SPEAKER BARRETT: The Chair recognizes Senator Coordsen.

basketball team in Battle Creek, that is was nothing but like 14-10 scores and now it's amazing how much improved the girls have become in running up 70, 60 points in a game but I ask your support in commending the Battle Creek Bravettes on a 24-0 season and a state championship. Thank you.

PRESIDENT: Thank you. Senator Schellpeper, please.

SENATOR SCHELLPEPER: Thank you, Mr. President and members, I also rise to support this resolution. One of the teams that Battle Creek defeated was the Stanton Mustang girls, the Stanton Fillies in the semi-finals, so I think it's very deserving, since they did beat my home town team that Battle Creek would be honored. Thank you.

PRESIDENT: Thank you. The question is the adoption of the resolution. All in favor vote aye, opposed nay. Record, Mr. Clerk, please.

CLERK: 23 ayes, 0 nays, Mr. President, on adoption of LR 270.

PRESIDENT: The resolution is adopted. LR 272, please.

CLERK: Mr. President, 272 offered by Senator Abboud, found on page 1238 of the Journal. (Read brief description of the resolution.)

PRESIDENT: Senator Abboud, please.

SENATOR ABOUD: Mr. President, colleagues, this resolution provides a honoring of a group that restores and preserves older automobiles. They designate the week of June 17-23 as Nebraska Old Vehicle Hobby Interest Recognition Week. I have a constituent, a number of constituents that are involved in the preservation and restoration of older automobiles. A lot of times you see these automobiles at parades and they are very civic-minded individuals that basically just like to keep a past...remind us of the past in regards to some of the finer automobiles that were constructed. I urge the adoption of the resolution.

PRESIDENT: Thank you. The question is the adoption of the resolution. All those in favor vote aye, opposed nay. Record, Mr. Clerk, please.

PRESIDENT: Senator Rod Johnson, please.

SENATOR R. JOHNSON: Mr. President, members, this resolution honors the Hampton girls for winning the Class D-2 state championship. I must apologize to Senator Peterson. I didn't vote red on his resolution for no reason. Unfortunately, his Battle Creek girls beat my home town of Sutton, but the boys are back in town today and they are going to start their way to a second state championship so we hope they'll be able to do that, but on this resolution, I want to honor the Hampton girls who beat the Lawrence girls for the D-2 state championship.

PRESIDENT: Any further discussion? If not, the question is the adoption of the resolution. All those in favor vote aye, opposed nay. Record, Mr. Clerk, please.

CLERK: 18 ayes, 0 nays, Mr. President, on adoption of LR 273.

PRESIDENT: The resolution is adopted. If you will please return to your seats, ladies and gentlemen, we'll begin Final Reading. (Gavel.) If you'll please return to your seats we'll begin Final Reading. I might explain to the students in the balconies that on Final Reading the Constitution requires that all bills, before they are voted on, and the Final Reading must be read in their entirety. The Clerk goes pretty fast, so you may not be able to catch all of the words, but you'll have to listen closely. Please return to your seats, gentlemen. I think all the ladies are in their seats. (Gavel.) Please return to your seats. Mr. Clerk, LB 1044.

CLERK: (Read LB 1044 on Final Reading.)

PRESIDENT: All provisions of law relative to procedure having been complied with, the question is, shall LB 1044 pass? All those in favor vote aye, opposed nay. Have you all voted? Record, Mr. Clerk, please.

LR 239, 266, 269, 270, 272, 273

SPEAKER BARRETT: Thank you. Senator Chambers is announcing two guests under our south balcony, Robert Bishop and his wife, Donna, from Grant, Nebraska. Would you folks please stand and be recognized. Thank you. Welcome to the Legislature. Also, while the Legislature is in session and capable of transacting business, I propose to sign and I do sign LR 266, LR 269, LR 270, LR 272, and LR 273. Additional discussion on the amendments, Senators Bernard-Stevens, Hall and Langford. Senator Bernard-Stevens.

SENATOR BERNARD-STEVENS: Thank you, Mr. Speaker, and members of the body, I would like to just put maybe a little bit of my thinking, at least, on this particular amendment in perspective, if I can. If I understand the amendment right, and, Senator Warner, I'm not really asking a question, but if I don't, I hope that you will correct me on it. If I understand the amendment correctly, the body will still be, even if we agree with the amendment, Senator Warner's amendment to the amendment, we will still, at the end, vote on 239CA as an entire package. So we're not going to separate the two issues out on separate votes here in the body but we would separate it out on the constitutional side when the people vote on it on the constitutional amendment. And Senator Warner is shaking his head that I am correct on that particular portion. So, I guess, really in perspective what we're, in essence, discussing on the body today is not whether or not it will have an effect on the vote in the Legislature because we still will vote for it as a package even with this amendment, but will the student voting portion of 239CA have an effect on the overall passage of the bill, of the constitutional amendment, when it goes to a statewide vote if it would, obviously, pass muster from the Governor and from the Legislature? And if that...if that is, in fact, the issue, then I think members of the body simply need to ask themselves, is that the major focus of what 239...is that the major focus of the debate that will take place on 239 when we get it out among the public? And I think the answer to that is, obviously, no. The main focus is going to be, do we want to take away the state college board? Do we want to have an expanded super board? Do we want to have more power in other areas on some of the board of trustees? Do we want to make the changes that we need to do? That will be where the major discussion will take place. I guess my personal feeling is that if the only thing people have to argue about is whether the students have a right to vote or not, and that will, in fact, bring the bill down, I would
