And that is not a valid, logical position. I don't think it is a reasonable legislative position and in order not to drag out the discussion on this resolution, that will be all I have to say except to reemphasize that I intend to vote against this resolution and I'll vote against others of similar stripe.

PRESIDENT: Senator Hannibal, would you like to close...Senator Lynch, your light came on. Senator Hannibal, would you like to close, please.

SENATOR HANNIBAL: Thank you, Mr. President. Senator Chambers, I also have many thoughts running through my head, but I will exercise some constraint as well. I appreciate you pointing up some facts about the issue of what days are Nebraska citizens days and which days are days for all the people that we are elected to serve, and I agree with you wholeheartedly. Senator Smith, I'm not sure I really needed that much support saying that this resolution wasn't near as bad as some of them that we have, but I guess I'll take a vote whenever I can get it. Yes, it is true that each day that we meet in session, as a matter of fact, each day that we serve in the Legislature, is for all the citizens in Nebraska. That is my philosophy as well. However, I would suggest that we have many days that are proclaimed to be special for certain kinds of occasions and, in fact, certain individuals and that to say that because this all day should be for Nebraska citizens and not have a day that we proclaim as a special recognition would be tantamount in my estimation to saying that we shouldn't have a veterans' day because that implies that every other day is not a day that should be recognized for veterans and their service to us or any number of things that we do have. I believe that this is a gesture of recognition that we are here because of the citizens and we are here to serve the citizens and it's not near as bad a resolution as some of them we've passed and I would urge its adoption.

PRESIDENT: The question is the adoption of the resolution. All in favor vote aye, opposed nay. Record, please.

CLERK: 15 ayes, 4 nays, Mr. President, on adoption of LR 234.

PRESIDENT: The resolution is adopted. We'll go on to number six, introduction of new bills.

CLERK: Mr. President, new bills. (Read by title for the first time, LBs 939-968. See pages 138-45 of the Legislative

SPEAKER BARRETT PRESIDING

SPEAKER BARRETT: Thank you. Proceeding to the next item on...from the Rules Committee. Chairman Lynch.

SENATOR LYNCH: Mr. President, members, the next one is number nine identified on your list. It specifies that a motion to suspend the rules is not divisible. The reason for this, without reading it all but putting it hopefully in laymen's terms so we can understand it, is that when a motion to suspend the rules is attempted it's intended to accomplish only one thing. You don't suspend the rules to accomplish three, four, five or six different things. But, if the amendment that would accomplish one thing would, for example, suspend Rule 1, Section 2, Rule 2, Section 3, Rule 3, Section 4, because it's necessary to do that to identify those sections of the rules that serve that single purpose, you cannot divide the question and take any one of those three rule changes independently. I think, Mr. President and members, that explains the purpose and intent of this rule change and would suggest that we support it.

SPEAKER BARRETT: Thank you, Senator Lynch. Discussion on the proposal...proposed change number nine? Senator Chambers, please.

SENATOR CHAMBERS: Mr. Chairman and members of the Legislature, let me tell you what the real purpose of this rule change is. There have been attempts at various times to suspend the rules so that there can be no debate or discussion or amendment on bills, and I have indicated that I would divide that question. So the purpose of the rule is to prevent that from happening. So however many things are put into a rule suspension will have to be taken as a package. In some instances you may have a situation where people will think and believe that you should be able to suspend the rules for the purpose of taking a vote without any additional debate, amendment and so forth. And maybe that is all right. Naturally, I'm opposed to it because

The bill was introduced on January 19 of last year, at that time it was referred to the Transportation Committee for public hearing. The bill was advanced to General File. I have Transportation Committee amendments pending, Mr. President.

PRESIDENT: Senator Lamb, are you going to take those?

SENATOR LAMB: Mr. President, members, LB 742, a bill introduced by Senator Robak, and it has to do with changing the eyesight requirements for drivers licenses. The committee amendments are minor. There are two of them. On page 2, line 19, strike "or" and insert "and"; and then on page 3, line 7, strike "the applicant"...the words "the applicant has". These are merely...

SENATOR LAMB: What if we don't?

PRESIDENT: Mr. Speaker, Speaker Barrett. Would you like to read some things into the record while we're waiting for the bomb to go off?

SENATOR CONWAY: Given the nature of the dinner hour and the like, and I'm sure some people had commitments that are...they are waiting in the wings in their offices, I'd like to have a call of the house, please.

PRESIDENT: The question is, shall the house go under call? All those in favor vote aye, opposed nay. Record, Mr. Clerk, please.

CLERK: 22 ayes, 3 nays, Mr. President, to go under call.

PRESIDENT: Okay. The house is under call. Please record your presence. Roll call vote has been requested in reverse order...in regular order, excuse me. So please look up to see if your light is lit, illuminated. Senator Haberman, would you record your presence, please. Thank you. We're looking for Senator Bernard-Stevens and Senator Dierks. Sergeant-at-Arms, how you coming with Senator...Well, there is Senator Bernard-Stevens. Senator Dierks. There he is. Ladies and gentlemen, the question is the advancement of the bill. Roll call vote has been requested in regular order. Will you please hold down the conversation so the Clerk can hear your response. Mr. Clerk.

CLERK: (Roll call vote taken. See page 438 of the Legislative Journal.) 25 ayes, 16 nays, Mr. President, on the advancement of the bill.

PRESIDENT: The bill is advanced. Mr. Clerk, do you have anything good for the cause?

CLERK: Mr. President, your Committee on Urban Affairs, whose Chair is Senator Hartnett, to whom was referred LB 851, instructs me to report the same back to the Legislature with the recommendation it be advanced to General File; LB 957, General File; LB 964, General File; LB 966, General File; LB 968, General File. Health and Human Services Committee, whose Chair is Senator Wesely, reports LB 900 to General File; LB 915, General File; LB 994, General File; LB 997, General File; and LB 1010, General File. Senator Withem has amendments to LB 567 and LB 567A; Senator Smith to LB 769. And I have notice of hearing from Transportation Committee, Government Committee,

introducers as the area affected primarily is in the area that both our legislative districts encompass. So, Senator Hartnett may have some additional comments on the bill. But I'd move its advancement to E & R.

PRESIDENT: Thank you. Senator Hartnett, please.

SENATOR HARTNETT: I simply...what the bill does is simply this is a normal practice, as I understand, by gas companies. They did not do it last year when they put this alternate line into Lincoln, and so this just kind of clears it up. So I think it's been a normal practice out in whatever part of Nebraska we are, what words can I use about...outside of Omaha, okay. (Laughter.) Thank you, Senator Hannibal. So, with that, I'd move for the advancement of the bill.

PRESIDENT: I think you're subject to a \$50 fine. Senator Warner, any closing? The question...if there is no further discussion, the question is the advancement of the bill. All those in favor vote aye, opposed nay. Need a little help again. Record, Mr. Clerk, please.

CLERK: 26 ayes, 0 nays, Mr. President, on the advancement of 851.

PRESIDENT: LB 851 advances. LB 957.

CLERK: Mr. President, LB 957 is a bill introduced by Senators Coordsen and Abboud. (Read title.) The bill was introduced on January 4, referred to Urban Affairs, advanced to General File. I have no amendments to the bill.

PRESIDENT: Senator Coordsen, please.

SENATOR COORDSEN: Thank you, Mr. President, members of the body. LB 957 is a good news/bad news bill, I think. I have a second class city in my district, Crete, Nebraska, that will be moving into first class status by everyone's guess at the certification of the 1990 census. Current law requires that when a city makes that transition, then within eight months after the certification by the city council of that particular community being a first class city that an election must be held and all of the current elected officials of that city must go through the election process again. If a city drops in size from first class to second class, then the transition period or

the elections are taken care of as the terms expire. What 957 provides is that when a city makes that transition, when it's growing from a second class to a first class city rather than having to immediately have a special election for all of the elected officials, that those elections can be spaced over a period of six years. They will still have to have a redesignation of the city into four wards, rather than the three that is the availability to second class cities. This bill does not affect any statutes with regard to first class cities that are currently in existence, only addresses the method of transition on the part of city government. It will save the folks a little money and make it a much smoother process politically. So, with that, I would move the advancement of the bill.

PRESIDENT: Thank you. If there's no further discussion, the question is the advancement of the bill. All those in favor vote aye, opposed nay. Senator Coordsen, we both need help. No, you voted, I'm not worried about you.

SENATOR COORDSEN: I...would hate to do this...

PRESIDENT: Record, Mr. Clerk.

CLERK: 25 ayes, 0 nays, Mr. President, on the advancement of 957.

PRESIDENT: LB 957 advances. LB 964, please.

CLERK: Mr. President, LB 964 was a bill introduced by Senator...by the Urban Affairs Committee and signed by its members. (Read title.) The bill was introduced on January 4, referred to Urban Affairs, advanced to General File. I have no amendments to the bill.

PRESIDENT: Senator Hartnett, please.

SENATOR HARTNETT: Mr. President, members of the body, what this does is affects all cities and villages of the state. And what it does it allows a different means of collection of costs worked on a building that's declared a public nuisance. Under the current law when a building or structure is declared a public nuisance, or the owner fails to or refuses to make necessary improvements or demolish it, the only option available to the city is to do the necessary work and levy the costs as a

This particular program is one that is supported by the USDA Department of Agriculture, animal damage control people, that assist with funds to the state in controlling animals that are a nuisance and are predatory animals. Several western counties have been funding local programs in their counties independently of the state and receiving federal aid in their efforts. The livestock, sheep, poultry industry in the state are very interested in this bill. We heard it in Agriculture Committee January 23.
