

CLERK: 25 ayes, 0 nays, Mr. President, on the advancement of LB 984.

PRESIDENT: The bill is advanced. May I please introduce a guest of Senator Kristensen, please. Under the north balcony we have Dr. Ed Alderman of Minden, Nebraska. Would you please stand, Dr. Alderman. Welcome to our session today. LB 856, please.

CLERK: Mr. President, 856 was a bill introduced by Senator Rod Johnson. (Read title.) The bill was introduced on January 3, referred to the Agriculture Committee, advanced to General File. I have no amendments to the bill, Mr. President.

PRESIDENT: Senator Rod Johnson, please.

SENATOR R. JOHNSON: Mr. President, members, this is the annual Department of Agriculture cleanup bill to cover some of the areas of jurisdiction that they regulate in the state. There are three minor changes made by this bill. The first is a very minor change that affects the Nebraska Poultry and Egg Resource Act. It simply corrects the titles of two University of Nebraska - Lincoln positions that can be named as ex-officio members of the Nebraska Poultry and Egg Development, Utilization and Marketing Committee. The second change, maybe the most substantial in the bill, is some of the changes that we will

make to the Nebraska Pasteurized Milk Law to, in particular, to adopt by reference the most current class or Grade A pasteurized milk ordinances so that there is no lapse between states as they are transported or as these products are transported from state to state. And, finally, the last section is also minor, it simply repeals two outdated sections of law that were adopted back in 1893 that relate to certain containers of explosive gases. There was some question of whether this came under the jurisdiction of the Department of Agriculture or not. But the department and the Fire Marshall's office both agree that this section is outdated and antiquated and needs to be repealed. So that's the extent of the bill. Be happy to answer any questions, if not, I'd move for the advancement of LB 856.

PRESIDENT: Thank you. If there's no further discussion, the question is the advancement of the bill. All those in favor vote aye, opposed nay. Please vote. Record, Mr. Clerk, please.

CLERK: 25 ayes, 0 nays, Mr. President, on the advancement of 856.

PRESIDENT: The bill is advanced. LB 851, please.

CLERK: Mr. President, LB 851 was a bill introduced by Senators Warner and Wehrbein. (Read title.) The bill was introduced on January 3, referred to Urban Affairs, advanced to General File. I have no amendments to the bill.

PRESIDENT: Senator Warner, please.

SENATOR WARNER: Mr. President, members of the Legislature, this bill was introduced to provide an amendment to LB 95 that was enacted last session, which was a bill that authorized the City of Lincoln to regulate gas pipeline, which specifically turns out to be a Minnegasco constructed project. Part of that legislation required a single point of delivery for such a line. As those lines were put in it became evident that, as is usually the case with any of these pipelines, that there may be taps appropriately made along where that line goes, at the farmsteads or the residences. And what the bill does is amends LB 95 to permit that type of tap to be done. It's in support with and in concurrence by the City of Lincoln. The pipeline company, and actually the bill was worked on during the summer by the Urban Affairs Committee, because that was where the original legislation was enacted. Senator Wehrbein and I were

This particular program is one that is supported by the USDA Department of Agriculture, animal damage control people, that assist with funds to the state in controlling animals that are a nuisance and are predatory animals. Several western counties have been funding local programs in their counties independently of the state and receiving federal aid in their efforts. The livestock, sheep, poultry industry in the state are very interested in this bill. We heard it in Agriculture Committee January 23. We had nine different persons representing themselves and different agencies and units, such as the Nebraska Animal Damage Control Board of the USDA, Nebraska Farm Bureau, the Game and Parks Commission,
