LR 190, 191, 192

it wasn't \$2 million, it was \$1.7 million. A letter was then sent to the Appropriations Committee letting them know that it was \$1.7 million, and we would like to request a meeting with them to see if there would be a way to include this within the budget. So, when Senator Warner says they hadn't had any study until two weeks ago, I respectfully disagree with that, the study had been done. But regardless of that, it is my hope that the body will go ahead and vote for Founders Hall, it is necessary, and then at a later time, we'll then consider adopting an amendment to 814 or to other legislation that will allow for the automation to take place within the state colleges. And I hope then to have support at that particular time. Thank you.

PRESIDENT: The question is the adoption of the Hartnett amendment. All those in favor vote aye, opposed nay. Have you all voted? There's a request for a record vote. Have you all voted? Record vote has been requested. Record, Mr. Clerk, please.

CLERK: (Read record vote as found on page 2219 of the Legislative Journal.) 3 ayes, 27 nays, Mr. President.

PRESIDENT: The amendment fails. Do you have another one, Mr. Clerk? Items for the record, please, Mr. Clerk.

CLERK: Mr. President, study resolutions. (Read brief description of LR 190, LR 191, and LR 192. See pages 2220-22 of the Legislative Journal.)

Mr. President, Enrollment and Review reports LB 84 and LB 84A as correctly Engrossed. I have amendments to be printed to LB 588 by Senator Labeledz and to LB 813 by Senator Labeledz and Senator Haberman; LB 182A is reported to Select File, Mr. President. (See pages 2222-29 of the Legislative Journal.)

Mr. President, the next amendment I have to LB 814 is to strike Section 34. Senator, that's what I have.

SENATOR HARTNETT: Yes, that's...yeah. That's university Program 907, fire, life safety projects on all campuses, fiscal year '89-90, \$438,558 General, and '90-91 is \$319,333.

PRESIDENT: Senator Hartnett. Senator Warner, please.
