LB 6, 7

LR 9

the Uniformity Clause was a protection to the taxpayers, which I believe because I voted against the amendment to classify farm property, which probably is not in my interest, but it is my interest as a state senator to believe or to pursue the policy that I believe is correct, which is try to retain uniformity. I have strong reservations about expanding it. But we do have a constitutional amendment on the books now that does permit the classification of personal property, at least in one case it was held up, in the Stahmer case. Unless the court reverses itself on that one, this provides an opportunity whether or not to test, very clearly, if this is a distinct and separate classification that is within the Constitution as permitted by the amendment that was enacted in 1970. I would hope that the body would approve it and look upon it as exactly what...that's what it does. I don't know how else to explain it. I don't know that anybody holds it out to be the solution to all problems for all time. But I do believe it is the solution that has potential to the current problem and the 243 cases that are pending.

CLERK: Mr. President, LR 8, by Senator Wesely, asks the Legislature to declare December 1, 1989, as World AIDS Day.

PRESIDENT: Senator Wesely, please.

SENATOR WESELY: Thank you, Mr. President. You'll recall that this came to me from the President. President Nichol had been contacted by the Nebraska AIDS Project and I'm introducing it on their behalf to recognize World AIDS Day. Just for your information, of course, we're all familiar with the problem of AIDS. Senator Coordsen got it mixed up with the Agency for International Development that President Roskins is about to take over. This is AIDS in terms of Acquired Immune Deficiency Syndrome, which is the deadly disease we're all very concerned about. For your information, I find it kind of interesting, to update us on this, in the United States, since May of '81, when we first found AIDS in this country, there are 100,000 cases of

AIDS, and 65,000 deaths in America. In our own state there are 127 cases of AIDS, and 85 deaths. There are also another estimated 2,500 individuals that have HIV infection, which indicates, of course, there is a great concern for their future. We're talking about a very deadly disease when you talk about 65,000 deaths in our country and 85 Nebraskans have lost their lives to this. The attempt, on December 1, is around the world to inform people about the AIDS and about the need to continue to be vigilant and concerned about this deadly disease in the hope that we can prevent other people from dying from it. So, with that, I'd encourage your support for the resolution and appreciate your interest in the issue and whatever help you can provide to better educate Nebraskans of this problem.

PRESIDENT: Thank you. Any further discussion? If not, the question is the adoption of the resolution. All in favor vote aye, opposed nay. Record, Mr. Clerk, please.

CLERK: 20 ayes, 0 nays, Mr. President, on adoption of LR 8.

PRESIDENT: LR 8 passes. LR 9.

CLERK: Mr. President, LR 9 was offered by Senator Hefner. It congratulates the coaches, Schroeder and Fincher, and the Cedar Catholic High School girls volleyball team for winning the Class C-1 state championship.

PRESIDENT: Senator Hefner, please.

SENATOR HEFNER: President Nichol and members of the body, I introduced this resolution to recognize and honor the members of the Cedar Catholic girls volleyball team. They are located at Hartington in northeast Nebraska. I just thought that it would be good for us to recognize their record. So I would urge you, at this time, to support this resolution.

PRESIDENT: Any further discussion? If not, the question is the adoption of the resolution. All in favor vote aye, opposed nay. Record, Mr. Clerk, please.

CLERK: 22 ayes, 0 nays, Mr. President, on adoption of the resolution.

PRESIDENT: The resolution is adopted. We'll move on to confirmation reports, the first one by Senator Smith.

While the Legislature is in session and capable of transacting business, I propose to sign and do sign LR 8 and LR 9. Anything to read in, Pat?

CLERK: Not at this time, Mr. President.

PRESIDENT: Okay. We'll move on to LR 10.

CLERK: Mr. President, prior to consideration of resolutions this morning, Speaker Barrett would move to suspend Rule 4, Section 6 and Rule 9, Section 2 to permit consideration of LRs 10 and 11 this morning.

PRESIDENT: Senator Barrett, are you going to move to the resolution, suspension, suspension of the rules?
