LR 229

If I may, Mr. President, I have a Reference Report referring LBs 881-957, and LR 229. (See pages 175-77 of the Legislative Journal.) And, Mr. President, new bills. SPEAKER BARRETT PRESIDING

SPEAKER BARRETT: Thank you. Proceeding to the next item on...from the Rules Committee. Chairman Lynch.

SENATOR LYNCH: Mr. President, members, the next one is number nine identified on your list. It specifies that a motion to suspend the rules is not divisible. The reason for this, without reading it all but putting it hopefully in laymen's terms so we can understand it, is that when a motion to suspend the rules is attempted it's intended to accomplish only one thing. You don't suspend the rules to accomplish three, four, five or six different things. But, if the amendment that would accomplish one thing would, for example, suspend Rule 1, Section 2, Rule 2, Section 3, Rule 3, Section 4, because it's necessary to do that to identify those sections of the rules that serve that single purpose, you cannot divide the question and take any one of those three rule changes independently. I think, Mr. President and members, that explains the purpose and intent of this rule change and would suggest that we support it.

SPEAKER BARRETT: Thank you, Senator Lynch. Discussion on the proposal...proposed change number nine? Senator Chambers, please.

SENATOR CHAMBERS: Mr. Chairman and members of the Legislature, let me tell you what the real purpose of this rule change is. There have been attempts at various times to suspend the rules so that there can be no debate or discussion or amendment on bills, and I have indicated that I would divide that question. So the purpose of the rule is to prevent that from happening. So however many things are put into a rule suspension will have to be taken as a package. In some instances you may have a situation where people will think and believe that you should be able to suspend the rules for the purpose of taking a vote without any additional debate, amendment and so forth. And maybe that is all right. Naturally, I'm opposed to it because

PRESIDENT: Thank you. We'll move on to Select File, number 2, LB 257. Mr. Clerk.

CLERK: Mr. President, 257 is on Select File. The first order of business are Enrollment and Review amendments, Mr. President.

SENATOR BAACK: Sure, I would move that the E & R amendments be adopted.

I guess I am pleading, at some point, at the crowd watching both sides with all good intentions and sincerity, fighting to the end, and I'm asking you, the crowd, when will you finally have mercy at some point and say to the people of Nebraska, we have other things we have to do? Because I know, and so do you, that if you say, isn't this interesting, let's bring them back again, that the gladiators, as the paper this morning, I think, showed to pride, some ego and a lot of personal feelings will come back and perform for you again. And this time it's time for the body to take charge and it's time for you to lead and it's time for us to move. I move we adjourn.

SENATOR HANNIBAL: The bill is advanced. Moving on to LB 965.

ASSISTANT CLERK: LB 965 was introduced by Senators Conway, Robak and Lamb. (Read title.) The bill was read January 4th, referred to Revenue which reports the bill to General File.

SENATOR HANNIBAL: Senator Conway, please.

SENATOR CONWAY: Thank you, Mr. President. LB 965 is simply a minor correction to LB 714 that we passed last year. LB 714 was my priority bill last year dealing with the options that various contractors and retailer-wholesaler combination types of people may elect for taxing the various transactions. All that LB 965 is really going to do is correct a situation that in the language last year that was inadvertent we didn't anticipate, and that being particularly a contractor who withdraws inventory that ordinarily would be taxable, and then incorporates that into a component, and then ships that component out of the state. In the past it was not taxed, under the new language they would be. So this simply corrects that, allows that old option for that technique to still exist.

SENATOR HANNIBAL: There are no other lights on. Senator Conway, do you care to close? He waives closing. The issue before you is the advancement of LB 965. All those in favor vote aye, opposed nay. Please record.

ASSISTANT CLERK: 25 ayes, 0 nays on the advancement of the bill, Mr. President.

SENATOR HANNIBAL: The bill is advanced. LB 924.

ASSISTANT CLERK: LB 924 was introduced by Senator Lamb. (Read title.) The bill was read for the first time on January 3rd, referred to the Government Committee which reports the bill to General File.

SENATOR HANNIBAL: Senator Lamb, please.

SENATOR LAMB: Mr. President and members, this is a bill that was brought to me by county officials. It would eliminate the requirement that bonds issued by precincts, townships, school district, counties, cities, villages, irrigation districts, drainage districts and other similar districts be registered in the office of the county clerk. It would not eliminate the

existing requirement that such bonds be registered with the state auditor. I understand that this requirement that these bonds be listed with the county clerk has not been followed, it's really...and they don't keep them up-to-date. There seems to be no necessity to file them with the county clerk, and this would just eliminate that requirement. There were no opponents to the bill in committee. It came out with no negative votes. And I would ask that the bill be advanced.

SENATOR HANNIBAL: Any discussion? Seeing none, Senator Lamb, do you care to close?

SENATOR LAMB: No, I don't.

SENATOR HANNIBAL: Senator Lamb waives closing. The issue before you is the advancement of LB 924. All those in favor say aye, opposed nay. Pardon me, please vote aye. Have you all voted? We could use a little help. Have you all voted? Senator Lamb. Record the vote.

ASSISTANT CLERK: 25 ayes, 0 nays on the advancement of the bill.

SENATOR HANNIBAL: It is advanced. LB 1118.

ASSISTANT CLERK: LB 1118 was introduced by Senators Bernard-Stevens, Baack, Hefner and Scofield. (Read title.) The bill was read for the first time on January 11th, referred to Government Committee which reports the bill to General File.

SENATOR HANNIBAL: Senator Bernard-Stevens, please.

SENATOR BERNARD-STEVENS: Thank you, Mr. President. First of all, I want to thank the Fire Marshall's Office for their tremendous help on putting together this particular piece of legislation. In essence what we had in the rural districts was an effort to try to get an environmental issues and try to maintain our environmental control, and also try to reduce, as much as possible, fire hazards. And we were looking at storage tanks. In essence, what we came up with in the rural areas is on some of the policies that we had some of the rural communities out there would be faced with having no services available whatsoever on fuel and consequently that would be a very, very hindrance to the people of that particular area. So we worked with the Fire Marshall, we've worked with other people
