PRESIDENT: (Gavel.) Ladies and gentlemen, may we please have your attention so we can proceed. Senator Hefner, please.

SENATOR HEFNER: LR 50 is a resolution to be sent to the Nebraska Congressional delegation and the United States Department of Veterans' Affairs. And you will find this on page 1017 if you want to read it. But what it does, it calls attention to budget cuts made in services offered by Veterans Administration Medical Centers. Budget cuts have been made in services offered by VA Medical Centers in the last few years. The cuts affect the services in two ways. The services offered by VA Medical Centers are being reduced and in some cases to the point that some centers may be closed and the number of veterans served is being reduced. Now Nebraska has three VA Medical Centers, Lincoln, Grand Island and Omaha, and all three have been affected by these cuts. These cuts have not reduced the medical needs of veterans, of course. If VA Centers are closed, veterans will be forced to seek medical care from other care facilities, many of which already are overburdened. In some cases, veterans have no insurance or may be ineligible for health insurance. The lack of insurance simply means that the cost of their care will be passed on to others in cases where they are unable to pay for their own health care costs. It is very unreasonable to expect anyone to pay for expensive health care without the aid of insurance or government assistance in the face of today's rising expensive health care costs. Prior to these budget cuts, veterans were assured their health needs
