SPEAKER BARRETT PRESIDING

SPEAKER BARRETT: Thank you. Proceeding to the next item on...from the Rules Committee. Chairman Lynch.

SENATOR LYNCH: Mr. President, members, the next one is number nine identified on your list. It specifies that a motion to suspend the rules is not divisible. The reason for this, without reading it all but putting it hopefully in laymen's terms so we can understand it, is that when a motion to suspend the rules is attempted it's intended to accomplish only one thing. You don't suspend the rules to accomplish three, four, five or six different things. But, if the amendment that would accomplish one thing would, for example, suspend Rule 1, Section 2, Rule 2, Section 3, Rule 3, Section 4, because it's necessary to do that to identify those sections of the rules that serve that single purpose, you cannot divide the question and take any one of those three rule changes independently. I think, Mr. President and members, that explains the purpose and intent of this rule change and would suggest that we support it.

SPEAKER BARRETT: Thank you, Senator Lynch. Discussion on the proposal...proposed change number nine? Senator Chambers, please.

SENATOR CHAMBERS: Mr. Chairman and members of the Legislature, let me tell you what the real purpose of this rule change is. There have been attempts at various times to suspend the rules so that there can be no debate or discussion or amendment on bills, and I have indicated that I would divide that question. So the purpose of the rule is to prevent that from happening. So however many things are put into a rule suspension will have to be taken as a package. In some instances you may have a situation where people will think and believe that you should be able to suspend the rules for the purpose of taking a vote without any additional debate, amendment and so forth. And maybe that is all right. Naturally, I'm opposed to it because
